No person shall be entitled to receive any payment in respect of the Notes represented by this temporary Global Note that falls due on or after the Exchange Date unless, upon due presentation of this temporary Global Note for exchange, delivery of (or, in the case of a subsequent exchange, a corresponding entry being recorded in the records of the relevant Clearing Systems) a permanent Global Note or delivery of Definitive Notes, as the case may be, is improperly withheld or refused by or on behalf of the Issuer.

Payments due in respect of a D Rules Note before the Exchange Date shall only be made in relation to such nominal amount of this temporary Global Note with respect to which there shall have been Certification dated no earlier than such due date for payment.

Any payments that are made in respect of this temporary Global Note shall be made to its holder against presentation and (if no further payment falls to be made on it) surrender of it at the specified office of the Issuing and Paying Agent or of any other Paying Agent provided for in the Conditions and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant Clearing Systems referred to herein shall not affect such discharge. If any payment in full or in part of principal or, in the case of Instalment Notes, payment of an Instalment Amount, is made in respect of any Note represented by this temporary Global Note the Issuer shall procure that details of such payment shall be entered pro rata in the records of the relevant Clearing Systems and, upon any such entry being made, the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this temporary Global Note shall be reduced by the aggregate nominal amount of the Notes so redeemed or by the aggregate amount of the Instalment Amount so paid. If any other payments are made in respect of the Notes represented by this temporary Global Note, the Issuer shall procure that a record of each such payment shall be entered pro rata in the records of the relevant Clearing Systems. Condition 8(e)(vii) *(Appointment of Agents)* and Condition 9(e) (*Payment by another Paying Agent*) will apply to the Definitive Notes only.

For the purposes of any payments made in respect of this temporary Global Note, the words "in the relevant place of presentation" shall not apply in the definition of "business day" in Condition 8(h) (Non-Business Days).

Cancellation

On cancellation of any Note represented by this temporary Global Note that is required by the Conditions to be cancelled (other than upon its redemption), the issuer shall procure that details of such cancellation shall be entered pro rata in the records of the relevant Clearing systems and, upon any such entry being made, the nominal amount of the Note recorded in the records of the relevant Clearing Systems and represented by this temporary Global Note shall be reduced by the aggregate nominal amount of the Notes so cancelled.

Notices

Notices required to be given in respect of the Notes represented by this temporary Global Note may be given by their being delivered (so long as this temporary Global Note is held on behalf of Euroclear and/or Clearstream, Luxembourg or any other permitted clearing system) to Euroclear, Clearstream, Luxembourg or such other permitted clearing system, as the case may be, or otherwise to the holder of this temporary Global Note, rather than by publication as required by the Conditions, [except that so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the Luxemburger Wort)].

No provision of this temporary Global Note shall alter or impair the obligation of the Issuer to pay the principal and premium of and interest on the Notes when due in accordance with the Conditions.

This temporary Global Note shall not be valid or become obligatory for any purpose until authenticated by or on behalf of the Issuing and Paying Agent and effectuated by the entity appointed as Common Safekeeper by the relevant Clearing Systems.

This temporary Global Note [and any non-contractual obligations arising out of or in connection with it] shall be governed by English law.

In witness whereof the Issuer has caused this temporary Global Note to be duly signed on its behalf.

Dated as of the Issue Date.

Schedule

[Insert the provisions of the relevant Final Terms that relate to the Conditions or the Global Notes as the Schedule]

Schedule 1
Part D
Form of NGN Permanent Global Note

[CENTRAL NETWORKS EAST PLC]/[CENTRAL NETWORKS WEST PLC]
(Incorporated with limited liability in England and Wales under
the Companies Act 1985 with registered number [02366923]/[03600574])

EURO MEDIUM TERM NOTE PROGRAMME

PERMANENT GLOBAL NOTE

Permanent Global Note No. [•]

This permanent Global Note is issued in respect of the Notes (the **"Notes")** of the Tranche(s) and Series specified in Part A of the Schedule hereto of [ISSUER] (the **"Issuer").**

Interpretation and Definitions

References in this permanent Global Note to the "Conditions" are to the Terms and Conditions applicable to the Notes (which are in the form set out in Schedule 2Part C (*Terms and Conditions of the Notes*) to the Trust Deed (as amended or supplemented as at the Issue Date, the "Trust Deed") dated 26 November 2010 between the Issuer and Deutsche Trustee Company Limited as trustee, as such form is supplemented and/or modified and/or superseded by the provisions of this permanent Global Note (including the supplemental definitions and any modifications or additions set out in Part A of the Schedule hereto), which in the event of any conflict shall prevail). Other capitalised terms used in this permanent Global Note shall have the meanings given to them in the Conditions or the Trust Deed.

Aggregate Nominal Amount

The aggregate nominal amount from time to time of this permanent Global Note shall be an amount equal to the aggregate nominal amount of the Notes from time to time entered in the records of both Euroclear and Clearstream, Luxembourg (together, the "relevant Clearing Systems"), which shall be completed and/or amended as the case may be upon (i) the exchange of the whole or a part of the interests recorded in the records of the relevant Clearing Systems in the temporary Global Note initially representing the Notes for a corresponding interest herein (in the case of Notes represented by a temporary Global Note upon issue), (ii) the issue of the Notes represented hereby (in the case of Notes represented by this permanent Global Note upon issue), (iii) the exchange of the whole or, where the limited circumstances so permit, a part of this permanent Global Note for Definitive Notes, (iv) the redemption or purchase and cancellation of Notes represented hereby and/or (v) in the case of Partly Paid Notes, the forfeiture of Notes represented hereby in accordance with the Conditions relating to such Partly Paid Notes, all as described below.

The records of the relevant Clearing Systems (which expression in this permanent Global Note means the records that each relevant Clearing System holds for its customers which reflect the amount of such customers' interests in the Notes) shall be conclusive evidence of the nominal amount of the Notes represented by this permanent Global Note and, for these purposes, a statement issued by a relevant Clearing System (which statement shall be made available to the bearer upon request) stating the nominal amount of Notes represented by this permanent Global Note at any time shall be conclusive evidence of the records of the relevant Clearing System at that time.

Promise to Pay

Subject as provided herein, the Issuer, for value received, hereby promises to pay to the bearer of this permanent Global Note, upon presentation and (when no further payment is due in respect of this permanent Global Note) surrender of this permanent Global Note on the Maturity Date (or on such earlier date as the amount payable upon redemption under the Conditions may become repayable in accordance with the Conditions) the amount payable upon redemption under the Conditions in respect of the aggregate nominal amount of Notes represented by this permanent Global Note and (unless this permanent Global Note does not bear interest) to pay interest in respect of the Notes from the Interest Commencement Date in arrear at the rates, on the dates for payment, and in accordance with the method of calculation provided for in the Conditions, save that the calculation is made in respect of the total aggregate amount of the Notes, together with such other sums and additional amounts (if any) as may be payable under the Conditions, in accordance with the Conditions.

Exchange

This permanent Global Note is exchangeable (free of charge to the holder) on or after the Exchange Date in whole but not, except as provided in the next paragraph, in part for the Definitive Notes if this permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other permitted clearing system (an **"Alternative Clearing System"**) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so.

This permanent Global Note is exchangeable in part (provided, however, that if this permanent Global Note is held by or on behalf of Euroclear and/or Clearstream, Luxembourg, the rules of Euroclear and/or Clearstream, Luxembourg, as the case may be, so permit) if so provided, and in accordance with, the Conditions relating to Partly Paid Notes.

"Exchange Date" means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and, except in the case of exchange above, in the cities in which Euroclear and Clearstream, Luxembourg or, if relevant, the Alternative Clearing System, are located.

Subject as provided in the Conditions applicable to Partly Paid Notes, any such exchange may be effected on or after an Exchange Date by the holder of this permanent Global Note surrendering this permanent Global Note or, in the case of a partial exchange, presenting it to or to the order of the Issuing and Paying Agent. In exchange for this permanent Global Note, or part thereof to be exchanged, the Issuer shall deliver, or procure the delivery of, duly executed and authenticated Definitive Notes in an aggregate nominal amount equal to the nominal amount of this permanent Global Note submitted for exchange (if appropriate, having attached to them all Coupons (and, where appropriate, Talons) in respect of interest, and all Receipts in respect of Instalment Amounts, that have not already been paid on this permanent Global Note), security printed and substantially in the form set out in the Schedules to the Trust Deed as supplemented and/or modified and/or superseded by the terms of Part A of the Schedule hereto.

On any exchange of a part of this permanent Global Note, the Issuer shall procure that the portion of the nominal amount hereof so exchanged shall be entered pro rata in the records of the relevant Clearing Systems and upon any such entry being made, the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by an amount equal to such portion so exchanged.

Benefit of Conditions

Except as otherwise specified herein, this permanent Global Note, the Issuer shall procure that is subject to the Conditions and the Trust Deed and, until the whole of this permanent Global Note is exchanged for Definitive Notes, the holder of this permanent Global Note shall in all respects be entitled to the same benefits as if it were the holder of the Definitive Notes for which it may be exchanged and as if such Definitive Notes had been issued on the issue Date.

Payments

No person shall be entitled to receive any payment in respect of the Notes represented by this permanent Global Note that falls due after an Exchange Date for such Notes, unless upon due presentation of this permanent Global Note for exchange, delivery of Definitive Notes is improperly withheld or refused by or on behalf of the Issuer or the Issuer does not perform or comply with any one or more of what are expressed to be its obligations under any Definitive Notes.

Payments in respect of this permanent Global Note shall be made to its holder against presentation and (if no further payment falls to be made on it) surrender of it at the specified office of the Issuing and Paying Agent or of any other Paying Agent provided for in the Conditions and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant Clearing Systems referred to herein shall not affect such discharge. The Issuer shall procure that details of each such payment shall be entered pro rata in the records of the relevant Clearing Systems and in the case of any payment of principal, or in the case of Instalment Notes, payment of an Instalment Amount, and upon any such entry being made, the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by the aggregate nominal amount of the Notes so redeemed or by the aggregate amount of the Instalment Amount so paid. Condition 8(e)(vii) (*Appointment of Agents*) and Condition 9(e) (*Payment by another Paying Agent*)will apply to the Definitive Notes only.

For the purposes of any payments made in respect of this permanent Global Note, the words "in the relevant place of presentation" shall not apply in the definition of **"business day"** in Condition 8(h) (Non-Business Days).

Prescription

Claims in respect of principal and interest (as each is defined in the Conditions) in respect of this permanent Global Note shall become void unless it is presented for payment within a period of 10 years (in the case of principal) and 5 years (in the case of interest) from the appropriate Relevant Date.

Meetings

For the purposes of any meeting of Noteholders, the holder of this permanent Global Note shall [(unless this permanent Global Note represents only one Note)] be treated [as two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting,] as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

Cancellation

On cancellation of any Note represented by this permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption), the Issuer shall procure that details of such cancellation shall be entered pro rata in the records of the relevant Clearing Systems and, upon any such entry being made, the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by the aggregate nominal amount of the Notes so cancelled.

Purchase

Notes may only be purchased by the Issuer if they are purchased together with the right to receive all future payments of interest and Instalment Amounts (if any) thereon.

Issuer's Options

Any option of the Issuer provided for in the Conditions shall be exercised by the Issuer giving notice to the Noteholders and the relevant Clearing Systems (or procuring that such notice is given on its behalf) within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the case of a partial exercise of an option, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg and shall be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion. Following the exercise of any such option, the issuer shall procure that the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced accordingly.

Noteholders' Options

Any option of the Noteholders provided for in the Conditions may be exercised by the holder of this permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised. Following the exercise of any such option, the Issuer shall procure that the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by the aggregate nominal amount stated in the relevant exercise notice.

Notices

Notices required to be given in respect of the Notes represented by this permanent Global Note may be given by their being delivered (so long as this permanent Global Note is held on behalf of Euroclear and/or Clearstream, Luxembourg and/or an Alternative Clearing System) to Euroclear, Clearstream, Luxembourg and/or such Alternative Clearing System, as the case may be, or otherwise to the holder of this permanent Global Note, rather than by publication as required by the Conditions, [except that so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stack Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the Luxemburger Wort)].

Negotiability

This permanent Global Note is a bearer document and negotiable and accordingly:

1 is freely transferable by delivery and such transfer shall operate to confer upon the transferee all rights and benefits appertaining hereto and to bind the transferee with all obligations appertaining hereto pursuant to the Conditions

2 the holder of this permanent Global Note is and shall be absolutely entitled as against all previous holders to receive all amounts by way of amounts payable upon redemption, interest or otherwise payable in respect of this permanent Global Note and the Issuer has waived against such holder and any previous holder of this permanent Global Note all rights of set-off or counterclaim that would or might otherwise be available to it in respect of the obligations evidenced by this Global Note and

3 payment upon due presentation of this permanent Global Note as provided herein shall operate as a good discharge against such holder and all previous holders of this permanent Global Note.

No provisions of this permanent Global Note shall alter or impair the obligation of the Issuer to pay the principal and premium of and interest on the Notes when due in accordance with the Conditions.

This permanent Global Note shall not be valid or become obligatory for any purpose until authenticated by or on behalf of the Issuing and Paying Agent and effectuated by the entity appointed as Common Safekeeper by the relevant Clearing Systems.

This permanent Global Note [and any non-contractual obligations arising out of or in connection with it] shall be governed by English law.

In witness whereof the Issuer has caused this permanent Global Note to be duly signed on its behalf.

Dated as of the Issue Date.

the Companies Act 1985 with registered number [02366923]/[03600574])

EURO MEDIUM TERM NOTE PROGRAMME

GLOBAL CERTIFICATE

Global Certificate No. [●]

This Global Certificate is issued in respect of the nominal amount specified above of the Notes (the **"Notes"**) of the Tranche and Series specified in Part A of the Schedule hereto of [ISSUER] (the **"Issuer"**). This Global Certificate certifies that the person whose name is entered in the Register (the **"Registered Holder"**) is registered as the holder of an issue of Notes of the nominal amount, specified currency and specified denomination set out in Part A of the Schedule hereto.

Interpretation and Definitions

References in this Global Certificate to the "Conditions" are to the Terms and Conditions applicable to the Notes (which are in the form set out in Schedule 2 Part C (*Terms and Conditions of the Notes*) to the Trust Deed (as amended or supplemented as at the Issue Date, the **"Trust Deed"**) dated 26 November 2010 between the Issuer and Deutsche Trustee Company Limited as trustee, as such form is supplemented and/or modified and/or superseded by the provisions of this Global Certificate (including the supplemental definitions and any modifications or additions set out in Part A of the Schedule hereto), which in the event of any conflict shall prevail). Other capitalised terms used in this Global Certificate shall have the meanings given to them in the Conditions or the Trust Deed.

Promise to Pay

The Issuer, for value received, promises to pay to the holder of the Notes represented by this Global Certificate upon presentation and (when no further payment is due in respect of the Notes represented by this Global Certificate) surrender of this Global Certificate on the Maturity Date (or on such earlier date as the amount payable upon redemption under the Conditions may become repayable in accordance with the Conditions) the amount payable upon redemption under the Conditions in respect of the Notes represented by this Global Certificate and (unless the Notes represented by this Certificate do not bear interest) to pay interest in respect of such Notes from the Interest Commencement Date in arrear at the rates, on the dates for payment, and in accordance with the methods of calculation provided for in the Conditions, save that the calculation is made in respect of the total aggregate amount of the Notes represented by this Global Certificate, together with such other sums and additional amounts (if any) as may be payable under the Conditions, in accordance with the Conditions. Each payment will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

For the purposes of this Global Certificate, (a) the holder of the Notes represented by this Global Certificate is bound by the provisions of the Agency Agreement, (b) the Issuer certifies that the Registered Holder is, at the date hereof, entered in the Register as the holder of the Notes represented by this Global Certificate, (c) this Global Certificate is evidence of entitlement only, (d) title to the Notes represented by this Global Certificate passes only on due registration on the Register, and (e) only the holder of the Notes represented by this Global Certificate is entitled to payments in respect of the Notes represented by this Global Certificate.

Transfer of Notes represented by permanent Global Certificates

If the Schedule hereto states that the Notes are to be represented by a permanent Global Certificate on issue, transfers of the holding of Notes represented by this Global Certificate pursuant to Condition 2(b) may only be made in part:

(i) if the Notes represented by this Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an **"Alternative Clearing System"**) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or

(ii) with the consent of the Issuer

provided that, in the case of the first transfer of part of a holding pursuant to (i) above, the holder of the Notes represented by this Global Certificate has given the Registrar not less than 30 days' notice at its specified office of such holder's intention to effect such transfer. Where the holding of Notes represented by this Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be Global Certificates unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear and/or an Alternative Clearing System.

Meetings

For the purposes of any meeting of Noteholders, the holder of the Notes represented by this Global Certificate shall (unless this Global Certificate represents only one Note) be treated as [two persons for the purposes of any quorum requirements of a meeting of Noteholders and as] being entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes.

This Global Certificate shall not become valid for any purpose until authenticated by or on behalf of the Registrar and in the case of Registered Notes held under the NSS only, effectuated by the entity appointed as Common Safekeeper by the relevant Clearing Systems.

This Global Certificate [and any non-contractual obligations arising out of or in connection with it] shall be governed by English law.

In witness whereof the Issuer has caused this Global Certificate to be signed on its behalf.

Dated as of the Issue Date.

Series No. [●]

[Title of issue]

This Note forms one of the Series of Notes referred to above (the **"Notes")** of [ISSUER] (the **"Issuer")** designated as specified in the title hereof. The Notes are subject to the Terms and Conditions (the **"Conditions")** endorsed hereon and are issued subject to, and with the benefit of, the Trust Deed referred to in the Conditions. Expressions defined in the Conditions have the same meanings in this Note.

The Issuer for value received promises to pay to the bearer of this Note, on presentation and (when no further payment is due in respect of this Note) surrender of this Note on the Maturity Date (or on such earlier date as the amount payable upon redemption under the Conditions may become repayable in accordance with the Conditions) the amount payable upon redemption under the Conditions and (unless this Note does not bear interest) to pay interest from the Interest Commencement Date in arrear at the rates, in the amounts and on the dates for payment provided for in the Conditions together with such other sums and additional amounts (if any) as may be payable under the Conditions, in accordance with the Conditions.

This Note shall not become valid or obligatory for any purpose until authenticated by or on behalf of the Issuing and Paying Agent.

In witness whereof the Issuer has caused this Note to be signed on its behalf.

Schedule 2
Part C
Terms and Conditions of the Notes

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion and amendment and as ***supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms, shall be*** *applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.*

The Notes are constituted by, are subject to, and have the benefit of, a trust deed dated 26 November 2010 (as amended or supplemented as at the date of issue of the Notes (the **"Issue Date"),** the **"Trust Deed")** between Central Networks East plc (**"CNE"**)and Central Networks West plc **("CNW"** and, together with **CNE,** the **"Issuers"** and each an **"Issuer"))** and Deutsche Trustee Company Limited (the **"Note Trustee",** which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). Notes issued by each Issuer are obligations solely of that Issuer (the "Relevant Issuer") and without recourse whatsoever to the other Issuer. These terms and conditions (the **"Conditions")** include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Registered Notes, Bearer Notes, Certificates, Receipts, Coupons and Talons referred to below. An Agency Agreement dated 26 November 2010 (as amended or supplemented as at the Issue Date, the **"Agency Agreement")** has been entered into in relation to the Notes between the Issuers, the Note Trustee, Deutsche Bank AG, London Branch as issuing and paying agent and the other agents named in it. The issuing and paying agent, the other paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the **"Issuing and Paying Agent",** the **"Luxembourg Paying Agent",** the **"Paying Agents"** (which expression shall include the Issuing and Paying Agent and the Luxembourg Paying Agent), the **"Registrar",** the **"Transfer Agents"** (which expression shall include the Registrar) and the **"Calculation Agent(s)".** Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the principal office of the Note Trustee (presently at Winchester House, 1 Great Winchester Street, London EC2N 2DB) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders, the holders of the interest coupons (the **"Coupons")** relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the **"Talons")** (the **"Couponholders")** and the holders of the receipts for the payment of instalments of principal (the **"Receipts")** relating to Notes in bearer form of which the principal is payable in instalments are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

As used in these Conditions, **"Tranche"** means Notes which are identical in all respects.

1 Form, Denomination and Title

The Notes are issued in bearer form (**"Bearer Notes"**) or in registered form (**"Registered Notes"**) in each case in the Specified Denomination(s) shown in the Final Terms provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a Prospectus under the Prospectus Directive, the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

Each Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note, an Instalment Note, a Dual Currency Note, a Partly Paid Note or a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown in the Final Terms.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Registered Notes are represented by registered certificates **("Certificates")** and, save as provided in Condition 2(c) (*Exercise of Options or Partial Redemption in Respect of Registered Notes*), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuers shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the **"Register"**). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, **"Noteholder"** means the bearer of any Bearer Note and the Receipts relating to it orthe person in whose name a Registered Note is registered (as the case may be), **"holder"** (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them in the Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 No Exchange of Notes and Transfers of Registered Notes

(a) **No Exchange of Notes:** Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not he exchanged for Registered Notes.

(b) **Transfer of Registered Notes:** One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Relevant Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuers, with the prior written approval of the Registrar and the Note Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) **Exercise of Options or Partial Redemption in Respect of Registered Notes:** In the case of an exercise of a Relevant Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only he issued against surrender of the Certificate representing the existing holding.

(d) **Delivery of New Certificates:** Each new Certificate to be issued pursuant to Conditions 2(b) (*Transfer of Registered Notes*) or (c) (*Exercise of Options or Partial Redemption in Respect of Registered Notes*) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 6(g) (*Redemption at the Option of Noteholders*)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d) (*Delivery of New Certificates*), **"business day"** means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) **Transfers Free of Charge:** Transfers of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Relevant Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) **Closed Periods:** No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (ii) during the period of 15 days prior to any date on which Notes may be called for redemption by the Relevant Issuer at its option pursuant to Condition 6(e) (*Redemption at the Option of the Relevant Issuer*) or 6(f) (*Optional Redemption Period Redemption*), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3 Status

The Notes and the Receipts and Coupons relating to them constitute (subject to Condition 4 (*Negative Pledge*)) direct, general, unconditional and unsecured obligations of the Issuers and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuers under the Notes and the Receipts and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4 (*Negative Pledge*), at all times rank at least equally with all other unsecured and unsubordinated indebtedness of the Issuers present and future.

4 Negative Pledge

So long as any Note or Coupon remains outstanding (as defined in the Trust Deed), the Relevant Issuer will not create, or have outstanding, any mortgage, charge, lien, pledge or other security interest, upon the whole or any part of its present or future undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness, or any guarantee or indemnity in respect of any Relevant Indebtedness, without at the same time or prior thereto according to the Notes and the Coupons either (A) the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity or (B) such other security as either (i) the Note Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Noteholders or (ii) shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

In this Condition:

"Relevant Indebtedness" means any indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities having an original maturity of more than one year which (with the consent of the Relevant Issuer of such indebtedness) for the time being are, or are intended to be capable of being, quoted, listed or dealt in or traded on a stock exchange or over-the-counter or other securities market.

5 Interest and other Calculations

(a) **Interest on Fixed Rate Notes:** Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(h) (*Calculations*).

(b) **Interest on Floating Rate Notes and Index Linked Notes:**

(i) *Interest Payment Dates:* Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such Interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(h) (*Calculations*). Such Interest Payment Date(s) is/are either shown in the Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the mouth in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), **"ISDA Rate"** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(x) the Floating Rate Option is as specified in the relevant Final Terms

(y) the Designated Maturity is a period specified in the relevant Final Terms and

(z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), **"Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date"** and**"Swap Transaction"** have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(x) Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

(1) the offered quotation; or

(2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the Final Terms.

(y) if the Relevant Screen Page is not available or if, sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

(z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Note Trustee and the Relevant Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(iv) Rate of Interest for Index Linked Interest Notes*:* The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified in the Final Terms and interest will accrue by reference to an Index or Formula as specified in the Final Terms.

(c) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i) (*Early Redemption*)).

(d) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the Final Terms.

(e) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the Final Terms.

(f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 (*Interest and other Calculations*) to the Relevant Date (as defined in Condition 9 (*Taxation*)).

(g) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts, Redemption Amounts and Rounding:**

(i) If any Margin is specified in the Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) (*Interest on Floating Rate Notes and Index Linked Notes*) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.

(ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.

(iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes **"unit"** means the lowest amount of such currency that is available as legal tender in the countries of such currency.

(h) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified in the Final Terms, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts,** Optional Redemption Amounts and Instalment Amounts: The Calculation Agent shall as soon, as practicable on each Interest Determination

Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each denomination of the Notes for the relevant Interest Accrual Period, Interest Period or Interest Payment Date calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation and/or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period, Interest Period or Interest Payment Date and, if required, the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Note Trustee, the Relevant Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii) (*Interest on Floating Rate Notes and Index Linked Notes*), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Note Trustee by way of adjustment) without notice in the event of all extension or shortening of the Interest Period. If the Notes become due and payable under Condition 11 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Note Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) **Determination or Calculation by Note Trustee:** If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, or take any action that it is required to do pursuant to these Conditions, the Calculation Agent shall forthwith notify the Relevant Issuer, the Note Trustee and the Issuing and Paying Agent and the Note Trustee (whether or not it receives such notice) shall do so (or shall appoint an Agent. In its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent in doing so, the Note Trustee shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(k) **Definitions:** In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Business Day" means:

(i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency and/or

(ii) in the case of euro, a day on which the TARGET System is operating (a **"TARGET Business Day"**) and/or

(iii) in the case of a currency and/or one or more Business Centres a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

"Day Count Fraction" means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period or an Interest Accrual Period, the **"Calculation Period"):**

(i) if **"Actual/Actual"** or **"Actual/Actual—ISDA"** is specified in the Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365)

(ii) if **"Actual/365 (Fixed)"** is specified in the Final Terms, the actual number of days in the Calculation Period divided by 365

(iii) if **"Actual/365 (Sterling)"** is specified in the Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of an Interest Period Date falling in a leap year, 366

(iv) if **"Actual/360"** is specified in the Final Terms, the actual number of days in the Calculation Period divided by 360

(v) if **"30/360", "360/360" or "Bond Basis"** is specified in the Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y_1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y_2" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"M_1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M_2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"D_1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D_1 will be 30; and

"D_2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30

(vi) if **"30E/360"** or**"Eurobond Basis"** is specified in the Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D_1 will be 30; and

"D2 " is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D_2 will be 30

(vii) if **"30E/360 (ISDA)"** is specified in the Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

" Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D_2 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D_2 will be 30

(viii) if **"Actnal/Actual-ICMA"** is specified in the Final Terms,

(a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and

(b) if the Calculation Period is longer than one Determination Period, the sum of:

(x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

(y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year

where:

"Determination Period" means the period from and including a Determination Date in any year to but excluding the next Determination Date and

"Determination Date" means the date(s) specified as such in the Final Terms or, if none is so specified, the Interest Payment Date(s)

"Euro-zone" means the region comprised of member states of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended.

"Interest Accrual Period" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period Date and each successive period beginning on (and including) an Interest Period Date and ending on (but excluding) the next succeeding Interest Period Date.

"Interest Amount" means:

(i) in respect of an Interest Accrual Period, the amount of interest payable per Calculation Amount for that Interest Accrual Period and which, in the case of Fixed Rate Notes, and unless otherwise specified in the Final Terms, shall mean the Fixed Coupon Amount or Broken Amount specified in the Final Terms as being payable on the Interest Payment Date ending the Interest Period of which such Interest Accrual Period forms part; and

(ii) in respect of any other period, the amount of interest payable per Calculation Amount for that period.

"InterestCommencement Date" means the Issue Date or such other date as may be specified in the Final Terms.

"Interest Determination Date" means, with respect to a Rate of Interest and Interest Accrual Period, the date specified as such in the Final Terms or, if none is so specified, (i) the first day of such Interest Accrual Period if the Specified Currency is Sterling or (ii) the day falling two Business Days in London for the Specified Currency prior to the first day of such Interest Accrual Period if the Specified Currency is neither Sterling nor euro or (iii) the day falling two TARGET Business Days prior to the first day of such Interest Accrual Period if the Specified Currency is euro.

"Interest Period" means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Payment Date and each successive period beginning on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date.

"Interest Period Date" means each Interest Payment Date unless otherwise specified in the Final Terms.

"ISDA Definitions" means the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., unless otherwise specified in the Final Terms.

“Rate of Interest” means the rate of interest payable from time to time in respect of this Note and that is either specified or calculated in accordance with the provisions in the Final Terms.

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Calculation Agent or as specified in the Final Terms.

“Reference Rate” means the rate specified as such in the Final Terms.

“Relevant Screen Page” means such page, section, caption, column or other part of a particular information service as may be specified in the Final Terms. **“Specified Currency”** means the currency specified as such in the Final Terms or, if none is specified, the currency in which the Notes are denominated.

“TARGET System” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) System which was launched on 19 November 2007 or any successor thereto.

(1) **Calculation Agent:** The Relevant Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the Final Terms and for so long as any Note is outstanding (as defined in the Trust Deed). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Relevant Issuer shall (with the prior approval of the Note Trustee) appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(m) **Adjustment to Rate of Interest:** If, in respect of a Tranche of Notes, **“Ratings Downgrade Rate Adjustment”** is specified in the relevant Final Terms as being applicable, the Rate of Interest specified in the Final Terms (the **“Initial Rate of Interest”**) and payable on the Notes will be subject to adjustment from time to time in the event of a Rating Change or Rating Changes, within the period from and including the Issue Date of such Tranche of Notes to and including the date falling 18 months from such Issue Date (the **“Rating Change Period”**, with the final date of such Rating Change Period being the **“Rating Change Period End Date”**), which adjustment shall be determined as follows.

If, following a Rating Change within the Rating Change Period:

(i) the lowest Rating then assigned to the Notes is A- or A3 or higher, then (unless there is a subsequent Rating Change within the Rating Change Period) from and including the first Interest Payment Date following the Rating Change, the rate of interest payable on the Notes shall be the Initial Rate of Interest;

(ii) the lowest Rating then assigned to the Notes is BBB+ or Baal, then (unless there is a subsequent Rating Change within the Rating Change Period) from and including the first Interest Payment Date following the Rating Change, the rate of interest payable on the Notes shall be the Initial Rate of Interest plus 0.25 per cent, per annum;

(iii) the lowest Rating then assigned to the Notes is BBB or Baa2, then (unless there is a subsequent Rating Change within the Rating Change Period) from and including the first Interest Payment Date following the Rating Change, the rate of interest payable on the Notes shall be the Initial Rate of Interest plus 0.50 per cent, per annum; or

(iv) the lowest Rating then assigned to the Notes is BBB- or Baa3 or lower, or if such Ratings are withdrawn by both of Moody's and S&P, then (unless there is a subsequent Rating Change within the Rating Change Period) from and including the first Interest Payment Date following the Rating Change the rate of interest payable on the Notes shall be the Initial Rate of Interest plus 0.75 per cent, per annum

in each case, the **"Revised Rate of Interest"**.

Following each Rating Change the Relevant Issuer will notify the Noteholders of the Revised Rate of Interest following such Rating Change in accordance with the provisions of Condition 17 (*Notices*) as soon as reasonably practicable after the occurrence of the Rating Change. If, in respect of an Interest Period (the **"Relevant Interest Period"),** there is more than one Rating Change, the Revised Rate of Interest which will apply for the succeeding Interest Period will be the Revised Rate of Interest resulting from the last Rating Change in the Relevant Interest Period.

There shall be no limit to the number of times that adjustments to the rate of interest payable on the Notes may be made pursuant to this Condition 6(m) during the Rating Change Period, provided always that at no time during the term of the Notes will the rate of interest payable on the Notes be less than the Initial Interest Rate or more than the Initial Interest Rate plus 0.75 per cent, per annum. For the avoidance of doubt, the rate of interest payable on the Notes from and including the first Interest Payment Date following the Rating Change Period End Date to maturity of the Notes shall be determined in accordance with the Ratings assigned to the Notes as of the Rating Change Period End Date.

"Rating Agency" means Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies Inc. or any of its subsidiaries and their successors or Moody's Investors Service Limited or any of its subsidiaries and their successors or any rating agency substituted for any of them (or any permitted substitute of them) by the Relevant Issuer from time to time with the prior written approval of the Note Trustee; and

"Rating Change" means the public announcement by any Rating Agency assigning a credit rating to the Notes of a change in, or confirmation of, the rating of the Notes *or,* as the case may be, of a credit rating being applied.

6 Redemption, Purchase and Options

(a) **Redemption by Instalments and Final Redemption:**

(i) Unless previously redeemed, purchased and cancelled as provided in this Condition 6 (*Redemption*, *Purchase and Options),* each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the Final Terms at its Final Redemption Amount (which, unless otherwise provided in the Final Terms, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) **Early Redemption:**

(i) *Zero Coupon Notes:*

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) (*Redemption For Taxation Reasons*) or upon it becoming due and payable as provided in Condition 11 (*Events of Default*) shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the Final Terms.

(B) Subject to the provisions of sub-paragraph (C) below, the **"Amortised Face Amount"** of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 11 *(Events of Default)* is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c) (*Zero Coupon Notes*).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the Final Terms.

(ii) *Other Notes:* The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 11 *(Events of Default*), shall be the Final Redemption Amount unless otherwise specified in the Final Terms.

(c) **Redemption for Taxation Reasons:** The Notes may be redeemed at the option of the Relevant Issuer in whole, but not in part, on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index Linked Note) or at any time (if this Note is neither a Floating Rate Note nor an Index Linked Note), on giving not less than 30 nor more than 60 days' notice to the Note Trustee and the Noteholders in accordance with Condition 17 (*Notices*) (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 6(b) (*Early Redemption*) above) (together with interest accrued to the date fixed for redemption), if (i) the Relevant Issuer satisfies the Note Trustee immediately before the giving of such notice that it has or will become obliged to pay additional amounts as described under Condition 9 (*Taxation*) as a result of any change in, of amendment to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, and (ii) such obligation cannot be avoided by the Relevant Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Relevant Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(c)

(*Redemption for Taxation Reasons*), the Relevant Issuer shall deliver to the Note Trustee a certificate signed by a Director of the Relevant Issuer stating that the obligation referred to in (i) above cannot be avoided by the Relevant Issuer taking reasonable measures available to it and the Note Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition precedent set out in (ii) above, in which event it shall be conclusive and binding on Noteholders and Couponholders.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(d) **Redemption For Indexation Reasons:** Upon the occurrence of any Index Event (as defined below), the Relevant Issuer may, upon giving not less than 30 nor more than 60 days' notice to the Note Trustee and the holders of the Indexed Notes in accordance with Condition 17 (*Notices*), redeem all (but not some only) of the Indexed Notes of all Tranches on any Interest Payment Date at the Principal Amount Outstanding (adjusted inaccordance with Condition 7(b) (*Application of the Index Ratio*)) plus accrued but unpaid interest. No single Tranche of Indexed Notes may be redeemed in these circumstances unless all the other Tranches of Indexed Notes linked to the same underlying Index are also redeemed at the same time. Before giving any such notice, the Relevant Issuer shall provide to the Note Trustee a certificate signed by a Director of the Relevant Issuer (a) stating that the Relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Relevant Issuer so to redeem have occurred and (b) confirming that the Relevant Issuer will have sufficient funds on such Interest Payment Date to effect such redemption. The Note Trustee shall be entitled to rely on such certificate without liability to any person.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

"Index Event" means (i) if the Index Figure for three consecutive months falls to be determined on the basis of an Index Figure previously published as provided in Condition 7(c)(ii) (*Delay in publication of Index*)and the Note Trustee has been notified by the Issuing and Paying Agent or Agent Bank that publication of the Index has ceased or (ii) notice is published by Her Majesty's Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index has been advised by the Indexation Adviser to the Relevant Issuer and such circumstances are continuing.

(e) **Redemption at the Option of the Relevant Issuer:** If Call Option is specified in the Final Terms, the Relevant Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Note Trustee and the Noteholders (or such other notice period as may be specified in the Final Terms) redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place as the Note Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

In the case of a partial redemption of a Tranche of Notes represented by a New Global Note (as defined in the Trust Deed) pursuant to this Condition, the Notes to be redeemed (the **"Redeemed Notes")** will be selected in accordance with the rules and procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), not more than 30 days prior to the date fixed for redemption.

(f) **Optional Redemption Period Redemption:** If Optional Redemption Period Call Option is specified in the Final Terms, the Relevant Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Note Trustee and the Noteholders (or such other notice period as may be specified in the Final Terms) redeem all of a Tranche or Sub-Tranche of a Series of Notes within the Optional Redemption Period relating to such Tranche or Sub-Tranche of Notes at 101% of the Issue Price of such Notes on any Issuer Optional Redemption Date together with interest accrued to the date fixed for redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

"Issuer Optional Redemption Date" means, in relation to the Notes in respect of which any such notice is given, the date for redemption specified in such notice in accordance with this Condition.

"Optional Redemption Period" means, in respect of a Tranche or Sub-Tranche of a Series of Notes issued whilst the Relevant Issuer is a direct or indirect subsidiary (where 'subsidiary' has the meaning given to it in section 1159 of the Companies Act 2006) of E.ON UK plc, the period from the date of issue of such Tranche or Sub-Tranche of Notes until the earlier of:

(i) the date falling 18 months after such date of issue; and

(ii) the date that the Relevant Issuer ceases to be a direct or indirect subsidiary (where 'subsidiary' has the meaning given to it in section 1159 of the Companies Act 2006) of E.ON UK plc.

(g) **Redemption at the Option of Noteholders:** If Put Option is specified in the Final Terms, the Relevant Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Relevant Issuer (or such other notice period as may be specified in the Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice **("Exercise Notice")** in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Relevant Issuer.

(h) **Redemption at the Option of the Noteholders on a Restructuring Event**

(i)

(a) If, at any time while any of the Notes remains outstanding, a Restructuring Event (as defined below) occurs and prior to the commencement of or during the Restructuring Period (as defined below):

(A) an independent financial adviser (as described below) shall have certified in writing to the Note Trustee that such Restructuring Event will not be or is not, in its opinion, materially prejudicial to the interests of the Noteholders; or

(B) if there are Rated Securities (as defined below), each Rating Agency (as defined below) that at such time has assigned a current rating to the Rated Securities confirms in writing to the Relevant Issuer in writing at its request (which it shall make as set out below) that it will not be withdrawing or reducing the then current rating assigned to the Rated Securities by it from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Bal, or their respective equivalents for the time being, or worse) or, if the Rating Agency shall have already rated the Rated Securities below investment grade (as described above), the rating will not be lowered by one full rating category or more, in each case as a result, in whole or in part, of any event or circumstance comprised in or arising as a result of the applicable Restructuring Event,

the following provisions of this Condition 6(h) (*Redemption at the Option of the Noteholders on a Restructuring Event*) shall cease to have any further effect in relation to such Restructuring Event.

(b) If, at any time while any of the Notes remains outstanding, a Restructuring Event occurs and (subject to Condition 6(h)(i)(a) (*Redemption at the Option of the Noteholders on a Restructuring Event*)):

(A) within the Restructuring Period, either;

(i) if at the time such Restructuring Event occurs there are Rated Securities, a Rating Downgrade (as defined below) in respect of such Restructuring Event also occurs; or

(ii) if at such time there are no Rated Securities, a Negative Rating Event (as defined below) in respect of such Restructuring Event also occurs; and

(B) an independent financial adviser shall have certified in writing to the Note Trustee that such Restructuring Event is, in its opinion, materially prejudicial to the interests of the Noteholders (a **"Negative Certification"**),

then, unless at any time the Relevant Issuer shall have given notice under Condition 6(e) (*Redemption at the Option of the Relevant Issuer*) or 6(f) (*Optional Redemption Period Redemption*) (if applicable) or the holder shall have given notice under Condition 6(g) (*Redemption at the Option of the Noteholders*) (if applicable), the holder of each Note will, upon the giving of a Put Event Notice (as defined below), have the option (the **"Put Option"**) to require the Relevant Issuer to redeem or, at the option of the Relevant Issuer, purchase (or procure the purchase of) that Note on the Put Date (as defined below), at its Optional Redemption Amount together with (or, where purchased, together with an amount equal to) interest (if any) accrued to (but excluding) the Put Date.

A Restructuring Event shall be deemed not to be materially prejudicial to the interests of the Noteholders if, notwithstanding the occurrence of a Rating Downgrade or a Negative Rating Event, the rating assigned to the Rated Securities by any Rating Agency (as defined below) is subsequently increased to, or, as the case may be, there is assigned to the Notes or other unsecured and unsubordinated debt of the Issuer having an initial maturity of five years or more by any Rating Agency, an investment grade rating (BBB-/Baa3) or their respective equivalents for the time being) or better prior to any Negative Certification being issued.

