Dear Mr. Derouen:

I am writing on behalf of Kentucky Utilities Company ("KU") in response to your November 5, 2015 letter inquiring as to whether KU's transmission study referenced in response to Item 29 of the Attorney General's Supplemental Request for Information has been publicly disclosed.

The study has not been publicly disclosed and KU does not believe that the study will ever be publicly disclosed. While KU's response did indicate that the Company would "notify the Commission when the study becomes public," it would have been more accurate to state that KU would "notify the Commission *if and* when the study becomes public." KU is aware of no reason why the study would ever be publicly disclosed.

This petition is being filed electronically pursuant to 807 KAR 5:001, Section 8. I certify that the electronically filed documents are a true representation of the documents in paper medium to be filed with the Commission within two business days from the date of this electronic filing, and that all materials in the paper documents are included in the electronic filing.

Should you need anything further on this matter, please let me know.

Sincerely,

A handwritten signature in blue ink that reads "Allyson K. Sturgeon". The signature is fluid and cursive, with a long horizontal stroke at the end.

Allyson K. Sturgeon
