COMMENTS:

The Commercial Incentive program offers energy savings for all commercial business customers through promotion of high efficiency electric lighting, HVAC, pumps, and motors. Primary objectives include; increasing the market share and installation rate of high efficiency technologies, and improving the operating efficiencies of existing long life equipment for commercial customers.

The program will be modified in 2016 to include only prescriptive and custom services. The 2016 participant and expense forecast is 170 and \$1,023,984 respectively. The 2016 program design will include prescriptive and custom measures.