Any Negative Certification shall, in the absence of manifest error, be conclusive and binding on the Note Trustee, the Issuer and the Noteholders. The Relevant Issuer may, at any time, with the approval of the Note Trustee appoint an independent financial adviser for the purposes of this Condition 6(h) (*Redemption at the Option of the Noteholders on a Restructuring Event*). If, within five Business Days following the occurrence of a Rating Downgrade or a Negative Rating Event, as the case may be, in respect of a Restructuring Event, the Issuer shall not have appointed an independent financial adviser for the purposes of Condition 6(h)(i)(b)(B) and (if so required by the Note Trustee) the Note Trustee is indemnified and/or prefunded and/or secured to its satisfaction against the costs of such adviser, the Note Trustee may appoint an independent financial adviser for such purpose following consultation with the Issuer.

(ii) Promptly upon the Issuer becoming aware that a Put Event (as defined below) has occurred, and in any event not later than 14 days after the occurrence of a Put Event, the Issuer shall, and at any time upon the Note Trustee becoming similarly so aware the Note Trustee may, and if so requested by the holders of at least one-quarter in nominal amount of the Notes then outstanding shall, give notice (a **"Put Event Notice")** to the Noteholders in accordance with Condition 17 (*Notices*) specifying the nature of the Put Event and the procedure for exercising the Put Option.

(iii) To exercise the Put Option, the holder of a Note must comply with the provisions of Condition 6(g) (*Redemption at the Option of the Noteholders*). The applicable notice period for the purposes of Condition 6(g) (*Redemption at the Option of the Noteholders*) shall be the period (the **"Put Period")** of 45 days after that on which a Put Event Notice is given. Subject to the relevant Noteholder having complied with Condition 6(g) (*Redemption at the Option of the Noteholders*), the Issuer shall redeem or, at the option of the Issuer, purchase (or procure the purchase of) the relevant Note on the fifteenth day after the date of expiry of the Put Period (the **"Put Date")** unless previously redeemed or purchased.

(iv) For the purposes of these Conditions:

(a) **"Distribution Services Area"** means, in respect of a Relevant Issuer, the area specified as such in the distribution licence granted to it on 1 October 2001 under section 6(l)(c) of the Electricity Act 1989 (as amended by section 30 of the Utilities Act 2000), as of the date of such distribution licence.

(b) A **"Negative Rating Event"** shall be deemed to have occurred if (1) an Issuer does not, either prior to or not later than 14 days after the date of the relevant Restructuring Event, seek, and thereupon use all reasonable endeavours to obtain, a rating of the Notes or any other unsecured and unsubordinated debt of an Issuer having an initial maturity of five years or more from a Rating Agency or (2) if it does so seek and use such endeavours, it is unable, as a result of such Restructuring Event, to obtain such a rating of at least investment grade (BBB-/Baa3, or their respective equivalents for the time being).

(c) A **"Put Event"** occurs on the date of the last to occur of (1) a Restructuring Event, (2) either a Rating Downgrade or, as the case may be, a Negative Rating Event and (3) the relevant Negative Certification.

(d) **"Rating Agency"** means Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies Inc. or any of its subsidiaries and their successors **("Standard & Poor's")** or Moody's Investors Service Limited or any of its subsidiaries and their successors **("Moody's")** or any rating agency substituted for any of them (or any permitted substitute of them) by an issuer from time to time with the prior written approval of the Note Trustee.

(e) A **"Rating Downgrade"** shall be deemed to have occurred in respect of a Restructuring Event if the then current rating assigned to the Rated Securities by any Rating Agency (whether provided by a Rating Agency at the invitation of the Issuers or by its own volition) is withdrawn or reduced from an investment grade rating (BBB-/Baa3), or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Bal), or their respective equivalents for the time being, or worse) or, if the Rating Agency shall then have already rated the Rated Securities below investment grade (as described above), the rating is lowered one full rating category or more.

(f) **"Rated Securities"** means the Notes, if at any time and for so long as they have a rating from a Rating Agency, and otherwise any other unsecured and unsubordinated debt of an Issuer having an initial maturity of five years or more which is rated by a Rating Agency.

(g) **"Restructuring Event"** means the occurrence of any one or more of the following events:

(A) (i) the Secretary of State for Business, Innovation and Skills (or any successor) giving the Relevant Issuer written notice of any revocation of its Distribution Licence; or

(ii) the Relevant Issuer agreeing in writing with the Secretary of State for Business, Innovation and Skills (or any successor) to any revocation or surrender of its Distribution Licence; or

(iii) any legislation (whether primary or subordinate) being enacted which terminates or revokes the Distribution Licence of the Relevant Issuer;

except, in each such case, in circumstances where a licence or licences on substantially no less favourable terms is or are granted to the Relevant Issuer or a wholly-owned subsidiary of the Relevant Issuer where such subsidiary at the time of such grant either executes in favour of the Note Trustee an unconditional and irrevocable guarantee in respect of all Notes issued by the Relevant Issuer in such form as the Note Trustee may approve or becomes the primary obliger under the Notes issued by the Relevant Issuer in accordance with Condition 12(c) (*Substitution*); or

(B) any modification (other than a modification which is of a formal, minor or technical nature) being made to the terms and conditions upon which an Issuer is authorised and empowered under relevant legislation to distribute electricity in the Distribution Services Area unless a Director of such Issuer has certified in good faith to the Note Trustee that the modified terms and conditions are not materially less favourable to the business of the Issuer;

(C) any legislation (whether primary or subordinate) is enacted which removes, qualifies or amends (other than an amendment which is of a formal, minor or technical nature) the duties of the Secretary of State for Business, Innovation and Skills (or any successor) and/or the Gas and Electricity Markets Authority (or any successor) under section 3A of the Electricity Act 1989 (as amended by the Utilities Act 2000) (as this may be amended from time to time) unless two Authorised Persons of such Issuer has certified in good faith to the Note Trustee that such removal, qualification or amendment does not have a materially adverse effect on the financial condition of the Issuer.

(h) **"Restructuring Period"** means:

(A) if at the time a Restructuring Event occurs there are Rated Securities, the period of 90 days starting from and including the day on which that Restructuring Event occurs; or

(B) if at the time a Restructuring Event occurs there are no Rated Securities, the period starting from and including the day on which that Restructuring Event occurs and ending on the day 90 days following the later of (aa) the date (if any) on which the Issuer shall seek to obtain a rating as contemplated by the definition of Negative Rating Event; (bb) the expiry of the 14 days referred to in the definition of Negative Rating Event and (cc) the date on which a Negative Certification shall have been given to the Note Trustee in respect of that Restructuring Event.

(i) A Rating Downgrade or a Negative Rating Event or a non-investment grade rating shall be deemed not to have occurred as a result or in respect of a Restructuring Event if the Rating Agency making the relevant reduction in rating or, where applicable, refusal to assign a rating of at least investment grade as provided in this Condition 6(h) (*Redemption at the Option of the Noteholders on a Restructuring Event*) does not announce or publicly confirm or inform the Relevant Issuer in writing at its request (which it shall make as set out in the following paragraph) that the reduction or, where applicable, declining to assign a rating of at least investment grade was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of the applicable Restructuring Event.

The Relevant Issuer undertakes to contact the relevant Rating Agency immediately following that reduction, or where applicable the refusal to assign a rating of at least investment grade, to confirm whether that reduction, or refusal to assign a rating of at least investment grade was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of the applicable Restructuring Event. The Relevant Issuer shall notify the Note Trustee immediately upon receipt of any such confirmation from the relevant Rating Agency.

(i) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the Final Terms.

(j) **Purchases:** The Relevant Issuer may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(k) **Cancellation:** All Notes purchased by or on behalf of the Relevant Issuer may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Relevant Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Relevant Issuer in respect of any such Notes shall be discharged.

7 Indexation

This Condition 7 (*Indexation*) is applicable only if the relevant Final Terms specifies the Notes as Indexed Notes.

(a) **Definitions**

"Affiliate" means in relation to any person, any entity controlled, directly or indirectly, by that person, any entity that controls directly or indirectly, that person or any entity, directly or indirectly under common control with that person and, for this purpose, "control" means control as defined in the Companies Act;

“Base Index Figure” means (subject to Condition 7(c)(i) (Change in base)) the base index figure as specified in the relevant Final Terms;

“Calculation Date” means any date when a payment of interest or, as the case may be, principal falls due;

“Index” or **“Index Figure”** means, in relation to any relevant month (as defined in Condition 7(c)(ii) (Delay in publication of Index)), subject as provided in Condition 7(c)(i) (*Change in base*), the UK Retail Price Index **(“RPI”)** (for all items) published by the Office for National Statistics (January 1987 = 100) (currently contained in the Monthly Digest of Statistics) or any comparable index which may replace the UK Retail Price Index for the purpose of calculating the amount payable on repayment of the Reference Gilt.

Any reference to the **“Index Figure applicable”** to a particular Calculation Date shall, subject as provided in Condition 7(c) (*Changes in Circumstances Affecting the Index*) and Condition 7(e) (*Cessation of or Fundamental Changes to the Index*) below, and if “3 months lag” is specified in the relevant Final Terms, be calculated in accordance with the following formula:

$$IFS = RPIm3 + \frac{(\text{Day of Calculation Date 1})}{(\text{Days in month of Calculation Date})} (RPIm2\ RPIm3)$$

and rounded to five decimal places (0.000005 being rounded upwards) and where:

“IFA” means the Index Figure applicable;

“RPIm-3” means the Index Figure for the first day of the month that is three months prior to the month in which the payment falls due;

“RPIm-2” means the Index Figure for the first day of the month that is two months prior to the month in which the payment falls due;

Any reference to the **“Index Figure applicable”** to a particular Calculation Date shall, subject as provided in Condition 7(c) (*Changes in Circumstances Affecting the Index*) and Condition 7(e) (*Cessation of or Fundamental Changes to the Index*) below, and if “8 months lag” is specified in the relevant Final Terms, he construed as a reference to the Index Figure published in the seventh month prior to that particular month and relating to the month before that of publication;

“Index Ratio” applicable to any Calculation Date means the Index Figure applicable to such date divided by the Base Index Figure;

“Limited Index Ratio” means (a) in respect of any month prior to the relevant Issue Date, the Index Ratio for that month; (b) in respect of any Limited Indexation Month after the relevant Issue Date, the product of the Limited Indexation Factor for that month and the Limited Index Ratio as previously calculated in respect of the month twelve months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month;

“Limited Indexation Factor” means, in respect of a Limited Indexation Month, the ratio of the Index Figure applicable to that month divided by the Index Figure applicable to the month twelve months prior thereto, provided that (a) if such ratio is greater than the Maximum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Maximum Indexation Factor and (b) if such ratio is less than the Minimum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Minimum Indexation Factor;

“Limited Indexation Month” means any month specified in the relevant Final Terms for which a Limited Indexation Factor is to be calculated;

"Limited Indexed Notes" means Indexed Notes to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the relevant Final Terms) applies;

"Maximum Indexation Factor" means the indexation factor specified as such in the relevant Final Terms;

"Minimum Indexation Factor" means the indexation factor specified as such in the relevant Final Terms; and

"Reference Gilt" means the Treasury Stock specified as such in the relevant Final Terms for so long as such stock is in issue, and thereafter such issue of index-linked Treasury Stock determined to be appropriate by a gilt-edged market maker or other adviser selected by the Relevant Issuer and approved by the Note Trustee (an **"Indexation Adviser").**

(b) **Application of the Index Ratio**

Each payment of interest and principal in respect of the Indexed Notes shall be the amount provided in, or determined in accordance with, these Conditions, multiplied by the Index Ratio or Limited Index Ratio in the case of Limited Indexed Notes applicable to the month in which such payment falls to be made and rounded in accordance with Condition 5(g) (*Margin, Maximum/Minimum Rates of Interest, Instalment Amounts, Redemption Amounts and Rounding*).

(c) **Changes in Circumstances Affecting the Index**

(i) **Change in base:** If at any time and from time to time the Index is changed by the substitution of a new base therefore, then with effect from the calendar month from and including that in which such substitution takes effect (1) the definition of "Index" and "Index Figure" in Condition 7(a) (*Definitions*) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefore); and (2) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure immediately following such substitution, divided by the Index Figure immediately prior to such substitution.

(ii) **Delay in publication of Index:** If the Index Figure relating to any month (the **"relevant month")** which is required to be taken account for the purposes of the determination of the Index Figure applicable for any date is not published on or before the fourteenth business day before the date on which any payment of interest or principal on the Notes is due (the **"date for payment"),** the Index Figure relating to the relevant month shall be (1) such substitute index figure (if any) as the Note Trustee considers to have been published by the Bank of England or, as the case may be, the United Kingdom Debt Management Office (or such other designated debt manager of Her Majesty's Treasury, from time to time) for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by an Indexation Adviser (and approved by the Note Trustee); or (2) if no such determination is made by such Indexation Adviser within 7 days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 7(c)(i) (*Change in base*)) before the date for payment.

(d) **Application of Changes**

Where the provisions of Condition 7(c)(ii) (*Delay in publication of Index*) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 7(c)(ii)(2), the Index Figure relating to the relevant month is subsequently published while a Note is still outstanding, then:

(i) in relation to a payment of principal or interest in respect of such Note other than upon final redemption of such Note, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced by an amount equal to (respectively) the shortfall or excess of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 7(c)(ii)(2), below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth Business Day before the date for payment; and

(ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(e) **Cessation of or Fundamental Changes to the Index**

(i) If (1) the Note Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) that the Index has ceased to be published; or (2) the Note Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) when any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of the Note Trustee acting solely on the advice of an Indexation Adviser, be materially prejudicial to the interests of the Noteholders, the Note Trustee will give written notice of such occurrence to the Relevant Issuer, and the Relevant Issuer and the Note Trustee together shall seek to agree for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Relevant Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.

(ii) If the Relevant Issuer and the Note Trustee fail to reach agreement as mentioned above within 20 Business Days following the giving of notice as mentioned in paragraph (i), a bank or other person in London shall be appointed by the Relevant Issuer and the Note Trustee or, failing agreement on and the making of such appointment within 20 Business Days following the expiry of the day period referred to above, by the Note Trustee (in each case, such bank or other person so appointed being referred to as the **"Expert"**), to determine for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Relevant Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of any of the Relevant Issuer and the Note Trustee in connection with such appointment shall be borne by the Relevant Issuer.

(iii) The Index shall be adjusted or replaced by a substitute index as agreed by the Relevant Issuer and the Note Trustee or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Note Trustee and the Relevant Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Relevant Issuer, the Financial Guarantor(s), the other Secured Creditors, the Note Trustee and the Noteholders, and the Relevant Issuer shall give notice to the Noteholders in accordance with Condition 17 (*Notices*) of such amendments as promptly as practicable following such notification.

8 Payments and Talons

(a) **Bearer Notes:** Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8(f)(vi) (*Unmatured Coupons and Receipts and unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 8(f)(ii) *(Unmatured Coupons and Receipts and unexchanged Talons*)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the bolder, by transfer to an account denominated in such currency with, a Bank. **"Bank"** means a bank in the principal financial centre for such currency or, in the case of euro, in a city ill which banks have access to the TARGET System.

(b) **Registered Notes:**

(i) Payments of principal (which for the purposes of this Condition 8(b) (*Registered Notes*)shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.

(ii) Interest (which for the purpose of this Condition 7(b) (*Registered Notes*) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the day before the due date for payment thereof (the **"Record Date"**). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) **Payments in the United States:** Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Relevant Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Relevant Issuer, any adverse tax consequence to the Relevant Issuer.

(d) **Payments subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 8 (*Payments and Talons*). No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) **Appointment of Agents:** The Issuing and Paying Agent, the Luxembourg Paying Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuers are listed in the Agency Agreement. The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent act solely as agents of the Issuers and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuers reserve the right at any time with the approval of the Note Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuers shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities, (vi) such other agents as may be required by any other stock exchange on which the Notes may be listed in each case, as approved by the Note Trustee and (vii) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) **Unmatured Coupons and Receipts and unexchanged Talons:**

(i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Index linked Notes), should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*)).

(ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, Dual Currency Note or Index Linked Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Upon the due date for redemption of any Bearer Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

(v) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Relevant Issuer may require.

(vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10 (*Prescription*)).

(h) **Non-Business Days:** Subject as provided in the relevant Final Terms, if any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **"business day"** means a day (other than a Saturday or a Sunday) on which banks are open for presentation and payment of debt securities and for dealings in foreign currency in London and in the relevant place of presentation and in the cities referred to in the definition of Business Days and (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which dealings may be carried on in the relevant currency in the principal financial centre of the country of such currency and, in relation to any sum payable in euro, a day on which the TARGET system is open.

9 Taxation

All payments of principal and interest by or on behalf of the Relevant Issuer in respect of the Notes, the Receipts and the Coupons shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Relevant Issuer shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

(a) **Other connection:** to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note, Receipt or Coupon; or

(b) **Lawful avoidance of withholding:** to, or to a third party on behalf of, a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the relevant Note (or the Certificate representing it), Receipt or Coupon is presented for payment; or

(c) **Presentation more than 30 days after the Relevant Date:** presented or surrendered (or in respect of which the Certificate representing it is presented or surrendered) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day; or

(d) **Payment to individuals:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(e) **Payment by another Paying Agent:** (except in the case of Registered Notes) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used in these Conditions, **"Relevant Date"** in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) **"principal"** shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 (*Redemption, Purchase and Options*) or any amendment or supplement to it, (ii) "interest" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 (*Interest and Other Calculations*) or any amendment or supplement to it and (iii) **"principal"** and/or **"interest"** shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or in substitution for it under the Trust Deed.

10 Prescription

Claims against the Relevant Issuer for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Events of Default

If any of the following events ("**Events of Default**") occurs and is continuing, the Note Trustee at its discretion may, and if so requested by holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall, give notice to the Relevant Issuer that the Notes are, and they shall immediately become, due and payable at their Early Redemption Amount together (if applicable) with accrued interest:

(i) **Non-Payment:** default is made for more than 14 days in the payment on the due date of interest or principal in respect of any of the Notes; or

(ii) **Breach of Other Obligations:** the Relevant Issuer does not perform or comply with any one or more of its other obligations in the Notes or the Trust Deed which default is incapable of remedy or, if in the opinion of the Note Trustee capable of remedy, is not in the opinion of the Note Trustee remedied within 30 days after notice of such default shall have been given to the Relevant Issuer by the Note Trustee; or

(iii) **Cross-Acceleration:** (A) any other present or future indebtedness of the Relevant Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (B) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period, or (C) the Relevant Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (iii) have occurred equals or exceeds £30,000,000 or its equivalent in any other currency (as reasonably determined by the Note Trustee); or

(iv) **Enforcement Proceedings:** a distress, attachment, execution or other legal process is levied, enforced or sued out on or against any substantial part of the property, assets or revenues of the Relevant Issuer and is not discharged or stayed within 90 days; or

(v) **Insolvency:** the Relevant Issuer is (or is, or could be, deemed by law or a court to be) insolvent or bankrupt or unable to pay its debts, stops, suspends or threatens to stop or suspend payment of its debts generally or a material part of a particular type of its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared or comes into effect in respect of or affecting its debts generally or any part of a particular type of the debts of the Relevant Issuer; or

(vi) **Winding-up:** (A) an administrator or liquidator is appointed in relation to the Relevant Issuer (and, in each case, not discharged within 90 days) or (B) an order is made or an effective resolution passed for the winding-up or dissolution or administration of the Relevant Issuer, or (C) the Relevant Issuer shall apply or petition for a winding-up or administration order in respect of itself or (D) the Relevant Issuer ceases or threatens to cease to carry on all or substantially all of its business or operations, in each case ((A) to (D) inclusive) except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation on terms approved by the Note Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders; or

(vii) **Nationalisation:** any step is taken by any person with a view to the seizure, compulsory acquisition, expropriation or nationalisation of all or a material part of the assets of the Relevant Issuer; or

(viii) **Illegality:** it is or will become unlawful for the Relevant Issuer to perform or comply with any one or more of its obligations under any of the Notes or the Trust Deed,

provided that in the case of paragraphs (ii) to (v), (vii) and (viii) the Note Trustee shall have certified (without liability on its part) that in its opinion such event is materially prejudicial to the interests of the Noteholders.

12 Meetings of Noteholders, Modification, Waiver and Substitution

(a) **Meetings of Noteholders:** The Trust Deed contains provisions for convening meetings of Noteholders of one or more Tranches of Notes to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10 per cent in nominal amount of the affected Tranche or Tranches of Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing one more than fifty per cent. in nominal amount of the affected Tranche or Tranches of Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the affected Tranche or Tranches of Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia,* (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown in the Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, or (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than fifty per cent, or at any adjourned meeting not less than 25 per cent, in nominal amount of the affected Tranche or Tranches of Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

The Trust Deed provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent, in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of affected Tranche or Tranches of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

(b) **Modification of the Trust Deed:** The Note Trustee may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed that is in the opinion of the Note Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and, if the Note Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

(c) **Substitution:** The Note Trustee may agree, subject to the execution of a deed or undertaking supplemental to the Trust Deed in form and manner satisfactory to the Note Trustee and such other conditions as the Note Trustee may require, but without the consent of the Noteholders, the Receiptholders or the Couponholders, to the substitution of the Relevant Issuer's successor in business in place of the Relevant Issuer or of any previous substituted company, as principal debtor under the Trust Deed and the Notes. In the case of such a substitution the Note Trustee may agree, without the consent of the Noteholders, the Receiptholders or the Couponholders, to a change of the law governing the Notes, the Receipts, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Note Trustee be materially prejudicial to the interests of the Noteholders.

(d) **Entitlement of the Note Trustee:** In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Note Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Note Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Relevant Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

(e) **Modification of** the **Conditions:** these Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

13 Enforcement

At any time after the occurrence of an Event of Default which is continuing, and, in the case of paragraphs (ii) to (v), (vii) and (viii) of Condition 11 (*Events of Default*) where the Note Trustee has certified (without liability on its part) that in its opinion such event is materially prejudicial to the interests of the Noteholders, the Note Trustee may, at its discretion and without further notice, institute such proceedings against the Relevant Issuer as it may think fit to enforce the terms of the Trust Deed, the Notes, the Receipts and the Coupons, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least one-quarter in nominal amount of the Notes outstanding, and (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction. No Noteholder, Receiptholder or Couponholder may proceed directly against the Relevant Issuer unless the Note Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

14 Indemnification of the Note Trustee

The Trust Deed contains provisions for the indemnification of the Note Trustee and for its relief from responsibility. The Note Trustee is entitled to enter into business transactions with the Issuers and any entity related to the Issuers without accounting for any profit.

The Note Trustee may rely without liability on a report, confirmation or certificate or any advice of any accountants, financial advisers, financial institution or any other expert, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Note Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Note Trustee may accept and shall be entitled to rely on any such report, confirmation or certificate or advice and such report, confirmation or certificate or advice shall be binding on the Issuers, the Note Trustee and the Noteholders.

15 Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent in London (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Relevant Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Relevant Issuer on demand the amount payable by the Relevant Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Relevant Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

16 Further Issues

The Relevant Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the sameterms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such different terms as the Relevant Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes. Any further issues may be constituted by the Trust Deed or any deed supplemental to it. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Note Trustee so decides.

17 Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*). If in the opinion of the Note Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

18 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

19 Governing Law and Jurisdiction

(a) **Governing Law:** The Trust Deed, the Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection, with them are governed by, and shall be construed in accordance with, English law.

(b) **Jurisdiction:** The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (**"Proceedings"**) may be brought in such courts. The Issuers have in the Trust Deed irrevocably submitted to the jurisdiction of such courts.

Schedule 2
Part D
Form of Coupon

On the front:

[ISSUER]

EURO MEDIUM TERM NOTE PROGRAMME

Series No. [•]

[Title of issue]

Coupon for [[set out amount due, if known]/the amount] due on [the Interest Payment Date falling in]* [•],[•].

[Coupon relating to Note in the nominal amount of [•]]**

This Coupon is payable to bearer (subject to the Conditions endorsed on the Note to which this Coupon relates, which shall be binding upon the holder of this Coupon whether or not it is for the time being attached to such Note) at the specified offices of the Issuing and Paying Agent and the Paying Agents set out on the reverse hereof (or any other Issuing and Paying Agent or further or other Paying Agents or specified offices duly appointed or nominated and notified to the Noteholders).

[If the Note to which this Coupon relates shall have become due and payable before the maturity date of this Coupon, this Coupon shall become void and no payment shall be made in respect of it.]***

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.

[* The maturity dates of the relevant Coupons should be set out if known, otherwise reference should be made to the months and years in which the Interest Payment Dates fall due.]

[** Only required where the Series comprises Notes of more than one denomination.]

Schedule 2
Part F
Form of Receipt

[ISSUER]

EURO MEDIUM TERM NOTE PROGRAMME

Series No. [•]

Receipt for the sum of [•] being the instalment of principal payable in accordance with the Terms and Conditions endorsed on the Note to which this Receipt relates (the "**Conditions**") on [•].

This Receipt is issued subject to and in accordance with the Conditions which shall be binding upon the holder of this Receipt (whether or not it is for the time being attached to such Note) and is payable at the specified office of any of the Paying Agents set out on the reverse of the Note to which this Receipt relates (and/or any other or further Paying Agents and/or specified offices as may from time to time be duly appointed and notified to the Noteholders).

This Receipt must be presented for payment together with the Note to which it relates. If the Note to which this Receipt appertains shall have become due and payable on or before the maturity date of this Receipt, this Receipt shall become void and no payment shall be made in respect of it. The issuer shall have no obligation in respect of this Receipt if it is presented without the Note to which it relates.

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.

By:

Schedule 3
Provisions for Meetings of Noteholders

Interpretation

1 In this Schedule:

1.1 references to a meeting are to a meeting of Noteholders of a single series of Notes and include, unless the context otherwise requires, any adjournment

1.2 references to **"Notes"** and "**Noteholders**" are only to the Notes of the Series in respect of which a meeting has been, or is to be, called, and to the holders of these Notes, respectively

1.3 "**agent**" means a holder of a voting certificate or a proxy for, or representative of, a Noteholder

1.4 "**block voting instruction**" means an instruction issued in accordance with paragraphs 8 to 14

1.5 "**Extraordinary Resolution**" means a resolution passed at a meeting duly convened and held in accordance with this Trust Deed by a majority of at least 75 per cent of the votes cast

1.6 "**proxy**" has the meaning given to it in paragraph 9.6 below

1.7 **"required proportion"** means the proportion of the Notes shown by the table in paragraph 19.2 below

1.8 **"voting certificate"** means a certificate issued in accordance with paragraphs 5, 6, 7 and 14 and

1.9 references to persons representing a proportion of the Notes are to Noteholders or agents holding or representing in the aggregate at least that proportion in nominal amount of the Notes for the time being outstanding.

Powers of meetings

2 A meeting shall, subject to the Conditions and without prejudice to any powers conferred on other persons by this Trust Deed, have power by Extraordinary Resolution:

2.1 to sanction any proposal by the Issuer or the Note Trustee for any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Noteholders and/or the Couponholders against the Issuer, whether or not those rights arise under this Trust Deed

2.2 to sanction the exchange or substitution for the Notes of, or the conversion of the Notes into, shares, bonds or other obligations or securities of the Issuer or any other entity

2.3 to assent to any modification of this Trust Deed, the Notes, the Receipts, the Talons or the Coupons proposed by the Issuer or the Note Trustee

2.4 to authorise anyone to concur in and do anything necessary to carry out and give effect to an Extraordinary Resolution

2.5 to give any authority, direction or sanction required to be given by Extraordinary Resolution

2.6 to appoint any persons (whether Noteholders or not) as a committee or committees to represent the Noteholders' interests and to confer on them any powers or discretions which the Noteholders could themselves exercise by Extraordinary Resolution

2.7 to approve a proposed new Note Trustee and to remove a Note Trustee

2.8 to approve the substitution of any entity for the Issuer (or any previous substitute) as principal debtor under this Trust Deed and

2.9 to discharge or exonerate the Note Trustee from any liability in respect of any act or omission for which it may become responsible under this Trust Deed, the Notes, the Receipts, the Talons or the Coupons provided that the special quorum provisions in paragraph 19 shall apply to any Extraordinary Resolution (a **"special quorum resolution")** for the purpose of subparagraph 2.2 or 2.8, any of the proposals listed in Condition 12(a) (*Meetings of Noteholders*) or any amendment to this proviso.

Convening a meeting

3 The Issuer or the Note Trustee may at any time convene a meeting. If it receives a written request by Noteholders holding at least 10 per cent in nominal amount of the Notes of any Series for the time being outstanding and is indemnified and/or secured and/or pre-funded to its satisfaction against all costs and expenses, the Note Trustee shall convene a meeting of the Noteholders of that Series. Every meeting shall be held on a date and at a time and place approved by the Note Trustee.

4 At least 21 days' notice (exclusive of the day on which the notice is given and of the day of the meeting) shall be given to the Noteholders and the Paying Agents. A copy of the notice shall be given by the party convening the meeting to the other parties. The notice shall specify the day, time and place of meeting and, unless the Note Trustee otherwise agrees, the nature of the resolutions to be proposed and shall explain how Noteholders may appoint proxies or representatives, obtain voting certificates and use block voting instructions and the details of the time limits applicable.

Arrangements for voting

5 If a holder of a Bearer Note wishes to obtain a voting certificate in respect of it for a meeting, he must deposit it for that purpose at least 48 hours before the time fixed for the meeting with a Paying Agent or to the order of a Paying Agent with a bank or other depositary nominated by the Paying Agent for the purpose. The Paying Agent shall then issue a voting certificate in respect of it.

6 A voting certificate shall:

6.1 be a document in the English language

6.2 be dated

6.3 specify the meeting concerned and the serial numbers of the Notes deposited and

6.4 entitle, and state that it entitles, its bearer to attend and vote at that meeting in respect of those Notes.

7 Once a Paying Agent has issued a voting certificate for a meeting in respect of a Note, it shall not release the Note until either:

7.1 the meeting has been concluded or

7.2 the voting certificate has been surrendered to the Paying Agent.

8 If a holder of a Bearer Note wishes the votes attributable to it to be included in a block voting instruction for a meeting, then, at least 48 hours before the time fixed for the meeting, (i) he must deposit the Note for that purpose with a Paying Agent or to the order of a Paying Agent with a bank or other depositary nominated by the Paying Agent for the purpose and (ii) he or a duly authorised person on his behalf must direct the Paying Agent how those votes are to be cast The Paying Agent shall issue a block voting instruction in respect of the votes attributable to all Notes so deposited.

9 A block voting instruction shall:

9.1 be a document in the English language

9.2 be dated

9.3 specify the meeting concerned

9.4 list the total number and serial numbers of the Notes deposited, distinguishing with regard to each resolution between those voting for and those voting against it

9.5 certify that such list is in accordance with Notes deposited and directions received as provided in paragraphs 8, 11 and 14 and

9.6 appoint a named person (a "proxy") to vote at that meeting in respect of those Notes and in accordance with that list. A proxy need not be a Noteholder.

10 Once a Paying Agent has issued a block voting instruction for a meeting in respect of the votes attributable to any Notes:

10.1 it shall not release the Notes, except as provided in paragraph 11, until the meeting has been concluded and

10.2 the directions to which it gives effect may not be revoked or altered during the 48 hours before the time fixed for the meeting.

11 If the receipt for a Note deposited with a Paying Agent in accordance with paragraph 8 is surrendered to the Paying Agent at least 48 hours before the time fixed for the meeting, the Paying Agent shall release the Note and exclude the votes attributable to it from the block voting instruction.

12 Each block voting instruction shall be deposited at least 24 hours before the time fixed for the meeting at such place as the Note Trustee shall designate or approve, and in default it shall not be valid unless the chairman of the meeting decides otherwise before the meeting proceeds to business. If the Note Trustee requires, a notarially certified copy of each block voting instruction shall be produced by the proxy at the meeting but the Note Trustee need not investigate or be concerned with the validity of the proxy's appointment.

13 A vote cast in accordance with a block voting instruction shall be valid even if it or any of the Noteholders' instructions pursuant to which it was executed has previously been revoked or amended, unless written intimation of such revocation or amendment is received from the relevant Paying Agent by the Issuer or the Note Trustee at its registered office or by the chairman of the meeting in each case at least 24 hours before the time fixed for the meeting.

14 No Note may be deposited with or to the order of a Paying Agent at the same time for the purposes of both paragraph 5 and paragraph 8 for the same meeting.

15

15.1 A holder of a Registered Note may, by an instrument in writing in the form available from the specified office of a Transfer Agent in the English language executed by or on behalf of the holder and delivered to the Transfer Agent at least 24 hours before the time fixed for a meeting, appoint any person (a "**proxy**") to act on his behalf in connection with that meeting. A proxy need not be a Noteholder.

15.2 A corporation which holds a Registered Note may by delivering to a Transfer Agent at least 24 hours before the time fixed for a meeting a certified copy of a resolution of its directors or other governing body (with, if it is not in English, a certified translation into English) authorise any person to act as its representative (a "**representative**") in connection with that meeting.

Chairman

16 The chairman of a meeting shall be such person as the Note Trustee may nominate in writing, but if no such nomination is made or if the person nominated is not present within 15 minutes after the time fixed for the meeting the Noteholders or agents present shall choose one of their number to be chairman, failing which the Issuer may appoint a chairman. The chairman need not be a Noteholder or agent. The chairman of an adjourned meeting need not be the same person as the chairman of the original meeting.

Attendance

17 The following may attend and speak at a meeting:

17.1 Noteholders and agents

17.2 the chairman

17.3 the Issuer and the Note Trustee (through their respective representatives) and their respective financial and legal advisers

17.4 the Dealers and their advisers

17.5 any other person approved by the meeting or the Note Trustee and

17.6 in relation to Registered Notes, the Registrar, or in relation to Bearer Notes, the Issuing and Paying Agent.

No-one else may attend or speak.

Quorum and Adjournment

18 No business (except choosing a chairman) shall be transacted at a meeting unless a quorum is present at the commencement of business. If a quorum is not present within 15 minutes from the time initially fixed for the meeting, it shall, if convened on the requisition of Noteholders or if the Issuer and the Note Trustee agree, be dissolved. In any other case it shall be adjourned until such date, not less than 14 nor more than 42 days later, and time and place as the chairman may decide. If a quorum is not present within 15 minutes from the time fixed for a meeting so adjourned, the meeting shall be dissolved.

19 Two (or in the case of an adjourned meeting one) or more Noteholders or agents present in person shall be a quorum *provided, however, that,* so long as at least the required proportion of the aggregate principal amount of the outstanding Notes is represented by, in the case of Bearer Notes, the Global Notes or, in the case of Registered Notes, the Global Certificates or a single Certificate, in the context of Registered Notes, an agent appointed in relation thereto or a Noteholder of the Notes represented thereby shall be deemed to be two voters (or in the case of an adjourned meeting, one voter) for the purpose of forming a quorum.

19.1 in the cases marked "No minimum proportion" in the table below, whatever the proportion of the Notes which they represent

19.2 in any other case, only if they represent, in nominal amount of the affected Tranche or Tranches of Notes for the time being outstanding, the proportion of the Notes shown by the table below.

COLUMN 1	COLUMN 2	COLUMN 3
Purpose of meeting	Any meeting except one referred to in column 3	Meeting previously adjourned through want of a quorum
	Required proportion	Required proportion
To pass a special quorum resolution	Fifty per cent	Twenty-five per cent
To pass any other Extraordinary Resolution	One more than fifty per cent	No minimum proportion
Any other purpose	One more than fifty per cent	No minimum proportion

20 The chairman may with the consent of (and shall if directed by) a meeting adjourn the meeting from time to time and from place to place. Only business which could have been transacted at the original meeting may be transacted at a meeting adjourned in accordance with this paragraph or paragraph 18.

21 At least 10 days' notice of a meeting adjourned through want of a quorum shall be given in the same manner as for an original meeting and that notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned meeting.

Voting

22 Each question submitted to a meeting shall be decided by a show of hands unless a poll is (before, or on the declaration of the result of, the show of hands) demanded by the chairman, the issuer, the Note Trustee or one or more persons holding one or more Notes or voting certificates representing 2 per cent of the Notes.

23 Unless a poll is demanded a declaration by the chairman that a resolution has or has not been passed shall be conclusive evidence of the fact without proof of the number or proportion of the votes cast in favour of or against it.

24 If a poll is demanded, it shall be taken in such manner and (subject as provided below) either at once or after such adjournment as the chairman directs. The result of the poll shall be deemed to be the resolution of the meeting at which it was demanded as at the date it was taken. A demand for a poll shall not prevent the meeting continuing for the transaction of business other than the question on which it has been demanded.

25 A poll demanded on the election of a chairman or on a question of adjournment shall be taken at once.

26 On a show of hands every person who is present in person and who produces a Bearer Note, a Certificate of which he is the registered holder or a voting certificate or is a proxy or representative has one vote. On a poll every such person has one vote in respect of each integral currency unit of the Specified Currency of such Series of Notes so produced or represented by the voting certificate so produced or for which he is a proxy or representative. Without prejudice to the obligations of proxies, a person entitled to more than one vote need not use them all or cast them all in the same way.

27 In case of equality of votes the chairman shall both on a show of hands and on a poll have a casting vote in addition to any other votes which he may have.

Effect and Publication of an Extraordinary Resolution

28 An Extraordinary Resolution shall be binding on all the Noteholders, whether or not present at the meeting, and on all the Receiptholders and the Couponholders and each of them shall be bound to give effect to it accordingly. The passing of such a resolution shall be conclusive evidence that the circumstances justify its being passed. The Issuer shall give notice of the passing of an Extraordinary Resolution to Noteholders and, in relation to Bearer Notes, to the Paying Agents, and in relation to Registered Notes, to the Registrar within 14 days but failure to do so shall not invalidate the resolution.

Minutes

29 Minutes shall be made of all resolutions and proceedings at every meeting and, if purporting to be signed by the chairman of that meeting or of the next succeeding meeting, shall be conclusive evidence of the matters in them. Until the contrary is proved every meeting for which minutes have been so made and signed shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted at it to have been duly passed and transacted.

Written Resolutions

30 A written resolution signed by the holders of 75 per cen. in nominal amount of the Notes outstanding shall take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

Note Trustee's Power to Prescribe Regulations

31 Subject to all other provisions in this Trust Deed the Note Trustee may without the consent of the Noteholders prescribe such further regulations regarding the holding of meetings and attendance and voting at them as it in its sole discretion determines including (without limitation) such requirements as the Note Trustee thinks reasonable to satisfy itself that the

persons who purport to make any requisition in accordance with this Trust Deed are entitled to do so and as to the form of voting certificates or block voting instructions so as to satisfy itself that persons who purport to attend or vote at a meeting are entitled to do so.

32 The foregoing provisions of this Schedule shall have effect subject to the following provisions:

32.1 Meetings of Noteholders of separate Series will normally be held separately. However, the Note Trustee may from time to time determine that meetings of Noteholders of separate Series shall be held together

32.2 A resolution that in the opinion of the Note Trustee affects one Series alone shall be deemed to have been duly passed if passed at a separate meeting of the Noteholders of the Series concerned

32.3 A resolution that in the opinion of the Note Trustee affects the Noteholders of more than one Series but does not give rise to a conflict of interest between the Noteholders of the different Series concerned shall be deemed to have been duty passed if passed at a single meeting of the Noteholders of the relevant Series provided that for the purposes of determining the votes a Noteholder is entitled to cast pursuant to paragraph 26, each Noteholder shall have one vote in respect of each U.S.$1,000 nominal amount of Notes held, converted, if such Notes are not denominated in U.S. dollars, in accordance with sub-Clause 11.13 (*Currency Conversion*)

32.4 A resolution that in the opinion of the Note Trustee affects the Noteholders of more than one Series and gives or may give rise to a conflict of interest between the Noteholders of the different Series concerned shall be deemed to have been duly passed only if it shall be duly passed at separate meetings of the Noteholders of the relevant Series

32.5 To all such meetings as aforesaid all the preceding provisions of this Schedule shall *mutatis mutandis* apply as though references therein to Notes and to Noteholders were references to the Notes and Noteholders of the Series concerned.

This deed is delivered on the date stated at the beginning.

Exhibit 10(c)-2
EXECUTION VERSION

FIRST AMENDMENT TO REVOLVING CREDIT AGREEMENT

THIS FIRST AMENDMENT TO REVOLVING CREDIT AGREEMENT, dated as of March 17, 2015 (this "Amendment"), to the Existing Credit Agreement (as defined below) is made by PPL CAPITAL FUNDING, INC., a Delaware corporation (the "Borrower"), PPL CORPORATION, a Pennsylvania corporation (the "Guarantor") and each Lender (such capitalized term and other capitalized terms used in this preamble and the recitals below to have the meanings set forth in, or are defined by reference in, Article I below).

