**RE: An Examination by the Public Service Commission of the Environmental
Surcharge Mechanism of Louisville Gas and Electric Company for the Two-Year
Billing Period Ending April 30, 2013**
Case No. 2013-00243

Dear Mr. DeRouen:

The Commission's Order opening LG&E's ECR 2-year review cases scheduled a technical conference at 1:30 p.m. on August 21, 2013. Due to a previously scheduled commitment on the same day and at the same time, KU respectfully asks the Commission to reschedule the technical conference for a date convenient for the Commission during the week of August 26, 2013. LG&E further respectfully asks that the orders rescheduling the technical conference reflect the electronic-case status of the proceedings instead of the paper status implied by the current scheduling orders.

In accordance with 807 KAR 5:001, Section 8 dated July 12, 2013, this is to certify that LG&E's July 30, 2013 electronic filing of this request is a true and accurate copy of the same document being filed in paper medium; that the electronic filing has been transmitted to the Commission on July 30, 2013; that there are currently no parties that the Commission has excused from participation by electronic means in this proceeding; and that an original and one copy in paper medium of this filing was sent via first class mail, postage prepaid, on July 30, 2013, to the Commission.

Sincerely,

W. Duncan Crosby III
