0	2.	First Hydrogen, Inc	North Carolina	1.20%		Unaffiliated Companies	Developer of technology based on a new class of nano-cells capable of producing hydrogen fuel suitable for many applications including low temperature PEM fuel cells from a wide range of commonly available, renewable, and non-fossil feedstocks.	11/18/2010
0	2.	GridEdge Networks, Inc.	Delaware	0.11%		Unaffiliated Company	An investment by AEP Investments, Inc. GridEdge Networks was formed to develop and test broadband power line carrier communication devices for medium voltage distribution lines.	2/16/2001
0	2.	Microcell Corporation	North Carolina	1.62%		Unaffiliated Companies	Developing extruded Proton Exchange Membrane (PEM) fuel cells that have potential to power a wide range of products.	1/3/2000
0	2.	Powerspan Corp	Delaware	0.83%		Unaffiliated Companies	Nonaffiliated company that develops and markets innovative, clean energy technologies for the electric power industry. The investment is being held to track environmental technology development, including a proprietary ElectroCatalytic Oxidation (ECO) technology process designed to remove SO ₂ , NO _x , mercury and fine particulate matter.	5/15/1997
0	2.	Universal Supercapacitors, LLC	Delaware	50%		Unaffiliated Company (50% - Universal Resources AG)	A jointly owned limited partnership of AEP Investments, Inc. and nonaffiliated entity Universal Resources AG formed to develop and market an asymmetric supercapacitor energy storage device.	4/16/2002
0	1.	AEP Nonutility Funding LLC	Delaware	100%			Funds the Nonutility Money Pool.	9/7/2004
0	1.	AEP Pro Serv, Inc.	Ohio	100%			Professional services company that provides project management, environmental licensing, permitting, engineering, construction, operations, and other technical services to both affiliates and nonaffiliated customers.	3/16/1982
0	2.	United Sciences Testing, Inc.	Delaware	100%			Provides field services and test equipment to perform relative accuracy test audits (RATA) on boiler flue gas monitoring systems for electric generating plants of affiliates and nonaffiliates.	5/7/1997
0	1.	AEP Resources, Inc.	Ohio	100%			Holds energy related non-utility investments. The remaining active subsidiary is AEP River Operations LLC.	5/2/1989
0	2.	AEP Energy Services, Inc.	Ohio	100%			Primarily engaged in natural gas marketing and related services.	9/24/1996
03	.	AEP Energy Services Gas Holding Company	Delaware	100%			Held the investments in the Houston Pipe Line and Louisiana Intrastate Gas chain of companies prior to divestiture.	11/18/1998
0	2.	AEP River Operations LLC	Delaware	100%			The company provides barging of coal and dry bulk commodities and other marine services on the Ohio, Illinois, and the lower Mississippi rivers.	8/14/2001
03	.	AEP Elmwood LLC	Delaware	100%			Provides marine barge maintenance and repair services.	8/14/2001
0	4.	Conlease, Inc.	Louisiana	100%			Holds leases for property locations on the Mississippi River.	2/13/1985

			COMPANY NAME	LOCATION OF INCORPORATION	PERCENTAGE OF VOTING SECURITIES OWNED BY IMMEDIATE PARENT	PERCENTAGE OF VOTING SECURITIES OWNED BY OTHER AEP ENTITY	NAME OF OTHER OWNERSHIP ENTITY	Purpose of Company	Date of Organization
		04	International Marine Terminals Partnership	Louisiana	24.30%		Unaffiliated Company (75.7% - Kinder Morgan Operating L.P. 'C')	Provides commodity (primarily coal) loading / unloading and storage services at a facility in Myrtle Grove, LA on the lower Mississippi River.	1/1/1981
		05	IMT Land Corp	Louisiana	100%			Formed to acquire, lease and/or own land for the partnership facilities.	Not Listed
		03	MarineNet, LLC	Missouri	33.33%		Unaffiliated Company (33.333% - ACL Transportation Services, LLC); Unaffiliated Company (33.333% - Ingram Barge Company)	Formed to develop and market a software package that allows MarineNet to provide services to track barges on the waterways, service records, etc.	7/10/2009
		01	AEP T&D Services, LLC	Delaware	100%			Provides transmission and distribution, construction and maintenance services to third parties.	12/12/2000
		01	AEP Transmission Holding Company, LLC	Delaware	100%			AEP Transmission Holding Company is a subsidiary of AEP and the holding company for AEP Transmission Company (parent of the state transcos) and the transmission joint ventures).	9/19/2012
		02	AEP Transmission Company, LLC	Delaware	100%			Holds investments in various transmission projects.	1/27/2006
		03	AEP Appalachian Transmission Company, Inc.	Virginia	100%			Formed for the purpose of developing and operating a transmission-only public utility in the state of Virginia.	10/2/2009
		03	AEP Indiana Michigan Transmission Company Inc.	Indiana	100%			Formed for the purpose of developing and operating a transmission-only public utility in the states of Indiana and Michigan.	10/2/2009
		03	AEP Kentucky Transmission Company, Inc.	Kentucky	100%			Formed for the purpose of developing and operating a transmission-only public utility in the state of Kentucky.	10/2/2009
		03	AEP Ohio Transmission Company Inc.	Ohio	100%			Formed for the purpose of developing and operating a transmission-only public utility in the state of Ohio.	10/2/2009
		03	AEP Oklahoma Transmission Company, Inc.	Oklahoma	100%			A subsidiary of AEP Transmission Company, LLC formed to hold investments in transmission projects in Oklahoma.	10/29/2009
