In the Matter of:

An Examination By The Public Service Commission)
Commission Of The Environmental Surcharge) Case No. 2014-00322
Mechanism Of Kentucky Power Company For The)
Six Month Billing Period June 30, 2014)

MOTION TO AMEND PROCEDURAL SCHEDULE

Kentucky Power Company moves the Public Service Commission of Kentucky to amend the Commission's September 26, 2014 Order establishing a procedural schedule in this case.

The Company states as follows in support of its motion

1. The September 26, 2014 Order directs the Company to file its responses to the data requests issued with the Order on or before October 10, 2014.

2. The person primarily responsible for gathering the information required to respond to the data requests, and for preparing the Company's responses to the data requests, is scheduled to be out of the office beginning the close of business October 3, 2014. This person will return to the office on October 13, 2013.

3. Because of other filings due the week of September 29, 2014 it is not possible to complete the responses prior to October 3, 2014. Further, although certain work can be performed in the absence of the person primarily responsible for the data requests, that person will be required to cancel her long-scheduled time out of the office if the modification is not granted.

4. Without presuming to speak for the Commission or its schedule, it does not appear that a one-week delay in each event date will adversely affect the timely processing of the Commission's examination of the Company's environmental expenses.

5. In conformity with the Commission's October 7, 2014 Order in Case No. 2012-00578 the Company's environmental surcharge was set and maintained at 0.00% during the period to be examined in this proceeding. The requested one week delay in the procedural schedule should not adversely affect the Company's customers. Moreover, there are no intervenors in the case at this time.

Wherefore, Kentucky Power Company respectfully requests that the September 26, 2014 Procedural Schedule be amended to delay each event date by seven days.

This 29th day of September, 2014.

Respectfully submitted,