W I T N E S S E T H:

WHEREAS, the Borrower, the Guarantor, the Lenders and The Bank of Nova Scotia, as the Administrative Agent, Sole Lead Arranger and Sole Bookrunner, are all parties to the Revolving Credit Agreement, dated as of March 26, 2014 (as amended or otherwise modified prior to the date hereof, the "Existing Credit Agreement", and as amended by this Amendment and as the same may be further amended, supplemented, amended and restated or otherwise modified from time to time, the "Credit Agreement"); and

WHEREAS, the Borrower has requested that the Lenders amend the Existing Credit Agreement in order to extend the maturity date therein and the Lenders are willing to modify the Existing Credit Agreement on the terms and subject to the conditions hereinafter set forth;

NOW, THEREFORE, the parties hereto hereby covenant and agree as follows:

ARTICLE I
DEFINITIONS

SECTION 1.1. Certain Definitions. The following terms when used in this Amendment shall have the following meanings (such meanings to be equally applicable to the singular and plural forms thereof):

"Amendment" is defined in the preamble.

"Borrower" is defined in the preamble.

"Credit Agreement" is defined in the first recital.

"Existing Credit Agreement" is defined in the first recital.

"Guarantor" is defined in the preamble.

SECTION 1.2. Other Definitions. Terms for which meanings are provided in the Existing Revolving Credit Agreement are, unless otherwise defined herein or the context otherwise requires, used in this Amendment with such meanings.

ARTICLE II
AMENDMENTS TO THE EXISTING CREDIT AGREEMENT

Effective as of the date hereof, but subject to the satisfaction of the conditions in Article III,

(a) Section 1.1 of the Existing Credit Agreement is hereby amended by amending and restating the definition of "Termination Date" and by adding new definitions of "Asset Sale" and "Energy Supply Spinoff" in the appropriate alphabetical order as follows:

"Asset Sale" means any sale of any assets, including by way of the sale by the Guarantor or any of its Subsidiaries of equity interests in such Subsidiaries; it being understood that the Energy Supply Spinoff shall not be deemed to constitute an Asset Sale.

"Energy Supply Spinoff" means the proposed transfer, separation and spinoff of PPL Energy Supply, LLC and certain of its assets by the Guarantor as described in the Guarantor's Current Report on Form 8-K dated June 9, 2014 and filed with the SEC.

"Termination Date" means the earliest to occur of (i) March 17, 2016 and (ii) such earlier date upon which all Commitments shall have been terminated in their entirety in accordance with this Agreement.

(b) Sections 5.04(a), 5.04(c), 5.05 and 5.13 of the Existing Credit Agreement are hereby amended by replacing references to "December 31, 2013" with "December 31, 2014".

(c) Section 5.04(c) of the Existing Credit Agreement is hereby further amended by adding the following to the end of the first sentence, immediately before the period: "; it being understood that the Energy Supply Spinoff shall not be deemed, as of the time of the consummation thereof or at any time prior thereto or thereafter, to constitute such a change".

(d) For purposes of the Existing Credit Agreement, including Section 5.14 and Schedule 5.14 thereof, PPL Energy Supply, LLC shall not be deemed a Material Subsidiary upon and after the consummation of the Energy Supply Spinoff.

ARTICLE III
CONDITIONS TO EFFECTIVENESS

This Amendment and the amendments contained herein shall become effective as of the date hereof when each of the conditions set forth in this Article III shall have been fulfilled to the satisfaction of the Administrative Agent.

SECTION 3.1. Counterparts. The Administrative Agent shall have received counterparts hereof executed on behalf of the Borrower, the Guarantor and the each of the Lenders.

SECTION 3.2. Costs and Expenses, etc. The Administrative Agent shall have received for the account of each Lender, all fees, costs and expenses due and payable pursuant to Section 9.03 of the Credit Agreement, if then invoiced.

SECTION 3.3. Resolutions, etc. The Administrative Agent shall have received from the Borrower and the Guarantor (i) a copy of a good standing certificate for such Loan Party, dated a date reasonably close to the date hereof and (ii) a certificate, dated as of the date hereof, of a Secretary or an Assistant Secretary of each Loan Party certifying (A) that attached thereto is a true, correct and complete copy of (x) the articles or certificate of incorporation of such Loan Party certified by the Secretary of State (or equivalent body) of the jurisdiction of incorporation of such Loan Party and (y) the bylaws of such Loan Party, and (b) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of such Loan Party authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force.

SECTION 3.4. Opinion of Counsel. The Administrative Agent shall have received an opinion, dated the date hereof and addressed to the Administrative Agent and all Lenders, from counsel to the Borrower, in form and substance satisfactory to the Administrative Agent.

SECTION 3.5. Satisfactory Legal Form. The Administrative Agent and its counsel shall have received all information, and such counterpart originals or such certified or other copies of such materials, as the Administrative Agent or its counsel may reasonably request, and all legal matters incident to the effectiveness of this Amendment shall be satisfactory to the Administrative Agent and its counsel. All documents executed or submitted pursuant hereto or in connection herewith shall be reasonably satisfactory in form and substance to the Administrative Agent and its counsel.

ARTICLE IV
MISCELLANEOUS

SECTION 4.1. Cross-References. References in this Amendment to any Article or Section are, unless otherwise specified, to such Article or Section of this Amendment.

SECTION 4.2. Loan Document Pursuant to Existing Credit Agreement. This Amendment is a Loan Document executed pursuant to the Existing Credit Agreement and shall (unless otherwise expressly indicated therein) be construed, administered and applied in accordance with all of the terms and provisions of the Existing Credit Agreement, as amended hereby, including Article IX thereof.

SECTION 4.3. Successors and Assigns. This Amendment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

SECTION 4.4. Counterparts. This Amendment may be executed by the parties hereto in several counterparts, each of which when executed and delivered shall be an original and all of which shall constitute together but one and the same agreement. Delivery of an executed counterpart of a signature page to this Amendment by facsimile shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 4.5. Governing Law. THIS AMENDMENT WILL BE DEEMED TO BE A CONTRACT MADE UNDER AND GOVERNED BY THE INTERNAL LAWS OF THE STATE OF NEW YORK (INCLUDING FOR SUCH PURPOSE SECTIONS 5-1401 AND 5-1402 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK).

SECTION 4.6. Full Force and Effect; Limited Amendment. Except as expressly amended hereby, all of the representations, warranties, terms, covenants, conditions and other provisions of the Existing Credit Agreement and the Loan Documents shall remain unchanged and shall continue to be, and shall remain, in full force and effect in accordance with their respective terms. The amendments set forth herein shall be limited precisely as provided for herein to the provisions expressly amended herein and shall not be deemed to be an amendment to, waiver of, consent to or modification of any other term or provision of the Existing Credit Agreement or any other Loan Document or of any transaction or further or future action on the part of any Obligor which would require the consent of the Lenders under the Existing Credit Agreement or any of the Loan Documents.

SECTION 4.7. Representations and Warranties. In order to induce the Lenders to execute and deliver this Amendment, the Borrower and Guarantor each hereby represents and warrants to the Lenders, on the date this Amendment becomes effective pursuant to Article III, that both before and after giving effect to this Amendment, all representations and warranties set forth in Article V of the Credit Agreement are true and correct as of such date, except to the extent that any such statement expressly relates to an earlier date (in which case such statement was true and correct on and as of such earlier date).

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Amendment as of the date first above written.

Exhibit 10(q)-7

AMENDMENT NO. 6

TO

PPL EXECUTIVE DEFERRED COMPENSATION PLAN

WHEREAS, PPL Services Corporation ("PPL") has adopted the PPL Officers Deferred Compensation Plan ("Plan") effective July 1, 2000; and

WHEREAS, the Plan was amended and restated effective November 1, 2003, and subsequently amended by Amendment No. 1, 2, 3, 4 and 5; and

WHEREAS, PPL desires to further amend the Plan;

NOW, THEREFORE, the Plan is hereby amended as follows:

I. Effective January 1, 2016, the following sections of Article IV is amended to read:

Article IV
<u>Deferred Cash Compensation and Deferred Cash Awards</u>

4.11 The Account of any Participant hired on or after January 1, 2012, with Deferred Cash Compensation and Deferred Cash Awards for the calendar year shall be increased by a Matching Contribution and a Fixed Contribution. The Matching Contribution shall be an amount equal to 75% of the aggregate Deferred Cash Compensation and Deferred Cash Awards that do not exceed 6% Cash Compensation, minus the maximum amount of Matching Contributions that could have been made to the Participant's Accounts in the PPL Retirement Savings Plan for that calendar year if the Participant made the maximum employee contributions permitted. The Fixed Contribution shall be an amount equal to 3% of Cash Compensation and Cash Award minus the amount of the Fixed Contribution made to the Participant's Accounts in the PPL Retirement Savings Plan for that calendar year.

II. Except as provided for in this Amendment No. 6, all other provisions of the Plan shall remain in full force and effect.
IN WITNESS WHEREOF, this Amendment No. 6 is executed this _____ day of _____________________, 2015.

Exhibit 12(a)

PPL CORPORATION AND SUBSIDIARIES

COMPUTATION OF RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

(Millions of Dollars)

	Year Ended Dec. 31, 2015 (a)	Year Ended Dec. 31, 2014 (a)	Year Ended Dec. 31, 2013 (a)	Year Ended Dec. 31, 2012 (a)	Year Ended Dec. 31, 2011 (a)
Earnings, as defined:					
Income from Continuing Operations Before Income Taxes	**$ 2,068**	$ 2,129	$ 1,728	$ 1,406	$ 922
Adjustment to reflect earnings from equity method investments on a cash basis (b)	**(1)**			34	
	2,067	2,129	1,728	1,440	922
Total fixed charges as below	**1,054**	1,095	1,096	1,065	1,022
Less:					
Capitalized interest	**11**	11	11	6	4
Preferred security distributions of subsidiaries on a pre-tax basis				5	23
Interest expense and fixed charges related to discontinued operations	**150**	186	235	235	231
Total fixed charges included in Income from Continuing Operations Before Income Taxes	**893**	898	850	819	764
Total earnings	**$ 2,960**	$ 3,027	$ 2,578	$ 2,259	$ 1,686
Fixed charges, as defined:					
Interest charges (c)	**$ 1,038**	$ 1,073	$ 1,058	$ 1,019	$ 955
Estimated interest component of operating rentals	**16**	22	38	41	44
Preferred securities distributions of subsidiaries on a pre-tax basis				5	23
Total fixed charges (d)	**$ 1,054**	$ 1,095	$ 1,096	$ 1,065	$ 1,022
Ratio of earnings to fixed charges	**2.8**	2.8	2.4	2.1	1.7
Ratio of earnings to combined fixed charges and preferred stock dividends (e)	**2.8**	2.8	2.4	2.1	1.7

(a) All periods reflect PPL's former Supply segment as Discontinued Operations. See Note 8 to the Financial Statements for additional information.
(b) Includes other-than-temporary impairment loss of $25 million in 2012.
(c) Includes interest on long-term and short-term debt, as well as amortization of debt discount, expense and premium - net.
(d) Interest on unrecognized tax benefits is not included in fixed charges.
(e) PPL, the parent holding company, does not have any preferred stock outstanding; therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

Exhibit 12(b)

PPL ELECTRIC UTILITIES CORPORATION AND SUBSIDIARIES

COMPUTATION OF RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

(Millions of Dollars)

	Year Ended Dec. 31, 2015	Year Ended Dec. 31, 2014	Year Ended Dec. 31, 2013	Year Ended Dec. 31, 2012	Year Ended Dec. 31, 2011
Earnings, as defined:					
Income Before Income Taxes	**$ 416**	$ 423	$ 317	$ 204	$ 257
Total fixed charges as below	**139**	131	117	107	105
Total earnings	**$ 555**	$ 554	$ 434	$ 311	$ 362
Fixed charges, as defined:					
Interest charges (a)	**$ 135**	$ 127	$ 113	$ 104	$ 102
Estimated interest component of operating rentals	**4**	4	4	3	3
Total fixed charges (b)	**$ 139**	$ 131	$ 117	$ 107	$ 105
Ratio of earnings to fixed charges	**4.0**	4.2	3.7	2.9	3.4
Preferred stock dividend requirements on a pre-tax basis				$ 6	$ 21
Fixed charges, as above	**$ 139**	$ 131	$ 117	107	105
Total fixed charges and preferred stock dividends	**$ 139**	$ 131	$ 117	$ 113	$ 126
Ratio of earnings to combined fixed charges and preferred stock dividends	**4.0**	4.2	3.7	2.8	2.9

(a) Includes interest on long-term and short-term debt, as well as amortization of debt discount, expense and premium - net.
(b) Interest on unrecognized tax benefits is not included in fixed charges.

Exhibit 12(c)

LG&E AND KU ENERGY LLC AND SUBSIDIARIES

COMPUTATION OF RATIO OF EARNINGS TO FIXED CHARGES

(Millions of Dollars)

	Year Ended Dec. 31, 2015	Year Ended Dec. 31, 2014	Year Ended Dec. 31, 2013	Year Ended Dec. 31, 2012	Year Ended Dec. 31, 2011
Earnings, as defined:					
Income from Continuing Operations					
Before Income Taxes	**$ 603**	$ 553	$ 551	$ 331	$ 419
Adjustment to reflect earnings from equity method investments on a cash basis (a)	**(1)**	(1)	(1)	33	(1)
	602	552	550	364	418
Total fixed charges as below	**189**	173	151	157	153
Total earnings	**$ 791**	$ 725	$ 701	$ 521	$ 571
Fixed charges, as defined:					
Interest charges (b) (c)	**$ 181**	$ 167	$ 145	$ 151	$ 147
Estimated interest component of operating rentals	**8**	6	6	6	6
Total fixed charges	**$ 189**	$ 173	$ 151	$ 157	$ 153
Ratio of earnings to fixed charges	**4.2**	4.2	4.6	3.3	3.7

(a) Includes other-than-temporary impairment loss of $25 million in 2012.
(b) Includes interest on long-term and short-term debt, as well as amortization of debt discount, expense and premium - net.
(c) Includes a credit for amortization of a fair market value adjustment of $7 million in 2013.

PPL CORPORATION

2015 ANNUAL REPORT
TO THE SECURITIES AND EXCHANGE COMMISSION
ON FORM 10-K

POWER OF ATTORNEY

The undersigned directors of PPL Corporation, a Pennsylvania corporation, that is to file with the Securities and Exchange Commission, Washington, D.C., under the provisions of the Securities Exchange Act of 1934, as amended, its Annual Report on Form 10-K for the year ended December 31, 2015 ("Form 10-K Report"), do hereby appoint each of William H. Spence, Vincent Sorgi, Joanne H. Raphael, Michael A. McGrail and Frederick C. Paine, and each of them, their true and lawful attorney, with power to act without the other and with full power of substitution and resubstitution, to execute for them and in their names the Form 10-K Report and any and all amendments thereto, whether said amendments add to, delete from or otherwise alter the Form 10-K Report, or add or withdraw any exhibits or schedules to be filed therewith and any and all instruments in connection therewith. The undersigned hereby grant to each said attorney full power and authority to do and perform in the name of and on behalf of the undersigned, and in any and all capacities, any act and thing whatsoever required or necessary to be done in and about the premises, as fully and to all intents and purposes as the undersigned might do, hereby ratifying and approving the acts of each of the said attorneys.

IN WITNESS WHEREOF, the undersigned have hereunto set their hands this 17th day of February, 2016.

CERTIFICATION

I, WILLIAM H. SPENCE, certify that:

1. I have reviewed this annual report on Form 10-K of PPL Corporation (the "registrant") for the year ended December 31, 2015;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, KENT W. BLAKE, certify that:

1. I have reviewed this annual report on Form 10-K of LG&E and KU Energy LLC (the "registrant") for the year ended December 31, 2015;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Section 8 - Other Events

Item 8.01 Other Events

On January 11, 2016, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU" and, together with LG&E, the "Companies") issued press releases announcing that they plan to submit applications to the Kentucky Public Service Commission ("KPSC") for Certificates of Public Convenience and Necessity ("CPCN") and for Environmental Cost Recovery ("ECR") rate treatment regarding the Companies' upcoming environmental construction projects relating to the U.S. Environmental Protection Agency's regulations addressing the handling of coal combustion byproducts and the Mercury and Air Toxics Standards. The CPCN and ECR applications are anticipated to be filed on or about January 29, 2016.

The construction projects are expected to begin in 2016 and continue through 2023 and are estimated to cost approximately $316 million at LG&E and $678 million at KU. The planned applications request an authorized 10% return on equity with respect to the Companies' ECR tracker rate mechanism.

Section 9 - Financial Statements and Exhibits

Item 9.01 Financial Statements and Exhibits

(d) Exhibits

99.1 - Press Release dated January 11, 2016 of Louisville Gas and Electric Company.

99.2 - Press Release dated January 11, 2016 of Kentucky Utilities Company.

Statements in this report and the accompanying press release, including statements with respect to future events and their timing, including the Companies' future rates, rate mechanisms or returns on equity ultimately authorized or achieved, as well as statements as to future costs or expenses, regulation, corporate strategy and performance, are "forward-looking statements" within the meaning of the federal securities laws. Although the Companies believe that the expectations and assumptions reflected in these forward-looking statements are reasonable, these expectations, assumptions and statements are subject to a number of risks and uncertainties, and actual results may differ materially from the results discussed in the statements. The following are among the important factors that could cause actual results to differ materially from the forward-looking statements: subsequent phases of rate proceedings and regulatory cost recovery; market demand and prices for electricity; political, regulatory or economic conditions in states and regions where the Companies conduct business; and the progress of actual construction, purchase or installation of assets or operations subject to tracker mechanisms. Any such forward-looking statements should be considered in light of such important factors and in conjunction with PPL Corporation's, LG&E and KU Energy LLC's and the Companies' Form 10-K and other reports on file with the Securities and Exchange Commission.

LG&E to invest more than $300 million in additional environmental improvements
Utility to close ash ponds at Mill Creek and Trimble County generating stations

(LOUISVILLE, Ky.) – Louisville Gas and Electric Company announced today that it plans to cap and close its remaining coal ash ponds located at Mill Creek and Trimble County Generating Stations.

The details will be laid out in the utility's environmental compliance plan, which will be submitted to the Kentucky Public Service Commission on Jan. 29. The $316 million plan is necessary to meet the environmental regulations required by the U.S. Environmental Protection Agency, including the Coal Combustion Residuals Rule (CCR) that became effective late last year.

The EPA's CCR Rule established new requirements for the disposal of the byproducts left over after coal is safely burned to make electricity.

In order to make these necessary operational changes, LG&E will seek Certificates of Public Convenience and Necessity from the KPSC to begin construction projects, and receive approval of the environmental compliance plan. Under the plan, LG&E will request approval for recovery of the costs to cap and close the ash ponds and build a process-water facility at the Mill Creek and Trimble County stations to meet the CCR Rule and additional mercury control systems to meet the Mercury and Air Toxics Standards (MATS). LG&E expects the projects to cost $311 million to meet the CCR Rule and $5 million for the MATS rule.

The EPA determined that coal combustion residuals are non-hazardous materials and can continue to be beneficially used to make certain authorized products and for specific uses. The CCR Rule additionally established new standards that are expected to require over the next three years commencing, or completing in some cases, the closure of ash ponds and some other on-site wet storage sites that contain coal byproducts.

"We have managed our coal combustion residuals in a safe and compliant manner for decades; however, as regulations change, so must our operations," said Paul W. Thompson, chief operating officer. "We extensively studied our compliance options under the new rule and determined the lowest reasonable cost option would mean capping and closing our existing ash ponds while continuing to beneficially use byproducts in a safe and practical manner that continues to meet the new requirements."

LG&E's Mill Creek Station is already operating a dry special waste landfill that meets the new requirements, providing for seamless onsite operations well into the future. The utility also is in the final permitting stages to construct a similar dry special waste landfill at the Trimble County Station.

For many years, both the Mill Creek and Trimble County stations have beneficially reused as much of their coal byproducts as economically reasonable given demand for such applications. For example, in the last year more than 25 percent of the byproducts produced at Mill Creek and Trimble County have been beneficially reutilized off site. Mill Creek reuses about 50 percent of the gypsum produced at the plant during the coal-burning process. An onsite facility recycles the gypsum into pelletized fertilizer sold to agricultural firms. Trimble County also sells its gypsum, fly ash and other byproducts for beneficial reuse.

The ash pond cap and closure projects will begin later this year. The ponds at Mill Creek are expected to be closed by 2020, and those at Trimble County are expected to be closed by 2023.

LG&E and sister utility, Kentucky Utilities Company, have been moving toward dry storage facilities for a number of years. In addition to Mill Creek, the Ghent Station also already uses dry storage facilities, and the utilities are well underway to capping and closing the former dry special waste landfill and ash pond located at the now-retired Cane Run coal-fired power plant. Dry storage facilities at Brown, expected to be in service in 2016, and Trimble County stations also have been approved by the KPSC.

###

Louisville Gas and Electric Company and Kentucky Utilities Company, part of the PPL Corporation (NYSE: PPL) family of companies, are regulated utilities that serve a total of 1.2 million customers and have consistently ranked among the best companies for customer service in the United States. LG&E serves 321,000 natural gas and 400,000 electric customers in Louisville and 16 surrounding counties. Kentucky Utilities serves 543,000 customers in 77 Kentucky counties and five counties in Virginia. More information is available at www.lge-ku.com and www.pplweb.com.

KU to invest nearly $700 million to meet EPA's new Coal Combustion Residuals Rule

(LEXINGTON, Ky.) – Kentucky Utilities Company announced today that it plans to cap and close its remaining coal ash ponds at E.W. Brown and Ghent Generating Stations and at the now-retired Green River, Pineville and Tyrone coal-fired power plants.

The details of the plans will be laid out in the utility's environmental compliance plan, which will be submitted to the Kentucky Public Service Commission on Jan. 29. The $678 million plan is necessary to meet the environmental regulations required by the U.S. Environmental Protection Agency, including the Coal Combustion Residuals Rule (CCR) that became effective late last year.

The EPA's CCR Rule established new requirements for the disposal of the byproducts left over after coal is safely burned to make electricity.

In order to make these operational changes, KU will seek Certificates of Public Convenience and Necessity from the KPSC to begin construction projects, and receive approval of the environmental compliance plan. The projects, which ensure that KU meets the CCR and Mercury and Air Toxics Standards (MATS) rules, include additional mercury control systems, ash pond closures, construction of process-water facilities and the second phase of the Brown landfill.

The EPA determined that coal combustion residuals are non-hazardous materials and can continue to be beneficially used to make certain authorized products and for specific uses. The CCR Rule additionally established new standards that are expected to require over the next three years commencing, or completing in some cases, the closure of ash ponds and some other on-site wet storage sites that contain coal byproducts. KU expects to begin these latest investments in the environmental improvements in 2016 and continue through 2023.

"We have managed our coal combustion residuals in a safe and compliant manner for decades; however, as regulations change, so must our operations," said Paul W. Thompson, chief operating officer. "We extensively studied our compliance options under the new rule and determined the lowest reasonable cost option would mean capping and closing our existing ash ponds while continuing to beneficially use byproducts in a safe and practical manner that continues to meet the new requirements."

For many years, KU beneficially reused as much of the coal byproducts produced by the facilities as economically reasonable given the demand for such applications. For example, in the last year more than 25 percent of the byproducts produced at Ghent and Trimble stations were beneficially reused offsite to create products such as concrete, wallboard and fertilizers.

KU and sister utility, Louisville Gas and Electric Company, have been moving toward dry storage facilities for a number of years. Ghent and Mill Creek stations already use dry storage facilities, and the utilities are well underway to capping and closing the former dry special waste landfill and ash pond located at the now-retired Cane Run coal-fired power plant. Dry storage site facilities at Brown, expected to be in service in 2016, and Trimble County stations also have been approved by the KPSC.

and

Section 8 - Other Events

Item 8.01 Other Events

Certain of the Registrants maintain credit facilities to enhance liquidity, provide credit support and backstop commercial paper programs. On January 29, 2016, Registrants entered in the following amendments to certain of such credit facilities.

PPL Corporation

On January 29, 2016, PPL Capital Funding, Inc., as Borrower, and PPL Corporation, as Guarantor, amended their existing revolving credit facility with Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender and the other Lenders party thereto, to extend the termination date of such revolving credit facility from July 28, 2019 to January 29, 2021 and to increase the borrowing capacity under such revolving credit facility from $300 million to $700 million, as set forth in the copy of the amendment to the revolving credit facility filed as Exhibit 10.1 to this Report.

PPL Electric Utilities Corporation

On January 29, 2016, PPL Electric Utilities Corporation amended its existing revolving credit facility with Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender and the other Lenders party thereto, to extend the termination date of such revolving credit facility from July 28, 2019 to January 29, 2021 and to increase the borrowing capacity under such revolving credit facility from $300 million to $400 million, as set forth in the copy of the amendment to the revolving credit facility filed as Exhibit 10.2 to this Report.

Louisville Gas and Electric Company

On January 29, 2016, Louisville Gas and Electric Company, amended its existing $500 million revolving credit facility with Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender and the other Lenders party thereto, to extend the termination date of such revolving credit facility from July 28, 2019 to December 31, 2020, as set forth in the copy of the amendment to the revolving credit facility filed as Exhibit 10.3 to this Report.

Kentucky Utilities Company

On January 29, 2016, Kentucky Utilities Company, amended its existing $400 million revolving credit facility with Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender and the other Lenders party thereto, to extend the termination date of such revolving credit facility from July 28, 2019 to December 31, 2020, as set forth in the copy of the amendment to the revolving credit facility filed as Exhibit 10.4 to this Report.

Section 9 - Financial Statements and Exhibits

Item 9.01 Financial Statements and Exhibits

(d) Exhibits

10.1 - Amendment No. 1 to Credit Agreement dated as of January 29, 2016 to Revolving Credit Agreement dated as of July 28, 2014 among PPL Capital Funding, Inc., as Borrower, PPL Corporation, as Guarantor, the Lenders party thereto and Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender.

10.2 - Amendment No. 1 to Credit Agreement dated as of January 29, 2016 to Amended and Restated Revolving Credit Agreement dated as of July 28, 2014 among PPL Electric Utilities Corporation, as Borrower, the Lenders party thereto and Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender.

10.3 - Amendment No. 1 to Credit Agreement dated as of January 29, 2016 to Amended and Restated Revolving Credit Agreement dated as of July 28, 2014 among Louisville Gas and Electric Company, as Borrower, the Lenders party thereto and Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender.

10.4 - Amendment No. 1 to Credit Agreement dated as of January 29, 2016 to Amended and Restated Revolving Credit Agreement dated as of July 28, 2014 among Kentucky Utilities Company, as Borrower, the Lenders party thereto and Wells Fargo, National Association, as Administrative Agent, Issuing Lender and Swingline Lender.

EXECUTION VERSION

AMENDMENT NO. 1 TO CREDIT AGREEMENT

AMENDMENT dated as of January 29, 2016 (this "**Amendment**") to the Revolving Credit Agreement dated as of July 28, 2014 (as amended, amended and restated or otherwise modified prior to the date hereof, the "**Existing Credit Agreement**" and as amended hereby, the "**Amended Credit Agreement**") among PPL CAPITAL FUNDING, INC. (the "**Borrower**"), PPL CORPORATION (the "**Guarantor**"), the LENDERS party thereto (the "**Lenders**") and WELLS FARGO BANK, NATIONAL ASSOCIATION, as Administrative Agent, Issuing Lender and Swingline Lender (the "**Agent**").

W I T N E S S E T H :

WHEREAS, the parties hereto desire to amend the Existing Credit Agreement to (i) extend the scheduled Termination Date (ii) increase the Commitments and (iii) make certain other amendments, all as provided herein.

NOW, THEREFORE, the parties hereto agree as follows:

SECTION 1. *Defined Terms; References.* Unless otherwise specifically defined herein, each term used herein that is defined in the Amended Credit Agreement has the meaning assigned to such term in the Amended Credit Agreement. Each reference to "hereof", "hereunder", "herein" and "hereby" and each other similar reference and each reference to "this Agreement" and each other similar reference contained in the Existing Credit Agreement shall, after this Amendment becomes effective, refer to the Amended Credit Agreement.

SECTION 2. *Credit Agreement Amendments*. With effect from and including the Amendment Effective Date, the Existing Credit Agreement is hereby amended as follows:

(a) *Defined Terms*.

(i) Section 1.01 of the Existing Credit Agreement is amended by amending the definitions of the terms listed below as follows:

(A) The definition of "Lender Default" is amended by adding the following new clause (v) after clause (iv) and immediately preceding the proviso thereto:

", or (v) the Lender becomes the subject of a Bail-in Action"

(B) The definition of "London Interbank Offered Rate" is amended by (x) deleting the proviso at the end of clause (i) thereof, (y) deleting the proviso at the end of clause (ii) thereof and (z) adding the following sentence at the end thereof:

"Notwithstanding the foregoing, if the London Interbank Offered Rate determined in accordance with the foregoing shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement."

(C) The definition of "Letter of Credit Liabilities" is amended by adding the following sentence at the end thereof:

"For all purposes of this Agreement, if on any date of determination a Letter of Credit has expired by its terms but any amount may still be drawn thereunder by reason of the operation of Rule 3.14 of the ISP, such Letter of Credit shall be deemed to be "outstanding" in the amount so remaining available to be drawn."

(ii) Section 1.01 of the Existing Credit Agreement is amended by replacing the definitions of the terms listed below in their entirety with the following:

"Defaulting Lender" means at any time any Lender with respect to which a Lender Default is in effect at such time, including any Lender subject to a Bail-In Action. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more clauses of the definition of "Lender Default" shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to cure as expressly contemplated in the definition of "Lender Default") upon delivery of written notice of such determination to the Borrower, each Issuing Bank, each Swingline Lender and each Lender.

"Federal Funds Rate" means for any day the rate per annum (rounded upward, if necessary, to the nearest 1/100th of 1%) equal to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System, as published by the Federal Reserve Bank of New York on the Business Day next succeeding such day; provided, that (i) if such day is not a Business Day, the Federal Funds Rate for such day shall be such rate on such transactions on the next preceding Business Day as so published on the next succeeding Business Day, and (ii) if no such rate is so published on such next succeeding Business Day, the Federal Funds Rate for such day shall be the average rate (rounded upward, if necessary, to the nearest 1/100th of 1%) charged by Wells Fargo Bank, National Association on such day on such transactions as determined by the Administrative Agent; provided, further, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"JLA Issuing Bank" means Wells Fargo Bank, Bank of America, N.A., Citibank, N.A., JPMorgan Chase Bank, N.A., Mizuho Bank, Ltd. and Barclays Bank PLC (provided that Barclays Bank PLC shall issue only standby Letters of Credit).

"Joint Lead Arrangers" means Wells Fargo Securities, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Barclays Bank PLC, each in their capacity as joint lead arranger and joint bookrunner in respect of this Agreement.

"LIBOR Market Index Rate" means, for any day, the rate for 1 month U.S. dollar deposits as reported on Reuters Screen LIBOR01 (or any applicable successor page) as of 11:00 a.m., London time, for such day, provided, if such day is not a London Business Day, the immediately preceding London Business Day (or if not so reported, then as determined by the Swingline Lender from another recognized source or interbank quotation); provided, however, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"Sanctioned Country" means a country, region or territory that is, or whose government is, the subject of comprehensive territorial Sanctions (currently, Crimea, Cuba, Iran, North Korea, Sudan, and Syria).

"Sanctions" means sanctions administered or enforced by OFAC, the U.S. State Department, the European Union, any European Union member state, Her Majesty's Treasury of the United Kingdom or any other applicable sanctions authority.

"Termination Date" means the earlier to occur of (i) January 29, 2021, as may be extended from time to time pursuant to Section 2.08(d), and (ii) the date upon which all Commitments shall have been terminated in their entirety in accordance with this Agreement.

(iii) Section 1.01 of the Existing Credit Agreement is amended by inserting the following definitions in their correct alphabetical order:

"Amendment No. 1 Closing Date" means January 29, 2016.

"Amendment No. 1 Fee Letter" means that certain fee letter dated as of December 28, 2015 among the Guarantor, Kentucky Utilities Company, Louisville Gas and Electric Company, PPL Electric Utilities Corporation, Wells Fargo Securities and Wells Fargo Bank.

"Bail-In Action" means the exercise of any Write-Down and Conversion Powers by the applicable EEA Resolution Authority in respect of any liability of an EEA Financial Institution.

"Bail-In Legislation" means, with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule.

"Connection Income Taxes" means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise or branch profits or similar taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto.

"EEA Financial Institution" means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

"EEA Member Country" means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

"EEA Resolution Authority" means any public administrative authority or any person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

"EU Bail-In Legislation Schedule" means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor Person), as in effect from time to time.

"ISP" has the meaning set forth in Section 3.13.

"Issuer Documents" means with respect to any Letter of Credit, the Letter of Credit Request, and any other document, agreement and instrument entered into by any Issuing Lender and the Borrower (or any Subsidiary) or in favor of such Issuing Lender and relating to such Letter of Credit.

"Other Connection Taxes" means, with respect to any Agent or Lender, taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto imposed as a result of a present or former connection between such Person and the jurisdiction imposing such tax (other than connections arising from such Person having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Loan or Loan Document).

"Write-Down and Conversion Powers" means, with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule.

(iv) The definition of "FATCA" in Section 1.01 of the Existing Credit Agreement is amended by replacing "Code" where it appears therein with "Internal Revenue Code".

(b) *Commitments to Lend.* Section 2.01 of the Existing Credit Agreement is amended and restated by inserting "in Dollars" immediately after "to make Revolving Loans" where it appears therein.

(c) *Swingline Loans.* Section 2.02(a) of the Existing Credit Agreement is amended by replacing the first sentence thereof with the following:

"Subject to the terms and conditions of this Agreement, the Swingline Lender agrees to make Swingline Loans to the Borrower from time to time from the Effective Date through, but not including, the Swingline Termination Date in an aggregate principal amount at any time outstanding that will not result in (i) the sum of the total Swingline Exposures exceeding the Swingline Sublimit, (ii) the sum of the total Revolving Outstandings exceeding the total Commitments, (iii) any Lender's Revolving Outstandings exceeding such Lender's Commitment or (iv) in the case of the Swingline Lender (whether directly or through an Affiliate), the sum of such Lender's Revolving Outstandings plus (without duplication) the outstanding principal amount of Swingline Loans made by the Swingline Lender exceeding such Swingline Lender's Commitment; provided, that the Borrower shall not use the proceeds of any Swingline Loan to refinance any outstanding Swingline Loan."

(d) *Optional Extensions*. Section 2.08(d)(ii) of the Existing Credit Agreement is amended by replacing "anniversary of the date hereof" where it appears therein with "anniversary of the Amendment No. 1 Closing Date".

(e) *Increased Costs; Taxes.*

(i) Section 2.16(a)(ii) of the Existing Credit Agreement is amended and replaced in its entirety with the following:

"(ii) subject any Lender or the Issuing Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Loan made by it, or change the basis of taxation of payments to such Lender or the Issuing Lender in respect thereof (other than (A) Taxes, (B) Other Taxes, (C) the imposition of, or any change in the rate of, any taxes described in clause (i)(a) and clauses (ii) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's or an Issuing Lender's failure to comply with Section 2.17(e)) or".

(ii) Section 2.17(a)(i) of the Existing Credit Agreement is amended by:

(A) inserting "(a)" after "Lender" where it first appears therein;

(B) replacing "principal executive office" where it appears therein with "principal office"; and

(C) inserting "or (b) that are Other Connection Taxes" at the end thereof.

(f) *Increases in Commitments.* Section 2.19(a) of the Existing Credit Agreement is amended and restated by replacing the reference to "$100,000,000" where it appears therein with "$250,000,000".

(g) *Letters of Credit.*

(i) Section 3.02 of the Existing Credit Agreement is amended by adding the following new clause (b) at the end thereof:

"(b) If the Borrower so requests in any applicable Letter of Credit Request, an Issuing Lender may, in its sole discretion, agree to issue a Letter of Credit that has automatic extension provisions (each, an "Auto-Extension Letter of Credit"); provided that any such Auto-Extension Letter of Credit must permit such Issuing Lender to prevent any such extension at least once in each twelve-month period (commencing with the date of issuance of such Letter of Credit) by giving prior notice to the beneficiary thereof not later than a day (the "Non-Extension Notice Date") in each such twelve-month period to be agreed upon at the time such Letter of Credit is issued. Unless otherwise directed by the applicable Issuing Lender, the Borrower shall not be required to make a specific request to the applicable Issuing Lender for any such extension. Once an Auto-Extension Letter of Credit has been issued, the Lenders shall be deemed to have authorized (but may not require) the applicable Issuing Lender to permit the extension of such Letter of Credit at any time to an expiry date not later than five days prior to the Termination Date; provided, however, that no Issuing Lender shall permit any such extension if (A) such Issuing Lender has determined that it would not be permitted, or would have no obligation, at such time to issue such Letter of Credit in its revised form (as extended) under the terms hereof (by reason of the provisions of Section 3.04 or otherwise), or (B) it has received notice (which may be by telephone or in writing) on or before the day that is seven Business Days before the Non-Extension Notice Date (1) from the Administrative Agent that the Required Lenders have elected not to permit such extension or (2) from the Administrative Agent, any Lender or the Borrower that one or more of the applicable conditions specified in Section 4.02 is not then satisfied, and in each such case directing such Issuing Lender not to permit such extension."

(ii) Section 3.13 of the Existing Credit Agreement is amended by adding "(the "ISP")" immediately after the words "The rules of the "International Standby Practices 1998" as published by the International Chamber of Commerce most recently at the time of issuance of any Letter of Credit".

(iii) Article III of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(A) "Section 3.14 Amount of Letter of Credit. Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that, by its terms or the terms of any Issuer Document related thereto, provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time , except that Letter of Credit fees payable as provided in Section 2.07(b) shall be calculated based on the actual amount available for drawing in effect at any time rather than such maximum stated amount."

(h) *Representations and Warranties.*

(i) Sections 5.04(a), 5.04(c), 5.05, 5.13(a) and 5.13(b) of the Existing Credit Agreement are amended and restated by replacing "December 31, 2013" where it appears therein with "December 31, 2014";

(ii) Section 5.04(b) is amended and replaced in its entirety with the following:

"The unaudited consolidated balance sheet of the Guarantor and its Consolidated Subsidiaries as of September 30, 2015 and the related unaudited consolidated statements of income and cash flows for the nine months then ended fairly present, in conformity with GAAP applied on a basis consistent with the financial statements referred to in subsection (a) of this Section, the consolidated financial position of the Guarantor and its Consolidated Subsidiaries as of such date and their consolidated results of operations and cash flows for such nine-month period (subject to normal year-end audit adjustments)."; and

(iii) Section 5.08 of the Existing Credit Agreement is amended and restated by inserting "or the Amendment No. 1 Closing Date" after "Effective Date" where it appears therein.

(i) *Sanctions*. Section 6.06 of the Existing Credit Agreement is amended by adding the following sentence at the end thereof:

"The proceeds of any Loan will not be used, directly or indirectly, to fund any activities or business of or with any Sanctioned Person, or in any Sanctioned Country."

(j) *Submission to Jurisdiction.* Section 9.07 of the Existing Credit Agreement is amended and restated by inserting ", borough of Manhattan," immediately after "New York City" where it appears therein.

(k) *Acknowledgment and Consent to Bail-in of EEA Financial Institutions.* The Existing Credit Agreement is amended by (i) inserting the following new Section 9.15 immediately following Section 9.14 of the Existing Credit Agreement, (ii) renumbering Section 9.15 of the Existing Credit Agreement as Section 9.16:

"Section 9.15. Acknowledgment and Consent to Bail-in of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-in Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority."

(l) *Miscellaneous.* Article IX of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(i) "Section 9.17. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender."

(ii) "Section 9.18. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction."

(iii) "Section 9.19. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement."

(m) *Administrative Agent's Fees.* Section 8.10 of the Existing Credit Agreement is amended by replacing "Fee Letter" where it appears therein with "Amendment No. 1 Fee Letter".

(n) *Appendices.*

(i) Appendix A to the Existing Credit Agreement (Commitments) is amended and replaced in its entirety with Appendix A annexed hereto.

(ii) Appendix B to the Existing Credit Agreement (JLA Fronting Sublimits) is amended and replaced in its entirety with Appendix B annexed hereto.

