Re: PSC Case No. 2015-00039
City of Augusta, Kentucky

Dear Ms. Thompson:

Based upon your request of May 14, 2015 on behalf of the City of Augusta, I have reviewed Bracken County Water District's Third Request for Information to determine if the time period for any of requested information may be reduced or if any requests could be clarified. Based upon this review, Bracken District revises its request as follows:

Item 2a is revised to read: "State the number of applications for an occupation license and notices of change of occupational license information that were filed with Augusta during the fiscal year ending June 30, 2014."

Item 2c is revised to read: "State the number of occupational tax payments that were submitted to Augusta during the fiscal year ending June 30, 2014."

Item 3 is revised to read: "Provide the minutes of the meetings of Augusta's City Council for calendar years 2013 and 2014 at which Augusta's employment of summer youth workers is discussed."

Item 4 is revised to read: "For each fiscal year listed below, state the number of summer youth workers that Augusta employed and their total annual wages: a. 2011-12; b. 2012-13; and c. 2013-14."

Item 11b is deleted from the Request.

Item 12 is revised to read: "State the number of months during the period starting May 2008 through the present in which Augusta provided Bracken

District with month expenditure reports or, if the exact number of months is not known, state that the number is not known.”

Item 17 is revised to read: “Produce all documents from the engineering firm that designed the Augusta Water Treatment Plant or the firms that construct the plant or the engineering firms that subsequently reviewed the plant’s operation in which the plant’s expected or designed raw water usage rate is stated or discussed.”

If you wish discuss other items in the Third Request, please contact me at your earliest convenience. Bracken County Water District is willing to accommodate the City where possible.

Very truly yours,

Stoll Keenon Ogden PLLC
