RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

The Shopes Creek Phase II Water Loss Project is near completion with permitting and some minor design changes with an anticipated bid date in March 2023.

Leak detection and repair efforts are going well coming out of the recent cold weather conditions that has caused a rise in leaks. Water loss numbers should start to reflect those efforts in the coming months.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is placed above the printed name.

Tim Webb  
District Manager