SECTION 3. *Changes in Commitments.* With effect from and including the Amendment Effective Date, (i) each Person listed on Appendix A hereto that is not a party to the Existing Credit Agreement (each, a "**New Lender**" and, together with each Person that is not an Exiting Lender, the "**Continuing Lenders**") shall become a Lender party to the Amended Credit Agreement, (ii) the Commitment of each Lender shall be the amount set forth opposite the name of such Lender on Appendix A hereto and (iii) each JLA Issuing Bank shall have the Fronting Sublimit set forth in Appendix B. On the Amendment Effective Date, any Lender whose name does not appear on Appendix A (each, an "**Exiting Lender**") shall cease to be a Lender party to the Credit Agreement, and all accrued fees and other amounts payable under the Credit Agreement for the account of each Exiting Lender shall be due and payable on such date; provided that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of the Credit Agreement shall continue to inure to the benefit of each Exiting Lender after the Amendment Effective Date. On the Amendment Effective Date, the Commitment Ratio of the Continuing Lenders shall be redetermined giving effect to the adjustments to the Commitments referred to in this Section 3, and the participations of the Continuing lenders in and the obligations of the Continuing Lenders in respect of any Letters of Credit outstanding on the Amendment Effective Date shall be reallocated to reflect such redetermined Commitment Ratio.

SECTION 4. *Full Force and Effect; Ratification.* Except as expressly modified herein, all of the terms and conditions of the Existing Credit Agreement are unchanged, and, as modified hereby, the Borrower and the Guarantor confirm and ratify all of the terms, covenants and conditions of the Existing Credit Agreement. This Amendment constitutes the entire and final agreement among the parties hereto with respect to the subject matter hereof and there are no other agreements, understandings, undertakings, representations or warranties among the parties hereto with respect to the subject matter hereof except as set forth herein.

SECTION 5. *Governing Law.* This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 6. *Counterparts*. This Amendment may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

SECTION 7. *Effectiveness*. This Amendment shall become effective as of the first date when each of the following conditions are met (the "**Amendment Effective Date**"):

(a) the Agent shall have received from the Borrower, the Guarantor and each Continuing Lender and Lenders constituting Required Lenders a counterpart hereof signed by such party or facsimile or other written confirmation (in form satisfactory to the Agent) that such party has signed a counterpart hereof;

(b) the Agent shall have received a duly executed revised Note for the account of each Lender requesting delivery of such Note pursuant to Section 2.05 of the Credit Agreement;

(c) the Agent shall have received satisfactory opinions of counsel for the Borrower, dated the Amendment Effective Date;

(d) the Agent shall have received a certificate dated the Amendment Effective Date signed on behalf of the Borrower by the Chairman of the Board, the President, any Vice President, the Treasurer or any Assistant Treasurer of the Borrower stating that (A) on the Amendment Effective Date, before and after giving effect to this Amendment, no Default shall have occurred or be continuing and (B) the representations and warranties contained in the Amended Credit Agreement are true and correct on and as of the Amendment Effective Date, except to the extent that such representations and warranties specifically refer to an earlier date, in which case they were true and correct as of such earlier date;

(e) the Agent shall have received (i) a certificate of the Secretary of the State of Delaware, dated as of a recent date, as to the good standing of the Borrower and (ii) a certificate of the Secretary or an Assistant Secretary of the Borrower dated the Amendment Effective Date and certifying (A) that attached thereto is a true, correct and complete copies of (x) the Borrower's articles of incorporation certified by the Secretary of the State of Delaware and (y) the bylaws of the Borrower, (B) as to the absence of dissolution or liquidation proceedings by or against the Borrower, (C) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of the Borrower authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force and effect on the date of such certificate and (D) as to the incumbency and specimen signatures of each officer of the Borrower executing this Amendment or any other document delivered in connection herewith;

(f) the Agent shall have received (i) a certificate of the Secretary of the Commonwealth of the Commonwealth of Pennsylvania, dated as of a recent date, as to the good standing of the Guarantor and (ii) a certificate of the Secretary or an Assistant Secretary of the Guarantor dated the Amendment Effective Date and certifying (A) that attached thereto is a true, correct and complete copies of (x) the Guarantor's articles of incorporation certified by the Secretary of the Commonwealth of the Commonwealth of Pennsylvania and (y) the bylaws of the Guarantor, (B) as to the absence of dissolution or liquidation proceedings by or against the Guarantor, (C) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of the Guarantor authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force and effect on the date of such certificate and (D) as to the incumbency and specimen signatures of each officer of the Guarantor executing this Amendment or any other document delivered in connection herewith;

(g) all necessary governmental (domestic or foreign), regulatory and third party approvals, if any, in connection with the transactions contemplated by this Amendment and the other Loan Documents shall have been obtained and remain in full force and effect, in each case without any action being taken by any competent authority which could restrain or prevent such transaction or impose, in the reasonable judgment of the Agent, materially adverse conditions upon the consummation of such transactions; provided that any such approvals with respect to elections by the Borrower to increase the Commitment as contemplated by Section 2.19 of the Credit Agreement need not be obtained or provided until the Borrower makes any such election;

(h) each New Lender shall have received all documentation and other information required by regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations, including, without limitation, the Patriot Act, as has been reasonably requested in writing;

(i) there shall be no outstanding Loans; and

(j) the Agent shall have received all costs, fees and expenses due to the Agent, the Joint Lead Arrangers (as such term is defined in the commitment letter dated December 28, 2015 to the Guarantor from Wells Fargo Securities, LLC, Wells Fargo Bank, National Association, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Bank of America, N.A., Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC, JPMorgan Chase Bank, N.A. and Barclays Bank PLC) and the Lenders.

SECTION 8. *Notes.* Any Lender receiving a revised Note as contemplated by Section 7(b) above shall on or promptly after the Amendment Effective Date return any prior Note issued under the Existing Credit Agreement to the Borrower for cancellation.

SECTION 9. *Miscellaneous.* This Amendment shall constitute a Loan Document for all purposes of the Credit Agreement and the other Loan Documents. The provisions of this Amendment are deemed incorporated into the Credit Agreement as if fully set forth therein. The Borrower shall pay all reasonable out-of-pocket costs and expenses of the Agent incurred in connection with the negotiation, preparation and execution of this Amendment and the transactions contemplated hereby. The execution, delivery and effectiveness of this Amendment shall not, except as expressly provided herein, operate as a waiver of any right, power or remedy of any Lender or the Administrative Agent under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents.

EXECUTION VERSION

AMENDMENT NO. 1 TO CREDIT AGREEMENT

AMENDMENT dated as of January 29, 2016 (this "**Amendment**") to the Amended and Restated Revolving Credit Agreement dated as of July 28, 2014 (as amended, amended and restated or otherwise modified prior to the date hereof, the "**Existing Credit Agreement**" and as amended hereby, the "**Amended Credit Agreement**") among PPL ELECTRIC UTILITIES CORPORATION (the "**Borrower**"), the LENDERS party thereto (the "**Lenders**") and WELLS FARGO BANK, NATIONAL ASSOCIATION, as Administrative Agent, Issuing Lender and Swingline Lender (the "**Agent**").

W I T N E S S E T H :

WHEREAS, the parties hereto desire to amend the Existing Credit Agreement to (i) extend the scheduled Termination Date (ii) increase the Commitments and (iii) make certain other amendments, all as provided herein.

NOW, THEREFORE, the parties hereto agree as follows:

SECTION 1. *Defined Terms; References.* Unless otherwise specifically defined herein, each term used herein that is defined in the Amended Credit Agreement has the meaning assigned to such term in the Amended Credit Agreement. Each reference to "hereof", "hereunder", "herein" and "hereby" and each other similar reference and each reference to "this Agreement" and each other similar reference contained in the Existing Credit Agreement shall, after this Amendment becomes effective, refer to the Amended Credit Agreement.

SECTION 2. *Credit Agreement Amendments*. With effect from and including the Amendment Effective Date, the Existing Credit Agreement is hereby amended as follows:

(a) *Defined Terms*.

(i) Section 1.01 of the Existing Credit Agreement is amended by amending the definitions of the terms listed below as follows:

(A) The definition of "Lender Default" is amended by adding the following new clause (v) after clause (iv) and immediately preceding the proviso thereto:

", or (v) the Lender becomes the subject of a Bail-in Action"

(B) The definition of "London Interbank Offered Rate" is amended by (x) deleting the proviso at the end of clause (i) thereof, (y) deleting the proviso at the end of clause (ii) thereof and (z) adding the following sentence at the end thereof:

"Notwithstanding the foregoing, if the London Interbank Offered Rate determined in accordance with the foregoing shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement."

(C) The definition of "Letter of Credit Liabilities" is amended by adding the following sentence at the end thereof:

"For all purposes of this Agreement, if on any date of determination a Letter of Credit has expired by its terms but any amount may still be drawn thereunder by reason of the operation of Rule 3.14 of the ISP, such Letter of Credit shall be deemed to be "outstanding" in the amount so remaining available to be drawn."

(ii) Section 1.01 of the Existing Credit Agreement is amended by replacing the definitions of the terms listed below in their entirety with the following:

"Defaulting Lender" means at any time any Lender with respect to which a Lender Default is in effect at such time, including any Lender subject to a Bail-In Action. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more clauses of the definition of "Lender Default" shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to cure as expressly contemplated in the definition of "Lender Default") upon delivery of written notice of such determination to the Borrower, each Issuing Bank, each Swingline Lender and each Lender.

"Federal Funds Rate" means for any day the rate per annum (rounded upward, if necessary, to the nearest 1/100th of 1%) equal to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System, as published by the Federal Reserve Bank of New York on the Business Day next succeeding such day; provided, that (i) if such day is not a Business Day, the Federal Funds Rate for such day shall be such rate on such transactions on the next preceding Business Day as so published on the next succeeding Business Day, and (ii) if no such rate is so published on such next succeeding Business Day, the Federal Funds Rate for such day shall be the average rate (rounded upward, if necessary, to the nearest 1/100th of 1%) charged by Wells Fargo Bank, National Association on such day on such transactions as determined by the Administrative Agent; provided, further, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"JLA Issuing Bank" means Wells Fargo Bank, Bank of America, N.A., Citibank, N.A., JPMorgan Chase Bank, N.A., Mizuho Bank, Ltd. and Barclays Bank PLC (provided that Barclays Bank PLC shall issue only standby Letters of Credit).

"Joint Lead Arrangers" means Wells Fargo Securities, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Barclays Bank PLC, each in their capacity as joint lead arranger and joint bookrunner in respect of this Agreement.

"LIBOR Market Index Rate" means, for any day, the rate for 1 month U.S. dollar deposits as reported on Reuters Screen LIBOR01 (or any applicable successor page) as of 11:00 a.m., London time, for such day, provided, if such day is not a London Business Day, the immediately preceding London Business Day (or if not so reported, then as determined by the Swingline Lender from another recognized source or interbank quotation); provided, however, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"Sanctioned Country" means a country, region or territory that is, or whose government is, the subject of comprehensive territorial Sanctions (currently, Crimea, Cuba, Iran, North Korea, Sudan, and Syria).

"Sanctions" means sanctions administered or enforced by OFAC, the U.S. State Department, the European Union, any European Union member state, Her Majesty's Treasury of the United Kingdom or any other applicable sanctions authority.

"Termination Date" means the earlier to occur of (i) January 29, 2021, as may be extended from time to time pursuant to Section 2.08(d), and (ii) the date upon which all Commitments shall have been terminated in their entirety in accordance with this Agreement.

(iii) Section 1.01 of the Existing Credit Agreement is amended by inserting the following definitions in their correct alphabetical order:

"Amendment No. 1 Closing Date" means January 29, 2016.

"Amendment No. 1 Fee Letter" means that certain fee letter dated as of December 28, 2015 among the Borrower, PPL Corporation, Kentucky Utilities Company, Louisville Gas and Electric Company, Wells Fargo Securities and Wells Fargo Bank.

"Bail-In Action" means the exercise of any Write-Down and Conversion Powers by the applicable EEA Resolution Authority in respect of any liability of an EEA Financial Institution.

"Bail-In Legislation" means, with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule.

"Connection Income Taxes" means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise or branch profits or similar taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto.

"EEA Financial Institution" means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

"EEA Member Country" means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

"EEA Resolution Authority" means any public administrative authority or any person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

"EU Bail-In Legislation Schedule" means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor Person), as in effect from time to time.

"ISP" has the meaning set forth in Section 3.13.

"Issuer Documents" means with respect to any Letter of Credit, the Letter of Credit Request, and any other document, agreement and instrument entered into by any Issuing Lender and the Borrower (or any Subsidiary) or in favor of such Issuing Lender and relating to such Letter of Credit.

"Other Connection Taxes" means, with respect to any Agent or Lender, taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto imposed as a result of a present or former connection between such Person and the jurisdiction imposing such tax (other than connections arising from such Person having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Loan or Loan Document).

"Write-Down and Conversion Powers" means, with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule.

(iv) Section 1.01 of the Existing Credit Agreement is amended by deleting the following defined terms in their entirety: "Automatic Extension" and "Initial Termination Date".

(v) The definition of "FATCA" in Section 1.01 of the Existing Credit Agreement is amended by replacing "Code" where it appears therein with "Internal Revenue Code".

(b) *Commitments to Lend.* Section 2.01 of the Existing Credit Agreement is amended and restated by inserting "in Dollars" immediately after "to make Revolving Loans" where it appears therein.

(c) *Swingline Loans.* Section 2.02(a) of the Existing Credit Agreement is amended by replacing the first sentence thereof with the following:

"Subject to the terms and conditions of this Agreement, the Swingline Lender agrees to make Swingline Loans to the Borrower from time to time from the Effective Date through, but not including, the Swingline Termination Date in an aggregate principal amount at any time outstanding that will not result in (i) the sum of the total Swingline Exposures exceeding the Swingline Sublimit, (ii) the sum of the total Revolving Outstandings exceeding the total Commitments, (iii) any Lender's Revolving Outstandings exceeding such Lender's Commitment or (iv) in the case of the Swingline Lender (whether directly or through an Affiliate), the sum of such Lender's Revolving Outstandings plus (without duplication) the outstanding principal amount of Swingline Loans made by the Swingline Lender exceeding such Swingline Lender's Commitment; provided, that the Borrower shall not use the proceeds of any Swingline Loan to refinance any outstanding Swingline Loan."

(d) *Optional Extensions*. Section 2.08(d)(ii) of the Existing Credit Agreement is amended by replacing "anniversary of the date hereof" where it appears therein with "anniversary of the Amendment No. 1 Closing Date".

(e) *Increased Costs; Taxes.*

(i) Section 2.16(a)(ii) of the Existing Credit Agreement is amended and replaced in its entirety with the following:

"(ii) subject any Lender or the Issuing Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Loan made by it, or change the basis of taxation of payments to such Lender or the Issuing Lender in respect thereof (other than (A) Taxes, (B) Other Taxes, (C) the imposition of, or any change in the rate of, any taxes described in clause (i)(a) and clauses (ii) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's or an Issuing Lender's failure to comply with Section 2.17(e)) or".

(ii) Section 2.17(a)(i) of the Existing Credit Agreement is amended by:

(A) inserting "(a)" after "Lender" where it first appears therein;

(B) replacing "principal executive office" where it appears therein with "principal office"; and

(C) inserting "or (b) that are Other Connection Taxes" at the end thereof.

(iii) Section 2.17(e)(ii)(C) of the Existing Credit Agreement is amended by replacing "Code" where it first appears therein with "Internal Revenue Code".

(iv) Section 2.17(e) of the Existing Credit Agreement is amended by inserting the following sentence immediately prior to the second to last sentence thereof:

"For purposes of determining withholding Taxes imposed under FATCA, the Borrower and the Administrative Agent shall treat (and the Lenders hereby authorize the Administrative Agent to treat) this Agreement and any Loan or Letter of Credit issued under or pursuant to this Agreement as not qualifying as a "grandfathered obligation" within the meaning of Treasury Regulation Section 1.1471-2(b)(2)(i) or Treasury Regulation Section 1.1471-2T(b)(2)(i)."

(f) *Increases in Commitments.* Section 2.19(a) of the Existing Credit Agreement is amended and restated by replacing the reference to "$100,000,000" where it appears therein with "$250,000,000".

(g) *Letters of Credit.*

(i) Section 3.02 of the Existing Credit Agreement is amended by adding the following new clause (c) at the end thereof:

"(c) If the Borrower so requests in any applicable Letter of Credit Request, an Issuing Lender may, in its sole discretion, agree to issue an Additional Letter of Credit that has automatic extension provisions (each, an "Auto-Extension Letter of Credit"); provided that any such Auto-Extension Letter of Credit must permit such Issuing Lender to prevent any such extension at least once in each twelve-month period (commencing with the date of issuance of such Letter of Credit) by giving prior notice to the beneficiary thereof not later than a day (the "Non-Extension Notice Date") in each such twelve-month period to be agreed upon at the time such Additional Letter of Credit is issued. Unless otherwise directed by the applicable Issuing Lender, the Borrower shall not be required to make a specific request to the applicable Issuing Lender for any such extension. Once an Auto-Extension Letter of Credit has been issued, the Lenders shall be deemed to have authorized (but may not require) the applicable Issuing Lender to permit the extension of such Additional Letter of Credit at any time to an expiry date not later than five days prior to the Termination Date; provided, however, that no Issuing Lender shall permit any such extension if (A) such Issuing Lender has determined that it would not be permitted, or would have no obligation, at such time to issue such Additional Letter of Credit in its revised form (as extended) under the terms hereof (by reason of the provisions of Section 3.04 or otherwise), or (B) it has received notice (which may be by telephone or in writing) on or before the day that is seven Business Days before the Non-Extension Notice Date (1) from the Administrative Agent that the Required Lenders have elected not to permit such extension or (2) from the Administrative Agent, any Lender or the Borrower that one or more of the applicable conditions specified in Section 4.02 is not then satisfied, and in each such case directing such Issuing Lender not to permit such extension."

(ii) Section 3.13 of the Existing Credit Agreement is amended by adding "(the "ISP")" immediately after the words "The rules of the "International Standby Practices 1998" as published by the International Chamber of Commerce most recently at the time of issuance of any Letter of Credit".

(iii) Article III of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(A) "Section 3.14 Amount of Letter of Credit. Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that, by its terms or the terms of any Issuer Document related thereto, provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time, except that Letter of Credit fees payable as provided in Section 2.07(b) shall be calculated based on the actual amount available for drawing in effect at any time rather than such maximum stated amount."

(h) *Consents*. Section 4.01(f) of the Existing Credit Agreement is amended by deleting the words "or Section 4.03" where they appear therein.

(i) *Automatic Extension*. Section 4.03 of the Existing Credit Agreement is amended and restated and replaced in its entirety with "Section 4.03 [Reserved]".

(j) *Representations and Warranties.*

(i) Section 5.02 of the Existing Credit Agreement is amended by deleting the words "or Section 4.03" where they appear therein.

(ii) Sections 5.04(a), 5.04(c), 5.05, 5.13(a) and 5.13(b) of the Existing Credit Agreement are amended and restated by replacing "December 31, 2013" where it appears therein with "December 31, 2014";

(iii) Section 5.04(b) is amended and replaced in its entirety with the following:

"The unaudited consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of September 30, 2015 and the related unaudited consolidated statements of income and cash flows for the nine months then ended fairly present, in conformity with GAAP applied on a basis consistent with the financial statements referred to in subsection (a) of this Section, the consolidated financial position of the Borrower and its Consolidated Subsidiaries as of such date and their consolidated results of operations and cash flows for such nine-month period (subject to normal year-end audit adjustments)."; and

(iv) Section 5.08 of the Existing Credit Agreement is amended and restated by:

(A) inserting "or the Amendment No. 1 Closing Date" after "Effective Date" where it appears therein, and

(B) by deleting the words "or Section 4.03" where they appear therein.

(k) *Sanctions*. Section 6.06 of the Existing Credit Agreement is amended by adding the following sentence at the end thereof:

"The proceeds of any Loan will not be used, directly or indirectly, to fund any activities or business of or with any Sanctioned Person, or in any Sanctioned Country."

(l) *Submission to Jurisdiction.* Section 9.07 of the Existing Credit Agreement is amended and restated by inserting ", borough of Manhattan," immediately after "New York City" where it appears therein.

(m) *Acknowledgment and Consent to Bail-in of EEA Financial Institutions.* The Existing Credit Agreement is amended by (i) inserting the following new Section 9.15 immediately following Section 9.14 of the Existing Credit Agreement, (ii) renumbering Sections 9.15 and 9.16 of the Existing Credit Agreement as Sections 9.16 and 9.17, respectively and (iii) replacing the reference to "Section 9.15" in the definition of "Consenting Lender" in Section 1.01 of the Existing Credit Agreement with a reference to "Section 9.17":

"Section 9.15. Acknowledgment and Consent to Bail-in of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-in Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority."

(n) *Miscellaneous.* Article IX of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(i) "Section 9.18. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender."

(ii) "Section 9.19. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction."

(iii) "Section 9.20 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement."

(o) *Administrative Agent's Fees.* Section 8.10 of the Existing Credit Agreement is amended by replacing "Fee Letter" where it appears therein with "Amendment No. 1 Fee Letter".

(p) *Appendices.*

(i) Appendix A to the Existing Credit Agreement (Commitments) is amended and replaced in its entirety with Appendix A annexed hereto.

(ii) Appendix B to the Existing Credit Agreement (JLA Fronting Sublimits) is amended and replaced in its entirety with Appendix B annexed hereto.

(q) *Schedules.*

(i) Schedule 1.01A to the Existing Credit Agreement (Existing Letters of Credit) is amended and replaced in its entirety with Schedule 1.01A annexed hereto.

SECTION 3. *Changes in Commitments.* With effect from and including the Amendment Effective Date, (i) each Person listed on Appendix A hereto that is not a party to the Existing Credit Agreement (each, a "**New Lender**" and, together with each Person that is not an Exiting Lender, the "**Continuing Lenders**") shall become a Lender party to the Amended Credit Agreement, (ii) the Commitment of each Lender shall be the amount set forth opposite the name of such Lender on Appendix A hereto and (iii) each JLA Issuing Bank shall have the Fronting Sublimit set forth in Appendix B. On the Amendment Effective Date, any Lender whose name does not appear on Appendix A (each, an "**Exiting Lender**") shall cease to be a Lender party to the Credit Agreement, and all accrued fees and other amounts payable under the Credit Agreement for the account of each Exiting Lender shall be due and payable on such date; provided that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of the Credit Agreement shall continue to inure to the benefit of each Exiting Lender after the Amendment Effective Date. On the Amendment Effective Date, the Commitment Ratio of the Continuing Lenders shall be redetermined giving effect to the adjustments to the Commitments referred to in this Section 3, and the participations of the Continuing lenders in and the obligations of the Continuing Lenders in respect of any Letters of Credit outstanding on the Amendment Effective Date shall be reallocated to reflect such redetermined Commitment Ratio.

SECTION 4. *Full Force and Effect; Ratification.* Except as expressly modified herein, all of the terms and conditions of the Existing Credit Agreement are unchanged, and, as modified hereby, the Borrower confirms and ratifies all of the terms, covenants and conditions of the Existing Credit Agreement. This Amendment constitutes the entire and final agreement among the parties hereto with respect to the subject matter hereof and there are no other agreements, understandings, undertakings, representations or warranties among the parties hereto with respect to the subject matter hereof except as set forth herein.

SECTION 5. *Governing Law.* This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 6. *Counterparts.* This Amendment may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

SECTION 7. *Effectiveness.* This Amendment shall become effective as of the first date when each of the following conditions are met (the "**Amendment Effective Date**"):

(a) the Agent shall have received from the Borrower and each Continuing Lender and Lenders constituting Required Lenders a counterpart hereof signed by such party or facsimile or other written confirmation (in form satisfactory to the Agent) that such party has signed a counterpart hereof;

(b) the Agent shall have received a duly executed revised Note for the account of each Lender requesting delivery of such Note pursuant to Section 2.05 of the Credit Agreement;

(c) the Agent shall have received satisfactory opinions of counsel for the Borrower, dated the Amendment Effective Date;

(d) the Agent shall have received a certificate dated the Amendment Effective Date signed on behalf of the Borrower by the Chairman of the Board, the President, any Vice President, the Treasurer or any Assistant Treasurer of the Borrower stating that (A) on the Amendment Effective Date, before and after giving effect to this Amendment, no Default shall have occurred or be continuing and (B) the representations and warranties contained in the Amended Credit Agreement are true and correct on and as of the Amendment Effective Date, except to the extent that such representations and warranties specifically refer to an earlier date, in which case they were true and correct as of such earlier date;

(e) the Agent shall have received (i) a certificate of the Secretary of the Commonwealth of the Commonwealth of Pennsylvania, dated as of a recent date, as to the good standing of the Borrower and (ii) a certificate of the Secretary or an Assistant Secretary of the Borrower dated the Amendment Effective Date and certifying (A) that attached thereto is a true, correct and complete copies of (x) the Borrower's articles of incorporation certified by the Secretary of the Commonwealth of the Commonwealth of Pennsylvania and (y) the bylaws of the Borrower, (B) as to the absence of dissolution or liquidation proceedings by or against the Borrower, (C) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of the Borrower authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force and effect on the date of such certificate and (D) as to the incumbency and specimen signatures of each officer of the Borrower executing this Amendment or any other document delivered in connection herewith;

(f) all necessary governmental (domestic or foreign), regulatory and third party approvals, including, without limitation, the order of the PUC and any required approvals of the Federal Energy Regulatory Commission, authorizing borrowings hereunder in connection with the transactions contemplated by this Amendment and the other Loan Documents shall have been obtained and remain in full force and effect, in each case without any action being taken by any competent authority which could restrain or prevent such transaction or impose, in the reasonable judgment of the Agent, materially adverse conditions upon the consummation of such transactions; provided that any such approvals with respect to elections by the Borrower to increase the Commitment as contemplated by

Section 2.19 of the Credit Agreement need not be obtained or provided until the Borrower makes any such election;

(g) each New Lender shall have received all documentation and other information required by regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations, including, without limitation, the Patriot Act, as has been reasonably requested in writing;

(h) there shall be no outstanding Loans; and

(i) the Agent shall have received all costs, fees and expenses due to the Agent, the Joint Lead Arrangers (as such term is defined in the commitment letter dated December 28, 2015 to the Borrower from Wells Fargo Securities, LLC, Wells Fargo Bank, National Association, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Bank of America, N.A., Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC, JPMorgan Chase Bank, N.A. and Barclays Bank PLC) and the Lenders.

SECTION 8. *Notes.* Any Lender receiving a revised Note as contemplated by Section 7(b) above shall on or promptly after the Amendment Effective Date return any prior Note issued under the Existing Credit Agreement to the Borrower for cancellation.

SECTION 9. *Miscellaneous.* This Amendment shall constitute a Loan Document for all purposes of the Credit Agreement and the other Loan Documents. The provisions of this Amendment are deemed incorporated into the Credit Agreement as if fully set forth therein. The Borrower shall pay all reasonable out-of-pocket costs and expenses of the Agent incurred in connection with the negotiation, preparation and execution of this Amendment and the transactions contemplated hereby. The execution, delivery and effectiveness of this Amendment shall not, except as expressly provided herein, operate as a waiver of any right, power or remedy of any Lender or the Administrative Agent under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents.

AMENDMENT NO. 1 TO CREDIT AGREEMENT

AMENDMENT dated as of January 29, 2016 (this "**Amendment**") to the Amended and Restated Revolving Credit Agreement dated as of July 28, 2014 (as amended, amended and restated or otherwise modified prior to the date hereof, the "**Existing Credit Agreement**" and as amended hereby, the "**Amended Credit Agreement**") among LOUISVILLE GAS AND ELECTRIC COMPANY (the "**Borrower**"), the LENDERS party thereto (the "**Lenders**") and WELLS FARGO BANK, NATIONAL ASSOCIATION, as Administrative Agent, Issuing Lender and Swingline Lender (the "**Agent**").

W I T N E S S E T H :

WHEREAS, the parties hereto desire to amend the Existing Credit Agreement to (i) extend the scheduled Termination Date (ii) increase the Commitments and (iii) make certain other amendments, all as provided herein.

NOW, THEREFORE, the parties hereto agree as follows:

SECTION 1. *Defined Terms; References.* Unless otherwise specifically defined herein, each term used herein that is defined in the Amended Credit Agreement has the meaning assigned to such term in the Amended Credit Agreement. Each reference to "hereof", "hereunder", "herein" and "hereby" and each other similar reference and each reference to "this Agreement" and each other similar reference contained in the Existing Credit Agreement shall, after this Amendment becomes effective, refer to the Amended Credit Agreement.

SECTION 2. *Credit Agreement Amendments*. With effect from and including the Amendment Effective Date, the Existing Credit Agreement is hereby amended as follows:

(a) *Defined Terms*.

(i) Section 1.01 of the Existing Credit Agreement is amended by amending the definitions of the terms listed below as follows:

(A) The definition of "Lender Default" is amended by adding the following new clause (v) after clause (iv) and immediately preceding the proviso thereto:

", or (v) the Lender becomes the subject of a Bail-in Action"

(B) The definition of "London Interbank Offered Rate" is amended by (x) deleting the proviso at the end of clause (i) thereof, (y) deleting the proviso at the end of clause (ii) thereof and (z) adding the following sentence at the end thereof:

"Notwithstanding the foregoing, if the London Interbank Offered Rate determined in accordance with the foregoing shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement."

(C) The definition of "Letter of Credit Liabilities" is amended by adding the following sentence at the end thereof:

"For all purposes of this Agreement, if on any date of determination a Letter of Credit has expired by its terms but any amount may still be drawn thereunder by reason of the operation of Rule 3.14 of the ISP, such Letter of Credit shall be deemed to be "outstanding" in the amount so remaining available to be drawn."

(ii) Section 1.01 of the Existing Credit Agreement is amended by replacing the definitions of the terms listed below in their entirety with the following:

"Defaulting Lender" means at any time any Lender with respect to which a Lender Default is in effect at such time, including any Lender subject to a Bail-In Action. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more clauses of the definition of "Lender Default" shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to cure as expressly contemplated in the definition of "Lender Default") upon delivery of written notice of such determination to the Borrower, each Issuing Bank, each Swingline Lender and each Lender.

"Federal Funds Rate" means for any day the rate per annum (rounded upward, if necessary, to the nearest 1/100th of 1%) equal to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System, as published by the Federal Reserve Bank of New York on the Business Day next succeeding such day; provided, that (i) if such day is not a Business Day, the Federal Funds Rate for such day shall be such rate on such transactions on the next preceding Business Day as so published on the next succeeding Business Day, and (ii) if no such rate is so published on such next succeeding Business Day, the Federal Funds Rate for such day shall be the average rate (rounded upward, if necessary, to the nearest 1/100th of 1%) charged by Wells Fargo Bank, National Association on such day on such transactions as determined by the Administrative Agent; provided, further, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"JLA Issuing Bank" means Wells Fargo Bank, Bank of America, N.A., Citibank, N.A., JPMorgan Chase Bank, N.A., Mizuho Bank, Ltd. and Barclays Bank PLC (provided that Barclays Bank PLC shall issue only standby Letters of Credit).

"Joint Lead Arrangers" means Wells Fargo Securities, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Barclays Bank PLC, each in their capacity as joint lead arranger and joint bookrunner in respect of this Agreement.

"LIBOR Market Index Rate" means, for any day, the rate for 1 month U.S. dollar deposits as reported on Reuters Screen LIBOR01 (or any applicable successor page) as of 11:00 a.m., London time, for such day, provided, if such day is not a London Business Day, the immediately preceding London Business Day (or if not so reported, then as determined by the Swingline Lender from another recognized source or interbank quotation); provided, however, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"Sanctioned Country" means a country, region or territory that is, or whose government is, the subject of comprehensive territorial Sanctions (currently, Crimea, Cuba, Iran, North Korea, Sudan, and Syria).

"Sanctions" means sanctions administered or enforced by OFAC, the U.S. State Department, the European Union, any European Union member state, Her Majesty's Treasury of the United Kingdom or any other applicable sanctions authority.

"Termination Date" means the earlier to occur of (i) December 31, 2020, as may be extended from time to time pursuant to Section 2.08(d), and (ii) the date upon which all Commitments shall have been terminated in their entirety in accordance with this Agreement.

(iii) Section 1.01 of the Existing Credit Agreement is amended by inserting the following definitions in their correct alphabetical order:

"Amendment No. 1 Closing Date" means January 29, 2016.

"Amendment No. 1 Fee Letter" means that certain fee letter dated as of December 28, 2015 among the Borrower, PPL Corporation, Kentucky Utilities Company, PPL Electric Utilities Corporation, Wells Fargo Securities and Wells Fargo Bank.

"Bail-In Action" means the exercise of any Write-Down and Conversion Powers by the applicable EEA Resolution Authority in respect of any liability of an EEA Financial Institution.

"Bail-In Legislation" means, with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule.

"Connection Income Taxes" means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise or branch profits or similar taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto.

"EEA Financial Institution" means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

"EEA Member Country" means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

"EEA Resolution Authority" means any public administrative authority or any person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

"EU Bail-In Legislation Schedule" means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor Person), as in effect from time to time.

"ISP" has the meaning set forth in Section 3.13.

"Issuer Documents" means with respect to any Letter of Credit, the Letter of Credit Request, and any other document, agreement and instrument entered into by any Issuing Lender and the Borrower (or any Subsidiary) or in favor of such Issuing Lender and relating to such Letter of Credit.

"Other Connection Taxes" means, with respect to any Agent or Lender, taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto imposed as a result of a present or former connection between such Person and the jurisdiction imposing such tax (other than connections arising from such Person having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Loan or Loan Document).

"Write-Down and Conversion Powers" means, with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule.

(iv) The definition of "FATCA" in Section 1.01 of the Existing Credit Agreement is amended by replacing "Code" where it appears therein with "Internal Revenue Code".

(b) *Commitments to Lend.* Section 2.01 of the Existing Credit Agreement is amended and restated by inserting "in Dollars" immediately after "to make Revolving Loans" where it appears therein.

(c) *Swingline Loans.* Section 2.02(a) of the Existing Credit Agreement is amended by replacing the first sentence thereof with the following:

"Subject to the terms and conditions of this Agreement, the Swingline Lender agrees to make Swingline Loans to the Borrower from time to time from the Effective Date through, but not including, the Swingline Termination Date in an aggregate principal amount at any time outstanding that will not result in (i) the sum of the total Swingline Exposures exceeding the Swingline Sublimit, (ii) the sum of the total Revolving Outstandings exceeding the total Commitments, (iii) any Lender's Revolving Outstandings exceeding such Lender's Commitment or (iv) in the case of the Swingline Lender (whether directly or through an Affiliate), the sum of such Lender's Revolving Outstandings plus (without duplication) the outstanding principal amount of Swingline Loans made by the Swingline Lender exceeding such Swingline Lender's

Commitment; provided, that the Borrower shall not use the proceeds of any Swingline Loan to refinance any outstanding Swingline Loan."

(d) *Optional Extensions*. Section 2.08(d)(ii) of the Existing Credit Agreement is amended by replacing "anniversary of the date hereof" where it appears therein with "anniversary of the Amendment No. 1 Closing Date".

(e) *Increased Costs; Taxes.*

(i) Section 2.16(a)(ii) of the Existing Credit Agreement is amended and replaced in its entirety with the following:

"(ii) subject any Lender or the Issuing Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Loan made by it, or change the basis of taxation of payments to such Lender or the Issuing Lender in respect thereof (other than (A) Taxes, (B) Other Taxes, (C) the imposition of, or any change in the rate of, any taxes described in clause (i)(a) and clauses (ii) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's or an Issuing Lender's failure to comply with Section 2.17(e)) or".

(ii) Section 2.17(a)(i) of the Existing Credit Agreement is amended by:

(A) inserting "(a)" after "Lender" where it first appears therein;

(B) replacing "principal executive office" where it appears therein with "principal office"; and

(C) inserting "or (b) that are Other Connection Taxes" at the end thereof.

(iii) Section 2.17(e)(ii)(C) of the Existing Credit Agreement is amended by replacing "Code" where it first appears therein with "Internal Revenue Code".

(iv) Section 2.17(e) of the Existing Credit Agreement is amended by inserting the following sentence immediately prior to the second to last sentence thereof:

"For purposes of determining withholding Taxes imposed under FATCA, the Borrower and the Administrative Agent shall treat (and the Lenders hereby authorize the Administrative Agent to treat) this Agreement and any Loan or Letter of Credit issued under or pursuant to this Agreement as not qualifying as a "grandfathered obligation" within the meaning of Treasury Regulation Section 1.1471-2(b)(2)(i) or Treasury Regulation Section 1.1471-2T(b)(2)(i)."

(f) *Letters of Credit.*

(i) Section 3.02 of the Existing Credit Agreement is amended by adding the following new clause (b) at the end thereof:

"(b) If the Borrower so requests in any applicable Letter of Credit Request, an Issuing Lender may, in its sole discretion, agree to issue a Letter of

Credit that has automatic extension provisions (each, an "Auto-Extension Letter of Credit"); provided that any such Auto-Extension Letter of Credit must permit such Issuing Lender to prevent any such extension at least once in each twelve-month period (commencing with the date of issuance of such Letter of Credit) by giving prior notice to the beneficiary thereof not later than a day (the "Non-Extension Notice Date") in each such twelve-month period to be agreed upon at the time such Letter of Credit is issued. Unless otherwise directed by the applicable Issuing Lender, the Borrower shall not be required to make a specific request to the applicable Issuing Lender for any such extension. Once an Auto-Extension Letter of Credit has been issued, the Lenders shall be deemed to have authorized (but may not require) the applicable Issuing Lender to permit the extension of such Letter of Credit at any time to an expiry date not later than five days prior to the Termination Date; provided, however, that no Issuing Lender shall permit any such extension if (A) such Issuing Lender has determined that it would not be permitted, or would have no obligation, at such time to issue such Letter of Credit in its revised form (as extended) under the terms hereof (by reason of the provisions of Section 3.04 or otherwise), or (B) it has received notice (which may be by telephone or in writing) on or before the day that is seven Business Days before the Non-Extension Notice Date (1) from the Administrative Agent that the Required Lenders have elected not to permit such extension or (2) from the Administrative Agent, any Lender or the Borrower that one or more of the applicable conditions specified in Section 4.02 is not then satisfied, and in each such case directing such Issuing Lender not to permit such extension."

(ii) Section 3.13 of the Existing Credit Agreement is amended by adding "(the "ISP")" immediately after the words "The rules of the "International Standby Practices 1998" as published by the International Chamber of Commerce most recently at the time of issuance of any Letter of Credit".

(iii) Article III of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(A) "Section 3.14 Amount of Letter of Credit. Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that, by its terms or the terms of any Issuer Document related thereto, provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time, except that Letter of Credit fees payable as provided in Section 2.07(b) shall be calculated based on the actual amount available for drawing in effect at any time rather than such maximum stated amount."

(g) *Representations and Warranties.*

(i) Sections 5.04(a), 5.04(c), 5.05, 5.13(a) and 5.13(b) of the Existing Credit Agreement are amended and restated by replacing "December 31, 2013" where it appears therein with "December 31, 2014";

(ii) Section 5.04(b) is amended and replaced in its entirety with the following:

"The unaudited consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of September 30, 2015 and the related unaudited consolidated statements of income and cash flows for the nine months then ended fairly present, in conformity with GAAP applied on a basis consistent with the financial statements referred to in subsection (a) of this Section, the consolidated financial position of the Borrower and its Consolidated Subsidiaries as of such date and their consolidated results of operations and cash flows for such nine-month period (subject to normal year-end audit adjustments)."; and

(iii) Section 5.08 of the Existing Credit Agreement is amended and restated by inserting "or the Amendment No. 1 Closing Date" after "Effective Date" where it appears therein.

(h) *Sanctions*. Section 6.06 of the Existing Credit Agreement is amended by adding the following sentence at the end thereof:

"The proceeds of any Loan will not be used, directly or indirectly, to fund any activities or business of or with any Sanctioned Person, or in any Sanctioned Country."

(i) *Submission to Jurisdiction.* Section 9.07 of the Existing Credit Agreement is amended and restated by inserting ", borough of Manhattan," immediately after "New York City" where it appears therein.

(j) *Acknowledgment and Consent to Bail-in of EEA Financial Institutions.* The Existing Credit Agreement is amended by (i) inserting the following new Section 9.15 immediately following Section 9.14 of the Existing Credit Agreement, (ii) renumbering Sections 9.15 and 9.16 of the Existing Credit Agreement as Sections 9.16 and 9.17, respectively and (iii) replacing the reference to "Section 9.15" in the definition of "Consenting Lender" in Section 1.01 of the Existing Credit Agreement with a reference to "Section 9.17":

"Section 9.15. Acknowledgment and Consent to Bail-in of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-in Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority."

