RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Pinson,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

Brush clearing has been completed on lines that are in rural, overgrown areas. These lines have been walked and checked for leaks. CWD continues to monitor for leaks in other areas as well.

Bell Engineering has continued to work on the Phase I Zone Metering Project.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Webb".

Tim Webb  
General Manager
