**DIRECT TESTIMONY OF LANE KOLLEN**

**I. QUALIFICATIONS AND SUMMARY**

1

2

3 **Q. Please state your name and business address.**

4 A. My name is Lane Kollen. My business address is J. Kennedy and Associates, Inc.  
5 ("Kennedy and Associates"), 570 Colonial Park Drive, Suite 305, Roswell, Georgia  
6 30075.

7

8 **Q. What is your occupation and by whom are you employed?**

9 A. I am a utility rate and planning consultant holding the position of Vice President and  
10 Principal with the firm of Kennedy and Associates.

11

12 **Q. Please describe your education and professional experience.**

1 A. I earned both a Bachelor of Business Administration in Accounting degree and a Master  
2 of Business Administration degree from the University of Toledo. I also earned a  
3 Master of Arts degree in Theology from Luther Rice University. I am a Certified Public  
4 Accountant, with a practice license, Certified Management Accountant, and Chartered  
5 Global Management Accountant. I am a member of numerous professional  
6 organizations.

7 I have been an active participant in the utility industry for more than thirty years,  
8 both as an employee and as a consultant. Since 1986, I have been a consultant with J.  
9 Kennedy and Associates, Inc., providing services to state government agencies and  
10 consumers of utility services in the ratemaking, financial, tax, accounting, and  
11 management areas. From 1983 to 1986, I was a consultant with Energy Management  
12 Associates, providing services to investor and consumer owned utility companies. From  
13 1976 to 1983, I was employed by The Toledo Edison Company in a series of positions  
14 encompassing accounting, tax, financial, and planning functions.

15 I have appeared as an expert witness on accounting, tax, finance, ratemaking, and  
16 planning issues before regulatory commissions and courts at the federal and state levels  
17 on hundreds of occasions. I have testified in numerous proceedings before the Kentucky  
18 Public Service Commission (“Commission”), including numerous base, fuel adjustment  
19 clause, and environmental surcharge ratemaking proceedings involving Big Rivers  
20 Electric Corporation, East Kentucky Power Cooperative, Kentucky Power Company,

1 Kentucky Utilities Company, and Louisville Gas and Electric Company. In addition, I  
2 have testified before the Georgia Public Service Commission in multiple Atmos base  
3 rate proceedings.<sup>1</sup>

4  
5 **Q. On whose behalf are you testifying?**

6 A. I am offering testimony on behalf of the Office of the Attorney General of the  
7 Commonwealth of Kentucky (“AG”).

8  
9 **Q. What is the purpose of your testimony?**

10 A. The purpose of my testimony is to address and make recommendations regarding the  
11 Company’s proposal to increase the R&D Rider charge from \$0.0035 per Mcf to  
12 \$0.0174 per Mcf, or approximately five times greater than the present rate. This  
13 increase in the R&D Rider is in addition to the base rate increase the Company seeks in  
14 Case No. 2015-00343.

15  
16 **Q. Please summarize your testimony.**

17 A. I recommend that the Commission reject this proposed increase in the R&D Rider. The  
18 proposed increase is a discretionary cost that the Company does not presently incur and

---

<sup>1</sup> My qualifications and regulatory appearances are further detailed in my Exhibit\_\_\_\_(LK-1).

1 will not incur if the Commission does not approve the Company's request.<sup>2</sup> The cost is  
2 not necessary for the provision of utility service. In such cases, the cost should be  
3 economically justified as a minimum threshold for recovery. Yet the Company has  
4 identified no quantifiable benefits to the Company's customers resulting from the  
5 present R&D Rider charge, let alone any incremental benefit from the proposed increase  
6 in the charge.

7  
8 **Q. Company witness Mr. Mark A. Martin testifies that the genesis of the charge was a**  
9 **cost incurred prior to 1999 by interstate pipeline companies charged to LDCs as a**  
10 **cost of purchased gas included in the Company's Gas Cost Adjustment**  
11 **mechanism.<sup>3</sup> Is the genesis of the cost relevant in this proceeding?**

12 A. No. The cost, if it is incurred, is incurred directly by the Company and not through a  
13 pipeline charge. It is discretionary and must be justified on an economic basis, not  
14 through statements describing general benefits to LDC customers.

