| KENTUCKY, INC. |) | |

**DUKE ENERGY KENTUCKY, INC.'S
MOTION FOR DEVIATION**

Comes now Duke Energy Kentucky, Inc. (Duke Energy Kentucky or the Company) and hereby moves the Kentucky Public Service Commission (Commission) for a deviation from 807 KAR 5:001 Section 17(2)(b)(3) which requires publishing notice once a week for three (3) consecutive weeks in a prominent manner in a newspaper of general circulation in the utility's service area, the first publication to be made no later than the date the application is submitted to the Commission.

Duke Energy Kentucky's notice regarding the filing in the above-styled proceeding, was scheduled to be published in seven newspapers of general circulation covering each of the counties in the Company's service territory. Of those seven newspapers, the Kentucky Enquirer is the only daily newspaper. The other six newspapers are published once a week. The Company's Application in this proceeding was filed on November 12, 2014. The Company contacted each newspaper in advance of its filing to have the notice published. Each newspaper published the first of the three notices prior to the date the Application was submitted to the Commission.

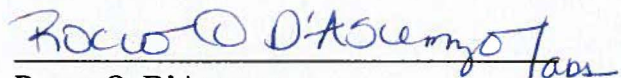

The Falmouth Outlook (Outlook), published in Pendleton County, Kentucky, published the first notice on November 11, but failed to publish the second notice on November 18. The second and third notices were published in the Outlook on November 25 and December 2.

Duke Energy Kentucky made a good faith attempt to publish its notice in accordance with 807 KAR 5:001 Section 17. A letter of explanation from the Outlook is attached hereto as Exhibit A.

807 KAR 5:001 Section 17(3) requires the proof of notice be filed with the Commission no later than forty-five days from the date the application was initially submitted to the Commission. Duke Energy Kentucky met that requirement by timely filing all of its newspaper notices and affidavits contemporaneously herewith.

WHEREFORE, Duke Energy Kentucky respectfully requests that the Commission enter an Order granting Duke Energy Kentucky a deviation from the notice publication requirements set forth under 807 KAR 5:001 Section 17(2)(b)(3) with respect to the Outlook, which failed to publish the Company's publication for three consecutive weeks.

Respectfully submitted,

Rocco O. D'Ascenzo
Associate General Counsel
Duke Energy Kentucky, Inc.

I do as Publisher of the weekly newspaper, The Falmouth Outlook, duly swear that the legal notice for Duke Energy a 3 column by 5.75 inch legal giving notice that Duke Energy, Kentucky, Inc. has applied to the Kentucky Service Commission for approval to revise its Demand Side Management (DSM) rate for electric service and gas service for residential and commercial customers was sent to our newspaper office by Duke Energy to be run in the November 11, November 18 and November 25 issues of the newspaper. It ran on November 11 and then was scheduled (in error) to run for November 25 and December 2 missing the week of November 18.
