RE: Application of Kentucky Utilities Company for an Adjustment of Its Electric Rates – Case No. 2014-00371

Application of Louisville Gas and Electric Company for an Adjustment of Its Electric and Gas Rates – Case No. 2014-00372

Dear Dr. Mathews:

Louisville Gas and Electric Company (“LG&E”) and Kentucky Utilities Company (“KU”) (collectively “Companies”) held a DSM Energy Efficiency Advisory Group meeting on August 24, 2016. The meeting began with a presentation of industrial opt-out rules in Midwestern states by a representative from the Midwestern Energy Efficiency Alliance (“MEEA”). The group also discussed the industrial opt-out rules in several other states near Kentucky that are not in MEEA. Finally, the group further discussed and reviewed analysis regarding the opt-out provision of KRS 278.285, the definition of industrial and the definition of energy intensive. Attached are the meeting handouts and sign-in sheets.

The group agreed to meet again in October 2016 to continue the discussion on the definition of industrial and the definition of energy intensive.

In accordance with 807 KAR 5:001, Section 8, this is to certify that the electronically filed documents are a true and accurate copy of the same documents being filed in paper medium; that the electronic filing has been transmitted to the Commission on July 15, 2016; that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means; and that the original and three copies in paper medium of this
