See attached revised Excel spreadsheet to the LG&E Gas Schedule N reflecting a correction in Column D ("Increase") to include the addition of Column C ("GLT Base Roll In"). This correction does not impact the bill comparison calculations in Column I, J, and K (reflecting the "Total Current Bill", "Total Proposed Bill", and "Increase"). This correction (highlighted in green) only impacts LG&E Gas Attachment N pages pertaining to CGS, RGS/VFD, IGS, and AAGS (columns D and E) and has no impact on the Revenue Requirements.

The attachment is being provided in a separate file in Excel format.
