Parent and its consolidated subsidiaries, or (B) any change, or any development involving a prospective change, in or affecting the general affairs, management, otherwise than as set forth or contemplated in the Pricing Prospectus, that could reasonably be expected to have a Material Adverse Effect;

(h) The Parent, the Company and each of the Parent's other subsidiaries have good and marketable title in fee simple to all real property and good and marketable title to all personal property owned by them, in each case free and clear of all liens, encumbrances and defects except such as are described in the Pricing Prospectus or such as do not affect the value of such property and do not interfere with the use made and proposed to be made of such property by the Parent, the Company and each of the Parent's other subsidiaries except, in each case, as would not, individually or in the aggregate, have a Material Adverse Effect; and any real property and buildings held under lease by the Parent, the Company and each of the Parent's other subsidiaries are held by them under valid, subsisting and enforceable leases with such exceptions as are not material and do not interfere with the use made and proposed to be made of such property and buildings by the Parent, the Company and each of the Parent's other subsidiaries, otherwise than as set forth or contemplated in the Pricing Prospectus or as would not, individually or in the aggregate, have a Material Adverse Effect;

(i) Each of the Parent and the Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of Delaware, with power and authority (corporate and other) to own its properties and conduct its business as described in the Pricing Prospectus, and has been duly qualified as a foreign corporation for the transaction of business and is in good standing under the laws of each other jurisdiction in which it owns or leases properties or conducts any business so as to require such qualification, except where the failure to be so qualified or in good standing would not, individually or in the aggregate, have a Material Adverse Effect; and each subsidiary of the Parent listed on Schedule IV hereto (each a "**Significant Subsidiary**") has been duly incorporated and is validly existing as a corporation in good standing under the laws of its jurisdiction of incorporation, except where the failure to be in good standing would not, individually or in the aggregate, have a Material Adverse Effect;

(j) All of the issued shares of capital stock of the Parent and the Company have been duly and validly authorized and issued and are fully paid and non-assessable; and all of the issued shares of capital stock of each Significant Subsidiary have been duly and validly authorized and issued, are fully paid and non-assessable and (except for directors' qualifying shares and except as otherwise set forth in the Pricing Prospectus) are owned directly or indirectly by the Parent, free and clear of all liens, encumbrances, equities or claims, except for liens, encumbrances, equities or claims that would not, individually or in the aggregate, have a Material Adverse Effect;

(k) This Agreement has been duly authorized, executed and delivered by each of the Company and the Parent; the Securities have been duly authorized and, when issued and delivered pursuant to this Agreement, will have been duly executed, authenticated, issued and delivered and will constitute valid and legally binding obligations of the Company entitled to the benefits provided by the indenture, dated as of December 4, 2009 (the "**Indenture**"), between the Company and Wells Fargo Bank, National Association, as Trustee (the "**Trustee**"), under which they are to be issued; the Indenture has been duly authorized, executed and delivered by the Company and duly qualified under the Trust Indenture Act and constitutes a valid and legally binding instrument, enforceable in accordance with its terms, subject, as to enforcement, to bankruptcy, insolvency, reorganization and other laws of general applicability relating to or affecting creditors' rights and to general equity principles; the Support Agreement has been duly authorized, executed and delivered by the Parent and the Company and constitutes a valid and legally binding instrument, enforceable in accordance with its terms, subject, as to enforcement, to bankruptcy, insolvency, reorganization and other laws of general applicability relating to or affecting creditors' rights and to general equity principles; and the Securities, the Indenture and the Support Agreement will conform to the descriptions thereof in the Pricing Prospectus and the Prospectus and will be in substantially the form previously delivered to you;

(l) None of the transactions contemplated by this Agreement (including, without limitation, the use of the proceeds from the sale of the Securities) will violate or result in a violation of Section 7 of the Exchange Act, or any regulation promulgated thereunder, including, without limitation, Regulations T, U, and X of the Board of Governors of the Federal Reserve System;

(m) The issue and sale of the Securities and the compliance by the Parent and the Company with all of the provisions of the Securities, the Indenture, the Support Agreement and this Agreement and the consummation of the transactions herein and therein contemplated (i) will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which the Parent, the Company or any of the Parent's other subsidiaries is a party or by which the Parent, the Company or any of the Parent's other subsidiaries is bound or to which any of the property or assets of the Parent, the Company or any of the Parent's other subsidiaries is subject, and (ii) will not result in any violation of (A) the provisions of the Certificate of Incorporation or the By-laws, as amended, of the Company or the Restated Certificate of Incorporation or the Amended and Restated Bylaws of the Parent or (B) any statute or any order, rule or regulation of any court or governmental agency or body having jurisdiction over the Parent, the Company or any of the Parent's other subsidiaries or any of their properties, except in the case of clauses (i) and (ii)(B) for any conflict, breach, violation or default that would not, individually or in the aggregate, have a Material Adverse Effect or impair the ability of the Parent or the Company to consummate the transactions contemplated by this Agreement; and no consent, approval, authorization, order, registration or qualification of or with any such court or governmental agency or body is required for the issue and sale of the Securities or the consummation by the Parent or the Company of the transactions contemplated by this Agreement, the Indenture, or the Support Agreement, except (i) the registration under the Act of the Securities, (ii) such consents, approvals, authorizations, orders, registrations or qualifications as may be required under state securities or Blue Sky laws in connection with the purchase and distribution of the Securities by the Underwriters and (iii) such consents, approvals, authorizations, orders, registrations or qualifications that have already been obtained or the failure of which to obtain would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect or impair the ability of the Parent or the Company to consummate the transactions contemplated by this Agreement;

(n) None of the Parent, the Company or any of the Parent’s other subsidiaries is (A) in violation of its Certificate of Incorporation or By-laws, as amended, in the case of the Company, or its Restated Certificate of Incorporation or Amended and Restated Bylaws, in the case of the Parent, or similar organizational documents, in the case of the Parent’s other subsidiaries, or (B) in default in the performance or observance of any material obligation, agreement, covenant or condition contained in any indenture, mortgage, deed of trust, loan agreement, lease or other agreement or instrument to which it is a party or by which it or any of its properties may be bound, except in the case of clause (A) (with respect to subsidiaries of the Parent other than the Company and the Significant Subsidiaries) and clause (B), for violations or defaults that would not, individually or in the aggregate, have a Material Adverse Effect;

(o) The statements set forth in the Pricing Prospectus and Prospectus under the captions “Description of the Notes” and “Description of AWCC Debt Securities and American Water Support Agreement”, insofar as they purport to constitute a summary of the terms of the Securities, under the caption “Underwriting”, insofar as they purport to describe the provisions of the documents described therein, under the caption “Certain United States Federal Income Tax Considerations”, insofar as they purport to describe the provisions of the laws and documents referred to therein, are accurate, complete and fair in all material respects;

(p) Other than as set forth in the Pricing Prospectus, there are no legal or governmental proceedings pending to which the Parent, the Company or any of the Parent’s other subsidiaries is a party or of which any property of the Parent, the Company or any of the Parent’s other subsidiaries is the subject which would reasonably be expected to, individually or in the aggregate, have a Material Adverse Effect; and, to the best of the Company’s and the Parent’s knowledge, no such proceedings are threatened or contemplated by governmental authorities or threatened by others;

(q) Neither the Parent nor the Company is or, after giving effect to the offering and sale of the Securities and the application of the proceeds thereof, will be an "investment company", as such term is defined in the Investment Company Act of 1940, as amended (the "**Investment Company Act**");

(r) (A) (i) At the time of filing the Registration Statement, (ii) at the time of the most recent amendment thereto for the purposes of complying with Section 10(a)(3) of the Act (whether such amendment was by post-effective amendment, incorporated report filed pursuant to Sections 13 or 15(d) of the Exchange Act or form of prospectus), and (iii) at the time the Parent or the Company or any person acting on the Parent's or the Company's behalf (within the meaning, for this clause only, of Rule 163(c) under the Act) made any offer relating to the Securities in reliance on the exemption of Rule 163 under the Act, the Parent and the Company were each a "well-known seasoned issuer" as defined in Rule 405 under the Act; and (B) at the earliest time after the filing of the Registration Statement that the Parent or the Company or another offering participant made a bona fide offer (within the meaning of Rule 164(h)(2) under the Act) of the Securities, neither the Parent nor the Company was an "ineligible issuer" as defined in Rule 405 under the Act;

(s) PricewaterhouseCoopers LLP, which has certified certain financial statements of the Parent and its subsidiaries, is an independent registered public accounting firm with respect to the Parent and its subsidiaries as required by the Act and the rules and regulations of the Commission thereunder;

(t) Except as disclosed in the Pricing Prospectus, the Parent maintains a system of internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Exchange Act) that complies in all material respects with the requirements of the Exchange Act and has been designed by the Parent's principal executive officer and principal financial officer, or under their supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Except as disclosed in the Pricing Prospectus, the Parent's internal control over financial reporting is effective and the Parent is not aware of any material weaknesses in its internal control over financial reporting;

(u) Except as disclosed in the Pricing Prospectus, since the date of the latest audited financial statements included or incorporated by reference in the Pricing Prospectus, there has been no change in the Parent's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Parent's internal control over financial reporting;

(v) The Parent maintains disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Exchange Act) that comply in all material respects with the requirements of the Exchange Act; such disclosure controls and procedures have been designed to ensure that material information relating to the Parent, the Company and each of the Parent's other subsidiaries is made known to the Parent's principal executive officer and principal financial officer by others within those entities; and, except as disclosed in the Pricing Prospectus, such disclosure controls and procedures are effective;

(w) The Parent, the Company and each of the Parent's other subsidiaries possess all permits, licenses, franchises, authorizations, registrations, qualifications and approvals of governmental or regulatory authorities as may be required of them to own their properties and conduct their businesses in the manner described in the Pricing Prospectus (collectively, "**Permits**"), except where the failure to possess such Permits would not, individually or in the aggregate, have a Material Adverse Effect; and the Parent, the Company and each of the Parent's other subsidiaries have fulfilled and performed all of their obligations with respect to such Permits required to have been performed, and no event has occurred which allows or, after notice or lapse of time or both, would allow revocation or termination thereof or result in any other material impairment of the rights of the holder of any such Permit, except, in each case, as disclosed in the Pricing Prospectus or would not, individually or in the aggregate, have a Material Adverse Effect;

(x) To the Parent's and the Company's knowledge, the Parent, the Company and each of the Parent's other subsidiaries own, possess or have the right to employ sufficient patents, patent rights, licenses, inventions, copyrights, know how (including trade secrets and other unpatented and/or unpatentable proprietary or confidential information, software, systems or procedures), trademarks, service marks and trade names, inventions, computer programs, technical data and information (collectively, the "**Intellectual Property Rights**") reasonably necessary to conduct their businesses as now conducted, except where the failure to own, possess or have the right would not, individually or in the aggregate, have a Material Adverse Effect. None of the Parent, the Company or any of the Parent's other subsidiaries has received any notice of infringement or conflict with asserted rights of others with respect to any of the Intellectual Property Rights, whether or not arising from transactions in the ordinary course of business, except for such infringements or conflicts that would not, individually or in the aggregate, have a Material Adverse Effect. To the Parent's and the Company's knowledge, the use of the Intellectual Property Rights in connection with the business and operations of the Parent, the Company and each of the Parent's other subsidiaries does not infringe on the rights of any person;

(y) Except as disclosed in the Pricing Prospectus, or as would not, individually or in the aggregate, have a Material Adverse Effect, none of the Parent, the Company or any of the Parent's other subsidiaries (i) is in violation of any law, statute, or any rule, regulation, decision or order of any governmental agency or body or any court relating to the use, disposal or release of hazardous or toxic substances or relating to the protection or restoration of the environment or human exposure to hazardous or toxic substances (collectively, “**Environmental Laws**”), (ii) owns or operates any real property which, to the Parent’s or the Company’s knowledge, is contaminated with any substance that is regulated under any Environmental Laws, (iii) is, to the Parent’s or the Company’s knowledge, liable for any off-site disposal or contamination pursuant to any Environmental Laws, or (iv) has received any written notice of any claim under any Environmental Laws, and the Parent and the Company are not aware of any pending investigation which could reasonably be expected to lead to such a claim;

(z) The Parent, the Company and each of the Parent’s other subsidiaries are insured by insurers of recognized financial responsibility against such losses and risks and in such amounts as are, in management’s judgment, prudent and customary in the businesses in which they are engaged; within the past five years, none of the Parent, the Company or any such subsidiary has been refused any insurance coverage sought or applied for; and none of the Parent, the Company or any such other subsidiary has any reason to believe that it will not be able to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business at a cost that would not, individually or in the aggregate, have a Material Adverse Effect, except, in each case, as set forth in or contemplated in the Pricing Prospectus;

(aa) Neither the Parent nor the Company has taken or will take, directly or indirectly, any action which is designed to or which has constituted or which might reasonably be expected to cause or result in stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Securities;

(bb) The Parent is in compliance in all material respects with all provisions of the Sarbanes-Oxley Act of 2002 that are effective and applicable to the Parent as of the date hereof; and

(cc) The Parent, the Company and each of the Parent’s other subsidiaries have filed all federal, state and foreign tax returns, or have filed for extensions of the due dates of such returns, required to be filed and have paid all taxes shown as due thereon except where the failure to so file such returns would not, individually or in the aggregate, have a Material Adverse Effect; and other than tax deficiencies which the Parent, the Company or any of the Parent’s other subsidiaries is contesting in good faith and for which the Parent, the Company or any of the Parent’s other subsidiaries has provided adequate reserves, there is no tax deficiency that has been asserted in writing against the Parent, the Company or any of the Parent’s other subsidiaries that would, individually or in the aggregate, have a Material Adverse Effect; and the United States federal income tax returns of the Parent, the Company and each of the Parent’s other subsidiaries through the fiscal year ended December 31, 2011 have been settled and no assessment in connection therewith has been made against the Parent, the Company or any of the Parent’s other subsidiaries that would, individually or in the aggregate, have a Material Adverse Effect.

Any certificate signed by any authorized officer of the Parent or the Company and delivered to the Representatives or counsel for the Underwriters in connection with the offering of the Securities shall be deemed a representation and warranty by the Parent and the Company, as to matters covered thereby, to each Underwriter.

4. Subject to the terms and conditions herein set forth, the Company agrees to issue and sell to each of the Underwriters, and each of the Underwriters agrees, severally and not jointly, to purchase from the Company, (a) at a purchase price of 99.017% of the principal amount thereof, including accrued interest, from March 1, 2015 to the Time of Delivery (as defined in Section 6(a)), the principal amount of the 2025 Notes set forth opposite the name of such Underwriter in Schedule I hereto and (b) at a purchase price of 97.809% of the principal amount thereof, including accrued interest, if any, from August 13, 2015 to the Time of Delivery, the principal amount of the 2045 Notes set forth opposite the name of such Underwriter in Schedule I hereto.

5. Upon the authorization by the Company of the release of the Securities, the several Underwriters propose to offer the Securities for sale upon the terms and conditions set forth in the Prospectus.

6. (a) Each series of Securities to be purchased by each Underwriter hereunder will be represented by one or more definitive global securities in book-entry form which will be deposited by or on behalf of the Company with The Depository Trust Company ("**DTC**") or its designated custodian. The Company will deliver the Securities to the Representatives, for the account of the Underwriters, against payment by or on behalf of the Underwriters of the purchase price therefor by wire transfer of Federal (same day) funds, by causing DTC to credit the Securities to the account of the Representatives at DTC. The Company will cause forms of the certificates representing the Securities to be made available to the Representatives for checking at least twenty-four hours prior to the Time of Delivery hereunder at the office of Sullivan & Cromwell LLP, 125 Broad Street, New York, New York 10004 (the "**Closing Location**"). The time and date of such delivery and payment shall be 9:30 a.m., Eastern time, on August 13, 2015 or such other time and date as the Representatives and the Company may agree upon in writing. Such time and date is herein called the "**Time of Delivery**".

(b) The documents to be delivered at the Time of Delivery by or on behalf of the parties hereto pursuant to Section 10 hereof, including the cross receipt for the Securities and any additional documents requested by the Underwriters pursuant to Section 10 hereof, will be delivered at the Closing Location, and the Securities will be delivered through the facilities of DTC, all at the Time of Delivery. A meeting will be held at the Closing Location at 2:00 p.m., Eastern time, on the New York Business Day next preceding the Time of Delivery, at which meeting the final drafts of the documents to be delivered pursuant to the preceding sentence will be available for review by the parties hereto. For the purposes of this Agreement, "**New York Business Day**" shall mean each Monday, Tuesday, Wednesday, Thursday and Friday which is not a day on which banking institutions in New York City are generally authorized or obligated by law or executive order to close.

7. Each of the Parent and the Company, jointly and severally, agrees with each of the Underwriters:

(a) To prepare the Prospectus in a form approved by the Representatives and to file such Prospectus pursuant to Rule 424(b) under the Act not later than the Commission's close of business on the second business day following the execution and delivery of this Agreement and to make no further amendment or any supplement to the Registration Statement, the Basic Prospectus or the Prospectus prior to the Time of Delivery without the consent of the Representatives promptly after reasonable notice thereof (which consent shall not be unreasonably withheld); to advise the Representatives, promptly after it receives notice thereof, of the time when any amendment to the Registration Statement has been filed or becomes effective or any amendment or supplement to the Prospectus has been filed and to furnish the Representatives with copies thereof; to prepare a final term sheet, containing solely a description of the Securities, in a form substantially consistent with Schedule III hereto and to file such term sheet pursuant to Rule 433(d) under the Act within the time required by such Rule; to file promptly all other material required to be filed by the Company with the Commission pursuant to Rule 433(d) under the Act; to file promptly all reports and any definitive proxy or information statements required to be filed by the Parent or the Company with the Commission pursuant to Section 13(a), 13(c), 14 or 15(d) of the Exchange Act subsequent to the date of the Prospectus and for so long as the delivery of a prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) is required in connection with the offering or sale of the Securities; to advise the Representatives, promptly after it receives notice thereof, of the issuance by the Commission of any stop order or of any order preventing or suspending the use of any Preliminary Prospectus or other prospectus in respect of the Securities, of any notice of objection of the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Act, of the suspension of the qualification of the Securities for offering or sale in any jurisdiction, of the initiation or threatening of any proceeding for any such purpose, or of any request by the Commission for the amending or supplementing of the Registration Statement or the Prospectus or for additional information; and, in the event of the issuance of any stop order or of any order preventing or suspending the use of any Preliminary Prospectus or other prospectus or suspending any such qualification, to promptly use its best efforts to obtain the withdrawal of such order; and in the event of any such issuance of a notice of objection, promptly to take such steps including, without limitation, amending the Registration

Statement or filing a new registration statement, at its own expense, as may be necessary to permit offers and sales of the Securities by the Underwriters (references herein to the Registration Statement shall include any such amendment or new registration statement);

(b) If by the third anniversary (the "**Renewal Deadline**") of the initial effective date of the Registration Statement, any of the Securities remain unsold by the Underwriters, the Parent will file, if it has not already done so and is eligible to do so, a new automatic shelf registration statement relating to the Securities, in a form satisfactory to the Representatives. If at the Renewal Deadline the Parent is no longer eligible to file an automatic shelf registration statement, the Parent will, if it has not already done so, file a new shelf registration statement relating to the Securities, in a form satisfactory to the Representatives and will use its best efforts to cause such registration statement to be declared effective within 180 days after the Renewal Deadline. The Parent will take all other action necessary or appropriate to permit the public offering and sale of the Securities to continue as contemplated in the expired registration statement relating to the Securities. References herein to the Registration Statement shall include such new automatic shelf registration statement or such new shelf registration statement, as the case may be;

(c) Promptly from time to time to take such action as the Representatives may reasonably request to qualify the Securities for offering and sale under the securities laws of such U.S. jurisdictions as the Representatives may request and to comply with such laws so as to permit the continuance of sales and dealings therein in such jurisdictions for as long as may be necessary to complete the distribution of the Securities, provided that in connection therewith neither the Parent nor the Company shall be required to qualify as a foreign corporation or to file a general consent to service of process or subject itself to taxation for doing business in any jurisdiction;

(d) To use reasonable efforts to furnish to the Underwriters as soon as practicable after the date of this Agreement but no later than 5:30 p.m., Eastern time, on the second New York Business Day immediately succeeding the date of this Agreement and from time to time, with printed and electronic copies of the Prospectus in such quantities as the Representatives may reasonably request, and, if the delivery of a prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) is, based on advice of counsel, required at any time during the period from the time of issue of the Prospectus until the expiration of nine months after the time of issue of the Prospectus in connection with the offering or sale of the Securities and if at such time any event shall have occurred as a result of which the Prospectus as then amended or supplemented would include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made when such Prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) is delivered, not misleading, or, if for any other reason it shall be necessary during such same period to amend or supplement the Prospectus or to file under the Exchange Act any document incorporated by reference in the Prospectus in order to comply with the Act or the Exchange Act, to notify the Representatives and upon the request of the Representatives to file such document and to prepare and furnish without charge to each Underwriter and to any dealer in securities as many printed and electronic copies as the Representatives may from time to time reasonably request of an amended Prospectus or a supplement to the Prospectus which will correct such statement or omission or effect such compliance; and in case any Underwriter is required to deliver a prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) in connection with sales of any of the Securities at any time nine months or more after the time of issue of the Prospectus, upon the request of the Representatives but at the expense of such Underwriter, to prepare and deliver to such Underwriter as many printed and electronic copies as the Representatives may request of an amended or supplemented Prospectus complying with Section 10(a)(3) of the Act;

(e) To make generally available to its securityholders as soon as practicable, but in any event not later than sixteen months after the effective date of the Registration Statement (as defined in Rule 158(c) under the Act), an earnings statement of the Parent and its subsidiaries (which need not be audited) complying with Section 11(a) of the Act and the rules and regulations of the Commission thereunder (including, at the option of the Parent, Rule 158);

(f) During the period beginning from the date hereof and continuing until the Time of Delivery, not to offer, sell, contract to sell, or otherwise dispose of, except as provided hereunder, any securities of the Parent or the Company that are substantially similar to the Securities without the Representatives’ prior written consent;

(g) To take all reasonable action necessary to enable Standard & Poor’s Ratings Services, a division of Standard & Poor’s Financial Services, LLC, and Moody’s Investors Service Inc. to provide their respective credit ratings of the Securities;

(h) During a period of three years from the effective date of the Registration Statement, to furnish to the holders of the Securities as soon as practicable after the end of each fiscal year an annual report (including a balance sheet and statements of income, stockholders’ equity and cash flows of the Parent and its consolidated subsidiaries certified by independent public accountants) and, as soon as practicable after the end of each of the first three quarters of each fiscal year (beginning with the fiscal quarter ending after the effective date of the Registration Statement), to make available to the holders of the Securities consolidated summary financial information of the Parent and its subsidiaries for such quarter in reasonable detail; *provided, however*, that the Parent and the Company may satisfy the requirements of this subsection by making any such reports, communications or information available on its web site or by filing such information with the Commission via EDGAR or any successor filing system thereto;

(i) During a period of three years from the effective date of the Registration Statement, to furnish to the Representatives copies of all reports or other communications (financial or other) furnished to the holders of the Securities, and to deliver to the Representatives as soon as they are available, copies of any reports and financial statements furnished to or filed with the Commission or any national securities exchange on which any class of securities of the Parent or the Company is listed; *provided*, *however*, that the Parent and the Company may satisfy the requirements of this subsection by making any such reports, communications or information available on its web site or by filing such information with the Commission via EDGAR or any successor filing system thereto;

(j) To use the net proceeds received by it from the sale of the Securities pursuant to this Agreement in the manner specified in the Pricing Prospectus under the caption "Use of Proceeds";

(k) To pay the required Commission filing fees relating to the Securities within the time required by Rule 456(b)(1) under the Act without regard to the proviso therein and otherwise in accordance with Rules 456(b) and 457(r) under the Act; and

(l) Upon request of any Underwriter, to furnish, or cause to be furnished, to such Underwriter an electronic version of the Parent's trademarks, servicemarks and corporate logo for use on the website, if any, operated by such Underwriter for the purpose of facilitating the on-line offering of the Securities (the "**License**"); *provided*, *however*, that the License shall be used solely for the purpose described above, is granted without any fee and may not be assigned or transferred.

8. (a) (i) Each of the Parent and the Company represents and agrees that, other than the final term sheet in a form substantially consistent with Schedule III hereto and filed pursuant to Section 7(a) hereof, without the prior written consent of the Representatives, it has not made and will not make any offer relating to the Securities that would constitute a "free writing prospectus" as defined in Rule 405 under the Act; (ii) each Underwriter represents and agrees that, without the prior written consent of the Company, other than one or more term sheets relating to the Securities substantially consistent with Schedule III hereto, containing no "issuer information" (as defined in Rule 433(h)(2) under the Act) that was not included in the Preliminary Prospectus or Pricing Prospectus, it has not made and will not make any offer relating to the Securities that would constitute a free writing prospectus; and (iii) any such free writing prospectus the use of which has been consented to by the Company and the Representatives is listed on Schedule II hereto;

(b) The Company has complied and will comply with the requirements of Rule 433 under the Act applicable to any Issuer Free Writing Prospectus, including timely filing with the Commission or retention where required and legending; and the Company represents that it has satisfied and agrees that it will satisfy the conditions under Rule 433 under the Act to avoid a requirement to file with the Commission any electronic road show; and

(c) The Company agrees that if at any time following issuance of an Issuer Free Writing Prospectus any event occurred or occurs as a result of which such Issuer Free Writing Prospectus would conflict with the information in the Registration Statement, the Pricing Prospectus or the Prospectus or, when taken together with the Pricing Prospectus, would include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances then prevailing, not misleading, the Company will give prompt notice thereof to the Representatives and, if requested by the Representatives, will prepare and furnish without charge to each Underwriter an Issuer Free Writing Prospectus or other document which will correct such conflict, statement or omission; *provided, however*, that this representation and warranty shall not apply to any statements or omissions in an Issuer Free Writing Prospectus made in reliance upon and in conformity with the Underwriter Information.

9. Each of the Parent and the Company covenants and agrees with the several Underwriters that the Parent and the Company will pay or cause to be paid the following: (i) the fees, disbursements and expenses of the Parent’s and the Company’s counsel and accountants in connection with the registration of the Securities under the Act and all other expenses in connection with the preparation, printing, reproduction and filing of the Registration Statement, the Basic Prospectus, any Preliminary Prospectus, any Issuer Free Writing Prospectus and the Prospectus and amendments and supplements thereto and the mailing and delivering of copies thereof to the Underwriters and dealers; (ii) the cost of printing or producing any agreement among Underwriters, this Agreement, the Indenture, the Support Agreement, any Blue Sky survey, closing documents (including any compilations thereof) and any other documents in connection with the offering, purchase, sale and delivery of the Securities; (iii) all expenses in connection with the qualification of the Securities for offering and sale under state securities laws as provided in Section 7(c) hereof, including the fees and disbursements of counsel for the Underwriters in connection with such qualification and in connection with any Blue Sky survey; (iv) any fees charged by securities rating services for rating the Securities; (v) the cost of preparing the Securities; (vi) the fees and expenses of the Trustee and any agent of the Trustee and the fees and disbursements of counsel for the Trustee in connection with the Indenture, the Securities and the Support Agreement; and (vii) all other costs and expenses incident to the performance of its obligations hereunder which are not otherwise specifically provided for in this Section; *provided, however,* that reimbursements to the Underwriters, if any, shall be limited to expenses actually incurred and *provided further* that in the case of clause (iii), the Parent and the Company shall not be requested to cover expenses of counsel for the Underwriters in excess of $5,000 in the aggregate.

10. The obligations of the Underwriters hereunder shall be subject, in their discretion, to the condition that all representations and warranties and other statements of the Parent and the Company herein are, at and as of the Time of Delivery, true and correct, the condition that the Parent and the Company shall have performed all of their obligations hereunder theretofore to be performed, and the following additional conditions:

(a) The Prospectus shall have been filed with the Commission pursuant to Rule 424(b) under the Act within the applicable time period prescribed for such filing by the rules and regulations under the Act and in accordance with Section 7(a) hereof; the final term sheet in a form substantially consistent with Schedule III hereto, and any other material required to be filed by the Company pursuant to Rule 433(d) under the Act, shall have been filed with the Commission within the applicable time period prescribed for such filing by Rule 433; no stop order suspending the effectiveness of the Registration Statement or any part thereof shall have been issued and no proceeding for that purpose shall have been initiated or threatened by the Commission and no notice of objection of the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Act shall have been received; no stop order suspending or preventing the use of the Prospectus or any Issuer Free Writing Prospectus shall have been initiated or threatened by the Commission; and all requests for additional information on the part of the Commission shall have been complied with to the reasonable satisfaction of the Representatives;

(b) Sullivan & Cromwell LLP, counsel for the Underwriters, shall have furnished to the Representatives such written opinions, dated the Time of Delivery, in form and substance satisfactory to the Representatives, and such counsel shall have received such papers and information as they may reasonably request to enable them to pass upon such matters;

(c) Morgan, Lewis & Bockius LLP, counsel for the Company, shall have furnished to the Representatives their written opinion and 10b-5 statement, each dated the Time of Delivery, in the form attached as Annexes IIA and IIB hereto;

(d) Jeffrey M. Taylor, Secretary of the Company, shall have furnished to the Representatives his written opinion, dated the Time of Delivery, in the form attached as Annex III hereto;

(e) (i) On the date of this Agreement, (ii) on the effective date of any post-effective amendment to the Registration Statement filed subsequent to the date of this Agreement and (iii) at the Time of Delivery, PricewaterhouseCoopers LLP shall have furnished to the Representatives a letter or letters, dated the respective dates of delivery thereof, in form and substance satisfactory to the Representatives, to the effect set forth in Annex I hereto;

(f) (i) Since the date of the latest audited financial statements included or incorporated by reference in the Pricing Prospectus, (A) none of the Parent, the Company or any of the Parent's other subsidiaries has sustained any loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any court or governmental action, order or decree, otherwise than as set forth or contemplated in the Pricing Prospectus; and (B) no labor dispute with the employees of the Parent, the Company or any of the Parent's other subsidiaries exists or, to the knowledge of the Company or the Parent, is imminent; and (ii) since the respective dates as of which information is given in the Registration Statement and the Pricing Prospectus, otherwise than as set forth or contemplated in the Pricing Prospectus, there has not been (A) any material decrease in the number of shares of outstanding capital stock of the Parent or increase in consolidated long-term debt of the Parent and its consolidated subsidiaries, or (B) any change, or any development involving a prospective change, in or affecting the general affairs, management, financial position, stockholders' equity or results of operations of the Parent, the Company and the Parent's other subsidiaries, otherwise than as set forth or contemplated in the Pricing Prospectus, the effect of which, in any such case described in clause (i) or (ii), is in the judgment of the Representatives so material and adverse as to make it impracticable or inadvisable to proceed with the public offering or the delivery of the Securities on the terms and in the manner contemplated in the Prospectus;

(g) On or after the Applicable Time (i) no downgrading shall have occurred in the rating accorded the Parent's or the Company's debt securities by Standard & Poor's Ratings Services or Moody's Investors Service, Inc., each a "nationally recognized statistical rating organization", as that term is defined by the Commission pursuant to Section 3(a)(62) of the Exchange Act, and (ii) neither such organization shall have publicly announced that it has under surveillance or review, with possible negative implications, its rating of any of the Parent's or the Company's debt securities;

(h) On or after the Applicable Time there shall not have occurred any of the following: (i) a suspension or material limitation in trading in securities generally on the New York Stock Exchange; (ii) a suspension or material limitation in trading in the Parent's or the Company's securities on the New York Stock Exchange; (iii) a general moratorium on commercial banking activities declared by Federal or New York State authorities or a material disruption in commercial banking or securities settlement or clearance services in the United States; (iv) the outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war; or (v) the occurrence of any other calamity or crisis or any change in financial, political or economic conditions in the United States or elsewhere, if the effect of any such event specified in clause (iv) or (v) in the judgment of the Representatives makes it impracticable or inadvisable to proceed with the public offering or the delivery of the Securities on the terms and in the manner contemplated in the Prospectus; and

(i) Each of the Parent and the Company shall have furnished or caused to be furnished to the Representatives at the Time of Delivery certificates of officers of the Parent and the Company reasonably satisfactory to the Representatives as to the accuracy of the representations and warranties of the Parent and the Company, respectively, herein at and as of the Time of Delivery, as to the performance by the Parent and the Company of all their respective obligations hereunder to be performed at or prior to the Time of Delivery, as to the matters set forth in subsections (a), (f) and (g) of this Section and as to such other matters as the Representatives may reasonably request.

11. (a) The Parent and the Company will, jointly and severally, indemnify and hold harmless each Underwriter against any losses, claims, damages or liabilities, joint or several, to which such Underwriter may become subject, under the Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, the Basic Prospectus, any Preliminary Prospectus, the Pricing Prospectus, the Pricing Disclosure Package or the Prospectus, or any amendment or supplement thereto, any Issuer Free Writing Prospectus or any "issuer information" filed or required to be filed pursuant to Rule 433(d) under the Act, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse each Underwriter for any legal or other expenses reasonably incurred by such Underwriter in connection with investigating or defending any such action or claim as such expenses are incurred; *provided*, *however*, that the Parent and the Company shall not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission made in the Registration Statement, the Basic Prospectus, any Preliminary Prospectus, the Pricing Prospectus, the Pricing Disclosure Package or the Prospectus, or any amendment or supplement thereto, or any Issuer Free Writing Prospectus, in reliance upon and in conformity with the Underwriter Information.

(b) Each Underwriter will indemnify and hold harmless the Parent and the Company against any losses, claims, damages or liabilities to which the Parent or the Company may become subject, under the Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, the Basic Prospectus, any Preliminary Prospectus, the Pricing Prospectus, the Pricing Disclosure Package or the Prospectus, or any amendment or supplement thereto, or any Issuer Free Writing Prospectus, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in the Registration Statement, the Basic Prospectus, any Preliminary Prospectus, the Pricing Prospectus, the Pricing Disclosure Package or the Prospectus, or any amendment or supplement thereto, or any Issuer Free Writing Prospectus, in reliance upon and in conformity with the Underwriter Information; and will reimburse the Parent and the Company for any legal or other expenses reasonably incurred by the Parent or the Company in connection with investigating or defending any such action or claim as such expenses are incurred.

(c) Promptly after receipt by an indemnified party under subsection (a) or (b) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under such subsection. In case any such action shall be brought against any indemnified party and it shall notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. Notwithstanding the indemnifying party’s election to appoint counsel to represent the indemnified party in an action, the indemnified party shall have the right to employ one separate counsel, and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate firm (in addition to one local counsel in each jurisdiction) if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest, (ii) in an action where both the indemnifying and the indemnified party are actual or potential defendants, the indemnified party shall have reasonably concluded that there are actual or potential conflicting interests between the indemnifying party and the indemnified party, including situations in which there may be one or more legal defenses available to it and/or other indemnified parties which are different from or additional to those available to the indemnifying party, (iii) the indemnifying party shall not have employed counsel reasonably satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of any indemnified party. No indemnified party shall, without the written consent of the indemnifying party (such consent not to be unreasonably withheld), effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder.

(d) If the indemnification provided for in this Section 11 is unavailable to or insufficient to hold harmless an indemnified party under subsection (a) or (b) above in respect of any losses, claims, damages or liabilities (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by the Parent and the Company on the one hand and the Underwriters on the other from the offering of the Securities. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law or if the indemnified party failed to give the notice required under subsection (c) above, then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Parent and the Company on the one hand and the Underwriters on the other in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by the Parent and the Company on the one hand and the Underwriters on the other shall be deemed to be in the same proportion as the total net proceeds from the offering (before deducting expenses) received by the Parent and the Company bear to the total underwriting discounts and commissions received by the Underwriters, in each case as set forth on the cover page of the Prospectus. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Parent or the Company on the one hand or the Underwriter Information on the other and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The Parent, the Company, and the Underwriters agree that it would not be just and equitable if contributions pursuant to this subsection (d) were determined by pro rata allocation (even if the Underwriters were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to above in this subsection (d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages or liabilities (or actions in respect thereof) referred to above in this subsection (d) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this subsection (d), no Underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages which such Underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The Underwriters' obligations in this subsection (d) to contribute are several in proportion to their respective underwriting obligations and not joint.

(e) The obligations of the Parent and the Company under this Section 11 shall be in addition to any liability which the Parent and the Company may otherwise have and shall extend, upon the same terms and conditions, to the directors, officers, employees and agents of each Underwriter and each person, if any, who controls any Underwriter within the meaning of the Act and each broker-dealer affiliate of any Underwriter; and the obligations of the Underwriters under this Section 11 shall be in addition to any liability which the respective Underwriters may otherwise have and shall extend, upon the same terms and conditions, to each officer, director and employee of the Parent and the Company and to each person, if any, who controls the Parent or the Company within the meaning of the Act.

12. (a) If any Underwriter shall default in its obligation to purchase the Securities which it has agreed to purchase hereunder, the Representatives may in their discretion arrange for any of the Representatives or another party or other parties to purchase such Securities on the terms contained herein. If within thirty-six hours after such default by any Underwriter the Representatives do not arrange for the purchase of such Securities, then the Company shall be entitled to a further period of thirty-six hours within which to procure another party or other parties satisfactory to the Representatives to purchase such Securities on such terms. In the event that, within the respective prescribed periods, the Representatives notify the Company that they have so arranged for the purchase of such Securities, or the Company notifies the Representatives that it has so arranged for the purchase of such Securities, the Representatives or the Company shall have the right to postpone the Time of Delivery for a period of not more than seven days, in order to effect whatever changes may thereby be made necessary in the Registration Statement or the Prospectus, or in any other documents or arrangements, and the Company agrees to prepare promptly any amendments to the Registration Statement or the Prospectus which in the opinion of the Representatives may thereby be made necessary. The term

"Underwriter" as used in this Agreement shall include any person substituted under this Section with like effect as if such person had originally been a party to this Agreement with respect to such Securities.

(b) If, after giving effect to any arrangements for the purchase of the Securities of a defaulting Underwriter or Underwriters by the Representatives and the Company as provided in subsection (a) above, the aggregate principal amount of such Securities which remains unpurchased does not exceed one-eleventh of the aggregate principal amount of all the Securities, then the Company shall have the right to require each non-defaulting Underwriter to purchase the principal amount of Securities which such Underwriter agreed to purchase hereunder at such Time of Delivery and, in addition, to require each non-defaulting Underwriter to purchase its pro rata share (based on the principal amount of Securities which such Underwriter agreed to purchase hereunder) of the Securities of such defaulting Underwriter or Underwriters for which such arrangements have not been made; but nothing herein shall relieve a defaulting Underwriter from liability for its default.

(c) If, after giving effect to any arrangements for the purchase of the Securities of a defaulting Underwriter or Underwriters by the Representatives and the Company as provided in subsection (a) above, the aggregate principal amount of Securities which remains unpurchased exceeds one-eleventh of the aggregate principal amount of all the Securities, or if the Company shall not exercise the right described in subsection (b) above to require non-defaulting Underwriters to purchase Securities of a defaulting Underwriter or Underwriters, then this Agreement shall thereupon terminate without liability on the part of any non-defaulting Underwriter or the Company, except for the expenses to be borne by the Company and the Underwriters as provided in Section 9 hereof and the indemnity and contribution agreements in Section 11 hereof; but nothing herein shall relieve a defaulting Underwriter from liability for its default.

13. The respective indemnities, agreements, representations, warranties and other statements of the Parent, the Company and the several Underwriters, as set forth in this Agreement or made by or on behalf of them, respectively, pursuant to this Agreement, shall remain in full force and effect, regardless of any investigation (or any statement as to the results thereof) made by or on behalf of any Underwriter or any controlling person of any Underwriter, the Parent or the Company, or any officer or director or controlling person of the Parent or the Company and shall survive delivery of and payment for the Securities.

14. If for any reason, other than a default by the Underwriters in their obligation to purchase the Securities, any Securities are not delivered by or on behalf of the Company as provided herein, the Company will reimburse the Underwriters through the Representatives for all reasonable expenses approved in writing by the Representatives, including reasonable fees and disbursements of counsel, incurred by the Underwriters in making preparations for the purchase,

sale and delivery of the Securities not so delivered, but the Parent and the Company shall then be under no further liability to the Underwriters except as provided in Sections 9 and 11 hereof.

15. In all dealings hereunder, the Representatives shall act on behalf of each of the Underwriters, and the parties hereto shall be entitled to act and rely upon any statement, request, notice or agreement on behalf of any Underwriter made or given by the Representatives jointly.

16. All statements, requests, notices and agreements hereunder shall be in writing, and if to the Underwriters shall be delivered or sent by mail or facsimile transmission to the Representatives in care of: J.P. Morgan Securities LLC, 383 Madison Avenue, New York, NY 10179, Attn: Investment Grade Syndicate Desk— 3rd floor, Fax: (212) 834-6981; Mitsubishi UFJ Securities (USA), Inc., 1221 Avenue of the Americas, 6th floor, New York, NY 10020, Fax: (646) 434-3455; U.S. Bancorp Investments, Inc., 214 North Tryon Street, Charlotte, NC 28202, Fax: (704) 335-4672; and Wells Fargo Securities, LLC, 550 South Tryon Street, 5th Floor, Charlotte, NC 28202, Attn: Transaction Management, Fax: (704) 410-0326; and if to the Parent or the Company shall be delivered or sent by mail or facsimile transmission to the address of the Company set forth in the Registration Statement, Attention: Secretary. Any such statements, requests, notices or agreements shall take effect upon receipt thereof. In accordance with the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)), the Underwriters are required to obtain, verify and record information that identifies their respective clients, including the Parent and the Company, which information may include the name and address of their respective clients, as well as other information that will allow the Underwriters to properly identify their respective clients.

17. This Agreement shall be binding upon, and inure solely to the benefit of, the Underwriters, the Parent and the Company and, to the extent provided in Sections 11 and 13 hereof, the officers and directors of the Parent and the Company and each person who controls the Parent and the Company or any Underwriter, and their respective heirs, executors, administrators, successors and assigns, and no other person shall acquire or have any right under or by virtue of this Agreement. No purchaser of any of the Securities from any Underwriter shall be deemed a successor or assign by reason merely of such purchase.

18. Time shall be of the essence of this Agreement. As used herein, the term “**business day**” shall mean any day when the Commission’s office in Washington, D.C. is open for business.

19. The Parent and the Company acknowledge and agree that (i) the purchase and sale of the Securities pursuant to this Agreement is an arm’s-length commercial transaction between the Parent and the Company, on the one hand, and the several Underwriters, on the other, (ii) in connection therewith and

with the process leading to such transaction each Underwriter is acting solely as a principal and not the agent or fiduciary of the Parent or the Company, (iii) no Underwriter has assumed an advisory or fiduciary responsibility in favor of the Parent or the Company with respect to the offering contemplated hereby or the process leading thereto (irrespective of whether such Underwriter has advised or is currently advising the Parent or the Company) or any other obligation to the Parent or the Company except the obligations expressly set forth in this Agreement and (iv) the Parent and the Company have consulted their own legal and financial advisors to the extent they deemed appropriate. The Parent and the Company agree that they will not claim that the Underwriters, or any of them, has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to the Parent or the Company, in connection with such transaction or the process leading thereto.

20. This Agreement supersedes all prior agreements and understandings (whether written or oral) between the Parent, the Company and the Underwriters, or any of them, with respect to the subject matter hereof.

