<b>GAS AND ELECTRIC COMPANY FOR</b>	)	
<b>AN ORDER AUTHORIZING THE</b>	)	<b>CASE NO. 2014-00089</b>
<b>ISSUANCE OF SECURITIES AND THE</b>	)	
<b>ASSUMPTION OF OBLIGATIONS</b>	)	

**MOTION FOR AMENDMENT OF ORDER**

Louisville Gas and Electric Company ("LG&E") moves for amendment of the Commission's Order of June 16, 2014. Specifically, LG&E requests amendment of the last sentence of the partial paragraph at the top of page three of the Commission's Order, which currently reads as follows:

LG&E states that compensation paid to underwriters or purchasers will not exceed 1 percent of the principal amount, and based upon past experience, LG&E estimates in its Application that issuance costs, **including** underwriting fees, would be approximately \$1 million (*emphasis added*).

As stated in paragraph 8 of LG&E's Application, the compensation to be paid to underwriters or purchasers for their services would not exceed 1 percent of the principal amount of the First Mortgage Bonds to be sold. Since LG&E has requested and received authority to issue a total of \$550,000,000 of First Mortgage Bonds, this compensation alone may exceed \$1 million. This is in addition to the other issuance costs, **excluding** underwriters fees, which LG&E has estimated at approximately \$1 million.

**WHEREFORE**, Louisville Gas & Electric Company respectfully requests that the Commission enter an Order amending the above sentence in the Commission's June 16, 2014 Order to read in its entirety as follows:

LG&E states that compensation paid to underwriters or purchasers will not exceed 1 percent of the principal amount, and based upon past experience, LG&E estimates in its Application that issuance costs, excluding underwriting fees, would be approximately \$1 million.

Dated: June 19, 2014.
