**Re: Case No. 2015-00368
In the Matter of the Annual Cost Recovery Filing for Demand Side
Management by Duke Energy Kentucky, Inc.**

Dear Mr. Greenwell:

Pursuant to the April 4, 2016 Order (Order), Paragraph 7 in the above captioned case; Duke Energy Kentucky, Inc. hereby submits notice for the DSM programs that have reached 95 percent of its budget during the current fiscal year. The Order was received nine months into the current program year (July 1, 2015 – June 30, 2016). Beginning with the fiscal year starting July 1, 2016, a quarterly review of costs will be conducted to provide more timely updates to the Commission.

Residential Programs Over 95%

Residential Smart Saver – 125%

- Participation is over 200% of the forecast, resulting in over a 100% increase of kwh and 75% of kw achieved.

Power Manager – 89%

- Forecasted to be over by about 5% at the end of June 2016.
- Based on a change in paying the incentive. The change is a new formula for paying out incentives that will have Power Manager paying out equal incentive amounts across the months of May-September.

Non-Residential Programs Over 95%

Small Business Energy Saver – 99%

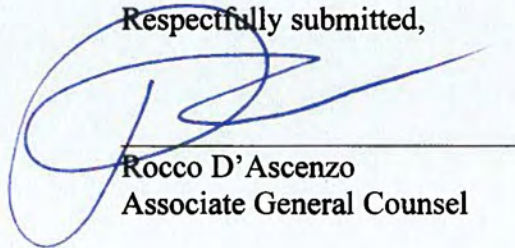

- Participation is over 50% higher than forecasted resulting in a 50% increase of kwh achieved.

PowerShare – 108%

- Based on a 60% increase in forecasted kW achieved.

Please date-stamp the extra two copies of this letter and return them to me in the enclosed self-addressed envelope.

Respectfully submitted,

Rocco D'Ascenzo
Associate General Counsel