21. This Agreement shall be governed by and construed in accordance with the laws of the State of New York.

22. The Parent, the Company and each of the Underwriters hereby irrevocably waive, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

23. This Agreement may be executed by any one or more of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument.

24. Notwithstanding anything herein to the contrary, each of the Parent and the Company are authorized to disclose to any persons the tax treatment and tax structure of the potential transaction and all materials of any kind (including tax opinions and other tax analyses) provided to the Parent and the Company relating to that treatment and structure, without the Underwriters imposing any limitation of any kind. However, any information relating to the tax treatment and tax structure shall remain confidential (and the foregoing sentence shall not apply) to the extent necessary to enable any person to comply with securities laws. For this purpose, “tax treatment” means U.S. Federal and State income tax treatment, and “tax structure” is limited to any facts that may be relevant to that treatment.

If the foregoing is in accordance with your understanding, please sign and return to us five counterparts hereof, and upon the acceptance hereof by you, on behalf of each of the Underwriters, this letter and such acceptance hereof shall constitute a binding agreement between each of the Underwriters, the Parent and the Company.

Very truly yours,

AMERICAN WATER CAPITAL CORP.

OFFICERS' CERTIFICATE

AUGUST 13, 2015

4.300% SENIOR NOTES DUE 2045

PURSUANT TO SECTIONS 102 AND 301 OF THE INDENTURE IDENTIFIED BELOW

The undersigned officers of American Water Capital Corp., a Delaware corporation (the "Company"), acting pursuant to an authorization contained in the unanimous written consent, dated August 10, 2015, of the Board of Directors of the Company (the "Board Resolutions"), and Sections 102 and 301 of the Indenture, dated as of December 4, 2009 (the "Indenture", and unless otherwise defined herein, capitalized terms shall have the meanings ascribed to them therein), between the Company and Wells Fargo Bank, National Association, as Trustee, do hereby certify as follows:

1) There is hereby established under the Indenture the following series of debt securities of the Company, and the terms of such series (the "Series") are as follows:

   a) The Series shall be known and designated as the "4.300% Senior Notes due 2045" of the Company (the "Securities");

   b) The terms of the Securities are as set forth in Annex A hereto;

   c) The Securities shall be redeemable at the option of the Company as specified and subject to the limitations set forth in Annex A hereto;

   d) The Securities shall not be entitled to the benefits of any sinking fund or analogous provisions;

   e) The Securities shall be subject to defeasance as specified and subject to the limitations set forth in Annex A hereto;

   f) The Securities will be issued in the form of one or more fully registered Global Securities which are exchangeable from time to time for fully registered certificated securities in accordance with the terms of the Indenture; and

   g) The Company will not pay additional amounts on the Securities held by a non-U.S. person in respect of taxes or similar charges withheld or deducted.

2) The undersigned have read the provisions of the Indenture relating to the authentication and delivery of securities thereunder, including Sections 201, 301 and 303 thereof and the definitions relating thereto;

3) The undersigned have read the Board Resolutions authorizing the issuance of the Securities and the taking of any action by such officers of the Company in connection therewith, and have made such investigation or examination as is necessary, in the opinion of the undersigned, to enable the undersigned to express an informed opinion as to whether the covenants and conditions precedent to the action to be taken by the Trustee in authenticating and delivering Securities under the Indenture have been complied with;

4) In the opinion of the undersigned, such covenants and conditions precedent have been complied with; and

5) The Securities are “Debt” under the Support Agreement, dated June 22, 2000 and amended as of July 26, 2000, between American Water Works Company, Inc. and the Company.

American Water Capital Corp., a corporation duly organized and existing under the laws of Delaware (herein called the "Company", which term includes any successor Person under the Indenture hereinafter referred to), for value received, hereby promises to pay to Cede & Co., or registered assigns, the principal sum of Three Hundred Twenty-Five Million Dollars on September 1, 2045, and to pay interest thereon from August 13, 2015 or from the most recent Interest Payment Date to which interest has been paid or as duly provided for semi-annually on March 1 and September 1, in arrears, commencing March 1, 2016, and on any earlier date of redemption, at the rate of 4.300% per annum, until the principal hereof is paid or made available for payment. Interest on this Security shall be computed assuming a 360-day year consisting of twelve 30-day months.

The interest so payable, and punctually paid or duly provided for, on any Interest Payment Date shall, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest, which shall be the close of business on the fifteenth day (whether or not a Business Day) next preceding such Interest Payment Date. Any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in said Indenture.

Payment of the principal of (and premium, if any) and any such interest on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts (i) with respect to any Global Security, by wire transfer of immediately available funds to the accounts specified by the Holder of such Global Security or (ii) with respect to any certificated Security, by wire transfer of immediately available funds to the respective accounts specified by the Holders of such certificated Security or, if no such account is specified, by check mailed to the address of the Person entitled thereto as such address shall appear in the Security Register.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

AMERICAN WATER CAPITAL CORP.

By ______________________________

TRUSTEE'S CERTIFICATION OF AUTHENTICATION

This is one of the Securities of the series designated herein and referred to in the within-mentioned Indenture.

WELLS FARGO BANK, NATIONAL ASSOCIATION,
As Trustee

By ______________________________
Authorized Signatory

Dated:

This Security is one of a duly authorized issue of securities of the Company (herein called the "Securities"), issued and to be issued in one or more series under an Indenture, dated as of December 4, 2009 (herein called the "Indenture", which term shall have the meaning assigned to it in such instrument), between the Company and Wells Fargo Bank, National Association, as Trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

The Company may from time to time, without the consent of the Holders, create and issue Additional Securities, so that each such further issue shall be consolidated and form a single series with the Outstanding Securities of this series.

All or a portion of the Securities may be redeemed at the option of the Company at any time or from time to time. The Redemption Price for the Securities to be redeemed on any redemption date prior to March 1, 2045 will be equal to the greater of the following amounts: (a) 100% of the principal amount of the Securities being redeemed on the redemption date; or (b) the sum of the present values of the remaining scheduled payments of principal and interest on the Securities being redeemed on that redemption date that would be payable if such Securities matured on March 1, 2045 (not including any portion of any payments of interest accrued to the redemption date) discounted to the redemption date on a semiannual basis at the Adjusted Treasury Rate (as defined below) plus 25 basis points, as determined by the Reference Treasury Dealer (as defined below), plus, in each case, accrued and unpaid interest thereon to the redemption date. The Redemption Price for the Securities to be redeemed on any redemption date on or after March 1, 2045 will be equal to 100% of the principal amount of the Securities being redeemed on the redemption date plus accrued and unpaid interest thereon to the redemption date. Notwithstanding the foregoing, installments of interest on the Securities that are due and payable on Interest Payment Dates falling on or prior to a redemption date will be payable on the Interest Payment Date to the Holder of such Securities as of the close of business on the relevant Regular Record Date. The Redemption Price will be calculated on the basis of a 360-day year consisting of twelve 30-day months. Calculation of the Redemption Price will be made by the Company or on behalf of the Company by a person designated by the Company; provided that such calculation or the correctness thereof shall not be a duty or obligation of the Trustee.

The Company shall mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each Holder of the Securities to be redeemed and, if less than all of the Securities are to be redeemed, the particular Securities to be redeemed will be selected by the Trustee on a pro rata basis, by lot or in such manner as the Trustee shall deem appropriate and fair in accordance with DTC procedures. Unless the Company defaults in payment of the Redemption Price, on and after the redemption date, interest will cease to accrue on the Securities or portions thereof called for redemption.

"*Adjusted Treasury Rate*" means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

"*Comparable Treasury Issue*" means the United States Treasury security selected by the Reference Treasury Dealer as having a maturity comparable to the remaining term of the Securities to be redeemed, calculated as if the maturity date of the Securities were March 1, 2045 (the "Remaining Life") that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life of such Security.

"*Comparable Treasury Price*" means, with respect to any redemption date, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (B) if the Company obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations, or (C) if only one Reference Treasury Dealer Quotation is received, such quotation.

"*Reference Treasury Dealer*" means (A) J.P. Morgan Securities LLC, one Primary Treasury Dealer selected by U.S. Bancorp Investments, Inc. and one primary Treasury Dealer selected by Wells Fargo Securities, LLC, or their respective affiliates which are primary U.S. Government securities dealers in the United States (each, a "Primary Treasury Dealer"); provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, the Company shall substitute therefor another Primary Treasury Dealer; and (B) any other Primary Treasury Dealer(s) selected by the Company.

"*Reference Treasury Dealer Quotations*" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Company, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Company by such Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third Business Day preceding such redemption date.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security or certain restrictive covenants and Events of Default with respect to this Security, in each case upon compliance with certain conditions set forth in the Indenture.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of not less than 25% in principal amount of the Securities of this series at the time Outstanding shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in principal amount of Securities of this series at the time Outstanding a direction inconsistent with such request, and shall have failed to institute any such proceeding, for 60 days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company in any place where the principal of and any premium and interest on this Security are payable, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities of this series and of like tenor, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities of this series are issuable only in registered form without coupons in denominations of $1,000 and integral multiples of $1,000. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

THIS SECURITY SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAW OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF.

Voorhees, New Jersey 08043

Ladies and Gentlemen:

We have acted as counsel to American Water Works Company, Inc., a Delaware corporation ("AWW"), and American Water Capital Corp., a Delaware corporation (the "Company"), in connection with the issuance by the Company of $225,000,000 aggregate principal amount of its 3.400% Senior Notes due 2025 and $325,000,000 aggregate principal amount of its 4.300% Senior Notes due 2045 (the "Notes"), issued under the Indenture, dated as of December 4, 2009 (the "Indenture"), between the Company and Wells Fargo Bank, National Association, as trustee (the "Trustee"), which Notes have the benefit of the Support Agreement, dated June 22, 2000, as amended July 26, 2000, between the Company and AWW.

We have participated in the preparation of or reviewed (1) the Registration Statement on Form S-3 (Registration Nos. 333-203949 and 333-203949-01) (the "Registration Statement"), which Registration Statement was filed jointly by the Company and AWW with the Securities and Exchange Commission ("Commission") under the Securities Act of 1933, as amended (the "Securities Act"); (2) the prospectus dated May 7, 2015, forming a part of the Registration Statement, as supplemented by a prospectus supplement dated August 10, 2015 relating to the Notes, both such prospectus and prospectus supplement filed pursuant to Rule 424(b) under the Securities Act; (3) the Indenture; (4) the Support Agreement; (5) the certificate of incorporation of the Company; (6) the amended bylaws of the Company; (7) the restated certificate of incorporation of AWW; (8) the amended and restated bylaws of AWW; and (9) such other corporate records, certificates and other documents (including a receipt executed on behalf of the Company acknowledging receipt of the purchase price for the Notes) and such questions of law as we have considered necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Notes and the Support Agreement, as it relates to the Notes, are valid and binding obligations of the Company and AWW, respectively, except as limited or affected by bankruptcy, insolvency, reorganization, receivership, moratorium, fraudulent conveyance or other laws affecting creditors' rights and remedies generally and general principles of equity.

In rendering the foregoing opinion, we have assumed that the certificates representing the Notes conform to specimens examined by us and that the Notes have been duly authenticated, in accordance with the Indenture, by the Trustee under the Indenture and that the signatures on all documents examined by us are genuine, assumptions which we have not independently verified.

We hereby consent to the filing of this opinion as an exhibit to a Current Report on Form 8-K to be filed by AWW on or about August 13, 2015 which will be incorporated by reference in the Registration Statement. In giving the foregoing consent, we do not thereby admit that we come within the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission thereunder.

This opinion is limited to the laws of the State of New York, the General Corporation Law of the State of Delaware and the federal laws of the United States insofar as they bear on matters covered hereby.

Very truly yours,

/s/ Morgan, Lewis & Bockius LLP

AMERICAN WATER REPORTS STRONG SECOND QUARTER 2014 RESULTS

- **Operating revenues increased 4.8 percent for the quarter to $759.2 million.**
- **Net income rose 7.9 percent for the quarter to $109.3 million, or $0.61 per diluted common share.**
- **Adjusted net income (a non-GAAP financial measure) totaled $112.3 million, or $0.63 per diluted common share, excluding the impact of the Freedom Industries chemical spill in West Virginia, an increase of 8.6 percent from weather normalized second quarter 2013 EPS.**
- **Company affirmed annual earnings guidance to be in the range of $2.35 to $2.45 per share, with performance trending toward the upper end of the range, assuming normal weather patterns for August through the remainder of the year and excluding the impact of the Freedom Industries chemical spill in West Virginia.**

VOORHEES, N.J., Aug. 6, 2014 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today reported strong results for the second quarter of 2014.

“Our mission is to provide clean, safe, affordable and reliable water and water services to our customers. In my first three months as President and CEO, I have been traveling throughout our service areas to meet with our employees and see firsthand the hard work and commitment they have to our customers and communities. This dedication is reflected in our results for the second quarter,” said Susan Story, president and CEO of American Water. “We achieved increases in revenues and earnings per share growth, completed five additional regulated acquisitions through August 4, continued strategic growth in our market-based businesses, and found ways to be more efficient to mitigate impacts to customers’ bills.”

For the three months ended June 30, 2014, the company reported net income of $109.3 million, or $0.61 per diluted common share. Excluding the one-time impact of the Freedom Industries chemical spill in West Virginia, the company’s adjusted income (a non-GAAP financial measure) for the three months ended June 30, 2014, totaled $112.3 million, or $0.63 per diluted common share, compared to weather normalized adjusted net income of $104.2 million, or $0.58 per adjusted diluted common share, in the same quarter last year. For the six months ended June 30, 2014, net income was $177.4 million, or $0.99 per diluted common share, compared to $158.9 million, or $0.89 per diluted common share, for the same period last year. Excluding the one-time impact of the Freedom Industries chemical spill in West Virginia, the company's adjusted net income (a non-GAAP financial measure) for the six months ended June 30, 2013 was $184.4 million, or diluted earnings per share (EPS) of $1.03 compared to weather normalized $161.8 million, or diluted EPS of $0.91 for the comparable period in 2013.

The company's capital investments during the first six months of 2014 totaled approximately $387.9 million. The company anticipates investing up to $1.1 billion in 2014, with the majority allocated to upgrading its water and wastewater systems to ensure reliable service to customers.

Regulated Operations

For the three months ended June 30, 2014, American Water's Regulated Businesses' revenues increased by $30.2 million, or 4.7 percent, as compared to the same quarter in 2013. Operating revenues increased by $64.6 million, or 5.3 percent, for the six months ended June 30, 2014, as compared to the same period in 2013. The increase in revenues was primarily due to rate authorizations and infrastructure and other surcharges, as well as incremental revenues resulting from acquisitions, most of which occurred in 2013.

The Regulated Businesses' operation and maintenance (O&M) expense increased $11.8 million, or 4.3 percent and $20.7 million, or 3.8 percent, for the three and six months ended June 30, 2014, respectively, compared to the same periods in 2013. The higher costs are mainly due to increased purchased water costs in the company's California subsidiary, costs associated with the Freedom Industries chemical spill in West Virginia and higher customer uncollectible expense. These higher costs were partially offset by lower employee-related costs.

The regulated entities showed continued improvement in their O&M efficiency ratio (a non-GAAP measure). For the 12 months ended June 30, 2014, the adjusted O&M efficiency ratio was 37.7 percent, compared to 40.7 percent for the previous 12-month period.

"As we make needed investments to ensure the quality and reliability of our water and service, we work hard to balance the cost of these investments through our operational efficiency efforts," said Story. "In addition, we work with the utility commissioners in our states to seek regulatory mechanisms that mitigate the impact on our customers' bills."

In April, the company’s rate authorization in Iowa for an additional $3.8 million in annualized revenues and the final annualized step increase approved in New York of $1.2 million were put into effect. The company’s request for an additional $3.7 million in infrastructure surcharges in Missouri was approved and became effective May 30, 2014. Also, on July 1, 2014, additional annualized revenue of $7.4 million in infrastructure charges became effective in New Jersey. Also in July, a settlement was reached with the Office of Ratepayer Advocates regarding the company’s general rate case in California, which, if approved in accordance with the settlement agreement, would provide $13.6 million in additional annualized revenues for the first year of a three-year step increase. The agreement is pending regulatory approval and is subject to change.

As of Aug. 5, 2014, the company was awaiting final orders for general rate cases in two states, including California, requesting $52 million in total additional revenues. The extent to which requested rate increases will be granted by the applicable regulatory agencies will vary. All annualized revenue amounts are based on current usage.

In terms of regulated growth, from April 1 through June 30, 2014, the company completed three acquisitions, adding approximately 700 customers to its regulated footprint. From July 1 through Aug. 4, an additional two acquisitions closed, adding approximately 430 more customers to the company’s regulated footprint. Four additional pending acquisitions are awaiting regulatory approval and/or financial close. The company also continues to provide a reliable supply of water to the communities in shale-enriched areas in Pennsylvania, as well as to multiple energy companies, and currently has 40 points of interconnection in that area.

Market-Based Operations

The company’s Market-Based Businesses’ revenues increased by $4.6 million, or 5.8 percent, and $16.1 million, or 10.9 percent, for the three and six months through June 30 2014, respectively, compared to the same periods in 2013. The increase was mainly due to additional revenues resulting from contract growth in the homeowner services business and incremental capital project activities in the company’s military services group, partially offset by decreases in revenue from discontinued municipal and industrial contracts as compared to the comparable quarter in 2013.

The Market-Based Businesses’ O&M expense increased $6.3 million, or 9.9 percent, and $12.9 million, or 10.5 percent, for the three and six months ended June 30, 2014, respectively. Higher costs were primarily due to an increase in operating supplies and services attributable to construction project activities for military contracts.

American Water’s Market-Based Businesses footprint also continued to grow. The company’s homeowner services business, American Water Resources (AWR), expanded its service offerings into eight new states since the beginning of 2014, and also launched its exclusive partnership with Metro Water Services in Nashville in April. AWR currently has nearly 700,000 customers and more than 1.3 million customer contracts, and operations in 43 states and Washington, D.C.

Quarterly Dividend

On July 30, 2014, American Water's Board of Directors declared a quarterly cash dividend payment of $0.31 per share, payable on Sept. 2, 2014 to all shareholders of record as of Aug. 11, 2014.

On April 29, 2014, in recognition of the company's performance, the board of directors increased its quarterly cash dividend payment from $0.28 per common share to $0.31 per common share, an approximate 11 percent increase, which was paid on June 2, 2014, to all shareholders of record as of May 12, 2014.

2014 Earnings Guidance

American Water estimates its 2014 ongoing earnings to be in the range of $2.35 to $2.45 per share. Management further states that the company's performance is currently trending toward the upper end of the range, assuming normal weather patterns for August and through the remainder of the year. This guidance excludes the impact of the Freedom Industries chemical spill in West Virginia, which was estimated at $0.04 through June 30, 2014. The company's earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under "Forward-Looking Statements" below and under "Risk Factors" in its annual and quarterly reports.

Non-GAAP Financial Measures

This press release includes a presentation of adjusted net income and adjusted earnings per share (EPS). These items are derived from American Water's consolidated financial information but are not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). Adjusted net income and adjusted EPS are defined, respectively, as GAAP income and GAAP diluted earnings per common share excluding the one-time impact of the Freedom Industries chemical spill in West Virginia and the estimated impact of weather in the second quarter of 2013. These items constitute "non-GAAP financial measures" under Securities and Exchange Commission (SEC) rules. These non-GAAP financial measures supplement the company's GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that this adjustment provides the company and its investors with an indication of American Water's baseline performance excluding items that are not considered to be reflective of ongoing results. Management does not intend results excluding the adjustment to represent results as defined by GAAP, and the reader should not consider it as an alternative measurement calculated in accordance with GAAP, or as an indicator of the company's performance. Accordingly, the measurements have limitations depending on their use.

This press release also includes a presentation of adjusted O&M efficiency ratio, which excludes from its calculation estimated purchased water revenues and purchased water expenses, the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill as well as the estimated impact of weather in the second quarter of 2013. This item is derived from American Water's consolidated financial information but is not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). The item constitutes a "non-GAAP financial measure" under Securities and Exchange Commission (SEC) rules. This non-GAAP financial measure supplements the company's GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that the presentation of this measure is useful to investors because it provides a means of evaluating the company's operating performance without giving effect to estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill, which involve items that are not reflective of management's ability to increase efficiency of the company's regulated operations. In preparing operating plans, budgets and forecasts, and in assessing historical performance, management relies, in part, on trends in the company's historical results, exclusive of estimated revenues and expenses related to purchased water and the allocable portion of non-O&M support services costs.

Set forth below are tables that reconcile the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events and may relate to, among other things, its future financial performance, including earnings, growth and portfolio optimization strategies, its ability to finance current operations and growth initiatives, trends in its industry, regulatory or legal developments or rate adjustments. Actual results could differ materially because of factors such as the decisions of governmental and regulatory bodies, including decisions to raise or lower rates; the timeliness of regulatory commissions' actions concerning rates; changes in laws, governmental regulations and policies, including environmental, health and water quality, and public utility regulations and policies; the outcome of litigation and government action related to the Freedom Industries chemical spill in West Virginia; weather conditions, patterns or events, including drought or abnormally high rainfall, strong winds and coastal and intercoastal flooding; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts; its ability to appropriately maintain current infrastructure and manage the expansion of its business; its ability to obtain permits and other approvals for projects; changes in its capital requirements; its ability to control operating expenses and to achieve efficiencies in its operations; its ability to obtain adequate and cost-effective supplies of chemicals, electricity, fuel, water and other raw materials that are needed for its operations; its ability to successfully acquire and integrate water and wastewater systems that are complementary to its operations and the growth of its business, including, among other core growth opportunities, concession arrangements and agreements for the provision of water services in the unregulated shale arena; cost overruns relating to improvements or the expansion of its operations; changes in general economic, business and financial market conditions; access to sufficient capital on satisfactory terms; fluctuations in interest rates; restrictive covenants in or changes to the credit ratings on the company's current or future debt that could increase its financing costs or affect its ability to borrow, make payments on debt or pay dividends; fluctuations in the value of benefit plan assets and liabilities that could increase its cost and funding requirements; migration of customers into or out of its service territories; difficulty in obtaining insurance at acceptable rates and on acceptable terms and conditions; its ability to retain and attract qualified employees; cash impact if the National Labor Relations Board order requiring it to provide back pay to employees in connection with a dispute relating to its national benefits agreements with unions representing Regulated Businesses employees is upheld on appeal; labor actions including work stoppages and strikes; the incurrence of impairment charges; and civil disturbance, terrorist threats or acts, or public apprehension about future disturbances or terrorist threats or acts.

For further information regarding risks and uncertainties associated with American Water’s business, please refer to American Water’s annual, quarterly and current SEC filings. The company undertakes no duty to update any forward-looking statement.

AMERICAN WATER REPORTS SOLID 2015 SECOND QUARTER RESULTS

- **Quarterly diluted earnings per share from continuing operations of $0.68 per share, an increase of 7.9 percent over adjusted earnings per share (a non-GAAP financial measure) and 11.5 percent over GAAP earnings per share in same quarter last year.**

- **Revenue up 3.6 percent to $782.1 million for the quarter.**

- **Expanded customer base through acquisitions and agreements in both regulated and market-based businesses.**
- **Affirmed 2015 earnings guidance from continuing operations in the range of $2.55 to $2.65 per diluted share.**

VOORHEES, N.J., Aug. 5, 2015 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today reported solid second quarter earnings for the three months ended June 30, 2015.

"American Water's employees continued to successfully execute our strategies during the second quarter. We had solid earnings growth, continued to invest in our infrastructure and improve operational efficiency to the benefit of our customers, and expanded our Regulated and Market-Based customers," said Susan Story, president and CEO of American Water. "We remain on track to meet our long-term goal of growing earnings seven to ten percent. Based on our results year-to-date including weather impacts in July, we are affirming our 2015 earnings guidance to be in the range of $2.55 to $2.65 per diluted common share."

Continuing Operations

For the second quarter of 2015, GAAP income from continuing operations was $123.1 million, or $0.68 per diluted common share ("diluted share"), as compared to $0.61 per diluted share in the second quarter of 2014, an 11.5 percent increase. For the first six months of 2015, the company's GAAP income from continuing operations was $203.1 million, or $1.13 per diluted share, as compared to $1.00 per diluted share for the first six months of 2014, a 13.0 percent increase.

Excluding the 2014 costs related to the Freedom Industries chemical spill in West Virginia, adjusted diluted earnings per share (a non-GAAP financial measure) grew 7.9 percent quarter over quarter and 8.7 percent for the first six months. These increases were mainly due to continued revenue growth in both the Regulated and Market-based businesses, and lower operating and maintenance expenses in the Regulated businesses.

In the first six months of 2015, the company made capital investments of approximately $515 million, with nearly $474 million to replace and improve infrastructure for continued reliable service to customers. American Water plans to invest $1.2 to $1.3 billion in 2015, with over $1 billion of this total to improve water and wastewater systems, and approximately $200 million for acquisitions and strategic investments. This amount includes the Keystone Clearwater Solutions acquisition, which closed on July 9, 2015.

Regulated Operations

American Water's Regulated Businesses' revenues increased by $8.7 million, or 1.3 percent, for the quarter, and $16.5 million, or 1.3 percent, for the six months ended June 30, 2015, compared to the same periods in 2014. These increases in revenues were mainly due to rate increases and surcharges in recognition of system improvements to better serve customers.

The Regulated Businesses' operation and maintenance (O&M) expense decreased $13.8 million, or 4.9 percent, and $25.3 million, or 4.5 percent, for the three and six months of 2015, respectively. The decreased costs were mainly attributable to lower operating supplies and services expenses, as well as 2014 costs related to the Freedom Industries chemical spill.

American Water continued its focus on operational efficiencies to maintain the reliability of water services through needed capital investment while at the same time limiting the impact on customer bills. For the 12-month period ended June 30, 2015, the O&M efficiency ratio (a non-GAAP measure) improved to 35.9 percent, compared to 37.7 percent for the 12-month period ended June 30, 2014.

As of July 31, 2015, the company received approximately $36.7 million in additional annualized revenues from general rate cases and infrastructure charges for 2015.

As of July 31, 2015, the company was awaiting final orders and/or proposed settlements for general rate cases in three states, requesting approximately $127.0 million in total additional revenues. The extent to which requested rate increases will be granted by the applicable regulatory agencies will vary.

Since April 1, 2015, the company closed on its acquisitions of regulated water and/or wastewater systems in Haddonfield, N.J., Russiaville, Ind., and Arnold and Redfield, Mo., adding approximately 19,000 customers to its footprint. The company also has 17 pending acquisition agreements in several states that will add approximately 14,000 customers to the company's footprint following regulatory approval and/or financial close. This includes the pending acquisition of Environmental Disposal Corporation in N.J., which will add approximately 5,300 regulated customers once completed.

Market-Based Operations

Market-Based revenues increased by $19.0 million, or 23.4 percent, for the quarter, and $30.6 million, or 19.5 percent the first six months of 2015, compared to the same periods in 2014. The increases were mainly due to increased construction activities and the addition of two new contracts in the company's Military Services Group and continued growth in the homeowner services business.

The Market-Based Businesses' O&M expense increased by $15.3 million, or 23.4 percent, and $27.1 million, or 21.3 percent for the second quarter and first six months of 2015, respectively, compared to the same periods in 2014. Higher costs were related to an increase in construction projects for military contracts and costs associated with the addition of two military contracts. Higher claims expenses in the company's homeowner services business also contributed to the increase.

American Water's Market-Based Businesses continued to grow. The company's homeowner services business entered into an exclusive contract with the city of Rialto, Calif. to offer service line protection programs to its eligible homeowners, and was also recently notified by the city of Wilmington, Del. of its intent to award the company an exclusive contract to offer programs to its residential customers, pending city council approval. The company expects both programs to launch by year-end, following all appropriate approvals.

On July 9, 2015, the company closed on its acquisition of Keystone Clearwater Solutions. Keystone will be included in the company's third quarter 2015 10-Q as part of its Market-Based segment. The company established Keystone under a holding company separate from its existing Regulated Businesses and Market-Based American Water Enterprises entity. American Water Enterprises is a Market-Based subsidiary that includes the company's Military, Contract, and Homeowner Services lines of business.

"American Water continues to expand our footprint by offering and providing services that meet customers' needs," said Story. "The expertise of our employees in addressing water and wastewater challenges allows us to bring needed solutions and value to all our new customers, as well as existing ones."

Quarterly Dividend

On July 24, 2015, American Water's board of directors declared a quarterly cash dividend payment of $0.34 per share of common stock, in recognition of the company's performance. The dividend will be payable on Sept. 1, 2015, to all shareholders of record as of Aug. 10, 2015.

On April 28, 2015, American Water's board of directors increased the company's quarterly cash dividend payment from $0.31 to $0.34 per share of common stock. The increased dividend was paid on June 1, 2015, to all shareholders of record as of May 11, 2015.

2015 Earnings Guidance

American Water affirmed its 2015 earnings guidance from continuing operations to be in the range of $2.55 to $2.65 per diluted common share. The company's earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under "Forward-Looking Statements" below and under "Risk Factors" in its annual and quarterly reports filed with the Securities and Exchange Commission (SEC).

Non-GAAP Financial Measures

This press release includes a presentation of adjusted earnings per share (EPS) from continuing operations. This item is derived from American Water's consolidated financial information but is not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). Adjusted EPS from continuing operations is defined as GAAP diluted earnings per common share from continuing operations excluding the one-time impact of the Freedom Industries chemical spill in West Virginia in 2014. This item constitutes a "non-GAAP financial measure" under SEC rules. This non-GAAP financial measure supplements the company's GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that this adjustment provides the company and its investors with an indication of American Water's baseline performance excluding items that are not considered to be reflective of ongoing results. Management does not intend results excluding the adjustment to represent results as defined by GAAP, and the reader should not consider it as an alternative measurement calculated in accordance with GAAP, or as an indicator of the company's performance. Accordingly, the measurements have limitations depending on their use.

This press release also includes a presentation of adjusted O&M efficiency ratio, which excludes from its calculation estimated purchased water revenues and purchased water expenses, and the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill as well as the estimated impact of weather. This item is derived from American Water's consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. The item constitutes a "non-GAAP financial measure" under SEC rules. This non-GAAP financial measure supplements the company's GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that the presentation of this measure is useful to investors because it provides a means of evaluating the company's operating performance without giving effect to estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill and weather, which involve items that are not reflective of management's ability to increase efficiency of the company's regulated operations. In preparing operating plans, budgets and forecasts, and in assessing historical performance, management relies, in part, on trends in the company's historical results, exclusive of estimated revenues and expenses related to purchased water and the allocable portion of non-O&M support services costs.

Set forth below are tables that reconcile the non-GAAP financial measure to the most directly comparable GAAP financial measures.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release including, without limitation, 2015 earnings guidance and estimated revenues from rate cases and other government agency authorizations, are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events. Actual results could differ materially because of factors such as the decisions of governmental and regulatory bodies, including decisions to raise or lower rates; the timeliness of regulatory commissions' actions concerning rates and other matters; changes in laws, governmental regulations and policies, including environmental, health and water quality, and public utility regulations and policies; the outcome of litigation and government action including with respect to the Freedom Industries chemical spill in West Virginia; weather conditions, patterns or events or natural disasters, including drought or abnormally high rainfall, strong winds, coastal and intercoastal flooding, earthquakes, landslides, hurricanes and tornadoes, and cooler than normal temperatures; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts; its ability to appropriately maintain current infrastructure, including its technology systems, and manage the expansion of its business; its ability to obtain permits and other approvals for projects; changes in its capital requirements; its ability to control operating expenses and to achieve efficiencies in its operations; the intentional or unintentional acts of a third party, including contamination of its water supplies and attacks on its computer systems; its ability to obtain adequate and cost-effective supplies of chemicals, electricity, fuel, water and other raw materials that are needed for its operations; its ability to successfully acquire and integrate water and wastewater systems that are complementary to its operations; its ability to successfully expand its business, including concession arrangements and agreements for provision of water services in shale regions for exploration and production; cost overruns relating to improvements or the expansion of its operations; changes in general economic, business and financial market conditions; access to sufficient capital on satisfactory terms; fluctuations in interest rates; the effect of restrictive covenants or changes to credit ratings on its current or future debt that could increase its financing costs or affect its ability to borrow, make payments on debt or pay dividends; fluctuations in the value of benefit plan assets and liabilities that could increase financing costs and funding requirements; the ability to utilize its U.S. and state net operating loss carryforwards; migration of customers into or out of its service territories and the condemnation of its systems by municipalities using the power of eminent domain; difficulty in obtaining insurance at acceptable rates and on acceptable terms and conditions; its ability to retain and attract qualified employees; labor actions including work stoppages and strikes; the incurrence of impairment charges; and civil disturbance, terrorist threats or acts, or public apprehension about future disturbances or terrorist threats or acts.

For further information regarding risks and uncertainties associated with American Water's business, please refer to American Water's annual and quarterly SEC filings. The company undertakes no duty to update any forward-looking statement, except as otherwise required by the federal securities laws.

American Water Acquires

Keystone Clearwater Solutions

VOORHEES, N.J., July 9, 2015 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today announced that it has completed its acquisition of Keystone Clearwater Solutions (Keystone).

Keystone, headquartered in Hershey, Pa., is a water service provider offering a range of water related services to the oil and gas industry primarily in the Appalachian region of Pennsylvania, Ohio and West Virginia.

The acquisition delivers on one of American Water's growth strategies to develop complementary businesses. Coupled with its existing activity in shale, the Keystone acquisition will enhance American Water's ability to provide additional water services solutions to shale development companies.

For more information about the acquisition, visit American Water's Investor Relations website at http://ir.amwater.com/.

About Keystone Clearwater Solutions

Keystone Clearwater Solutions provides customized water sourcing, transfer and hydraulic fracturing support including intake development, turnkey pipeline construction, water storage, management support and transfer services for Shale Gas operators.

Founded in 2009, Keystone Clearwater is a water management company, serving the needs of customers in the markets where its employees live and work. Keystone's origins were established through its management team's long-standing history and sound reputation in the environmental engineering and water management field, including water systems engineering, permitting, construction and O&M.

About American Water

Founded in 1886, American Water is the largest and most geographically diverse publicly traded U.S. water and wastewater utility company. With headquarters in Voorhees, N.J., the company employs 6,400 dedicated professionals who provide regulated and market-based drinking water, wastewater and other related services to an estimated 15 million people in 47 states and Ontario, Canada. Item 1.01. Entry into a Material Definitive Agreement.

On June 30, 2015, American Water Works Company, Inc. (“American Water”) and American Water Capital Corp. (“AWCC”), a wholly owned finance subsidiary of American Water, amended and restated that certain Credit Agreement, dated as of October 29, 2012, as amended, by and among American Water, AWCC, each of the lenders party thereto (each, a “Lender”), Wells Fargo Bank, National Association, as administrative agent, JPMorgan Chase Bank, N.A., as syndication agent, and Mizuho Bank, Ltd. and PNC Bank, National Association, as co-documentation agents (the “Credit Agreement”), with respect to AWCC’s unsecured revolving credit facility. American Water has executed the Credit Agreement solely to acknowledge and agree that (a) obligations owing by AWCC under the Credit Agreement will constitute “debt” under a support agreement between American Water and AWCC, and (b) the Credit Agreement will contain representations, warranties and covenants that relate to American Water and that a breach of any of those representations or warranties, or a failure by AWCC to comply with such covenants, could result in an event of default under the Credit Agreement.

The amended and restated Credit Agreement amends the expiration of the term of this credit facility from October 2018 to June 2020. AWCC may request to extend the term of the credit facility for up to two one-year periods. An extension request must satisfy certain conditions and receive approval of the Lenders, all as set forth in the Credit Agreement. The financial covenants with respect to the credit facility remain unchanged.

The foregoing description of the amendment to the Credit Agreement does not purport to be complete and is subject to, and is qualified in its entirety by, the full text of the Credit Agreement attached hereto as Exhibit 10.1, which is incorporated herein by reference.

In the ordinary course of business, certain of the Lenders and their respective affiliates have from time to time engaged, and likely will in the future engage, in transactions with, and from time to time have performed services for, and likely will in the future perform services for, AWCC, American Water and their affiliates, for which they received, or will continue to receive, customary fees or compensation. In addition, affiliates of certain of the Lenders act as paying agent or dealer under AWCC’s commercial paper program.

AMENDED AND RESTATED CREDIT AGREEMENT

THIS CREDIT AGREEMENT, dated as of June 30, 2015 (this "***Agreement***"), is by and among **AMERICAN WATER CAPITAL CORP.**, **a Delaware corporation (the "*Borrower*"**); the Lenders from time to time party hereto (collectively, the "***Lenders***"); **WELLS FARGO BANK, NATIONAL ASSOCIATION**, a national banking association, as Administrative Agent for the Lenders (in such capacity, together with its successors and assigns, the "***Administrative Agent***"); **JPMORGAN CHASE BANK, N.A.**, **as Syndication Agent; and MIZUHO BANK, LTD**. and **PNC BANK, NATIONAL ASSOCIATION**, as Co-Documentation Agents.

WHEREAS, the Borrower, the Lenders and the Administrative Agent are parties to that certain Credit Agreement dated as of October 29, 2012 (as amended and in effect immediately prior to the date hereof, the "Existing Credit Agreement");

WHEREAS, the Borrower has requested the Lenders and the Administrative Agent amend and restate the Existing Credit Agreement to modify the Existing Credit Agreement in certain respects;

WHEREAS, the Borrower acknowledges and agrees that the Obligations represent, among other things, the amendment, restatement, renewal, extension, consolidation and modification of the Obligations (as defined in the Existing Credit Agreement) arising in connection with the Existing Credit Agreement and other Loan Documents (as defined in the Existing Credit Agreement) executed in connection therewith; and

WHEREAS, the Borrower intends that (a) the provisions of the Existing Credit Agreement and the other Loan Documents (as defined in the Existing Credit Agreement) executed in connection therewith, to the extent restated, renewed, extended, consolidated, amended and modified hereby, be hereby superseded and replaced by the provisions hereof and of the other Loan Documents; and (b) by entering into and performing its Obligations hereunder, this transaction shall not constitute a novation.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the parties hereto agree that the Existing Credit Agreement is hereby amended and restated, as follows:

ARTICLE I
DEFINITIONS

Section 1.01 Certain Defined Terms. The terms defined in this Section 1.01 shall, for all purposes of this Agreement, have the meanings set forth herein:

"Act" means the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)), as amended.

"Administrative Agent" has the meaning set forth in the preamble.

"***Advance***" means a Base Rate Advance, a Eurodollar Rate Advance or a Swing Line Advance, and "***Advances***" means Base Rate Advances, Eurodollar Rate Advances or Swing Line Advances, or any or all of them, as the context shall require.

"***Affected Lenders***" has the meaning set forth in Section 2.18(b).

"***Affiliate***" means, with respect to any Person, any other Person directly or indirectly controlling (including but not limited to all directors and officers of such Person), controlled by, or under direct or indirect common control with such Person. A Person shall be deemed to control another entity if such Person possesses, directly or indirectly, the power to direct or cause the direction of the management and policies of such entity, whether through the ownership of voting securities, by contract, or otherwise.

"***Agreement***" has the meaning set forth in the preamble.

"***Anti-Corruption Laws***" means all laws, rules, and regulations of any jurisdiction applicable to the Borrower or its Subsidiaries from time to time concerning or relating to bribery or corruption, including, without limitation, the United States Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder.

"***Applicable Percentage***" means, with respect to the Facility Fee or any Eurodollar Rate Advance, Base Rate Advance or Swing Line Advance, at all times during which any Applicable Rating Level set forth below is in effect, the rate per annum for the Facility Fee or such Advance set forth below next to such Applicable Rating Level; provided that the Applicable Percentage for the Facility Fee and each Advance from the Closing Date until the first calculation date following receipt by the Administrative Agent of the financial statements and compliance certificate for the Fiscal Quarter ending June 30, 2015 in accordance with Section 5.1(b)(iii) shall be at Rating Level 2:

Applicable Rating Level	**Applicable Percentage for Facility Fee**	**Applicable Percentage for Eurodollar Rate Advances**	**Applicable Percentage for Base Rate Advances**
1	0.075%	0.800%	0.000%
2	0.100%	0.900%	0.000%
3	0.125%	1.000%	0.000%
4	0.175%	1.075%	0.075%
5	0.225%	1.275%	0.275%

The Applicable Percentage shall be determined in accordance with the foregoing table based on the Applicable Rating Level as determined from the Borrower's then-applicable

Moody's Rating and S&P Rating. Any change in the Applicable Percentages resulting from a change in the Applicable Rating Level shall become effective upon the date of announcement of any change in the Moody's Rating or the S&P Rating of the Borrower that results in such change in the Applicable Rating Level.

"Applicable Rating Level" at any time shall be determined in accordance with the Borrower's then-applicable S&P Rating and the Borrower's then-applicable Moody's Rating as follows:

S&P Rating/Moody's Rating	Applicable Rating Level
S&P Rating A+ or higher or Moody's Rating A1 or higher	1
S&P Rating A or Moody's Rating A2	2
S&P Rating A- or Moody's Rating A3	3
S&P Rating BBB+ or Moody's Rating Baa1	4
S&P Rating BBB or below or Moody's Rating Baa2 or below	5

The Applicable Rating Level for any day shall be determined based upon the higher of the S&P Rating and the Moody's Rating of the Borrower in effect on such day. If the S&P Rating and the Moody's Rating of the Borrower are not the same (i.e., a "split rating"), the higher of such ratings shall control, unless the S&P Rating is below BBB- or the Moody's Rating is below Baa3, in which case the lower of the two ratings shall control.

"***Approved Fund***" means any Fund that is administered or managed by (a) a Lender, (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers or manages a Lender.

"***Assignee***" means the assignee of all or a portion of a Lender's rights and obligations under this Agreement pursuant to the terms of Section 7.05(b).

"***Assignment and Acceptance***" means an Assignment and Acceptance executed in accordance with Section 7.05(b) in the form attached hereto as Exhibit C.

"***Attributable Debt***" means, on any date of determination, (a) in respect of any Capitalized Lease of any Person, the capitalized amount thereof that would appear on a balance sheet of such Person prepared as of such date in accordance with GAAP, and (b) in respect of any Synthetic Lease, the capitalized amount or principal amount of the remaining lease payments under the relevant lease that would appear on a balance sheet of such Person prepared as of such date in accordance with GAAP if such lease were accounted for as a Capitalized Lease.

Unless otherwise specified herein, all terms of an accounting character used herein shall be interpreted, all accounting determinations hereunder shall be made, and all financial statements required to be delivered hereunder shall be prepared in accordance with GAAP; provided that, if the Borrower notifies the Administrative Agent that the Borrower requests an amendment to any provision (including any definition) hereof to eliminate the effect of any change occurring after the date hereof in GAAP or in the application thereof on the operation of such provision occasioned by the promulgation of rules, regulations, pronouncements and opinions by or required by the Financial Accounting Standards Board or the American Institute of Certified Public Accounts (or successors thereto or agencies with similar functions), and such change affects the calculation of any component of any financial covenant, standard or term found in this Agreement (or if the Administrative Agent notifies the Borrower that the Required Lenders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof, then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith, and the Borrower and the Lenders agree to enter into negotiations in order to amend such provisions (with the agreement of the Required Lenders or, if required by Section 7.04, all of the Lenders) so as to equitably reflect such changes with the desired result that the criteria for evaluating any of the Parent and its Subsidiaries’ financial condition shall be the same after such changes as if such changes had not been made.

Section 1.03 Use of Defined Terms. All terms defined in this Agreement shall have the same meanings when used in any of the other Loan Documents (other than the Support Agreement), unless otherwise defined therein or unless the context shall otherwise require.

