DATA RESPONSES

REQUESTS FOR INFORMATION TO PARTIES THAT RECEIVED PAYMENT FROM THE KENTUCKY UNIVERSAL SERVICE FUND ("KUSF")

REQUEST NO. 1. Provide the KUSF reimbursement forms submitted to the Commission and the Department of Finance and Administration from January 2014 to the present.

RESPONSE: See attachment labeled Exhibit 1.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 2.  Provide the Federal Communication Commission ("FCC") Form 497 submitted to the FCC from January 2014 to the present.

RESPONSE: See attachment labeled *Exhibit 2*.

RESPONSIBLE WITNESS:  Dennis Jaboro, Chief Operating Officer
REQUEST NO. 3. Refer to the Lifeline plans you filed with the Commission with your Application for Designation as an Eligible Telecommunications Carrier ("ETC"). State whether there have been changes to these Lifeline plans since the Commission entered an Order designating you as an ETC for the purpose of offering Lifeline service in Kentucky. If there have been changes to the Lifeline plans, provide:

a. Copies of all Lifeline plans currently offered to Kentucky subscribers.

b. For each new or modified Lifeline plan, explain in detail:
   i. How the current Lifeline plan modifies the Lifeline plan in effect when you were designated as an ETC:
   ii. Whether the current Lifeline plan was offered in addition to Lifeline plans in effect when you were designated as an ETC.

c. An explanation for why existing Lifeline plans were changed or additional Lifeline plans were added.

RESPONSE: Air Voice Wireless has not modified its Lifeline plan offering in Kentucky from the time it received ETC designation.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 4. If the Commission's decision is to maintain state Lifeline support for only voice service, describe how that decision would affect whether and how you provide Lifeline service in Kentucky.

RESPONSE: Air Voice intends to provide Lifeline service as long as support remains available for voice service.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 5. Identify any cost-effective procedures that you believe should be implemented by the Commission to increase oversight of the Lifeline program.

RESPONSE: At this time, Air Voice Wireless utilizes the KAMES database which is only available for annual recertification. A “Real Time” State Eligibility Database should be created for new enrollments and ETC”s should be required to check the database prior to providing lifeline service to an applicant. Applicants that are found as Eligible in the Database should be able to receive Lifeline service.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 6. If the Commission's decision is to change the amount of Lifeline support, state how soon upon the issuance of an Order by the Commission changing the Lifeline support amount that you are or anticipate being able to implement the changes on customer bills.

RESPONSE: Air Voice Wireless does not bill Lifeline customers. If the Commission decides to change the amount of lifeline support it may impact some benefits that our customers receive.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 7. Provide, in detail, the methods employed to verify the eligibility of customers who participate in the Lifeline program.

RESPONSE:

Air Voice Wireless utilizes the CGM Enrollment Compliance Platform for all new enrollments. The platform sends all orders to our Real Time Review Team. The Real time Review team then determines the eligibility by viewing the identification proof and program eligibility documents that were submitted with the application. All Lifeline applications are reviewed and verified prior to a handset being distributed to the subscriber.

Air Voice Wireless requires applicants qualifying based on Program to present the following documentation:

- A statement of benefits from a qualifying state, federal, or Tribal program;
- A notice letter of participation in a qualifying state, federal, or Tribal program;
- Program participation documents, such as a benefits card; or
- Another official document evidencing the consumer’s participation in a qualifying state, federal, or Tribal program.

Air Voice Wireless requires applicants qualifying based on income to present the following documentation, which is then reviewed for eligibility determination:

- Prior year’s state, federal or tribal tax return;
- Current income statement from an employer or three consecutive months of paycheck stubs;
- A Social Security Statement of benefits;
- A Veterans Administration Statement of benefits;
- A retirement or pension statement of benefits;
- An unemployment or worker’s compensation statement of benefits;
- Federal or Tribal notice letter of participation in General Assistance; or
- A divorce decree, child support award, or other official document containing income information

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 8. State whether you have been subjected to FCC investigation, action, and/or penalties relating to participation in the Lifeline program. If you have been so subjected, provide in detail, including citations to the FCC action, the investigation, action, and/or penalties to which you were subjected.

RESPONSE: Air Voice Wireless has not been subjected to any investigations, actions, and/or penalties relating to participation in the Lifeline Program.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 9. Describe, in detail your current marketing programs for Lifeline service in Kentucky, including, but not limited to, person-to-person sales.

