Case No. 2014-00227

Question No. 1

Witness: Mike Dotson

- Q-1. In connection with the Company's response to Item No. 19, why did the Company purchase less coal than was offered by American Coal Company in response to the March 3, 2014 solicitation?
- A-1. KU and LG&E already had 1 million tons of American Coal under contract for 2014. With the 1 million tons under contract and the spot purchased 180,000 tons for the period 4/21/14 – 7/31/14, the existing commitment was near the maximum level for this quality of coal.

Question No. 2

Witness: Robert M. Conroy

- Q-2. In KU's response to Item No. 6, KU sold to a much smaller number of companies (as identified on the Power Transactions Schedules) in February – April 2014 as compared to November – December 2013 and January 2014. Why is that the case?
- A-2. During the period February – April 2014, KU had several large units on scheduled maintenance outages which limited the contribution that KU could make to off-system sales during this period.

Unit	Outage Start Date	Outage End Date
Brown Unit 3	3/28/14	5/1/14
Ghent Unit 1	3/21/14	4/13/14
Ghent Unit 2	3/7/14	4/20/14
Ghent Unit 3	3/28/14	5/17/14
