Re: PSC Case No. 2015-00039
City of Augusta, Kentucky

Dear Todd:

At the hearing on September 8, 2015, Bracken County Water District requested that the City of Augusta provide the invoices for water sampling by and testing performed for Augusta's water distribution system only for Fiscal Year 2013-14 (Video Transcript at 10:47:50 – 10:48:09). Bracken District's request was in response to an Augusta witness's statement that the water distribution system performed its own sampling and testing.

On September 18, 2015, Augusta filed with the Public Service Commission copies of invoices in response to a hearing request for information that was identified as "List all water testing for the Water Treatment Plant and copies of invoices for testing." Augusta appears to have misinterpreted the request. The provided invoices appear to be for testing services to the water treatment plant for Fiscal Year 2013-14. Augusta had previously provided this information to Bracken County Water District in February 2015. Which of these invoices, if any, reflect testing performed solely for Augusta's water distribution facilities?

Very truly yours,

Stoll Keenon Ogden PLLC
