RE: Investigation of Kentucky Utilities Company's and Louisville Gas and Electric Company's Respective Need for and Cost of Multiphase Landfills at the Trimble County and Ghent Generating Stations Case No. 2015-00194

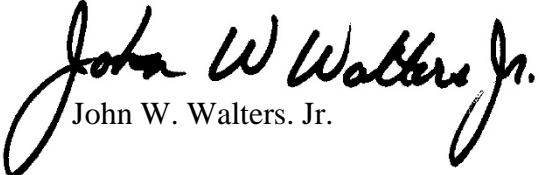

Dear Mr. DeRouen:

Please find enclosed for filing one copy of Sterling Ventures, LLC's Response in Opposition to Kentucky Utilities Company's and Louisville Gas and Electric Company's Petition for Confidentiality.

In accordance with the Commission's 2 July 2015 Order in this case and 807 KAR 5:001 Section 8, counsel certify that a) the electronically filed documents are a true and accurate representation of the original paper document(s) being overnighted to the Commission on 4 September 2015 to be filed within two business days of the electronic transmission; b) and that all materials in the paper documents are included in the electronic filing except for portions of confidential responses which will be filed under seal; and c) no party has been excused from participation by electronic submission. This confidential information is treated separately because Kentucky Utilities Company and Louisville Gas and Electric Company have moved for confidential treatment and the Commission has yet to issue orders on the validity of the Companies' claim to the best of the undersigned's knowledge. In accordance with the Commission's 2 July 2015 Order, Ordering Paragraph 4, and 807 KAR 5:001 Section 8, Sterling Ventures, LLC is filing with the Commission one original paper of the entire filing.

Please let me know should there be any questions regarding the above.

Sincerely,

John W. Walters, Jr.