Section 1.04 Other Definitions and Provisions. With reference to this Agreement and each other Loan Document, unless otherwise specified herein or in such other Loan Document: (a) the definitions of terms herein shall apply equally to the singular and plural forms of the terms defined, (b) whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms, (c) the words “include”, “includes” and “including” shall be deemed to be followed by the phrase “without limitation”, (d) the word “will” shall be construed to have the same meaning and effect as the word “shall”, (e) any reference herein to any Person shall be construed to include such Person’s successors and assigns, (f) the words “herein”, “hereof” and “hereunder”, and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (g) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement, (h) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights, and (i) in the computation of periods of time from a specified date to a later specified date, the word “from” means “from and including;” the words “to” and “until” each mean “to but excluding;” and the word “through” means “to and including”.

Section 1.05 References to Agreement and Laws. Unless otherwise expressly provided herein, (a) references to formation documents, governing documents, agreements (including the Loan Documents) and other contractual instruments shall be deemed to include all subsequent amendments, restatements, extensions, supplements and other modifications thereto, but only to the extent that such amendments, restatements, extensions, supplements and other modifications are not prohibited by any Loan Document; and (b) references to any applicable law shall include all statutory and regulatory provisions consolidating, amending, replacing, supplementing or interpreting such applicable law.

Section 1.06 Letter of Credit Amounts. Unless otherwise specified, all references herein to the amount of a Letter of Credit at any time shall be deemed to mean the maximum face amount of such Letter of Credit after giving effect to all increases thereof contemplated by such Letter of Credit (at the time specified therefor in such applicable Letter of Credit and as such amount may be reduced by (a) any permanent reduction of such Letter of Credit or (b) any amount which is drawn, reimbursed and no longer available under such Letter of Credit).

Section 1.07 Times of Day. Unless otherwise specified, all references herein to times of day shall be references to Eastern time (daylight or standard, as applicable).

ARTICLE II
THE EXTENSIONS OF CREDIT

Section 2.01 Commitment to Extend Credit.

(a) Each Lender severally agrees, on the terms and conditions set forth herein, to make its Pro Rata Share of Advances (other than Swing Line Advances) to the Borrower from time to time before the Termination Date; provided that, immediately after each such Advance is made, (i) with respect to each Lender individually, the Outstanding Credits of such Lender shall not exceed such Lender’s Commitment, and (ii) with respect to the Lenders collectively, the aggregate Outstanding Credits shall not exceed the Lenders’ aggregate Commitment.

(b) Each Swing Line Bank severally agrees, on the terms and conditions set forth herein, to make Swing Line Advances to the Borrower from time to time before the Termination Date; provided that, immediately after each such Swing Line Advance is made: (i) the outstanding aggregate principal amount of the Swing Line Advances made by such Swing Line Bank shall not exceed such Swing Line Bank’s Swing Line Commitment, (ii) the outstanding aggregate principal amount of the Swing Line Advances shall not exceed the Swing Line Commitments, (iii) the outstanding aggregate principal amount of the Swing Line Advances made by such Swing Line Bank, together with the Outstanding Credits of the applicable Lender acting as a Swing Line Bank shall not exceed such Lender’s Commitment, (iv) with respect to each Lender individually, the Outstanding Credits of such Lender shall not exceed such Lender’s Commitment, and (v) with respect to the Lenders collectively, the aggregate Outstanding Credits shall not exceed the Lenders’ aggregate Commitment.

(c) Within the foregoing limits, the Borrower may borrow under this Section, repay or, to the extent permitted by Section 2.12, prepay Advances and reborrow under this Section at any time before the Termination Date.

Section 2.02 Method of Borrowing.

(a) Each Borrowing shall be made on a Business Day, upon notice from the Borrower to the Administrative Agent, given (i) in the case of a Borrowing that is a Base Rate Advance, not later than 11:00 A.M. on the date of the proposed Borrowing and (ii) in the case of a Borrowing that is a Eurodollar Rate Advance, not later than 11:00 A.M. on the third Business Day prior to the date of the proposed Borrowing. Each such notice of a Borrowing (a "***Notice of Borrowing***") by the Borrower shall be in substantially the form of Exhibit A, specifying therein the requested (A) date of such Borrowing, (B) Type of Advance to be made in connection with such Borrowing, (C) aggregate amount of such Borrowing and (D) in the case of a Borrowing comprising Eurodollar Rate Advances, initial Interest Period for each such Advance. The Administrative Agent shall give notice to each Lender promptly upon receipt of each Notice of Borrowing pursuant to this Section 2.02(a), the contents thereof and each such Lender's Pro Rata Share of any Borrowing to be made pursuant thereto. Each Lender shall, before 1:00 P.M. on the date of such Borrowing, make available to the Administrative Agent for the account of the Borrower in same day funds, the proceeds of such Borrowing. Such Borrowing will then be made available to the Borrower by the Administrative Agent by crediting the account of the Borrower on the books of such office with the aggregate of the amounts made available to the Administrative Agent by the Lenders and in like funds as received by the Administrative Agent (or at such other location as may be agreed by the Borrower and the Administrative Agent).

(b) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to comprise Eurodollar Rate Advances, the Borrower shall indemnify the applicable Lender against any loss, cost or expense incurred by such Lender as a result of any failure of the Borrower to fulfill on or before the date specified in such Notice of Borrowing for such Advances, the applicable conditions set forth in Article III, including any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired by such Lender as part of such Borrowing when such Advance is not made on such date.

(c) Each Borrowing (whether for a Base Rate Advance or a Eurodollar Rate Advance) shall be in an aggregate principal amount of $5,000,000 or any multiple of $1,000,000 in excess thereof (except that any such Borrowing may be in the aggregate amount of the unutilized Commitment on such date).

Section 2.03 Method of Swing Line Borrowing.

(a) Each Swing Line Borrowing shall be made on a Business Day, upon notice from the Borrower to the Administrative Agent and a Swing Line Bank, given not later than 1:00 P.M.

on the date of the proposed Swing Line Borrowing. Each such notice of a Swing Line Borrowing (a "***Notice of Swing Line Borrowing***") by the Borrower shall be in substantially the form of Exhibit A, specifying therein (i) the requested date of such Swing Line Borrowing, (ii) the requested aggregate amount of such Swing Line Borrowing and (iii) whether the interest rate for such Swing Line Borrowing is to based on the Base Rate or the LIBOR Market Index Rate. The applicable Swing Line Bank shall, before 3:00 P.M. on the date of such Swing Line Borrowing, make available to the Administrative Agent for the account of the Borrower in same day funds, the proceeds of such Swing Line Borrowing. Such Swing Line Borrowing will then be made available to the Borrower by the Administrative Agent by crediting the account of the Borrower on the books of such office with the aggregate of the amounts made available to the Administrative Agent by such Swing Line Bank and in like funds as received by the Administrative Agent. For purposes of determining the amount of Outstanding Credits of any Lender and the amount of unutilized Commitments, each Swing Line Borrowing made by a Swing Line Bank will be deemed to comprise outstanding Advances of the Lenders made in accordance with their Pro Rata Percentages. In addition to the Swing Line Banks listed on Schedule 2.03, the Borrower may from time to time appoint one or more other Lenders (with the consent of such Lender (which consent may be withheld in the sole discretion of such Lender) and the Administrative Agent (such consent not to be unreasonably withheld or delayed)) to act as a Swing Line Bank hereunder. Any such appointment and the terms thereof (including the Swing Line Commitment of such Swing Line Bank) shall be evidenced by a separate written agreement executed by the Borrower and such Swing Line Bank and acknowledged (to evidence its consent as to the identity of such Swing Line Bank) by the Administrative Agent. The Administrative Agent shall give prompt notice of any such appointment to the Lenders. Upon such appointment, if and for so long as such Lender shall have any obligation to make Swing Line Advances hereunder or any Swing Line Advance shall remain outstanding, such Lender shall be deemed to be, and shall have all the rights and obligations of, a "Swing Line Bank" under this Agreement.

(b) Each Swing Line Borrowing shall be in the aggregate principal amount of $1,000,000 or any multiple of $500,000 in excess thereof, or such lesser amount as shall be equal to the aggregate amount of the unutilized Commitment on such date.

(c) Notwithstanding anything in this Section 2.03 above to the contrary:

(i) the aggregate amount of the Swing Line Advances outstanding at any time shall not exceed the Swing Line Commitments;

(ii) the aggregate amount of the Swing Line Advances of a Swing Line Bank outstanding at any time shall not exceed the Swing Line Commitment of such Swing Line Bank;

(iii) no more than one Swing Line Advance may be made on the same Business Day; and

(iv) each Swing Line Advance shall be paid in full by the Borrower on or before the fourteenth (14th) Business Day after the date the Swing Line Advance is made for such Swing Line Advance; provided, that such payment shall not be made from the proceeds of any other Swing Line Advances.

(d) On each date a Swing Line Advance is made, each Lender shall be deemed to have purchased a risk participation in such Swing Line Advance from the applicable Swing Line Bank in an amount equal to such Lender's Pro Rata Percentage of such Swing Line Advance. Upon request by a Swing Line Bank with an outstanding Swing Line Advance, and notwithstanding whether a Default or Event of Default shall have occurred and be continuing, each other Lender shall purchase from such Swing Line Bank, and such Swing Line Bank shall sell and assign to each such other Lender, such other Lender's Pro Rata Share of such outstanding Swing Line Advance as of the date of such demand, by making available to the Administrative Agent for the account of such Swing Line Bank, by deposit to the Administrative Agent's account, in same day funds, an amount equal to the sum of (i) the portion of the outstanding principal amount of such Swing Line Advance to be purchased by such Lender, plus (ii) interest accrued and unpaid to and as of such date on such portion of the outstanding principal amount of such Swing Line Advance. Each Lender agrees to purchase its Pro Rata Share of an outstanding Swing Line Advance upon notice given not later than one (1) Business Day prior to the Business Day of proposed purchase. Upon any such assignment by a Swing Line Bank to any other Lender of a portion of its Swing Line Advance, such Swing Line Bank represents and warrants to such other Lender that such Swing Line Bank is the legal and beneficial owner of such interest being assigned by it, but makes no other representation or warranty and assumes no responsibility with respect to such Swing Line Advance or the applicable Loan Documents. If and to the extent that any Lender shall not have so made the amount of such Swing Line Advance available to the Administrative Agent, such Lender agrees to pay to the Administrative Agent forthwith on demand such amount together with interest thereon, for each day from the date of demand by the applicable Swing Line Bank until the date such amount is paid to the Administrative Agent, at the Federal Funds Rate; provided, that if payment is not made within three (3) Business Days of demand, interest thereon shall accrue at the Base Rate plus the Applicable Percentage for Swing Line Advances for each day thereafter until paid. If such Lender shall pay to the Administrative Agent such amount for the account of the applicable Swing Line Bank, such amount so paid in respect of principal shall constitute a Swing Line Advance by such Lender for purposes of this Agreement, and the outstanding principal amount of the Swing Line Advance made by such Swing Line Bank shall be reduced by such amount.

(e) Any Swing Line Bank may and, if such Swing Line Bank is a Lender being replaced pursuant to Section 2.23(b), such Swing Line Bank shall, resign at any time by giving written notice thereof to the Administrative Agent, the Lenders and the Borrower, with any such resignation to become effective (i) if such Swing Line Bank is the Administrative Agent and the Administrative Agent has given notice of its resignation or has been removed in accordance with Section 8.08, on the Resignation Effective Date or Removal Effective Date, as applicable, (ii) if such Swing Line Bank is party to an Assignment and Acceptance whereby it intends to assign all of its Advances and Commitment to an Eligible Assignee pursuant to Section 2.23(b) or 7.05(b), on the effective date of such assignment or (iii) otherwise, on the later of (x) 30 days after delivery of such notice or (y) such date as agreed by such Swing Line Bank; provided that if such resigning Swing Line Bank is the only remaining Swing Line Bank at the time of its resignation and there is no Administrative Agent, the Borrower shall have the right to appoint a successor

Swing Line Bank, which shall be a Lender or an Eligible Assignee acceptable to the Required Lenders. If no successor Swing Line Bank shall have been so appointed by the Borrower, and shall have accepted such appointment, within 30 days after the retiring Swing Line Bank's giving of notice of resignation, then the retiring Swing Line Bank may, on behalf of the Borrower and the Lenders, appoint a successor Swing Line Bank, which shall be a Lender or an Eligible Assignee acceptable to the Borrower. Upon the acceptance of any appointment as a Swing Line Bank hereunder by a successor Swing Line Bank, such successor Swing Line Bank shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Swing Line Bank.

Section 2.04 Letters of Credit.

(a) In addition to the LC Issuing Banks listed on Schedule 2.04, the Borrower may from time to time appoint one or more other Lenders (with the consent of any such Lender (which consent may be withheld in the sole discretion of such Lender) and the Administrative Agent (such consent not to be unreasonably withheld or delayed)) to act as an LC Issuing Bank hereunder. Any such appointment and the terms thereof shall be evidenced in a separate written agreement executed by the Borrower and the relevant LC Issuing Bank and acknowledged (to evidence its consent as to the identity of such LC Issuing Bank) by the Administrative Agent. The Administrative Agent shall give prompt notice of any such appointment to the other Lenders. Upon such appointment, if and for so long as such Lender shall have any obligation to issue any Letters of Credit hereunder or any Letter of Credit issued by such Lender shall remain outstanding, such Lender shall be deemed to be, and shall have all the rights and obligations of, an "LC Issuing Bank" under this Agreement.

(b) Subject to the terms and conditions hereof, each Letter of Credit shall be issued (or the stated maturity thereof extended or terms thereof modified or amended) on not less than one (1) Business Day's prior notice thereof by delivery of (x) a Request for Issuance to the Administrative Agent (which shall promptly distribute copies thereof to the Lenders) and the relevant LC Issuing Bank, and (y) if requested by such LC Issuing Bank, a letter of credit application or other standard form required by the relevant LC Issuing Bank to such LC Issuing Bank. Each Letter of Credit shall be issued in a form acceptable to the relevant LC Issuing Bank. Each Request for Issuance shall specify (i) the identity of the relevant LC Issuing Bank, (ii) the date (which shall be a Business Day) of issuance of such Letter of Credit (or the date of effectiveness of such extension, modification or amendment) and the stated expiry date thereof (which shall not be later than the earlier of (A) one year after the date of issuance of such Letter of Credit and (B) unless cash collateralized in an amount equal to 102% of the LC Outstandings for such Letter of Credit prior to five (5) Business Days prior to the stated Termination Date for the applicable LC Issuing Bank, the fifth Business Day preceding such Termination Date); provided that a Letter of Credit may, upon the request of the Borrower, include a provision whereby such Letter of Credit shall be renewed automatically for additional consecutive periods of one year or less (but not beyond the date specified in clause (B) above) unless the relevant LC Issuing Bank notifies the Borrower and the beneficiary thereof at least 30 days prior to the then-applicable expiration date that such Letter of Credit will not be renewed, (iii) the proposed stated amount of such Letter of Credit, (iv) the name and address of the beneficiary of such Letter of Credit and (v) a statement of drawing conditions applicable to such Letter of Credit, and if such Request for Issuance relates to an amendment or modification of a Letter of Credit, it shall be accompanied by the consent of the beneficiary of the Letter of Credit thereto. Each Request for Issuance shall be delivered by the Borrower no later than 11:00 A.M. on the Business Day immediately prior to the proposed date of issuance (or effectiveness) specified therein. Not later than 2:00 P.M. on the proposed date of issuance (or effectiveness) specified in such Request for Issuance, and upon fulfillment of the applicable conditions precedent and the other requirements set forth herein, the relevant LC Issuing Bank shall issue (or extend, amend or modify) such Letter of Credit and provide notice and a copy thereof to the Administrative Agent, which shall promptly furnish copies thereof to the Lenders; provided that the relevant LC Issuing Bank shall not issue or amend any Letter of Credit if such LC Issuing Bank has received notice from the Administrative Agent that the applicable conditions precedent have not been satisfied.

(c) No Letter of Credit shall be requested or issued hereunder if, after the issuance thereof, (i) the Outstanding Credits would exceed the aggregate Commitments or (ii) the LC Outstandings would exceed $150,000,000. No LC Issuing Bank shall have any obligation to issue any Letter of Credit if, after giving effect to such issuance, the LC Outstandings for all Letters of Credit issued by such LC Issuing Bank would exceed the LC Commitment of such LC Issuing Bank.

(d) The Borrower hereby agrees to pay (through the proceeds of a Borrowing or otherwise) to the Administrative Agent for the account of each LC Issuing Bank and, if any Lender shall have purchased a participation in the Reimbursement Obligations of the Borrower pursuant to paragraph (e) below, such participating Lender, no later than (i) if the Borrower shall have received notice of such LC Issuing Bank’s payment pursuant to any Letter of Credit issued by it not later than 11:00 A.M. on the date of such payment, on such date, or (ii) if such notice has not been received by the Borrower prior to such time on such date, on the Business Day immediately following the day that the Borrower receives such notice (such date referred to in clause (i) or such Business Day referred to in clause (ii), the “***LC Reimbursement Due Date***”), a sum equal to the amount so paid by such LC Issuing Bank plus interest on such amount from the date so paid by such LC Issuing Bank until repayment to such LC Issuing Bank in full at a fluctuating interest rate per annum equal to the interest rate applicable to Base Rate Advances plus, if any amount paid by such LC Issuing Bank under a Letter of Credit is not reimbursed by the Borrower on the LC Reimbursement Due Date, 2%, unless refinanced with an Advance.

(e) If any LC Issuing Bank shall not have been reimbursed in full for any payment made by such LC Issuing Bank under a Letter of Credit issued by such LC Issuing Bank on the date payment is due from the Borrower pursuant to Section 2.04, such LC Issuing Bank shall give the Administrative Agent prompt notice thereof (an “***LC Payment Notice***”) no later than 11:00 A.M. on the Business Day immediately succeeding such payment date (such date, the “***LC Notice Date***”). The Administrative Agent shall forward to each Lender no later than 1:00 P.M. on an LC Notice Date, the applicable LC Payment Notice. Each Lender severally agrees to purchase a participation in the Reimbursement Obligation of the Borrower to such LC Issuing Bank by paying to the Administrative Agent for the account of such LC Issuing Bank an amount equal to such Lender’s Pro Rata Percentage of such unreimbursed amount paid by such LC Issuing Bank (such amount, an “***LC Disbursement***”), plus interest on such amount at a rate per annum equal to the Federal Funds Rate from the date of the payment by such LC Issuing Bank to the date of payment to such LC Issuing Bank by such Lender. Each such payment by a Lender shall be made not later than 3:00 P.M. on the applicable LC Notice Date. Each Lender’s obligation to make each such payment to the Administrative Agent for the account of such LC Issuing Bank shall be several and shall not be affected by the occurrence or continuance of a Default or the failure of any other Lender to make any payment under this Section 2.04(e). Each Lender further agrees that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever.

(f) The failure of any Lender to make any payment to the Administrative Agent for the account of any LC Issuing Bank in accordance with paragraph (e) above shall not relieve any other Lender of its obligation to make payment, but no Lender shall be responsible for the failure of any other Lender.

(g) The payment obligations of each Lender under Section 2.04(e) and of the Borrower under this Agreement in respect of any payment under any Letter of Credit shall be unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including the following circumstances:

(i) any lack of validity or enforceability of this Agreement or any other agreement or instrument relating thereto or to such Letter of Credit;

(ii) any amendment or waiver of, or any consent to departure from, the terms of this Agreement or such Letter of Credit;

(iii) the existence of any claim, set-off, defense or other right that the Borrower may have at any time against any beneficiary, or any transferee, of such Letter of Credit (or any Persons for whom any such beneficiary or any such transferee may be acting), any LC Issuing Bank, or any other Person, whether in connection with this Agreement, the transactions contemplated hereby, thereby or by such Letter of Credit, or any unrelated transaction;

(iv) any statement or any other document presented under such Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect;

(v) payment in good faith by any LC Issuing Bank under the Letter of Credit issued by such LC Issuing Bank against presentation of a draft or certificate that does not comply with the terms of such Letter of Credit;

(vi) the use that may be made of any Letter of Credit by, or any act or omission of, the beneficiary of any Letter of Credit (or any Person for which the beneficiary may be acting); or

(vii) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

(h) Without limiting any other provision of this Section 2.04, for purposes of this Section 2.04, any LC Issuing Bank may rely upon any oral, telephonic, telegraphic, facsimile, electronic, written or other communication believed in good faith to have been authorized by the Borrower, whether or not given or signed by an authorized Person of the Borrower.

(i) The Borrower assumes all risks of the acts and omissions of any beneficiary or transferee of any Letter of Credit. Neither any LC Issuing Bank, the Lenders nor any of their respective officers, directors, employees, agents or Affiliates shall be liable or responsible for (i) the use that may be made of such Letter of Credit or any acts or omissions of any beneficiary or transferee thereof in connection therewith; (ii) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; (iii) payment by any LC Issuing Bank against presentation of documents that do not comply with the terms of such Letter of Credit, including failure of any documents to bear any reference or adequate reference to such Letter of Credit; or (iv) any other circumstances whatsoever in making or failing to make payment under such Letter of Credit, except that the Borrower and each Lender shall have the right to bring suit against each LC Issuing Bank, and each LC Issuing Bank shall be liable to the Borrower and any Lender, to the extent of any direct, as opposed to consequential, damages suffered by the Borrower or such Lender that the Borrower or such Lender proves were caused by such LC Issuing Bank's willful misconduct or gross negligence, including, in the case of the Borrower, such LC Issuing Bank's (x) failure to exercise care when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof or (y) failure to make timely payment under such Letter of Credit following the presentation to it by the beneficiary thereof of a draft and accompanying certificate(s) that strictly comply with the terms and conditions of such Letter of Credit. In furtherance and not in limitation of the foregoing, each LC Issuing Bank may accept sight drafts and accompanying certificates presented under the Letter of Credit issued by such LC Issuing Bank that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary, and payment against such documents shall not constitute willful misconduct or gross negligence by such LC Issuing Bank. Notwithstanding the foregoing, no Lender (in its capacity as a Lender) shall be obligated to indemnify the Borrower for damages caused by any LC Issuing Bank's willful misconduct or gross negligence.

(j) Notwithstanding anything to the contrary set forth herein, on the first date on which the conditions precedent listed in Sections 3.01, 3.02(b), 3.02(c) and 3.02(d) shall be satisfied, the Existing Letters of Credit shall be deemed to be "Letters of Credit" issued hereunder, resulting in Extensions of Credit on such date hereunder; and on such date the Administrative Agent shall confirm in writing to the Borrower and the relevant LC Issuing Banks the occurrence of such Extensions of Credit.

(k) Any LC Issuing Bank may and, if such LC Issuing Bank is a Lender being replaced pursuant to Section 2.23(b), such LC Issuing Bank shall, resign at any time by giving written notice thereof to the Administrative Agent, the Lenders and the Borrower, with any such resignation to become effective (i) if such LC Issuing Bank is the Administrative Agent and the Administrative Agent has given notice of its resignation or has been removed in accordance with Section 8.08, on the Resignation Effective Date or Removal Effective Date, as applicable, (ii) if such LC Issuing Bank is party to an Assignment and Acceptance whereby it intends to assign all of its Advances and Commitment to an Eligible Assignee pursuant to Section 2.23(b) or 7.05(b), on the effective date of such assignment or (iii) otherwise, on the later of (x) 30 days after delivery of such notice and (y) such date as agreed by such LC Issuing Bank; provided that if such resigning LC Issuing Bank is the only LC Issuing Bank at the time of its resignation and there is no Administrative Agent, the Borrower shall have the right to appoint a successor LC

Issuing Bank, which shall be a Lender or an Eligible Assignee acceptable to the Required Lenders. If no successor LC Issuing Bank shall have been so appointed by the Borrower, and shall have accepted such appointment, within 30 days after the retiring LC Issuing Bank's giving of notice of resignation, then the retiring LC Issuing Bank may, on behalf of the Borrower and Lenders, appoint a successor LC Issuing Bank, which shall be a Lender or an Eligible Assignee acceptable to the Borrower. Except as provided in the immediately succeeding sentence, upon the acceptance of any appointment as an LC Issuing Bank hereunder by a successor LC Issuing Bank, such successor LC Issuing Bank shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring LC Issuing Bank. Except as provided in Section 8.08(d) with respect to any LC Issuing Bank which is a resigning Administrative Agent, after the effective date of the resignation of an LC Issuing Bank hereunder, the retiring LC Issuing Bank shall remain a party hereto and shall continue to have all the rights and obligations of an LC Issuing Bank under this Agreement and the other Loan Documents with respect to Letters of Credit issued by it prior to such resignation, but shall no longer have an LC Commitment and shall not be required to issue additional Letters of Credit or to extend, renew or increase any existing Letter of Credit.

Section 2.05 Increase of the Commitments.

(a) After the Closing Date, the Borrower may on one or more occasions, by written notice to the Administrative Agent and executed by the Borrower and one or more financial institutions (any such financial institution referred to in this paragraph (a) being called a "***Designated Lender***"), which may include, in the Borrower's sole discretion, any Lender, cause new Commitments to be extended by the Designated Lenders (or cause the Commitments of the Designated Lenders to be increased, as the case may be); provided that (i) at no time shall the aggregate amount of all extensions of new Commitments and increases in existing Commitments effected pursuant to this paragraph (a) exceed $500,000,000, (ii) each such requested increase shall be in a minimum principal amount of $50,000,000, (iii) each Designated Lender shall (A) be subject to the approval of the Administrative Agent, each LC Issuing Bank and each Swing Line Bank (which approval shall not be unreasonably withheld or delayed) and (B) if not an existing Lender, execute all such documentation as the Administrative Agent shall reasonably specify to evidence the Commitment or Commitments of such Designated Lender and/or its status as a Lender hereunder, and (iv) immediately prior to and immediately after giving effect to such proposed increase, no Default or Event of Default shall have occurred and be continuing. Extensions of new Commitments and increases in existing Commitments pursuant to this paragraph (a) shall become effective on the date specified in the applicable notice delivered by the Borrower. The Borrower shall deliver (i) a certificate signed by a duly authorized officer of the Borrower to the Administrative Agent, dated as of the effective date of such additional Commitments, stating that all representations and warranties of the Borrower set forth in Article IV (other than the representations and warranties set forth in Sections 4.04 and 4.05(b)) (with all references in such Article to a Borrowing or Swing Line Borrowing being deemed to be references to the increase of the Commitments) are true in all material respects as if made on and as of such effective date (other than with respect to any representation and warranty that expressly relates to an earlier date, in which case such representation and warranty shall be true in all material respects as of such earlier date, and except for any representation and warranty that is qualified by materiality or reference to Material Adverse Change, in which case such representation and warranty shall be true in all respects as of such earlier date), (ii) evidence of appropriate corporate authorization on the part of the Borrower with respect to the increase in the Commitments and (iii) if requested by a Designated Lender, such opinions of counsel for the Borrower with respect to the increase in the Commitments as the Administrative Agent may reasonably request. Any Lender or any other financial institution offered or approached to provide all or a portion of any increase in the Commitment pursuant to this paragraph (a) may elect or decline, in its sole discretion, to provide such Commitment.

(b) The Outstanding Credits will be reallocated on the effective date of such increase among the Lenders in accordance with their revised Pro Rata Shares (and, with respect to any outstanding Advances, the Lenders agree to make all payments and adjustments necessary to effect the reallocation and the Borrower shall pay any and all costs required pursuant to Section 2.13 in connection with such reallocation as if such reallocation were a repayment). Prepayments made under this paragraph (b) shall not be subject to the notice or minimum amount requirements of Section 2.12.

(c) Promptly following the effective date of any Commitment increase pursuant to this Section 2.05, the Administrative Agent shall distribute an amended Schedule I to this Agreement (which shall thereafter be incorporated into this Agreement) to reflect any changes in Lenders, the Commitments and each Lender's Pro Rata Percentage as of such effective date.

Section 2.06 Maturity of Advances; Extension and Termination of Commitment.

(a) Each outstanding Advance shall mature, and the principal amount thereof shall be due and payable in full, and the Commitments and the Swing Line Commitments shall terminate, on the Termination Date.

(b) The Borrower may request up to two one-year extensions of the Termination Date in effect on the date of any such request (the "***Current Termination Date***") (notice of the exercise of which shall be given by the Borrower to the Administrative Agent in writing at least 30 days prior to any anniversary of the Closing Date). Upon the delivery of such a written request by an authorized officer of the Borrower (an "***Extension Request***"), the Administrative Agent promptly shall deliver a copy of such Extension Request to each of the Lenders. Each Lender, acting in its sole discretion, shall by notice made in writing and delivered to the Administrative Agent on a Business Day not more than 30 days following the date of such Extension Request, advise the Administrative Agent whether such Lender agrees to such extension (each Lender agreeing to an Extension Request within such timeframe being referred to herein as an "***Extending Lender***", and each Lender declining to agree to an Extension Request within such timeframe being referred to herein as a "***Non-Extending Lender***"). Any Lender which has not provided written notice to the Administrative Agent indicating whether such Lender agrees to the requested Extension Request prior to the 30th day following the date of such Extension Request shall be deemed to be a Non-Extending Lender. The election of any Lender to agree to such extension shall not obligate any other Lender to agree.

(c) If Lenders constituting the Required Lenders shall not have agreed to the Extension Request on or prior to the 30th day following the date of such Extension Request, then the Current Termination Date shall not be so extended, the principal amount of all Advances and all other amounts payable under this Agreement shall be payable in full and the Commitment shall terminate on the Current Termination Date.

(d) If Lenders constituting the Required Lenders shall have agreed to the Extension Request on or prior to the 30th day following the date of such Extension Request (such date, the "***Extension Date***"), then the Termination Date applicable to Extending Lenders shall be extended to be the day that is one year after the Current Termination Date. In the event of such extension, (w) the Commitments of each Non-Extending Lender shall terminate on the Current Termination Date, (x) the principal amount of all Advances and other amounts payable to each Non-Extending Lender under this Agreement shall be payable in full on the Current Termination Date, (y) the Lenders' aggregate Commitment shall be reduced by the amount of the Commitment of each Non-Extending Lender unless such Non-Extending Lender is replaced pursuant to paragraph (e) below and (z) the outstanding Reimbursement Obligations will be reallocated on the Current Termination Date among the Extending Lenders in accordance with their revised Pro Rata Shares (and the Lenders agree to make all payments and adjustments necessary to effect the reallocation). Prepayments made under this paragraph (d) shall not be subject to the notice requirements of Section 2.12.

(e) In the event that the Termination Date is extended under paragraph (d) above, the Borrower shall have the right, on or before the Current Termination Date, at the Borrower's sole expense and effort, to require any Non-Extending Lender to assign to one or more Eligible Assignees all of its rights and obligations under this Agreement; provided, that such assignment shall be in accordance with, and subject to the requirements and restrictions contained in Section 7.05.

(f) Notwithstanding any of the foregoing provisions of this Section 2.06, no extension of the Termination Date shall become effective for any Lender unless, on the Extension Date, (i) the conditions set forth in Sections 3.02(b) and 3.02(c) (with all references in such Sections to a Borrowing or Swing Line Borrowing being deemed to be references to the extension of the Termination Date) shall be satisfied, and the Administrative Agent shall have received a certificate to that effect, dated the Extension Date and executed on behalf of the Borrower by a Responsible Officer of the Borrower, and (ii) the Administrative Agent shall have received copies (certified to be true and complete by a Responsible Officer of the Borrower) of all governmental approvals (if any) required for each of the Borrower and the Parent in connection with such extension.

Section 2.07 Evidence of Advances.

(a) Each Lender shall maintain an account or accounts evidencing each Advance made by such Lender to the Borrower from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time under this Agreement. Each Lender will make reasonable efforts to maintain the accuracy of its account or accounts, and to update promptly its account or accounts from time to time, as necessary.

(b) The Administrative Agent shall maintain the Register pursuant to Section 7.05(c) and a subaccount for each Lender, in which Register and subaccounts (taken together) shall be recorded (i) the date, amount and Interest Period, if applicable, of each Advance, and whether such Advance is a Base Rate Advance, a Eurodollar Rate Advance or a Swing Line Advance, (ii) the amount of any principal or interest due and payable or to become due and payable to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from or for the account of the Borrower and each Lender's percentage share thereof. The Administrative Agent will make reasonable efforts to maintain the accuracy of the subaccounts referred to in the preceding sentence and to update promptly such subaccounts from time to time, as necessary.

(c) The entries made in the Register and subaccounts maintained pursuant to Section 2.07(b), to the extent permitted by applicable law, shall be prima facie evidence of the existence and amounts of such obligations of the Borrower therein recorded; provided, that the failure of the Administrative Agent or any Lender to maintain any such Register, subaccount or account, as applicable, or any error therein, shall not in any manner affect the obligations of the Borrower to repay the Advances in accordance with the terms thereof.

(d) Upon the request of any Lender, which request shall be made through the Administrative Agent to the Borrower, the Borrower shall deliver to such Lender a duly executed Note in the form of Exhibit D with appropriate insertions as to dates and principal amounts.

Section 2.08 Interest Rates.

(a) The Borrower shall pay interest on the unpaid principal amount of each Advance from and including the date of such Advance to but excluding the date such Advance shall be paid in full (provided, that if the principal amount of any Advance is borrowed and repaid on the same day, the Borrower shall pay interest on such principal amount at the applicable interest rate for such day), at the following rates per annum:

(i) if such Advance is a Base Rate Advance, a variable rate per annum equal at all times to the Base Rate in effect from time to time plus the Applicable Percentage, payable quarterly in arrears on each Payment Date while such Base Rate Advance is outstanding, on the date of each prepayment to the extent required by Section 2.11(a) or 2.12, as applicable, and on the date such Base Rate Advance shall be Converted or paid in full;

(ii) if such Advance is a Eurodollar Rate Advance, a fixed rate per annum during each Interest Period for such Eurodollar Rate Advance equal to the Eurodollar Rate for such Interest Period plus the Applicable Percentage, payable on the last day of the Interest Period (and, in the case of any Interest Period of more than three months' duration, on each day that occurs during such Interest Period every three months after the first day of such Interest Period), on the date of each prepayment to the extent required by Section 2.11(a) or 2.12, as applicable, and on the date such Eurodollar Rate Advance shall be Converted or paid in full; and

(iii) if such Advance is a Swing Line Advance, at the election of the Borrower, a variable rate per annum equal to (A) the LIBOR Market Index Rate plus the Applicable Percentage for Eurodollar Rate Advances or (B) the Base Rate in effect from time to time plus the Applicable Percentage for Base Rate Advances, in each case, payable quarterly in arrears on each Payment Date while such Swing Line Advance is outstanding, on the date of each prepayment to the extent required by Section 2.11(b) or 2.12, as applicable, and on the date such Swing Line Advance shall be paid in full.

(b) Subject to Section 7.02, (i) immediately upon the occurrence and during the continuance of an Event of Default under Section 6.01(a), 6.01(g) or 6.01(h) (in the case of Section 6.01(g) and 6.01(h), with respect to the Borrower and the Parent only), or (ii) at the election of the Required Lenders, upon the occurrence and during the continuance of any other Event of Default, (A) all outstanding Eurodollar Rate Advances shall bear interest at a rate per annum of two percent (2%) in excess of the rate (including the Applicable Percentage) then applicable to Eurodollar Rate Advances until the end of the applicable Interest Period and thereafter at a rate equal to two percent (2%) in excess of the rate (including the Applicable Percentage) then applicable to Base Rate Advances, (B) all outstanding Base Rate Advances and other Obligations shall bear interest at a rate per annum equal to two percent (2%) in excess of the rate (including the Applicable Percentage) then applicable to Base Rate Advances or such other Obligations and (C) all accrued and unpaid interest shall be due and payable on demand of the Administrative Agent. Interest shall continue to accrue on the Obligations after the filing by the Borrower (as to itself) or against the Borrower (as a debtor) of any petition seeking any relief in bankruptcy or under any act or law pertaining to insolvency or debtor relief, whether state, federal or foreign.

(c) Upon the request of the Borrower, the Administrative Agent shall provide the Borrower with evidence of the amount of the Eurodollar Rate Reserve Percentage currently in effect.

Section 2.09 Fees.

(a) Except as set forth in Section 2.24, the Borrower shall pay the Administrative Agent, for the ratable benefit of the Lenders, a facility fee (the "***Facility Fee***") equal to the product of (i) the average daily amount of the Commitments (regardless of usage), multiplied by (ii) a per annum percentage equal to the Applicable Percentage in effect from time to time. The Facility Fee shall accrue from and including the Closing Date to but excluding the Termination Date and shall be payable in arrears on each Payment Date. Subject to Section 2.24(a)(iii), the Administrative Agent shall, promptly following its receipt thereof, distribute to each Lender all Facility Fees received pursuant to this Section 2.09(a) in accordance with their respective Pro Rata Percentages.

(b) Except as set forth in Section 2.24, the Borrower shall pay to the Administrative Agent for the account of each Lender a fee (the "***LC Fee***") with respect to each Letter of Credit in the amount equal to the daily amount available to be drawn under such Letter of Credit multiplied by the Applicable Percentage with respect to Eurodollar Rate Advances (determined on a per annum basis), payable in arrears on each Payment Date. Subject to Section 2.24(a)(iii), the Administrative Agent shall, promptly following its receipt thereof, distribute to each Lender all LC Fees received pursuant to this Section 2.09(b) in accordance with their respective Pro Rata Percentages.

(c) The Borrower shall pay to each LC Issuing Bank such normal and customary costs and expenses as are incurred or charged by such LC Issuing Bank in issuing, effecting payment under, amending or otherwise administering any letter of credit as may be separately agreed between the Borrower and such LC Issuing Bank.

(d) In addition to the fees provided for in paragraphs (a) through (c) above, the Borrower shall pay to the Administrative Agent, for the account of the Administrative Agent and the Joint Lead Arrangers, and to each LC Issuing Bank party thereto such other fees as are provided for in the Fee Letters.

Section 2.10 Termination or Reduction of Commitment.

(a) The Borrower may, upon at least three (3) Business Days' notice to the Lenders, terminate at any time, or reduce from time to time, in each case without premium or penalty, by an aggregate amount of at least $5,000,000 (and integrals of $1,000,000 in excess thereof), the Commitment, the LC Commitment or the Swing Line Commitment.

(b) All accrued Facility Fees (as provided under Section 2.09) on the Commitment (in the case of a termination of the Commitment) or on the portion of the Commitment being reduced (in the case of a reduction of the Commitment) under this Section 2.10 shall be payable on the effective date of such reduction or termination.

(c) The Borrower hereby agrees to repay the outstanding principal amount of (i) all Advances in full on the Termination Date, (ii) all Swing Line Advances in accordance with Section 2.03(c)(iv) (but, in any event, no later than the Termination Date) and (iii) all other Obligations in full on the Termination Date, together with, in each case, without duplication, all accrued but unpaid interest thereon in accordance with this Agreement.

Section 2.11 Mandatory Prepayments.

(a) On each date on which the Commitment is reduced pursuant to Section 2.10, the Borrower shall repay or prepay such principal amount of the outstanding Advances, if any (together with accrued interest thereon to the date of prepayment and any compensation payable pursuant to Section 2.13), and/or deposit funds in the Cash Collateral Account in respect of undrawn Letters of Credit outstanding on such date, as may be necessary so that after such payment and/or deposit, the Outstanding Credits do not exceed the amount of the Commitment as then reduced.

(b) On each date on which the Swing Line Commitments are reduced pursuant to Section 2.10, the Borrower shall repay or prepay such principal amount of the outstanding Swing Line Advances, if any (together with accrued interest thereon to the date of prepayment), as may be necessary so that after such payment the aggregate unpaid principal amount of Swing Line Advances does not exceed the amount of the Swing Line Commitments as then reduced.

(c) On each date on which the LC Commitments are reduced pursuant to Section 2.10, the Borrower shall provide Cash Collateral for each LC Issuing Bank in an amount equal to the amount by which the LC Outstandings for all Letters of Credit issued by such LC Issuing Bank exceeds the LC Commitment of such LC Issuing Bank as then reduced, if any.

Section 2.12 Optional Prepayments. The Borrower may, upon notice delivered to the Administrative Agent not later than 11:00 A.M. (a) on the date of prepayment in the case of any Base Rate Advance or Swing Line Advance, and (b) at least three (3) Business Days prior to such date in the case of any Eurodollar Rate Advance, prepay any such Advance, without premium or penalty, in whole at any time, or from time to time in part in amounts aggregating at least $5,000,000 (and integrals of $1,000,000 in excess thereof) by paying the principal amount to be prepaid together with accrued interest thereon to the date of prepayment and any compensation payable pursuant to Section 2.13.

Section 2.13 Compensation after Prepayment or Conversion. The Borrower shall, upon the demand of any Lender, pay to such Lender any amounts which are required to compensate such Lender for any losses (excluding losses of anticipated profits), costs or expenses incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund or maintain any Eurodollar Rate Advance, or from fees payable to terminate the deposits from which such funds were obtained, which may arise as a result of the optional or mandatory prepayment or Conversion of any Eurodollar Rate Advance, on any date other than the last day of the applicable Interest Period, or the failure to prepay any Advance on the date of prepayment specified in any notice of prepayment, except if arising in connection with a Lender becoming a Defaulting Lender and the replacement of such Lender pursuant to Section 2.23(b) or the termination of the Commitment of such Lender pursuant to Section 2.24(d). The amount of such loss or expense shall be determined, in the applicable Lender's sole discretion, based upon the assumption that such Lender funded its Pro Rata Share of the Eurodollar Rate Advances in the London interbank market and using any reasonable attribution or averaging methods which such Lender deems appropriate and practical. A certificate of such Lender setting forth in reasonable detail the basis for determining such amount or amounts necessary to compensate such Lender delivered by such Lender to the Administrative Agent no later than twelve (12) months after the event giving rise to the claim for compensation (except that, if the Change in Law giving rise to such claim is retroactive, then the twelve-month period referred to above shall be extended to include the period of retroactive effect thereof) shall be promptly forwarded to the Borrower through the Administrative Agent and shall be conclusively presumed to be correct save for manifest error. Unless otherwise provided herein, the amount specified in the written statement of any Lender shall (unless the subject of a good faith dispute by the Borrower) be payable within fifteen (15) days after demand and receipt by the Borrower of such written statement, unless such Lender shall have failed to timely give notice of such claim for compensation as provided herein, in which event the Borrower shall not have any obligation to pay such claim.

Section 2.14 General Provisions as to Payments.

(a) The Borrower shall make each payment of principal of, and interest on, the Advances, the LC Fee and the Facility Fees hereunder not later than 1:00 P.M. on the date when due in federal or other funds immediately available without setoff or counterclaim to the Administrative Agent for the account of each Lender at its Lending Office. Upon receipt by the Administrative Agent of each such payment, the Administrative Agent shall distribute to each Lender, at its Lending Office, its Pro Rata Share of such payment, including each Lender's Pro Rata Share of Swing Line Advances purchased by such Lender in accordance with Section 2.03(d). If and to the extent that the Administrative Agent shall not have so distributed to any

Lender, at its Lending Office, its Pro Rata Share of such payment, the Administrative Agent agrees to pay to such Lender forthwith on demand such amount together with interest thereon, for each day from the date of demand by such Lender until the date such amount is paid to such Lender, at the Federal Funds Rate.

