RE: Case No. 2014-00267 – Surcharge Activity Report

Mr. McNeil,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

Leak detection and repair efforts have been on-going throughout the month as weather has permitted. July has seen an increase in repairs and a decrease in water loss.

Shopes Creek Line Replacement Project is continuing to progress. Progress payment has been made to the contractors in the amount of \$ 118,688.76 from the surcharge account. In error this amount was also included in the report for June. June's activity report should be \$84,952.31 paid to the contractors. I have attached statements for the account in the surcharge report. Apologies for the mistake.

If at any time you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

Jacob Travis

Jacob Travis
