RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

Leak detection and repair efforts have been on going throughout the month. Water Loss has increased this month due to 2 very large transmission line breaks within the system.

Shopes Creek main replace project is now out to bid with a Bid Opening date of December 20th. Once the bids have been opened, reviewed and, notice sent to contractor of lowest bid, CWD will then begin the process of approval with the PSC.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is placed below the word "Sincerely,".

Tim Webb
District Manager