15  
16 **Q. Was the R&D Rider the result of a settlement in Case No. 99-070?**

---

<sup>2</sup> In the Company's response to AG 1-8, it stated: "The Company's participation in a R&D funding program is purely voluntary." I have attached a copy of this response as my Exhibit\_\_\_\_(LK-2).

<sup>3</sup>Martin Direct at 3.

1 A. Yes. Thus, although the Commission found that the settlement was “generally  
2 reasonable,” it never adjudicated the R&D Rider on its merits or the rate pursuant to the  
3 Rider on its merits. Nevertheless, the AG does not seek to eliminate the R&D Rider or  
4 reduce the charge in this proceeding.

5

6 **Q. Has the Company economically justified the increase in the R&D Rider charge?**

7 A. No. The Company offered no quantification of benefits and could not or would not  
8 provide a quantification of savings in response to AG discovery.<sup>4</sup> In addition, the  
9 Company acknowledged that it had not reflected any savings in the revenue requirement  
10 in Case No. 2015-00343.<sup>5</sup>

11

12 **Q. Should the Commission require customers to pay for projects undertaken by the**  
13 **Gas Technical Institute (“GTI”) or similar research or commercialization**  
14 **organization for research and development activities that are commercialized by**  
15 **private industry?**

16 A. No. While I do not recommend that the Commission eliminate the present R&D Rider  
17 charge, such collections effectively subsidize research and development activities that  
18 benefit private industry. While such activities may benefit society generally and

<sup>4</sup> Response to AG 2-1, a copy of which I have attached as my Exhibit\_\_\_(LK-3).

<sup>5</sup> Response to AG 1-10, a copy of which I have attached as my Exhibit\_\_\_(LK-4).

1 ultimately may benefit customers in the Commonwealth indirectly, such activities  
2 should be selected and funded by private industry. The Company certainly offered no  
3 reason, let alone any compelling reason, to subsidize private industry.  
4

5 **Q. Do Kentucky customers already pay an equitable share of the amounts collected**  
6 **from customers in all its rate divisions by Atmos Energy Corporation (“AEC”) and**  
7 **remitted to GTI?**

8 A. Yes. Kentucky customers already pay more than an equitable share compared to the  
9 Kentucky rate division allocation of other corporate costs incurred by Division 002  
10 *Shared Services*. Kentucky customers have paid 5.6% of the total amounts collected by  
11 AEC and remitted to GTI in the most recent five years.<sup>6</sup> This compares to the composite  
12 factor of 5.26% used to allocate other corporate level costs from Division 002 through  
13 Division 091 *Kentucky/Mid-States* to the Kentucky rate division in the Company’s filing  
14 in Case No. 2015-00343.  
15

16 **Q. Is the Company’s proposal to increase the allocation to the Kentucky rate division**  
17 **and the cost to Kentucky customers reasonable?**

---

<sup>6</sup> AEC collected an average of \$61,633 annually from Kentucky customers over the last five years, based on the response to AG 1-2. I have attached a copy of this response as my Exhibit\_\_\_\_(LK-5). AEC collected an average of \$1,091,649 annually from customers in all rate divisions over the last five years, based on the response to AG 1-3. I have attached a copy of this response as my Exhibit\_\_\_\_(LK-6).

1 A. No. Under the Company's proposal to increase the R&D Rider charge, it will collect  
2 \$278,000 annually from Kentucky customers, an increase of \$222,000, according to Mr.  
3 Martin.<sup>7</sup> This will increase the Kentucky share of the total amounts collected by AEC  
4 and remitted to GTI to 21.6%, more than four times the allocation to the Kentucky rate  
5 division using the Company's proposed 5.26% composite factor for Division 002 in  
6 Case No. 2015-00343.

