Re: Northern Kentucky Water District:  
Case No. 2014-00151

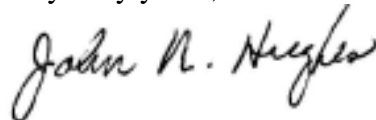

Dear Mr. Derouen:

Northern Kentucky Water District submits a revised PDF file of the plans and specifications with searchable text. After discussions with the staff, it was determined the original file was not searchable. Also included is a revised application. The original application included an exhibit on p. 79 of 101 that referred to personal information, which should have been deleted. That deletion has been made in the attached revised application. This filing amends the original application. I certify that the electronic filing is a complete and accurate copy of the original documents to be filed in this matter, which will be filed within two days of this submission.

A copy of the electronic filing has been served on the Attorney General.

If you have any questions about this matter, please contact me.

Very truly yours,

John N. Hughes

Attorney for Northern Kentucky  
Water District