(k) *Miscellaneous.* Article IX of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(i) "Section 9.18. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender."

(ii) "Section 9.19. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction."

(iii) "Section 9.20. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement."

(l) *Administrative Agent's Fees.* Section 8.10 of the Existing Credit Agreement is amended by replacing "Fee Letter" where it appears therein with "Amendment No. 1 Fee Letter".

(m) *Appendices.*

(i) Appendix A to the Existing Credit Agreement (Commitments) is amended and replaced in its entirety with Appendix A annexed hereto.

(ii) Appendix B to the Existing Credit Agreement (JLA Fronting Sublimits) is amended and replaced in its entirety with Appendix B annexed hereto.

SECTION 3. *Changes in Commitments.* With effect from and including the Amendment Effective Date, (i) each Person listed on Appendix A hereto that is not a party to the Existing Credit Agreement (each, a "**New Lender**" and, together with each Person that is not an Exiting Lender, the "**Continuing Lenders**") shall become a Lender party to the Amended Credit Agreement, (ii) the Commitment of each Lender shall be the amount set forth opposite the name of such Lender on Appendix A hereto and (iii) each JLA Issuing Bank shall have the Fronting Sublimit set forth in Appendix B. On the Amendment Effective Date, any Lender whose name does not appear on Appendix A (each, an "**Exiting Lender**") shall cease to be a Lender party to the Credit Agreement, and all accrued fees and other amounts payable under the Credit Agreement for the account of each Exiting Lender shall be due and payable on such date; provided that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of the Credit Agreement shall continue to inure to the benefit of each Exiting Lender after the Amendment Effective Date. On the Amendment Effective Date, the Commitment Ratio of the Continuing Lenders shall be redetermined giving effect to the adjustments to the Commitments referred to in this Section 3, and the participations of the Continuing lenders in and the obligations of the Continuing Lenders in respect of any Letters of Credit outstanding on the Amendment Effective Date shall be reallocated to reflect such redetermined Commitment Ratio.

SECTION 4. *Full Force and Effect; Ratification.* Except as expressly modified herein, all of the terms and conditions of the Existing Credit Agreement are unchanged, and, as modified hereby, the Borrower confirms and ratifies all of the terms, covenants and conditions of the Existing Credit Agreement. This Amendment constitutes the entire and final agreement among the parties hereto with respect to the subject matter hereof and there are no other agreements, understandings, undertakings, representations or warranties among the parties hereto with respect to the subject matter hereof except as set forth herein.

SECTION 5. *Governing Law.* This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 6. *Counterparts.* This Amendment may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

SECTION 7. *Effectiveness.* This Amendment shall become effective as of the first date when each of the following conditions are met (the "**Amendment Effective Date**"):

(a) the Agent shall have received from the Borrower and each Continuing Lender and Lenders constituting Required Lenders a counterpart hereof signed by such party or facsimile or other written confirmation (in form satisfactory to the Agent) that such party has signed a counterpart hereof;

(b) the Agent shall have received a duly executed revised Note for the account of each Lender requesting delivery of such Note pursuant to Section 2.05 of the Credit Agreement;

(c) the Agent shall have received satisfactory opinions of counsel for the Borrower, dated the Amendment Effective Date;

(d) the Agent shall have received a certificate dated the Amendment Effective Date signed on behalf of the Borrower by the Chairman of the Board, the President, any Vice President, the Treasurer or any Assistant Treasurer of the Borrower stating that (A) on the Amendment Effective Date, before and after giving effect to this Amendment, no Default shall have occurred or be continuing and (B) the representations and warranties contained in the Amended Credit Agreement are true and correct on and as of the Amendment Effective Date, except to the extent that such representations and warranties specifically refer to an earlier date, in which case they were true and correct as of such earlier date;

(e) the Agent shall have received (i) a certificate of the Secretary of State of the Commonwealth of Kentucky, dated as of a recent date, as to the good standing of the Borrower and (ii) a certificate of the Secretary or an Assistant Secretary of the Borrower dated the Amendment Effective Date and certifying (A) that attached thereto is a true, correct and complete copies of (x) the Borrower's articles of incorporation certified by the Secretary of State of the Commonwealth of Kentucky and (y) the bylaws of the Borrower, (B) as to the absence of dissolution or liquidation proceedings by or against the Borrower, (C) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of the Borrower authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force and effect on the date of such certificate and (D) as to the incumbency and specimen signatures of each officer of the Borrower executing this Amendment or any other document delivered in connection herewith;

(f) all necessary governmental (domestic or foreign), regulatory and third party approvals, including, without limitation, the order of the KPSC and any required approvals of the Federal Energy Regulatory Commission, authorizing borrowings hereunder in connection with the transactions contemplated by this Amendment and the other Loan Documents shall have been obtained and remain in full force and effect, in each case without any action being taken by any competent authority which could restrain or prevent such transaction or impose, in the reasonable judgment of the Agent, materially adverse conditions upon the consummation of such transactions; provided that any such approvals with respect to elections by the Borrower to increase the Commitment as contemplated by Section 2.19 of the Credit Agreement need not be obtained or provided until the Borrower makes any such election;

(g) each New Lender shall have received all documentation and other information required by regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations, including, without limitation, the Patriot Act, as has been reasonably requested in writing;

(h) there shall be no outstanding Loans; and

(i) the Agent shall have received all costs, fees and expenses due to the Agent, the Joint Lead Arrangers (as such term is defined in the commitment letter dated December 28, 2015 to the Borrower from Wells Fargo Securities, LLC, Wells Fargo Bank, National Association, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Bank of America, N.A., Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC, JPMorgan Chase Bank, N.A. and Barclays Bank PLC) and the Lenders.

SECTION 8. *Notes.* Any Lender receiving a revised Note as contemplated by Section 7(b) above shall on or promptly after the Amendment Effective Date return any prior Note issued under the Existing Credit Agreement to the Borrower for cancellation.

SECTION 9. *Miscellaneous*. This Amendment shall constitute a Loan Document for all purposes of the Credit Agreement and the other Loan Documents. The provisions of this Amendment are deemed incorporated into the Credit Agreement as if fully set forth therein. The Borrower shall pay all reasonable out-of-pocket costs and expenses of the Agent incurred in connection with the negotiation, preparation and execution of this Amendment and the transactions contemplated hereby. The execution, delivery and effectiveness of this Amendment shall not, except as expressly provided herein, operate as a waiver of any right, power or remedy of any Lender or the Administrative Agent under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents.

EXECUTION VERSION

AMENDMENT NO. 1 TO CREDIT AGREEMENT

AMENDMENT dated as of January 29, 2016 (this "**Amendment**") to the Amended and Restated Revolving Credit Agreement dated as of July 28, 2014 (as amended, amended and restated or otherwise modified prior to the date hereof, the "**Existing Credit Agreement**" and as amended hereby, the "**Amended Credit Agreement**") among KENTUCKY UTILITIES COMPANY (the "**Borrower**"), the LENDERS party thereto (the "**Lenders**") and WELLS FARGO BANK, NATIONAL ASSOCIATION, as Administrative Agent, Issuing Lender and Swingline Lender (the "**Agent**").

W I T N E S S E T H :

WHEREAS, the parties hereto desire to amend the Existing Credit Agreement to (i) extend the scheduled Termination Date (ii) increase the Commitments and (iii) make certain other amendments, all as provided herein.

NOW, THEREFORE, the parties hereto agree as follows:

SECTION 1. *Defined Terms; References.* Unless otherwise specifically defined herein, each term used herein that is defined in the Amended Credit Agreement has the meaning assigned to such term in the Amended Credit Agreement. Each reference to "hereof", "hereunder", "herein" and "hereby" and each other similar reference and each reference to "this Agreement" and each other similar reference contained in the Existing Credit Agreement shall, after this Amendment becomes effective, refer to the Amended Credit Agreement.

SECTION 2. *Credit Agreement Amendments*. With effect from and including the Amendment Effective Date, the Existing Credit Agreement is hereby amended as follows:

(a) *Defined Terms*.

(i) Section 1.01 of the Existing Credit Agreement is amended by amending the definitions of the terms listed below as follows:

(A) The definition of "Lender Default" is amended by adding the following new clause (v) after clause (iv) and immediately preceding the proviso thereto:

", or (v) the Lender becomes the subject of a Bail-in Action"

(B) The definition of "London Interbank Offered Rate" is amended by (x) deleting the proviso at the end of clause (i) thereof, (y) deleting the proviso at the end of clause (ii) thereof and (z) adding the following sentence at the end thereof:

"Notwithstanding the foregoing, if the London Interbank Offered Rate determined in accordance with the foregoing shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement."

(C) The definition of "Letter of Credit Liabilities" is amended by adding the following sentence at the end thereof:

"For all purposes of this Agreement, if on any date of determination a Letter of Credit has expired by its terms but any amount may still be drawn thereunder by reason of the operation of Rule 3.14 of the ISP, such Letter of Credit shall be deemed to be "outstanding" in the amount so remaining available to be drawn."

(ii) Section 1.01 of the Existing Credit Agreement is amended by replacing the definitions of the terms listed below in their entirety with the following:

"Defaulting Lender" means at any time any Lender with respect to which a Lender Default is in effect at such time, including any Lender subject to a Bail-In Action. Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more clauses of the definition of "Lender Default" shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to cure as expressly contemplated in the definition of "Lender Default") upon delivery of written notice of such determination to the Borrower, each Issuing Bank, each Swingline Lender and each Lender.

"Federal Funds Rate" means for any day the rate per annum (rounded upward, if necessary, to the nearest 1/100th of 1%) equal to the weighted average of the rates on overnight Federal funds transactions with members of the Federal Reserve System, as published by the Federal Reserve Bank of New York on the Business Day next succeeding such day; provided, that (i) if such day is not a Business Day, the Federal Funds Rate for such day shall be such rate on such transactions on the next preceding Business Day as so published on the next succeeding Business Day, and (ii) if no such rate is so published on such next succeeding Business Day, the Federal Funds Rate for such day shall be the average rate (rounded upward, if necessary, to the nearest 1/100th of 1%) charged by Wells Fargo Bank, National Association on such day on such transactions as determined by the Administrative Agent; provided, further, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"JLA Issuing Bank" means Wells Fargo Bank, Bank of America, N.A., Citibank, N.A., JPMorgan Chase Bank, N.A., Mizuho Bank, Ltd. and Barclays Bank PLC (provided that Barclays Bank PLC shall issue only standby Letters of Credit).

"Joint Lead Arrangers" means Wells Fargo Securities, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC and Barclays Bank PLC, each in their capacity as joint lead arranger and joint bookrunner in respect of this Agreement.

"LIBOR Market Index Rate" means, for any day, the rate for 1 month U.S. dollar deposits as reported on Reuters Screen LIBOR01 (or any applicable successor page) as of 11:00 a.m., London time, for such day, provided, if such day is not a London Business Day, the immediately preceding London Business Day (or if not so reported, then as determined by the Swingline Lender from another recognized source or interbank quotation); provided, however, that if any such rate shall be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.

"Sanctioned Country" means a country, region or territory that is, or whose government is, the subject of comprehensive territorial Sanctions (currently, Crimea, Cuba, Iran, North Korea, Sudan, and Syria).

"Sanctions" means sanctions administered or enforced by OFAC, the U.S. State Department, the European Union, any European Union member state, Her Majesty's Treasury of the United Kingdom or any other applicable sanctions authority.

"Termination Date" means the earlier to occur of (i) December 31, 2020, as may be extended from time to time pursuant to Section 2.08(d), and (ii) the date upon which all Commitments shall have been terminated in their entirety in accordance with this Agreement.

(iii) Section 1.01 of the Existing Credit Agreement is amended by inserting the following definitions in their correct alphabetical order:

"Amendment No. 1 Closing Date" means January 29, 2016.

"Amendment No. 1 Fee Letter" means that certain fee letter dated as of December 28, 2015 among the Borrower, PPL Corporation, PPL Electric Utilities Corporation, Louisville Gas and Electric Company, Wells Fargo Securities and Wells Fargo Bank.

"Bail-In Action" means the exercise of any Write-Down and Conversion Powers by the applicable EEA Resolution Authority in respect of any liability of an EEA Financial Institution.

"Bail-In Legislation" means, with respect to any EEA Member Country implementing Article 55 of Directive 2014/59/EU of the European Parliament and of the Council of the European Union, the implementing law for such EEA Member Country from time to time which is described in the EU Bail-In Legislation Schedule.

"Connection Income Taxes" means Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise or branch profits or similar taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto.

"EEA Financial Institution" means (a) any credit institution or investment firm established in any EEA Member Country which is subject to the supervision of an EEA Resolution Authority, (b) any entity established in an EEA Member Country which is a parent of an institution described in clause (a) of this definition, or (c) any financial institution established in an EEA Member Country which is a subsidiary of an institution described in clauses (a) or (b) of this definition and is subject to consolidated supervision with its parent.

"EEA Member Country" means any of the member states of the European Union, Iceland, Liechtenstein, and Norway.

"EEA Resolution Authority" means any public administrative authority or any person entrusted with public administrative authority of any EEA Member Country (including any delegee) having responsibility for the resolution of any EEA Financial Institution.

"EU Bail-In Legislation Schedule" means the EU Bail-In Legislation Schedule published by the Loan Market Association (or any successor Person), as in effect from time to time.

"ISP" has the meaning set forth in Section 3.13.

"Issuer Documents" means with respect to any Letter of Credit, the Letter of Credit Request, and any other document, agreement and instrument entered into by any Issuing Lender and the Borrower (or any Subsidiary) or in favor of such Issuing Lender and relating to such Letter of Credit.

"Other Connection Taxes" means, with respect to any Agent or Lender, taxes, duties, levies, impost, deductions, charges, and withholdings and all liabilities with respect thereto imposed as a result of a present or former connection between such Person and the jurisdiction imposing such tax (other than connections arising from such Person having executed, delivered, become a party to, performed its obligations under, received payments under, received or perfected a security interest under, engaged in any other transaction pursuant to or enforced any Loan Document, or sold or assigned an interest in any Loan or Loan Document).

"Write-Down and Conversion Powers" means, with respect to any EEA Resolution Authority, the write-down and conversion powers of such EEA Resolution Authority from time to time under the Bail-In Legislation for the applicable EEA Member Country, which write-down and conversion powers are described in the EU Bail-In Legislation Schedule.

(iv) The definition of "FATCA" in Section 1.01 of the Existing Credit Agreement is amended by replacing "Code" where it appears therein with "Internal Revenue Code".

(b) *Commitments to Lend.* Section 2.01 of the Existing Credit Agreement is amended and restated by inserting "in Dollars" immediately after "to make Revolving Loans" where it appears therein.

(c) *Swingline Loans.* Section 2.02(a) of the Existing Credit Agreement is amended by replacing the first sentence thereof with the following:

"Subject to the terms and conditions of this Agreement, the Swingline Lender agrees to make Swingline Loans to the Borrower from time to time from the Effective Date through, but not including, the Swingline Termination Date in an aggregate principal amount at any time outstanding that will not result in (i) the sum of the total Swingline Exposures exceeding the Swingline Sublimit, (ii) the sum of the total Revolving Outstandings exceeding the total Commitments, (iii) any Lender's Revolving Outstandings exceeding such Lender's Commitment or (iv) in the case of the Swingline Lender (whether directly or through an Affiliate), the sum of such Lender's Revolving Outstandings plus (without duplication) the outstanding principal amount of Swingline Loans made by the Swingline Lender exceeding such Swingline Lender's

Commitment; provided, that the Borrower shall not use the proceeds of any Swingline Loan to refinance any outstanding Swingline Loan."

(d) *Optional Extensions*. Section 2.08(d)(ii) of the Existing Credit Agreement is amended by replacing "anniversary of the date hereof" where it appears therein with "anniversary of the Amendment No. 1 Closing Date".

(e) *Increased Costs; Taxes.*

(i) Section 2.16(a)(ii) of the Existing Credit Agreement is amended and replaced in its entirety with the following:

"(ii) subject any Lender or the Issuing Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Loan made by it, or change the basis of taxation of payments to such Lender or the Issuing Lender in respect thereof (other than (A) Taxes, (B) Other Taxes, (C) the imposition of, or any change in the rate of, any taxes described in clause (i)(a) and clauses (ii) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's or an Issuing Lender's failure to comply with Section 2.17(e)) or".

(ii) Section 2.17(a)(i) of the Existing Credit Agreement is amended by:

(A) inserting "(a)" after "Lender" where it first appears therein;

(B) replacing "principal executive office" where it appears therein with "principal office"; and

(C) inserting "or (b) that are Other Connection Taxes" at the end thereof.

(iii) Section 2.17(e)(ii)(C) of the Existing Credit Agreement is amended by replacing "Code" where it first appears therein with "Internal Revenue Code".

(iv) Section 2.17(e) of the Existing Credit Agreement is amended by inserting the following sentence immediately prior to the second to last sentence thereof:

"For purposes of determining withholding Taxes imposed under FATCA, the Borrower and the Administrative Agent shall treat (and the Lenders hereby authorize the Administrative Agent to treat) this Agreement and any Loan or Letter of Credit issued under or pursuant to this Agreement as not qualifying as a "grandfathered obligation" within the meaning of Treasury Regulation Section 1.1471-2(b)(2)(i) or Treasury Regulation Section 1.1471-2T(b)(2)(i)."

(f) *Letters of Credit.*

(i) Section 3.02 of the Existing Credit Agreement is amended by adding the following new clause (b) at the end thereof:

"(b) If the Borrower so requests in any applicable Letter of Credit Request, an Issuing Lender may, in its sole discretion, agree to issue a Letter of

Credit that has automatic extension provisions (each, an "Auto-Extension Letter of Credit"); provided that any such Auto-Extension Letter of Credit must permit such Issuing Lender to prevent any such extension at least once in each twelve-month period (commencing with the date of issuance of such Letter of Credit) by giving prior notice to the beneficiary thereof not later than a day (the "Non-Extension Notice Date") in each such twelve-month period to be agreed upon at the time such Letter of Credit is issued. Unless otherwise directed by the applicable Issuing Lender, the Borrower shall not be required to make a specific request to the applicable Issuing Lender for any such extension. Once an Auto-Extension Letter of Credit has been issued, the Lenders shall be deemed to have authorized (but may not require) the applicable Issuing Lender to permit the extension of such Letter of Credit at any time to an expiry date not later than five days prior to the Termination Date; provided, however, that no Issuing Lender shall permit any such extension if (A) such Issuing Lender has determined that it would not be permitted, or would have no obligation, at such time to issue such Letter of Credit in its revised form (as extended) under the terms hereof (by reason of the provisions of Section 3.04 or otherwise), or (B) it has received notice (which may be by telephone or in writing) on or before the day that is seven Business Days before the Non-Extension Notice Date (1) from the Administrative Agent that the Required Lenders have elected not to permit such extension or (2) from the Administrative Agent, any Lender or the Borrower that one or more of the applicable conditions specified in Section 4.02 is not then satisfied, and in each such case directing such Issuing Lender not to permit such extension."

(ii) Section 3.13 of the Existing Credit Agreement is amended by adding "(the "ISP")" immediately after the words "The rules of the "International Standby Practices 1998" as published by the International Chamber of Commerce most recently at the time of issuance of any Letter of Credit".

(iii) Article III of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(A) "Section 3.14 Amount of Letter of Credit. Unless otherwise specified herein, the amount of a Letter of Credit at any time shall be deemed to be the stated amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that, by its terms or the terms of any Issuer Document related thereto, provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time, except that Letter of Credit fees payable as provided in Section 2.07(b) shall be calculated based on the actual amount available for drawing in effect at any time rather than such maximum stated amount."

(g) *Representations and Warranties.*

(i) Sections 5.04(a) and 5.04(c) of the Existing Credit Agreement are amended and restated by replacing "December 31, 2013" where it appears therein with "December 31, 2014";

(ii) Section 5.04(b) is amended and replaced in its entirety with the following:

"The unaudited consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as of September 30, 2015 and the related unaudited consolidated statements of income and cash flows for the nine months then ended fairly present, in conformity with GAAP applied on a basis consistent with the financial statements referred to in subsection (a) of this Section, the consolidated financial position of the Borrower and its Consolidated Subsidiaries as of such date and their consolidated results of operations and cash flows for such nine-month period (subject to normal year-end audit adjustments)."; and

(iii) Section 5.08 of the Existing Credit Agreement is amended and restated by inserting "or the Amendment No. 1 Closing Date" after "Effective Date" where it appears therein.

(h) *Sanctions.* Section 6.06 of the Existing Credit Agreement is amended by adding the following sentence at the end thereof:

"The proceeds of any Loan will not be used, directly or indirectly, to fund any activities or business of or with any Sanctioned Person, or in any Sanctioned Country."

(i) *Submission to Jurisdiction.* Section 9.07 of the Existing Credit Agreement is amended and restated by inserting ", borough of Manhattan," immediately after "New York City" where it appears therein.

(j) *Acknowledgment and Consent to Bail-in of EEA Financial Institutions.* The Existing Credit Agreement is amended by (i) inserting the following new Section 9.15 immediately following Section 9.14 of the Existing Credit Agreement, (ii) renumbering Sections 9.15 and 9.16 of the Existing Credit Agreement as Sections 9.16 and 9.17, respectively and (iii) replacing the reference to "Section 9.15" in the definition of "Consenting Lender" in Section 1.01 of the Existing Credit Agreement with a reference to "Section 9.17":

"Section 9.15. Acknowledgment and Consent to Bail-in of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-in Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority."

(k) *Miscellaneous.* Article IX of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

(i) "Section 9.18. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender."

(ii) "Section 9.19. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction."

(iii) "Section 9.20. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement."

(l) *Administrative Agent's Fees.* Section 8.10 of the Existing Credit Agreement is amended by replacing "Fee Letter" where it appears therein with "Amendment No. 1 Fee Letter".

(m) *Appendices.*

(i) Appendix A to the Existing Credit Agreement (Commitments) is amended and replaced in its entirety with Appendix A annexed hereto.

(ii) Appendix B to the Existing Credit Agreement (JLA Fronting Sublimits) is amended and replaced in its entirety with Appendix B annexed hereto.

SECTION 3. *Changes in Commitments.* With effect from and including the Amendment Effective Date, (i) each Person listed on Appendix A hereto that is not a party to the Existing Credit Agreement (each, a "**New Lender**" and, together with each Person that is not an Exiting Lender, the "**Continuing Lenders**") shall become a Lender party to the Amended Credit Agreement, (ii) the Commitment of each Lender shall be the amount set forth opposite the name of such Lender on Appendix A hereto and (iii) each JLA Issuing Bank shall have the Fronting Sublimit set forth in Appendix B. On the Amendment Effective Date, any Lender whose name does not appear on Appendix A (each, an "**Exiting Lender**") shall cease to be a Lender party to the Credit Agreement, and all accrued fees and other amounts payable under the Credit Agreement for the account of each Exiting Lender shall be due and payable on such date; provided that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of the Credit Agreement shall continue to inure to the benefit of each Exiting Lender after the Amendment Effective Date. On the Amendment Effective Date, the Commitment Ratio of the Continuing Lenders shall be redetermined giving effect to the adjustments to the Commitments referred to in this Section 3, and the participations of the Continuing lenders in and the obligations of the Continuing Lenders in respect of any Letters of Credit outstanding on the Amendment Effective Date shall be reallocated to reflect such redetermined Commitment Ratio.

SECTION 4. *Full Force and Effect; Ratification.* Except as expressly modified herein, all of the terms and conditions of the Existing Credit Agreement are unchanged, and, as modified hereby, the Borrower confirms and ratifies all of the terms, covenants and conditions of the Existing Credit Agreement. This Amendment constitutes the entire and final agreement among the parties hereto with respect to the subject matter hereof and there are no other agreements, understandings, undertakings, representations or warranties among the parties hereto with respect to the subject matter hereof except as set forth herein.

SECTION 5. *Governing Law.* This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 6. *Counterparts.* This Amendment may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

SECTION 7. *Effectiveness.* This Amendment shall become effective as of the first date when each of the following conditions are met (the "**Amendment Effective Date**"):

(a) the Agent shall have received from the Borrower and each Continuing Lender and Lenders constituting Required Lenders a counterpart hereof signed by such party or facsimile or other written confirmation (in form satisfactory to the Agent) that such party has signed a counterpart hereof;

(b) the Agent shall have received a duly executed revised Note for the account of each Lender requesting delivery of such Note pursuant to Section 2.05 of the Credit Agreement;

(c) the Agent shall have received satisfactory opinions of counsel for the Borrower, dated the Amendment Effective Date;

(d) the Agent shall have received a certificate dated the Amendment Effective Date signed on behalf of the Borrower by the Chairman of the Board, the President, any Vice President, the Treasurer or any Assistant Treasurer of the Borrower stating that (A) on the Amendment Effective Date, before and after giving effect to this Amendment, no Default shall have occurred or be continuing and (B) the representations and warranties contained in the Amended Credit Agreement are true and correct on and as of the Amendment Effective Date, except to the extent that such representations and warranties specifically refer to an earlier date, in which case they were true and correct as of such earlier date;

(e) the Agent shall have received (i) a certificate of the Secretary of State of the Commonwealth of Kentucky and a certificate of the Secretary of the Commonwealth of the Commonwealth of Virginia, each dated as of a recent date, as to the good standing of the Borrower and (ii) a certificate of the Secretary or an Assistant Secretary of the Borrower dated the Amendment Effective Date and certifying (A) that attached thereto is a true, correct and complete copies of (x) the Borrower's articles of incorporation certified by the Secretary of State of the Commonwealth of Kentucky and the Secretary of the Commonwealth of the Commonwealth of Virginia and (y) the bylaws of the Borrower, (B) as to the absence of dissolution or liquidation proceedings by or against the Borrower, (C) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of the Borrower authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force and effect on the date of such certificate and (D) as to the incumbency and specimen signatures of each officer of the Borrower executing this Amendment or any other document delivered in connection herewith;

(f) all necessary governmental (domestic or foreign), regulatory and third party approvals, including, without limitation, the orders of the KPSC, TRA, VSCC and any required approvals of the Federal Energy Regulatory Commission, authorizing borrowings hereunder in connection with the transactions contemplated by this Amendment and the other Loan Documents shall have been obtained and remain in full force and effect, in each case without any action being taken by any competent authority which could restrain or prevent such transaction or impose, in the reasonable judgment of the Agent, materially adverse conditions upon the consummation of such transactions; provided that any such approvals with respect to elections by the Borrower to increase the Commitment as contemplated by Section 2.19 of the Credit Agreement need not be obtained or provided until the Borrower makes any such election;

(g) each New Lender shall have received all documentation and other information required by regulatory authorities under applicable "know your customer" and anti-money laundering rules and regulations, including, without limitation, the Patriot Act, as has been reasonably requested in writing;

(h) there shall be no outstanding Loans; and

(i) the Agent shall have received all costs, fees and expenses due to the Agent, the Joint Lead Arrangers (as such term is defined in the commitment letter dated December 28, 2015 to the Borrower from Wells Fargo Securities, LLC, Wells Fargo Bank, National Association, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Bank of America, N.A., Mizuho Bank, Ltd., Citigroup Global Markets Inc., J.P. Morgan Securities LLC, JPMorgan Chase Bank, N.A. and Barclays Bank PLC) and the Lenders.

SECTION 8. *Notes.* Any Lender receiving a revised Note as contemplated by Section 7(b) above shall on or promptly after the Amendment Effective Date return any prior Note issued under the Existing Credit Agreement to the Borrower for cancellation.

SECTION 9. *Miscellaneous*. This Amendment shall constitute a Loan Document for all purposes of the Credit Agreement and the other Loan Documents. The provisions of this Amendment are deemed incorporated into the Credit Agreement as if fully set forth therein. The Borrower shall pay all reasonable out-of-pocket costs and expenses of the Agent incurred in connection with the negotiation, preparation and execution of this Amendment and the transactions contemplated hereby. The execution, delivery and effectiveness of this Amendment shall not, except as expressly provided herein, operate as a waiver of any right, power or remedy of any Lender or the Administrative Agent under any of the Loan Documents, nor constitute a waiver of any provision of any of the Loan Documents.

KENTUCKY UTILITIES COMPANY

FORM 10-Q
FOR THE QUARTER ENDED March 31, 2016

Table of Contents

This combined Form 10-Q is separately filed by the following Registrants in their individual capacity: PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant, except that information under "Forward-Looking Information" relating to subsidiaries of PPL Corporation is also attributed to PPL Corporation and information relating to the subsidiaries of LG&E and KU Energy LLC is also attributed to LG&E and KU Energy LLC.

Unless otherwise specified, references in this Report, individually, to PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company are references to such entities directly or to one or more of their subsidiaries, as the case may be, the financial results of which subsidiaries are consolidated into such Registrants in accordance with GAAP. This presentation has been applied where identification of particular subsidiaries is not material to the matter being disclosed, and to conform narrative disclosures to the presentation of financial information on a consolidated basis.

(THIS PAGE LEFT BLANK INTENTIONALLY.)

GLOSSARY OF TERMS AND ABBREVIATIONS

PPL Corporation and its subsidiaries

KU - Kentucky Utilities Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity, primarily in Kentucky.

LG&E - Louisville Gas and Electric Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas in Kentucky.

LKE - LG&E and KU Energy LLC, a subsidiary of PPL and the parent of LG&E, KU and other subsidiaries.

LKS - LG&E and KU Services Company, a subsidiary of LKE that provides services to LKE and its subsidiaries.

PPL - PPL Corporation, the parent holding company of PPL Electric, PPL Energy Funding, PPL Capital Funding, LKE and other subsidiaries.

PPL Capital Funding - PPL Capital Funding, Inc., a financing subsidiary of PPL that provides financing for the operations of PPL and certain subsidiaries. Debt issued by PPL Capital Funding is guaranteed as to payment by PPL.

PPL Electric - PPL Electric Utilities Corporation, a public utility subsidiary of PPL engaged in the regulated transmission and distribution of electricity in its Pennsylvania service area and that provides electricity supply to its retail customers in this area as a PLR.

PPL Energy Funding - PPL Energy Funding Corporation, a subsidiary of PPL and the parent holding company of PPL Global and other subsidiaries.

PPL EU Services - PPL EU Services Corporation, a subsidiary of PPL that, beginning in 2015, provides support services and corporate functions such as financial, supply chain, human resources and facilities management services primarily to PPL Electric and its affiliates.

PPL Global - PPL Global, LLC, a subsidiary of PPL Energy Funding that, primarily through its subsidiaries, owns and operates WPD, PPL's regulated electricity distribution businesses in the U.K.

PPL Services - PPL Services Corporation, a subsidiary of PPL that provides administrative, management and support services to PPL and its subsidiaries.

PPL WPD Limited - an indirect U.K. subsidiary of PPL Global and parent to WPD plc.

WPD - refers to PPL WPD Limited and its subsidiaries.

WPD (East Midlands) - Western Power Distribution (East Midlands) plc, a British regional electricity distribution utility company.

WPD plc - Western Power Distribution plc, a direct U.K. subsidiary of PPL WPD Limited. Its principal indirectly owned subsidiaries are WPD (East Midlands), WPD (South Wales), WPD (South West) and WPD (West Midlands).

WPD Midlands - refers to WPD (East Midlands) and WPD (West Midlands), collectively.

WPD (South Wales) - Western Power Distribution (South Wales) plc, a British regional electricity distribution utility company.

WPD (South West) - Western Power Distribution (South West) plc, a British regional electricity distribution utility company.

WPD (West Midlands) - Western Power Distribution (West Midlands) plc, a British regional electricity distribution utility company.

WKE - Western Kentucky Energy Corp., a subsidiary of LKE that leased certain non-utility generating plants in western Kentucky until July 2009.

Other terms and abbreviations

£ - British pound sterling.

2015 Form 10-K - Annual Report to the SEC on Form 10-K for the year ended December 31, 2015.

2001 Mortgage Indenture - PPL Electric's Indenture, dated as of August 1, 2001, to the Bank of New York Mellon (as successor to JPMorgan Chase Bank), as trustee, as supplemented.

Act 11 - Act 11 of 2012 that became effective on April 16, 2012. The Pennsylvania legislation authorizes the PUC to approve two specific ratemaking mechanisms: the use of a fully projected future test year in base rate proceedings and, subject to certain conditions, a DSIC.

Act 129 - Act 129 of 2008 that became effective in October 2008. The law amends the Pennsylvania Public Utility Code and creates an energy efficiency and conservation program and smart metering technology requirements, adopts new PLR electricity supply procurement rules, provides remedies for market misconduct and changes to the Alternative Energy Portfolio Standard (AEPS).

AOCI - accumulated other comprehensive income or loss.

ARO - asset retirement obligation.

ATM Program - At-the-Market stock offering program.

BSER - Best System of Emission Reduction. The degree of emission reduction that EPA determines has been adequately demonstrated when taking into account the cost of achieving such reduction and any non-air quality health and environmental impact and energy requirements.

CCR(s) - Coal Combustion Residual(s). CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes.

Clean Air Act - federal legislation enacted to address certain environmental issues related to air emissions, including acid rain, ozone and toxic air emissions.

Clean Water Act - federal legislation enacted to address certain environmental issues relating to water quality including effluent discharges, cooling water intake, and dredge and fill activities.

CPCN - Certificate of Public Convenience and Necessity. Authority granted by the KPSC pursuant to Kentucky Revised Statute 278.020 to provide utility service to or for the public or the construction of certain plant, equipment, property or facility for furnishing of utility service to the public.

Customer Choice Act - the Pennsylvania Electricity Generation Customer Choice and Competition Act, legislation enacted to restructure the state's electric utility industry to create retail access to a competitive market for generation of electricity.

DNO - Distribution Network Operator in the U.K.

DPCR4 - Distribution Price Control Review 4, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2005.

DPCR5 - Distribution Price Control Review 5, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2010.

DRIP - PPL Amended and Restated Dividend Reinvestment and Direct Stock Purchase Plan.

DSIC - the Distribution System Improvement Charge authorized under Act 11, which is an alternative ratemaking mechanism providing more-timely cost recovery of qualifying distribution system capital expenditures.

DSM - Demand Side Management. Pursuant to Kentucky Revised Statute 278.285, the KPSC may determine the reasonableness of DSM plans proposed by any utility under its jurisdiction. Proposed DSM mechanisms may seek full recovery of costs and revenues lost by implementing DSM programs and/or incentives designed to provide financial rewards to the utility for implementing cost-effective DSM programs. The cost of such programs shall be assigned only to the class or classes of customers which benefit from the programs.

Earnings from Ongoing Operations - A non-GAAP financial measure of earnings adjusted for the impact of special items and used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A). See "Non-GAAP Financial Measures" within the MD&A for additional details.

ECR - Environmental Cost Recovery. Pursuant to Kentucky Revised Statute 278.183, Kentucky electric utilities are entitled to the current recovery of costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements that apply to coal combustion wastes and by-products from the production of energy from coal.

ELG(s) - Effluent Limitation Guidelines, regulations promulgated by the EPA.

EPA - Environmental Protection Agency, a U.S. government agency.

FERC - Federal Energy Regulatory Commission, the U.S. federal agency that regulates, among other things, interstate transmission and wholesale sales of electricity, hydroelectric power projects and related matters.

GAAP - Generally Accepted Accounting Principles in the U.S.

GBP - British pound sterling.

GLT - Gas Line Tracker. The KPSC approved mechanism for LG&E's recovery of costs associated with gas service lines, gas risers, leak mitigation, and gas main replacements. Rate recovery became effective on January 1, 2013.

Gross Margins - A non-GAAP financial measure of performance used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A). See "Non-GAAP Financial Measures" within the MD&A for additional details.

KPSC - Kentucky Public Service Commission, the state agency that has jurisdiction over the regulation of rates and service of utilities in Kentucky.

LCIDA - Lehigh County Industrial Development Authority.

LIBOR - London Interbank Offered Rate.

MATS - Mercury and Air Toxics Standards, regulations promulgated by the EPA.

Moody's - Moody's Investors Service, Inc., a credit rating agency.

MW - megawatt, one thousand kilowatts.

NAAQS - National Ambient Air Quality Standards periodically adopted pursuant to the Clean Air Act.

NERC - North American Electric Reliability Corporation.

NGCC - Natural gas-fired combined-cycle generating plant.

NPNS - the normal purchases and normal sales exception as permitted by derivative accounting rules. Derivatives that qualify for this exception may receive accrual accounting treatment.

NSR - The new source review provisions of the Clean Air Act that impose stringent emission control requirements on new and modified sources of air emissions that result in emission increases beyond thresholds allowed by the Clean Air Act.

OCI - other comprehensive income or loss.

Ofgem - Office of Gas and Electricity Markets, the British agency that regulates transmission, distribution and wholesale sales of electricity and related matters.

OVEC - Ohio Valley Electric Corporation, located in Piketon, Ohio, an entity in which LKE indirectly owns an 8.13% interest (consists of LG&E's 5.63% and KU's 2.50% interests), which is accounted for as a cost-method investment. OVEC owns and operates two coal-fired power plants, the Kyger Creek plant in Ohio and the Clifty Creek plant in Indiana, with combined summer rating capacities of 2,120 MW.

PLR - Provider of Last Resort, the role of PPL Electric in providing default electricity supply within its delivery area to retail customers who have not chosen to select an alternative electricity supplier under the Customer Choice Act.

PP&E - property, plant and equipment.

PPL EnergyPlus - prior to the June 1, 2015 spinoff of PPL Energy Supply, PPL EnergyPlus, LLC, a subsidiary of PPL Energy Supply that marketed and traded wholesale and retail electricity and gas, and supplied energy and energy services in competitive markets.

PPL Energy Supply - prior to the June 1, 2015 spinoff, PPL Energy Supply, LLC, a subsidiary of PPL Energy Funding and the parent company of PPL EnergyPlus and other subsidiaries.

PUC - Pennsylvania Public Utility Commission, the state agency that regulates certain ratemaking, services, accounting and operations of Pennsylvania utilities.

RAV - regulatory asset value. This term, used within the U.K. regulatory environment, is also commonly known as RAB or regulatory asset base. RAV is based on historical investment costs at time of privatization, plus subsequent allowed additions less annual regulatory depreciation, and represents the value on which DNOs earn a return in accordance with the regulatory cost of capital. RAV is indexed to Retail Price Index (RPI) in order to allow for the effects of inflation. Since the beginning of DPCR5 in April 2010, RAV additions have been based on a percentage of annual total expenditures, which have continued from April 2015 under RIIO-ED1. RAV is intended to represent expenditures that have a long-term benefit to WPD (similar to capital projects for the U.S. regulated businesses that are generally included in rate base).

RCRA - Resource Conservation and Recovery Act of 1976.

Registrant(s) - refers to the Registrants named on the cover of this Report (each a "Registrant" and collectively, the "Registrants").

Regulation S-X - SEC regulation governing the form and content of and requirements for financial statements required to be filed pursuant to the federal securities laws.

RFC - Reliability*First* Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

RIIO-ED1 - RIIO represents "Revenues = Incentive + Innovation + Outputs." RIIO-ED1 refers to the initial eight-year rate review period applicable to WPD which commenced April 1, 2015.

Riverstone - Riverstone Holdings LLC, a Delaware limited liability company and ultimate parent company of the entities that own the competitive power generation business contributed to Talen Energy other than the competitive power generation business contributed by virtue of the spinoff of a newly formed parent of PPL Energy Supply.

RPI - Retail Price Index, is a measure of inflation in the United Kingdom published monthly by the Office for National Statistics.

SCRs - selective catalytic reduction, a pollution control process for the removal of nitrogen oxide from exhaust gas.

S&P - Standard & Poor's Ratings Services, a credit rating agency.

Sarbanes-Oxley - Sarbanes-Oxley Act of 2002, which sets requirements for management's assessment of internal controls for financial reporting. It also requires an independent auditor to make its own assessment.

Scrubber - an air pollution control device that can remove particulates and/or gases (primarily sulfur dioxide) from exhaust gases.

SEC - the U.S. Securities and Exchange Commission, a U.S. government agency primarily responsible to protect investors and maintain the integrity of the securities markets.

SERC - SERC Reliability Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

Smart meter - an electric meter that utilizes smart metering technology.

Smart metering technology - technology that can measure, among other things, time of electricity consumption to permit offering rate incentives for usage during lower cost or demand intervals. The use of this technology also has the potential to strengthen network reliability.

Subsidiary Registrant(s) - PPL Electric, LKE, LG&E and KU.

Superfund - federal environmental statute that addresses remediation of contaminated sites; states also have similar statutes.

Talen Energy - Talen Energy Corporation, the Delaware corporation formed to be the publicly traded company and owner of the competitive generation assets of PPL Energy Supply and certain affiliates of Riverstone.