7

8 **Q. Are there other AEC rate divisions that contribute nothing to the GTI activities?**

9 A. Yes. If AEC believes it is necessary to increase its corporate collections and remittances  
10 to GTI, then it should seek to recover these amounts from the Colorado, Kansas, and  
11 Tennessee rate divisions, which presently do not provide any funding.<sup>8</sup>

12

13 **Q. Does this complete your testimony?**

14 A. Yes.

---

<sup>7</sup> Martin Direct at 4.

<sup>8</sup> Response to AG 1-9. I have attached a copy of this response as my Exhibit\_\_\_\_(LK-7).

**Atmos Energy Corporation, Kentucky Division**  
**AG RFI Set No. 1**  
**Question No. 1-08**  
**Page 1 of 1**

**REQUEST:**

Refer to page 14 line 21 through page 15 line 1 of Mr. Martin's Direct Testimony wherein he asks himself the question: "Does the proposed R&D unit charge increase create additional revenues for the Company?" and then answers that question with "No."

- a. Please confirm that the proposed increase in the R&D unit charge will result in increased revenues even though the Company plans to remit the increase in revenues to GTI.
- b. Please confirm that the Company's funding to GTI or a similar research organization is discretionary, i.e., there is no contractual or other obligation to increase funding to GTI compared to the amount presently recovered through the R&D rider.

**RESPONSE:**

- a) Any funds collected through the R&D Rider are not booked as revenue to the Company. The proposed increase in the R&D unit charge is purely to match the spirit of the Order in Case No. 99-070, which was for the R&D unit charge to be \$0.0174/Mcf by 2004.
- b) The Company's participation in a R&D funding program is purely voluntary. While there is no contract between the Company and GTI or a similar research organization, the initial goal of the R&D Rider was to mimic the contributions made by the interstate pipelines. The Company's R&D unit charge should have increased annually from 1999 to 2004. While one could argue that the Company's proposed R&D unit charge, which could have been billed and collected annually since 2004, is somewhat stale, the Company is purely seeking to increase its R&D unit charge to a previously approved level.

Company Witness Mr. Martin discusses funds collected by the Company from the R&D Rider at Page 15, Lines 1 through 7 of his Direct Testimony. Please provide the following regarding this discussion of the R&D Rider:

- b) Atmos Kentucky's annual payment to each trade and/or research organization (including GTI) for each of the last five years.

**RESPONSE:**

- a) The Company only remits R&D funds to GTI due to the work products and reputation of GTI. Also, the Company is not aware of another organization that offers similar research.
- b) The Atmos-Kentucky operations contributed the following amounts by calendar year to Gas Technology Institute (GTI). GTI is the only research organization that receives contributions from Atmos-Kentucky.

**REQUEST:**

Please refer to Mr. Martin's Direct Testimony starting at page 13, wherein he discusses the proposed increase in the R&D rider surcharge and payments remitted to the Gas Technology Institute ("GTI").

- a. Please provide the quantification of the proposed increase showing the increases attributable to each year until the 2004 level as described in the testimony.
- b. At page 14, lines 10-13, Mr. Martin states that "Upon investigating what the Company annually contributes to GTI on a company-wide base, it appeared the portion related to Kentucky was quite low." Please provide a copy of the investigation results and provide the annual amount contributed to GTI by the Company segregated by area or division and in total. If portions related to any areas or divisions are zero, please so designate.

**RESPONSE:**

- a) Please see the Company's response to AG DR No. 1-01.
- b) A Company employee was collecting data on what the Company annually remits to GTI. During this process, a question was raised in regards to the amount associated with Kentucky as it appeared quite low. After further review, it was determined that the Company's R&D unit charge had not been changed since inception. Below are the amounts remitted to GTI by the Company by state for calendar year 2015. The \$20,000 listed in 2015 for Shared Services in the Company's response to AG DR No. 1-04 is included with the amount for Texas - Mid-Tex for purposes of this response.