(b) Subject to the qualifications set forth in the definition of “Interest Period”, whenever any payment of principal of, or interest on, the Advances or of Facility Fees or the LC Fee payable hereunder shall be due on a day that is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day. If the date for any payment of principal is extended by operation of law or otherwise, interest thereon shall be payab1e for such extended time.

Section 2.15 Computation of Interest and Fees. All computations of interest for Base Rate Advances and Swing Line Advances determined by reference to the Base Rate, in each case when the Base Rate is determined by the Prime Rate shall be made on the basis of a year of 365 or 366 days, as the case may be, and actual days elapsed. All other computations of fees and interest provided hereunder shall be made on the basis of a 360-day year and actual days elapsed.

Section 2.16 Compensation, Additional Interest.

(a) Increased Costs Generally. If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender (except any reserve requirement reflected in the Eurodollar Rate), any Swing Line Bank or any LC Issuing Bank;

(ii) subject any Recipient to any Taxes (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of “Excluded Taxes” and (C) Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii) impose on any Lender, any Swing Line Bank or any LC Issuing Bank or the London interbank market any other condition, cost or expense (other than Taxes) affecting this Agreement or Advances made by such Lender, Swing Line Bank or any Letter of Credit or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lender, Swing Line Bank or such other Recipient of making, Converting to, Continuing or maintaining any Advance or of maintaining its obligation to make any such Advance, or to increase the cost to such Lender, such Swing Line Bank, such LC Issuing Bank or such other Recipient of participating in, issuing or maintaining any Letter of Credit (or of maintaining its obligation to participate in or to issue any Letter of Credit), or to reduce the amount of any sum received or receivable by such Lender, Swing Line Bank, LC Issuing Bank or other Recipient hereunder with respect to such Advance or Letter of Credit (whether of principal, interest or any other amount) then, upon request of such Lender, Swing Line Bank, LC Issuing Bank or other Recipient, the Borrower will pay to such Lender, Swing Line Bank, LC Issuing Bank or other Recipient, as the case may be, such additional amount or amounts as will compensate such Lender, Swing Line Bank, LC Issuing Bank or other Recipient, as the case may be, for such additional costs incurred or reduction suffered.

(b) Capital Requirements. If any Lender, Swing Line Bank or LC Issuing Bank determines that any Change in Law affecting such Lender, Swing Line Bank, or LC Issuing Bank or any lending office of such Lender, such Swing Line Bank or such Lender's, Swing Line Bank's or LC Issuing Bank's holding company, if any, regarding capital or liquidity requirements, has or would have the effect of reducing the rate of return on such Lender's, Swing Line Bank's or LC Issuing Bank's capital or on the capital of such Lender's, Swing Line Bank's or LC Issuing Bank's holding company, if any, as a consequence of this Agreement, the Commitments of such Lender, the Swing Line Commitments of such Swing Line Bank or the Advances made by, or participations in Letters of Credit or Swing Line Advance held by, such Lender, or the Letters of Credit issued by any LC Issuing Bank, to a level below that which such Lender, Swing Line Bank or LC Issuing Bank or such Lender's, Swing Line Bank's or LC Issuing Bank's holding company could have achieved but for such Change in Law (taking into consideration such Lender's, Swing Line Bank's or LC Issuing Bank's policies and the policies of such Lender's, Swing Line Bank's or LC Issuing Bank's holding company with respect to capital adequacy), then from time to time the Borrower will pay to such Lender, Swing Line Bank or LC Issuing Bank, as the case may be, such additional amount or amounts as will compensate such Lender, Swing Line Bank or LC Issuing Bank or such Lender's, Swing Line Bank's or LC Issuing Bank's holding company for any such reduction suffered.

(c) Certificates for Reimbursement. A certificate of a Lender, Swing Line Bank, LC Issuing Bank or other Recipient setting forth in reasonable detail the basis, method and calculations upon which such Lender, Swing Line Bank, LC Issuing Bank or other Recipient determined the amount or amounts necessary to compensate such Lender, Swing Line Bank, LC Issuing Bank, other Recipient or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section and delivered to the Borrower, shall be conclusive absent manifest error. The Borrower shall pay such Lender, Swing Line Bank or LC Issuing Bank, as the case may be, the amount shown as due on any such certificate within 15 days after receipt thereof.

(d) Delay in Requests. Failure or delay on the part of any Lender, Swing Line Bank, LC Issuing Bank or other Recipient to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's, Swing Line Bank's, LC Issuing Bank's or other Recipient's right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender, Swing Line Bank, LC Issuing Bank or other Recipient pursuant to this Section for any increased costs incurred or reductions suffered more than four (4) months prior to the date that such Person notifies the Borrower of the Change in Law giving rise to such increased costs or reductions, and of such Person's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the four-month period referred to above shall be extended to include the period of retroactive effect thereof).

(e) Subject to the requirements of Section 7.05(e), the provisions of this Section 2.16 shall be applicable with respect to any Participant or Assignee, and any calculations required by such provisions shall be based upon the circumstances of such Participant or Assignee.

Section 2.17 Taxes.

(a) Defined Terms. For purposes of this Section 2.17, the term “Lender” includes any LC Issuing Bank and the term “applicable law” includes FATCA.

(b) Payments Free of Taxes. Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by applicable law. If any applicable law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with applicable law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c) Payment of Other Taxes by the Borrower. The Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) Indemnification by the Borrower. The Borrower shall indemnify each Recipient, within 15 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate (together with a copy of the applicable documents from the Governmental Authority imposing such Indemnified Taxes) as to the amount of such payment or liability and setting forth in reasonable detail the basis for such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 7.05(e) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (e).

(f) Evidence of Payments. As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section 2.17, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) Status of Lenders. (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Sections 2.17(g)(ii)(A), 2.17(g)(ii)(B) and 2.17(g)(ii)(D)) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing:

(A) any Lender that is a U.S. Person shall deliver to the Borrower and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax;

(B) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), whichever of the following is applicable:

(1) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

(2) executed copies of IRS Form W-8ECI;

(3) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit F-1 to the effect that such Foreign Lender is not a "bank" within the meaning of Section 881(c)(3)(A) of the Code, a "10 percent shareholder" of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or a "controlled foreign corporation" described in Section 881(c)(3)(C) of the Code (a "***U.S. Tax Compliance Certificate***") and (y) executed copies of IRS Form W-8BEN; or

(4) to the extent a Foreign Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-2 or Exhibit F-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit F-4 on behalf of each such direct and indirect partner;

(C) any Foreign Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), executed copies of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(D) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (D), "FATCA" shall include any amendments made to FATCA after the Closing Date.

Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) Treatment of Certain Refunds. If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 2.17 (including by the payment of additional amounts pursuant to this Section 2.17), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all reasonable out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this paragraph (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this paragraph (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) Survival. Each party's obligations under this Section 2.17 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, Swing Line Bank or LC Issuing Bank, the termination of the Commitments, Swing Line Commitments and LC Commitments, and the repayment, satisfaction or discharge of all obligations under any Loan Document.

Section 2.18 Changed Circumstances.

(a) Circumstances Affecting LIBOR Rate Availability. In connection with any request for a Eurodollar Rate Advance, a LIBOR Market Index Rate Advance or a Base Rate Advance as to which the interest rate is determined with reference to the LIBOR Market Index Rate or a Conversion to or Continuation thereof, if for any reason (i) the Administrative Agent shall determine (which determination shall be conclusive and binding absent manifest error) that Dollar deposits are not being offered to banks in the London interbank Eurodollar market for the applicable amount and Interest Period of such Advance, (ii) the Administrative Agent shall determine (which determination shall be conclusive and binding absent manifest error) that any of the means set forth in the definition of “LIBOR” or “LIBOR Market Index Rate” do not exist for ascertaining the Eurodollar Rate for such Interest Period with respect to a proposed Eurodollar Rate Advance, any LIBOR Market Index Rate Advance or any Base Rate Advance as to which the interest rate is determined with reference to the LIBOR Market Index Rate or (iii) the Required Lenders shall determine (which determination shall be conclusive and binding absent manifest error) that the Eurodollar Rate does not adequately and fairly reflect the cost to such Lenders of making or maintaining such Advances during such Interest Period, or the LIBOR Market Index Rate does not adequately and fairly reflect the cost to such Lenders or Swing Line Banks, as applicable, of making or maintaining such Advances, then the Administrative Agent shall promptly give notice thereof to the Borrower. Thereafter, until the Administrative Agent notifies the Borrower that such circumstances no longer exist, the obligation of the Lenders to make Eurodollar Rate Advances, LIBOR Market Index Rate Advances or Base Rate Advances as to which the interest rate is determined with reference to the LIBOR Market Index Rate and the right of the Borrower to Convert any Advance to or Continue any Advance as a Eurodollar Rate Advance, LIBOR Market Index Rate Advance or a Base Rate Advance as to which the interest rate is determined with reference to the LIBOR Market Index Rate shall be suspended, and the Borrower shall either (i) without regard to notice or minimum amount requirements set forth in Section 2.12, repay in full (or cause to be repaid in full) the then outstanding principal amount of each such Advance together with accrued interest thereon (subject to Section 2.15), on the last day of the then current Interest Period applicable to such Advance; or (ii) Convert the then outstanding principal amount of each such Advance to a Base Rate Advance as to which the interest rate is not determined by reference to the LIBOR Market Index Rate as of the last day of such Interest Period.

(b) Laws Affecting LIBOR Rate Availability. If any Change in Law shall make it unlawful or impossible for any of the Lenders (or any of their respective Lending Offices) to honor its obligations hereunder to make or maintain any Eurodollar Rate Advance, any LIBOR Market Index Rate Advance or any Base Rate Advance as to which the interest rate is determined by reference to the LIBOR Market Index Rate (such Lenders so affected, the “***Affected Lenders***”), such Affected Lenders shall promptly give notice thereof to the Administrative Agent and the Administrative Agent shall promptly give notice to the Borrower and the other Lenders. Thereafter, until the Administrative Agent notifies the Borrower that such circumstances no longer exist, (i) the obligations of the Affected Lenders to make their respective portions of Eurodollar Rate Advances, LIBOR Market Index Rate Advances or Base Rate Advances as to which the interest rate is determined by reference to the LIBOR Market Index Rate, and the right of the Borrower to Convert such Affected Lenders’ portion of any Advance to a Eurodollar Rate Advance or Continue such Affected Lenders’ portion of any

Advance as a Eurodollar Rate Advance, LIBOR Market Index Rate Advance or a Base Rate Advance as to which the interest rate is determined by reference to the LIBOR Market Index Rate shall be suspended and thereafter the Borrower may select only Base Rate Advances as to which the interest rate is not determined by reference to the LIBOR Market Index Rate hereunder with respect to such Affected Lenders' portion of any Advances, (ii) such Affected Lenders' portion of all Base Rate Advances shall cease to be determined by reference to the LIBOR Market Index Rate and (iii) if such Affected Lenders may not lawfully continue to maintain a Eurodollar Rate Advance or a LIBOR Market Index Rate Advance to the end of the then current Interest Period applicable thereto, such Affected Lenders' portion of the applicable Advance shall immediately be Converted to a Base Rate Advance as to which the interest rate is not determined by reference to the LIBOR Market Index Rate for the remainder of such Interest Period.

Section 2.19 Conversion of Advances.

(a) The Borrower may on any Business Day, upon notice given to the Administrative Agent not later than 11:00 A.M. on the third Business Day prior to the date of any proposed Conversion into or Continuation as Eurodollar Rate Advances and on the Business Day of any proposed Conversion into Base Rate Advances subject to the provisions of Section 2.18, Convert all Advances of one Type into Advances of another Type or Types or Continue Advances of the same Type having the same or a new Interest Period; provided that no Advance shall be Converted to or Continued as a Eurodollar Rate Advance if any Event of Default shall have occurred and be continuing. Each such notice of a Conversion or Continuation shall, within the restrictions specified above, specify (i) the date of such Conversion or Continuation, (ii) the Advances to be Converted or Continued and (iii) with respect to any Continuation, or if such Conversion is into, or with respect to Eurodollar Rate Advances, the duration of the Interest Period for each such Advance.

(b) If the Borrower shall fail to select the Type of any Advance or the duration of any Interest Period for any Eurodollar Rate Advance in accordance with the provisions contained in the definition of "Interest Period" and Section 2.19(a) or if any proposed Conversion of an Advance to a Eurodollar Rate Advance upon Conversion shall not occur as a result of the circumstances described in Section 2.18 or 2.19(c), such Advance will automatically, on the last day of the then-existing Interest Period therefor, Convert into a Base Rate Advance.

(c) Each notice of Conversion or Continuation given pursuant to Section 2.19(a) shall be irrevocable and binding on the Borrower. In the case of any Advance that is to be Converted to a Eurodollar Rate Advance, the Borrower shall indemnify the Lenders against any loss, cost or expense incurred by the Lenders as a result of any failure to fulfill on the date specified for such Conversion the applicable conditions set forth in Article III, including any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund such Eurodollar Rate Advance, upon such Conversion, when such Conversion, as a result of such failure, does not occur. The Borrower's obligations under this paragraph (c) shall survive the repayment of all other amounts owing to the Lenders under this Agreement and the other Loan Documents and the termination of the Commitment.

(d) References in this Section 2.19 to "Advances" and "Types of Advances" shall not include the Swing Line Advances.

Section 2.20 Set off. Each Lender, Swing Line Bank and LC Issuing Bank may at any time upon or after the occurrence and during the continuance of an Event of Default, and without notice to the Borrower, set-off against the obligations of the Borrower under this Agreement the whole or any portion or portions of any or all deposits and other sums credited by or due from such Lender, Swing Line Bank or LC Issuing Bank to the Borrower or subject to withdrawal by the Borrower, whether or not any other Person or Persons could also withdraw money therefrom; provided that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of Section 2.24 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent, the LC Issuing Banks, the Swing Line Banks and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the obligations owing to such Defaulting Lender pursuant to this Agreement as to which it exercised such right of setoff. The rights of each Lender, Swing Line Bank and LC Issuing Bank under this Section are in addition to other rights and remedies (including other rights of setoff) that such Lender or LC Issuing Bank may have in law or in equity. Each Lender, Swing Line Bank and LC Issuing Bank agrees to notify the Borrower and the Administrative Agent promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

Section 2.21 Pro Rata Treatment. Except to the extent otherwise provided herein:

(a) Each payment or prepayment of principal of any Advance, and each payment of interest on the Advances, shall be allocated first, to the payment or prepayment of principal of, or interest on, the Swing Line Advances (x) initially, if such payment is to satisfy the requirements of Section 2.03(c)(iv), to the applicable Swing Line Bank in accordance with Section 2.03(c)(iv) and (y) then, pro rata among the Swing Line Banks in accordance with the respective principal amounts of their outstanding Swing Line Advances; and second, pro rata among the Lenders in accordance with the respective principal amounts of their outstanding Advances. Each payment of the Facility Fee and the LC Fee, each reduction of the Commitments and each Conversion or extension of any Advance shall be allocated pro rata among the Lenders in accordance with their Pro Rata Percentages.

(b) Unless the Administrative Agent shall have been notified in writing by any Lender prior to a Borrowing that such Lender will not make the amount that would constitute its Pro Rata Share of such Borrowing available to the Administrative Agent, the Administrative Agent may assume that such Lender is making such amount available to the Administrative Agent, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrower severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (A) in the case of a payment to be made by such Lender, the greater of the Federal Funds Rate and a rate reasonably determined by the Administrative Agent in accordance with banking industry rules on interbank compensation and (B) in the case of a payment to be made by the Borrower, the interest rate applicable to the Advances made in connection with such Borrowing. If the Borrower and such Lender shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender pays its share of the applicable Borrowing to the Administrative Agent, then the amount so paid shall constitute such Lender's Advance included in such Borrowing. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(c) The obligations of the Lenders under this Agreement to make Advances and issue or participate in Letters of Credit are several and are not joint or joint and several. The failure of any Lender to make available its Pro Rata Share of any Advance requested by the Borrower shall not relieve it or any other Lender of its obligation, if any, hereunder to make its Pro Rata Share of such Advance available on the borrowing date, but no Lender shall be responsible for the failure of any other Lender to make its Pro Rata Share of such Advance available on the borrowing date.

Section 2.22 Sharing of Payments. The Lenders agree among themselves that, in the event that any Lender shall obtain payment in respect of any Advance or any other obligation owing to such Lender under this Agreement through the exercise of a right of set-off, banker's lien or counterclaim, or pursuant to a secured claim under Section 506 of Title 11 of the United States Code or other security or interest arising from, or in lieu of, such secured claim, received by such Lender under any applicable bankruptcy, insolvency or other similar law or otherwise, or by any other means, in excess of its Pro Rata Share of such payment as provided for in this Agreement, such Lender shall promptly purchase from the other Lenders a Participation Interest in such Advances and other obligations in such amounts, and make such other adjustments from time to time, as shall be equitable to the end that all Lenders share such payment in accordance with their respective ratable shares as provided for in this Agreement. The Lenders further agree among themselves that if payment to a Lender obtained by such Lender through the exercise of a right of set-off, banker's lien, counterclaim or other event as aforesaid shall be rescinded or must otherwise be restored, each Lender which shall have shared the benefit of such payment shall, by repurchase of a Participation Interest theretofore sold, return its share of that benefit (together with its share of any accrued interest payable with respect thereto) to each Lender whose payment shall have been rescinded or otherwise restored. The Borrower agrees that any Lender so purchasing such a Participation Interest may, to the fullest extent permitted by law, exercise all rights of payment, including set-off, banker's lien or counterclaim, with respect to such Participation Interest as fully as if such Lender were a holder of such Advance or other obligation in the amount of such Participation Interest. Except as otherwise expressly provided in this Agreement, if any Lender or the Administrative Agent shall fail to remit to the Administrative Agent or any other Lender an amount payable by such Lender or the Administrative Agent to the Administrative Agent or such other Lender pursuant to this Agreement on the date when such amount is due, such payments shall be made together with interest thereon for each date from the date such amount is due until the date such amount is paid to the Administrative Agent or such other Lender at a rate per annum equal to the Federal Funds Rate. If under any applicable bankruptcy, insolvency or other similar law, any Lender receives a secured claim in lieu of a set-off to which this Section 2.22 applies, such Lender shall, to the extent practicable, exercise its rights in respect of such secured claim in a manner consistent with the rights of the Lenders under this Section 2.22 to share in the benefits of any recovery on such secured claim. The provisions of this Section 2.22 shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from the existence of a Defaulting Lender), (B) the application of Cash Collateral provided for in Section 2.25 or (C) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Advances or participations in Swing Line Advances and Letters of Credit to any assignee or participant.

Section 2.23 Mitigation of Obligations; Replacement of Lenders.

(a) Designation of a Different Lending Office. If any Lender requests compensation under Section 2.16, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17, or any Lender delivers notice pursuant to Section 2.18(b), then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different lending office for funding or booking its Advances hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.16 or 2.17, as the case may be, in the future, or would eliminate or reduce the effect of any Change in Law that resulted in such notice having been delivered by such Lender pursuant to Section 2.18(b), and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) Replacement of Lenders. If any Lender requests compensation under Section 2.16, or if the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.17 and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with Section 2.23(a), or if any Lender is a Defaulting Lender, Affected Lender or a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 7.05(b)), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.16 or 2.17) and obligations under this Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that:

(i) the Borrower shall have paid (or caused to be paid) to the Administrative Agent the assignment fee (if any) specified in Section 7.05 (b)(iv);

(ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Advances and participations in Letters of Credit, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under Section 2.13 as though such assignment were a prepayment) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(iii) in the case of any such assignment resulting from a claim for compensation under Section 2.16 or payments required to be made pursuant to Section 2.17, such assignment will result in a reduction in such compensation or payments thereafter;

(iv) such assignment does not conflict with applicable law;

(v) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent; and

(vi) in the case of any assignment resulting from a Lender becoming an Affected Lender, the Borrower shall have required all such Affected Lenders to assign all such interests, rights and obligations to an assignee (or assignees) that is not an Affected Lender.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

Section 2.24 Defaulting Lenders.

(a) Defaulting Lender Adjustments. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(i) *Waivers and Amendments*. Such Defaulting Lender's right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in the definition of "Required Lenders" and Section 7.04.

(ii) *Defaulting Lender Waterfall*. Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VI or otherwise, and including any amounts made available to the Administrative Agent by such Defaulting Lender pursuant to Section 2.20) shall be applied at such time or times as may be determined by the Administrative Agent as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second, to the payment on a pro rata basis of any amounts owing by such Defaulting Lender to any LC Issuing Bank or Swing Line Bank hereunder; third, subject to Section 2.24(a)(v), if so determined by the Administrative Agent or requested by any LC Issuing Bank or Swing Line Bank, to Cash Collateralize the LC Issuing Banks' and Swing Line Bank's Fronting Exposure with respect to such Defaulting Lender in accordance with Section 2.25; fourth, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Advance in respect of which such

Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; fifth, if so determined by the Administrative Agent and the Borrower, to be held in a non-interest bearing deposit account and released pro rata in order to (x) satisfy such Defaulting Lender's potential future funding obligations with respect to Advances under this Agreement and (y) Cash Collateralize the LC Issuing Banks' future Fronting Exposure with respect to such Defaulting Lender with respect to future Letters of Credit issued under this Agreement, in accordance with Section 2.25; sixth, to the payment of any amounts owing to the Lenders, the LC Issuing Banks or the Swing Line Banks as a result of any judgment of a court of competent jurisdiction obtained by any Lender, any LC Issuing Bank or any Swing Line Bank against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; seventh, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and eighth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if (x) such payment is a payment of the principal amount of any Advances or LC Disbursements in respect of which such Defaulting Lender has not fully funded its appropriate share, and (y) such Advances were made or the related Letters of Credit were issued at a time when the conditions set forth in Section 3.02 were satisfied or waived, such payment shall be applied solely to pay the Advances of and LC Disbursements owed to, all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Advances of, or LC Disbursements owed to, such Defaulting Lender. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post Cash Collateral pursuant to this Section 2.24(a)(ii) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) *Certain Fees*. (A) Such Defaulting Lender shall be entitled to receive a Facility Fee for any period during which that Lender is a Defaulting Lender only to extent allocable to the sum of (1) the aggregate outstanding principal amount of the Base Rate Advances and Eurodollar Rate Advances funded by it, and (2) its Pro Rata Percentage of the stated amount of Letters of Credit and Swing Line Advances for which it has provided Cash Collateral pursuant to Section 2.25.

(B) Such Defaulting Lender shall be entitled to receive LC Fees for any period during which that Lender is a Defaulting Lender only to the extent allocable to its Pro Rata Percentage of the stated amount of Letters of Credit for which it has provided Cash Collateral pursuant to Section 2.25.

(C) With respect to any Facility Fee or LC Fee not required to be paid to any Defaulting Lender pursuant to sub-clause (A) or (B) above, the Borrower shall (x) pay to each Non-Defaulting Lender that portion of any such fee otherwise payable to such Defaulting Lender with respect to such Defaulting Lender's participation in LC Disbursements or Swing Line Advances that has been reallocated to such Non-Defaulting Lender pursuant to clause (iv) below, (y) pay to each LC Issuing Bank and Swing Line Bank, as applicable, the amount of any such fee otherwise payable to such Defaulting Lender to the extent allocable to such LC Issuing Bank's or Swing Line Bank's Fronting Exposure with respect to such Defaulting Lender, and (z) not be required to pay the remaining amount of any such fee.

(iv) *Reallocation of Participations to Reduce Fronting Exposure*. For purposes of computing the amount of each Non-Defaulting Lender's obligation to acquire, purchase, refinance or fund participations in Letters of Credit or Swing Line Advances pursuant to Sections 2.03 and 2.04, the "Pro Rata Percentage" and "Pro Rata Share" of each such Non-Defaulting Lender shall be computed without giving effect to the Commitment of any Defaulting Lender; provided that, (i) each such reallocation shall be given effect only if, at the date the applicable Lender becomes a Defaulting Lender, the conditions set forth in Section 3.02 are satisfied (and, unless the Borrower shall have otherwise notified the Administrative Agent at such time, the Borrower shall be deemed to have represented and warranted that such conditions are satisfied at such time); and (ii) the aggregate amount of each Non-Defaulting Lender's obligation to acquire, purchase, refinance or fund participations in Letters of Credit and Swing Line Advances shall not exceed the positive difference, if any, of (1) the Commitment of such Non-Defaulting Lender minus (2) the Outstanding Credits of such Non-Defaulting Lender.

(v) *Cash Collateral, Repayment of Swing Line Advances*. If the reallocation described in clause (iv) above cannot, or can only partially, be effected, the Borrower shall, without prejudice to any right or remedy available to it hereunder or under law, (x) first, at the Borrower's election, (A) prepay Swing Line Advances in an amount equal to the Swing Line Banks' Fronting Exposure or (B) Cash Collateralize the Swing Line Banks' Fronting Exposure in accordance with the procedures set forth in Section 2.25 and (y) second, Cash Collateralize the LC Issuing Banks' Fronting Exposure in accordance with the procedures set forth in Section 2.25.

(b) Defaulting Lender Cure. If the Borrower, the Administrative Agent, each Swing Line Bank and each LC Issuing Bank agree in writing that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), that Lender will, to the extent applicable, purchase at par that portion of outstanding Advances of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Advances and funded and unfunded participations in Letters of Credit and Swing Line Advances to be held pro rata by the Lenders in accordance with their Pro Rata Percentages (without giving effect to Section 2.24(a)(iv)), whereupon such Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder in any Lender's status from Defaulting Lender to Non-Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

(c) New Swing Line Advances/Letters of Credit. So long as any Lender is a Defaulting Lender, (i) no Swing Line Bank shall be required to fund any Swing Line Advances unless it is satisfied that it will have no Fronting Exposure after giving effect to such Swing Line Advance and (ii) no LC Issuing Bank shall be required to issue, extend, renew or increase any Letter of Credit unless it is satisfied that it will have no Fronting Exposure after giving effect thereto.

(d) Termination of Defaulting Lenders. The Borrower may terminate the unused amount of the Commitment of any Defaulting Lender upon not less than three (3) Business Days' prior notice to the Administrative Agent (which shall promptly notify the Lenders thereof), and in such event the provisions of Section 2.24(a)(ii) will apply to all amounts thereafter paid by the Borrower for the account of such Defaulting Lender under this Agreement (whether on account of principal, interest, fees, indemnity or other amounts); provided that such termination shall not be deemed to be a waiver or release of any claim the Borrower, the Administrative Agent, any LC Issuing Bank, any Swing Line Bank or any other Lender may have against such Defaulting Lender

(e) No Waiver. The rights and remedies against, and with respect to, a Defaulting Lender under this Section 2.24 are in addition to, and cumulative and not in limitation of, all other rights and remedies that the Administrative Agent and each Lender, each LC Issuing Bank, each Swing Line Bank or the Borrower may at any time have against, or with respect to, such Defaulting Lender. In particular, no reallocation under Section 2.24(a)(iv) shall constitute a waiver or release of any claim the Borrower, the Administrative Agent, any LC Issuing Bank, any Swing Line Bank or any Lender may have against a Defaulting Lender arising from such Lender having become a Defaulting Lender, including any claim of a Non-Defaulting Lender as a result of such Non-Defaulting Lender's increased Outstanding Credits following such reallocation.

Section 2.25 Cash Collateral.

(a) Defaulting Lenders Generally. At any time that there shall exist a Defaulting Lender, within two (2) Business Days following the written request of the Administrative Agent, any LC Issuing Bank (with a copy to the Administrative Agent), or any Swing Line Bank (with a copy to the Administrative Agent), the Borrower shall Cash Collateralize the LC Issuing Banks' Fronting Exposure or the Swing Line Bank's Fronting Exposure, as applicable, with respect to such Defaulting Lender (determined after giving effect to Section 2.24(a)(iv) and any Cash Collateral provided by such Defaulting Lender) in an amount equal to 100% of such Fronting Exposure.

(b) Grant of Security Interest. Each of the Borrower, and to the extent provided by any Defaulting Lender, such Defaulting Lender, hereby grants to the Administrative Agent, for the benefit of the LC Issuing Banks and the Swing Line Banks, as applicable, and agrees to maintain, a first priority security interest in all such Cash Collateral as security for the Defaulting Lenders' obligations to fund participations in respect of Letters of Credit and for the Defaulting Lenders' obligations to purchase their respective Pro Rata Shares in respect of Swing Line Advances, as applicable, to be applied pursuant to paragraph (c) below. If at any time the Administrative Agent determines that Cash Collateral is subject to any right or claim of any

Person other than the Administrative Agent, the Swing Line Banks and/or the LC Issuing Banks as herein provided, or that the total amount of such Cash Collateral is less than the outstanding Fronting Exposure, the Borrower or the applicable Defaulting Lender will, promptly upon demand by the Administrative Agent, pay or provide to the Administrative Agent additional Cash Collateral in an amount sufficient to eliminate such deficiency (in the case of the Borrower, after giving effect to any Cash Collateral provided by the Defaulting Lender).

(c) Application. Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under this Section 2.25 or Section 2.24 in respect of Letters of Credit shall be applied to the satisfaction of the applicable Defaulting Lender's obligation to fund participations in respect of Letters of Credit (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) for which the Cash Collateral was so provided, prior to any other application of such property as may otherwise be provided for herein. Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under this Section 2.25 or Section 2.24 in respect of Swing Line Advances shall be applied to the payment of the applicable Defaulting Lender's Pro Rata Percentage purchase of Swing Line Advances (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) for which the Cash Collateral was so provided, prior to any other application of such property as may otherwise be provided for herein

(d) Termination of Requirement. Cash Collateral (or the appropriate portion thereof) provided to reduce any LC Issuing Bank's Fronting Exposure or Swing Line Bank's Fronting Exposure shall be promptly released following (i) the elimination of the applicable Fronting Exposure (including by the termination of Defaulting Lender status of the applicable Lender (or, as applicable, its assignee following compliance with Section 7.05(b)(vii))), or (ii) the determination by the Administrative Agent and each LC Issuing Bank or Swing Line Bank, as applicable, that there exists excess Cash Collateral; provided that, subject to Section 2.24 the Person providing Cash Collateral and each LC Issuing Bank or Swing Line Bank, as applicable, may agree that Cash Collateral shall be held to support future anticipated Fronting Exposure or other obligations.

ARTICLE III
CONDITIONS TO EXTENSIONS OF CREDIT

Section 3.01 Conditions Precedent to Initial Extension of Credit. The obligation of the Lenders to make Advances on the occasion of the initial Borrowing, of any Swing Line Bank to make the initial Swing Line Advance and of any LC Issuing Bank to issue the first Letter of Credit (including the deemed issuance of the Existing Letters of Credit hereunder) is subject to the condition that, on or prior to the date of such first Extension of Credit, the Administrative Agent shall have received the following, each dated as of the same date (unless otherwise indicated), and each in form and substance reasonably satisfactory to the Administrative Agent:

(a) this Agreement, duly executed by the Borrower, each of the Lenders and the Administrative Agent and acknowledged by the Parent;

(b) if requested by any Lender, a Note, payable to such Lender, duly completed and executed by the Borrower;

(c) all documents that the Administrative Agent and the Lenders may reasonably request relating to the existence of the Borrower and the Parent, the corporate authority for and the validity of this Agreement and the other Loan Documents and any other matters relevant hereto, all in form and substance reasonably satisfactory to the Administrative Agent and the Lenders, including a certificate of incumbency of each of the Borrower and the Parent, signed by the Secretary or an Assistant Secretary of the Borrower and the Parent, certifying as to the names, true signatures and incumbency of the officer or officers authorized to execute and deliver the Loan Documents (other than the Support Agreement) to which each is a party and attaching certified copies of the following items: (i) the Support Agreement and the Financial Services Agreement, (ii) the Borrower's and the Parent's Certificates of Incorporation, (iii) the Borrower's and the Parent's By-laws, (iv) the actions taken by the board of directors of the Borrower and the Parent authorizing the Borrower's and the Parent's execution, delivery and performance of this Agreement and the other Loan Documents (other than the Support Agreement) to which each is a party, and (v) all governmental and other third party consents or approvals (if any) required in connection with the execution, delivery and performance of the Loan Documents (other than the Support Agreement) by the Borrower and the Parent;

(d) an opinion of General Counsel or Securities Counsel of the Borrower and the Parent;

(e) an opinion of Reed Smith LLP, counsel for the Borrower and the Parent;

(f) certificates of the Secretary of State of Delaware as to the good standing of the Borrower and the Parent as Delaware corporations;

(g) (i) the unaudited balance sheet of the Borrower as of December 31, 2014 and the related unaudited statements of income and cash flows for the Fiscal Year then ended, and (ii) the unaudited balance sheet of the Borrower as of March 31, 2015 and the related unaudited statements of income and cash flows for such periods;

(h) at least five (5) Business Days prior to the Closing Date, documentation and other information requested by the Administrative Agent from the Borrower and the Parent in order to comply with requirements of the Act;

(i) payment of all (i) fees due to the Administrative Agent, the Joint Lead Arrangers and the Lenders set forth in the Fee Letters and (ii) reasonable fees and expenses of counsel to the Administrative Agent (directly to such counsel if requested by the Administrative Agent) to the extent accrued and unpaid and invoiced to the Borrower prior to or on the Closing Date;

(j) [Intentionally Omitted]; and

(k) such other documents, approvals, and opinions as may be mutually agreed by the Borrower and the Administrative Agent.

Section 3.02 Conditions to All Extensions of Credit. The obligation of the Lenders to make (but not Continue or Convert) Advances on the occasion of each Borrowing, of each Swing Line Bank to make a Swing Line Advance and of each LC Issuing Bank to issue, extend or increase the stated amount of Letters of Credit, including the first Extension of Credit (including the deemed issuance of the Existing Letters of Credit hereunder), is subject to the satisfaction of the following conditions:

(a) the Administrative Agent shall have received a Notice of Borrowing, Notice of Swing Line Borrowing or Request for Issuance, as applicable;

(b) all representations and warranties of the Borrower contained in Article IV (other than the representations and warranties set forth in Sections 4.04 and 4.05(b) which shall only be made and need only be true on the Closing Date) shall be true in all material respects as if made on and as of the date of such Extension of Credit (other than with respect to any representation and warranty that expressly relates to an earlier date, in which case such representation and warranty shall be true in all material respects as of such earlier date, and except for any representation and warranty that is qualified by materiality or reference to Material Adverse Change, in which case such representation and warranty shall be true in all respects as of such earlier date);

(c) immediately prior to and immediately after such Extension of Credit, no Default or Event of Default under this Agreement shall have occurred and be continuing; and

(d) immediately after such Extension of Credit, the Outstanding Credits will not exceed the aggregate Commitment.

The making of each Extension of Credit (other than any Conversion or Continuation of an Advance) shall be deemed to be a representation and warranty by the Borrower on the date of such Extension of Credit that the conditions specified in paragraphs (b), (c) and (d) above have been satisfied.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants that:

Section 4.01 Corporate Existence and Status. Each of the Borrower, the Parent and each Significant Subsidiary of the Parent has been duly organized, is validly existing and in good standing under the laws of the jurisdiction of its incorporation and is duly qualified to transact business in every jurisdiction where, by the nature of its business, such qualification is necessary, except where the failure to be so qualified would not reasonably be expected to result in a Material Adverse Change. Each of the Borrower, the Parent and each Significant Subsidiary of the Parent has all corporate power and authority to own or lease and operate its properties and to carry on its business as now conducted and as proposed to be conducted.

Section 4.02 Corporate Power and Authority; Enforceability. The execution, delivery and performance by the Borrower and the Parent of this Agreement and the other Loan

Documents to which the Borrower or the Parent is a party (i) are within the Borrower's and the Parent's respective corporate powers and (ii) have been duly authorized by all necessary corporate action. This Agreement and the other Loan Documents to which the Borrower or the Parent is a party constitute valid and binding agreements of the Borrower and the Parent, as the case may be, enforceable in accordance with their respective terms, and the Notes, if and when executed and delivered in accordance with this Agreement, will constitute valid and binding obligations of the Borrower, enforceable in accordance with their respective terms, except, in each case, as the enforceability hereof and thereof may be affected by bankruptcy, insolvency, reorganization, moratorium or similar laws applicable to creditors' rights or the collection of debtors' obligations generally and equitable principles of general applicability.

Section 4.03 Non-Violation.

(a) The execution, delivery and performance by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party (i) do not conflict with, result in a breach of or constitute a default under any provision of the articles of incorporation or by-laws (or other analogous formation documents) of the Borrower or the Parent, (ii) do not conflict with, result in a breach of or constitute a default under any provision of any material contract, agreement, judgment, injunction, order, decree or other instrument binding upon the Borrower or the Parent, except to the extent such conflict, breach or default would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Change and (iii) do not result in the creation or imposition of any Lien on any asset of the Borrower, the Parent or any Significant Subsidiary of the Parent (other than Permitted Liens).

(b) The execution and delivery by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party and the incurring and repayment by the Borrower of the Obligations under the Credit Agreement and the performance by the Parent of the Support Agreement do not violate any law, rule or regulation applicable to the Borrower or the Parent, as applicable.

(c) The performance by the Borrower of its other obligations under this Agreement and the other Loan Documents to which it is a party does not violate any law, rule or regulation applicable to the Borrower except where such violation would not reasonably be expected to have a Material Adverse Change.

Section 4.04 Litigation. There are no pending or, to the knowledge of the Borrower, threatened actions or proceedings (including any Environmental Proceedings) affecting the Borrower, the Parent or any Subsidiary of the Parent before any court, governmental agency or arbitrator, that, individually or in the aggregate, would reasonably be expected to result in a Material Adverse Change.

Section 4.05 Financial Information.

(a) The consolidated balance sheet of the Parent and its Subsidiaries, as of December 31, 2014, and the related statements of income and cash flows for the Fiscal Year then ended, reported on by independent public accountants of nationally recognized standing (copies of which have been delivered to the Lenders), fairly present, in conformity with GAAP, the consolidated financial position of the Parent and its Subsidiaries, as of such date, and of their results of operations and cash flows for such period stated.

(b) Since December 31, 2014, there has been no Material Adverse Change.

Section 4.06 Approvals. The execution, delivery and performance by the Borrower and the Parent of this Agreement and the other Loan Documents to which the Borrower or the Parent is a party require no action by or in respect of, or filing with, any governmental body, agency or official or any other Person except where the failure to obtain such approval or such violation would not reasonably be expected to result in a Material Adverse Change.

Section 4.07 Use of Proceeds. The proceeds of the Advances and the Letters of Credit will be used by the Borrower for working capital and other general corporate purposes of the Parent and its Subsidiaries. No Advance or Letter of Credit or the use of proceeds thereof will violate Anti-Corruption Laws or applicable Sanctions.

Section 4.08 Investment Company Act; Margin Regulations. Each of Parent and the Borrower is either not an "investment company" under the Investment Company Act of 1940 (the ***"Investment Company Act***") or is exempt from all provisions of the Investment Company Act. Neither the Borrower, the Parent nor any Subsidiary of the Parent will apply the proceeds of any of the Advances, directly or indirectly, for the purpose, either immediate, incidental or ultimate, of purchasing or carrying any Margin Stock, except in compliance with Section 5.02(d).

Section 4.09 Compliance with Laws. Each of the Borrower, the Parent and each Subsidiary of the Parent is in compliance with all applicable laws, regulations and similar requirements of Governmental Authorities (including the Act and all Environmental Requirements), except where the failure to be in compliance would not reasonably be expected to result in a Material Adverse Change.

Section 4.10 Compliance with ERISA.

(a) Except as would not reasonably be expected to result in a Material Adverse Change, the Borrower, the Parent, each Significant Subsidiary of the Parent and each other member of the Controlled Group of the foregoing have fulfilled their respective obligations under the minimum funding standards of ERISA and the Code with respect to each Plan and are in compliance in all material respects with the presently applicable provisions of ERISA and the Code and have not incurred any liability to the PBGC (other than for current premiums, which have been paid when due) or a Plan under Title IV of ERISA (other than liabilities for benefits and administration and operational expenses incurred in the ordinary course of Plan operations). No Plan of the Borrower, the Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing has been determined to be, or is reasonably expected to be, in "at risk" status (within the meaning of Section 430 of the Code or Section 303 of ERISA). No Multiemployer Plan is, or is expected to be, insolvent (within the meaning of ERISA Section 4245), in reorganization (within the meaning of ERISA Section 4241), or in "critical" status (within the meaning of ERISA Section 304).

(b) All contributions (if any) that the Borrower, the Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing have been required to make to a Multiemployer Plan have been duly and timely made and none of Borrower, Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing has incurred any material liability with respect to any Multiemployer Plan other than to make contributions as and when due. None of the Borrower, the Parent, any Significant Subsidiary of the Parent nor any member of the Controlled Group of the foregoing has incurred any Withdrawal Liability that has not been fully paid.

Section 4.11 Environmental Matters. Neither the Borrower, the Parent nor any Significant Subsidiary of the Parent is subject to any Environmental Liability that, individually or in the aggregate, would reasonably be expected to result in a Material Adverse Change.

Section 4.12 Taxes. There have been filed on behalf of the Borrower, the Parent and each Significant Subsidiary of the Parent all United States federal, state, provincial and local income, excise, property and other material tax returns that are required to be filed by the Borrower, the Parent and such Significant Subsidiary of the Parent, and all taxes shown to be due pursuant to such returns or pursuant to any assessment received by or on behalf of the Borrower, the Parent and such Significant Subsidiary of the Parent have been, or within the times required by law will be, paid except (i) where the amount or validity thereof currently is being contested in good faith by appropriate proceedings and reserves in conformity with GAAP with respect thereto have been provided on the books of the Borrower, the Parent or such Significant Subsidiary of the Parent, as the case may be, or (ii) where failure to file or nonpayment would not reasonably be expected to result in a Material Adverse Change.

Section 4.13 No Defaults. Neither the Borrower, the Parent nor any Significant Subsidiary of the Parent is in default under or with respect to any material agreement, instrument or undertaking (other than in respect of Debt) to which it is a party, or by which it or any of its properties is bound which would reasonably be expected to result in a Material Adverse Change. No Default or Event of Default has occurred and is continuing.

Section 4.14 Ownership of Borrower and Operating Utilities. The Parent owns directly or indirectly (i) 100% of the Common Stock of the Borrower and (ii) at least 50% of the Common Stock of each Operating Utility, in each case, free and clear of any Lien other than Permitted Liens.

Section 4.15 Ownership of Properties and Assets. Each of the Borrower, the Parent and each Significant Subsidiary of the Parent has title to its properties and assets sufficient for the conduct of its respective business, except where the failure to have such title would not reasonably be expected to result in a Material Adverse Change.

Section 4.16 Full Disclosure. No written information (other than projections, other forward-looking information and information of a general economic or industry specific nature) furnished by the Borrower and the Parent to the Administrative Agent and the Lenders for purposes of or in connection with this Agreement and the Loan Documents or any transaction contemplated hereby or thereby (when taken as a whole for the purposes for which such information is given and read together with all other previously provided information), contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements contained therein not materially misleading in light of the circumstances under which such statements were made; provided that in the case of projections, such projections were prepared in good faith based on estimates and assumptions believed by the Borrower and the Parent to be reasonable at the time made.

Section 4.17 Anti-Corruption Laws and Sanctions. The Borrower and the Parent have implemented and maintain in effect policies and procedures designed to ensure compliance in all material respects by the Borrower, the Parent, the Subsidiaries of the Parent and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, and the Borrower, the Parent, the Subsidiaries of the Parent and their respective directors, officers and employees and to the knowledge of the Borrower its agents, are in compliance with Anti-Corruption Laws and applicable Sanctions. None of (a) the Borrower, the Parent, any Subsidiary of the Parent or any of their respective directors, officers, employees or affiliates, or (b) to the knowledge of the Borrower or the Parent, any agent or representative of the Borrower, the Parent or any Subsidiary of the Parent that will act in any capacity in connection with or benefit from the credit facility established hereby is a Sanctioned Person or currently the subject or target of any Sanctions.