Talen Energy Marketing - Talen Energy Marketing, LLC, PPL EnergyPlus' new name subsequent to the spinoff of PPL Energy Supply.

Treasury Stock Method - A method applied to calculate diluted EPS that assumes any proceeds that could be obtained upon exercise of options and warrants (and their equivalents) would be used to purchase common stock at the average market price during the relevant period.

VSCC - Virginia State Corporation Commission, the state agency that has jurisdiction over the regulation of Virginia corporations, including utilities.

FORWARD-LOOKING INFORMATION

Statements contained in this Form 10-Q concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact are "forward-looking statements" within the meaning of the federal securities laws. Although the Registrants believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, and actual results may differ materially from the results discussed in forward-looking statements. In addition to the specific factors discussed in each Registrant's 2015 Form 10-K and in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-Q, the following are among the important factors that could cause actual results to differ materially from the forward-looking statements.

- challenges by intervenors to the return on equity granted in existing rate structures;
- fuel supply and cost;
- continuing ability to recover fuel costs and environmental expenditures in a timely manner at LG&E and KU, and natural gas supply costs at LG&E;
- weather conditions affecting transmission and distribution operations, and customer energy use;
- availability and operating costs of existing generation facilities;
- the duration of and cost associated with outages at our generating facilities;
- generation, transmission and distribution system conditions, and operating costs;
- expansion of alternative and distributed sources of electricity generation and storage;
- collective labor bargaining negotiations;
- laws or regulations to reduce emissions of "greenhouse" gases or physical effects of climate change;
- the outcome of litigation against the Registrants and their subsidiaries;
- potential effects of threatened or actual terrorism, war or other hostilities, cyber-based intrusions or natural disasters;
- the commitments and liabilities of the Registrants and their subsidiaries;
- the effectiveness of our risk management programs, including foreign currency and interest rate hedging;
- our ability to attract and retain qualified employees;
- volatility in demand for electricity;
- market prices of commodity inputs for ongoing capital expenditures or key operational needs;
- capital market conditions, including the availability of capital or credit, changes in interest rates and certain economic indices, and decisions regarding capital structure;
- stock price performance of PPL;
- defaults by counterparties or suppliers for energy, capacity, coal, natural gas or key commodities, goods or services;
- volatility in the fair value of debt and equity securities and its impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities and interest payable on certain debt securities;
- volatility in or the impact of other changes in financial markets and economic conditions;
- new accounting requirements or new interpretations or applications of existing requirements;
- changes in securities and credit ratings;
- changes in foreign currency exchange rates for British pound sterling;
- the effect of changes in RPI on WPD's revenues and index linked debt;
- current and future environmental conditions, regulations and other requirements and the related costs of compliance, including environmental capital expenditures, emission allowance costs and other expenses;
- changes in political, regulatory or economic conditions in states, regions or countries where the Registrants or their subsidiaries conduct business;
- the effect of the outcome of the June 2016 referendum in the U.K. relating to its membership in the European Union;
- receipt of necessary governmental permits, approvals and rate relief;
- new state, federal or foreign legislation or regulatory developments;
- the outcome of any rate cases or other cost recovery or revenue filings by PPL Electric, LG&E, KU or WPD;
- the achievement of performance targets set by Ofgem;
- the impact of any state, federal or foreign investigations applicable to the Registrants and their subsidiaries and the energy industry;
- the effect of any business or industry restructuring;
- development of new projects, markets and technologies;
- performance of new ventures; and

- business dispositions or acquisitions and our ability to realize expected benefits from such business transactions.

Any such forward-looking statements should be considered in light of such important factors and in conjunction with other documents of the Registrants on file with the SEC.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for the Registrants to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. Any forward-looking statement speaks only as of the date on which such statement is made, and the Registrants undertake no obligation to update the information contained in such statement to reflect subsequent developments or information.

Combined Notes to Condensed Financial Statements (Unaudited)

1. Interim Financial Statements

(All Registrants)

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2015 is derived from that Registrant's 2015 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2015 Form 10-K. The results of operations for the three months ended March 31, 2016 are not necessarily indicative of the results to be expected for the full year ending December 31, 2016 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

The classification of certain prior period amounts has been changed to conform to the presentation in the March 31, 2016 financial statements.

(PPL)

"Income (Loss) from Discontinued Operations (net of income taxes)" on the Statements of Income includes the activities of PPL Energy Supply, substantially representing PPL's former Supply segment, which was spun off and distributed to PPL shareowners on June 1, 2015. In addition, the Statement of Cash Flows for the three months ended March 31, 2015 separately reports the cash flows of the discontinued operations. See Note 8 for additional information.

2. Summary of Significant Accounting Policies

(All Registrants)

The following accounting policy disclosures represent updates to Note 1 to each indicated Registrant's 2015 Form 10-K and should be read in conjunction with those disclosures.

Accounts Receivable *(PPL and PPL Electric)*

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. The purchased accounts receivable are initially recorded at fair value using a market approach based on the purchase price paid and are classified as Level 2 in the fair value hierarchy. During the three months ended March 31, 2016, PPL Electric purchased $382 million of accounts receivable from unaffiliated third parties. During the three months ended March 31, 2015, PPL Electric purchased $331 million of accounts receivable from unaffiliated third parties and $93 million from PPL EnergyPlus. As a result of the June 1, 2015 spinoff of PPL Energy Supply and creation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are included as purchases from an unaffiliated third party.

Discount Rate Change for U.K. Pension Plans *(PPL)*

In selecting the discount rate for its U.K. pension plans, WPD historically used a single weighted-average discount rate in the calculation of net periodic defined benefit cost. Effective January 1, 2016, WPD began using individual spot rates to measure service cost and interest cost to calculate net periodic defined benefit cost. For the three months ended March 31, 2016, this change in discount rate resulted in lower net periodic defined benefit costs recognized on the Statement of Income of $11 million ($9 million after-tax or $0.01 per share).

New Accounting Guidance Adopted *(All Registrants)*

Accounting for Stock-Based Compensation

Effective January 1, 2016, the Registrants adopted accounting guidance to simplify the accounting for share-based payment transactions. The guidance requires excess tax benefits and tax deficiencies to be recorded as income tax benefit or expense on the statement of income, eliminates the requirement that excess tax benefits be realized before companies can recognize them and changes the threshold for statutory income tax withholding requirements to qualify for equity classification to the maximum statutory tax rates in the applicable jurisdictions. This guidance also changes the classification of excess tax benefits to an operating activity and employee taxes paid when shares are withheld to satisfy the employer's statutory income tax withholding obligation to a financing activity on the statement of cash flows and allows entities to make a policy election to either estimate forfeitures or recognize them when they occur. The adoption of this guidance had the following impacts:

- Using the required prospective method of transition, PPL recorded a tax benefit of $8 million ($0.01 per share) and PPL Electric recorded a tax benefit of $5 million related to excess tax benefits for awards that were exercised and vested for the period ending March 31, 2016. These amounts were recorded to Income taxes on the Statements of Income and Deferred income taxes on the Balance Sheets. The impact on LKE was not significant.

- PPL elected to use the prospective method of transition for classifying excess tax benefits as an Operating activity on the Statement of Cash Flows. The amounts classified as Financing activities in the prior periods were not significant.

- Using the required modified retrospective method of transition, PPL recorded a cumulative effect adjustment of $7 million to increase Earnings reinvested and decrease Deferred income taxes on the Balance Sheet related to prior period unrecognized excess tax benefits.

- PPL has historically presented employee taxes paid for net settled awards as a Financing activity on the Statement of Cash Flows. Therefore, there is no transition impact for this requirement.

- PPL has elected to recognize forfeitures when they occur. Due to past experience of insignificant forfeitures there is no transition impact of this policy election.

3. Segment and Related Information

(PPL)

See Note 2 in PPL's 2015 Form 10-K for a discussion of reportable segments and related information.

Financial data for the segments and reconciliation to PPL's consolidated results for the periods ended March 31 are:

	Three Months 2016	Three Months 2015
Income Statement Data		
Revenues from external customers		
U.K. Regulated	$ 595	$ 697
Kentucky Regulated	826	899
Pennsylvania Regulated	585	630
Corporate and Other	5	4
Total	$ 2,011	$ 2,230
Net Income		
U.K. Regulated (a)	$ 289	$ 375
Kentucky Regulated	112	109
Pennsylvania Regulated	94	87
Corporate and Other	(14)	(19)
Discontinued Operations (b)		95
Total	$ 481	$ 647

	March 31, 2016	December 31, 2015
Balance Sheet Data		
Assets		
U.K. Regulated (c)	$ 15,802	$ 16,669
Kentucky Regulated	13,777	13,756
Pennsylvania Regulated	8,720	8,511
Corporate and Other (d)	410	365
Total assets	$ 38,709	$ 39,301

(a) Includes unrealized gains and losses from hedging foreign-currency related economic activity. See Note 14 for additional information.
(b) See Note 8 for additional information.
(c) Includes $11.4 billion and $12.2 billion of net PP&E as of March 31, 2016 and December 31, 2015. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.
(d) Primarily consists of unallocated items, including cash, PP&E and the elimination of inter-segment transactions.

4. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended March 31 used in the EPS calculation are:

	Three Months 2016	Three Months 2015
Income (Numerator)		
Income from continuing operations after income taxes	$ 481	$ 552
Less amounts allocated to participating securities	2	3
Income from continuing operations after income taxes available to PPL common shareowners - Basic and Diluted	$ 479	$ 549
Income (loss) from discontinued operations (net of income taxes) available to PPL common shareowners - Basic and Diluted		$ 95
Net income	$ 481	$ 647
Less amounts allocated to participating securities	2	3
Net income available to PPL common shareowners - Basic and Diluted	$ 479	$ 644

	Three Months	
	2016	2015
Shares of Common Stock (Denominator)		
Weighted-average shares - Basic EPS	675,441	666,974
Add incremental non-participating securities:		
Share-based payment awards	3,376	1,758
Weighted-average shares - Diluted EPS	678,817	668,732
Basic EPS		
Available to PPL common shareowners:		
Income from continuing operations after income taxes	$ 0.71	$ 0.83
Income (loss) from discontinued operations (net of income taxes)		0.14
Net Income	$ 0.71	$ 0.97
Diluted EPS		
Available to PPL common shareowners:		
Income from continuing operations after income taxes	$ 0.71	$ 0.82
Income (loss) from discontinued operations (net of income taxes)		0.14
Net Income	$ 0.71	$ 0.96

For the periods ended March 31, PPL issued common stock related to stock-based compensation plans and the DRIP as follows (in thousands):

	Three Months	
	2016	2015
Stock-based compensation plans (a)	2,125	1,445
DRIP	402	419

(a) Includes stock options exercised, vesting of performance units, vesting of restricted stock and restricted stock units and conversion of stock units granted to directors.

For the periods ended March 31, the following shares (in thousands) were excluded from the computations of diluted EPS because the effect would have been antidilutive.

	Three Months	
	2016	2015
Stock options	696	1,473
Performance units		146

5. Income Taxes

Reconciliations of income taxes for the periods ended March 31 are as follows.

(PPL)

	Three Months	
	2016	2015
Federal income tax on Income from Continuing Operations Before		
Income Taxes at statutory tax rate - 35%	$ 231	$ 269
Increase (decrease) due to:		
State income taxes, net of federal income tax benefit	13	14
Valuation allowance adjustments	6	9
Impact of lower U.K. income tax rates	(54)	(62)
Interest benefit on U.K. financing entities	(5)	(7)
Stock-based compensation (a)	(8)	
Other	(4)	(6)
Total increase (decrease)	(52)	(52)
Total income taxes	$ 179	$ 217

(a) During the three months ended March 31, 2016, PPL recorded an $8 million tax benefit related to the application of new stock-based compensation accounting guidance. See Note 2 for additional information.

(PPL Electric)

	Three Months	
	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 53	$ 51
Increase (decrease) due to:		
State income taxes, net of federal income tax benefit	9	10
Stock-based compensation (a)	(5)	
Other	(1)	(2)
Total increase (decrease)	3	8
Total income taxes	$ 56	$ 59

(a) During the three months ended March 31, 2016, PPL Electric recorded a $5 million tax benefit related to the application of new stock-based compensation accounting guidance. See Note 2 for additional information.

(LKE)

	Three Months	
	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 67	$ 68
Increase (decrease) due to:		
State income taxes, net of federal income tax benefit	7	7
Valuation allowance adjustments		3
Stock-based compensation	(1)	
Other	(1)	(2)
Total increase (decrease)	5	8
Total income taxes	$ 72	$ 76

(LG&E)

	Three Months	
	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 32	$ 30
Increase (decrease) due to:		
State income taxes, net of federal income tax benefit	3	3
Total increase (decrease)	3	3
Total income taxes	$ 35	$ 33

(KU)

	Three Months	
	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 42	$ 44
Increase (decrease) due to:		
State income taxes, net of federal income tax benefit	4	4
Other		(1)
Total increase (decrease)	4	3
Total income taxes	$ 46	$ 47

6. Utility Rate Regulation

(All Registrants)

The following table provides information about the regulatory assets and liabilities of cost-based rate-regulated utility operations.

	PPL		PPL Electric	
	March 31, 2016	December 31, 2015	March 31, 2016	December 31, 2015

(a) These amounts are included in "Other current assets" on the Balance Sheets.
(b) These liabilities were recorded as offsets to certain intangible assets that were recorded at fair value upon the acquisition of LKE by PPL.

Regulatory Matters

U.K. Activities *(PPL)*

Ofgem Review of Line Loss Calculation

In 2014, Ofgem issued its final decision on the DPCR4 line loss incentives and penalties mechanism. WPD began refunding its liability for over-recovery of line losses to customers on April 1, 2015 and will continue through March 31, 2019. The liability at March 31, 2016 was $45 million.

Kentucky Activities

CPCN and ECR Filings (PPL, LKE, LG&E and KU)

On January 29, 2016, LG&E and KU submitted applications to the KPSC for CPCNs and for ECR rate treatment regarding upcoming environmental construction projects relating to the EPA's regulations addressing the handling of coal combustion byproducts and MATS. The construction projects are expected to begin in 2016 and continue through 2023 and are estimated to cost approximately $316 million at LG&E and $678 million at KU. The applications request an authorized 10% return on equity with respect to LG&E's and KU's ECR mechanisms consistent with the 2014 Kentucky rate case approved in June 2015. Two parties have been granted intervenor status in the proceedings.

Gas Franchise (LKE and LG&E)

LG&E's existing gas franchise agreement for the Louisville/Jefferson County service area expired on March 31, 2016. Pursuant to Kentucky law, upon expiration of a franchise, LG&E retains a revocable license to own and operate its facilities and to provide service. LG&E and city representatives are negotiating regarding a new franchise agreement and, in the interim, LG&E continues to provide gas service to customers in this service area at existing rates, but without collecting the prior franchise fee. LG&E cannot predict the outcome of this matter but does not anticipate that it will have a material effect on its financial condition or results of operation.

Pennsylvania Activities *(PPL and PPL Electric)*

Act 129

Act 129 requires Pennsylvania Electric Distribution Companies (EDCs) to meet specified goals for reduction in customer electricity usage and peak demand by specified dates. EDCs not meeting the requirements of Act 129 are subject to significant penalties. In November 2015, PPL Electric filed with the PUC its Act 129 Phase III Energy Efficiency and Conservation Plan for the period June 1, 2016 through May 31, 2021. In January 2016, PPL Electric and the other parties reached a settlement of all major issues in the case and filed that settlement with the Administrative Law Judge. In March 2016, the PUC issued an Order approving PPL Electric's Phase III Plan as modified by the settlement, allowing PPL Electric to recover a maximum $313 million in program cost over the five-year period June 1, 2016 through May 31, 2021 through the Act 129 compliance rider.

Act 129 also requires Default Service Providers (DSP) to provide electricity generation supply service to customers pursuant to a PUC-approved default service procurement plan through auctions, requests for proposal and bilateral contracts at the sole discretion of the DSP. Act 129 requires a mix of spot market purchases, short-term contracts and long-term contracts (4 to 20 years), with long-term contracts limited to 25% of load unless otherwise approved by the PUC. A DSP is able to recover the costs associated with its default service procurement plan.

PPL Electric has received PUC approval of biannual DSP procurement plans for all periods required under Act 129. In January 2016, PPL Electric filed a Petition for Approval of a new DSP procurement plan with the PUC for the period June 1, 2017 through May 31, 2021. Hearings are scheduled for June 2016. This proceeding remains pending before the PUC. PPL Electric cannot predict the outcome of this proceeding.

7. Financing Activities

Credit Arrangements and Short-term Debt

(All Registrants)

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. For reporting purposes, on a consolidated basis, the credit facilities and commercial paper programs of PPL Electric, LKE, LG&E and KU also apply to PPL and the credit facilities and commercial paper programs of LG&E and KU also apply to LKE. The amounts borrowed below are recorded as "Short-term debt" on the Balance Sheets. The following credit facilities were in place at:

	March 31, 2016					December 31, 2015	
	Expiration Date	Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity	Borrowed	Letters of Credit and Commercial Paper Issued
PPL							
U.K.							
WPD plc							
Syndicated Credit Facility	Jan. 2021	£ 210	£ 144		£ 72	£ 133	
WPD (South West)							
Syndicated Credit Facility	July 2020	245			245		
WPD (East Midlands)							
Syndicated Credit Facility	July 2020	300	37		263		
WPD (West Midlands)							
Syndicated Credit Facility	July 2020	300			300		
Uncommitted Credit Facilities		40		£ 4	36		£ 4
Total U.K. Credit Facilities (a)		£ 1,095	£ 181	£ 4	£ 916	£ 133	£ 4
U.S.							
PPL Capital Funding							
Syndicated Credit Facility	Jan. 2021	$ 700		$ 700			$ 151
Syndicated Credit Facility	Nov. 2018	300		73	$ 227		300
Bilateral Credit Facility	Mar. 2017	150		17	133		20
Total PPL Capital Funding Credit Facilities		$ 1,150		$ 790	$ 360		$ 471
PPL Electric							
Syndicated Credit Facility	Jan. 2021	$ 400		$ 126	$ 274		$ 1
LKE							
Syndicated Credit Facility (b)	Oct. 2018	$ 75			$ 75	$ 75	

		March 31, 2016				December 31, 2015	
	Expiration Date	Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity	Borrowed	Letters of Credit and Commercial Paper Issued
LG&E							
Syndicated Credit Facility	Dec. 2020	$ 500		$ 82	$ 418		$ 142
KU							
Syndicated Credit Facility	Dec. 2020	$ 400		$ 34	$ 366		$ 48
Letter of Credit Facility	Oct. 2017	198		198			198
Total KU Credit Facilities		$ 598		$ 232	$ 366		$ 246

(a) WPD plc's amounts borrowed at March 31, 2016 and December 31, 2015 were USD-denominated borrowings of $200 million for both periods, which bore interest at 1.26% and 1.83%. The unused capacity reflects the amount borrowed in GBP of £138 million as of the date borrowed. WPD (East Midlands) amount borrowed at March 31, 2016 was a GBP-denominated borrowing which equated to $51 million and bore interest at 0.91%. At March 31, 2016, the unused capacity under the U.K. credit facilities was approximately $1.3 billion.
(b) LKE's interest rate on outstanding borrowings at December 31, 2015 was 1.68%.

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at:

	March 31, 2016				December 31, 2015	
	Weighted - Average Interest Rate	Capacity	Commercial Paper Issuances	Unused Capacity	Weighted - Average Interest Rate	Commercial Paper Issuances
PPL Capital Funding	0.85%	$ 1,000	$ 773	$ 227	0.78%	$ 451
PPL Electric	0.72%	400	125	275		
LG&E	0.79%	350	82	268	0.71%	142
KU	0.64%	350	34	316	0.72%	48
Total		$ 2,100	$ 1,014	$ 1,086		$ 641

(LKE)

See Note 11 for discussion of intercompany borrowings.

Long-term Debt

(PPL and PPL Electric)

In March 2016, the LCIDA issued $116 million of Pollution Control Revenue Refunding Bonds, Series 2016A due 2029 and $108 million of Pollution Control Revenue Refunding Bonds, Series 2016B due 2027 on behalf of PPL Electric. The bonds were issued bearing interest at an initial term rate of 0.90% through their mandatory purchase dates of September 1, 2017 and August 15, 2017. The proceeds of the bonds were used to redeem $116 million of 4.70% Pollution Control Revenue Refunding Bonds, 2005 Series A due 2029 and $108 million of 4.75% Pollution Control Revenue Refunding Bonds, 2005 Series B due 2027 previously issued by the LCIDA on behalf of PPL Electric.

In connection with the issuance of each of these new series of LCIDA bonds, PPL Electric entered into a loan agreement with the LCIDA pursuant to which the LCIDA has loaned to PPL Electric the proceeds of the LCIDA bonds on payment terms that correspond to the LCIDA bonds. In order to secure its obligations under the loan agreement, PPL Electric issued $224 million of First Mortgage Bonds under its 2001 Mortgage Indenture, which also have payment terms that correspond to the LCIDA bonds.

(PPL)

ATM Program

In February 2015, PPL filed a registration statement with the SEC and entered into two separate equity distribution agreements, pursuant to which PPL may sell, from time to time, up to an aggregate of $500 million of its common stock. For the periods ended March 31, 2016 and 2015, PPL did not issue any shares under the agreements.

Distributions

In February 2016, PPL declared a quarterly common stock dividend, payable April 1, 2016, of 38 cents per share (equivalent to $1.52 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

8. Acquisitions, Development and Divestitures

(All Registrants)

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 in the Registrants' 2015 Form 10-K for additional information.

(PPL)

Discontinued Operations

Spinoff of PPL Energy Supply

In June 2015, PPL and PPL Energy Supply completed the spinoff of PPL Energy Supply which combined its competitive power generation businesses with those of Riverstone to form a new, stand-alone, publicly traded company named Talen Energy.

Following completion of the spinoff, PPL shareowners owned 65% of Talen Energy and affiliates of Riverstone owned 35%. The spinoff had no effect on the number of PPL common shares owned by PPL shareowners or the number of shares of PPL common stock outstanding. The transaction is intended to be tax-free to PPL and its shareowners for U.S. federal income tax purposes.

PPL has no continuing ownership interest in or control of Talen Energy and Talen Energy Supply (formerly PPL Energy Supply). See Note 8 in PPL's 2015 Form 10-K for additional information.

Continuing Involvement (PPL and PPL Electric)

As a result of the spinoff, PPL and PPL Energy Supply entered into a Transition Services Agreement (TSA) that terminates no later than two years after the spinoff. Pursuant to the TSA, PPL is providing Talen Energy certain information technology, financial and accounting, human resource and other specified services. For the three months ended March 31, 2016, the amounts PPL billed Talen Energy for these services were $10 million. In general, the fees for the transition services allow the provider to recover its cost of the services, including overheads, but without margin or profit.

Additionally, prior to the spinoff, through the annual competitive solicitation process, PPL EnergyPlus was awarded supply contracts for a portion of the PLR generation supply for PPL Electric, which were retained by Talen Energy Marketing as part of the spinoff. PPL Electric's supply contracts with Talen Energy Marketing extend through November 2016. Energy purchases from PPL EnergyPlus were previously included in PPL Electric's Statements of Income as "Energy purchases from affiliate" but were eliminated in PPL's Consolidated Statements of Income.

For the three months ended March 31, 2016, PPL Electric's energy purchases from Talen Energy Marketing were $54 million and are no longer considered affiliate transactions.

Summarized Results of Discontinued Operations (PPL)

The operations of the Supply segment prior to the spinoff on June 1, 2015 are included in "Income (Loss) from Discontinued Operations (net of income taxes)" on the Statements of Income. Following are the components of Discontinued Operations in the Statement of Income for the period ended March 31, 2015:

Operating revenues	$	944
Operating expenses		767
Other Income (Expense) - net		7
Interest expense (a)		38
Income (loss) before income taxes		146
Income tax expense (benefit)		51
Income (Loss) from Discontinued Operations (net of income taxes)	$	95

(a) Includes interest associated with the Supply Segment with no additional allocation as the Supply segment was sufficiently capitalized.

Development

Regional Transmission Line Expansion Plan *(PPL and PPL Electric)*

Northeast/Pocono

In October 2012, the FERC issued an order in response to PPL Electric's December 2011 request for ratemaking incentives for the Northeast/Pocono Reliability project (a new 58-mile, 230 kV transmission line that includes three new substations and upgrades to adjacent facilities). The FERC granted the incentive for inclusion in rate base of all prudently incurred construction work in progress costs but denied the requested incentive for a 100 basis point adder to the return on equity.

In December 2012, PPL Electric submitted an application to the PUC requesting permission to site and construct the project. In January 2014, the PUC issued a Final Order approving the application. The line was energized in April 2016, completing the $350 million project which includes additional substation security enhancements. Costs related to the project were capitalized and are included on the Balance Sheets, primarily in "Regulated utility plant."

9. Defined Benefits

(PPL, LKE and LG&E)

Certain net periodic defined benefit costs are applied to accounts that are further distributed among capital, expense and regulatory assets, including certain costs allocated to applicable subsidiaries for plans sponsored by PPL Services and LKE. Following are the net periodic defined benefit costs (credits) of the plans sponsored by PPL and its subsidiaries, LKE and its subsidiaries and LG&E for the three month periods ended March 31:

	Pension Benefits				Other Postretirement Benefits	
	U.S.		U.K.			
	2016	2015	2016 (b)	2015	2016	2015
PPL						
Service cost	$ 17	$ 30	$ 18	$ 20	$ 2	$ 4
Interest cost	43	57	62	79	6	7
Expected return on plan assets	(56)	(75)	(133)	(131)	(5)	(7)
Amortization of:						
Prior service cost	1	2				
Actuarial (gain) loss	15	24	37	39		
Net periodic defined benefit costs (credits) (a)	$ 20	$ 38	$ (16)	$ 7	$ 3	$ 4
LKE						
Service cost	$ 6	$ 7			$ 1	$ 1
Interest cost	17	17			2	2
Expected return on plan assets	(21)	(22)			(2)	(1)
Amortization of:						
Prior service cost	1	2			1	1
Actuarial (gain) loss	5	8				
Net periodic defined benefit costs (credits)	$ 8	$ 12			$ 2	$ 3

	Pension Benefits				Other Postretirement Benefits	
	U.S.		U.K.			
	2016	2015	2016 (b)	2015	2016	2015
LG&E						
Interest cost	$ 3	$ 3				
Expected return on plan assets	(5)	(5)				
Amortization of:						
Prior service cost	1	1				
Actuarial (gain) loss	2	3				
Net periodic defined benefit costs (credits)	$ 1	$ 2				

(a) For the three months ended March 31, 2015, the total net periodic defined benefit cost includes $11 million reflected in discontinued operations related to costs allocated from PPL's plans to PPL Energy Supply prior to the spinoff.
(b) See Note 2 for a discussion of changes to the discount rate used for the U.K. Pension Plans.

(PPL Electric, LG&E and KU)

In addition to the specific plans it sponsors, LG&E is allocated costs of defined benefit plans sponsored by LKE based on its participation in those plans, which management believes are reasonable. PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric is allocated costs of defined benefit plans sponsored by PPL Services and KU is allocated costs of defined benefit plans sponsored by LKE based on their participation in those plans, which management believes are reasonable. For the periods ended March 31, PPL Services allocated the following net periodic defined benefit costs to PPL Electric, and LKE allocated the following net periodic defined benefit costs to LG&E and KU.

	Three Months	
	2016	2015
PPL Electric	$ 6	$ 8
LG&E	2	3
KU	3	5

10. Commitments and Contingencies

Legal Matters

(All Registrants)

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

WKE Indemnification *(PPL and LKE)*

See footnote (e) to the table in "Guarantees and Other Assurances" below for information on an LKE indemnity relating to its former WKE lease, including related legal proceedings.

(PPL, LKE, LG&E and KU)

Cane Run Environmental Claims

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky alleging violations of the Clean Air Act and RCRA. In addition, these plaintiffs assert common law claims of nuisance, trespass and negligence. These plaintiffs seek injunctive relief and civil penalties, plus costs and attorney fees, for the alleged statutory violations. Under the common law claims, these plaintiffs seek monetary compensation and punitive damages for property damage and diminished property values for a class consisting of residents within four miles of the plant. In their individual capacities, these plaintiffs seek compensation for alleged adverse health effects. In response to a motion to dismiss filed by PPL and LG&E, in July 2014, the court dismissed the plaintiffs' RCRA claims and all but one Clean Air Act claim, but declined to dismiss their common law tort claims. Upon motion of LG&E and PPL, the district court certified for appellate review the issue of whether the state common law claims are preempted by federal statute. In December 2014, the U.S. Court of Appeals for the Sixth

Circuit issued an order granting appellate review regarding the above matter. Oral argument before the Sixth Circuit was held in August 2015. In November 2015, the Sixth Circuit issued an opinion affirming the District Court's ruling that plaintiffs' state law claims are not preempted by the Clean Air Act and remanding the matter to the District Court for further proceedings. Certain discovery matters are before the District Court. PPL, LKE and LG&E cannot predict the outcome of this matter. LG&E retired one coal-fired unit at the Cane Run plant in March 2015 and the remaining two coal-fired units at the plant in June 2015.

Mill Creek Environmental Claims

In May 2014, the Sierra Club filed a citizen suit against LG&E in the U.S. District Court for the Western District of Kentucky for alleged violations of the Clean Water Act. The Sierra Club alleges that various discharges at the Mill Creek plant constitute violations of the plant's water discharge permit. The Sierra Club seeks civil penalties, injunctive relief, costs and attorney's fees. In August 2015, the Court denied cross-motions for summary judgment filed by both parties and directed the parties to proceed with discovery. Discovery proceedings are underway and the parties have also conducted limited settlement discussions in the matter. PPL, LKE and LG&E cannot predict the outcome of this matter or the potential impact on the operations of the Mill Creek plant, including increased capital or operating costs, if any, but believe the plant is operating in compliance with the permits.

E.W. Brown Environmental Claims

In October 2015, KU received a notice of intent from Earthjustice and the Sierra Club informing certain federal and state agencies of the Sierra Club's intent to file a citizen suit, following expiration of the mandatory 60-day notification period, for alleged violations of the Clean Water Act. The claimant alleges discharges at the E.W. Brown plant in violation of applicable rules and the plant's water discharge permit. The claimant asserts that, unless the alleged discharges are promptly brought into compliance, it intends to seek civil penalties, injunctive relief and attorney's fees. In November 2015, the claimants submitted an amended notice of intent to add the Kentucky Waterways Alliance as a claimant. The parties have conducted limited settlement discussions in the matter. PPL, LKE and KU cannot predict the outcome of this matter or the potential impact on the operations of the E. W. Brown plant, including increased capital or operating costs, if any.

Trimble County Unit 2 Air Permit

The Sierra Club and other environmental groups petitioned the Kentucky Environmental and Public Protection Cabinet to overturn the air permit issued for the Trimble County Unit 2 baseload coal-fired generating unit, but the agency upheld the permit in an order issued in September 2007. In response to subsequent petitions by environmental groups, the EPA ordered certain non-material changes to the permit which, in January 2010, were incorporated into a final revised permit issued by the Kentucky Division for Air Quality. In March 2010, the environmental groups petitioned the EPA to object to the revised state permit. Until the EPA issues a final ruling on the pending petition and all available appeals are exhausted, PPL, LKE, LG&E and KU cannot predict the outcome of this matter or the potential impact on the operations of the Trimble County plant, including increased capital or operating costs, if any.

Trimble County Water Discharge Permit

In May 2010, the Kentucky Waterways Alliance and other environmental groups filed a petition with the Kentucky Energy and Environment Cabinet (KEEC) challenging the Kentucky Pollutant Discharge Elimination System permit issued in April 2010, which covers water discharges from the Trimble County plant. In November 2010, the KEEC issued a final order upholding the permit that was subsequently appealed by the environmental groups. In September 2013, the Franklin Circuit Court reversed the KEEC order upholding the permit and remanded the permit to the agency for further proceedings. LG&E and the KEEC appealed the order to the Kentucky Court of Appeals. In July 2015, the Court of Appeals upheld the lower court ruling. On February 10, 2016, the Kentucky Supreme Court issued an order granting discretionary review. PPL, LKE, LG&E and KU are unable to predict the outcome of this matter or the potential impact on the operations of the Trimble County plant, including increased capital or operating costs, if any.

Regulatory Issues *(All Registrants)*

See Note 6 for information on regulatory matters related to utility rate regulation.

Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk power system. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk power electricity system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties of up to $1 million per day, per violation, for certain violations.

PPL, LG&E, KU and PPL Electric monitor their compliance with the Reliability Standards and continue to self-report or self-log potential violations of certain applicable reliability requirements and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and cannot estimate a range of reasonably possible losses, if any.

Environmental Matters - Domestic

(All Registrants)

Due to the environmental issues discussed below or other environmental matters, it may be necessary for the Registrants to modify, curtail, replace, or cease operation of certain facilities or performance of certain operations to comply with statutes, regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add to the uncertainty of estimating the future cost of these permits and rules.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and those federal, state, or local environmental requirements applicable to coal combustion wastes and by-products from facilities that generate electricity from coal in accordance with approved compliance plans. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery before the companies' respective state regulatory authorities, or the FERC, if applicable. Because PPL Electric does not own any generating plants, its exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

(PPL, LKE, LG&E and KU)

Air

The Clean Air Act, which regulates air pollutants from mobile and stationary sources, has a significant impact on the operation of fossil fuel plants. The Clean Air Act requires the EPA periodically to review and establish concentration levels in the ambient air for six criteria pollutants to protect public health and welfare. These concentration levels are known as NAAQS. The six criteria pollutants are carbon monoxide, lead, nitrogen dioxide, ozone, particulate matter, and sulfur dioxide.

Federal environmental regulations of these criteria pollutants require states to adopt implementation plans, known as state implementation plans, for certain pollutants, which detail how the state will attain the standards that are mandated by the relevant law or regulation. Each state identifies the areas within its boundaries that meet the NAAQS (attainment areas) and those that do not (non-attainment areas), and must develop a state implementation plan both to bring non-attainment areas into compliance with the NAAQS and to maintain good air quality in attainment areas. In addition, for attainment of ozone and fine particulates standards, states in the eastern portion of the country, including Kentucky, are subject to a regional program developed by the EPA known as the Cross-State Air Pollution Rule. The NAAQS, future revisions to the NAAQS and state implementation plans, or future revisions to regional programs, may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to cost recovery.

Although PPL, LKE, LG&E and KU do not anticipate significant costs to comply with these programs, changes in market or operating conditions could result in different costs than anticipated.

National Ambient Air Quality Standards (NAAQS)

Under the Clean Air Act, the EPA is required to reassess the NAAQS for certain air pollutants on a five-year schedule. In 2008, the EPA revised the NAAQS for ozone and proposed to further strengthen the standard in November 2014. The EPA released a new ozone standard on October 1, 2015. The states and EPA will determine attainment with the new ozone standard through review of relevant ambient air monitoring data, with attainment or nonattainment designations scheduled no later than October 2017. States are also obligated to address interstate transport issues associated with new ozone standards through the establishment of "good neighbor" state implementation plans for those states that are found to contribute significantly to another states' non-attainment. States that are not in the ozone transport region, including Kentucky, are working together to evaluate further nitrogen oxide reductions from fossil-fueled plants with SCRs. The nature and timing of any additional reductions resulting from these evaluations cannot be predicted at this time.

In 2010, the EPA finalized revised NAAQS for sulfur dioxide and required states to identify areas that meet those standards and areas that are in "non-attainment". In July 2013, the EPA finalized non-attainment designations for parts of the country, including part of Jefferson County in Kentucky. Attainment must be achieved by 2018. PPL, LKE, LG&E and KU anticipate that certain previously required compliance measures, such as upgraded or new sulfur dioxide scrubbers at certain plants and the retirement of coal-fired generating units at LG&E's Cane Run plant and KU's Green River plant, will help to achieve compliance with the new sulfur dioxide and ozone standards. If additional reductions are required, the costs could be significant.

Mercury and Air Toxics Standards (MATS)

In February 2012, the EPA finalized the MATS rule requiring reductions of mercury and other hazardous air pollutants from fossil-fuel fired power plants, with an effective date of April 16, 2012. The MATS rule was challenged by industry groups and states and was upheld by the U.S. Court of Appeals for the D. C. Circuit Court (D.C. Circuit Court) in April 2014. A group of states subsequently petitioned the U.S. Supreme Court (Supreme Court) to review this decision and in June 2015, the Supreme Court held that the EPA failed to properly consider costs when deciding to regulate hazardous air emissions from power plants under MATS. The Supreme Court remanded the matter to the D.C. Circuit Court, which in December 2015 remanded the rule to EPA without vacating it. The EPA has proposed a supplemental finding regarding costs of the rule and has announced that it intends to make a final determination in 2016. The EPA's MATS rule remains in effect during the pendency of the ongoing proceedings.

LG&E and KU have installed significant controls in connection with the MATS rule and in conjunction with compliance with other environmental requirements, including fabric-filter baghouses, upgraded scrubbers or chemical additive systems for which appropriate KPSC authorization and/or ECR treatment has been received. LG&E and KU are seeking KPSC approval for a compliance plan providing for installation of additional MATS-related controls; however, the estimated cost of these controls is not expected to be significant for either LG&E or KU. PPL, LKE, LG&E and KU cannot predict the outcome of the MATS rule or its potential impact, if any, on plant operations, rate treatment or future capital or operating needs. See Note 6 for additional information.

New Source Review (NSR)

The NSR litigation brought by the EPA, states and environmental groups against coal-fired generating plants in past years continues to proceed through the courts. Although none of this litigation directly involves PPL, LKE, LG&E or KU, it can influence the permitting of large capital projects at LG&E's and KU's power plants, the costs of which cannot presently be determined but could be significant.

Climate Change

There is continuing attention focused on issues related to climate change. Most recently, in December 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate which establishes a comprehensive framework for the reduction of greenhouse gas (GHG) emissions from both developed and developing nations. Although the agreement does not establish binding reduction requirements, it requires each nation to prepare, communicate and maintain GHG reduction commitments. Reductions can currently be achieved in a variety of ways, including energy conservation, power plant efficiency improvements, reduced utilization of coal-fired generation, or replacing coal-fired generation with natural gas or renewable generation. Based on EPA's Clean Power Plan described below, the U.S. has committed to an initial reduction target of 26% to 28% below 2005 levels by 2025.

The EPA's Rules under Section 111 of the Clean Air Act

As further described below, the EPA finalized rules imposing GHG emission standards for both new and existing power plants. The EPA has also issued a proposed federal implementation plan that would apply to any states that fail to submit an acceptable state implementation plan under these rules. The EPA's authority to promulgate these regulations under Section 111 of the Clean Air Act has been challenged in the D.C. Circuit Court by several states and industry groups. On February 9, 2016, the Supreme Court stayed the rule for existing plants (the Clean Power Plan) pending the D.C. Circuit Court's review and subsequent review by the Supreme Court if a writ of certiorari is filed and granted.

The EPA's rule for new power plants imposes separate emission standards for coal and natural gas units based on the application of different technologies. The coal standard is based on the application of partial carbon capture and sequestration technology, but because this technology is not presently commercially available, the rule effectively precludes the construction of new coal-fired plants. The standard for NGCC power plants is the same as the EPA proposed in 2012 and is not continuously achievable. The preclusion of new coal-fired plants and the compliance difficulties posed for new natural gas-fired plants could have a significant industry-wide impact.

The EPA's Clean Power Plan

The EPA's rule for existing power plants, referred to as the Clean Power Plan, was published in the Federal Register in October 2015. The Clean Power Plan contains state-specific rate-based and mass-based reduction goals and guidelines for the development, submission and implementation of state implementation plans to achieve the state goals. State-specific goals were calculated from 2012 data by applying the EPA's broad interpretation and definition of the BSER, resulting in the most stringent targets to be met in 2030, with interim targets to be met beginning in 2022. The EPA believes it has offered some flexibility to the states as to how their compliance plans can be crafted, including the option to use a rate-based approach (limit emissions per megawatt hour) or a mass-based approach (limit total tons of emissions per year), and the option to demonstrate compliance through emissions trading and multi-state collaborations. Under the rate-based approach, Kentucky would need to make a 41% reduction from its 2012 emissions rate and under a mass-based approach it would need to make a 36% reduction. These reductions are significantly greater than initially proposed and present significant challenges to the state. If the Clean Power Plan is ultimately upheld and Kentucky fails to develop an approvable implementation plan by the applicable deadline, the EPA would impose a federal implementation plan that could be more stringent than what the state plan might provide. Depending on the provisions of the Kentucky implementation plan, LG&E and KU may need to modify their current portfolio of generating assets during the next decade and/or participate in an allowance trading program.

