RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

The Shopes Creek Phase II Water Loss Project is near completion with permitting and some minor design changes with an anticipated bid date in January 2023.

Overall leak detection and repair efforts are going well however, due to the recent cold weather, water loss from busted meters due to freezing, frozen and busted service lines, water loss is anticipated to be up for the month of December.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is written over the typed name.

Tim Webb  
District Manager
