RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Pinson,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

Water loss discovery efforts have been able to pick up this month due to warmer and drier conditions. Cannonsburg will start back with leak detection in rural areas working back to purchase source using all equipment at our disposal. Ending out the winter months CWD has been able to maintain a lower water loss for the same period in years previous.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Webb".

Tim Webb  
General Manager
