Dear Mr. Lyons:

Enclosed please find and accept for filing in electronic medium a copy of the Kentucky School Boards Association (“KSBA”) reports submitted to Louisville Gas and Electric Company and Kentucky Utilities Company (collectively “the Companies”) pursuant to Paragraph No. 2 of the Order dated March 31, 2016 in the above referenced matter.

These reports are being filed electronically pursuant to 807 KAR 5:001, Section 8. I certify that the electronically filed documents are a true representation of the original paper documents being hand delivered to the Commission on this date, and that all materials in the paper documents are included in the electronic filing.

The Energy Management Program for Schools stated primary goal is to support school districts in utilizing energy more wisely. The overall objective of Energy Management Program for Schools is for each school district to reduce consumption over time by an annual rate of 2.5 percent and achieve energy utilization indices (“EUI”) of fifty or lower. On August 15, 2017 the KSBA provided the Companies with its July 1, 2016 – June 30, 2017 annual report. Based on the reports provided, the overview below provides program performance as it relates to the interim results consistency with the program goals and objectives for the funded 2016-2017 school year.

Mr. John S. Lyons  
September 12, 2017

LG&E:

Five LG&E school districts participate in the Energy Management Program for Schools with 60 percent of the participants having achieved a EUI of 50 or below. Based upon the normalized combined summer and winter electric consumption presented on page 13 of the report, these five school districts reduced their aggregate consumption for the 2017 fiscal year by 1.4 percent which is below the program goal.

KU:

There are 57 of the 77 KU school districts participating in the Energy Management Program for Schools with 53 percent of the participants having achieved a EUI of 50 or below. Based upon the normalized combined summer and winter electric consumption presented on page 15 of the report, the 57 school districts reduced their aggregate consumption for the 2017 fiscal year by 2.2 percent which is below the program goal.

Should you have any questions regarding the enclosed, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Rick E. Lovekamp". The signature is written in a cursive style with a large, stylized initial "R".