RESPONSE:

Air Voice Wireless advertises and promotes the availability of Lifeline services in a manner that is reasonably designed to reach those that qualify for Lifeline service. Air Voice Wireless advertises through Retail Agents, In Person Events and on the Company Website.

Retail agents have Brick & Mortar fixed locations and are located in areas where many customers qualify for Lifeline service. Retail Agents were originally set up to distribute Air Voice’s Non-Lifeline/Prepaid Wireless products. Select Retail Agents were then chosen to have the opportunity to distribute Lifeline service to customers and earn commission for each qualifying enrollment. These locations are successful because the customer has a location to go back to if they have questions, issues with their device or would like to purchase a refill top up.

In Person Events are tent events that are conducted by trained Sales agents. The locations are not fixed and are conducted in areas where customers may qualify for lifeline service. These events contain signage that advertise Air Voice’s Lifeline service offering. Signage at a tent event typically includes a tent, Tablecloth, Banner, Posters and Rack cards.

The FeelSafeWireless.com website is another way Air Voice advertises its Lifeline service offering. All of the Lifeline print materials such as the rack card and posters contain the web address. Customers that do not have necessary documentation to enroll for Lifeline service at a tent event may visit the FeelSafeWireless.com website to apply. The website is also advertised to all of the Air Voice Non-Lifeline Prepaid customers that contact customer service and are placed on hold.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUESTS FOR INFORMATION TO ALL PARTIES

REQUEST NO. 1.  Provide the KUSF reimbursement forms submitted to the Commission and the Department of Finance and Administration from January 2014 to the present.

RESPONSE:  See attachment labeled Exhibit 1.

RESPONSIBLE WITNESS:  Dennis Jaboro, Chief Operating Officer
REQUEST NO. 2. Explain how the total number of subscriber lines is calculated for the KUSF reimbursement form when a new customer receives service in the middle of a month.

RESPONSE: Kentucky Subscribers that are included on the USAC Form 497 are the only subscribers that get calculated on the KUSF reimbursement form. If a subscriber enrolls in the middle of the month, they will be included on the KUSF reimbursement form.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 3. Explain how the total number of subscriber lines is calculated for the KUSF reimbursement form when a customer leaves in the middle of a month.

RESPONSE: Kentucky subscribers that are included on USAC Form 497 are the only subscribers that get calculated on the KUSF reimbursement form. If a subscriber leaves in the middle of the month, they will not be included if the Original Activation date is greater than the cancel date. The Original activation date must be less than or equal to the cancel date.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 4. Explain how the KUSF surcharge remittance is calculated when you experience a bad debt. Explain whether none of the surcharge amount or the full surcharge amount billed to, but not paid by, the customer is remitted.

RESPONSE: Air Voice Wireless is a prepaid provider and therefore does not have any bad debt.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
REQUEST NO. 5. State whether you believe the Commission should wait until the FCC's investigation of Lifeline Reform is concluded before rendering a decision in this proceeding, and explain the basis for your response.

RESPONSE: Air Voice does not believe the Commission should wait until the FCC concludes its investigation of Lifeline reform before rendering a decision. We feel that the Lifeline reform investigation is not going to be concluded anytime in the near future.

RESPONSIBLE WITNESS: Dennis Jaboro, Chief Operating Officer
**REQUEST NO. 6.** State how soon upon the issuance of an Order by the Commission changing the KUSF surcharge that you are or anticipate being able to implement the changes on customer bills. If it differs by type of account, provide the information for each type of account, along with the number of access lines for each account type.

**RESPONSE:** Air Voice Wireless does not bill its Lifeline customers.

**RESPONSIBLE WITNESS:** Dennis Jaboro, Chief Operating Officer
CERTIFICATE OF SERVICE

In accordance with 807 KAR 5:001, Section 8, I certify that the April 27, 2016 electronic filing of these Data Responses is a true and accurate copy of the same document being filed in paper medium; that the electronic filing was transmitted to the Commission on April 27 2016; that there are currently no parties that the Commission has excused from participation by electronic means in this proceeding; and that an original paper medium of these Data Responses will be mailed to the Commission by first class United States mail, postage prepaid, on April 27, 2016.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember – An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation of or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.