Section 4.18 Margin Stock. The Borrower is not engaged principally or as one of its important activities in the business of extending credit for the purpose of “purchasing” or “carrying” any Margin Stock.

ARTICLE V
COVENANTS

Section 5.01 Affirmative Covenants. So long as any Advance shall remain unpaid, any Letter of Credit shall remain outstanding or any Lender shall have any Commitment hereunder, the Borrower agrees as follows:

(a) Parent Financial Reporting. The Borrower will cause the Parent to deliver to the Administrative Agent (which shall promptly make such information available to the Lenders in accordance with its customary practice):

(i) as soon as available and in any event within 90 days after the end of each Fiscal Year, a consolidated balance sheet of the Parent and its Subsidiaries as of the end of such Fiscal Year and the related consolidated statements of income and cash flows for such Fiscal Year, setting forth in each case in comparative form the figures for the previous Fiscal Year, all reported on by independent public accountants of nationally recognized standing, with such report to be free of any “going concern” or similar qualification or exception or any qualification as to the scope of such audit;

(ii) as soon as available and in any event within 60 days after the end of each of the first three Fiscal Quarters of each Fiscal Year, a consolidated balance sheet of the Parent and its Subsidiaries as of the end of such Fiscal Quarter and the related consolidated statement of income and cash flows for such Fiscal Quarter and for the portion of the Fiscal Year ended at the end of such Fiscal Quarter, setting forth in each case in comparative form the figures for the corresponding Fiscal Quarter and the corresponding portion of the previous Fiscal Year, all certified by a Financial Officer of the Parent to present fairly in all material respects the financial condition of the Parent and its Subsidiaries on a consolidated basis as of their respective dates and the results of operations of the Parent and its Subsidiaries for the respective periods then ended, subject to normal year-end adjustments and the absence of footnotes; and

(iii) no later than five (5) Business Days following the delivery of each set of financial statements referred to in Sections 5.01(a)(i) and 5.01(a)(ii), a certificate of a Financial Officer of the Parent demonstrating and certifying compliance with the financial covenant set forth in Section 5.01(i).

(b) Borrower Financial Reporting. The Borrower will deliver to the Administrative Agent (which shall promptly make such information available to the Lenders in accordance with its customary practice):

(i) as soon as available and in any event within 90 days after the end of each Fiscal Year, a balance sheet of the Borrower as of the end of such Fiscal Year and the related statements of income and cash flows for such Fiscal Year, setting forth in each case in comparative form the figures for the previous Fiscal Year, all certified by a Financial Officer of the Borrower to present fairly in all material respects the financial condition of the Borrower as of the date indicated and the results of operations of the Borrower for such Fiscal Year;

(ii) as soon as available and in any event within 60 days after the end of each of the first three Fiscal Quarters of each Fiscal Year, a balance sheet of the Borrower as of the end of such Fiscal Quarter and the related statement of income and cash flows for such Fiscal Quarter and for the portion of the Fiscal Year ended at the end of such Fiscal Quarter, setting forth in each case in comparative form the figures for the corresponding Fiscal Quarter and the corresponding portion of the previous Fiscal Year, all certified by a Financial Officer of the Borrower to present fairly in all material respects the financial condition of the Borrower as of their respective dates and the results of operations of the Borrower for the respective periods then ended, subject to normal year-end adjustments and the absence of footnotes; and

(iii) simultaneously with the delivery of each set of financial statements referred to in Sections 5.01(b)(i) and 5.01(b)(ii), a certificate of a Financial Officer of the Borrower stating whether, to the knowledge of such Financial Officer, any Default or Event of Default exists on the date of such certificate and, if any Default or Event of Default then exists, setting forth the details thereof and the action which the Borrower or the Parent, as applicable, is taking or proposes to take with respect thereto.

(c) Other Reporting Requirements. The Borrower will, and will cause the Parent to, deliver to the Administrative Agent (which shall promptly make such information available to the Lenders in accordance with its customary practice):

(i) within five (5) Business Days after a Responsible Officer of the Borrower or the Parent becomes aware of the occurrence of any Default or Event of Default, a certificate of a Financial Officer of the Borrower or the Parent, as applicable, setting forth the details thereof and the action which the Borrower or the Parent, as applicable, is taking or proposes to take with respect thereto;

(ii) promptly upon the filing thereof with the SEC, copies of all reports with respect to material litigation which the Borrower, the Parent or any Subsidiary of the Parent files with the SEC;

(iii) within five (5) Business Days after the furnishing thereof, copies of all financial statements and reports sent to the stockholders of the Parent generally, and promptly upon the filing thereof with the SEC, notice by electronic mail of the filing of any financial statements and reports which the Parent filed with the SEC (other than reports referred to in Sections 5.01(a)(i), 5.01(a)(ii) and 5.01(c)(ii));

(iv) promptly upon receipt thereof, notice of any downgrade in the S&P Rating or the Moody's Rating of the Borrower;

(v) simultaneously with the delivery of the certificate referred to in Section 5.01(a)(iii), if any Subsidiary has become or ceased to be a Significant Subsidiary, a revised Schedule II disclosing the Significant Subsidiaries as of the date of such certificate;

(vi) prompt notice of any proposed waiver, amendment, supplement or other modification of any term or condition of the Support Agreement;

(vii) promptly upon the request thereof, such other information and documentation required by bank regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations (including the Act), as from time to time reasonably requested by the Administrative Agent or any Lender;

(viii) if reasonably requested by any Lender (through the Administrative Agent) or the Administrative Agent, the Borrower will furnish to the Administrative Agent evidence of compliance with the Margin Regulations; and

(ix) from time to time such additional information regarding the business, financial condition or results of operations of the Borrower, the Parent or the Significant Subsidiaries of the Parent as the Administrative Agent and the Lenders may reasonably request.

(d) Compliance with Laws and Contractual Obligations.

(i) The Borrower will, and will cause the Parent and the Subsidiaries of the Parent to, comply with the requirements of all applicable laws (including the Act, ERISA and Environmental Requirements), rules, regulations and orders, the failure to comply with which would reasonably be expected to result in a Material Adverse Change. Not in limitation of the foregoing, the Borrower will, and will cause the Parent, each Significant

Subsidiary of the Parent and each other member of the Controlled Group of the foregoing to make all payments to each Plan of the Borrower, the Parent, any Significant Subsidiary of the Parent or any other member of the Controlled Group of the foregoing necessary for such Plan to not be determined to be in "at risk" status (within the meaning of Section 430 of the Code or Section 303 of ERISA).

(ii) The Borrower will, and will cause the Parent and the Significant Subsidiaries of the Parent to, comply with the requirements of all material contractual obligations (other than Debt) to which it is a party, except (A) where the necessity of such compliance currently is being contested in good faith by appropriate proceedings and reserves in conformity with, and to the extent required by, GAAP with respect thereto have been provided on the books of the Borrower, the Parent or any Significant Subsidiary of the Parent, as the case may be, or (B) where the failure to so comply would not reasonably be expected to result in a Material Adverse Change.

(e) Payment of Taxes. The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to, pay promptly when due all taxes, assessments, governmental charges, claims for labor, supplies, rent and other obligations (other than Debt) which, if unpaid, might become a Lien against the Properties of the Borrower, the Parent or such Significant Subsidiary, except (i) liabilities that are currently being contested in good faith by appropriate proceedings and reserves in conformity with, and to the extent required by, GAAP with respect thereto have been provided on the books of the Borrower, the Parent or such Significant Subsidiary, as the case may be, or (ii) where the failure to pay would not reasonably be expected to result in a Material Adverse Change.

(f) Maintenance of Insurance. The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to, maintain with financially sound and reputable insurance companies, insurance on its Properties in at least such amounts and against at least such risks as are usually insured against in the same general area by companies of established repute engaged in the same or similar business as the Borrower, the Parent or such Significant Subsidiary of the Parent, as the case may be.

(g) Maintenance of Properties; Inspection of Property, Books and Records.

(i) Except as permitted by Section 5.02(b), the Borrower will, and will cause the Parent and the Significant Subsidiaries of the Parent to, maintain all of its Properties and assets necessary and material to its business in good condition, repair and working order, ordinary wear and tear excepted, in accordance with standards observed by companies engaged in the same or similar business and similarly situated as the Borrower, the Parent or such Subsidiaries of the Parent, as the case may be, except where the failure to so maintain its respective Properties and assets would not reasonably be expected to result in a Material Adverse Change; provided that nothing in this Section 5.01(g)(i) shall prevent the Borrower, the Parent or any Significant Subsidiary of the Parent from discontinuing the operation or maintenance of any such Properties or assets or disposing of such Properties or assets if such discontinuance is, in the judgment of the Borrower, desirable in the conduct of its business or the business of the Parent or any such Significant Subsidiary.

(ii) The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to, (A) keep proper books of record and account in which full, true and correct entries in conformity with GAAP shall be made of all dealings and transactions in relation to its respective business and activities and (B) permit representatives of the Administrative Agent (and any Lender in attendance with the Administrative Agent) to visit and inspect any of its Properties at reasonable business hours upon reasonable notice, to examine and make abstracts from any of its books and records and to discuss its affairs, finances and accounts with its respective officers, employees and independent public accountants; provided that (w) excluding any such visits and inspections during the continuation of an Event of Default, the Administrative Agent shall conduct such visits and inspections at its (and the applicable Lenders') expense and not exercise such rights more often than one (1) time during any calendar year; (x) upon the occurrence and during the continuance of an Event of Default, the Administrative Agent and any Lender may do any of the foregoing at the expense of the Borrower and at any time without advance notice; (y) any such visits or inspections shall be subject to such conditions as the Borrower, the Parent and each Significant Subsidiary of the Parent, as the case may be, shall deem necessary based on reasonable considerations of safety and security; and (z) neither the Borrower, the Parent or any Significant Subsidiary of the Parent shall be required to disclose any information that is subject to the attorney-client privilege or attorney work-product privilege properly asserted by the applicable person to prevent the loss of such privilege or which is prevented from disclosure pursuant to a confidentiality agreement with third parties.

(h) Maintenance of Existence.

(i) The Borrower will, and will cause the Parent to, maintain its corporate existence except as permitted under Section 5.02(b).

(ii) The Borrower will, and will cause the Parent and each Significant Subsidiary of the Parent to maintain all rights, franchises, licenses and privileges necessary to the conduct of its business, except (x) as permitted under Section 5.02(b) and (y) where the failure to take such action would not reasonably be expected to result in a Material Adverse Change.

(i) Debt Capitalization. The Borrower will cause the Parent to maintain at the end of each Fiscal Quarter a ratio of Consolidated Total Debt to Consolidated Total Capitalization of not more than 0.70 to 1.0.

(j) Compliance with Anti-Corruption Laws and Sanctions. The Borrower and the Parent will maintain in effect and enforce policies and procedures designed to ensure compliance by the Borrower, the Parent, the Subsidiaries of the Parent and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions.

Documents required to be delivered pursuant to Sections 5.01(a), 5.01(b) and 5.01(c) (other than Section 5.01(c)(ii)) (to the extent any such documents are included in materials otherwise filed with the SEC) may be delivered electronically and if so delivered, shall be deemed to have been delivered on the date (i) on which the Borrower posts such documents, or provides a link thereto on the Borrower's website on the Internet at the website address listed in Section 7.01; or (ii) on which such documents are posted on the Borrower's behalf on an Internet or intranet website, if any, to which each Lender and the Administrative Agent have access (whether a commercial, third-party website or whether sponsored by the Administrative Agent); provided that: (i) the Borrower shall deliver paper copies of such documents to the Administrative Agent or any Lender that requests the Borrower to deliver such paper copies until a written request to cease delivering paper copies is given by the Administrative Agent or such Lender and (ii) the Borrower shall notify the Administrative Agent by facsimile or electronic mail (which shall promptly provide notice to the Lenders in accordance with its customary practice) of the posting of any such documents. Notwithstanding anything contained herein, in every instance the Parent and the Borrower shall be required to provide paper copies of the compliance certificates required by Sections 5.01(a)(iii) and 5.01(b)(iii) to the Administrative Agent. Except for such compliance certificates, the Administrative Agent shall have no obligation to request the delivery or to maintain copies of the documents referred to above, and in any event shall have no responsibility to monitor compliance by the Borrower with any such request for delivery, and each Lender shall be solely responsible for requesting delivery to it or maintaining its copies of such documents.

The Borrower and the Parent hereby acknowledge that (a) the Administrative Agent and/or the Joint Lead Arrangers will make available to the Lenders and the LC Issuing Banks materials and/or information provided by or on behalf of the Borrower and the Parent hereunder (collectively, the "***Borrower Materials***") by posting the Borrower Materials on SyndTrak Online or another similar electronic system (the "***Platform***") and (b) certain of the Lenders may be "public-side" Lenders (i.e., Lenders that do not wish to receive material non-public information with respect to the Borrower, the Parent or their respective securities) (each, a "***Public Lender***"). The Borrower hereby agrees that if (x) the Borrower has clearly and conspicuously marked any Borrower Materials "PUBLIC", which, at a minimum, shall mean that the word "PUBLIC" shall appear prominently on the first page thereof or (y) the Borrower Materials have been filed with the SEC without a request of confidential treatment, (A) the Borrower shall be deemed to have authorized the Administrative Agent, the Joint Lead Arrangers, the LC Issuing Banks and the Lenders to treat such Borrower Materials as not containing any material non-public information (although it may be sensitive and proprietary) with respect to the Borrower, the Parent or their respective securities for purposes of United States Federal and state securities laws (provided that to the extent such Borrower Materials constitute Information, they shall be treated as set forth in Section 7.06); (B) all Borrower Materials marked "PUBLIC" are permitted to be made available through a portion of the Platform designated "Public Investor"; and (C) the Administrative Agent and the Joint Lead Arrangers shall be entitled to treat any Borrower Materials that are not marked "PUBLIC" as being suitable only for posting on a portion of the Platform not designated "Public Investor". Notwithstanding the foregoing, the Borrower shall be under no obligation to mark any Borrower Materials "PUBLIC".

Section 5.02 Negative Covenants. So long as any Advance shall remain unpaid, any Letter of Credit shall remain outstanding or any Lender shall have any Commitment hereunder, the Borrower agrees as follows:

(a) Restrictions on Liens. The Borrower shall not, and shall not cause or permit the Parent or any Significant Subsidiary of the Parent to create, incur, assume or suffer to exist, any Lien on or with respect to any of its respective Property, whether now owned or hereafter acquired, except Permitted Liens.

(b) Consolidations; Mergers; Etc. Neither the Borrower nor the Parent shall consolidate or merge with or into, or sell, lease or otherwise transfer all or substantially all of its assets, taken as a whole, to any other Person; provided that (i) the Parent may consolidate or merge with another Person so long as (A) the Parent is the Person surviving or continuing after the completion of such consolidation or merger; (B) after giving effect to such consolidation or merger, the S&P Rating and the Moody's Rating of the Parent is BBB-/Baa3 or higher; and (C) immediately after giving effect to such consolidation or merger, no Default or Event of Default shall have occurred and be continuing and (ii) the Borrower may consolidate or merge with, or sell, lease or otherwise transfer all or substantially all of its assets to, the Parent so long as (A) in the case of a consolidation or merger, the Parent is the Person surviving or continuing after the completion of such consolidation or merger; (B) the Parent directly assumes all of the Borrower's obligations under the Loan Documents in accordance with documentation reasonably acceptable to the Administrative Agent; and (C) immediately after giving effect to such consolidation, merger, sale, lease or transfer, no Default or Event of Default shall have occurred and be continuing.

(c) Sale-Leaseback Transactions. The Borrower will not, and will not allow Parent or any Significant Subsidiary of the Parent to, enter into any Sale and Leaseback Transaction unless:

(i) the aggregate amount of the Attributable Debt of the Borrower, the Parent and the Significant Subsidiaries of the Parent in respect of Sale and Leaseback Transactions then outstanding would not exceed 15% of Consolidated Tangible Total Assets, or

(ii) the Borrower, the Parent or such Significant Subsidiary, within six (6) months of the applicable Sale and Leaseback Transaction, retires an amount of secured Debt which is not subordinate to the Obligations in an amount equal to the greater of (A) the net proceeds of the sale or transfer of the property or other assets that are the subject of such Sale and Leaseback Transaction or (B) the fair market value of the property leased pursuant to such Sale and Leaseback Transaction;

provided that this Section 5.02(c) shall not apply to any Sale and Leaseback Transaction which (x) is for an initial term of three (3) years or less or (y) which has a sale price of (A) $1,000,000 or less, individually or (B) $20,000,000 or less in the aggregate.

(d) Use of Proceeds.

(i) No part of the proceeds of any of the Advances or Letters of Credit will be used for any purpose which violates the provisions of the Margin Regulations. The proceeds of the Advances shall not be used for any purpose other than as specified in Section 4.07.

(ii) The Borrower will not request any Extension of Credit, and the Borrower shall not use, and shall ensure that the Parent and its Subsidiaries and its or their respective directors, officers, employees and agents shall not use, the proceeds of any Extension of Credit (x) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws, (y) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, or (z) in any manner that would result in the violation of any Sanctions applicable to any party hereto.

(e) Support Agreement. Subject to Section 7.04(viii), the Borrower shall not, and shall not cause or permit the Parent to: (i) cancel or terminate the Support Agreement or (ii) amend or otherwise modify the terms of the Support Agreement, except for amendments and modifications that do not adversely affect the rights of the Lenders hereunder, in each case, without the prior written consent of the Lenders.

(f) Change in Nature of Business. Except as permitted by Section 5.02(b), the Borrower shall not engage in any business, operations or activities (whether directly, through a joint venture, in connection with a permitted acquisition or otherwise) other than financing activities for and on behalf of the Parent and the other Subsidiaries of the Parent.

ARTICLE VI
DEFAULTS

Section 6.01 Events of Default. If one or more of the following events ("***Events of Default***") shall have occurred and be continuing:

(a) the Borrower shall fail to pay (i) any principal of any Advance or Reimbursement Obligation on the date such payment is due, or (ii) interest on any Advance or Reimbursement Obligation or any other Obligation, within five (5) Business Days of the date such payment is due; or

(b) the Borrower shall fail to observe or perform (or shall fail to cause the Parent and its Subsidiaries or Significant Subsidiaries, as applicable, to observe or perform) any covenant or agreement contained in Section 5.01(c)(i), 5.01(h)(i), 5.01(i) or 5.02; or

(c) the Borrower shall fail to observe or perform (or shall fail to cause the Parent and its Subsidiaries or Significant Subsidiaries, as applicable, to observe or perform) any covenant or agreement contained in this Agreement (other than those covered by Section 6.01(a) or 6.01(b)) and such failure shall continue for a period of thirty (30) days after the earlier of (i) the Borrower's delivery of notice thereof to the Administrative Agent and (ii) written notice thereof has been given to the Borrower by the Administrative Agent or any Lender; or

(d) any representation, warranty, certification or statement made or deemed made by the Borrower in Article IV or by the Borrower or the Parent under any other Loan Document or in any certificate, financial statement or other document delivered pursuant to this Agreement or any other Loan Document shall prove to have been incorrect in any material respect when made (or deemed made); or

(e) the Borrower, the Parent or any Significant Subsidiary of the Parent shall fail to pay any principal of or premium or interest on any Debt (excluding Debt evidenced by this Agreement and any Notes, but including, for purposes of this provision, obligations of the Parent under Section 4 of the Support Agreement) in an aggregate amount in excess of (i) $50,000,000, in the case of the Borrower, (ii) $50,000,000, in the case of the Parent or any Significant Subsidiary other than the Borrower or (iii) $100,000,000, in the aggregate, in the case of all of the Significant Subsidiaries of the Parent, when the same becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt; or any other event shall occur or condition shall exist under any agreement or instrument relating to any such Debt and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of (with the giving of notice and/or lapse of time, if required), the maturity of such Debt; or any such Debt shall be declared to be due and payable, or required to be prepaid (other than by a regularly scheduled required prepayment), prior to the stated maturity thereof; provided that if such failure, default, event or condition shall be cured by the Borrower, the Parent or such Significant Subsidiary or waived by the holders of such Debt and any acceleration of maturity having resulted from such failure, default, event or condition shall be rescinded or annulled, in each case in accordance with the terms of such agreement or instrument, without any modification of the terms of such Debt requiring the Borrower, the Parent or such Significant Subsidiary to furnish additional or other security therefor, furnish additional or other guarantees thereof, reduce the average life to maturity thereof, increase the principal amount thereof or the interest rate thereon, or any agreement by the Borrower, the Parent or such Significant Subsidiary to furnish additional or other security therefor, furnish additional or other guarantees thereof, or to issue Debt in lieu thereof which is secured by additional or other collateral or additional or other guarantees or with a shorter average life to maturity or in a greater principal amount or with a greater interest rate thereon, then any default hereunder by reason thereof shall be deemed likewise to have been thereupon cured or waived unless payment of the Advances hereunder has been accelerated prior to such cure or waiver; or

(f) the Parent shall default in the performance or observance of any obligation or condition under Section 3 of the Support Agreement as of the last day of any Fiscal Year or Fiscal Quarter of the Borrower; provided that any such default shall not be an Event of Default unless the Borrower has tangible net worth (total assets less liabilities less intangible assets as of such last day), as determined for purposes of the Support Agreement and after giving effect to period-end adjustments in accordance with GAAP, of less than negative $100,000; or

(g) the Borrower, the Parent or any Significant Subsidiary of the Parent shall commence a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, or shall consent to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or shall make a general assignment for the benefit of creditors, or shall fail generally, or shall admit in writing its inability, to pay its debts as they become due, or shall take any corporate action to authorize any of the foregoing; or

(h) an involuntary case or other proceeding shall be commenced against the Borrower, the Parent or any Significant Subsidiary of the Parent seeking liquidation, reorganization or other relief with respect to it or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property and such involuntary case or other proceeding shall remain undismissed and unstayed for a period of 60 days; or an order for relief in such case or proceeding shall be entered against the Borrower, the Parent or any such Significant Subsidiary under the federal bankruptcy laws as now or hereafter in effect; or

(i) one or more judgments or orders for the payment of money in an aggregate amount (to the extent not paid or insured) in excess of (i) $25,000,000, in the case of the Borrower, (ii) $50,000,000, in the case of the Parent or any Significant Subsidiary other than the Borrower or (iii) $100,000,000, in the aggregate, in the case of all of the Significant Subsidiaries of the Parent, shall be rendered against the Borrower, the Parent or any such Significant Subsidiary, and such judgment or order shall continue without having been discharged, vacated or stayed for a period of sixty (60) consecutive days after the entry thereof; or

(j) (i) the PBGC shall institute proceedings under Title IV of ERISA to terminate or to cause a trustee to be appointed to administer any Plan of the Borrower, the Parent, any Significant Subsidiary or any other member of the Controlled Group of the foregoing or any Multiemployer Plan or a proceeding shall be instituted by a fiduciary of any such Plan or Multiemployer Plan to enforce Section 515 or 4219(c)(5) of ERISA and such proceeding shall not have been dismissed within 30 days thereafter; or (ii) a condition shall exist by reason of which the PBGC would be entitled to obtain a decree adjudicating that any such Plan or Multiemployer Plan must be terminated; or (iii) the Borrower, the Parent or any such Significant Subsidiary, or any member of the Controlled Group of the foregoing shall incur any Withdrawal Liability in the aggregate in excess of $25,000,000, with respect to one or more Multiemployer Plans; or

(k) any material provision of the Support Agreement shall become unenforceable, or any court or governmental or regulatory body having jurisdiction over the Parent, shall assert the unenforceability of any such provision in writing, or the Parent contests in any manner the validity or enforceability of any such provision; or

(l) a Parent Change of Control shall occur; or

(m) except as permitted by Section 5.02(b), the Parent shall cease to own, directly or indirectly, 100% of the Common Stock of the Borrower;

then, and in every such event, the Administrative Agent, on behalf of the Lenders, the Swing Line Banks and the LC Issuing Banks, may, with the consent of the Required Lenders (or shall at the request of the Required Lenders), by notice to the Borrower: terminate the Commitment, the Swing Line Commitment and the LC Commitment and each shall thereupon terminate and declare the Advances (together with accrued interest thereon) and the Reimbursement Obligations and all other Obligations to be, and the Advances (together with all accrued interest thereon), Reimbursement Obligations and all other Obligations shall thereupon become, immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower; provided that if any Event of Default specified in Section 6.01(g) or 6.01(h) occurs with respect to the Borrower or the Parent, without any notice to the Borrower or any other act by the Administrative Agent or any Lender, Swing Line Bank or LC Issuing Bank, the Commitment, the Swing Line Commitment and the LC Commitment shall thereupon automatically terminate and the Advances (together with accrued interest thereon) and all other Obligations shall automatically become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

Section 6.02 Cash Collateral Account. Notwithstanding anything to the contrary contained herein, no notice given or declaration made by the Administrative Agent pursuant to Section 6.01 shall affect the obligation of any LC Issuing Bank to make any payment under any Letter of Credit in accordance with the terms of such Letter of Credit; provided that upon the occurrence and during the continuance of any Event of Default, the Administrative Agent shall at the request, or may with the consent, of the Required Lenders, upon notice to the Borrower, require the Borrower to deposit with the Administrative Agent an amount in the cash collateral account (the “Cash Collateral Account”) described below equal to 102% of the aggregate maximum amount available to be drawn under all Letters of Credit outstanding at such time. Such Cash Collateral Account shall at all times be free and clear of all rights or claims of third parties. The Cash Collateral Account shall be maintained with the Administrative Agent in the name of, and under the sole dominion and control of, the Administrative Agent, and amounts deposited in the Cash Collateral Account shall bear interest at a rate equal to the rate generally offered by the Administrative Agent for deposits equal to the amount deposited by the Borrower in the Cash Collateral Account, for a term to be determined by the Administrative Agent in its sole discretion. The Borrower hereby grants to the Administrative Agent for the benefit of the Lenders, the LC Issuing Banks and the Swing Line Banks, a Lien on, and hereby assigns to the Administrative Agent for the benefit of the Lenders, the LC Issuing Banks and the Swing Line Banks all of its right, title and interest in, the Cash Collateral Account and all funds from time to time on deposit therein to secure its reimbursement obligations in respect of Letters of Credit or repayment obligations in respect of the Swing Line Advances, as applicable. If any drawings then outstanding or thereafter made are not reimbursed in full immediately upon demand or, in the case of subsequent drawings, upon being made, then, in any such event, the Administrative Agent may, and, upon the Borrower’s request, shall, apply the amounts then on deposit in the Cash Collateral Account, in such priority as the Administrative Agent shall elect, toward the payment in full of any or all of the Borrower’s obligations hereunder as and when such obligations shall become due and payable. Upon the earlier to occur of (a) payment in full, after the termination of the Letters of Credit, of all such Obligations and (b) the date on which all Events of Default shall have been cured or waived, the Administrative Agent will repay and reassign to the Borrower any cash then on deposit in the Cash Collateral Account, and the Lien of the Administrative Agent on the Cash Collateral Account and the funds therein shall automatically terminate.

Section 6.03 Administrative Agent May File Proofs of Claim. In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to the Borrower, the Administrative Agent (irrespective of whether the principal of any Advance or Letters of Credit shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Advances, Letters of Credit and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Sections 2.09 and 7.03) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same in accordance with this Agreement;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Sections 2.09 and 7.03.

Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the obligations or the rights of any Lender or to authorize the Administrative Agent to vote in respect of the claim of any Lender in any such proceeding.

ARTICLE VII
MISCELLANEOUS

Section 7.01 Notices. (a) All notices, requests and other communications to any party hereunder shall be in writing (including electronic transmission or similar writing) and shall be given to such party at its address, or telecopy number or other electronic transmission set forth, in the case of the Borrower, the Parent, the Administrative Agent, the Lenders, the Swing Line Banks and the LC Issuing Banks on the signature pages hereto (including, in the case of the Borrower, the Borrower’s website) or such other address or telecopy number as such party may hereafter specify for the purpose by notice to the Borrower and the Administrative Agent. Each such notice, request or other communication shall be effective (i) if given by telecopier, when such telecopy is transmitted to the telecopy number specified as provided in this Section and the appropriate confirmation is received, (ii) if given by e-mail, when transmitted to the email address specified in this Section and a written confirmation of such communication is given by some other method specified in this Section is also given, (iii) if given by mail, 72 hours after such communication is deposited in the mails with first class postage prepaid, addressed as aforesaid, or (iv) if given by any other means, when delivered at the address specified as provided in this Section; provided that (x) Notices of Borrowings to the Administrative Agent and Notices of Swing Line Borrowings to the applicable Swing Line Bank under Article II shall not be effective until received and (y) notices delivered by telecopy or e-mail, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next Business Day for the recipient.

(b) Notices and other communications to the Lenders and the LC Issuing Banks hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices to any Lender or LC Issuing Bank pursuant to Article II if such Lender or LC Issuing Bank, as applicable, has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

Section 7.02 No Waivers. No failure or delay by the Administrative Agent or any Lender in exercising any right, power or privilege hereunder or under any of the other Loan Documents shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

Section 7.03 Expenses; Indemnification.

(a) The Borrower shall pay (i) all reasonable and documented out of pocket expenses incurred by the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers and their Affiliates (including the reasonable and documented fees and expenses of counsel for the Administrative Agent), in connection with the syndication of the credit facility evidenced by this Agreement, the preparation, negotiation, execution, delivery and administration of this Agreement and the other Loan Documents (other than the Support Agreement) or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), (ii) without duplication of any fees separately agreed to by the Borrower, all reasonable and documented out of pocket expenses incurred by any LC Issuing Bank (other than overhead expenses and other similar expenses) in connection with the issuance, amendment, renewal or extension of any Letter of Credit or any demand for payment thereunder and (iii) all documented out of pocket expenses incurred by the Administrative Agent, any Lender, any Swing Line Bank or any LC Issuing Bank (including the documented fees and expenses of any counsel for the Administrative Agent, any Lender, any Swing Line Bank or any LC Issuing Bank), in connection with the enforcement or protection of its rights (A) in connection with this Agreement and the other Loan Documents, including its rights under this Section, or (B) in connection with the Advance made or Letters of Credit issued hereunder, including all such out of pocket expenses incurred during any workout, restructuring or negotiations in respect of such Advances or Letters of Credit; provided that the Borrower shall only be required to pay the fees and expenses for (x) one (1) outside counsel for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swing Line Banks and the LC Issuing Banks, (y) any local and/or regulatory counsel in any applicable jurisdiction for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swing Line Banks and the LC Issuing Banks and (z) in the case of a conflict of interest between one or more of the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swing Line Banks and the LC Issuing Banks, such additional counsel as may be reasonably necessary.

(b) The Borrower shall indemnify the Administrative Agent, each Joint Lead Arranger, each Lender, each Swing Line Bank and each LC Issuing Bank, and each Related Party of any of the foregoing Persons (each such Person being called an "***Indemnitee***") against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities and related reasonable documented out of pocket costs and expenses (including the reasonable and documented fees and expenses of any counsel for any Indemnitee), incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Borrower or the Parent) other than such Indemnitee and its Related Parties arising out of, in connection with, or as a result of (i) the execution or delivery of this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or thereby, (ii) any Advance or Letter of Credit or the use or proposed use of the proceeds therefrom (including any refusal by any LC Issuing Bank to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit), (iii) any actual or alleged presence or release of Hazardous Materials on or from any property owned or operated by the Borrower, the Parent or any of its Subsidiaries, or any Environmental Proceeding or Environmental Liability related in any way to the Borrower, the Parent or any of its Subsidiaries, (iv) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by the Borrower, the Parent or any of its Subsidiaries, and regardless of whether any Indemnitee is a party thereto, or (v) any claim (including any claim arising from an Environmental Proceeding or Environmental Liability), investigation, litigation or other proceeding (whether or any Indemnitee is a party thereto) and the prosecution and defense thereof, arising out of or in any way connected with the Advances, this Agreement, any other Loan Document, or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby, including reasonable and documented attorneys' fees; provided that such indemnity shall (x) not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related costs and expenses are determined by a court of competent jurisdiction by final and nonappealable judgment (1) to have resulted from the gross negligence or willful misconduct of such Indemnitee or (2) to have resulted from a claim brought by the Borrower or the Parent against an Indemnitee for breach in bad faith of such Indemnitee's obligations hereunder or under any other Loan Document and (y) be limited in the case of attorneys' fees and expenses to (1) one (1) outside counsel for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swing Line Banks and the LC Issuing Banks, (2) any local and/or regulatory counsel in any applicable jurisdiction for the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swing Line Banks and the LC Issuing Banks and (3) in the case of a conflict of interest between one or more of the Administrative Agent, the Syndication Agent, the Joint Lead Arrangers, the Lenders, the Swing Line Banks and the LC Issuing Banks, such additional counsel as may be reasonably necessary. This Section 7.03(b) shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

(c) To the extent that the Borrower for any reason fails to indefeasibly pay any amount required under paragraph (a) or (b) of this Section to be paid by it to the Administrative Agent (or any sub-agent thereof), any LC Issuing Bank, any Swing Line Bank or any Related Party of any of the foregoing, each Lender severally agrees to pay to the Administrative Agent (or any such sub-agent), such LC Issuing Bank, such Swing Line Bank or such Related Party, as the case may be, such Lender's Pro Rata Share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought based on each Lender's share of the aggregate outstanding Commitments, or if there are no Commitments outstanding, the outstanding principal amount of the Advances, at such time) of such unpaid amount (including any such unpaid amount in respect of a claim asserted by such Lender); provided that with respect to such unpaid amounts owed to any LC Issuing Bank or Swing Line Bank solely in its capacity as such, only the Lenders shall be required to pay such unpaid amounts, such payment to be made severally among them based on such Lenders' Pro Rata Share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought); and provided, further, that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent (or any such sub-agent), such LC Issuing Bank or such Swing Line Bank in its capacity as such, or against any Related Party of any of the foregoing acting for the Administrative Agent (or any such sub-agent), such LC Issuing Bank or any such Swing Line Bank in connection with such capacity. The obligations of the Lenders under this paragraph (c) are subject to the provisions of Section 2.21(c).

(d) To the fullest extent permitted by applicable law, the Borrower shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document, the transactions contemplated hereby or thereby, any Advance or Letter of Credit, or the use of the proceeds thereof. To the fullest extent permitted by applicable law, no Indemnitee shall assert, and each Indemnitee hereby waives, any claim against the Borrower, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document, the transactions contemplated hereby or thereby, any Advance or Letter of Credit, or the use of the proceeds thereof; provided that this waiver shall in no way limit the Borrower's indemnification obligations in Section 7.03(b) to the extent of any claim by any Person other than the Borrower, the Parent or any Indemnitee or its Related Parties for any of the foregoing to the extent such claim would be covered by Section 7.03(b).

Section 7.04 Amendments, Waivers and Consents.

(a) Neither this Agreement nor any other Loan Document (other than the Support Agreement (except as provided in clause (viii) below)) nor any of the terms hereof or thereof may be amended, changed, waived, discharged or terminated unless such amendment, change, waiver, discharge or termination is in writing and signed by the Required Lenders, the Borrower and the Parent; provided that no such amendment, change, waiver, discharge or termination shall without the consent of each Lender affected thereby:

(i) extend the final maturity of any Advance, or any portion thereof (except pursuant to Section 2.06),

(ii) reduce the rate or extend the time of payment of interest (other than a waiver or rescission of the application of the default rate of interest) or fees hereunder;

(iii) reduce or waive repayment of the principal amount of any Advance,

(iv) extend the Commitment of a Lender or increase the Commitment of a Lender over the amount thereof in effect (it being understood and agreed that none of (A) a waiver of any Default or Event of Default, (B) the extension of the Commitment of any other Lender in accordance with Section 2.06 or (C) the increase of the Commitment of any other Lender in accordance with Section 2.05, shall, in any case, constitute a change in the terms of the Commitment of such Lender),

(v) release the Borrower from all its obligations under the Loan Documents except as permitted hereby,

(vi) reduce any percentage specified in, or otherwise modify, the definition of “Required Lenders”,

(vii) consent to the assignment or transfer by the Borrower of any of its respective rights and obligations under (or in respect of) the Loan Documents except as permitted hereby or thereby,

(viii) (x) terminate or otherwise cancel the Support Agreement or (y) amend or otherwise modify the terms of the Support Agreement in any manner that, in the case of this clause (y), adversely affects the rights of such Lender, or

(ix) amend or otherwise modify this Section 7.04.

Notwithstanding anything to the contrary herein, (i) no Defaulting Lender shall have any right to approve or disapprove any amendment, waiver or consent hereunder (and any amendment, waiver or consent which by its terms requires the consent of all Lenders or each affected Lender may be effected with the consent of the applicable Lenders other than Defaulting Lenders), except that (x) the Commitment of any Defaulting Lender may not be increased or extended without the consent of such Lender and (y) any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender that by its terms affects any Defaulting Lender more adversely than other affected Lenders shall require the consent of such Defaulting Lender; (ii) no amendment, waiver or consent shall, unless in writing and signed by the LC Issuing Banks in addition to the Lenders required above, affect the rights or duties of the LC Issuing Banks under this Agreement or any Letter of Credit issued or to be issued by it; (iii) no amendment, waiver or consent shall, unless in writing and signed by the Swing Line Banks in addition to the Lenders required above, affect the rights or duties of the Swing Line Banks under this Agreement; (iv) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above, affect the rights or duties of the Administrative Agent under this Agreement or any other Loan Document; and (v) each Fee Letter may be amended, or rights or privileges thereunder waived, in a writing executed only by the parties thereto.

(b) In connection with any proposed amendment, change or waiver (a "***Proposed Change***") requiring the consent of all Lenders or all affected Lenders, if the consent of the Required Lenders to such Proposed Change is obtained, but the consent to such Proposed Change of other Lenders whose consent is required is not obtained (any such Lender whose consent is not obtained as described in paragraph (a) above being referred to as a "***Non-Consenting Lender***"), then, so long as the Lender that is acting as Administrative Agent is not a Non-Consenting Lender, the Borrower may, at its sole expense and effort, upon notice to such Non-Consenting Lender and the Administrative Agent, require such Non-Consenting Lender to assign and delegate (or to execute a Power of Attorney to the Administrative Agent for the Administrative Agent to assign and delegate on such Non-Consenting Lender's behalf) without recourse (in accordance with and subject to the restrictions contained in Section 7.05), all its interests, rights and obligations under this Agreement to an assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that (i) the Borrower shall have received the prior written consent of the Administrative Agent (and any relevant Issuing Bank), which consent shall not unreasonably be withheld, (ii) such Non-Consenting Lender shall have received payment of an amount equal to the outstanding principal of its Advances and participations in Letter of Credit payments that have not been reimbursed, accrued interest thereon, accrued fees and all other amounts payable to it hereunder from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts) and (iii) the Borrower or such assignee shall have paid to the Administrative Agent the processing and recordation fee specified in Section 7.05(b)(iv). Notwithstanding anything to the contrary in this Agreement, the return of the Note held by any such Non-Consenting Lender is not a condition to the effectiveness of any assignment pursuant to this Section 7.04(b).

Section 7.05 Benefit of Agreement.

(a) This Agreement shall be binding upon and inure to the benefit of and be enforceable by the respective successors and assigns of the parties hereto; provided that, except as permitted by Section 5.02(b), the Borrower may not assign or transfer any of its interests and obligations without prior written consent of each of the Lenders; and provided further that the rights of each Lender to transfer, assign or grant participations in its rights and/or obligations hereunder shall be limited as set forth in this Section 7.05.

(b) Each Lender may assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Advances, its Notes, and its Commitment); provided that:

(i) each such assignment shall be to an Eligible Assignee;

(ii) except in the case of an assignment to another Lender, an Affiliate of an existing Lender or any Approved Fund or an assignment of all of a Lender's rights and obligations under this Agreement, any such partial assignment shall be in an amount at least equal to $10,000,000 (or, if less, the remaining amount of the Commitment being assigned by such Lender) or an integral multiple of $1,000,000 in excess thereof;

(iii) each such assignment by a Lender of any portion of its Advances shall be accompanied by an assignment of a constant, and not varying, percentage of all of such Advances, and each such assignment by a Lender of any portion of its Advances shall be accompanied by an assignment of a constant, and not varying, percentage of all of such Lender's Advances;

(iv) the parties to such assignment shall execute and deliver to the Administrative Agent for its acceptance an Assignment and Acceptance, together with any Note subject to such assignment and a processing fee of $3,500;

(v) except for any (A) Swing Line Bank which is a Lender being replaced pursuant to Section 2.23(b), and (B) any LC Issuing Bank which (1) is a Lender being replaced pursuant to Section 2.23(b) and (2) has no Letters of Credit issued by it on such date of replacement, the consents of each LC Issuing Bank and Swing Line Bank (such consent not to be unreasonably withheld or delayed) shall be required for any assignment; and

(vi) in connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the Pro Rata Share previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent, each LC Issuing Bank, each Swing Line Bank and each other Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full Pro Rata Share and participations in Letters of Credit and Swing Line Advances in accordance with its Pro Rata Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

Upon execution, delivery, and acceptance of such Assignment and Acceptance, the assignee thereunder shall be a party hereto and, to the extent of such assignment, have the obligations, rights, and benefits of a Lender hereunder and the assigning Lender shall, to the extent of such assignment, relinquish its rights and be released from its obligations under this Agreement; provided, that except to the extent otherwise expressly agreed by the affected parties, no assignment by a Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender. Upon the consummation of any assignment pursuant to this Section 7.05, the assignor, the Administrative Agent and the Borrower shall make appropriate arrangements so that, if required, new Notes are issued to the assignor and the assignee. Each assignee shall deliver to the Borrower and the Administrative Agent certification as to an exemption from or reduction of withholding of Taxes in accordance with Section 2.17(g). To the extent that an assignment of all or any portion of a Lender's Commitment pursuant to this Section 7.05 would, at the time of such assignment, result in increased costs under Section 2.16 or 2.17 from those being charged by the respective assigning Lender prior to such assignment, then the Borrower shall not be obligated to pay such increased costs (although the Borrower shall be obligated to pay any other increased costs of the type described above resulting from changes after the date of the respective assignment).

(c) The Administrative Agent shall maintain at its address referred to in Section 7.01 a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the Commitment of, and principal amount of the Advances owing to, each Lender from time to time (the "***Register***"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Administrative Agent and the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice. Any assignment of any Advance or other obligations shall be effective only upon an entry with respect thereto being made in the Register.

(d) Upon its receipt of an Assignment and Acceptance executed by the parties thereto, together with any Note subject to such assignment and payment of the processing fee, the Administrative Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit C, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the parties thereto.

(e) Each Lender may sell participations to one or more Persons (other than a natural Person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural Person, or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each a "***Participant***") in all or a portion of its rights, obligations or rights and obligations under this Agreement (including all or a portion of its Commitment or its Advances); provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement, and such Lender shall retain the sole right to enforce the obligations of the Borrower hereunder owing to such Lender and to approve any amendment, modification, or waiver of any provision of this Agreement (other than amendments, modifications, or waivers decreasing the amount of principal of or the rate at which interest is payable on such Advances or Notes, extending any scheduled principal payment date or date fixed for the payment of interest on such Advances or Notes, or extending its Commitment). The Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.13, 2.16 and 2.17 (subject to the requirements and limitations therein, including the requirements under Section 2.17(g) (it being understood that the documentation required under Section 2.17(g) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 2.23 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.13, 2.16 or 2.17, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Advances or other obligations under the Loan Documents (the "***Participant Register***"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(f) A Participant shall not be entitled to receive any greater payment under Section 2.13, 2.16 or 2.17 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent.

