RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

Leak detection and repair efforts have been on-going throughout the month as weather has permitted. May has seen an increase in repairs and an increase in water loss.

Shopes Creek Line Replacement Project is continuing to progress. Currently the project is about 68% complete. Progress payment has been made to the contractors in the amount of \$ 161,156.37 from the surcharge account.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

Jacob Travis
District Manager
