RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

CWD has continued its leak detection and repair efforts using all tools and technologies at our disposal. Water loss has continued to be on a downward trend with CWD still seeing it's lowest loss in gallons ever.

CWD is currently in preliminary consultation and design of Phase II Water Loss and Prevention with Bell Engineering. This project will consist of replacing water mains and service lines in the Shopes Creek, Rockdale and, Midland Trail areas.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is placed below the word "Sincerely,".

Tim Webb  
District Manager