(g) Notwithstanding any other provision set forth in this Agreement, any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central banking authority for such Lender; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(h) Any Lender may furnish any information concerning the Borrower in the possession of such Lender from time to time to assignees and participants (including prospective assignees and Participants), subject, however, to the provisions of Section 7.06.

(i) Notwithstanding anything to the contrary contained in this Agreement, any Lender may exchange, continue or rollover all or a portion of its Advances in connection with any refinancing, extension, loan modification or similar transaction permitted by the terms of this Agreement, pursuant to a cashless settlement mechanism approved by the Borrower, the Administrative Agent and such Lender.

Section 7.06 Confidentiality. Each of the Administrative Agent, the Lenders, the Swing Line Banks and the LC Issuing Banks agree to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its Affiliates and to its Related

Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed and required to keep such Information confidential and not to use such Information except in connection with the transactions contemplated by the Loan Documents, and it being further understood that each of the Administrative Agent, the Lenders, the Swing Line Banks and the LC Issuing Banks will be responsible for any disclosure or use of such Information by its Affiliates and its employees, officers and directors in a manner not permitted by this Section); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); provided that except in connection with any routine bank examination of the Administrative Agent, such Lender, such Swing Line Bank or such LC Issuing Bank, such Person or Related Party shall (to the extent permitted by any regulatory authority), at the expense of the Borrower, provide the Borrower and the Parent with prompt (and to the extent practicable, prior) notice of such requested disclosure so that the Borrower or Parent may seek a protective order or other appropriate remedy and, in any event, such Person or Related Party shall provide only that portion of such Information that in the reasonable judgment of such Person or Related Party, as the case may be, is relevant, advisable or legally required to be provided, to the extent practicable; (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process; provided that the Administrative Agent, such Lender, such Swing Line Bank or such LC Issuing Bank, as applicable, shall (to the extent legally permitted to do so), at the expense of the Borrower, provide the Borrower and the Parent with prompt (and to the extent practicable, prior) notice of such requested disclosure so that the Borrower or Parent may seek a protective order or other appropriate remedy and, in any event, the Administrative Agent, such Lender, such LC Issuing Bank or such LC Issuing Bank shall provide only that portion of such Information that in the reasonable judgment of such Person is relevant, advisable or legally required to be provided, to the extent practicable; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as those of this Section, to any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Agreement; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or this Agreement or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to this Agreement; (h) with the consent of the Borrower; or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent, any Lender, any LC Issuing Bank or any of their respective Affiliates on a nonconfidential basis from a source other than any Borrower Party (as defined below) that is not known by the Administrative Agent, such Lender, such Swing Line Bank, such LC Issuing Bank or such Affiliate to be prohibited from disclosing such information to it by a contractual, legal or fiduciary obligation to the Borrower, the Parent or any of their respective Subsidiaries or Affiliates. For purposes of this Section, ***"Information"*** means all information received from any Borrower Party relating to the Borrower, the Parent or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Administrative Agent, any Lender or any LC Issuing Bank on a nonconfidential basis prior to disclosure by any Borrower Party. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information. For purposes of this Section, "***Borrower Party***" means the Borrower, the Parent or any Subsidiary, Affiliate, attorney, accountant, auditor, advisor or agent of the Borrower or the Parent.

Section 7.07 Representation by Lender. Each Lender hereby represents that it is a commercial lender or financial institution which makes loans in the ordinary course of its business and that it will make its Advances hereunder for its own account in the ordinary course of such business; provided that, subject to Sections 2.23 and 7.05, the disposition of the Advances owed to such Lender and the Notes held by such Lender shall at all times be within its exclusive control.

Section 7.08 Governing Law. This Agreement and the Notes shall be construed in accordance with and governed by the law of the State of New York.

Section 7.09 Consent to Jurisdiction; Waiver of Jury Trial.

(a) Submission to Jurisdiction. Each of the parties hereto irrevocably and unconditionally agrees that any action, litigation or proceeding of any kind or description, whether in law or equity, whether in contract or in tort or otherwise, against any other party hereto or any Related Party of such Person in any way relating to this Agreement or any other Loan Document or the transactions relating hereto or thereto, may be brought and maintained in the courts of the State of New York sitting in New York County, and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, and each of the parties hereto irrevocably and unconditionally submits to the non-exclusive jurisdiction of such courts and agrees that all claims in respect of any such action, litigation or proceeding may be heard and determined in such New York State court or, to the fullest extent permitted by applicable law, in such federal court. Nothing in this Agreement or in any other Loan Document shall affect any right that the Administrative Agent, any Lender, any LC Issuing Bank or any Swing Line Bank may otherwise have to bring any action or proceeding relating to this Agreement or any other Loan Document in the courts of any other jurisdiction.

(b) Waiver of Venue. Each party hereto irrevocably and unconditionally waives, to the fullest extent permitted by applicable law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Agreement or any other Loan Document in any court referred to in paragraph (a) of this Section. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Service of Process. Each party hereto irrevocably consents to service of process effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the address provided for notices in Section 7.01. Nothing in this Agreement will affect the right of any party hereto to serve process in any other manner permitted by applicable law.

(d) Waiver of Jury Trial. THE ADMINISTRATIVE AGENT, THE LENDERS, THE SWING LINE BANKS, THE LC ISSUING BANKS AND THE BORROWER HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHTS THEY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, OR ARISING OUT OF, UNDER, OR IN CONNECTION WITH, THIS AGREEMENT AND ANY OTHER LOAN DOCUMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER ORAL OR WRITTEN), OR ACTIONS OF THE ADMINISTRATIVE AGENT, THE LENDERS, THE SWING LINE BANKS, THE LC ISSUING BANKS, THE BORROWER OR THE PARENT. THIS PROVISION IS A MATERIAL INDUCEMENT FOR THE ADMINISTRATIVE AGENT, THE LENDERS, THE SWING LINE BANKS AND THE LC ISSUING BANKS ENTERING INTO THIS AGREEMENT.

Section 7.10 Interpretation. No provision of this Agreement or any other Loan Document shall be construed against or interpreted to the disadvantage of any party hereto by any court or other governmental or judicial authority by reason of such party having or being deemed to have structured or dictated such provision.

Section 7.11 Counterparts; Effectiveness; Electronic Execution.

(a) Counterparts; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or in electronic (i.e., “pdf” or “tif”) format shall be effective as delivery of a manually executed counterpart of this Agreement.

(b) Electronic Execution of Assignments. The words “execution”, “signed”, “signature” and words of like import in any Assignment and Acceptance shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

Section 7.12 Entire Agreement. This Agreement and the other Loan Documents embody the entire agreement and understanding between the parties hereto and thereto in respect of the transactions contemplated hereby and thereby and supersede all prior negotiations, understandings and agreements between such parties or any of them in respect of such transactions.

Section 7.13 USA PATRIOT Act. The Administrative Agent and each Lender hereby notifies the Borrower that pursuant to the requirements of the Act, it is required to obtain, verify and record information that identifies the Borrower and the Parent, which information includes the name and address of the Borrower and the Parent and other information that will allow such Lender to identify the Borrower and the Parent in accordance with the Act.

Section 7.14 Reaffirmation. This Agreement constitutes an amendment and restatement of the Existing Credit Agreement. Each of the parties hereto acknowledges and agrees that the Obligations represent, among other things, the amendment, restatement, renewal, extension, consolidation and modification of the Obligations (as defined in the Existing Credit Agreement) of the Borrower under the Existing Credit Agreement. Each of the parties hereto further acknowledges and agrees that this Agreement supercedes and replaces the Existing Credit Agreement but does not extinguish the Obligations (as defined in the Existing Credit Agreement) thereunder and that by entering into and performing its Obligations hereunder, this transaction shall not constitute a novation.

ARTICLE VIII
AGENCY PROVISIONS

Section 8.01 Appointment. Each Lender, Swing Line Bank and LC Issuing Bank hereby designates and appoints Wells Fargo, as Administrative Agent of such Person to act as specified herein and the other Loan Documents, and each such Lender, Swing Line Bank and LC Issuing Bank hereby authorizes the Administrative Agent to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated by the terms hereof and of the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere herein and in the other Loan Documents, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein and therein, or any fiduciary relationship with any Lender, Swing Line Bank or LC Issuing Bank and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any of the other Loan Documents, or shall otherwise exist against the Administrative Agent. The provisions of this Section are solely for the benefit of the Administrative Agent, the Lenders, the Swing Line Banks and the LC Issuing Banks and neither the Borrower nor the Parent shall have any rights as a third party beneficiary of the provisions hereof. In performing its functions and duties under this Agreement and the other Loan Documents, the Administrative Agent shall act solely as Administrative Agent of the Lenders, the Swing Line Banks and the LC Issuing Banks and, does not assume and shall not be deemed to have assumed any obligation or relationship of agency or trust with or for the Borrower, the Parent or any of their respective Affiliates.

Section 8.02 Delegation of Duties. The Administrative Agent may execute any of its duties hereunder or under the other Loan Documents by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

Section 8.03 Exculpatory Provisions. The Administrative Agent and its officers, directors, employees, agents, attorneys-in-fact or affiliates shall not be (i) liable for any action lawfully taken or omitted to be taken by it or such Person under or in connection herewith or in connection with any of the other Loan Documents (except for its or such Person’s own gross negligence or willful misconduct), or (ii) responsible in any manner to any of the Lenders, the Swing Line Banks or the LC Issuing Banks for any recitals, statements, representations or warranties made by the Borrower or the Parent contained herein or in any of the other Loan Documents or in any certificate, report, document, financial statement or other written or oral statement referred to or provided for in, or received by the Administrative Agent under or in connection herewith or in connection with the other Loan Documents, or enforceability or sufficiency therefor of any of the other Loan Documents, or for any failure of the Borrower or the Parent to perform its obligations hereunder or thereunder. The Administrative Agent shall not be responsible to any Lender, Swing Line Bank or LC Issuing Bank for the effectiveness, genuineness, validity, enforceability, collectibility or sufficiency of this Agreement, or any of the other Loan Documents or for any representations, warranties, recitals or statements made herein or therein or made by the Borrower or the Parent in any written or oral statement or in any financial or other statements, instruments, reports, certificates or any other documents in connection herewith or therewith furnished or made by the Administrative Agent to the Lenders, the Swing Line Banks or the LC Issuing Banks or by or on behalf of the Borrower or the Parent to the Administrative Agent, any Lender, any Swing Line Bank or any LC Issuing Bank or be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or therein or as to the use of the proceeds of the Advances or of the existence or possible existence of any Default or Event of Default or to inspect the properties, books or records of the Borrower, the Parent or any of their respective Affiliates.

Section 8.04 Reliance on Communications. The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any note, writing, resolution, notice, consent, certificate, affidavit, letter, telecopy, statement, order or other document or conversation believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to the Borrower, independent accountants and other experts selected by the Administrative Agent with reasonable care). The Administrative Agent may deem and treat the Lenders, the Swing Line Banks and the LC Issuing Banks as the owner of their respective interests hereunder for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent in accordance with Section 7.05. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or under any of the other Loan Documents unless it shall first receive such advice or concurrence of the Required Lenders (or such other number or percentage of the Lenders, Swing Line Banks or LC Issuing Banks as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 6.01, 6.02 and 7.04) as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders, the Swing Line Banks and/or the LC Issuing Banks, as applicable, against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, hereunder or under any of the other Loan Documents in accordance with a request of the Required Lenders (or to the extent specifically provided in Section 7.04, all the Lenders, all affected Lenders, all Swing Line Banks or all LC Issuing Banks, as applicable) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders, the Swing Line Banks and the LC Issuing Banks, as applicable (including their respective successors and assigns).

Section 8.05 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default hereunder unless the Administrative Agent has received notice from a Lender, a Swing Line Bank, an LC Issuing Bank, the Borrower or the Parent referring to the Loan Document, describing such Default or Event of Default and stating that such notice is a “notice of default”. In the event that the Administrative Agent receives such a notice, the Administrative Agent shall give prompt notice thereof to the Lenders, the Swing Line Banks and the LC Issuing Banks. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders.

Section 8.06 Non-Reliance on Administrative Agent and Other Lenders. Each Lender, Swing Line Bank and LC Issuing Bank expressly acknowledges that each of the Administrative Agent and its officers, directors, employees, agents, attorneys-in-fact or Affiliates has not made any representations or warranties to it and that no act by the Administrative Agent or any Affiliate thereof hereinafter taken, including any review of the affairs of the Borrower, the Parent or any of their respective Affiliates, shall be deemed to constitute any representation or warranty by the Administrative Agent to any Lender, Swing Line Bank or LC Issuing Bank. Each Lender, Swing Line Bank and LC Issuing Bank represents to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, Swing Line Bank or LC Issuing Bank, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, assets, operations, property, financial and other conditions, prospects and creditworthiness of the Borrower, the Parent or their respective Affiliates and made its own decision to make its Advances hereunder and enter into this Agreement. Each Lender, Swing Line Bank and LC Issuing Bank also represents that it will, independently and without reliance upon the Administrative Agent or any other Lender, Swing Line Bank or LC Issuing Bank and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement, and to make such investigation as it deems necessary to inform itself as to the business, assets, operations, property, financial and other conditions, prospects and creditworthiness of the Borrower, the Parent and their respective Affiliates. Except for notices, reports and other documents expressly required to be furnished to the Lenders, the Swing Line Banks and the LC Issuing Banks by the Administrative Agent hereunder, the Administrative Agent shall not have any duty or responsibility to provide any Lender, Swing Line Bank or LC Issuing Bank with any credit or other information concerning the business, operations, assets, property, financial or other conditions, prospects or creditworthiness of the Borrower, the Parent or their respective Affiliates which may come into the possession of the Administrative Agent or any of its officers, directors, employees, agents, attorneys-in-fact or affiliates.

Section 8.07 Administrative Agent in its Individual Capacity. The Administrative Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower, the Parent, their respective Subsidiaries or their respective Affiliates as though the Administrative Agent were not the Administrative Agent hereunder. With respect to the Advances and all obligations of the Borrower and the Parent hereunder and under the other Loan Documents, the Administrative Agent shall have the same rights and powers under this Agreement as any Lender, any Swing Line Bank and any LC Issuing Bank, in such capacity, and may exercise the same as though it were not the Administrative Agent, and the terms "Lender", "Lenders", "Swing Line Bank", "Swing Line Banks", "LC Issuing Bank" and "LC Issuing Banks" shall include the Administrative Agent in its individual capacity, as applicable.

Section 8.08 Successor Agent.

(a) The Administrative Agent may resign at any time by giving written notice thereof to the Lenders, the Swing Line Banks, the LC Issuing Banks and the Borrower. Upon any such resignation, the Required Lenders shall have the right to appoint a successor Administrative Agent. Such successor shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld or delayed; provided that such approval shall not be necessary if at the time such successor is appointed there shall have occurred and be continuing an Event of Default described in Section 6.01(a), 6.01(g) or 6.01(h). If no successor Administrative Agent shall have been so appointed by the Required Lenders, and shall have accepted such appointment, within 30 days after the retiring Administrative Agent's giving of notice of resignation (or such earlier day as shall be agreed by the Required Lenders) (the "Resignation Effective Date"), then the retiring Administrative Agent may, (but shall not be obligated to), on behalf of the Lenders, the Swing Line Banks and the LC Issuing Banks, appoint a successor Administrative Agent, which shall be a Lender or shall be another commercial bank or trust company organized under the laws of the United States of America or of any State thereof and having a combined capital and surplus of at least $500,000,000. Such successor shall be subject to the approval of the Borrower, such approval not to be unreasonably withheld or delayed; provided that such approval shall not be necessary if at the time such successor is appointed there shall have occurred and be continuing an Event of Default described in Section 6.01(a), 6.01(g) or 6.01(h). Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) If the Person serving as Administrative Agent (x) is a Defaulting Lender pursuant to clause (d) of the definition thereof, the Required Lenders may, to the extent permitted by applicable law, by notice in writing to the Borrower and such Person, or (y) no longer has any Commitment as a Lender, the Borrower may, to the extent permitted by applicable law, by notice in writing to the Lenders and such Person, remove such Person as Administrative Agent. In connection with such removal, the Required Lenders shall appoint a successor Administrative Agent, subject to the approval of the Borrower, such approval not to be unreasonably withheld or delayed; provided that such approval shall not be necessary if at the time such successor is appointed there shall have occurred and be continuing an Event of Default described in Section 6.01(a), 6.01(g) or 6.01(h). If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after its removal (or such earlier day as shall be agreed by the Required Lenders (in the case of a removal pursuant to clause (x) of this Section 8.08(b)) or the Borrower (in the case of a removal pursuant to clause (y) of this Section 8.08(b))) (the "Removal Effective Date"), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date.

(c) Upon the acceptance of any appointment as Administrative Agent hereunder by a successor Administrative Agent, such successor Administrative Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Administrative Agent, and the retiring Administrative Agent, shall be discharged from its duties and obligations under this Agreement. After any retiring Administrative Agent's resignation or removal as Administrative Agent, the provisions of this Article VIII shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement. In the event that no successor has been appointed on the Resignation Effective Date or Removal Effective Date, as applicable, any Cash Collateral held by the retiring Administrative Agent shall continue to be held by such Person, for the benefit of the Lenders, the Swing Line Banks and the LC Issuing Banks, as applicable, until a successor Administrative Agent has been appointed hereunder.

(d) Any resignation by or removal of Wells Fargo as Administrative Agent pursuant to this Section shall also constitute its resignation as an LC Issuing Bank and Swing Line Bank. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, (i) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of Wells Fargo as the retiring LC Issuing Bank and Swing Line Bank, (ii) the retiring LC Issuing Bank and Swing Line Bank shall be discharged from all of their respective duties and obligations hereunder or under the other Loan Documents, and (iii) the Borrower shall (at the expense of (x) the retiring Administrative Agent, in the case of a resignation by the Administrative Agent and (y) the Borrower in the case of a removal of the Administrative Agent) (A) use commercially reasonable efforts to cause an LC Issuing Bank to issue letters of credit in substitution for the Letters of Credit, if any, outstanding at the time of such succession or (B) make other arrangements satisfactory to the retiring LC Issuing Bank to cause the obligations of the retiring LC Issuing Bank with respect to such Letters of Credit to be Cash Collateralized.

Section 8.09 Other Agents. No Joint Lead Arranger nor any Lender identified as an "Agent" (other than the Administrative Agent) shall have any right, power, obligation, liability, responsibility or duty under this Agreement other than, in the case of any such Person which is also a Lender, Swing Line Bank or LC Issuing Bank, those applicable to all Lenders, Swing Line Banks or LC Issuing Banks, as applicable, as such. Without limiting the foregoing, none of the Lenders so identified shall have or be deemed to have any fiduciary relationship with any other Lender, Swing Line Bank or LC Issuing Bank. Each Lender, Swing Line Bank and LC Issuing Bank acknowledges that it has not relied, and will not rely, on any of the Lenders so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

ARTICLE IX
ACKNOWLEDGEMENT

Section 9.01 Parent Acknowledgment. The Parent hereby acknowledges that (a) Obligations owing by the Borrower under this Agreement will constitute "Debt" under the Support Agreement and (b) this Agreement contains representations and warranties and covenants that relate to the Parent and that a breach of any of those representations or warranties, or a failure by the Borrower to comply with such covenants, could result in an Event of Default under this Agreement. Notwithstanding the acknowledgement contained in this Section 9.01, each of the Administrative Agent, each LC Issuing Bank, each Swing Line Bank and each Lender acknowledges and agrees that it will have no recourse against the Parent under this Agreement, and the rights and remedies of the Administrative Agent, each LC Issuing Bank, each Swing Line Bank and each Lender against Parent shall be solely pursuant to and in accordance with the Support Agreement.

American Water Announces Agreement to Acquire Keystone Clearwater Solutions

VOORHEES, N.J., June 18, 2015 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today announced that it has agreed to acquire Keystone Clearwater Solutions (Keystone) from Rex Energy Corporation. The transaction values the company at $130 million.

Keystone, headquartered in Hershey, Pa., is a water service provider offering a range of water related services to the oil and gas industry primarily in the Appalachian region of Pennsylvania, Ohio and West Virginia.

“Keystone Clearwater Solutions provides turn-key water solutions to the shale gas industry in a safe and environmentally responsible manner,” said Susan Story, president and CEO of American Water. “We are excited because Keystone’s offerings are in line with American Water’s core competencies – supplying, transmitting, pumping and storing water and building the infrastructure required to do so. Keystone’s commitment to its customers, its operational focus and its commitment to environmental responsibility and safety are also aligned with American Water’s values and have allowed Keystone to grow into a market leader in the shale gas water services segment in only a few years. We will continue leveraging the expertise of the talented team of Keystone employees who have built this successful organization.”

Story added, “This acquisition delivers on one of our growth strategies to develop complementary businesses. Coupled with our existing activity in shale, the Keystone acquisition will enhance our ability to provide additional water services solutions to shale development companies."

Upon completion of the acquisition, Keystone will operate as a separate, independent subsidiary of American Water.

“We are excited about this acquisition by American Water,” said Ned Wehler, founder and chief executive officer of Keystone, who will continue to lead the organization. “American Water’s commitment to its customers, safety, the development of its employees and environmental protection is consistent with Keystone’s philosophy. We look forward to a bright future together.”

American Water anticipates closing on the transaction in July.

About Keystone Clearwater Solutions

Keystone Clearwater Solutions provides customized water sourcing, transfer and hydraulic fracturing support including intake development, turnkey pipeline construction, water storage, management support and transfer services for Shale Gas operators.

Founded in 2009, Keystone Clearwater is a water management company, serving the needs of customers in the markets where we live and work. Keystone's origins were established through its management team's long-standing history and sound reputation in the environmental engineering and water management field, including water systems engineering, permitting, construction and O&M.

About Rex Energy

Rex Energy, headquartered in State College, Pennsylvania, is an independent oil and gas exploration and production company operating in the Appalachian and Illinois Basins within the United States. The company's strategy is to pursue its higher potential exploration drilling prospects while acquiring oil and natural gas properties complementary to its portfolio.

About American Water

Founded in 1886, American Water is the largest and most geographically diverse publicly traded U.S. water and wastewater utility company. With headquarters in Voorhees, N.J., the company employs 6,400 dedicated professionals who provide regulated and market-based drinking water, wastewater and other related services to an estimated 15 million people in 47 states and Ontario, Canada. Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

Susan N. Story became the President and Chief Executive Officer of American Water Works Company, Inc. (the "Company") on May 9, 2014. Previously, she served as the Company's Senior Vice President and Chief Financial Officer.

On May 9, 2014, the Company entered into an employment letter agreement with Ms. Story (the "Employment Agreement"). Under the Employment Agreement, effective on May 10, 2014, Ms. Story's annual base salary was increased to $700,000. In addition, her target payout under the Company's Annual Incentive Plan ("AIP") was increased to 100% of her annual base salary. In accordance with the terms of the Employment Agreement, Ms. Story's 2014 AIP target award and the salary amount upon which the target award is based have been prorated to reflect the portions of the year she has served as Senior Vice President and Chief Financial Officer and will serve as President and Chief Executive Officer. Moreover, pursuant to the Employment Agreement, Ms. Story's target payout under the Company's Long-Term Incentive Plan ("LTIP") was increased to 200% of her annual base salary and, in addition to the LTIP grant she previously received in 2014, Ms. Story received an additional LTIP grant to reflect her increased salary and LTIP target payout. The Employment Agreement provides that the additional LTIP grant be made in the same proportions and on the same terms as the LTIP grant that she previously received for 2014. The additional grant included 4,807 performance share units ("PSUs"), of which 2,288 PSUs represent a contingent right to receive one share of Company common stock, with the actual number of shares to be awarded based on the Company's total stockholder return relative to the performance of the other companies in the Dow Jones U.S. Utilities Total Return Index over the three-year performance period beginning on January 1, 2014 and ending December 31, 2016. The remaining 2,519 PSUs also represent a contingent right to receive one share of Company common stock, with the actual number of shares to be awarded based upon (a) the average of the ratio of the Company's regulated operations' total operation and maintenance expense to total operating revenues for each of 2014, 2015 and 2016 and (b) growth of the Company's earnings per share (as adjusted) compounded annually over the three year period from January 1, 2014 through December 31, 2016. In addition, Ms. Story was granted 1,679 restricted stock units that settle in shares of Company common stock on a one share per unit basis and vest in three equal installments on January 1, 2015, 2016 and 2017. Ms Story also was granted a stock option to purchase 14,996 shares of Company common stock at an exercise price of $46.26 per share. The option vests in three equal installments on January 1, 2015, 2016 and 2017.

In accordance with the Company's executive severance policy, in the event Ms. Story's employment is terminated by the Company without cause (as determined by the Board of Directors) she would receive salary continuation and COBRA benefits, and would continue to participate in any Company-sponsored life insurance plan, for a period of 18 months following termination. She also would receive a pro rata AIP award for the year in which the termination occurs, to the extent such payment is provided for under the terms of the applicable AIP.

The foregoing summary of the Employment Agreement is qualified in all respects by reference to the Employment Agreement, a copy of which is attached to this Form 8-K as Exhibit 99.1 and is incorporated by reference into this report.

Re: Employment Letter Agreement

Dear Susan:

On behalf of American Water Works Company, Inc. (the “Company”) and its Board of Directors, we are delighted to provide you with this new employment letter agreement (this “Agreement”) in anticipation of your election to the role of President and Chief Executive Officer effective as of your election to said office on May 9, 2014. As President and Chief Executive Officer of the Company, you shall have the authority to control the day-to-day operations of the Company and its corporate strategy, subject to the Company’s Bylaws and Delegation of Authority and to the directions and decisions of the Company’s Board of Directors. The following are the terms and conditions of your employment as the Company’s President and Chief Executive Officer:

1. Annual Base Salary. Effective May 10, 2014, your annual base salary will be increased to $700,000.00, payable in accordance with the Company’s normal payroll practices.

2. Annual Incentive Plan. You will continue to participate in the Company’s Annual Incentive Plan (“AIP”). Your target award under the AIP is 100% of your annual base salary, and for 2014 will be prorated at each salary and target level. Under the terms of the AIP, your actual award payout may be up to 200% of your target award and will be dependent on both (i) your individual performance which may result in an individual performance factor range of 0 to 200% of your target award and (ii) the application of the Company’s Corporate Multiplier (which may range from 0 to 150%) to your individual award. The Board of Directors will establish each performance year a set of mutually agreed upon AIP goals and objectives for you as President and CEO. Your AIP award for 2014 will be based on the level of progress towards achieving the goals and objectives that were agreed upon and approved by the Board of Directors, as reflected in the minutes of the meeting of the Board of Directors at which they were approved.

3. Long Term Incentive Plan.

    a. You will continue to be eligible to participate in the Company’s Long Term Incentive Plan (“LTIP”).

b. Your target payout under the LTIP is 200% of your annual base salary. In addition to the LTIP grant that you have already received for 2014, you will receive an additional LTIP grant within ten (10) days after the date of this Agreement to reflect your new salary and new level of your LTIP target payout, with the value of such additional LTIP grant determined as of the date of grant and with it being made in the same proportions and on the same terms as the LTIP grant that you have already received for 2014.

4. Terms of AIP and LTIP. It is understood that the Board has a right to amend the Company's AIP and LTIP plans, and may do so during the term of your employment. As a result, the terms of your participation in such plans may vary from that described herein or contemplated hereby, provided that any such changes do not materially impair any rights or obligations under any Grant previously made to you or otherwise reduce any benefits accrued as of such date.

5. Executive Severance Policy. You will be entitled to the benefits and subject to the terms of the Company's executive severance policy which provides severance benefits to executives whose employment is involuntarily terminated by American Water for reasons other than cause. Under the policy, you will receive, among other benefits, company-paid COBRA, salary continuation benefits in the form of 18 months of your base salary and a prorated annual incentive plan award.

6. Benefits. You will be eligible to participate in the Company's comprehensive benefits package, which currently includes, without limitation, medical, dental, vision, life and accidental death and dismemberment insurance and short-term and long-term disability insurance, as in effect from time to time for the Company's senior management.

7. Retirement and Deferred Compensation Plans. You will be eligible to participate in the Company's 401(k) Plan and the Company's Nonqualified Savings and Deferred Compensation Plan pursuant to the terms of those Plans as in effect from time to time provided that no amendment to any such plan shall reduce your accrued benefits to the date of such amendment.

8. Outside Activities.

   a. The Board of Directors of the Company understands and hereby acknowledges that currently you are a member of the board of directors of Raymond James Financial, Inc. It is hereby expressly agreed that for a period of twenty-four (24) months, you will not serve or seek to serve on the board of directors of any other "for profit" company. Except as permitted and set forth in this paragraph 8, you will not engage in any business activity or serve on the board of directors or advisory committee of any for-profit corporation, partnership, limited liability company or other form of business or entity without the prior approval of the Board of Directors of the Company.

   b. The Board of Directors of the Company understands that during your term of employment with the Company you will be involved in one or more non-profit organizations and/or associations including those which may relate to the Company's strategy or regulated industries.

9. Vacation. You are entitled to five (5) weeks of vacation each year which must be used in accordance with the Company's vacation policy.

10. Section 409A of the Internal Revenue Code.

    a. Notwithstanding any other provisions hereof, this Agreement is intended to comply with the requirements of Section 409A of the Internal Revenue Code (the "Code"), to the extent applicable, and this Agreement shall be interpreted to avoid any taxes, interest, penalty or other sanctions under Section 409A of the Code. Accordingly, all provisions herein, or incorporated by reference, shall be construed and interpreted to comply with Section 409A of the Code and, if necessary, any such provision shall be deemed amended to comply with Section 409A of the Code and regulations thereunder. All payments to be made upon a termination of employment under this Agreement that are deferred compensation may only be made upon a "separation from service" under Section 409A of the Code. For purposes of Section 409A of the Code, each payment made under this Agreement (including each payment in a series of installments) shall be treated as a separate payment. To the extent an amount subject to Section 409A of the Code is payable during a specified period, in no event may you, directly or indirectly, designate the calendar year of payment.

b. To the maximum extent permitted under Section 409A of the Code, any severance benefits payable under this Agreement are intended to comply with the "short-term deferral exception" under Treas. Reg. §1.409A-1(b)(4), and any remaining amount is intended to comply with the "separation pay exception" under Treas. Reg. § 1.409A-1 (b)(9)(iii); provided, however, any amount payable to you during the six (6) month period following your date of separation from service that does not qualify within either of the foregoing exceptions and constitutes deferred compensation subject to the requirements of Section 409A of the Code shall hereinafter be referred to as the "Excess Amount." If at the time of your separation from service, you are a "specified employee" (as defined in Section 409A of the Code and determined in the sole discretion of the Company), then the Company shall postpone the commencement of the payment of the portion of the Excess Amount that is payable within the six (6) month period following your separation from service with the Company (or any successor thereto) for six (6) months following your termination date with the Company (or any successor thereto). The delayed Excess Amount shall be paid in a lump sum to you on the first payroll date following the date that is six (6) months following your separation from service with the Company (or any successor thereto). If you die during such six (6) month period and prior to the payment of the portion of the Excess Amount that is required to be delayed on account of Section 409A of the Code, such Excess Amount shall be paid to the personal representative of your estate on the first payroll date following our death. All other payments shall be paid when otherwise scheduled.

11. Prior Employment Agreement. This Agreement supersedes and replaces in its entirety that certain letter agreement between the Company and you dated as of February 6, 2013.

Except and so far as you and the Company agree otherwise in writing, your employment with the Company shall remain at-will, which means that your employment with the Company may be terminated by you or the Company at any time, with or without Cause.

Susan, we look forward to working with you as President and CEO as you continue to execute on our strategy and grow the Company.

Please signify your agreement with the foregoing terms of your continued employment by returning to my attention the original of this Agreement.

Sincerely yours,

G. MacKenzie

George MacKenzie
Chairman of the Board

AMERICAN WATER REPORTS SOLID FIRST QUARTER RESULTS

- **Operating revenue increased 7.2 percent to $681.9 million.**
- **Net income totaled $68.1 million, or $0.38 per diluted common share. Adjusted net income (a non-GAAP financial measure) totaled $71.7 million, or $0.40 per diluted common share.**
- **Company completed three regulated acquisitions year to date, expanded Market-based business.**
- **Company affirms its 2014 ongoing earnings to be in the range of $2.35 to $2.45 per share, excluding the impact of the Freedom Industries chemical spill in West Virginia.**

VOORHEES, N.J., May 7, 2014 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today reported solid results for the first quarter of 2014.

“This winter’s extreme weather put many water providers to the test, but our employees’ commitment to reliable service did not waver,” said Jeff Sterba, president and CEO of American Water. “Despite very challenging conditions, we had a very solid first quarter, with increases in revenues and net income, growth in both our regulated and Market-based businesses, and continued improvement in our operation and maintenance efficiency ratio.”

For the three months ended March 31, 2014, the company reported net income of $68.1 million, or $0.38 per diluted common share. Excluding the one-time impact of the Freedom Industries chemical spill in West Virginia, the company’s adjusted net income (a non-GAAP financial measure) for the three months ended March 31, 2014, totaled $71.7 million, or $0.40 per diluted common share.

The company’s capital investments during the first quarter totaled approximately $175 million. The company anticipates investing $1.1 billion in 2014, with the majority allocated to upgrading its water and wastewater systems to ensure reliable service to customers.

Regulated Operations

For the three months ended March 31, 2014, American Water's Regulated Businesses' revenues increased by $34.4 million, or 6.0 percent, as compared to the same quarter in 2013. The increase in revenues was primarily due to rate authorizations and infrastructure surcharges, as well as higher consumption and acquisitions from 2013.

The Regulated Businesses' operation and maintenance (O&M) expense increased $8.9 million, or 3.3 percent for the quarter, as compared to the first quarter of 2013. On Jan. 9, 2014, a chemical storage tank owned by Freedom Industries, Inc. leaked two substances – 4-methylcyclohexane methanol (MCHM), and PPH/DiPPH, a mix of polyglycol ethers – into the Elk River near the West Virginia American Water treatment plant in Charleston, W. Va. The company's increased O&M expense and reduced revenues for the quarter totaled $5.9 million as a result of this event. Despite this impact, the regulated entities showed continued improvement in their O&M efficiency ratio (a non-GAAP measure). For the 12 months ended March 31, 2014, the adjusted O&M efficiency ratio was 38.2 percent, compared to 40.0 percent for the previous 12-month period.

American Water's Regulated Businesses continue to upgrade and maintain their water and wastewater systems. Rate adjustments and infrastructure surcharge authorizations are given in recognition of that investment, and the company's operational efficiencies are reducing the total impact on the customers' bills at the same time. During the first quarter, the company received a rate authorization in Iowa for an additional $3.8 million in annualized revenues, which includes $2.7 million in interim rates that were already implemented. This rate authorization was put into effect in April 2014. Additional annualized revenues of $13.8 million in infrastructure surcharges were granted in the first quarter to the company's New York, New Jersey and Illinois subsidiaries. Also during the quarter, a rate case was filed in Indiana, requesting an additional $19.6 million in annualized income, and the company's Missouri subsidiary filed for $3.1 in additional annualized revenue from infrastructure surcharges. Subsequent to the quarter, the final $1.2 million in annualized revenue from a general rate case awarded in New York in March 2012 became effective, and an additional $0.2 in infrastructure surcharges were put into effect. Also, the company's Tennessee subsidiary received approval of its request for $0.5 million in surcharges that collectively cover approximately $7.5 million in local water infrastructure improvements that the company has made or will make this year.

As of May 5, 2014, the company was awaiting final orders for general rate cases in two states, requesting $52.0 million in total additional annual revenues. The extent to which requested rate increases will be granted by the applicable regulatory agencies will vary. All annualized revenue amounts are based on current usage.

“American Water plans to spend approximately $5.8 billion in capital investment over the next five years, with approximately $5.1 billion committed to investments to improve the infrastructure that ensures quality and reliability for our customers,” said Sterba. “This time of year is when all water providers issue their annual water quality reports, and for 2013, American Water again scored above 99 percent for compliance with EPA standards. This is because of employees’ commitment to our customers and our ongoing and proactive program to upgrade and maintain pipes, pumps and plants. As we continue to make those needed investments, we also continue to increase our efficiencies and manage our costs to ensure we strike the right balance between needed upgrades and the cost of providing reliable service.”

In terms of regulated growth, since the beginning of the year, the company completed three acquisitions in Indiana and Missouri. American Water is currently awaiting regulatory approval of five additional acquisitions in California, Illinois and New York. The company also continues to provide a reliable supply of water to the communities in shale-enriched areas in Pennsylvania, as well as to multiple energy companies, and currently has 39 points of interconnection in that area. In January 2014, the company signed two new agreements with Rex Energy and XTO Energy for improvement projects including main replacement and the installation of new booster and pumping stations.

Market-Based Operations

The company’s Market-Based Businesses’ revenues increased by $11.5 million, or 17.0 percent, for the quarter, compared to the first quarter of 2013. The increase was mainly due to additional revenues from capital project activities in the company’s military services group, as well as contract growth in the company’s homeowner services business. The Market-Based Businesses’ O&M expense increased $6.6 million, or 11.2 percent, for the quarter as compared to the same quarter in 2013.

American Water’s Market-Based Businesses also continued to grow. In January 2014, the company announced its tenth contract with the U.S. military at Hill Air Force Base in Utah. The company’s homeowner services business, American Water Resources, also expanded its service offerings in four new states this year to date, and currently has nearly 700,000 customers and 1.3 million customer contracts in 40 states.

Quarterly Dividend

In recognition of the company’s financial performance, American Water’s board of directors in December 2013 declared a quarterly cash dividend payment of $0.28 per common share, paid on March 3, 2014, to all shareholders of record as of Feb. 3, 2014.

On April 29, 2014, in recognition of the company’s performance, the board of directors increased its quarterly cash dividend payment from $0.28 per common share to $0.31 per common share, an approximate 11 percent increase, payable on June 2, 2014, to all shareholders of record as of May 12, 2014.

2014 Earnings Guidance

American Water estimates its 2014 ongoing earnings to be in the range of $2.35 to $2.45 per share, excluding the impact of the Freedom Industries chemical spill in West Virginia, which was $0.02 per share through March 31, 2014. The company estimates an additional impact of $0.01 to $0.02 per share through the rest of the year. The company's earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under "Forward-Looking Statements" below and under "Risk Factors" in its annual and quarterly reports.

Non-GAAP Financial Measures

This press release includes a presentation of adjusted net income and adjusted earnings per share (EPS). These items are derived from American Water's consolidated financial information but are not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). Adjusted net income and adjusted EPS are defined, respectively, as GAAP net income and GAAP diluted earnings per common share excluding the one-time impact of the Freedom Industries chemical spill in West Virginia, which was $0.02 per share through March 31, 2014. These items constitute "non-GAAP financial measures" under Securities and Exchange Commission (SEC) rules. These non-GAAP financial measures supplement the company's GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that this adjustment provides the company and its investors with an indication of American Water's baseline performance excluding items that are not considered to be reflective of ongoing results. Management does not intend results excluding the adjustment to represent results as defined by GAAP, and the reader should not consider it as an alternative measurement calculated in accordance with GAAP, or as an indicator of the company's performance. Accordingly, the measurements have limitations depending on their use.

This press release also includes a presentation of adjusted O&M efficiency ratio, which excludes from its calculation estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill. This item is derived from American Water's consolidated financial information but is not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). The item constitutes a "non-GAAP financial measure" under Securities and Exchange Commission (SEC) rules. This non-GAAP financial measure supplements the company's GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that the presentation of this measure is useful to investors because it provides a means of evaluating the company's operating performance without giving effect to estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill, which involve items that are not reflective of management's ability to increase efficiency of the company's regulated operations. In preparing operating plans, budgets and forecasts, and in assessing historical performance, management relies, in part, on trends in the company's historical results, exclusive of estimated revenues and expenses related to purchased water and the allocable portion of non-O&M support services costs.

Set forth below are tables that reconcile the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events and may relate to, among other things, its future financial performance, including earnings, growth and portfolio optimization strategies, its ability to finance current operations and growth initiatives, trends in its industry, regulatory or legal developments or rate adjustments. Actual results could differ materially because of factors such as the decisions of governmental and regulatory bodies, including decisions to raise or lower rates; the timeliness of regulatory commissions' actions concerning rates; changes in laws, governmental regulations and policies, including environmental, health and water quality, and public utility regulations and policies; the outcome of litigation and government action related to the Freedom Industries chemical spill in West Virginia; weather conditions, patterns or events, including drought or abnormally high rainfall, strong winds and coastal and intercoastal flooding; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts; its ability to appropriately maintain current infrastructure and manage the expansion of its business; its ability to obtain permits and other approvals for projects; changes in its capital requirements; its ability to control operating expenses and to achieve efficiencies in its operations; its ability to obtain adequate and cost-effective supplies of chemicals, electricity, fuel, water and other raw materials that are needed for its operations; its ability to successfully acquire and integrate water and wastewater systems that are complementary to its operations and the growth of its business, including, among other core growth opportunities, concession arrangements and agreements for the provision of water services in the unregulated shale arena; cost overruns relating to improvements or the expansion of its operations; changes in general economic, business and financial market conditions; access to sufficient capital on satisfactory terms; fluctuations in interest rates; restrictive covenants in or changes to the credit ratings on the company's current or future debt that could increase its financing costs or affect its ability to borrow, make payments on debt or pay dividends; fluctuations in the value of benefit plan assets and liabilities that could increase its cost and funding requirements; migration of customers into or out of its service territories; difficulty in obtaining insurance at acceptable rates and on acceptable terms and conditions; its ability to retain and attract qualified employees; the incurrence of impairment charges; labor actions including work stoppages and strikes; and civil disturbance, terrorist threats or acts, or public apprehension about future disturbances or terrorist threats or acts.

For further information regarding risks and uncertainties associated with American Water's business, please refer to American Water's annual, quarterly and current SEC filings. The company undertakes no duty to update any forward-looking statement.

VOORHEES, N.J., May 6, 2015 – American Water Works Company, Inc. (NYSE: AWK), the largest and most geographically diverse publicly traded U.S. water and wastewater utility company, today reported solid results for the first quarter ended March 31, 2015.

"While this past winter's weather proved challenging for some of our states, the employees of American Water delivered another quarter of high-quality customer service and solid financial performance," said Susan Story, president and CEO of American Water. "Recognizing our increases in revenue and net income, and ongoing improvement in our operational efficiency, our board of directors approved an approximate 10 percent increase to our cash dividend in April. This is the third consecutive year of double-digit increases in our dividend payouts, which are an important part of our ability to attract capital for investment to ensure safe, clean and reliable water services for our customers."

Continuing Operations

For the first quarter of 2015, the company reported income from continuing operations of $80.0 million, or $0.44 per diluted common share, compared with income from continuing operations of $69.1 million, or $0.39 per diluted common share, in the first quarter of 2014. Excluding the impact of the Freedom Industries chemical spill in West Virginia of $0.02 per diluted share in 2014, adjusted earnings per share from continuing operations (a non-GAAP financial measure) increased by 7.3 percent from $0.41 per diluted share in 2014. This increase was mainly due to continued revenue growth in the Regulated Businesses, lower operating and maintenance expenses and the finalization of the company's general rate case in California.