LG&E and KU are participating in the ongoing regulatory processes at the state and federal level. Various states, industry groups, and individual companies including LKE have filed petitions for reconsideration with EPA and petitions for review with the D.C. Circuit Court challenging the Clean Power Plan. On February 9, 2016, the Supreme Court stayed the rule pending the D.C. Circuit Court's review. PPL, LKE, LG&E and KU cannot predict the outcome of this matter or the potential impact, if any, on plant operations, or future capital or operating costs. PPL, LKE, LG&E and KU believe that the costs, which could be significant, would be subject to cost recovery.

In April 2014, the Kentucky General Assembly passed legislation which limits the measures that the Kentucky Energy and Environment Cabinet may consider in setting performance standards to comply with the EPA's regulations governing GHG emissions from existing sources. The legislation provides that such state GHG performance standards shall be based on emission reductions, efficiency measures, and other improvements available at each power plant, rather than renewable energy, end-use energy efficiency, fuel switching and re-dispatch. These statutory restrictions may make it more difficult for Kentucky to achieve the GHG reduction levels that the EPA has established for Kentucky.

Water/Waste

Coal Combustion Residuals (CCRs)

On April 17, 2015, the EPA published its final rule regulating CCRs. CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes. The rule became effective on October 19, 2015. It imposes extensive new requirements, including location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements on CCR impoundments and landfills that are located on active power plants and not closed. Under the rule, the EPA will regulate CCRs as non-hazardous under Subtitle D of RCRA and allow beneficial use of CCRs, with some restrictions. The rule's requirements for covered CCR impoundments and landfills include implementation of groundwater monitoring and commencement or completion of closure activities generally between three and ten years from certain triggering events. This self-implementing rule requires posting of compliance documentation on a publicly accessible website and is enforceable solely through citizen suits. LG&E and KU are also subject to state rules applicable to CCR management which may potentially be modified to reflect some or all requirements of the federal rule. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule which are pending before the D.C. Circuit Court of Appeals.

LG&E and KU are pursuing KPSC approval for a compliance plan providing for construction of additional landfill capacity at the Brown Station, closure of impoundments at the Mill Creek, Trimble County, Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with federal CCR rule requirements, LG&E and KU are also proposing to close impoundments at the retired Green River, Pineville, and Tyrone plants to comply with applicable state law requirements. PPL, LKE, LG&E, and KU estimate the cost of these CCR compliance measures at $311 million for LG&E and $661 million for KU. See Note 6 for additional information.

In connection with the final CCR rule, LG&E and KU recorded increases to existing AROs during 2015. See Note 16 for additional information. Further increases to AROs or changes to current capital plans or to operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

Clean Water Act

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for many of LG&E's and KU's facilities and construction projects. Many of those requirements relate to power plant operations, including requirements related to the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, standards intended to protect aquatic organisms by reducing capture in the screens attached to cooling water intake structures (impingement) at generating facilities and the water volume brought into the facilities (entrainment). The requirements could impose significant costs which are subject to rate recovery.

Effluent Limitations Guidelines (ELGs)

On September 30, 2015, the EPA released its final effluent limitations guidelines for wastewater discharge permits for new and existing steam electric generating facilities. The rule provides strict technology-based discharge limitations for control of pollutants in scrubber wastewater, fly ash and bottom ash transport water, mercury control wastewater, gasification wastewater, and combustion residual leachate. The new guidelines require deployment of additional control technologies providing physical, chemical, and biological treatment of wastewaters. The guidelines also mandate operational changes including "no discharge" requirements for fly ash and bottom ash transport waters and mercury control wastewaters. The implementation date for individual generating stations will be determined by the states on a case-by-case basis according to criteria provided by the EPA, but the requirements of the rule must be fully implemented no later than 2023. It has not been decided how Kentucky intends to integrate the ELGs into its routine permit renewal process. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule which have been consolidated before the 5th Circuit Court of Appeals. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to fully estimate compliance costs or timing at this time although certain preliminary estimates are included in current capital forecasts, for applicable periods. Costs to comply with ELGs or other discharge limits, which are expected to be significant, are subject to rate recovery.

Clean Water Act Section 316(b)

The EPA's final 316(b) rule for existing facilities became effective in October 2014, and regulates cooling water intake structures and their impact on aquatic organisms. States are allowed broad discretion to make site-specific determinations under the rule. The rule requires existing facilities to choose between several options to reduce the impact to aquatic organisms that become trapped against water intake screens (impingement) and to determine the intake structure's impact on aquatic organisms pulled through a plant's cooling water system (entrainment). Plants equipped with closed-cycle cooling, an acceptable option, would likely not incur substantial costs. Once-through systems would likely require additional technology to comply with the rule. Based on studies conducted by LG&E and KU to date, all plants will incur only insignificant operational costs. In addition, LG&E's Mill Creek Unit 1 is expected to incur capital costs. PPL, LKE, LG&E and KU are evaluating compliance strategies but do not presently expect the compliance costs, which are subject to rate recovery, to be significant.

(All Registrants)

Waters of the United States (WOTUS)

The U.S. Court of Appeals for the Sixth Circuit has issued a stay of EPA's rule on the definition of WOTUS pending the court's review of the rule. The effect of the stay is that the WOTUS rule is not in effect anywhere in the United States. The ultimate outcome of the court's review of the rule remains uncertain. Because of the strict permitting programs already in place in Kentucky and Pennsylvania, the Registrants do not expect the rule to have a significant impact on their operations.

Other Issues

The EPA is reassessing its polychlorinated biphenyls (PCB) regulations under the Toxic Substance Control Act, which allow certain PCB articles to remain in use. In April 2010, the EPA issued an Advanced Notice of Proposed Rulemaking for changes to these regulations. This rulemaking could lead to a phase-out of all or some PCB-containing equipment. The EPA has postponed the release of the revised regulations to June 2016. The Registrants cannot predict at this time the outcome of these proposed EPA regulations and what impact, if any, they would have on their facilities, but the costs could be significant.

Superfund and Other Remediation *(All Registrants)*

PPL Electric is potentially responsible for costs at several sites listed by the EPA under the federal Superfund program, including the Columbia Gas Plant site, the Metal Bank site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been significant to PPL Electric. Should the EPA require different or additional measures in the future, however, or should PPL Electric's share of costs at multi-party sites increase substantially more than expected, the costs could be significant.

PPL Electric, LG&E and KU are investigating, responding to agency inquiries, remediating, or have completed the remediation of, several sites that were not addressed under a regulatory program such as Superfund, but for which PPL Electric, LG&E and KU may be liable for remediation. These include a number of former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated or currently owned by predecessors or affiliates of PPL Electric, LG&E and KU. To date, the costs of these sites have not been significant.

There are additional sites, formerly owned or operated by PPL Electric, LG&E and KU predecessors or affiliates. LG&E and KU lack information on the conditions of such additional sites and are therefore unable to estimate any potential liability they may have or a range of reasonably possible losses, if any, related to these matters. At March 31, 2016 and December 31, 2015, PPL Electric has a liability of $10 million representing its best estimate of the probable loss incurred to remediate additional sites previously owned or operated by PPL Electric predecessors or affiliates. Depending on the outcome of investigations at sites where investigations have not begun or been completed or developments at sites for which information is incomplete, the costs of remediation and other liabilities could be significant and may be as much as approximately $30 million.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result of the EPA's evaluation, individual states may establish stricter standards for water quality and soil cleanup. This could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of reasonably possible losses, if any, related to these matters.

From time to time, PPL's subsidiaries undertake remedial action in response to notices of violations, spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary for compliance with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

Future cleanup or remediation work at sites under review, or at sites not yet identified, may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be applicable to certain of the costs or other obligations related to these matters but the amount of insurance coverage or reimbursement cannot be estimated or assured.

Environmental Matters - WPD *(PPL)*

WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. In connection with the matters discussed below, it may be necessary for WPD to incur significant compliance costs, which costs may be recoverable through rates subject to the approval of Ofgem. PPL believes that WPD has taken and continues to take measures to comply with all applicable environmental laws and regulations.

European Union Creosote Ban

In 2011, the European Commission amended the European Union Biocides Directive to ban the use of creosote in contact with soil. Creosote is a wood preservative used to extend the life of wooden poles that support power lines. Although European Union member countries were required to pass implementing laws by 2012, the U.K. has not passed an implementing law and there are no legal penalties for failing to do so. If the U.K. were to pass an implementing law, WPD's creosote-treated wood poles would need to be replaced with an acceptable alternative at the time of routine replacement. WPD has 1.4 million wood poles in its system. There are currently no alternative wood preservatives available that are acceptable to the industry and/or regulators. It is not currently anticipated that the U.K. will adopt legislation to implement the creosote ban.

Carbon Reduction Commitment

The U.K.'s Carbon Reduction Commitment is a binding law that requires WPD to file reports regarding its carbon emissions and to purchase carbon allowances to offset emissions associated with WPD's operations. Failure to do so subjects WPD to fines and penalties. The approximate annual cost of purchasing allowances is £400 thousand and is included in WPD's budgeted expenditures. WPD expects these costs to decrease as 18 fuel sources previously subject to these reporting and emission allowance requirements have been exempted from these requirements. In addition, it is expected that energy efficiency measures will continue to decrease WPD's carbon emissions.

Insulating Oil

In 2014, the U.K. Environment Agency interpreted the Waste Framework Directive (a U.K. law) to classify electrical insulating oil as a hazardous waste. As a result, under the Hazardous Waste Regulations 2005 all sites with electrical equipment (other than pole mounted transformers) must be individually registered and licensed as a hazardous waste site, records must be maintained of all shipments of insulating oil to or from those sites and appropriate personnel must be trained on the license requirements. WPD has submitted, or is in the process of submitting, all required permit applications and is conducting training of WPD personnel as required. Compliance visits have been undertaken by the U.K. Environment Agency with no significant findings or permit violations.

Discharge at Substation

In 2014, a leak from a cable joint at a substation resulted in a discharge of a substance known as Linear Alkyl Benzene. The leak did not directly affect any third parties but did reduce the use of River Rea. WPD has taken interim remedial measures and is developing an overall remedial action package in collaboration with the U.K. Environment Agency. WPD has made a voluntary contribution of £25 thousand to a public park under an agreement among WPD, the U.K. Environment Agency and a local wildlife trust. WPD expects to incur additional costs to address this incident, including reimbursement of oversight costs incurred by the U.K. Environment Agency, that are not expected to be significant.

Other

Guarantees and Other Assurances

(All Registrants)

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

(PPL)

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

(All Registrants)

The table below details guarantees provided as of March 31, 2016. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities" and "Indemnification of lease termination and other divestitures." The total recorded liability at March 31, 2016, was $24 million for PPL and $18 million for LKE. The total recorded liability at December 31, 2015, was $25 million for PPL and $18 million for LKE. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	Exposure at March 31, 2016	Expiration Date
PPL		
Indemnifications related to the WPD Midlands acquisition	(a)	
WPD indemnifications for entities in liquidation and sales of assets	$ 11 (b)	2019
WPD guarantee of pension and other obligations of unconsolidated entities	111 (c)	
PPL Electric		
Guarantee of inventory value	26 (d)	2018
LKE		
Indemnification of lease termination and other divestitures	301 (e)	2021 - 2023
LG&E and KU		
LG&E and KU guarantee of shortfall related to OVEC	(f)	

(a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.

(b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

(c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At March 31, 2016, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.

(d) A third party logistics firm provides inventory procurement and fulfillment services. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.

(e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of $200 million, exclusive of certain items such as government fines and penalties that fall outside the cap. Another WKE-related LKE guarantee covers other indemnifications related to the purchase price of excess power, has a term expiring in 2023, and a maximum exposure of $100 million. In May 2012, LKE's indemnitee received an unfavorable arbitration panel's decision interpreting this matter. In October 2014, LKE's indemnitee filed a motion for discretionary review with the Kentucky Supreme Court seeking to overturn the arbitration decision, and such motion was denied by the court in September 2015. In September 2015, a counterparty issued a demand letter to LKE's indemnitee. In February 2016, the counterparty filed a complaint in Henderson, Kentucky Circuit Court, seeking an award of damages in the matter. LKE does not believe appropriate contractual, legal or commercial grounds exist for the claim made and has disputed the demands. LKE believes its indemnification obligations in the WKE matter remain subject to various uncertainties, including additional legal and contractual developments, as well as future prices, availability and demand for the subject excess power. The parties are conducting preliminary settlement discussions, however, the ultimate outcomes of the WKE termination-related indemnifications cannot be predicted at this time. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum; LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the indemnification circumstances, but does not expect such outcomes to result in significant losses above the amounts recorded.

(f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was $124 million at March 31, 2016, consisting of LG&E's share of $86 million and KU's share of $38 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" and "Guarantees and Other Assurances" in Note 13 in PPL's, LKE's, LG&E's and KU's 2015 Form 10-K for additional information on the OVEC power purchase contract.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of $225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

11. Related Party Transactions

PLR Contracts/Purchase of Accounts Receivable *(PPL Electric)*

PPL Electric holds competitive solicitations for PLR generation supply. PPL EnergyPlus was awarded a portion of the PLR generation supply through these competitive solicitations. The purchases from PPL EnergyPlus are included in PPL Electric's Statements of Income as "Energy purchases from affiliate" through May 31, 2015, the period through which PPL Electric and PPL EnergyPlus were affiliated entities. As a result of the June 1, 2015 spinoff of PPL Energy Supply and creation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are included as purchases from an unaffiliated third party.

Under the standard Default Service Supply Master Agreement for the solicitation process, PPL Electric requires all suppliers to post collateral once credit exposures exceed defined credit limits. Wholesale suppliers are required to post collateral with PPL Electric when: (a) the market price of electricity to be delivered by the wholesale suppliers exceeds the contract price for the forecasted quantity of electricity to be delivered; and (b) this market price exposure exceeds a contractual credit limit. In no instance is PPL Electric required to post collateral to suppliers under these supply contracts.

PPL Electric's customers may choose an alternative supplier for their generation supply. See Note 2 for additional information regarding PPL Electric's purchases of accounts receivable from alternative suppliers, including Talen Energy Marketing.

Support Costs *(PPL Electric, LKE, LG&E and KU)*

PPL Services and LKS provide their respective PPL and LKE subsidiaries and each other with administrative, management and support services. PPL EU Services provides the majority of financial, supply chain, human resources and facilities management services primarily to PPL Electric. PPL Services provides certain corporate functions to PPL Electric. For all service companies, the costs of these services are charged to the respective recipients as direct support costs. General costs that cannot be directly attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended March 31, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months	
	2016	2015
PPL Electric from PPL Services	$ 37	$ 30
LKE from PPL Services	5	4
PPL Electric from PPL EU Services	17	15
LG&E from LKS	47	51
KU from LKS	56	56

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and LKE and KU are reimbursed through LKS.

Intercompany Borrowings *(LKE)*

LKE maintains a $225 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. At March 31, 2016 and December 31, 2015, $147 million and $54 million were outstanding and were reflected in "Notes payable with affiliate" on the Balance Sheets. The interest rate on borrowings is equal to one-month LIBOR plus a spread. The interest rates on the outstanding borrowing at March 31, 2016 and December 31, 2015 were 1.94% and 1.74%. Interest on the revolving line of credit was not significant for the three months ended March 31, 2016 and 2015.

LKE has a $400 million ten-year note with a PPL affiliate with an interest rate of 3.5%. At March 31, 2016, the note was reflected in "Long-term debt to affiliate" on the Balance Sheet.

Other *(PPL Electric, LG&E and KU)*

See Note 9 for discussions regarding intercompany allocations associated with defined benefits.

12. Other Income (Expense) - net

(PPL)

"Other Income (Expense) - net" for the three months ended March 31, 2016 and 2015 consisted primarily of gains on foreign currency contracts to economically hedge PPL's translation risk related to its GBP denominated earnings in the U.K. See Note 14 for additional information on these derivatives.

13. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. Transfers between levels are recognized at end-of-reporting-period values. During the three months ended March 31, 2016 and 2015, there were no transfers between Level 1 and Level 2. See Note 1 in each Registrant's 2015 Form 10-K for information on the levels in the fair value hierarchy.

Recurring Fair Value Measurements

The assets and liabilities measured at fair value were:

	March 31, 2016				December 31, 2015			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3
PPL								
Assets								
Cash and cash equivalents	$ 814	$ 814			$ 836	$ 836		
Restricted cash and cash equivalents (a)	32	32			33	33		
Price risk management assets (b):								
Foreign currency contracts	249		$ 249		209		$ 209	
Cross-currency swaps	188		188		86		86

Assets								
Cash and cash equivalents	$ 17	$ 17			$ 11	$ 11		
Total assets	$ 17	$ 17			$ 11	$ 11		

(a) Current portion is included in "Other current assets" and long-term portion is included in "Other noncurrent assets" on the Balance Sheets.
(b) Current portion is included in "Price risk management assets" and "Other current liabilities" and noncurrent portion is included in "Price risk management assets" and "Other deferred credits and noncurrent liabilities" on the Balance Sheets.
(c) Included in "Other noncurrent assets" on the Balance Sheets.
(d) Included in "Other noncurrent assets" on the Balance Sheets. Represents cash collateral posted to offset the exposure with counterparties related to certain interest rate swaps under master netting arrangements that are not offset.

Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps (*PPL, LKE, LG&E and KU)*

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

Financial Instruments Not Recorded at Fair Value *(All Registrants)*

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. The fair values were estimated using an income approach by discounting future cash flows at estimated current cost of funding rates, which incorporate the credit risk of the Registrants. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	March 31, 2016		December 31, 2015	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	$ 18,559	$ 21,046	$ 19,048	$ 21,218
PPL Electric	2,829	3,216	2,828	3,088
LKE	5,088	5,625	5,088	5,384
LG&E	1,642	1,779	1,642	1,704
KU	2,326	2,587	2,326	2,467

(a) Amounts are net of debt issuance costs.

The carrying value of short-term debt (including notes between affiliates), when outstanding, approximates fair value due to the variable interest rates associated with the short-term debt and is classified as Level 2.

14. Derivative Instruments and Hedging Activities

Risk Management Objectives

(All Registrants)

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Director - Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of the contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

Interest rate risk

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. LG&E utilizes over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.

- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery mechanisms in place.

Foreign currency risk

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

Commodity price risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is exposed to commodity price risk from its obligation as PLR; however, its PUC-approved cost recovery mechanism substantially eliminates its exposure to this risk. PPL Electric also mitigates its exposure to commodity price risk by entering into full-requirement supply agreements to serve its PLR customers. These supply agreements transfer the commodity price risk associated with the PLR obligation to the energy suppliers.

- LG&E's and KU's rates include certain mechanisms for fuel and fuel-related expenses. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric risk

PPL is exposed to volumetric risk through its domestic subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO - ED1 price control period, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2015 Form 10-K for additional information on revenue recognition under RIIO - ED1.

- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Equity securities price risk

- PPL and its subsidiaries are exposed to equity securities price risk associated with defined benefit plans. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery mechanisms in place.

- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of LKE (through its subsidiaries LG&E and KU) or PPL Electric defaults on its obligation, those entities would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thus mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

Master Netting Arrangements

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had an obligation to return $15 million of cash collateral under master netting arrangements at March 31, 2016 and no obligation to return cash collateral under master netting arrangements at December 31, 2015.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at March 31, 2016 and December 31, 2015.

PPL, LKE and LG&E posted $8 million and $9 million of cash collateral under master netting arrangements at March 31, 2016 and December 31, 2015.

KU did not post any cash collateral under master netting arrangements at March 31, 2016 and December 31, 2015.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

Interest Rate Risk

(All Registrants)

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. Various financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolio, adjust the duration of the debt portfolio and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

Cash Flow Hedges

(PPL)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. At March 31, 2016, PPL held an aggregate notional value in interest rate swap contracts of $300 million that range in maturity through 2026.

At March 31, 2016, PPL held an aggregate notional value in cross-currency interest rate swap contracts of $1.3 billion that range in maturity from 2016 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

For the three months ended March 31, 2016 and 2015, PPL had no hedge ineffectiveness associated with interest rate derivatives.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring. For the three months ended March 31, 2016, PPL had an insignificant amount of cash flow hedges reclassified into earnings associated with discontinued cash flow hedges and no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges for the three months ended March 31, 2015.

At March 31, 2016, the accumulated net unrecognized after-tax gains (losses) on qualifying derivatives that are expected to be reclassified into earnings during the next 12 months were insignificant. Amounts are reclassified as the hedged interest expense is recorded.

Economic Activity *(PPL, LKE and LG&E)*

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including a terminated swap contract, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At March 31, 2016, LG&E held contracts with a notional amount of $179 million that range in maturity through 2033.

Foreign Currency Risk

(PPL)

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. The contracts outstanding at March 31, 2016 had a notional amount of £116 million (approximately $180 million based on contracted rates). The settlement dates of these contracts range from April 2016 through June 2016.

At March 31, 2016, PPL had $21 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI, compared to $19 million at December 31, 2015.

Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At March 31, 2016, the total exposure hedged by PPL was approximately £2.0 billion (approximately $3.1 billion based on contracted rates). These contracts had termination dates ranging from April 2016 through November 2018.

Accounting and Reporting

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts for PPL and PPL Electric include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's and KU's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 6 for amounts recorded in regulatory assets and regulatory liabilities at March 31, 2016 and December 31, 2015.

See Notes 1 and 17 in each Registrant's 2015 Form 10-K for additional information on accounting policies related to derivative instruments.

(PPL)

The following table presents the fair value and location of derivative instruments recorded on the Balance Sheets, excluding derivative instruments of discontinued operations.

	March 31, 2016				December 31, 2015			
	Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments		Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments	
	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities
Current:

(PPL, LKE, LG&E and KU)

Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

	Assets				Liabilities			
		Eligible for Offset				Eligible for Offset		
	Gross	Derivative Instruments	Cash Collateral Received	Net	Gross	Derivative Instruments	Cash Collateral Pledged	Net
March 31, 2016								
Treasury Derivatives								
PPL	$ 437	$ 45	$ 15	$ 377	$ 98	$ 45	$ 8	$ 45
LKE					53		8	45
LG&E					53		8	45
December 31, 2015								
Treasury Derivatives								
PPL	$ 295	$ 25		$ 270	$ 72	$ 25	$ 9	$ 38
LKE					47		9	38
LG&E					47		9	38

Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's, and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At March 31, 2016, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	$ 31	$ 30	$ 30
Aggregate fair value of collateral posted on these derivative instruments	8	8	8
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	23	22	22

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

15. Goodwill

(PPL)

The change in the carrying amount of goodwill for the three months ended March 31, 2016 was due to the effect of foreign currency exchange rates on the U.K. Regulated segment.

16. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU
Balance at December 31, 2015	$ 586	$ 535	$ 175	$ 360
Accretion	6	6	2	4
Effect of foreign currency exchange rates	(4)			
Obligations settled	(1)	(1)	(1)	
Balance at March 31, 2016	$ 587	$ 540	$ 176	$ 364

LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the final CCR rule and Note 6 for information on the rate recovery applications with the KPSC. LG&E's and KU's accretion and ARO-related depreciation expense are recorded as a regulatory asset, such that there is no net earnings impact.

17. Accumulated Other Comprehensive Income (Loss)

(PPL)

The after-tax changes in AOCI by component for the three month periods ended March 31 were as follows.

	Foreign currency translation adjustments	Unrealized gains (losses) Available-for-sale securities	Unrealized gains (losses) Qualifying derivatives	Equity investees' AOCI	Defined benefit plans Prior service costs	Defined benefit plans Actuarial gain (loss)	Total
December 31, 2015	$ (520)		$ (7)		$ (6)	$ (2,195)	$ (2,728)
Amounts arising during the period	(464)		80				(384)
Reclassifications from AOCI			(78)			31	(47)
Net OCI during the period	(464)		2			31	(431)
March 31, 2016	$ (984)		$ (5)		$ (6)	$ (2,164)	$ (3,159)
December 31, 2014	$ (286)	$ 201	$ 20	$ 1	$ 3	$ (2,213)	$ (2,274)
Amounts arising during the period	(66)	5	6			(1)	(56)
Reclassifications from AOCI		(1)	(17)	(1)		38	19
Net OCI during the period	(66)	4	(11)	(1)		37	(37)
March 31, 2015	$ (352)	$ 205	$ 9	$	$ 3	$ (2,176)	$ (2,311)

The following table presents the gains (losses) and related income taxes for reclassifications from AOCI for the three month periods ended March 31. The defined benefit plan components of AOCI are not reflected in their entirety in the Statement of Income during the periods; rather, they are included in the computation of net periodic defined benefit costs (credits) and subject to capitalization. See Note 9 for additional information.

Details about AOCI	Three Months 2016	Three Months 2015	Affected Line Item on the Statements of Income

18. New Accounting Guidance Pending Adoption

(All Registrants)

Accounting for Revenue from Contracts with Customers

In May 2014, the Financial Accounting Standards Board (FASB) issued accounting guidance that establishes a comprehensive new model for the recognition of revenue from contracts with customers. This model is based on the core principle that revenue should be recognized to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

For public business entities, this guidance can be applied using either a full retrospective or modified retrospective transition method, beginning in annual reporting periods after December 15, 2017 and interim periods within those years. Public business entities may early adopt this guidance in annual reporting periods beginning after December 15, 2016. The Registrants expect to adopt this guidance effective January 1, 2018.

The Registrants are currently assessing the impact of adopting this guidance, as well as the transition method they will use.

Accounting for Leases

In February 2016, the FASB issued accounting guidance for leases. This new guidance requires lessees to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). For income statement purposes, the FASB retained a dual model for lessees, requiring leases to be classified as either operating or finance. Operating leases will result in straight-line expense (similar to current operating leases) while finance leases will result in a front-loaded expense pattern (similar to current capital leases). Classification will be based on criteria that are largely similar to those applied in current lease accounting, but without explicit bright lines.

Lessor accounting under the new guidance is similar to the current model, but updated to align with certain changes to the lessee model and the new revenue recognition standard. Similar to current practice, lessors will classify leases as operating, direct financing, or sales-type.

The standard is effective for public companies for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted. The new standard must be adopted using a modified retrospective transition, and provides for certain practical expedients. Transition will require application of the new guidance at the beginning of the earliest comparative period presented.

The Registrants are currently assessing the impact of adopting this guidance.

Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations

(All Registrants)

This "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL Corporation, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The following should be read in conjunction with the Registrants' Condensed Consolidated Financial Statements and the accompanying Notes and with the Registrants' 2015 Form 10-K. Capitalized terms and abbreviations are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted.

"Management's Discussion and Analysis of Financial Condition and Results of Operations" includes the following information:

- "Overview" provides a description of each Registrant's business strategy, a description of key factors expected to impact future earnings and a discussion of important financial and operational developments.

- "Results of Operations" for PPL provides a detailed analysis of earnings by segment, and for PPL Electric, LKE, LG&E and KU, includes a summary of earnings. For all Registrants, "Non-GAAP Financial Measures", "Earnings from Ongoing Operations" and "Margins" provide explanations of non-GAAP measures used and reconciliations to the most directly comparable GAAP measure. "Statement of Income Analysis" addresses significant changes in principal line items on the Statements of Income, comparing the three months ended March 31, 2016 with the same period in 2015.

- "Financial Condition - Liquidity and Capital Resources" provides an analysis of the Registrants' liquidity positions and credit profiles. This section also includes a discussion of rating agency actions.

- "Financial Condition - Risk Management" provides an explanation of the Registrants' risk management programs relating to market and credit risk.

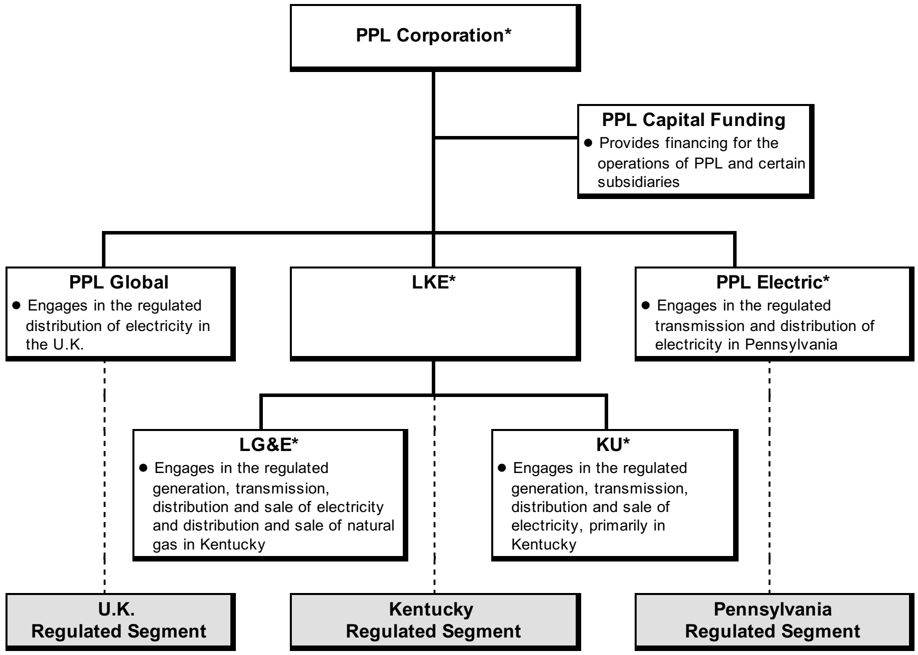
Overview

Introduction

(PPL)

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky, Virginia and Tennessee; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky. In June 2015, PPL and PPL Energy Supply completed the spinoff of PPL Energy Supply which combined its competitive power generation businesses with those of Riverstone to form a new, stand-alone, publicly traded company named Talen Energy. See Note 8 in PPL's 2015 Form 10-K for additional information.

PPL's principal subsidiaries are shown below (* denotes SEC registrant).



PPL's reportable segments' results primarily represent the results of the Subsidiary Registrants, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of the applicable Subsidiary Registrants. The U.K. Regulated segment has no related Subsidiary Registrant.

In addition to PPL, the other Registrants included in this filing are as follows.

(PPL Electric)

PPL Electric, headquartered in Allentown, Pennsylvania, is a direct wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

(LKE)

LKE, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name and in Tennessee under the KU name.

(LG&E)

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

(KU)

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky, Virginia and Tennessee. KU is subject to regulation as a public utility by the KPSC, the VSCC and the Tennessee Regulatory Authority, and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Virginia customers under the Old Dominion Power name and its Kentucky and Tennessee customers under the KU name.

Business Strategy

(All Registrants)

Following the June 1, 2015 spinoff of PPL Energy Supply, PPL completed its strategic transformation to a fully regulated business model consisting of seven diverse, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky and each jurisdiction has different regulatory structures and customer classes. The Company believes this diverse portfolio provides strong earnings and dividend growth potential that will create significant value for its shareowners and positions PPL well for continued growth and success.

PPL's businesses of WPD, PPL Electric, LG&E and KU plan to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base and RAV, as applicable, driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities. Additionally, significant transmission rate base growth is expected through 2020 at PPL Electric.

For the U.S. businesses, our strategy is to recover capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, gas supply clause and recovery on construction work-in-progress) that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital outlay to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms are in place to reduce regulatory lag and provide for timely recovery of and a return on prudently incurred costs.

Although rate base growth in the domestic utilities is expected to result in strong earnings growth for the foreseeable future, PPL does not expect significant earnings growth from the U.K. Regulated segment under the RIIO-ED1 price control period, which began on April 1, 2015. Although the U.K. Regulated segment also projects strong RAV growth, earnings from this segment are expected to be relatively flat from 2015 to 2017 during the transition to RIIO-ED1. Higher revenues resulting from the fast-track bonus are partially offset by higher levels of revenue profiling in the prior price control period (DPCR5) and a lower return on regulatory equity. In addition, starting in 2017, the amount of incentive revenues WPD is able to earn is expected to decline as a result of more stringent reliability and customer service targets established by Ofgem under RIIO-ED1. See "Item 1. Business - Segment Information - U.K. Regulated Segment" of PPL's 2015 Form 10-K for additional information on RIIO-ED1.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options, and swaps. See "Financial Condition - Risk Management" below for further information. Due to the significant earnings contributed from WPD, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. PPL's exposure to changes in the value of the GBP versus the U.S. dollar related to budgeted earnings of the U.K. Regulated segment is hedged 93%, 89% and 41% for 2016, 2017 and 2018.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which we operate (U.K., U.S. federal and state). This is supported by our strong culture of integrity and delivering on commitments to our customers, regulators and shareowners, and a commitment to continue to improve our customer service, reliability and efficiency of operations.

(PPL)

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

Financial and Operational Developments

Earnings *(PPL)*

PPL's earnings by reportable segments for the three month period ended March 31 were as follows:

	Three Months		
	2016	2015	$ Change
U.K. Regulated	$ 289	$ 375	$ (86)
Kentucky Regulated	112	109	3
Pennsylvania Regulated	94	87	7
Corporate and Other (a)	(14)	(19)	5
Discontinued Operations (b)		95	(95)
Net Income	$ 481	$ 647	$ (166)

(a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results.
(b) As a result of the spinoff of PPL Energy Supply, substantially representing PPL's former Supply segment, the earnings of the Supply segment prior to the spinoff are included in Discontinued Operations. See Note 8 to the Financial Statements for additional information.

PPL's Earnings from Ongoing Operations by reportable segment for the three month period ended March 31 were as follows:

	Three Months		
	2016	2015	$ Change
U.K. Regulated	$ 265	$ 336	$ (71)
Kentucky Regulated	112	109	3
Pennsylvania Regulated	94	87	7
Corporate and Other (a)	(13)	(13)	
Earnings from Ongoing Operations	$ 458	$ 519	$ (61)

See "Non-GAAP Financial Measures" below for PPL's definition of Earnings from Ongoing Operations, as well as a reconciliation of this non-GAAP financial measure to Net Income.

See "Results of Operations" below for further discussion of PPL's results of operations, details of special items by reportable segments and analysis of the consolidated results of operations.

2016 Outlook

(PPL)

Higher earnings from ongoing operations are expected in 2016 compared with 2015. This increase is primarily attributable to increases in the Kentucky Regulated and Pennsylvania Regulated segments. The following projections and factors underlying these projections (on an after-tax basis) are provided for PPL's segments and the Corporate and Other category and the related Registrants.

(PPL's U.K. Regulated Segment)

Excluding special items, relatively flat earnings are projected in 2016 compared with 2015, due to higher gross margins and lower operation and maintenance expense, including pension expense, offset by higher financing costs, depreciation, taxes and other expenses and lower GBP to U.S. dollar exchange rates.

(PPL's Kentucky Regulated Segment and LKE, LG&E and KU)

Excluding special items, higher earnings are projected in 2016 compared with 2015, primarily driven by electric and gas base rate increases effective July 1, 2015, and higher returns on additional environmental capital investments, partially offset by higher depreciation and financing costs.

(PPL's Pennsylvania Regulated Segment and PPL Electric)

Excluding special items, higher earnings are projected in 2016 compared with 2015, primarily driven by higher base electricity rates for distribution effective January 1, 2016, and higher transmission margins, partially offset by higher depreciation, higher financing costs and a benefit received in 2015 from the release of a gross receipts tax reserve.

(PPL's Corporate and Other Category)

Excluding special items, costs are projected to be relatively flat in 2016 compared with 2015.

(All Registrants)

Earnings in future periods are subject to various risks and uncertainties. See "Forward-Looking Information," the rest of this Item 2, Notes 6 and 10 to the Financial Statements and "Item 1A. Risk Factors" in this Form 10-Q (as applicable) and "Item 1. Business" and "Item 1A. Risk Factors" in the Registrants' 2015 Form 10-K for a discussion of the risks, uncertainties and factors that may impact future earnings.

Other Financial and Operational Developments

(PPL)

U.K. Membership in European Union

Significant uncertainty exists concerning the outcome of the forthcoming June 23, 2016 referendum in the U.K. as to whether the U.K. will remain a member of the European Union and the impact that outcome could have on the U.S. dollar to GBP foreign currency exchange rate, RPI and interest rates in the U.K. PPL is well-hedged against certain short-term fluctuations that may occur in the value of the GBP versus the U.S. dollar. As it relates to budgeted earnings, PPL's 2016 foreign currency exposure is 93% hedged at an average rate of $1.54 per GBP. PPL, however, cannot predict the long-term impact that a decision by the U.K. to leave the European Union would have on PPL's financial condition or results of operations, although such impact could be significant.

Regulatory Requirements

(PPL, LKE, LG&E and KU)

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHGs, ELGs, MATS and the Clean Power Plan. See Note 6, Note 10 and Note 16 to the Financial Statements for a discussion of the other significant environmental matters.

(All Registrants)

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

(PPL)

Discontinued Operations

The operations of PPL's Supply segment prior to the June 1, 2015 spinoff are included in "Income (Loss) from Discontinued Operations (net of income taxes)" on the March 2015 Statement of Income.

See Note 8 to the Financial Statements for additional information related to the spinoff of PPL Energy Supply, including the components of Discontinued Operations.

U.K. Distribution Revenue Reduction

In December 2013, WPD and other U.K. DNOs announced agreements with the U.K. Department of Energy and Climate Change and Ofgem to a reduction of £5 per residential customer of electricity distribution revenues that otherwise would have been collected in the regulatory year beginning April 1, 2014. Full recovery of the revenue reduction, together with the associated carrying cost will occur in the regulatory year beginning April 1, 2016. Under GAAP, WPD does not record a receivable for under recovery of regulated income (which this reduction represents). As a result, earnings for the U.K. Regulated segment were adversely affected by $15 million in 2015. PPL projects earnings in 2016 will be positively affected by $32 million and earnings for 2017 will be positively affected by $17 million.

Discount Rate Change for U.K. Pension Plans

In selecting the discount rate for its U.K. pension plans, WPD historically used a single weighted-average discount rate in the calculation of net periodic defined benefit cost. WPD began using individual spot rates to measure service cost and interest cost beginning with the calculation of 2016 net periodic defined benefit cost. For the three months ended March 31, 2016, this change in discount rate resulted in lower net periodic defined benefit costs recognized on PPL's Statement of Income of $11 million ($9 million after-tax or $0.01 per share). Based on current estimates, PPL expects this change to reduce 2016 net periodic defined benefit costs recognized on PPL's Statement of Income by $44 million ($36 million after-tax or $0.05 per share). Assuming interest rates continue to rise, the benefit is highest in the initial year and then falls over time as the additional actuarial losses on liabilities are amortized. See "Application of Critical Accounting Policies-Defined Benefits" in PPL's 2015 Form 10-K for additional information.

Results of Operations

(PPL)

The discussion for PPL provides a review of results by reportable segment. The "Non-GAAP Financial Measures" discussion provides explanations of non-GAAP financial measures and a reconciliation of non-GAAP financial measures to the most comparable GAAP measure. The "Statement of Income Analysis" discussion addresses significant changes in principal line items on PPL's Statements of Income, comparing the three months ended March 31, 2016 with the same period in 2015. "Segment Earnings, Non-GAAP Financial Measures and Statement of Income Analysis" is presented separately for PPL.

Tables analyzing changes in amounts between periods within "Segment Earnings" and "Statement of Income Analysis" are presented on a constant U.K. foreign currency exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant U.K. foreign currency exchange rate basis are calculated by translating current year results at the prior year weighted-average U.K. foreign currency exchange rate.

(Subsidiary Registrants)

The discussion for each of PPL Electric, LKE, LG&E and KU provides a summary of earnings. The "Margins" discussion includes a reconciliation of non-GAAP financial measures to "Operating Income" and "Statement of Income Analysis" addresses significant changes in principal line items on the Statements of Income comparing the three months ended March 31, 2016 with the same period in 2015. "Earnings, Margins and Statement of Income Analysis" is presented separately for PPL Electric, LKE, LG&E and KU.

(All Registrants)

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

PPL Segment Earnings, Non-GAAP Financial Measures and Statement of Income Analysis

Segment Earnings

U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs, and allocated financing costs. The U.K. Regulated segment represents 60% of PPL's Net Income for the three months ended March 31, 2016 and 41% of PPL's assets at March 31, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended March 31 include the following results.

	Three Months		
	2016	2015	$ Change
Operating revenues	$ 595	$ 697	$ (102)
Other operation and maintenance	97	110	(13)
Depreciation	60	59	1
Taxes, other than income	35	36	(1)
Total operating expenses	192	205	(13)
Other Income (Expense) - net	61	88	(27)
Interest Expense	106	100	6
Income Taxes	69	105	(36)
Net Income	289	375	(86)
Less: Special Items	24	39	(15)
Earnings from Ongoing Operations	$ 265	$ 336	$ (71)

The following after-tax gains (losses), which management considers special items, impacted the U.K. Regulated segment's results and are excluded from Earnings from Ongoing Operations during the three month period ended March 31.

