Responses to Staff's First Request for Information to All Parties

REQUEST NO. 1

Provide the KUSF reimbursement forms submitted to the Commission and the Department of Finance and Administration from January 2014 to present.

Response: Please see attached, Exhibit A.

Responsible Witness: William Werner, COO

Responses to Staff's First Request for Information to All Parties

REQUEST NO. 2

Explain how the total number of subscriber lines is calculated for the KUSF reimbursement form when a new customer receives service in the middle of a month.

Response: The total number of subscriber lines reported on the KUSF reimbursement form is calculated using the number of customers on the last day of each month.

Responsible Witness: William Werner, COO

Responses to Staff's First Request for Information to All Parties

REQUEST NO. 3

Explain how the total number of subscriber lines is calculated for the KUSF reimbursement form when a customer leaves in the middle of a month.

Response: Please see Response to Request No. 2, above.

Responsible Witness: William Werner, COO

Responses to Staff's First Request for Information to All Parties

REQUEST NO. 4

Explain how the KUSF surcharge remittance is calculated when you experience a bad debt. Explain whether none of the surcharge amount or the full surcharge amount billed to, but not paid by, the customer is remitted.

Response: The KUSF surcharge is billed to the customer on the last day of each month and remitted the following month. A bad debt does not affect Velocity's KUSF reporting.

Responsible Witness: William Werner, COO

Responses to Staff's First Request for Information to All Parties

REQUEST NO. 5

State whether you believe the commission should wait until the FCC's investigation of Lifeline Reform is concluded before rendering a decision in this proceeding, and explain the basis for your response.

Response: Velocity believes that the Commission should wait until the FCC's investigation of Lifeline Reform is concluded before rendering a decision in the proceeding because the FCC may make additional reforms that may affect how the Commission resolves to administer the KUSF. Waiting to ensure the KUSF reforms coincide with the reforms to the federal Lifeline program could avoid the Commission having to modify the KUSF after the Lifeline Reform is concluded.

Responsible Witness: William Werner, COO

Responses to Staff's First Request for Information to All Parties

REQUEST NO. 6

State how soon upon the issuance of an Order by the Commission changing the KUSF surcharge that you are or anticipate being able to implement the changes on customer bills. If it differs by type of account, provide the information for each type of account, along with the number of access lines for each account type.

Response: Velocity anticipates it could implement the changes on customer bills within sixty (60) days, if/when necessary.

Responsible Witness: William Werner, COO

Responses to Staff's Second Request for Information to All Parties

REQUEST NO. 1

If not already provided in a previous response to a Commission Staff request for information, respond to the following:

Response: The Company previously provided responses to Request No. 1 (a-d) in its Responses to Staff's First Request for Information to All Parties. Additional or supplemental responses, if any, are provided below.

- a) Provide the monthly Kentucky Universal Service Fund ("KUSF") forms¹ ("KUSF form") submitted to the Commission and the Department of Finance and Administration from January 2014 to the present.
- b) Explain how the total number of subscriber lines is calculated for the KUSF form when a new customer receives service in the middle of a month.
Response: Please see Response No. 2 to Staff's First Request for Information to All Parties.
- c) Explain how the total number of subscriber lines is calculated for the KUSF form when a customer leaves in the middle of a month.
Response: Please see Response No. 3 to Staff's First Request for Information to All Parties.
- d) Explain how the KUSF surcharge remittance is calculated when you experience a bad debt. Explain whether none of the surcharge amount or the full surcharge amount billed to, but not paid by, the customer is remitted.
Please see Response No. 4 to Staff's First Request for Information to All Parties.
- e) State whether the KUSF surcharge billed to a customer is prorated if the customer has service for less than a full month.
Response: If a customer has services for less than a month Velocity would not prorate the KUSF surcharge billed to the customer.

Responsible Witness: William Werner, COO

¹ Commission Staff's First Request for Information referred to these forms as "reimbursement" forms. In this request, Commission Staff is referring to the forms that the parties are to file monthly pursuant to the Commission's decision in *An Inquiry into Universal Service Funding Issues*, Administrative Case No. 360 (KY. PSC May, 22, 1998) (form last revised March 10, 2016). These forms are to be filed regardless of whether a party is seeking reimbursement from the KUSF.

Responses to Staff's Second Request for Information to All Parties

REQUEST NO. 2

If no KUSF forms have been submitted to the Commission and the Kentucky Department of Finance and Administration from January 2014, to the present, explain why the KUSF forms have not been submitted.

- a) If no KUSF forms have been submitted, state whether you collect the KUSF surcharge from your customers.
- b) If you do not collect the KUSF surcharge from your customers, explain why the KUSF surcharge has not been collected.
- c) If no KUSF forms have been submitted, state whether you remit the KUSF surcharge to the Kentucky Department of Finance and Administration.
- d) If you do not remit the KUSF surcharge to the Kentucky Department of Finance and Administration, explain why the KUSF surcharge has not been remitted.

Response: Not applicable; the Company has been submitting KUSF forms and remitting the KUSF surcharge to the Kentucky Department of Finance and Administration.

Responsible Witness: William Werner, COO

Responses to Staff's Second Request for Information to All Parties

REQUEST NO. 3

Explain the anticipated impact, if any, that the FCC's recent *Lifeline Reform Order*² will have on the provision of Lifeline service in Kentucky, including, but not limited to, verifying eligibility of Lifeline customers; the potential provision of broadband service; and, the impact of the reduction of Federal Universal Service funding for voice service.

Response: Velocity is not a Lifeline provider and does not intend to provide Lifeline services, therefore are not apprised with the FCC's recent Lifeline Reform Order.

Responsible Witness: William Werner, COO

² See *Lifeline and Link Up Reform and Modernization*, WC Docket No. 11-42; *Telecommunications Carriers Eligible for Universal Service Support*, WC Docket No 09-197; *Connect America Fund*, WC Docket No. 10-90, *Third Report and Order, Further Report and Order, and Order on Reconsideration* (Rel. April 27, 2016) ("Lifeline Reform Order").

Responses to Staff's Second Request for Information to All Parties

REQUEST NO. 4

In light of the *Lifeline Reform Order*, explain how a reduction in the amount of, or elimination of, KUSF support would impact the provision of Lifeline service in Kentucky.

Response: Velocity is not a Lifeline provider and does not intend to provide Lifeline services, therefore are not apprised with the FCC's recent Lifeline Reform Order.