The company made capital investments during the quarter of approximately $167.3 million to continue to provide reliable service to customers. American Water plans to invest $1.2 billion in 2015 to improve its water and wastewater systems, with approximately $0.1 billion allocated to acquisitions and strategic investments.

Regulated Operations

For the quarter, American Water's Regulated Businesses' revenues increased by $7.8 million, or 1.3 percent, compared to the same quarter in 2014. The increase in revenues was primarily due to rate authorizations and infrastructure charges. The increases were partially offset by lower demand.

The Regulated Businesses' operation and maintenance (O&M) expense decreased $11.5 million, or 4.1 percent, for the first quarter of 2015. The decreased costs were primarily due to lower production and operating supplies and services costs, partly due to higher costs incurred in 2014 from the Freedom Industries chemical spill, as well as the 2015 California rate case settlement adjustments.

As of May 6, 2015, the company received approximately $27.7 million in additional annualized revenues from general rate cases and infrastructure charges for 2015. This includes a rate authorization in Indiana for additional annualized revenues of $5.1 million, and a settlement in the company's general rate case in California providing additional annualized revenues of $5.2 million.

As of May 6, 2015, the company was awaiting final orders and/or proposed settlements for general rate cases in four states, requesting approximately $102.4 million in total additional revenues and $4.4 million in infrastructure charges in three states. The extent to which requested rate increases will be granted by the applicable regulatory agencies will vary. All revenue amounts are based on current usage.

American Water continued its focus on operational efficiencies to maintain the reliability of water services through needed capital investment while at the same time limiting the impact on customer bills. For the 12-month period ended March 31, 2015, the O&M efficiency ratio (a non-GAAP measure) improved to 36.3 percent, compared to 38.0 percent for the previous 12 months.

"Our efforts to control costs while ensuring high-quality service and reliability go hand-in-hand to deliver the best value for our customers. Our capital expenditure strategy allows us to make needed investments that translate into excellent service and improved infrastructure reliability," said Story. "This is the time of year when we provide our annual water quality reports to customers and once again, American Water scored over 99 percent for meeting or surpassing federal drinking water regulations across our footprint. This exceptional water quality record is 20 times better than the industry average for meeting the Environmental Protection Agency's safe drinking water requirements, and this is directly attributable to the dedication and expertise of our people and the investments we make into our systems."

Market-Based Operations

For the quarter, Market-Based revenues increased by $11.6 million, or 15.3 percent, as compared to the first quarter of 2014. The increase was mainly due to increased construction activities and the addition of two new contracts in the company's Military Services Group, combined with continued growth in the homeowner services business.

The Market-Based Businesses' O&M expense increased by $11.8 million, or 19.1 percent, for the first quarter 2015 as compared to the same quarter in 2014. Higher costs were mainly due to an increase in construction projects for military contracts, as well as costs associated with the addition of two military contracts, corresponding to the higher revenues. Higher claims expenses in the company's homeowner services business also contributed to the increase.

American Water's Market-Based Businesses continued to grow. The company's homeowner services business, American Water Resources, recently launched its exclusive partnership with the Orlando Utilities Commission to offer home warranty protection programs to more than 200,000 residential customers.

Quarterly Dividend

On April 28, 2015, American Water's board of directors increased the company's quarterly cash dividend payment from $0.31 to $0.34 per share, in recognition of the company's performance. The increased dividend will be payable on June 1, 2015, to all shareholders of record as of May 11, 2015.

On Dec. 12, 2014, the board of directors had declared a quarterly cash dividend payment of $0.31 per share, which was paid on March 2, 2015, to all shareholders of record as of Feb. 9, 2015.

2015 Earnings Guidance

American Water affirmed its 2015 earnings guidance from continuing operations to be in the range of $2.55 to $2.65 per diluted share. The company's earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under "Forward-Looking Statements" below and under "Risk Factors" in its annual and quarterly reports filed with the Securities and Exchange Commission (SEC).

Non-GAAP Financial Measures

This press release includes a presentation of adjusted earnings per share (EPS) from continuing operations. This item is derived from American Water's consolidated financial information but is not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). Adjusted EPS from continuing operations is defined as GAAP diluted earnings per common share from continuing operations excluding the one-time impact of the Freedom Industries chemical spill in West Virginia in 2014. This item constitutes a “non-GAAP financial measure” under SEC rules. This non-GAAP financial measure supplements the company’s GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that this adjustment provides the company and its investors with an indication of American Water’s baseline performance excluding items that are not considered to be reflective of ongoing results. Management does not intend results excluding the adjustment to represent results as defined by GAAP, and the reader should not consider it as an alternative measurement calculated in accordance with GAAP, or as an indicator of the company’s performance. Accordingly, the measurements have limitations depending on their use.

This press release also includes a presentation of adjusted O&M efficiency ratio, which excludes from its calculation estimated purchased water revenues and purchased water expenses, and the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill as well as the estimated impact of weather. This item is derived from American Water’s consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. The item constitutes a “non-GAAP financial measure” under SEC rules. This non-GAAP financial measure supplements the company’s GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that the presentation of this measure is useful to investors because it provides a means of evaluating the company’s operating performance without giving effect to estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill and weather, which involve items that are not reflective of management’s ability to increase efficiency of the company’s regulated operations. In preparing operating plans, budgets and forecasts, and in assessing historical performance, management relies, in part, on trends in the company’s historical results, exclusive of estimated revenues and expenses related to purchased water and the allocable portion of non-O&M support services costs.

Set forth below are tables that reconcile the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release including, without limitation, 2015 earnings guidance and estimated revenues from rate cases and other government agency authorizations, are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are predictions based on American Water’s current expectations and assumptions regarding future events. Actual results could differ materially because of factors such as the decisions of governmental and regulatory bodies, including decisions to raise or lower rates; the timeliness of regulatory commissions’ actions concerning rates; changes in laws, governmental regulations and policies, including environmental, health and water quality, and public utility regulations and policies; the outcome of litigation and government action including as related to the Freedom Industries chemical spill in West Virginia; weather conditions, patterns or events, including drought or abnormally high rainfall, strong winds and coastal, intercoastal flooding and cooler than normal temperatures; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts; its ability to appropriately maintain current infrastructure, including its technology systems, and manage the expansion of its business; its ability to obtain permits and other approvals for projects; changes in its capital requirements; its ability to control operating expenses and to achieve efficiencies in its operations; the intentional or unintentional acts of a third party, including contamination of its water supplies and attacks on its computer systems; its ability to obtain adequate and cost-effective supplies of chemicals, electricity, fuel, water and other raw materials that are needed for its operations; its ability to successfully acquire and integrate water and wastewater systems that are complementary to its operations; its ability to successfully expand its business, including, concession arrangements and agreements for the provision of water services in shale regions for exploration and production; cost overruns relating to improvements or the expansion of its operations; changes in general economic, business and financial market conditions; access to sufficient capital on satisfactory terms; fluctuations in interest rates; the effect of restrictive covenants or changes to credit ratings on the company's current or future debt that could increase its financing costs or affect its ability to borrow, make payments on debt or pay dividends; fluctuations in the value of benefit plan assets and liabilities that could increase financing costs and funding requirements; migration of customers into or out of its service territories and the condemnation of its systems by municipalities using the power of eminent domain; difficulty in obtaining insurance at acceptable rates and on acceptable terms and conditions; its ability to retain and attract qualified employees; labor actions including work stoppages and strikes; the incurrence of impairment charges; and civil disturbance, terrorist threats or acts, or public apprehension about future disturbances or terrorist threats or acts.

For further information regarding risks and uncertainties associated with American Water's business, please refer to American Water's annual and quarterly SEC filings. The company undertakes no duty to update any forward-looking statement, except as otherwise required by the federal securities laws.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

Appointment of Linda G. Sullivan

On March 12, 2014, American Water Works Company, Inc. (the “Company”) announced that Linda G. Sullivan will become the Company’s Senior Vice President and Chief Financial Officer, effective May 9, 2014. Ms. Sullivan will begin her employment with the Company on April 28, 2014. As previously disclosed, effective at the time of the Company’s 2014 Annual Meeting of Stockholders on May 9, 2014, Jeffry E. Sterba will be succeeded as President and Chief Executive Officer of the Company by Susan N. Story, currently the Senior Vice President and Chief Financial Officer of the Company.

In connection with Ms. Sullivan’s employment and appointment to the offices of Senior Vice President and Chief Financial Officer of the Company, she entered into an employment letter agreement with the Company (the “Employment Agreement”). Under the Employment Agreement, Ms. Sullivan will receive an annual base salary of $460,000, and her target payout under the Company’s Annual Incentive Plan (“AIP”) for 2014 will be equal to 75% of her annual base salary. In addition, Ms. Sullivan will be eligible for an equity award under the Company’s Long-Term Incentive Plan (“LTIP”) with a target payout equal to 125% of her annual base salary. For 2014, Ms. Sullivan’s payout under the AIP and award under the LTIP will not be subject to proration.

Effective upon the commencement of her employment, Ms. Sullivan will also be granted an equity award in an amount equal to $500,000 (priced on date of the grant) (the “Additional Grant”), 70% of which will be performance share units based on total stockholder return and internal Company performance metrics (“PSUs”) and 30% of which will be restricted stock units (“RSUs”). The Additional Grant is designed to replace the economic benefits Ms. Sullivan will forfeit as a result of terminating her current employment. The PSUs will be awarded contingently, and the extent to which they are earned and the underlying shares of our common stock are distributed will be based on the Company’s achievement, over a three-year period, against three performance measures (total stockholder return, operational efficiency improvement and compounded EPS growth). The RSUs will vest in equal one-third increments on January 1, 2015, 2016 and 2017. Upon vesting of the RSUs, Ms. Sullivan will receive an equivalent number of shares of Company common stock. Ms. Sullivan also will receive standard relocation benefits for an executive at her salary level.

In accordance with the Company’s executive severance policy, in the event Ms. Sullivan’s employment is terminated by the Company without cause (as determined by the Board of Directors) she would receive salary continuation and COBRA benefits, and would continue to participate in any Company-sponsored life insurance plan, for a period of 12 months following termination. She also would receive a pro rata AIP award for the year in which the termination occurs, to the extent such payment is provided for under the terms of the applicable AIP.

Ms. Sullivan, 50, has been the Senior Vice President and Chief Financial Officer of Southern California Edison Company, one of the nation’s largest electric utilities and a subsidiary of Edison International, since July 2009. Ms. Sullivan joined Edison International in 1991 and during her career there she has held numerous executive positions, including executive roles overseeing corporate financial accounting and reporting, internal control, property accounting, payroll, accounts receivable and accounts payable. She is a Certified Public Accountant and Certified Management Accountant. Ms. Sullivan holds a B.S. in Business Administration and Accounting from Portland State University.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On March 4, 2015, the board of directors of American Water Works Company, Inc. (the “Company”) adopted the American Water Works Company, Inc. Annual Incentive Plan (the “Incentive Plan”). In general, the Incentive Plan provides for the award of cash incentives to eligible employees based on their achievement of certain preset performance objectives over our fiscal year. All incentive awards payable under the Incentive Plan are paid in cash.

The Incentive Plan provides that incentive awards may be made that qualify as qualified performance-based compensation under Section 162 (m) of the Internal Revenue Code (the “Code”). At the Company’s 2015 Annual Meeting of Stockholders, the Company’s stockholders will be asked to approve the material terms of the performance goals under the Incentive Plan for the purposes of Section 162(m) of the Code so that incentive awards may be made under the Incentive Plan that qualify as qualified performance-based compensation under Section 162(m) of the Code. In addition to such awards, incentive awards may be made under the Incentive Plan that do not qualify as qualified performance-based compensation; however, in no event may any award be made under the Incentive Plan in substitution or replacement of an incentive award intended to qualify as qualified performance-based compensation under Section 162(m) of the Code.

The Incentive Plan is administered and interpreted by our compensation committee (the “Committee”) and the Committee may delegate its responsibilities for administering the Incentive Plan to an award committee or one of our executive officers for incentive awards that are not designated as qualified performance-based compensation under Section 162(m) of the Code. Participation in the Incentive Plan will be limited to our full-time exempt employees (including officers) and those of our subsidiaries who are selected for participation in the Incentive Plan by the Committee. Unless the Committee determines otherwise, the performance period for which the performance goals will be measured will be our fiscal year.

For any incentive award under the Incentive Plan designated to qualify as qualified performance-based compensation under Section 162(m) of the Code, the performance goals will be based on pre-established, objective business criteria and will be set forth in writing by the Committee within the period required under Section 162(m) of the Code. The relevant business criteria for which performance goals may be based are set forth in the Incentive Plan. Performance goals need not be uniform as among participants.

Generally, a participant earns an incentive award under the Incentive Plan for a performance period based on the level of achievement of the performance goals established by the Committee; however, the Committee will have the discretion to (i) with respect to incentive awards that are designated as qualified performance-based compensation under Section 162(m) of the Code, reduce an incentive award that would otherwise be payable to one or more participants and (ii) with respect to incentive awards that are not designated as qualified performance-based compensation under Section 162(m) of the Code, reduce or increase an incentive award that would otherwise be payable to one or more participants. The Committee will certify and announce the awards that will be made to each participant as soon as practicable following the final determination of the financial results for the relevant performance period. The Incentive Plan provides that the maximum award payable to any participant for any fiscal year is $3,000,000.

Unless the Committee determines otherwise, no participant will have any right to receive payment of an incentive award under the Incentive Plan for a performance period unless the participant remains employed with the Company through the date that the award is paid.

The Plan will continue until terminated by the Board or the Committee. The Board or the Committee may at any time amend (in whole or in part), suspend or terminate the Incentive Plan; provided, however, that the Board or the Committee may not amend or modify the Incentive Plan without stockholder approval if such approval is required by Section 162(m) of the Code. The Incentive Plan became effective as of January 1, 2015.

On March 4, 2015, the Committee determined the employees who will be eligible to participate in the Incentive Plan for the 2015 fiscal year, the performance goals for which performance will be measured and the weighting of such performance goals, and the minimum, target and maximum incentive award that may be paid out to participants based on the level of achievement of the applicable performance goals. Incentive awards are conditioned on the Company's stockholders approval of the material terms of the performance goals under the Incentive Plan for the purposes of Section 162(m) of the Code at the Company's 2015 Annual Meeting of Stockholders, so that such incentive awards may be made under the Incentive Plan that qualify as qualified performance-based compensation under Section 162(m) of the Code. The amounts payable under the Incentive Plan for the 2015 fiscal year cannot be determined until after the 2015 fiscal year is completed and achievement of the various performance goals are determined.

The table below sets forth the threshold, target, and maximum payment amounts that are potentially payable under the Incentive Plan to our current named executive officers for the 2015 fiscal year if the stockholders approve the material terms of the performance goals under Incentive Plan for the purposes of Section 162(m) of the Code at the 2015 Annual Meeting of Stockholders. If the stockholders do not approve the material terms of the performance goals under the Incentive Plan for the purposes of Section 162(m) of the Code at the 2015 Annual Meeting of Stockholders, such payment amounts for the named executive officers will not be payable. In addition, the table below lists the aggregate amounts that are potentially payable for the 2015 fiscal year at the threshold, target, and maximum levels under the Incentive Plan for all of our executive officers (including our current named executive officers) and non-executive officer employee group, which payments are also conditioned on stockholder approval of the material terms of performance goals under the Incentive Plan for the purposes of Section 162(m) of the Code at the 2015 Annual Meeting of Stockholders.

AMERICAN WATER WORKS COMPANY, INC.

ANNUAL INCENTIVE PLAN

AMERICAN WATER WORKS COMPANY, INC.

ANNUAL INCENTIVE PLAN

1. Purpose

The purpose of the Plan is to give eligible full-time exempt employees an annual opportunity to earn a cash incentive award that recognizes and rewards their contributions to the Company's success. To this end, the Plan provides a means of annually rewarding Participants based on the performance of the Company, as a whole or through a subsidiary, and, where appropriate, on a Participant's personal performance. The Plan also provides the Committee with the ability to make incentive awards designated as "qualified performance-based compensation" under Code section 162(m). All capitalized terms are as defined in Section 2. The Board adopted this Plan on March 4, 2015, effective as of January 1, 2015.

2. Definitions

(a) *"Award"* shall mean the amount of the incentive award (if any) that is earned by a Participant under the Plan for any Performance Period.

(b) "*Award Percentages*" shall mean the applicable minimum, target and maximum percentage of annual base salary that a Participant would be eligible to earn as an Award based on the level of achievement of the Performance Goals for the Performance Period, which Award Percentages shall be set by the Committee at the time the Performance Goals for the Performance Period are set; provided, that, if a Participant (other than Participants eligible to receive an Award designated as "qualified performance-based compensation") held more than one position during the Performance Period, then the Committee may designate different Award Percentages with respect to each position and the Award will be pro-rated to reflect the period during which such Participant had each Award Percentage (based on the number of days during the Performance Period the Participant held each position).

(c) *"Board"* shall mean the Company's Board of Directors as constituted from time to time.

(d) *"Code"* shall mean the Internal Revenue Code of 1986, as amended or any successor statute thereto and the regulations promulgated thereunder.

(e) *"Committee"* shall mean the Compensation Committee of the Board. With respect to the administration of Awards designated as "qualified performance-based compensation," the Committee shall consist of two or more persons appointed by the Board, all of whom shall be "outside directors" as defined under Code section 162(m). With respect to Awards not designated as "qualified performance-based compensation," the Committee may delegate its responsibilities for administering the Plan to an award committee or an Executive Officer as it deems appropriate; provided that it may not delegate its responsibilities under the Plan relating to Executive Officers or its authority to amend or terminate the Plan.

(f) *"Company"* shall mean American Water Works Company, Inc. or any successor corporation.

(g) “*Employee*” shall mean an employee of the Employer (including officers), but excluding any individual (i) employed in a casual or temporary capacity (i.e., those hired for a specific job of limited duration), (ii) characterized as “part-time” by the Employer, (iii) classified as a “non-exempt” employee eligible for overtime compensation under the Fair Labor Standards Act of 1938, (iv) whose terms of employment are governed by a collective bargaining agreement that does not provide for participation in this Plan, (v) characterized as a “leased employee” within the meaning of Code section 414, or (vi) classified by the Employer as a “contractor” or “consultant,” no matter how characterized by the Internal Revenue Service, other governmental agency or a court. Any change of characterization or classification of an individual by any court, government agency (including, but not limited to, the Internal Revenue Service or U.S. Department of Labor), or arbitrator shall have no effect upon the characterization or classification of an individual as an Employee for purposes of this Plan, unless the Committee determines otherwise.

(h) “*Employer*” shall mean the Company and each of its subsidiaries.

(i) “*Executive Officer*” shall mean the executive officers of the Company as defined in the Securities Exchange Act of 1934, as amended, and as determined by the Committee in its sole discretion.

(j) “*Participant*” for any Performance Period, shall mean an Employee designated by the Committee to participate in the Plan. Only those Employees who are designated as Participants for a Performance Period shall be eligible to participate in the Plan for such Performance Period.

(k) “*Performance Goals*” for any Performance Period, shall mean: (i) For Awards designated as “qualified performance-based compensation” pursuant to Section 5, the performance goals of the Company, as specified by the Committee, based on one or more of the following objective criteria: (A) diluted earnings per share, (B) environmental compliance, (C) safety performance, (D) service quality, (E) customer satisfaction, (F) stock price, (G) earnings per share, (H) price-earnings multiples, (I) net earnings, (J) operating earnings, (K) revenue, (L) number of days sales outstanding in accounts receivable, (M) productivity, (N) margin, (O) EBITDA (earnings before interest, taxes, depreciation and amortization), (P) net capital employed, (Q) return on assets, (R) stockholder return, (S) return on equity, (T) return on capital employed, (U) net income to shares of Company stock, (V) growth in assets, (W) unit volume, (X) sales, (Y) cash flow, (Z) market share, (AA) relative performance to a comparison group designated by the Committee, and/or (BB) strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. Any criteria used may be measured, as applicable, (I) in absolute terms, (II) in relative terms (including but not limited to, the passage of time and/or against other companies or financial metrics), (III) on a per share and/or share per capita basis, (IV) against the performance of the Company and its subsidiaries as a whole or against the Company or one or more particular subsidiary, entity, segment, operating unit or product of the Company, or any combination thereof, and /or (V) on a pre-tax or after-tax basis, or (ii) For Awards not designated as “qualified performance-based compensation” pursuant to Section 5, the performance goals may be based on one or more of the objective criteria set forth in clause (i) above and/or may take into account any other factors deemed appropriate by the Committee in its sole discretion.

(l) “*Performance Period*” shall mean the fiscal year of the Company or any other period designated by the Committee with respect to which an Award may be earned.

(m) “*Plan*” shall mean this American Water Works Company, Inc. Annual Incentive Plan, as from time to time amended and in effect.

3. Eligibility

Subject to the limitations contained in this Section 3, all Employees of the Employer are eligible to participate in the Plan. The Committee shall designate which Employees shall participate in the Plan for each Performance Period and only those Employees designated by the Committee to participate in the Plan for the Performance Period shall be eligible to participate for such Performance Period. To be eligible to receive an Award with respect to any Performance Period, an Employee must be actively employed by the Employer on the day on which the Award payout for a Performance Period is made (except as provided in Section 8). Newly hired Employees or Employees promoted/transferred to an eligible/higher class shall be eligible to receive a prorated Award for a Performance Period, provided that their date of hire (or promotion/transfer) occurs on or before September 30, or such other date as the Committee may specify.

4. Administration

The administration of the Plan shall be consistent with the purpose and the terms of the Plan. The Plan shall be administered by the Committee. The Committee shall have full authority to establish the rules and regulations relating to the Plan, to interpret the Plan and those rules and regulations, to select Participants in the Plan, to determine each Participant’s Award Percentages, to approve all of the Awards, to decide the facts in any case arising under the Plan and to make all other determinations, including factual determinations, and to take all other actions necessary or appropriate for the proper administration of the Plan, including the delegation of such authority or power, where appropriate; provided, however, that the Committee shall not be authorized to increase the amount of the Award payable to a Participant that would otherwise be payable pursuant to the terms of the Plan to the extent the Award is designated as “qualified performance-based compensation” under Code section 162(m). All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated individuals.

All Awards shall be made conditional upon the Participant’s acknowledgement, in writing or by acceptance of the Award, that all decisions and determination of the Committee shall be final and binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under such Award. Awards need not be uniform as among Participants. The Committee’s administration of the Plan, including all such rules and regulations, interpretations, selections, determinations, approvals, decisions, delegations, amendments, terminations and other actions, shall be final and binding on the Employer and all employees of the Employer, including the Participants and their respective beneficiaries.

5. Determination of Awards

(a) *Setting Award Percentages and Performance Goals.*

(i) To the extent Awards are designated as “qualified performance-based compensation” under Code section 162(m), Performance Goals and Award Percentages must be pre-established by the Committee. Performance Goals and Award Percentages are considered pre-established if established in writing not later than 90 days after the commencement of the period of service to which the Performance Goals relates. In no event will a Performance Goal and Award Percentage be considered pre-established if it is established after 25% of the period of service (as scheduled in good faith at the time the Performance Goal is established) has elapsed. To the extent Awards are not designated as “qualified performance-based compensation,” the Committee may establish Performance Goals and Award Percentages for Participants at such time or times as the Committee determines in its sole discretion. Subject to the requirements of this Section 5(a)(i), the Performance Goals and Award Percentages established by the Committee may be (but need not be) different for each Performance Period and different Performance Goals and Award Percentages may be applicable to different Participants.

(ii) The Committee shall determine and shall reflect in its minutes: (A) the Employees who shall be Participants during the Performance Period, (B) the Performance Goal or Goals for the Performance Period (and how they are weighted, if applicable) and (C) each Participant’s Award Percentages. The Company shall notify each Participant of the Participant’s Award Percentages and the applicable Performance Goals for the Performance Period.

(iii) To the extent permitted by Code section 162(m), if applicable, in setting the Performance Goals within the period prescribed in Section 5(a)(i), the Committee may at such time also provide that the achievement of the Performance Goals will be determined without regard to the negative or positive effect of certain events, including for one or more of the following items: asset write-downs; litigation or claim judgments or settlements; changes in accounting principles; changes in tax law or other laws affecting reported results; changes in commodity prices; severance, contract termination, and other costs related to exiting, modifying or reducing any business activities; costs of, and gains and losses from, the acquisition, disposition, or abandonment of businesses or assets; gains and losses from the early extinguishment of debt; gains and losses in connection with the termination or withdrawal from a pension plan; stock compensation costs and other non-cash expenses; any extraordinary non-recurring items as described in applicable Accounting Principles Board opinions or Financial Accounting Standards Board statements or in management’s discussion and analysis of financial condition and results of operation appearing in the Company’s annual report to stockholders for the applicable year; or any other specified non-operating items as determined by the Committee in setting Performance Goals.

(b) *Earning An Award*. Generally, a Participant earns an Award for a Performance Period based on the level of achievement of the Performance Goals established by the

Committee for that Performance Period. A Participant will receive no Award if the level of achievement of all Performance Goals is below the minimum required to earn an Award for the applicable Performance Period, as specified by the Committee at the time the Performance Goals are established. No Participant may earn an Award that is greater than the maximum Award amount set forth in Section 5(c). Notwithstanding anything to the contrary in the Plan, in determining the actual Award that is payable to a Participant, (i) with respect to Awards designated as "qualified performance-based compensation" under Code section 162(m), the Committee, in its sole discretion, may reduce the Award payable to an amount below the amount that would otherwise be payable based on the level of achievement of the Performance Goals and (ii) with respect to Awards not designated as "qualified performance-based compensation" under Code section 162(m), the Committee, in its sole discretion, may reduce or increase the Award payable below or above the amount that would otherwise be payable based on the level of achievement of the Performance Goals

(c) *Maximum Award Amount.* The maximum Award payable to any Participant for any fiscal year shall not exceed $3,000,000.

(d) *Special Rules for Awards Designated As Qualified Performance-Based Compensation.* To the extent Awards are designated as "qualified performance-based compensation," the Awards shall be based on Performance Goals for each Performance Period that shall satisfy the requirements for "qualified performance-based compensation" under Code section 162(m), including the requirement that the achievement of the Performance Goals be substantially uncertain at the time they are established and that the Performance Goals be objective and established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the Performance Goals have been met. To the extent that Awards designated as "qualified performance-based compensation" under Code section 162(m) are made, no such Award may be made as an alternative to any other award that is not designated as "qualified performance-based compensation" but instead must be separate and apart from all other awards made. To the extent an Award is designated as "qualified performance-based compensation," the Committee is authorized to reduce the Award payable to the applicable Participant for any Performance Period based upon its assessment of personal performance or other factors, but not to increase the Award beyond the amount that is payable as a result of the level of achievement of the Performance Goals for such Performance Period, as certified by the Committee. Any reduction of an Award payable to a Participant with respect to an Award designated as "qualified performance-based compensation" shall not result in an increase in the Award payable to any other Participant with respect to an Award designated as "qualified performance-based compensation."

6. Changes to the Award Percentages

The Committee may at any time prior to the final determination of Awards change the Award Percentages of any Participant or assign different Award Percentages to a Participant to reflect any change in the Participant's responsibility level or position during the course of the Performance Period; provided, however, that no such changes may be made with respect to Awards that are designated as "qualified performance-based compensation" under Code section 162(m).

7. Payment of Awards

The Committee shall certify and announce the actual Awards that will be paid to each Participant as soon as practicable following the final determination of the Company's financial results for the relevant Performance Period. Subject to the provisions of Section 8, payment of the actual Awards certified by the Committee shall normally be made, in a single lump sum cash payment as soon as practicable following the Committee certification, but in any event, such Award shall be paid on or after January 1 of the year following the year in which the Performance Period ends, but no later than March 15 of the year following the year in which the Performance Period ends.

8. Limitations on Rights to Payment of Awards

(a) *Employment.* Unless the Committee determines otherwise, no Participant shall have any right to receive payment of an Award under the Plan for a Performance Period unless the Participant remains in the employ of the Employer through the date that Award is paid.

(b) *Accelerated Payment.* In no event will payment be made to a Participant with respect to an Award designated as "qualified performance-based compensation" or, unless the Committee determines otherwise, to any other Participant with respect to any other Award, prior to the end of the Performance Period to which it relates.

9. Amendment, Suspension or Termination of the Plan

The Plan shall continue until terminated by the Board or the Committee. The Board or the Committee may at any time amend (in whole or in part), suspend or terminate this Plan; provided, however, that the Board or the Committee shall not amend or modify the Plan without stockholder approval if such approval is required by Code section 162(m). No such amendment which adversely affects any Participant's rights to or interest in an Award earned prior to the date of the amendment shall be effective unless the Participant shall have agreed thereto. If Awards are intended as "qualified performance-based compensation" under Code section 162(m), the Plan must be reapproved by the Company's stockholders no later than the first stockholders' meeting that occurs in the fifth year following the year in which the stockholders previously approved the material terms of the performance goals under the Plan, if Awards after such stockholders' meeting are to be made as "qualified performance-based compensation" under Code section 162(m) and if required by Code section 162(m).

10. Miscellaneous Provisions

(a) *No Employment Right.* This Plan is not a contract between the Employer and the Employees or the Participants. Neither the establishment of this Plan, nor any action taken hereunder, shall be construed as giving any Employee or any Participant any right to be retained in the employ of the Employer. The Company is under no obligation to continue the Plan. Nothing contained in the Plan shall limit or affect in any manner or degree the normal and usual powers of management, exercised by the officers and the Board or committees thereof, to change the duties or the character of employment of any employee of the Employer or to remove the individual from the employment of the Employer at any time, all of which rights and powers are expressly reserved.

(b) *Code Section 409A.* The Plan is intended to comply with the short-term deferral rule set forth in the regulations under Code section 409A in order to avoid application of Code section 409A to the Plan. If, and to the extent that, any payment under this Plan is deemed to be deferred compensation subject to the requirements of Code section 409A, this Plan shall be administered so that such payments are made in accordance with the requirements of Code section 409A. If an Award is subject to Code section 409A, (i) payments shall only be made in a manner and upon an event permitted under Code section 409A, (ii) payments to be made upon a termination of employment shall only be made upon a "separation from service" under Code section 409A, and (iii) in no event shall a Participant, directly or indirectly, designate the calendar year in which a payment is made except in accordance with Code section 409A. Any Award under the Plan that is subject to Code section 409A and that is to be paid to a key employee (as defined below) upon separation from service shall be administered so that any payment with respect to such Award shall be postponed for six months following the date of the Participant's separation from service, if required by Code section 409A. If a payment is delayed pursuant to Code section 409A, the payment shall be paid within 30 days after the end of the six-month period. If the Participant dies during such six-month period, any postponed amounts shall be paid within 90 days of the Participant's death. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Committee or its delegate each year in accordance with Code section 416(i) and the "specified employee" requirements of Code section 409A. Notwithstanding anything to the contrary in this Plan, each Participant shall be solely responsible for the tax consequences of Awards under this Plan, and in no event shall the Company nor any other Employer have any responsibility or liability if any Award does not meet the applicable requirements of Code section 409A. Although the Company intends to administer the Plan to prevent taxation under Code section 409A, the Company does not represent nor warrant that the Plan or any Award complies with any provision of federal, state, local or other tax law.

(c) *No Assignment.* A Participant's right and interest under the Plan may not be assigned or transferred and any attempted assignment or transfer shall be null and void and shall extinguish, in the Company's sole discretion, the Employer's obligation under the Plan to pay Awards with respect to the Participant.

(d) *Unfunded Plan.* The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund, or to make any other segregation of assets, to assure payment of Awards.

(e) *Company Policies*. As a condition of participation in the Plan, each Participant agrees to be subject to any compensation, clawback and recoupment policies that may be applicable to the Participant as an Employee of the Employer, as in effect from time to time and as approved by the Board or a duly authorized committee thereof, whether or not approved before or after the effective date of the Plan.

(f) *Stockholder Approval*. Notwithstanding any provision of the Plan to the contrary, Awards designated as "qualified performance-based compensation," if made prior to stockholder approval of the material terms of the performance goals under the Plan at the Company's 2015 annual stockholders' meeting, will be made contingent upon, and subject to, stockholder approval of the material terms of the performance goals under the Plan at the Company's 2015 annual stockholders' meeting.

(g) *Withholding Taxes*. The Employer shall have the right to deduct from actual Awards paid any taxes or other amounts required by law to be withheld.

(h) *Compliance with 162(m)*. It is the intent of the Company that the Plan and Awards under the Plan designated as "qualified performance-based compensation" comply with the applicable provisions of Code section 162(m). To the extent that any legal requirement of Code section 162(m) as set forth in the Plan ceases to be required under Code section 162(m), that Plan provision shall cease to apply. Further, with respect to Awards intended to qualify as "qualified performance-based compensation, terms used in the Plan shall be interpreted in a manner consistent with Code section 162(m) and regulations thereunder (including Treasury Regulation section 1.162-27).

(i) *Governing Law*. The validity, construction, interpretation and effect of the Plan shall exclusively be governed by and determined in accordance with the law of the State of Delaware.

AMERICAN WATER REPORTS 2013 YEAR-END AND FOURTH QUARTER RESULTS; YEAR MARKED BY GROWTH

- **Ongoing operations generated $2.9 billion in total operating revenue.**
- **Adjusted net income (a non-GAAP financial measure) for continuing operations totaled $394.0 million, or $2.20 per diluted common share for 2013, excluding an approximate $0.14 per share one-time charge associated with the completed debt tender offer. Net income including this one-time charge was $369.3 million, or $2.06 per diluted common share.**
- **Company executed growth strategy adding approximately 30,000 regulated customers and expanding market-based businesses.**
- **Company invested approximately $950 million to ensure reliable water service.**

VOORHEES, N.J., February 26, 2014 – American Water Works Company, Inc. (NYSE: AWK), the largest publicly traded U.S. water and wastewater utility company, today reported solid results for the year and quarter ended Dec. 31, 2013.

“Before speaking about our results, I want to speak about recent events in West Virginia, which truly highlight the importance of the service we provide,” said Jeff Sterba, president and CEO of American Water. “We are extremely proud of how our people responded to the Freedom Industries chemical spill. From the onset, we provided approximately 95,000 customers with water for basic sanitation and fire protection, and bottled and bulk water for drinking, while dealing with the contamination issue. Working closely with federal and state health agencies and regulators in a massive sampling and testing program, we were able to lift the ‘Do Not Use’ order in stages over a five day period beginning on Jan. 13. Informed discussion on possible legislation and/or regulation to help keep such incidents from happening is essential. American Water has been and will continue to be fully engaged in these conversations because nothing matters more to us than providing safe, reliable water service to our communities and customers.”

“Achieving excellence in customer service is a key driver of our results and 2013 was another year of strong performance on all fronts,” continued Sterba. “We achieved our operations and maintenance efficiency rate goal, grew both our regulated and market-based businesses and completed a multi-year effort to upgrade our technology platforms.”

For the year, the company reported net income of $369.3 million, or $2.06 per diluted common share, including an approximate $0.14 per share one-time, after-tax charge related to the completed debt tender offer by American Water's finance subsidiary, American Water Capital Corp., recorded in October 2013. The company's adjusted net income (a non-GAAP financial measure) for continuing operations, excluding this one-time charge, was $394.0 million, or $2.20 per diluted common share, compared with net income for continuing operations of $374.3 million, or $2.11 per diluted common share, in 2012.

The company's capital expenditures for 2013 were approximately $950 million, compared to $983 million in the prior year. The company anticipates investing $5.8 billion over the next five years in the water and wastewater systems that provide reliability and quality to its customers.

In the year 2013, American Water added approximately 30,000 customers to its regulated customer base, which is more than in the past five years combined. Approximately 20,000 of these are wastewater customers. The expansion of wastewater services is a key part of American Water's long-term growth strategy.

Regulated Operations

For the year ending Dec. 31, 2013, American Water's Regulated Businesses' revenues increased by $29.5 million, or 1.1 percent, compared to the year ending Dec. 31, 2012. The increase in revenues was primarily due to rate increase authorizations, as well as by increased infrastructure surcharges and acquisitions, including the company's New York acquisitions in May 2012 and the Dale Service acquisition in the fourth quarter of 2013. These increases in revenues were partially offset by decreased customer demand driven by cooler, wetter weather conditions in 2013, as compared to the hot, dry weather conditions in 2012.

The Regulated Businesses' operation and maintenance (O&M) expense decreased $24.5 million, or 2.2 percent year-over-year. The regulated entities showed continued improvement in their O&M efficiency ratio (a non-GAAP measure). For the 12 months ended Dec. 31, 2013, the O&M efficiency ratio was 38.7 percent, compared to 40.1 percent for the same 12-month period in 2012.

American Water's Regulated Businesses continue to upgrade and maintain their water systems in 2013 investing approximately $950 million. In recognition of that investment, the company received and put into effect authorizations for additional annualized revenues from general rate cases of $15.5 million in 2013, and received authorization for additional annualized revenues of $26 million in Pennsylvania effective Jan. 1, 2014. The company also received $36.1 million in additional annualized revenues from infrastructure surcharges in several states during 2013. Since Jan. 1, 2014, additional annualized revenues of $13.1 million in infrastructure surcharges were granted to the company’s New York, New Jersey and Illinois subsidiaries. As of Feb. 21, 2014, the company was awaiting final orders for general rate cases in three states, requesting $58.4 million in total additional annual revenues. The extent to which requested rate increases will be granted by the applicable regulatory agencies will vary. All annualized revenue amounts are based on current usage.

“Providing safe and reliable water and wastewater service is our business, which is why we invest almost a billion dollars in capital improvements on an annual basis,” said Sterba. “We are planning to increase that needed investment in the next five years while increasing our efficiencies and managing our costs to ensure we strike the right balance between needed upgrades and the cost of providing reliable service.”

American Water’s Regulated Business added approximately 30,000 customers to its customer base through the acquisition of ten water and five wastewater systems in 2013. The company also continued to provide a reliable supply of water to the communities in shale enriched areas in Pennsylvania as well as to multiple energy companies and now has 34 points of interconnection in that area. Since 2014 began, the company has already announced three more acquisitions in California, Illinois and New York.

Market-Based Operations

The company’s Market-Based Businesses’ revenues decreased by $4.9 million for the year compared to 2012. The decrease was mainly due to lower revenues from the termination of certain contracts in the company’s Contract Services Group, as well as decreases in capital projects in the company’s Military Services Group contracts as compared to the prior year. These decreases were offset by higher revenues in the company’s Homeowner Services Group and price redeterminations for several of the company’s military contracts. The Market-Based Business’ O&M expense decreased $12.6 million, or 4.5 percent, for the year as compared to the previous year.

American Water’s Market-Based Businesses continue to grow. The company recently announced its tenth contract with the U.S. military at Hill Air Force Base in Utah, and approximately $200 million of already awarded infrastructure projects will be executed in the next three years on the other military installations for which American Water provides service. The company’s homeowner services business, American Water Resources, also grew via geographic expansion and additional service offerings. Beyond residential customers, American Water Resources announced municipal partnerships with New York City, Nashville and Houston in 2013, and currently has nearly 700,000 customers and 1.25 million customer contracts.

Quarterly Dividend

In recognition of the company’s financial performance, the board of directors declared, during the fourth quarter of 2013, a quarterly cash dividend of $0.28 per common share, payable on Mar. 3, 2014, to all shareholders of record as of Feb. 3, 2014.

2014 Earnings Guidance

American Water reaffirmed the 2014 earnings guidance issued on Dec. 17, 2013. The company estimates its 2014 ongoing earnings to be in the range of $2.35 to $2.45 per share, excluding the impact of the Freedom Industries chemical spill in West Virginia, which is estimated to be $0.02 per share through Feb. 26, 2014. The company’s earnings forecasts are subject to numerous risks such as extreme weather, costs associated with the company’s SAP implementation and other factors described under “Forward-Looking Statements” below and under “Risk Factors” in its annual and quarterly reports.

Non-GAAP Financial Measures

This press release includes a presentation of adjusted net income and adjusted earnings per share (EPS). These items are derived from American Water’s consolidated financial information but are not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). Adjusted net income and adjusted EPS are defined, respectively, as GAAP net income and GAAP diluted earnings per common share excluding the nonrecurring charge recorded in October 2013 of $24.8 million associated with the company’s tender offer. These items constitute “non-GAAP financial measures” under Securities and Exchange Commission (SEC) rules. These non-GAAP financial measures supplement the company’s GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that these adjustments provide the company and its investors with an indication of American Water’s baseline performance excluding items that are not considered to be reflective of ongoing results. Management does not intend results excluding the adjustments to represent results as defined by GAAP, and the reader should not consider it as an alternative measurement calculated in accordance with GAAP, or as an indicator of the company’s performance. Accordingly, the measurements have limitations depending on their use.

This press release also includes a presentation of O&M efficiency ratio, which excludes from its calculation estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes. This item is derived from American Water’s consolidated financial information but is not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). The item constitutes a “non-GAAP financial measure” under Securities and Exchange Commission (SEC) rules. This non-GAAP financial measure supplements the company’s GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that the presentation of this measure is useful to investors because it provides a means of evaluating the company's operating performance without giving effect to estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, which involve items that are not reflective of management's ability to increase efficiency of the company's regulated operations. In preparing operating plans, budgets and forecasts, and in assessing historical performance, management relies, in part, on trends in the company's historical results, exclusive of estimated revenues and expenses related to purchased water and the allocable portion of non-O&M support services costs.

Set forth below is a table that reconciles the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events and may relate to, among other things, its future financial performance, including earnings, growth and portfolio optimization strategies, its ability to finance current operations and growth initiatives, trends in its industry, regulatory or legal developments or rate adjustments. Actual results could differ materially because of factors such as the decisions of governmental and regulatory bodies, including decisions to raise or lower rates; the timeliness of regulatory commissions' actions concerning rates; changes in laws, governmental regulations and policies, including environmental, health and water quality, and public utility regulations and policies; the outcome of litigation and government action related to the Freedom Industries chemical spill in West Virginia; weather conditions, patterns or events, including drought or abnormally high rainfall, strong winds and coastal and intercoastal flooding; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts; its ability to appropriately maintain current infrastructure and manage the expansion of its business; its ability to obtain permits and other approvals for projects; changes in its capital requirements; its ability to control operating expenses and to achieve efficiencies in its operations; its ability to obtain adequate and cost-effective supplies of chemicals, electricity, fuel, water and other raw materials that are needed for its operations; its ability to successfully acquire and integrate water and wastewater systems that are complementary to its operations and the growth of its business, including, among other core growth opportunities, concession arrangements and agreements for the provision of water services in the unregulated shale arena; cost overruns relating to improvements or the expansion of its operations; changes in general economic, business and financial market conditions; access to sufficient capital on satisfactory terms; fluctuations in interest rates; restrictive covenants in or changes to the credit ratings on the company's current or future debt that could increase its financing costs or affect its ability to borrow, make payments on debt or pay dividends; fluctuations in the value of benefit plan assets and liabilities that could increase its cost and funding requirements; migration of customers into or out of its service territories; difficulty in obtaining insurance at acceptable rates and on acceptable terms and conditions; its ability to retain and attract qualified employees; the incurrence of impairment charges; labor actions including work stoppages and strikes; and civil disturbance, terrorist threats or acts, or public apprehension about future disturbances or terrorist threats or acts.

For further information regarding risks and uncertainties associated with American Water's business, please refer to American Water's annual, quarterly and current SEC filings. The company undertakes no duty to update any forward-looking statement.

