**Jackson Energy Cooperative Corporation**  
**Item#7 from Case No. 2013-00219**  
**Year: 2022**

Jackson Energy is required to file annual reports with the Commission which contain the status of each energy-efficiency program and which contain the following information:

- A. By program, the number of customers, peak demand, and kWh savings.
- B. A recap of Jackson Energy’s customer-awareness and education efforts, and the numbers of members who make contact regarding such efforts.
- C. Budgets, actual expenditures, number of participants, and the estimated impact on sales of each energy-efficiency program approved.
- D. The estimated implementation date for any program planned but not yet implemented as of the date of that report, and explanations for why any such planned programs have not yet been implemented. Subsequent-year reports should contain information further describing Jackson Energy’s efforts to implement the planned programs.

**Requirement A & Requirement C:**

This table is an analysis of each energy efficiency program that Jackson Energy offered in 2022. From left to right the table lists **requirement A and requirement C**.

- A. Energy efficiency program, the number of members/consumers enrolled, the peak demand, and kWh savings
- C. The budgeted amounts, actual costs, and the impact on sales

Program (A)	Number (A)	Peak Demand (A)	kWh Savings (A)	Budget (C)	Actual Cost (C)	Impact on Sales (C)

\*Budget & Costs incurred by EKPC

### **Requirement B: Customer Awareness and Education Efforts**

The above table is a recap of Jackson Energy's efforts to address energy efficiency improvements to members/consumers throughout the year of 2022. Jackson Energy provides information on our website about energy conservation and posts regular energy efficiency tips on social media. Our members/consumers have access to a Home Efficiency Analysis tool via our website. Additionally, members/consumers can arrange a meeting with an Office Supervisor over the phone to further discuss information about energy-efficiency.

### **Requirement D: Implementation for Programs**

No additional programs are planned at Jackson Energy at this time.
