RE: Application of Kentucky Utilities Company for an Adjustment of Its Electric Rates – Case No. 2014-00371

Dear Mr. DeRouen:

The Company has determined that portions of the document attached to its response to Item No. 17 of Commission Staff’s Second Request for Information were inadvertently omitted. An 80-page document was provided in the attachment to the Company’s January 23, 2015 response to PSC 2-17. That document omitted a cover page, a table of contents page and pages 81 – 176. A copy of the document in its entirety is attached.

The Company sought confidential protection of portions of the January 23, 2015 80-page attachment, and, for the same reasons set forth in its January 23, 2015 Petition for Confidential Treatment, seeks protection of certain information in the attached entire document.

In accordance with 807 KAR 5:001, Section 8, this is to certify that the electronically filed documents are a true and accurate copy of the same documents being filed in paper medium; that the electronic filing has been transmitted to the Commission on March 20, 2015; that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means; and that the original and three copies in paper medium of
