**LOUISVILLE GAS AND ELECTRIC COMPANY AND
KENTUCKY UTILITIES COMPANY'S
JOINT PETITION FOR CONFIDENTIAL PROTECTION**

Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU") (collectively, the "Companies") petition the Kentucky Public Service Commission ("Commission") pursuant to 807 KAR 5:001, Section 13 and KRS 61.878(1) to grant confidential protection for the items described herein which the Companies seek to provide in response to Item 5c of Sterling Venture LLC's Supplemental Data Request dated August 20, 2015 ("SV 2-5c"). In support of this Joint Petition, the Companies state as follows:

1. The Kentucky Open Records Act exempts from disclosure certain commercial information. KRS 61.878(1)(c). To qualify for the exemption and, therefore, maintain the confidentiality of the information, a party must establish that the material is of a kind generally recognized to be confidential or proprietary, and the disclosure of which would permit an unfair commercial advantage to competitors of the party seeking confidentiality.

2. In response to SV 2-5c, the Companies are providing pricing information and a copy of the related contract with a third party. The pricing information and contracts contain confidential information the public disclosure of which would hinder the Companies' ability to procure the best contract terms in negotiations with other entities. In particular, the contracts and

pricing information relate to compensation rates for the management of byproducts from the Companies' generating stations. Publicly disclosing such information would result in harm to the Companies and their customers by providing competing entities an opportunity to know the Companies' contract terms and thereafter negotiate for contract terms that represent this information rather than their true best offers. Further, entities in a competitive market are more likely to enter contracts when they know that sensitive terms such as pricing will not be known to their competitors. Diminishing the Companies' ability to contract for the best possible terms would harm their customers through increased costs of service. This information should therefore be afforded confidential protection to protect the Companies and their customers.

3. The Commission has given confidential protection to similar information in prior proceedings.¹

4. The information for which the Companies are seeking confidential treatment is not known outside of the Companies, is not disseminated within the Companies except to those employees with a legitimate business need to know and act upon the information, and is generally recognized as confidential and proprietary information in the energy industry.

5. If the Commission disagrees with this request for confidential protection, it must hold an evidentiary hearing (a) to protect the Companies' due process rights and (b) to supply with the Commission with a complete record to enable it to reach a decision with regard to this matter.²

¹ See, e.g., *In the Matter of: Joint Application of Louisville Gas and Electric Company and Kentucky Utilities Company for Review, Modification, and Continuation of Existing, and Addition of New, Demand-Side Management and Energy-Efficiency Programs*, Case No. 2011-00134, Letter from Executive Director Jeff DeRouen (Aug. 31, 2011).

² *Utility Regulatory Commission v. Kentucky Water Service Company, Inc.*, 642 S.W.2d 591, 592-94 (Ky. App. 1982).

6. In accordance with 807 KAR 5:001, Section 13(2)(a)(3)(b), the Companies seek confidential protection of the entirety of the contract.

7. The Companies respectfully request that the information identified above be kept confidential for a period of five years, after which time the pricing information will be of little use in the market at that time.

WHEREFORE, Louisville Gas and Electric Company and Kentucky Utilities Company respectfully request that the Commission grant confidential protection for the information described herein, or, in the alternative, schedule an evidentiary hearing on all factual issues while maintaining the confidentiality of the information pending the outcome of the hearing.

Dated: September 3, 2015
