**LOUISVILLE GAS AND ELECTRIC COMPANY'S AND
KENTUCKY UTILITIES COMPANY'S NOTICE OF WITHDRAWAL
OF THEIR APPLICATION FOR A SITE COMPATIBILITY CERTIFICATE
FOR THE CONSTRUCTION OF GREEN RIVER NGCC AND MOTION FOR
RESUMPTION OF THIS PROCEEDING FOR BROWN SOLAR FACILITY**

Louisville Gas and Electric Company (“LG&E”) and Kentucky Utilities Company (“KU”) (collectively, the “Companies”) give notice of their withdrawal of that part of their April 21, 2014 Joint Application which sought a Site Compatibility Certificate for the construction of an approximately 700 MW net summer rating natural gas combined cycle combustion turbine facility at KU’s Green River Generating Station in Muhlenberg County, Kentucky (“Green River NGCC”). The Companies’ withdrawal of that part of their Joint Application has no effect on the balance of their Joint Application which seeks a Site Compatibility Certificate for the construction of an approximately 10 MW solar photovoltaic facility at KU’s E.W. Brown Generating Station in Mercer County, Kentucky (“Brown Solar Facility”). Therefore, the Companies move the Commission for the resumption of this proceeding (which was held in abeyance by the Commission’s June 2, 2014 Order) in accordance with the Joint Application as

described herein. The Companies request a procedural schedule in this matter that is consistent with the procedural schedule to be issued in related Case No. 2014-00002.

WHEREFORE, the Companies respectfully request that the Commission treat the Joint Application as amended to remove Green River NGCC and resume the processing of this matter for the Brown Solar Facility project.

Dated: August 22, 2014

Respectfully submitted,
