RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Pinson,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

Phase I Zone Metering Project design and specifications are complete. Project was approved for funding by the Kentucky Infrastructure Authority on February 6th, 2020. Advertisements for Bids will begin March 9th with the Bid Opening occurring on March 24th at 11:00 a.m.

Leak repairs are ongoing as weather permits. Two (2) moderate size leaks have been located and repaired during this current month which will help in lowering upcoming monthly water loss reporting.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Webb", is placed below the word "Sincerely,".

Tim Webb
General Manager
