- 3. Explain the anticipated impact, if any, that the FCC's recent *Lifeline Reform Order*<sup>2</sup> will have on the provision of Lifeline service in Kentucky, including, but not limited to, verifying eligibility of Lifeline customers; the potential provision of broadband service; and, the impact of the reduction of Federal Universal Service funding for voice service.

- 4. In light of the *Lifeline Reform Order*, explain how a reduction in the amount of, or elimination of, KUSF support would impact the provision of Lifeline service in Kentucky.
  - Response: Cricket Wireless does not take a position on the whether the Kentucky Commission should reduce or eliminate KUSF support for Lifeline. This is a policy decision for Kentucky policymakers. However, if the Kentucky Commission reduces or eliminates KUSF support for Lifeline, the Kentucky Commission should also make clear that no Lifeline provider has any obligation to offer Kentucky Lifeline discounts, except to the extent that it is eligible to be reimbursed for the Kentucky discounts. If, for example, the Kentucky Commission eliminates KUSF Lifeline reimbursements, but requires that Lifeline providers continue to make available the current \$3.50/month state Lifeline discount, the result would be to impose an unfunded mandate upon participating providers. This would discourage voluntary provider participation in Lifeline, ultimately inhibiting the Lifeline service choices available to participating consumers.
