RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Pinson,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

Winter freeze and thaw cycles have created leaks throughout the area. CWD continues to search for leaks through all means available but with the amount of rains seen in the area, ditches and low lying areas remain wet making leak locating extremely difficult.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Webb".

Tim Webb
General Manager
