**AT&T KENTUCKY SIXTY (60) DAY STATUS REPORT**

BellSouth Telecommunications, LLC d/b/a AT&T Kentucky (“AT&T Kentucky”) files this sixty (60) day status report in accordance with the Kentucky Public Service Commission’s (“Commission”) August 17, 2016 abeyance order.

Since the Commission’s abeyance order, AT&T has worked with the following Public Safety Answering Points (“PSAPs”) that are members of the Central Kentucky Network (“CKN”) and have AT&T E911 service: Bluegrass 911 (Garrard and Lincoln Counties); Knox County; Laurel County Communications Center; and Marion County.

AT&T Kentucky’s efforts to cooperatively resolve the issue that led to the instant proceeding include testing the connectivity and routing of AT&T 911 traffic to the PSAP and CKN based upon the network arrangement generally described in the May 19, 2016 Robert Stack testimony (see Exhibit A to Mr. Stack’s testimony).

Per the efforts of parties to this case, the following PSAPs are now successfully operating under the above-referenced 911 network arrangement:

<b>PSAP</b>	<b>Operational Date</b>
Laurel County Communications Center	August 17, 2016
Bluegrass 911	August 22, 2016
Knox County	August 22, 2016

AT&T Kentucky is also working with Marion County to establish AT&T E911 service directly to its PSAP. Once the E911 service is fully established, AT&T will work with the PSAP in a manner similar to those referenced above.<sup>1</sup>

AT&T Kentucky will provide further updates at the intervals established in the Commission's August 27, 2016 abeyance order.

Respectfully submitted,

<sup>1</sup> Given the initial success of the network arrangement to date, AT&T Kentucky has begun working with other non-party Central Kentucky Network member PSAPs having AT&T E911 service.