AMERICAN WATER REPORTS STRONG 2014 FOURTH QUARTER AND YEAR-END RESULTS

- **Company had strong financial performance in 2014 with revenue up 4.6 percent to more than $3.0 billion and income from continuing operations up 16 percent to $430 million, or $2.39 per diluted common share. Adjusted income from continuing operations (a non-GAAP financial measure) was up 10 percent over 2013 to $436.8 million, or $2.43 per diluted share.**
- **Company continued to ensure reliable and affordable service, making $1 billion in investments while balancing customer rate impacts through continued O&M efficiency.**
- **Company affirmed 2015 earnings guidance from continuing operations in the range of $2.55 to $2.65 per diluted share.**

VOORHEES, N.J., Feb. 24, 2015 – American Water Works Company, Inc. (NYSE: AWK), the largest and most geographically diverse publicly traded U.S. water and wastewater utility company, today reported strong results for the fourth quarter and year ended Dec. 31, 2014.

“The people of American Water continued to execute on our strategy and achieved strong results in 2014,” said Susan Story, president and CEO of American Water. “With customers at the center of what we do, we made much-needed and prioritized infrastructure investments to ensure reliable service and meet water quality standards while leveraging technologies and increasing efficiencies to lessen the impact on what our customers pay.

“We continued to grow our business, completing 13 regulated acquisitions representing an additional 4,500 customers, and we have 11 announced, pending acquisitions representing about 21,500 additional new customers. In our Market-Based businesses, our Military Services Group won two competitively bid contracts with the U.S. Department of Defense, and our homeowner services business expanded into eight new states and received a notice of intent to be awarded an exclusive service line protection agreement with the Orlando Utilities Commission,” Story said.

Continuing Operations

For the year, the company reported income from continuing operations of $429.8 million, or $2.39 per diluted common share, compared with income from continuing operations of $370.8 million, or $2.07 per diluted common share, in 2013. Excluding the impact of the Freedom Industries chemical spill in West Virginia of $0.04 per diluted share in 2014 and the tender offer of $0.14 per diluted share in 2013, adjusted income from continuing operations (a non-GAAP financial measure) was $436.8 million, or $2.43 per diluted share, an increase of 10 percent over $2.21 per diluted share in 2013. This increase was mainly due to continued revenue growth in both the Regulated and Market-Based businesses and lower operating and interest expenses, partially offset by higher depreciation and taxes.

For the fourth quarter of 2014, the company reported income from continuing operations of $93.9 million, or $0.52 per diluted common share, compared to income from continuing operations of $61.1 million, or $0.34 per diluted common share, in the same quarter of the previous year. Excluding the impact of the tender offer of $0.14 per diluted share in 2013, adjusted income from continuing operations (a non-GAAP financial measure) was up $0.04 per diluted share, an increase of 8.3 percent mainly due to continued revenue growth in both the Regulated and Market-Based businesses, partially offset by higher depreciation expense.

The company's capital investment for 2014 was approximately $1 billion, up from $950 million in 2013. The company anticipates investing $6 billion over the next five years, with $5.2 billion aimed at improving the water and wastewater infrastructure that provides reliability and quality to customers.

Regulated Operations

For the quarter, American Water's Regulated Businesses' revenues increased by $5.2 million, or 0.8 percent, as compared to the same quarter in 2013. Operating revenues increased by $80.4 million, or 3.1 percent, for the year as compared to 2013. The increase in revenues was primarily due to rate authorizations and infrastructure and other surcharges, as well as revenues from acquisitions. The increases were partially offset by lower demand.

The Regulated Businesses' operation and maintenance (O&M) expense decreased $0.3 million, or 0.1 percent, for the fourth quarter of 2014, and increased $6.1 million, or 0.5 percent, for the year, compared to the same periods in 2013. The increased costs for the year were mainly due to increased production costs, the impact of the Freedom Industries chemical spill in West Virginia and increased uncollectible expense, largely offset by lower pension and other employee-related costs and operational efficiencies.

American Water continued its focus on operational efficiencies to help make capital investments more affordable for customers. For the year, the adjusted O&M efficiency ratio (a non-GAAP measure) was 36.7 percent, compared to 38.5 percent for 2013.

"Thanks to our continuous improvement measures and the hard work of our employees, we were able to increase our planned capital investment by an additional $100 million, for a total investment of $1 billion in needed upgrades to water and wastewater infrastructure in 2014, while continuing to deliver water for about a penny per gallon or less," said Story. "According to research from the Water Research Foundation and the Water Environment Research Foundation, every $1 million of investment equals five direct jobs and 11 indirect jobs, which means in addition to ensuring reliability and water quality for our customers, our total investment of $1 billion helped fuel about 16,000 jobs in the communities we serve."

As of Feb 20, the company received approximately $88.4 million in additional annualized revenues from general rate cases, step increases and infrastructure surcharges. This includes the Indiana Utility Regulatory Commission settlement agreement in the company's 2014 Indiana rate filing authorizing $5.1 million in additional revenues effective Jan. 29, 2015.

As of Feb. 20, the company was awaiting final orders and/or proposed settlements for general rate cases in four states, requesting approximately $91.1 million in total additional revenues and $2.4 million in infrastructure charges. The extent to which requested rate increases will be granted by the applicable regulatory agencies will vary. All revenue amounts are based on current usage.

The company continued to expand its customer base, completing 13 acquisitions within its service areas in seven states, adding approximately 4,500 customers. On Nov. 4, voters in three communities – Haddonfield, N.J., Arnold, Mo., and Russiaville, Ind. – approved referendums for American Water to purchase their water and/or wastewater assets. Following regulatory approval and financial close, these and several other pending acquisitions will add about 21,500 customers to the company's regulated footprint.

Market-Based Operations

For the quarter, Market-Based revenues increased by $20.0 million, or 24.8 percent, and increased $52.1 million, or 17.2 percent, for the year. The increase was mainly due to additional revenues from growth in the homeowner services business and construction activities in the company's Military Services Group. This increase was partially offset by portfolio optimization efforts, which decreased revenue from discontinued municipal and industrial contracts, as well as additional price redeterminations for some military contracts in 2013.

The Market-Based Businesses' O&M expense increased $17.0 million, or 25.0 percent, for the quarter and $48.8 million, or 20.3 percent, for the year. Higher costs were mainly due to an increase in operating supplies and services for construction projects for military contracts and additional repair costs in the homeowner services business due to an increased number of contracts. Also included in the 2013 fourth quarter and year-end results was the release of $3.8 million in loss contract reserves.

American Water's Market-Based Businesses continued to grow. The company's homeowner services business, American Water Resources, expanded its service line offerings into eight new states in 2014, continued to grow its New York City partnership, and also launched its exclusive program with Metro Water Services in Nashville. During the fourth quarter, American Water Resources received notice of intent by the Orlando Utilities Commission to be awarded an exclusive home warranty protection agreement for more than 230,000 customers. The program is expected to launch in the first half of 2015.

Discontinued Operations

In the fourth quarter of 2014, the company sold Terratec Environmental Ltd., a Canadian-based provider of residuals management services that was part of its Market-Based segment. The loss on sale and results of operations of the company have been classified as discontinued operations and represent a loss from discontinued operations of $0.04 per diluted share for the year.

Quarterly Dividend

On Dec. 12, 2014, in recognition of the company’s performance, the Board of Directors declared a quarterly cash dividend payment of $0.31 per share, payable on March 2, 2015, to all shareholders of record as of Feb. 9, 2015.

On Sept. 19, 2014, American Water’s Board of Directors declared a quarterly cash dividend payment of $0.31 per share, which was paid on Dec. 1, 2014, to all shareholders of record as of Nov. 10, 2014.

2015 Earnings Guidance

American Water affirmed its 2015 earnings guidance from continuing operations (a non-GAAP financial measure) to be in the range of $2.55 to $2.65 per diluted share. The company’s earnings forecasts are subject to numerous risks and uncertainties, including, without limitation, those described under “Forward-Looking Statements” below and under “Risk Factors” in its annual and quarterly reports filed with the SEC.

Anti-Dilution Share Repurchase Program

In February 2015, American Water’s Board of Directors authorized a common stock repurchase program (the “Program”) for the specific purpose of providing a vehicle to minimize share dilution that occurs through its dividend reinvestment, employee stock purchase and executive compensation programs. The Program will allow the company to purchase up to 10 million shares of its outstanding common stock over an unrestricted period of time to manage dilution. Under the Program, American Water may repurchase its common stock in the open market or through privately negotiated transactions. The Program will be conducted in accordance with Rule 10b-18 of the Securities Exchange Act of 1934, as amended, and, in order to facilitate the repurchase of the company’s Common Stock under the Program, the company has also entered into a Rule 10b5-1 share repurchase plan with a broker. By having the Program administered through a Rule 10b5-1 plan, the company will be able to repurchase its shares at times when it otherwise might be prevented from doing so under insider trading laws or because of self-imposed trading blackout periods. Subject to applicable regulations, the company may elect to amend or cancel the Program or the Rule 10b5-1 parameters at its discretion.

Non-GAAP Financial Measures

This press release includes a presentation of adjusted income from continuing operations and adjusted earnings per share (EPS) from continuing operations. These items are derived from American Water’s consolidated financial information but are not presented in its financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP). Adjusted income from continuing operations and adjusted EPS from continuing operations are defined, respectively, as GAAP income from continuing operations and GAAP diluted earnings per common share from continuing operations excluding the one-time impact of the Freedom Industries chemical spill in West Virginia and the company’s tender offer in 2013. These items constitute “non-GAAP financial measures” under Securities and Exchange Commission (SEC) rules. These non-GAAP financial measures supplement the company’s GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that this adjustment provides the company and its investors with an indication of American Water’s baseline performance excluding items that are not considered to be reflective of ongoing results. Management does not intend results excluding the adjustment to represent results as defined by GAAP, and the reader should not consider it as an alternative measurement calculated in accordance with GAAP, or as an indicator of the company’s performance. Accordingly, the measurements have limitations depending on their use.

This press release also includes a presentation of adjusted O&M efficiency ratio, which excludes from its calculation estimated purchased water revenues and purchased water expenses, the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill as well as the estimated impact of weather in the third quarter of 2014. This item is derived from American Water’s consolidated financial information but is not presented in its financial statements prepared in accordance with GAAP. The item constitutes a “non-GAAP financial measure” under SEC rules. This non-GAAP financial measure supplements the company’s GAAP disclosures and should not be considered an alternative to the GAAP measure.

Management believes that the presentation of this measure is useful to investors because it provides a means of evaluating the company’s operating performance without giving effect to estimated purchased water revenues and purchased water expenses as well as the allocable portion of non-O&M support services costs, mainly depreciation and general taxes, and the impact of the Freedom Industries chemical spill and weather during the quarter, which involve items that are not reflective of management’s ability to increase efficiency of the company’s regulated operations. In preparing operating plans, budgets and forecasts, and in assessing historical performance, management relies, in part, on trends in the company’s historical results, exclusive of estimated revenues and expenses related to purchased water and the allocable portion of non-O&M support services costs.

Set forth below are tables that reconcile the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this press release including, without limitation, timing of the Orlando home warranty protection program launch, 2015 earnings guidance and estimated revenues from rate cases and other government agency authorizations, are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are predictions based on American Water’s current expectations and assumptions regarding future events. Actual results could differ materially because of factors such as the decisions of governmental and regulatory bodies, including decisions to raise or lower rates; the timeliness of regulatory commissions’ actions concerning rates; changes in laws, governmental regulations and policies, including environmental, health and water quality, and public utility regulations and policies; the outcome of litigation and government action including as related to the Freedom Industries chemical spill in West Virginia; weather conditions, patterns or events, including drought or abnormally high rainfall, strong winds and coastal, intercoastal flooding and cooler than normal temperatures; changes in customer demand for, and patterns of use of, water, such as may result from conservation efforts; its ability to appropriately maintain current infrastructure, including its technology systems, and manage the expansion of its business; its ability to obtain permits and other approvals for projects; changes in its capital requirements; its ability to control operating expenses and to achieve efficiencies in its operations; the intentional or unintentional acts of a third party, including contamination of its water supplies and attacks on its computer systems; its ability to obtain adequate and cost-effective supplies of chemicals, electricity, fuel, water and other raw materials that are needed for its operations; its ability to successfully acquire and integrate water and wastewater systems that are complementary to its operations; its ability to successfully expand its business, including, concession arrangements and agreements for the provision of water services to facilitate hydraulic fracking in shale regions; cost overruns relating to improvements or the expansion of its operations; changes in general economic, business and financial market conditions; access to sufficient capital on satisfactory terms; fluctuations in interest rates; the effect of restrictive covenants or changes to credit ratings on the company’s current or future debt that could increase its financing costs or affect its ability to borrow, make payments on debt or pay dividends; fluctuations in the value of benefit plan assets and liabilities that could increase financing costs and funding requirements; migration of customers into or out of its service territories and the condemnation of its systems by municipalities using the power of eminent domain; difficulty in obtaining insurance at acceptable rates and on acceptable terms and conditions; its ability to retain and attract qualified employees; labor actions including work stoppages and strikes; the incurrence of impairment charges; and civil disturbance, terrorist threats or acts, or public apprehension about future disturbances or terrorist threats or acts.

For further information regarding risks and uncertainties associated with American Water’s business, please refer to American Water’s annual and quarterly SEC filings. The company undertakes no duty to update any forward-looking statement, except as otherwise required by the federal securities laws.

Monthly Financial Reviews

___ Detailed Financial Statements in accordance with GAAP are included on a consolidated basis and on a legal entity/state (Regulated) and Line of Business (AWE) basis
___ All budget data presented is accurate.
___ All key variances are identified and explained in sufficient detailed information in order to keep follow-up communications to a minimum.
___ Variance analysis and commentary reflect financial results consistent with operation results.
___ All known items for the current period have been reflected in financial discussions.
___ System generated revenue variance summary is thoroughly and accurately prepared. (Regulated entities only)
___ Package includes a Management Judgment report. During the 1st and 2nd quarter of a calendar year, such report includes an item that details all known material changes since the submission of the last disclosure package or an item that states that there are no known material changes to the latest submitted disclosure package.
___ For the 1st and 2nd quarters of a calendar year, the Schedules of Environmental Costs and O&M Commitments are included.
___ Financial Review Package is submitted to Corporate Finance by due date as outlined in the Reporting Calendar.

I have reviewed the contents of the Financial Review Package, and to the best of my knowledge and belief, all information presented in these reports is accurate.

QTD INCOME STATEMENT

SCENARIO: QTD ACT vs. QTD PLAN

Operating Revenues:

Line 3 – Other operating revenues $0.116: Favorable variance driven by late fees $0.089 and application/initiation fees $0.048, partially offset by unrealized misc other revenues – sewer shut offs ($0.015) and reconnection fees ($0.008) & other.

Operating Expenses:

Line 25 – Uncollectible Accounts Expense ($0.335): Unfavorable variance driven by timing of write offs and higher bad debt reserve as a result of SAP implementation since May 2013. 12 month rolling uncollectible expenses was 1.70% (budget was 0.62%).

Provision for Income Taxes

Line 44 – Provision for income taxes variance explained at corporate.

SCENARIO: QTD ACT vs. QTD PRIOR YEAR

Operating Revenues:

Line 1 – Water revenues $1.933: Favorable variance driven by rate increase $1,486, higher usage $0.235, fire services $0.167, organic growth $0.021 and misc other $0.023. Higher usage was driven by Residential and Commercial classes, each was up by 1.2% and 6.9% respectively in term of gallons.

Line 3 – Other Operating Revenues $0.212: Favorable variance driven by late fees $0.181 and reconnection fees $0.042 (this is due to the tariff increase in the reconnection charge, not due to volume), partially offset by misc other combined $0.011.

Operating Expenses:

Line 11 – Pensions $0.153: Favorable variance driven by driven by increased discount rate and favorable asset returns in 2013

Line 29 – Maintenance service & supplies ($0.117): Unfavorable variance driven by one time pump repair expenses $0.069 at KRSII, higher amortization on tank painting expenses $0.016 as well as timing of other misc maintenance expenses $0.032 (chemical tank cleaning, maintenance material & supplies, etc).

Line 40 – Allowance for other funds used during construction ($0.109): Unfavorable variance driven primarily by lower AFUDC eligible assets balance in 2014 comparing with the same time year ago (2013 CWIP contained the Northern Connection IP which is now in service).

Provision for Income Taxes

YTD INCOMESTATEMENT

SCENARIO: YTD ACT vs. YTD PLAN

Operating Revenues:

Line 1 – Water Revenue $0.829: Favorable variance primarily driven by higher usage $0.883, higher fire revenues $0.029 and organic growth $0.012, partially offset by lower rate increase ($0.068) and misc other combined ($0.026). Higher usages mainly came from Residential and Commercial classes. The rate impact due to how the rate increase was spread between fixed and volumetric charges on budget because actual rate increase is all on the fixed charge side.

Operating Expenses:

Line 7 – Fuel & Power ($0.129): Unfavorable variance driven by higher system delivery (7.8%) and unplanned expenses for running Owenton plant during Jan/Feb.

Line 22 – Miscellaneous expenses $0.196: Favorable variance driven by timing of EA expenses $0.123K (lower income pay, donations, conservation, etc), one time inventory physical write off credit of $0.039 and misc other combined $0.034 (lab supplies, materials & supplies).

Line 24 – Uncollectible Accounts Exp ($0.679): Unfavorable variance driven by timing of write offs and higher bad debt reserve as a result of SAP implementation since May 2013. 12 month rolling uncollectible expenses was 1.70% (budget was 0.62%).

Line 29 – Maintenance service & supplies ($0.299): Unfavorable variance driven by one time no-lead brass fitting purchase $0.103 in Jan, higher expenses at Owenton plant $0.053 mainly due to Owenton water shortage issue $0.041 and some were not planned for due to anticipated plant closure, one time pump repair expenses at KRSII $0.069K and software license fees (SAP, Lotus note etc) actuals hit here but was budgeted under Office Supplies line; the remaining variance driven by timing of maintenance expenses related to repairs at different plants, lab testing, material & supplies and maintenance contract services.

Line 41 – Allowance for borrowed funds used during construction $0.126: Favorable variance driven by higher AFUDC eligible asset balance mainly due to Northern Connection project delay.

Provision for Income Taxes

Line 44 – Provision of Income Taxes variance explained at corporate.

SCENARIO: YTD ACT vs. YTD PRIOR YEAR

Operating Revenues:

Line 1 – Water Revenues $4.302: Favorable variance driven by rate increase $2.608, higher usage $1.277, fire services $0.029 and organic growth $0.012. The higher usages mainly derived from Residential and Commercial classes, both were up 6.8% and 8.9% respectively in term of gallons, while Industrial and SFR were relatively flat, OPA usage was under by 7.5%.

Line 3 – Other Operating Revenues $0.168: Favorable variance driven by late fees $0.085 and Application/Initiation Fee $0.073, partially offset by lower reconnection fees $0.039, unrealized misc other revenues $0.030 and other $0.020.

Operating Expenses:

Line 11 – Pensions $0.300: Favorable variance driven by increased discount rate and favorable asset returns in 2013.

Line 12 – Group Insurances $0.170: Favorable variance mainly driven by savings on premium primarily due to lower headcount in 2014 (Act. 121 vs. LY 128).

Line 22 – Miscellaneous expenses $0.149: Favorable variance driven by timing of some admin & general expenses $0.063, inventory physical scrap write off $0.051 and misc other different expenses combined $0.035 (lab supplies, discount available from vendors and material & supplies) $0.035.

Line 25 – Uncollectible Accounts Exp ($0.362): Unfavorable variance driven by higher allowance reserves and higher write offs due to methodology changes in May 2013 as result of SAP implementation.

Line 29 – Maintenance service & supplies $(0.324): Unfavorable variance driven by one time no-lead brass fitting purchase $0.103 in Jan 2014, higher expenses at Owenton plant $0.053 mainly due to Owenton Water shortage issue $0.041 and some were not planned for due to anticipated plant closure, one time pump repair expenses at KRSII $0.069 in May 2014 and software license fees (SAP, Lotus note etc) actuals hit here but was budgeted under Office Supplies line, paving/backfill $0.053 and higher amortization of deferred tank painting expenses $0.038, the remaining variance driven by timing of maintenance expenses related to repairs at different plants, lab testing, material & supplies and maintenance contract services.

Line 33 – General taxes ($0.236): Unfavorable variance driven by higher property taxes $0.206 due to additional capital investment, higher payroll taxes $0.019, remaining variance driven by higher property taxes discount & utility reg assessment $0.012 which is based on revenue.

Line 41 – Allowance for other funds used during construction ($0.147): Unfavorable variance driven by lower allowance AFUDC eligible assets in 2014.

QTD INCOME STATEMENT

SCENARIO: QTD ACT vs. QTD PLAN

Operating Revenues:

Line 1 – Water revenues ($0.400): Unfavorable variance $0.4m driven by lower revenues Commercial and OPA classes, partially offset by slightly favorable revenues from residential & other classes combined. The rate increase in the plan was on both fixed and volumetric sides, but actual rate granted only has the fixed charge increase. The total negative rate impact for commercial and OPA were $0.160m and $0.092m respectively, while the sales in term of gallons were 2.5% higher for commercial and 6.7% under plan for OPA.

Operating Expenses:

Line 10 – Salary & Wages $0.131: Favorable variance $0.131m driven by lower regular salaries $0.171m and AIP & other compensation $0.019m, partially offset by higher OT $0.060m due to lower headcount. The favorable regular salaries were mainly due to lower overall headcount (Act. 126 vs. PL 130) & higher capitalization rate (Act 19.7% vs. PL 17.7%).

Provision for Income Taxes

Line 44 – Provision for income taxes variance explained at corporate.

SCENARIO: QTD ACT vs. QTD PRIOR YEAR

Operating Revenues:

No significant variance to explain.

Operating Expenses:

Line 10 – Salary & Wages ($0.122): Unfavorable variance $0.122m mainly driven by annual employee merit increase $0.101m while maintaining the similar total headcount and capitalization rate, partially offset by favorable AIP & other compensation $0.021m.

Line 11 – Pensions $0.117: Favorable variance $0.117m driven by increased discount rate and favorable asset returns in 2013

Line 22 – Miscellaneous expenses $0.162: Favorable variance $0.162m driven by timing of the charitable donations for External Affairs $0.120m and Inventory Physical Write-off $40K in Dec 2013.

Line 40 – Allowance for other funds used during construction ($0.210): Unfavorable variance driven primarily by lower AFUDC eligible assets balance in 2014 comparing with the same time year ago (2013 CWIP contained the Northern Connection IP which is now in service).

Provision for Income Taxes

Line 44 – Provision for Income Taxes variance explained at corporate.

YTD INCOMESTATEMENT

SCENARIO: YTD ACT vs. YTD PLAN

Operating Revenues:

Line 1 – Water Revenue $1.344: Unfavorable variance $1.334m primarily driven by lower sales $0.911m and lower rate increase $0.541m, partially offset by higher fire services $0.122m and organic growth $0.024m.The lower sales mainly driven by wet/cool weather condition within the service area. The rate increase in the plan was on both fixed and volumetric sides, but actual rate granted only has the fixed charge increase.

Line 3 – Other operating revenue $0.319: Favorable variance $0.319m driven by higher late fees $0.206m and application/initiation fee $0.167m, partially offset by misc other combined.

Operating Expenses:

Line 9 – Waste disposal $0.122: Favorable variance $0.122m mainly driven by a process change thus less chemicals were used in the treatment process.

Line 10 – Salaries & Wages $0.242: Favorable variance $0.242m driven by favorable regular salaries $0.442m due to lower overall headcount (Act 126 vs. PL 130) and slightly higher capitalization rate (Act 17.9% vs. PL 17.7%), partially offset by higher OT $0.274m as a result of lower headcount.

Line 11 – Pensions $0.183: Favorable variance $0.183m driven by increased discount rate and favorable asset returns in 2013.

Line 12 – Group Insurances $0.148: Favorable variance $0.148m driven by overall lower than expected group insurance premiums and lower overall headcount.

Line 14 – Service Company Costs $0.319: Favorable variance $0.319m handled by Corp level.

Line 16 – Building maintenance and services ($0.178): Unfavorable variances $0.178m driven by ground keeping $0.194m mainly due to the expenses were budgeted under contract services for landscaping at the main office building, multiple production facilities and tank sites, the unfavorable variance partially offset by favorable other expenses combined $0.016m. The true overage on ground keeping was about $0.04m due to additional work in 2014.

Line 19 – Office Supplies & expenses $0.222: Favorable variance $0.222m driven by actual software license fees were booked under maintenance expenses but was budgeted here $0.184m, the favorable variance also includes savings from multiple areas 0.037m (uniforms, office & admin supplies, credit lines & forms).

Line 22 – Miscellaneous expenses $0.187: Favorable variance $0.187m driven by lower EA expenses $0.098m (donations) and other combined $0.089 (lab supplies $0.039m, materials & supplies $0.026m and higher discount available $0.024m).

Line 24 – Uncollectible Accounts Exp ($0.501): Unfavorable variance $0.501m driven by timing of write offs and higher bad debt reserve as a result of SAP implementation since May 2013. 12 month rolling uncollectible expenses was 1.27% (budget was 0.62%).

Line 29 – Maintenance service & supplies ($0.448): Unfavorable variance $0.448m driven by contract services $0.585m related to repairs at different plants(intake pumps repairs, motor services), partially offset by material & supplies $0.085m, backfill/paving $0.022m and lower amortized expenses on deferred maintenance $0.030m.

Line 33 – General taxes ($0.456): Unfavorable variance $0.456m driven by higher property taxes $0.501m, utility reg assessment $0.008m, offset by favorable payroll taxes $0.053m due to lower headcount (Act 126 vs. PL 130).

Line 41 – Allowance for borrowed funds used during construction $0.169: Favorable variance driven by higher AFUDC eligible asset balance mainly due to Northern

Connection project delay till earlier part of 2014. The favorable AFUDC was not expected in the budget.

Provision for Income Taxes

Line 44 – Provision of Income Taxes variance explained at corporate.

SCENARIO: YTD ACT vs. YTD PRIOR YEAR

Operating Revenues:

Line 1 – Water Revenues $4.860: Favorable variance $4.860m driven by rate increase $3.893m, fire services $0.474m, slightly higher sales $0.387m, organic growth $0.305m and revenues $0.077m from Millersburg acquisition. The interim rate increase was put into effect on July 27 2013. The actual rate increase was granted on October 25, 2013.

Line 3 – Other Operating Revenues $0.227: Favorable variance driven by reconnection fee $0.147m, late fees $0.081m and Application/Initiation Fee $0.039, partially offset by misc other combined.

Operating Expenses:

Line 10 – Salaries & wages ($0.340): Unfavorable variance $0.340m driven by annual merit increase while the headcount and capitalization rate were relatively flat YOY.

Line 11 – Pensions $0.573: Favorable variance $0.573m driven by increased discount rate and favorable asset returns in 2013.

Line 12 – Group Insurances $0.293: Favorable variance $0.293m mainly driven by savings on premium while the overall headcount stayed the same YOY.

Line 14 – Service Company costs $0.388: Favorable variance $0.388m explained at the Corp level.

Line 16 – Building maintenance and services ($0.191): Unfavorable variance $0.191m driven by ground keeping $0.213m, partially offset by savings from janitorial $0.014m and trash removal $0.011m. The group keeping expenses in 2013 were booked under contract services, the true unfavorable variance on ground keeping was about $0.04m for the year.

Line 22 – Miscellaneous expenses $0.289: Favorable variance $0.289m driven by inventory physical scrap write off $0.112 occurred in 2013, lower EA expenses $0.052m (charitable donations, etc.) other $0.125m (LOP Depr Amort reclass $0.072 booked in 2013 and vertex amortization in 2013 $0.050m).

Line 29 – Maintenance service & supplies $(0.383): Unfavorable variance driven by contract services expenses related to repairs at different plants (intake pumps repairs, motor services) $0.439m, paving/backfill $0.100m unfavorable and higher amortization of deferred tank painting expenses $0.020, The unfavorable variance partially offset by lower expenses in material & supplies $0.176m.

Line 30 – Depreciation ($0.351): Unfavorable variance $0.351m driven by higher UPIS balance YOY as additional assets are now in service thus higher depreciation expenses.

Line 32 – Removal costs ($0.181): Unfavorable variance $0.181m driven by removal cost related to net negative salvage $0.069m and removal costs on CIAC $0.112m.

Line 33 – General taxes ($0.704): Unfavorable variance $0.704m driven by higher property taxes $0.698 due to higher property assessment projection by the state and higher than expected utility reg assessment & other $0.006m.

Line 37 – Interest on long-term debt ($0.227): Unfavorable variance $0.227m driven by LTD issuance $8.0M in May 2013.

Line 41 – Allowance for other funds used during construction ($0.461): Unfavorable variance $0.461m driven by lower allowance AFUDC eligible assets in 2014.

Line 42 – Allowance for borrowed funds used during construction ($0.218): Unfavorable variance $0.218m driven by lower allowance AFUDC eligible assets in 2014.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
American Water Works Company, Inc.

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations and comprehensive income, of cash flows, and of changes in stockholders' equity present fairly, in all material respects, the financial position of American Water Works Company, Inc. and Subsidiary Companies at December 31, 2014 and 2013, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2014 in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2014, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in Management's Report on Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express opinions on these financial statements and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

A list of all commercially available or in-house developed computer software, programs and models used in the development of the schedules and workpapers associated with the filing of the utility's application are listed below.

SOFTWARE	**DESCRIPTION**
Microsoft Office	MS Office is a suite of personal computer applications designed to integrate with each other and provide a similar interface to the data maintained within each application. Applications included in the MS Office suite are MS Excel, MS Access, and MS Word. MS Office is manufactured by Microsoft Corporation.
MS Excel	MS Excel was used by the Company to formulate their budget information and was used to complete the computation of water utilization projections and the cost of service allocation study. MS Excel is an electronic spreadsheet application manufactured by Microsoft Corporation.
MS Access	MS Access was used by the Company to manage, organize, and control large amounts of data that can be formatted into a data base file. MS Access is an electronic data base management system manufactured by Microsoft Corporation.
MS Word	MS Word was used to prepare testimony and other miscellaneous schedules. MS Word is an electronic word processing application manufactured by Microsoft Corporation.
Adobe Acrobat	Acrobat was used by the Company to create and manage Portable Document Format (PDF) files. Acrobat is a universal document exchange application and is manufactured by Adobe Systems Incorporated.
Hyperion	Hyperion is used by the Company to create balance sheets, income statements and cash flow analyses and is used to consolidate financial data for financial reporting. Hyperion is a business performance and business intelligence application manufactured by Hyperion Solutions Corporation.

SOFTWARE	**DESCRIPTION**
PeopleSoft World FIS	PeopleSoft World (formerly J. D. Edwards Financials) is used by the Company as an enterprise financial application including general ledger, accounts payable, procurement, materials inventory, asset management, payroll and human resource administration. PeopleSoft World is manufactured by PeopleSoft Incorporated.
Orcom's E-CIS	E-CIS is used by the Company as an enterprise customer information system for retaining water consumptions, billing, collecting, and tracking customer's service work. E-CIS is an electronic customer information system application and is owned by Alliance Data Systems.
PowerPlant	PowerPlant is a financial asset lifecycle management software system designed specifically for the utility industry. PowerPlant covers capital budgeting, project accounting (including overhead and AFUDC calculations), fixed asset accounting (including book and tax depreciation), property tax accounting, and income tax accounting (including deferred tax and tax provision).

KENTUCKY-AMERICAN WATER
CASE NO.
FORECASTED TEST PERIOD FILING REQUIREMENTS
AFFILIATE, GENERAL OR HOME OFFICE ALLOCATIONS

Kentucky-American Water Company (KAWC) has amounts charged and allocated to it by American Water Works Service Company, Inc. (Service Company).

American Water Works Service Company, Inc.

	Amounts Allocated/ Charged to KAWC (000)
2011	$7,751
2012	$9,115
2013	$9,164
2014	$8,776
2015	$8,326
Base Period	$8,166
Forecasted Period	$8,604

A contract between KAWC and the Service Company provides detailed language outlining the methodologies utilized in the allocation of Service Company charges to Kentucky-American Water. The contract became effective October 1, 1989.

The methods used to allocate charges to KAWC during the base period and the forecasted test period was based on this Service Company contract. Service Company costs are allocated to KAWC based upon actual time charged or allocated by Service Company employees as reflected in their daily timesheets. All costs of Service Company employees that are identified as related exclusively to KAWC are charged directly to KAWC. Service Company costs incurred in rendering services to KAWC, and other operating companies, are allocated among the group of companies receiving the service rendered. The allocation of these costs is based on the number of customers served at the immediate preceding calendar year end. Appropriate overhead costs actually incurred by the Service Company are added to the employee costs. Overhead costs include support personnel (secretary, mailroom clerk, telephone operator, etc.), employee benefits (group insurance, pensions, payroll taxes, etc.), building costs (rent, depreciation, maintenance, etc.), and other items (stationary, postage, legal fees, etc.). These overhead costs are assigned to each of the affiliated companies based on the labor cost dollars that were either directly billed or allocated using the formula allocation.

Service Company Charges in Rate Filings

The Service Company charges to the various regulated subsidiaries for the services rendered reflect the contractual arrangement in the current Service Company Agreement. However, even in those jurisdictions which must approve the Service Company Agreement (i.e., because it is an “affiliate arrangement”), the regulatory commissions still assert that they have the right to approve the amount and nature of those charges in rate filings. As a consequence, as the regulated company prepares its rate filing, Rate Department personnel review the statements and supporting information for the Service Company activities charged to the Company. This contractual agreement is also subject to review by the outside auditors. During the course of these pre-filing reviews, any charge or allocation not appropriate for rate recovery is adjusted prior to the filing of the case. Thereafter, these charges are also reviewed by the regulatory staffs during their audits or reviews of the reasonableness of those charges. The first contract, labeled “1971 Agreement” was in force until September 30, 1989. The second contract, labeled “1989 Agreement” became effective October 1, 1989. Both contracts provide detailed language outlining the methodologies utilized in the allocation of Service Company charges to Kentucky-American Water.

The methods used to allocate charges to KAWC during the base period and the forecasted test period are based on the 1989 Service Company contract.

Annual Business Plan

Each year, each office and department of the Service Company is required to develop a Business Plan for the following year. During the year, each month of the business plan versus actual performance of the various Service Company offices and departments is reviewed.

Annual business plan guidelines are prepared for various areas of forecasting for the future such as for labor increases, group insurance, risk insurance, office space costs, etc. These guidelines are then followed by each office and department in the preparation for the annual business plan for the following year.

All of this is done with an eye toward providing the most professional, efficient services possible for the regulated company at the lowest reasonable cost.

Attention Mr. Nick Rowe, President

Ladies and Gentlemen:

Pursuant to your request, we have conducted a cost of service allocation study based on pro forma revenue requirements for the test year ending August 31, 2017, and have prepared proposed rate schedules designed to produce the pro forma revenue requirements.

The attached report presents the results of the study, as well as supporting schedules which set forth the detailed cost allocation calculations. Schedule A on page 6 presents a comparison of the cost of service by customer classification with the pro forma revenues produced by each classification under present and proposed rates.

Respectfully submitted,

PART I. INTRODUCTION

PLAN OF REPORT

The report sets forth the results of the cost of service allocation study as of August 31, 2017, prepared for Kentucky American Water Company. Part I, Introduction, contains statements with respect to the basis of the study, the procedures employed, and a summary of the results of the study. Part II, Cost of Service by Customer Classification, presents detailed schedules of the allocation of costs to customer classifications, as well as the bases for the allocations. Part III, Proposed Customer Rates, sets forth a comparison of the present and proposed rate structures, and the development of the proposed service charges.

BASIS OF THE STUDY

The purpose of the study was to allocate costs to several customer classifications based on considerations of quantity of water consumed, variability of rate of flow, and costs associated with metering, billing and accounting. The allocation study was based on recognized procedures for allocating the several categories of costs to customer classifications in proportion to each classification's use of the facilities, commodities and services which entail the total cost of providing water service.

ALLOCATION PROCEDURES

The allocation study was based on the Base-Extra Capacity Method for allocating costs to customer classifications. The method is described in the 2012 and prior editions of the Water Rates Manual, published by the American Water Works Association. The four basic categories of cost responsibility are base, extra capacity, customer and fire protection costs. The following discussions present a brief description of these costs and the manner in which they were allocated.

Base Costs are costs that tend to vary with the quantity of water used, plus costs associated with supplying, treating, pumping and distributing water to customers under average load conditions, without the elements necessary to meet peak demands. Base costs were allocated to customer classifications on the basis of average daily usage.

Extra Capacity Costs are costs associated with meeting usage requirements in excess of the average. They include operating and capital costs for additional plant and system capacity beyond that required for average use. The extra capacity costs in this study are subdivided into costs necessary to meet maximum day extra demand and costs to meet maximum hour extra demand. The extra capacity costs were allocated to customer classifications on the bases of each classification's maximum day and hour usage in excess of average usage. (Extra capacity costs related to fire protection are allocated directly to the fire protection classifications.)

Customer Costs are costs associated with serving customers regardless of their usage or demand characteristics. Customer costs include the operating and capital costs related to meters and services, meter reading costs, and billing and collecting costs. The customer costs were allocated on the bases of the relative cost of meters and services and the number of customers.

Fire Protection Costs are costs associated with providing the facilities to meet the potential peak demand of fire protection service. Fire protection costs are subdivided into costs to meet Public Fire Protection and Private Fire Protection demands. Operating and capital costs for hydrants were allocated directly to the Public Fire Protection classification. The extra capacity costs assigned to fire protection service were allocated to Public and Private Fire Protection on the basis of the total relative demands of the hydrants and fire service lines.

RESULTS OF STUDY

The results of the cost of service allocation study are set forth in Part II. The data summarized for each district in Schedule A, Comparison of Cost of Service with Revenues Under Present and Proposed Rates for the Test Year Ended August 31, 2017, constitute the principal results of the cost allocation studies and subsequent rate designs.

The cost of service by customer classification shown in column 2 of Schedule A is developed in Schedule B, Cost of Service for the Twelve Months Ended August 31, 2017, Allocated to Customer Classifications. The allocation of the total cost of service to the several customer classifications was performed by applying the allocation factors referenced in column 2 of Schedule B to the cost of service set forth in column 3. The bases for the allocation factors are presented in Schedule C.

Schedule D sets forth the experienced average day and maximum day system sendout and the maximum day ratios from 2000 through 2014. Schedule E presents the basis for allocating demand related costs of fire service to private and public fire protection classifications.

DESIGN OF PROPOSED RATES

A comparison of the present and proposed rate structures is presented in Schedule G of Part III of the report. The proposed rates maintain the existing rate structure consisting of service charges by meter size applicable to all classes and single-block consumption charges for each classification. The service charges were developed on Schedule F, based on the cost of service related to meters, services, billing and collecting including meter reading. The overall increase to the service charges is approximately 18.9%.

The consumption charges as well as private and public fire rates were increased so that the revenues under proposed rates would move toward the indicated cost of service as shown in Schedule A.

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS

FACTOR 1. ALLOCATION OF COSTS WHICH VARY WITH THE AMOUNT OF WATER CONSUMED.

Factors are based on the pro forma test year average daily consumption for each customer classification.

Customer Classification (1)	Average Daily Consumption, Thousand Gallons (2)	Allocation Factor (3)
Residential	15,275	0.4911
Commercial	9,566	0.3075
Industrial	1,696	0.0545
Other Public Authority	3,277	0.1053
Sales for Resale	1,105	0.0355
Private Fire Protection	88	0.0028
Public Fire Protection	103	0.0033
Total	31,110	1.0000

FACTOR 2. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AN MAXIMUM DAY EXTRA CAPACITY FUNCTIONS.

Factors are based on the weighting of the factors for average daily consumption (Factor 1) and the factors derived from maximum day extra capacity demand for each customer

	Average Daily Consumption		Maximum Day Extra Capacity		
Customer Classification (1)	Allocation Factor 1 (2)	Weighted Factor (3)=(2)x 0.5714	Allocation Factor (4)	Weighted Factor (5)=(4)x 0.4286	Allocation Factor (6)=(3)+(5)

The derivation of the maximum day extra capacity factors in column 4 and the basis for the column 3 and 5 weightings are presented on the following page.

KENTUCKY AMERICAN WATER COMPANY

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 2. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM DAY EXTRA CAPACITY FUNCTIONS, cont.

		Maximum Day Extra Capacity		
Customer Classification	Average Daily Consumption, Thousand Gallons	Factor*	Rate of Flow, Thousand Gallons Per Day	Allocation Factor

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 3. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE, MAXIMUM DAY EXTRA CAPACITY AND FIRE PROTECTION FUNCTIONS, cont.

The weighting of the factors is based on the potential demand of general and fire protection service. The bases for the potential demand of general service are the maximum day ratio of 1.75 and the average daily system sendout for year ending 2014 of 38.233 MGD. The system demand for fire protection is 10,000 Gallons per minute for 10 hours.

	Ratio	Rate of Flow, (GPD)	Weight
Average Day	1.00	38,233,082	0.5244
Maximum Day Extra Capacity	0.75	28,674,812	0.3933
Subtotal	1.75	66,907,894	0.9177
Fire Protection		6,000,000	0.0823
Total		72,907,894	1.0000

The public and private fire protection allocation factors in column 6 on the previous page are based on the relative potential demands (see Schedule E).

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 4. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM HOUR EXTRA CAPACITY FUNCTIONS.

Factors are based on the weighting of the average daily consumption, the maximum day extra capacity demand, and the fire protection demand for each customer classification.

	Average Hourly Consumption			Maximum Hour Extra Capacity		Fire Protection

The maximum hour extra capacity factors in column 5 are determined on the next page.

KENTUCKY AMERICAN WATER COMPANY

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 4. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM HOUR EXTRA CAPACITY FUNCTIONS, cont.

The weighting of the factors is based on the potential demand of general and fire protection service. The bases for the potential demand of general service are the maximum hour ratio of 2.5 and the average daily system sendout for the year ending 2014 of 38.233 MGD. The system demand for fire protection is 10,000 gallons per minute.

	Ratio	Rate of Flow, (GPM)	Weight
Average Hour	1.00	26,551	0.3477
Maximum Hour Extra Capacity	1.50	39,827	0.5214
Subtotal	2.50	66,378	0.8691
Fire Protection		10,000	0.1309
Total		76,378	1.0000

The maximum hour extra capacity factors in column 5 of the previous page are determined as follows:

Customer Classification	Average Hourly Consumption Thousand Gallons	Maximum Hour Extra Capacity		
		Factor*	1,000 Gallons Per Hour	Allocatio Factor
(1)	(2)	(3)	(4)=(2)x(3)	(5)

The weighting of the factors is based on the ratio of the capacity required for a 10 hour demand of fire flow, as related to total storage capacity. The calculation is shown on the following page.

KENTUCKY AMERICAN WATER COMPANY

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 5. ALLOCATION OF COSTS ASSOCIATED WITH STORAGE FACILITIES, cont.

The weighting of the factors is based on the ratio of the capacity required for a 10 hour demand of fire flow, as related to total storage capacity.

$$\text{Fire Protection Weight} = \frac{10{,}000 \text{ GPM X } 60 \text{ Min. X } 10 \text{ Hrs.}}{28{,}286{,}000 \text{ Gallons}} = 0.2121$$

$$\text{General Service Weight} = 1.0000 - 0.2121 = 0.7879$$

The weighting of the average hourly consumption and maximum hour extra demand for general service is based on the maximum hour ratio, as follows:

	Maximum Hour Ratio	Percent	Weight
Average Hour	1.00	40.00	0.3152
Extra Capacity Maximum Hour	1.50	60.00	0.4727
