RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

The Shopes Creek Phase II Water Loss Project is still in the permitting phase with the Division of Water. Anticipated bid for this project is now estimated at May 2023.

Leak detection and repair efforts have been on-going coming out of the winter freeze/thaw cycle with several leaks repaired resulting in over a million gallon reduction in water loss.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb".

Tim Webb
District Manager
