RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

Leak detection and repair efforts have been on going throughout the month. April has seen a slight increase in water loss due to line breaks. Crews have continued leak detection and repair efforts.

Shopes Creek main replace project has now been bid. Cannonsburg Water has accepted the lowest bid from the contractor and has filed the CPN for Construction and Financing with the PSC and has responded to the first Data Request concerning the application.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is written over the printed name.

Tim Webb  
District Manager
