RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Bridwell,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to gain control of its water loss.

CWD has continued its leak detection and repair effort and, has also had additional training on leak detection and discovery with Kentucky Rural Water Associations and Gutterman leak solutions staff. With this CWD has been able to continue it's reduction in water loss and dedicate two (2) employees to a fulltime leak detection crew.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb".

Tim Webb  
General Manager