		03	AEP Southwestern Transmission Company, Inc.	Delaware	100%			A subsidiary of AEP Transmission Company, LLC formed to hold investments in transmission projects in Louisiana and Arkansas.	10/2/2009
		03	AEP West Virginia Transmission Company, Inc.	West Virginia	100%			Formed for the purpose of developing and operating a transmission-only public utility in West Virginia.	10/2/2009
		02	AEP Transmission Partner LLC	Delaware	100%			Organized to hold a minority interest in transmission-related joint venture partnerships.	1/27/2011
		03	Electric Transmission America, LLC	Delaware	0.50%	49.5%	AEP Transmission Holding Company, LLC Unaffiliated Company (50.0% - MEHC America Transco, LLC)	A 50/50 joint venture between AEP Transmission Holding Company, LLC and non-affiliate MEHC America Transco, LLC to identify and invest in high-voltage transmission projects (345-kilovolt or higher) located in North America outside of ERCOT.	9/13/2007
		04	Prairie Wind Transmission, LLC	Delaware	50%		Unaffiliated Company (50% - Westar Energy, Inc.)	A joint venture between Electric Transmission America, LLC (ETA) and Westar Energy, Inc. to build approximately 110 miles of 765kV transmission line in southern Kansas.	5/13/2008
		03	Electric Transmission Texas, LLC	Delaware	0.50%	49.5%	AEP Transmission Holding Company, LLC (49.5%) Unaffiliated Company (50% - MEHC America Transco, LLC)	A 50-50 joint venture between AEP Utilities, Inc. and non-affiliate MEHC Texas Transco, LLC to invest and operate electric transmission facilities in the ERCOT region of Texas.	1/5/2007
		02	Electric Transmission America, LLC	Delaware	49.50%	0.5%	AEP Transmission Partner LLC Unaffiliated Company (50% - MEHC America Transco, LLC)	A 50/50 joint venture between AEP Transmission Holding Company, LLC and non-affiliate MEHC America Transco, LLC to identify and invest in high-voltage transmission projects (345-kilovolt or higher) located in North America outside of ERCOT.	9/13/2007
		03	Prairie Wind Transmission, LLC	Delaware	50%		Unaffiliated Company (50% - Westar Energy, Inc.)	A joint venture between Electric Transmission America, LLC (ETA) and Westar Energy, Inc. to build approximately 110 miles of 765kV transmission line in southern Kansas.	5/13/2008
		02	Electric Transmission Texas, LLC	Delaware	49.50%	0.50%	AEP Transmission Partner LLC (0.5%) Unaffiliated Company (50% - MEHC America Transco, LLC)	A 50-50 joint venture between AEP Utilities, Inc. and non-affiliate MEHC Texas Transco, LLC to invest and operate electric transmission facilities in the ERCOT region of Texas.	1/5/2007
		02	PATH West Virginia Series	Delaware	50%		Unaffiliated Company (50% - AET PATH Co.	Formed to design and build 224 miles of extra high voltage 765 kV transmission lines in West Virginia.	9/1/2007
		03	PATH West Virginia Transmission Company, LLC	Delaware	100%			Owned by Potomac-Appalachian Transmission Highline, LLC (West Virginia Series) to design and build 224 miles of extra high voltage 765 kV transmission lines in West Virginia.	9/1/2007
		04	PATH - WV Land Acquisition Company, LLC	West Virginia	100%			A subsidiary of PATH West Virginia Transmission Company, LLC formed in West Virginia in 2009 to hold real estate related to transmission projects in West Virginia.	4/3/2009
		02	Pioneer Transmission, LLC	Indiana	50%		Unaffiliated Company (50% - Duke Energy)	A 50-50 joint venture between AEP Transmission Holding Company, LLC and Duke Energy Transmission Holding Company, LLC formed in 2008 to construct, own, and operate transmission assets within the state of Indiana. The initial project is the construction of approximately 240 miles of transmission lines connecting the I&M Rockport station and The Duke Greentown station.	7/31/2008
		02	Potomac-Appalachian Transmission Highline, LLC	Delaware	50%		Unaffiliated Company (50% - AET PATH Co.	A series LLC jointly formed by AEP Transmission Holding Company, LLC and AET PATH Company, LLC, a subsidiary of Allegheny Energy formed in 2007 to design and build 224 miles of extra high voltage 765 kV transmission lines in West Virginia.	9/1/2007

		COMPANY NAME	LOCATION OF INCORPORATION	PERCENTAGE OF VOTING SECURITIES OWNED BY IMMEDIATE PARENT	PERCENTAGE OF VOTING SECURITIES OWNED BY OTHER AEP ENTITY	NAME OF OTHER OWNERSHIP ENTITY	Purpose of Company	Date of Organization
0	2.	RITELine Indiana, LLC	Indiana	75.00%	25.00%	RITELine Transmission Development, LLC	Joint Venture to develop, construct, own and operate Indiana portion of 765kV transmission lines and related facilities connecting AEP's 765kV system in Indiana to Exelon's 765kV system in Illinois.	7/12/2011
0	2.	RITELine Transmission Development, LLC	Delaware	50%		Unaffiliated Company (50% - Exelon Transmission Company, LLC)	Joint Venture to develop, construct, own and operate approximately 420 miles of 765kV transmission lines and related facilities connecting AEP's 765kV system in Indiana to Exelon's 765kV system in Illinois west of Chicago.	7/12/2011
0	3	RITELine Illinois, LLC	Illinois	25%		Unaffiliated Company (75% - Commonwealth Edison Company)	Joint Venture to develop, construct, own and operate Illinois portion of 765kV transmission lines and related facilities connecting AEP's 765kV system in Indiana to Exelon's 765kV system in Illinois.	7/12/2011
