REQUEST NO. 1. Provide the KUSF reimbursement forms submitted to the Commission and the Department of Finance and Administration from January 2014 to the present.

REQUEST NO. 3. Refer to the Lifeline plans you filed with the Commission with your Application for Designation as an Eligible Telecommunications Carrier ("ETC"). State whether there have been changes to these Lifeline plans since the Commission entered an Order designating you as an ETC for the purpose of offering Lifeline service in Kentucky. If there have been changes to the Lifeline plans, provide:

a. Copies of all Lifeline plans currently offered to Kentucky subscribers.

We currently offer 250 Minutes of voice service and 250 Texts per month. This has not changed since we entered the market in 2014.

b. For each new or modified Lifeline plan, explain in detail:
   i. How the current Lifeline plan modifies the Lifeline plan in effect when you were designated as an ETC:

   Not applicable

   ii. Whether the current Lifeline plan was offered in addition to Lifeline plans in effect when you were designated as an ETC.

   Not applicable

c. An explanation for why existing Lifeline plans were changed or additional Lifeline plans were added.

   Not applicable

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 4. If the Commission's decision is to maintain state Lifeline support for only voice service, describe how that decision would affect whether and how you provide Lifeline service in Kentucky.

RESPONSE: We do not believe this would materially alter the plans we have in place to move our voice service offering to 500 minutes.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 5. Identify any cost-effective procedures that you believe should be implemented by the Commission to increase oversight of the Lifeline program.

RESPONSE: Leverage existing data from USAC BCAP and Biennial Audits

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 6. If the Commission's decision is to change the amount of Lifeline support, state how soon upon the issuance of an Order by the Commission changing the Lifeline support amount that you are or anticipate being able to implement the changes on customer bills.

RESPONSE: Our Lifeline customers do not receive a bill.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 7. Provide, in detail, the methods employed to verify the eligibility of customers who participate in the Lifeline program.

RESPONSE: We require both a photo ID and 1 of the following that matches the photo ID: SNAP card, Federal Public Housing approval letter, tax return, SSI Benefit. Any order received that does not contain this data is rejected.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 8. State whether you have been subjected to FCC investigation, action, and/or penalties relating to participation in the Lifeline program. If you have been so subjected, provide in detail, including citations to the FCC action, the investigation, action, and/or penalties to which you were subjected.

RESPONSE: We have not been subject to any of the actions, investigations or penalties described above.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 9. Describe, in detail your current marketing programs for Lifeline service in Kentucky, including, but not limited to, person-to-person sales.

RESPONSE: Web site sales, literature at kiosks in government offices, church and community events.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUESTS FOR INFORMATION TO ALL PARTIES

REQUEST NO. 1. Provide the KUSF reimbursement forms submitted to the Commission and the Department of Finance and Administration from January 2014 to the present.

RESPONSE: Not applicable. We do not currently request reimbursements from the KUSF.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 2. Explain how the total number of subscriber lines is calculated for the KUSF reimbursement form when a new customer receives service in the middle of a month.

RESPONSE: Not applicable, as American Broadband is not yet requesting KUSF reimbursement.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 3. Explain how the total number of subscriber lines is calculated for the KUSF reimbursement form when a customer leaves in the middle of a month.

RESPONSE: Not applicable, as American Broadband is not yet requesting KUSF reimbursement.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 4. Explain how the KUSF surcharge remittance is calculated when you experience a bad debt. Explain whether none of the surcharge amount or the full surcharge amount billed to, but not paid by, the customer is remitted.

RESPONSE: Not applicable, as American Broadband’s Lifeline plans are not billed to customers, and there is no bad debt.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 5. State whether you believe the Commission should wait until the FCC's investigation of Lifeline Reform is concluded before rendering a decision in this proceeding, and explain the basis for your response.

RESPONSE: The FCC proposed additional reforms at its March open meeting, and a written order is expected in the near future. Accordingly, there is likely minimal delay if the Commission waits.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President
REQUEST NO. 6. State how soon upon the issuance of an Order by the Commission changing the KUSF surcharge that you are or anticipate being able to implement the changes on customer bills. If it differs by type of account, provide the information for each type of account, along with the number of access lines for each account type.

RESPONSE: American Broadband does not issue customer bills.

RESPONSIBLE WITNESS: Jeffrey S. Ansted, President

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the commission from implementing sections 214 and 254 of the Act, would thwart Congress' goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. NOTICE: To implement section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the federal low-income programs.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress’ goals of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0819). We will also accept your comments on the burden estimate via the Internet if you send them to PRA@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

Remember -- An agency may not conduct or sponsor, and a person is not required to respond to a collection of information sponsored by the Federal government unless it displays a currently valid OMB control number. This information collection has been assigned OMB Control Number: 3060-0819.

The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. If we believe there may be a violation or a potential violation of a FCC statute, regulation, rule or order, your worksheet may be referred to the Federal, state or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your worksheets may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.