	Income Statement	Three Months	
	Line Item	2016	2015
Foreign currency-related economic hedges, net of tax of ($13), ($20) (a)	Other Income (Expense)-net	$ 24	$ 37
WPD Midlands acquisition-related adjustment, net of tax of $0, ($1)	Other operation and maintenance		2
Total		$ 24	$ 39

(a) Represents unrealized gains (losses) on contracts that economically hedge anticipated GBP-denominated earnings.

The changes in the components of the U.K. Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as U.K. Gross Margins, the items that management considers special and the effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

	Three Months
U.K.	
Gross margins	$ (69)
Other operation and maintenance	11
Depreciation	(4)
Interest expense	(12)
Other	1
Income taxes	22
U.S.	
Interest expense and other	(1)
Income taxes	1
Foreign currency exchange, after-tax	(20)
Earnings from Ongoing Operations	(71)
Special items, after-tax	(15)
Net Income	$ (86)

U.K.

- See "Non-GAAP Financial Measures - Margins - Changes in Margins" for an explanation of U.K. Gross Margins.

- Lower other operation and maintenance primarily due to $22 million from lower pension expense, partially offset by $8 million from higher network maintenance expense.

- Lower income taxes primarily due to lower pre-tax income.

Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations of LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 23% of PPL's Net Income for the three months ended March 31, 2016 and 36% of PPL's assets at March 31, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended March 31 include the following results.

	Three Months		
	2016	2015	$ Change
Operating revenues	$ 826	$ 899	$ (73)
Fuel	198	253	(55)
Energy purchases	66	92	(26)
Other operation and maintenance	202	209	(7)
Depreciation	99	95	4
Taxes, other than income	15	14	1
Total operating expenses	580	663	(83)
Other Income (Expense) - net	(1)	(1)	
Interest Expense	65	55	10
Income Taxes	68	71	(3)
Net Income	112	109	3
Less: Special Items (a)			
Earnings from Ongoing Operations	$ 112	$ 109	$ 3

(a) There are no items that management considers special for the periods presented.

The changes in the components of the Kentucky Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Kentucky Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months
Kentucky Gross Margins	$ 3
Other operation and maintenance	7
Depreciation	1
Taxes, other than income	(1)
Interest Expense	(10)
Income Taxes	3
Net Income	$ 3

- See "Non-GAAP Financial Measures - Margins - Changes in Margins" for an explanation of Kentucky Gross Margins.

- Higher interest expense primarily due to the September 2015 issuance of $550 million of incremental First Mortgage Bonds by LG&E and KU, higher interest rates on the September 2015 issuance of $500 million of First Mortgage Bonds by LG&E and KU used to retire the same amount of First Mortgage Bonds in November 2015 and $400 million of notes refinanced by LKE in November 2015.

- Lower other operation and maintenance primarily due to lower coal plant operations and maintenance expense as a result of units retired in 2015 at the Cane Run and Green River plants.

Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. The Pennsylvania Regulated segment represents 20% of PPL's Net Income for the three months ended March 31, 2016 and 23% of PPL's assets at March 31, 2016.
Net Income and Earnings from Ongoing Operations for the periods ended March 31 include the following results.

	Three Months		
	2016	2015	$ Change
Operating revenues	$ 585	$ 630	$ (45)
Energy purchases			
External	167	227	(60)
Intersegment		9	(9)
Other operation and maintenance	150	133	17
Depreciation	59	51	8
Taxes, other than income	29	35	(6)
Total operating expenses	405	455	(50)
Other Income (Expense) - net	3	2	1
Interest Expense	33	31	2
Income Taxes	56	59	(3)
Net Income	94	87	7
Less: Special Items (a)			
Earnings from Ongoing Operations	$ 94	$ 87	$ 7

(a) There are no items that management considers special for the periods presented.

The changes in the components of the Pennsylvania Regulated segment's results between these periods were due to the factors set forth below, which reflect amounts classified as Pennsylvania Gross Delivery Margins on a separate line and not in their respective Statement of Income line items.

	Three Months
Pennsylvania Gross Delivery Margins	$ 30
Other operation and maintenance	(18)
Depreciation	(8)
Taxes, other than income	1
Other Income (Expense) - net	1
Interest Expense	(2)
Income Taxes	3
Net Income	$ 7

- See "Non-GAAP Financial Measures - Margins - Changes in Margins" for an explanation of Pennsylvania Gross Delivery Margins.
- Higher other operation and maintenance expense primarily due to $9 million of higher corporate service costs allocated to PPL Electric, $4 million of higher costs for additional work done by outside vendors and $3 million of higher vegetation management expenses.
- Higher depreciation expense primarily due to transmission additions placed into service related to the ongoing efforts to improve reliability and replace aging infrastructure, net of retirements.

Non-GAAP Financial Measures

Management's Discussion and Analysis includes financial information prepared in accordance with GAAP, as well as non-GAAP financial measures including "Earnings from Ongoing Operations" and "Gross Margins" as further described below.

Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure and it should not be considered as an alternative to net income, which is an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. PPL's management also uses Earnings from Ongoing Operations in measuring certain corporate performance goals. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items include:

- Unrealized gains or losses on foreign currency-related economic hedges (as discussed below).
- Supply segment discontinued operations.
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency-related economic hedges include the changes in fair value of foreign currency contracts used to economically hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts each period are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 14 to the Financial Statements and "Risk Management" below for additional information on foreign currency-related economic activity.

Reconciliation of Earnings from Ongoing Operations

The following tables contain after-tax gains (losses), in total, which management considers special items, that are excluded from Earnings from Ongoing Operations and a reconciliation to PPL's "Net Income (Loss)" for the three month periods ended March 31.

	2016					
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Discontinued Operations	Total
Net Income (Loss)	$ 289	$ 112	$ 94	$ (14)		$ 481
Less: Special Items (expense) benefit:						
Foreign currency-related economic hedges	24					24
Spinoff of the Supply segment				(1)		(1)
Total Special Items	24			(1)		23
Earnings from Ongoing Operations	$ 265	$ 112	$ 94	$ (13)		$ 458

	2015					
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Discontinued Operations	Total
Net Income (Loss)	$ 375	$ 109	$ 87	$ (19)	$ 95	$ 647
Less: Special Items (expense) benefit:						
Foreign currency-related economic hedges	37					37
Spinoff of the Supply segment:						
Discontinued operations					95	95
Employee transitional services				(2)		(2)

Total Special Items	39			(6)	95	128
Earnings from Ongoing Operations	$ 336	$ 109	$ 87	$ (13)	$	$ 519

Margins

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses.

- "U.K. Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as National Grid connection charges and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.

- "Kentucky Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, LKE, LG&E and KU, as well as the Kentucky Regulated segment's, LKE's and LG&E's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.

- "Pennsylvania Gross Delivery Margins" is a single financial performance measure of the electricity transmission and distribution delivery operations of the Pennsylvania Regulated segment and PPL Electric. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129 and Universal Service program costs), and "Taxes, other than income," which is primarily gross receipts tax. This performance measure includes PLR energy purchases by PPL Electric from PPL EnergyPlus, which are reflected in "Energy purchases from affiliate" in the reconciliation tables. As a result of the June 2015 spinoff of PPL Energy Supply and the formation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are reflected in "Energy Purchases" in the reconciliation tables. This measure represents the net revenues from the Pennsylvania Regulated segment's and PPL Electric's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

Reconciliation of Margins

The following table contains the components from the Statement of Income that are included in the non-GAAP financial measures and a reconciliation to PPL's "Operating Income" for the periods ended March 31.

	2016 Three Months					2015 Three Months				
	U.K. Gross Margins	Kentucky Gross Margins	PA Gross Delivery Margins	Other (a)	Operating Income (b)	U.K. Gross Margins	Kentucky Gross Margins	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 584 (c)	$ 826	$ 585	$ 16	$ 2,011	$ 686 (c)	$ 899	$ 630	$ 15	$ 2,230
Operating Expenses										
Fuel		198		(1)	197		253			253
Energy purchases		66	167		233		92	227	10	329
Energy purchases from affiliate								9	(9)	
Other operation and maintenance	27	24	25	374	450	29	24	26	377	456
Depreciation		12		217	229		7		209	216
Taxes, other than income		1	28	50	79		1	33	52	86
Total Operating Expenses	27	301	220	640	1,188	29	377	295	639	1,340
Total	$ 557	$ 525	$ 365	$ (624)	$ 823	$ 657	$ 522	$ 335	$ (624)	$ 890

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.
(c) Excludes $11 million of ancillary revenues for the three months ended March 31, 2016 and 2015.

Changes in Margins

The following table shows Margins by PPL's reportable segment and by component, as applicable, for the periods ended March 31 as well as the change between periods. The factors that gave rise to the changes are described following the table.

	Three Months		
	2016	2015	$ Change
U.K.			
U.K. Gross Margins	$ 557	$ 657	$ (100)
Impact of changes in foreign currency exchange rates			(31)
Change in U.K. Gross Margins excluding impact of foreign currency exchange rates			$ (69)
Kentucky Regulated			
Kentucky Gross Margins			
LG&E	$ 228	$ 230	$ (2)
KU	297	292	5
LKE	$ 525	$ 522	$ 3
Pennsylvania Regulated			
Pennsylvania Gross Delivery Margins			
Distribution	$ 258	$ 242	$ 16
Transmission	107	93	14
Total	$ 365	$ 335	$ 30

U.K. Gross Margins

U.K. Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased primarily due to $69 million from the April 1, 2015 price decrease resulting from the commencement of RIIO-ED1 and lower volumes of $16 million due to milder weather during the first quarter of 2016 partially offset by $16 million of other revenue adjustments.

Kentucky Gross Margins

Kentucky Gross Margins increased primarily due to higher base rates of $36 million ($33 million at KU and $3 million at LG&E). The increase in base rates was the result of new rates approved by the KPSC effective July 1, 2015. The increase was partially offset by a decrease in sales volumes of $29 million ($19 million at KU and $10 million at LG&E) driven by milder weather during the first quarter of 2016.

Pennsylvania Gross Delivery Margins

Distribution

Distribution margins increased primarily due to $39 million of higher base rates, effective January 1, 2016 as a result of the 2015 rate case, partially offset by a $23 million unfavorable impact of milder weather in the first quarter of 2016.

Transmission

Transmission margins increased primarily due to returns on additional capital investments focused on replacing aging infrastructure and improving reliability.

Statement of Income Analysis --

Certain Operating Revenues and Expenses Included in "Margins"

The following Statement of Income line items and their related decreases during the period ended March 31, 2016 compared with 2015 are included above within "Margins" and are not separately discussed.

	Three Months
Operating Revenues	$ (219)
Fuel	(56)
Energy purchases	(96)

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the period ended March 31, 2016 compared with 2015 was due to:

	Three Months
Domestic:	
LKE coal plant operations and maintenance	$ (7)
LKE pension	(4)
PPL Electric Act 129 costs incurred	(4)
PPL Electric vegetation management	3
PPL Electric payroll-related costs	(3)
PPL Electric contractor-related expenses	5
PPL Electric storm costs	3
Corporate costs previously included in discontinued operations (a)	9
Other	5
U.K.:	
Network maintenance	8
Pension expense	(22)
Foreign currency exchange rates (b)	(5)
Other	6
Total	$ (6)

(a) The increase in 2016 compared with 2015 was due to corporate costs allocated to PPL Energy Supply (and included in discontinued operations) prior to the spin. As a result of the spinoff on June 1, 2015, these corporate costs now remain in continuing operations.
(b) The offsetting impacts from foreign currency hedging instruments are recorded in "Other Income (Expense)- net."

Depreciation

Depreciation increased by $13 million for the three months ended March 31, 2016 compared with 2015, primarily due to additional assets placed into service, primarily at the domestic utilities, net of retirements.

Other Income (Expense) - net

Other income (expense) - net decreased by $27 million for the three months ended March 31, 2016 compared with 2015, primarily due to changes in realized and unrealized gains on foreign currency contracts to economically hedge GBP denominated earnings from WPD.

Interest Expense

The increase (decrease) in interest expense for the period ended March 31, 2016 compared with 2015 was due to:

	Three Months
Long-term debt interest expense (a)	$ 23
Foreign currency exchange rates	(5)
Other	(3)
Total	$ 15

(a) The increase was primarily due to debt issuances at WPD in November 2015, PPL Electric in October 2015 and LG&E and KU in September 2015 as well as higher interest rates on bonds refinanced in September 2015 at LG&E and KU.

Income Taxes

The increase (decrease) in income taxes for the period ended March 31, 2016 compared with 2015 was due to:

	Three Months
Change in pre-tax income at current period tax rates	$ (39)
Impact of U.K. income tax rates	8
Stock-based compensation (a)	(8)
Other	1
Total	$ (38)

(a) During the three months ended March 31, 2016, PPL recorded an $8 million tax benefit related to the application of new stock-based compensation accounting guidance. See Note 2 to the Financial Statements for additional information.

See Note 5 to the Financial Statements for additional information.

Income (Loss) from Discontinued Operations (net of income taxes)

Income (Loss) from Discontinued Operations (net of income taxes) includes the results of operations of PPL Energy Supply, which was spun off from PPL on June 1, 2015 and substantially represents PPL's former Supply segment. See "Discontinued Operations" in Note 8 to the Financial Statements for additional information.

PPL Electric: Earnings, Margins and Statement of Income Analysis

Earnings

	Three Months Ended March 31,	
	2016	2015
Net Income	$ 94	$ 87
Special item, gains (losses), after-tax (a)		

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher distribution margins, primarily as a result of higher base rates effective January 1, 2016 and higher transmission margins, primarily due to returns on additional capital investments, partially offset by the impact of unfavorable weather, higher other operation and maintenance and higher depreciation.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Pennsylvania Gross Delivery Margins on a separate line and not in their respective Statement of Income line items.

	Three Months
Pennsylvania Gross Delivery Margins	$ 30
Other operation and maintenance	(18)
Depreciation	(8)
Taxes, other than income	1
Other Income (Expense) - net	1
Interest Expense	(2)
Income Taxes	3
Net Income	$ 7

Margins

"Pennsylvania Gross Delivery Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Non-GAAP Financial Measures - Margins" for information on why management believes this measure is useful and for explanations of the underlying drivers of the changes between periods.

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended March 31.

	2016 Three Months			2015 Three Months		
	PA Gross Delivery Margins	Other (a)	Operating Income (b)	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 585		$ 585	$ 630		$ 630
Operating Expenses						
Energy purchases	167		167	227		227
Energy purchases from affiliate				9		9
Other operation and maintenance	25	$ 125	150	26	$ 107	133
Depreciation		59	59		51	51
Taxes, other than income	28	1	29	33	2	35
Total Operating Expenses	220	185	405	295	160	455
Total	$ 365	$ (185)	$ 180	$ 335	$ (160)	$ 175

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

Statement of Income Analysis --

Certain Operating Revenues and Expenses Included in "Margins"

The following Statement of Income line items and their related decrease during the period ended March 31, 2016 compared with 2015 are included above within "Margins" and are not separately discussed.

	Three Months
Operating revenues	$ (45)
Energy purchases	(60)
Energy purchases from affiliate	(9)

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the period ended March 31, 2016 compared with 2015 was due to:

	Three Months
Corporate service costs	$ 9
Contractor-related expenses	5
Vegetation management	3
Storm costs	3
Payroll-related costs	(3)
Act 129	(4)
Other	4
Total	$ 17

Depreciation

Depreciation increased by $8 million for the three months ended March 31, 2016 compared with 2015, primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements.

Taxes, Other Than Income

Taxes, other than income decreased by $6 million for the three months ended March 31, 2016 compared with 2015, primarily due to lower Pennsylvania gross receipts tax expense as a result of a decrease in retail electric revenues. This tax is included in "Pennsylvania Gross Delivery Margins."

Interest Expense

Interest expense increased by $2 million for the three months ended March 31, 2016 compared with 2015, primarily due to the issuance of first mortgage bonds in October 2015.

Income Taxes

The increase (decrease) in income taxes for the period ended March 31, 2016 compared with 2015 was due to:

		Three Months
Change in pre-tax income at current period tax rates	$	2
Stock-based compensation (a)		(5)
Total	$	(3)

(a) During the three months ended March 31, 2016, PPL Electric recorded a $5 million tax benefit related to the application of new stock-based compensation accounting guidance. See Note 2 to the Financial Statements for additional information.

See Note 5 to the Financial Statements for additional information.

LKE: Earnings, Margins and Statement of Income Analysis

Earnings

	Three Months Ended March 31,			
		2016		2015
Net Income	$	120	$	117

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher base electricity rates effective July 1, 2015 and lower other operation and maintenance partially offset by lower sales volumes, due to unfavorable weather, and higher financing costs.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

		Three Months
Margins	$	3
Other operation and maintenance		7
Depreciation		1
Taxes, other than income		(1)
Interest expense		(11)
Income taxes		4
Total	$	3

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Non-GAAP Financial Measures - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LKE's Margins are referred to as "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended March 31.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 826		$ 826	$ 899		$ 899
Operating Expenses						
Fuel	198		198	253		253
Energy purchases	66		66	92		92
Other operation and maintenance	24	$ 178	202	24	$ 185	209
Depreciation	12	87	99	7	88	95
Taxes, other than income	1	14	15	1	13	14
Total Operating Expenses	301	279	580	377	286	663
Total	$ 525	$ (279)	$ 246	$ 522	$ (286)	$ 236

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

Statement of Income Analysis --

Certain Operating Revenues and Expenses included in "Margins"

The following Statement of Income line items and their related decrease during the period ended March 31, 2016 compared with 2015 are included above within "Margins" and are not separately discussed.

	Three Months
Operating revenues	$ (73)
Fuel	(55)
Energy purchases	(26)

Other Operation and Maintenance

The decrease in other operation and maintenance for the period ended March 31, 2016 compared with 2015 was due to:

	Three Months
Coal plant operations and maintenance	$ (7)
Pension	(4)
Other	4
Total	$ (7)

Interest Expense

Interest expense increased $11 million for the three months ended March 31, 2016 compared with 2015 primarily due to the September 2015 issuance of $550 million of incremental First Mortgage Bonds by LG&E and KU, higher interest rates on the September 2015 issuance of $500 million of First Mortgage Bonds by LG&E and KU used to retire the same amount of First Mortgage Bonds in November 2015 and $400 million of notes refinanced in November 2015.

LG&E: Earnings, Margins and Statement of Income Analysis

Earnings

	Three Months Ended March 31,	
	2016	2015
Net Income	$ 56	$ 53

Earnings increased for the three month period in 2016 compared with 2015 primarily due to lower other operation and maintenance and lower depreciation partially offset by lower sales volumes, due to unfavorable weather, and higher financing costs.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

	Three Months
Margins	$ (2)
Other operation and maintenance	7
Depreciation	4
Taxes, other than income	(1)
Other income (expense) - net	1
Interest expense	(4)
Income taxes	(2)
Total	$ 3

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Non-GAAP Financial Measures - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LG&E's Margins are included in "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended March 31.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 386		$ 386	$ 439		$ 439
Operating Expenses						
Fuel	78		78	103		103
Energy purchases, including affiliate	64		64	91		91

Depreciation	6	35	41	3	39	42
Taxes, other than income	1	7	8	1	6	7
Total Operating Expenses	158	120	278	209	130	339
Total	$ 228	$ (120)	$ 108	$ 230	$ (130)	$ 100

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

Statement of Income Analysis --

Certain Operating Revenues and Expenses included in "Margins"

The following Statement of Income line items and their related decrease during the period ended March 31, 2016 compared with 2015 are included above within "Margins" and are not separately discussed.

	Three Months
Retail and wholesale	$ (42)
Electric revenue from affiliate	(11)
Fuel	(25)
Energy purchases	(26)
Energy purchases from affiliate	(1)

Other Operation and Maintenance

The decrease in other operation and maintenance for the period ended March 31, 2016 compared with 2015 was due to:

	Three Months
Coal plant operations and maintenance	$ (7)
Other	(2)
Total	$ (9)

Interest Expense

Interest expense increased $4 million for the three months ended March 31, 2016 compared with 2015 primarily due to the September 2015 issuance of $300 million of incremental First Mortgage Bonds and higher interest rates on the September 2015 issuance of $250 million of First Mortgage Bonds used to retire the same amount of First Mortgage Bonds in November 2015.

KU: Earnings, Margins and Statement of Income Analysis

Earnings

	Three Months Ended March 31, 2016	Three Months Ended March 31, 2015
Net Income	$ 75	$ 78

Earnings decreased for the three month period in 2016 compared with 2015 primarily due to lower sales volumes, due to unfavorable weather, and higher financing costs partially offset by higher base electricity rates effective July 1, 2015.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

	Three Months
Margins	$ 5
Depreciation	(3)
Other income (expense)- net	(1)
Interest expense	(5)
Income taxes	1
Total	$ (3)

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Non-GAAP Financial Measures - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, KU's Margins are included in "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended March 31.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 453		$ 453	$ 485		$ 485
Operating Expenses

Taxes, other than income		7	7		7	7
Total Operating Expenses	156	150	306	193	147	340
Total	$ 297	$ (150)	$ 147	$ 292	$ (147)	$ 145

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

Statement of Income Analysis --

Certain Operating Revenues and Expenses included in "Margins"

The following Statement of Income line items and their related decrease during the period ended March 31, 2016 compared with 2015 are included above within "Margins" and are not separately discussed.

		Three Months
Retail and wholesale	$	(31)
Electric revenue from affiliate		(1)
Fuel		(30)
Energy purchases from affiliate		(11)

Depreciation

Depreciation increased $5 million for the three months ended March 31, 2016 compared with 2015 primarily due to additional assets placed into service, net of retirements.

Interest Expense

Interest expense increased $5 million for the three months ended March 31, 2016 compared with 2015 primarily due to the September 2015 issuance of $250 million of incremental First Mortgage Bonds and higher interest rates on the September 2015 issuance of $250 million of First Mortgage Bonds used to retire the same amount of First Mortgage Bonds in November 2015.

Financial Condition

The remainder of this Item 2 in this Form 10-Q is presented on a combined basis, providing information, as applicable, for all Registrants.

Liquidity and Capital Resources

(All Registrants)

The Registrants had the following at:

		PPL (a)		PPL Electric		LKE		LG&E		KU
March 31, 2016										
Cash and cash equivalents	$	814	$	34	$	28	$	11	$	17
Short-term debt		1,265		125		116		82		34
Notes payable with affiliate						147				
December 31, 2015										
Cash and cash equivalents	$	836	$	47	$	30	$	19	$	11
Short-term debt		916				265		142		48
Notes payable with affiliate						54				

(a) At March 31, 2016, $452 million of cash and cash equivalents were denominated in GBP. If these amounts would be remitted as dividends, PPL would not anticipate a material incremental U.S. tax cost. Historically, dividends paid by foreign subsidiaries have been limited to distributions of the current year's earnings. See Note 5 to the Financial Statements in PPL's 2015 Form 10-K for additional information on undistributed earnings of WPD.

(PPL)

The Statements of Cash Flows separately report the cash flows of the discontinued operations in 2015. The "Operating Activities", "Investing Activities" and "Financing Activities" sections below included only the cash flows of continuing operations.

(All Registrants)

Net cash provided by (used in) operating, investing and financing activities for the three month periods ended March 31, and the changes between periods, were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
2016					
Operating activities	$ 557	$ 124	$ 303	$ 157	$ 195
Investing activities	(661)	(215)	(219)	(109)	(110)
Financing activities	115	78	(86)	(56)	(79)
2015					
Operating activities	$ 452	$ (45)	$ 451	$ 251	$ 229
Investing activities	(860)	(225)	(317)	(173)	(144)
Financing activities	(66)	91	(115)	(71)	(73)
Change - Cash Provided (Used)					
Operating activities	$ 105	$ 169	$ (148)	$ (94)	$ (34)
Investing activities	199	10	98	64	34
Financing activities	181	(13)	29	15	(6)

Operating Activities

The components of the change in cash provided by (used in) operating activities for the three months ended March 31, 2016 compared with 2015 were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Net income	$ (71)	$ 7	$ 3	$ 3	$ (3)
Non-cash components	57	65	(23)	(10)	4
Working capital	78	76	(148)	(98)	(41)
Defined benefit plan funding	74	33	20	9	5
Other operating activities	(33)	(12)		2	1
Total	$ 105	$ 169	$ (148)	$ (94)	$ (34)

(PPL)

PPL's cash provided by operating activities from continuing operations in 2016 increased $105 million in 2016 compared with 2015.

- Income from continuing operations decreased by $71 million between the periods. This was offset by an increase of $57 million in non-cash components. The net $14 million decrease from net income and non-cash components in 2016 compared with 2015 reflects lower U.K. gross margins, partially offset by higher Pennsylvania gross delivery margins.

- The $78 million increase in cash from changes in working capital was primarily due to lower growth in accounts receivable, primarily due to milder winter weather in 2016.

- Defined benefit plan funding was $74 million lower in 2016.

(PPL Electric)

PPL Electric's cash provided by operating activities in 2016 increased $169 million compared with 2015.

- The net increase in non-cash components of $65 million in 2016 compared with 2015 is primarily due to an increase in deferred income taxes, primarily due to an increase related to book versus tax plant timing differences.

- The $76 million increase in cash from changes in working capital was primarily due to lower growth in accounts receivable and a lower decline in accounts payable, due to timing of payments.

- Defined benefit plan funding was $33 million lower in 2016.

(LKE)

LKE's cash provided by operating activities in 2016 decreased $148 million compared with 2015.

- The decrease in cash from working capital was driven primarily by a lower payment received from PPL for the use of prior year excess tax depreciation deductions.

(LG&E)

LG&E's cash provided by operating activities in 2016 decreased $94 million compared with 2015.

- The decrease in cash from working capital was driven primarily by a lower payment received from LKE for the use of prior year excess tax depreciation deductions.

(KU)

KU's cash provided by operating activities in 2016 decreased $34 million compared with 2015.

- The decrease in cash from working capital was driven primarily by a lower payment received from LKE for the use of prior year excess tax depreciation deductions.

Investing Activities

(All Registrants)

Expenditures for Property, Plant and Equipment

Investment in PP&E is the primary investing activity of the registrants. The change in expenditures for PP&E for the three months ended March 31, 2016 compared with 2015 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Decrease	$ 177	$ 10	$ 102	$ 64	$ 38

For PPL, the decrease in expenditures was due to lower project expenditures at WPD, PPL Electric Utilities, LG&E, and KU. The decrease in expenditures for WPD was primarily due to a decrease in expenditures to enhance system reliability associated with the end of the DPCR5 price control period and changes in foreign currency exchange rates. The decrease in expenditures for PPL Electric was primarily due to the completion of the Susquehanna-Roseland transmission project and near completion of the Northeast Pocono reliability project. The decrease in expenditures for LG&E was primarily due to the environmental air projects at LG&E's Mill Creek plant. The decrease in expenditures for KU was related to the environmental air projects at KU's Ghent plant and the CCR project at KU's E.W. Brown plant.

Financing Activities

(All Registrants)

The components of the change in cash provided by (used in) financing activities for the three months ended March 31, 2016 compared with 2015 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Stock issuances/redemptions, net	$ 7				
Dividends	(5)	$ (1)		$ (2)	$ (34)
Capital contributions/distributions, net		(50)	$ (6)	30	
Change in short-term debt, net	188	40	(58)	(12)	29
Notes payable with affiliate			94		
Other financing activities	(9)	(2)	(1)	(1)	(1)
Total	$ 181	$ (13)	$ 29	$ 15	$ (6)

See Note 7 to the Financial Statements in this Form 10-Q for information on 2016 short and long-term debt activity, equity transactions and PPL dividends. See the Registrants' 2015 Form 10-K for information on 2015 activity.

Credit Facilities

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At

March 31, 2016, the total committed borrowing capacity and the use of that capacity under these credit facilities was as follows:

External

	Committed Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity
PPL Capital Funding Credit Facilities	$ 1,150		$ 790	$ 360
PPL Electric Credit Facility	400		126	274
LKE Credit Facility	75			75
LG&E Credit Facility	500		82	418
KU Credit Facilities	598		232	366
Total LKE	1,173		314	859
Total U.S. Credit Facilities (a)	$ 2,723		$ 1,230	$ 1,493
Total U.K. Credit Facilities (b)	£ 1,055	£ 181		£ 880

(a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 11%, PPL Electric - 7%, LKE - 21%, LG&E - 7% and KU - 37%.

(b) The amounts borrowed at March 31, 2016 were a USD-denominated borrowing of $200 million and a GPB-denominated borrowing which equated to $51 million. The unused capacity reflects the USD-denominated borrowing amount borrowed in GBP of £138 million as of the date borrowed. At March 31, 2016, the USD equivalent of unused capacity under the U.K. committed credit facilities was $1.2 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 13% of the total committed capacity.

See Note 7 to the Financial Statements for further discussion of the Registrants' credit facilities.

Intercompany (LKE, LG&E and KU)

	Committed Capacity	Borrowed	Other Used Capacity	Unused Capacity
LKE Credit Facility	$ 225	$ 147		$ 78
LG&E Money Pool (a)	500		$ 82	418
KU Money Pool (a)	500		34	466

(a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to $500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum short-term debt limit for each utility at $500 million from any source.

See Note 11 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper *(All Registrants)*

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at March 31, 2016:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	$ 1,000	$ 773	$ 227
PPL Electric	400	125	275
LG&E	350	82	268
KU	350	34	316
Total LKE	700	116	584
Total PPL	$ 2,100	$ 1,014	$ 1,086

Long-term Debt

(PPL and PPL Electric)

In March 2016, the LCIDA issued $116 million of Pollution Control Revenue Refunding Bonds, Series 2016A due 2029 and $108 million of Pollution Control Revenue Refunding Bonds, Series 2016B due 2027 on behalf of PPL Electric. The bonds were issued bearing interest at an initial term rate of 0.90% through their mandatory purchase dates of September 1, 2017 and August 15, 2017. The proceeds of the bonds were used to redeem $116 million of 4.70% Pollution Control Revenue Refunding Bonds, 2005 Series A due 2029 and $108 million of 4.75% Pollution Control Revenue Refunding Bonds, 2005 Series B due 2027 previously issued by the LCIDA on behalf of PPL Electric.

In connection with the issuance of each of these new series of LCIDA bonds, PPL Electric entered into a loan agreement with the LCIDA pursuant to which the LCIDA has loaned to PPL Electric the proceeds of the LCIDA bonds on payment terms that correspond to the LCIDA bonds. In order to secure its obligations under the loan agreement, PPL Electric issued $224 million of First Mortgage Bonds under its 2001 Mortgage Indenture, which also have payment terms that correspond to the LCIDA bonds.

(PPL)

ATM Program

For the periods ended March 31, 2016 and 2015, PPL did not issue any shares under the program.

Common Stock Dividends

In February 2016, PPL declared a quarterly common stock dividend, payable April 1, 2016, of 38 cents per share (equivalent to $1.52 per annum). Future dividends, declared at the discretion of the Board of Directors, will be dependent upon future earnings, cash flows, financial and legal requirements and other factors.

Rating Agency Actions

(All Registrants)

Moody's and S&P have periodically reviewed the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities. The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2016:

(PPL)

In February 2016, Moody's and S&P affirmed their commercial paper ratings for PPL Capital Funding's $1.0 billion commercial paper program.

(PPL Electric)

In February 2016, Moody's and S&P affirmed their commercial paper ratings for PPL Electric's $400 million commercial paper program.

In February 2016, Moody's and S&P assigned ratings of A1 and A to LCIDA's $116 million 0.90% Pollution Control Revenue Refunding Bonds due 2029 and $108 million 0.90% Pollution Control Revenue Refunding Bonds due 2027, issued on behalf of PPL Electric.

Ratings Triggers

(PPL, LKE, LG&E and KU)

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at March 31, 2016.

(All Registrants)

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2015 Form 10-K.

Risk Management

Market Risk

(All Registrants)

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at March 31, 2016.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
PPL				
Cash flow hedges				
Interest rate swaps (c)	$ 300	$ (42)	$ (5)	2026
Cross-currency swaps (d)	1,262	189	(141)	2028
Economic hedges				
Interest rate swaps (e)	179	(54)	(2)	2033
LKE				
Economic hedges				
Interest rate swaps (e)	179	(54)	(2)	2033
LG&E				
Economic hedges				
Interest rate swaps (e)	179	(54)	(2)	2033

(a) Includes accrued interest, if applicable.
(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.
(c) Changes in the fair value of such cash flow hedges are recorded in equity or as regulatory assets or regulatory liabilities, if recoverable through regulated rates, and reclassified into earnings in the same period during which the item being hedged affects earnings.
(d) Cross-currency swaps are utilized to hedge the principal and interest payments of WPD's U.S. dollar-denominated senior notes. Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.
(e) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at March 31, 2016 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at March 31, 2016 is shown below.

	10% Adverse Movement in Rates
PPL	$ 669
PPL Electric	143
LKE	185
LG&E	68
KU	102

Foreign Currency Risk (PPL)

PPL is exposed to foreign currency risk primarily through investments in U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at March 31, 2016.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Net investment hedges (b)	£ 116	$ 12	$ (17)	2016
Economic hedges (c)	1,961	234	(266)	2018

(a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.
(b) To protect the value of a portion of its net investment in WPD, PPL executes forward contracts to sell GBP.
(c) To economically hedge the translation risk of expected earnings denominated in GBP.

(All Registrants)

Commodity Price Risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is exposed to commodity price risk from its obligation as PLR; however, its PUC-approved cost recovery mechanism substantially eliminates its exposure to this risk. PPL Electric also mitigates its exposure to commodity price risk by entering into full-requirement supply agreements to serve its PLR customers. These supply agreements transfer the commodity price risk associated with the PLR obligation to the energy suppliers.

- LG&E's and KU's rates include certain mechanisms for fuel and fuel-related expenses. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric Risk

PPL is exposed to volumetric risk through its domestic subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO - ED1 price control period, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2015 Form 10-K for additional information on revenue recognition under RIIO - ED1.

- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Credit Risk *(All Registrants)*

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Risk Management - Credit Risk" in the Registrants' 2015 Form 10-K for additional information.

Foreign Currency Translation *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of $466 million for the three months ended March 31, 2016, which primarily reflected a $909 million decrease to PP&E and $214 million decrease to goodwill partially offset by a decrease of $657 million to net liabilities. Changes in this exchange rate resulted in a foreign currency translation loss of $77 million for the three months ended March 31, 2015, which primarily reflected a $158 million decrease to PP&E and $41 million decrease to goodwill partially offset by a decrease of $122 million to net liabilities. The impact of foreign currency translation is recorded in AOCI.

Related Party Transactions *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

Acquisitions, Development and Divestitures *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 to the Financial Statements for information on the more significant activities.

Environmental Matters *(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The cost of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the cost for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See Note 10 to the Financial Statements for a discussion of the more significant environmental matters including:

- Legal Matters,
- Climate Change,
- Coal Combustion Residuals,
- Effluent Limitations Guidelines,
- Mercury and Air Toxics Standards,
- National Ambient Air Quality Standards, and
- Superfund and Other Remediation.

Additionally, see "Item 1. Business - Environmental Matters" in the Registrants' 2015 Form 10-K for additional information on environmental matters.

New Accounting Guidance *(All Registrants)*

See Notes 2 and 18 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

Application of Critical Accounting Policies *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2015 Form 10-K for a discussion of each critical accounting policy.

	PPL	PPL Electric	LKE	LG&E	KU
Defined Benefits	X	X	X	X	X
Loss Accruals	X	X	X	X	X
Income Taxes	X	X	X	X	X

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of March 31, 2016, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal control over financial reporting during the Registrants' first fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

For information regarding pending administrative and judicial proceedings involving regulatory, environmental and other matters, which information is incorporated by reference into this Part II, see:

- "Item 3. Legal Proceedings" in each Registrant's 2015 Form 10-K; and
- Notes 6 and 10 to the Financial Statements.

Item 1A. Risk Factors

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2015 Form 10-K.

Item 4. Mine Safety Disclosures

Not applicable.

Item 6. Exhibits

The following Exhibits indicated by an asterisk preceding the Exhibit number are filed herewith. The balance of the Exhibits has heretofore been filed with the Commission and pursuant to Rule 12(b)-32 are incorporated herein by reference. Exhibits indicated by a [_] are filed or listed pursuant to Item 601(b)(10)(iii) of Regulation S-K.

4(a)	- Pollution Control Facilities Loan Agreements dated as of March 1, 2016 between PPL Electric and the Lehigh County Industrial Development Authority (Series 2016 A Bonds) (Exhibit 4(a) to PPL Electric Utilities Corporation Form 8-K Report (File No. 1-905) dated March 10, 2016)
4(b)	- Pollution Control Facilities Loan Agreements dated as of March 1, 2016 between PPL Electric and the Lehigh County Industrial Development Authority (Series 2016 B Bonds) (Exhibit 4(b) to PPL Electric Utilities Corporation Form 8-K Report (File No. 1-905) dated March 10, 2016)
4(c)	- Supplemental Indenture No. 18, dated as of March 1, 2016, of PPL Electric Utilities Corporation to The Bank of New York Mellon, as Trustee (Exhibit 4(c) to PPL Electric Utilities Corporation Form 8-K Report (File No. 1-905) dated March 10, 2016)

PPL CORPORATION AND SUBSIDIARIES

COMPUTATION OF RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

(Millions of Dollars)

	3 Months Ended March 31, 2016	Years Ended December 31, (a) 2015	2014	2013	2012	2011
Earnings, as defined:						
Income from Continuing Operations Before Income Taxes	**$ 660**	$ 2,068	$ 2,129	$ 1,728	$ 1,406	$ 922
Adjustment to reflect earnings from equity method investments on a cash basis (b)		(1)			34	
	660	2,067	2,129	1,728	1,440	922
Total fixed charges as below	**230**	1,054	1,095	1,096	1,065	1,022
Less:						
Capitalized interest	**1**	11	11	11	6	4
Preferred security distributions of subsidiaries on a pre-tax basis					5	23
Interest expense and fixed charges related to discontinued operations		150	186	235	235	231
Total fixed charges included in Income from Continuing Operations Before Income Taxes	**229**	893	898	850	819	764
Total earnings	**$ 889**	$ 2,960	$ 3,027	$ 2,578	$ 2,259	$ 1,686
Fixed charges, as defined:						
Interest charges (c)	**$ 227**	$ 1,038	$ 1,073	$ 1,058	$ 1,019	$ 955
Estimated interest component of operating rentals	**3**	16	22	38	41	44
Preferred security distributions of subsidiaries on a pre-tax basis					5	23
Total fixed charges (d)	**$ 230**	$ 1,054	$ 1,095	$ 1,096	$ 1,065	$ 1,022
Ratio of earnings to fixed charges	**3.9**	2.8	2.8	2.4	2.1	1.7
Ratio of earnings to combined fixed charges and preferred stock dividends (e)	**3.9**	2.8	2.8	2.4	2.1	1.7

(a) Reflects PPL's former Supply segment as Discontinued Operations. See Note 8 to the Financial Statements for additional information.

(b) Includes other-than-temporary impairment loss of $25 million in 2012.

(c) Includes interest on long-term and short-term debt, as well as amortization of debt discount, expense and premium - net.

(d) Interest on unrecognized tax benefits is not included in fixed charges.

(e) PPL, the parent holding company, does not have any preferred stock outstanding; therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

Exhibit 12(b)

PPL ELECTRIC UTILITIES CORPORATION AND SUBSIDIARIES

COMPUTATION OF RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

(Millions of Dollars)

	3 Months Ended March 31, 2016	Years Ended December 31, 2015	2014	2013	2012	2011
Earnings, as defined:						
Income Before Income Taxes	**$ 150**	$ 416	$ 423	$ 317	$ 204	$ 257
Total fixed charges as below	**36**	139	131	117	107	105

Ratio of earnings to fixed charges	**5.8**	**5.3**	5.4	5.9	4.4	4.8

(a) Includes other-than-temporary impairment loss of $25 million in 2012.

(b) Includes interest on long-term and short-term debt, as well as amortization of loss on reacquired debt and amortization of debt discount, expense and premium - net.

CERTIFICATION

I, WILLIAM H. SPENCE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, KENT W. BLAKE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Kentucky Utilities Company (the "registrant");

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

    a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

    b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

    c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

    d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

    a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

    b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Section 8 - Other Events

Item 8.01. Other Events.

On June 13, 2016, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU" and, together with LG&E, the "Companies") filed a unanimous settlement agreement with intervenors in their proceedings before the Kentucky Public Service Commission ("KPSC") regarding the Companies' upcoming environmental construction plans.

The proceedings were commenced in January 2016 with respect to the Companies' applications for Certificates of Public Convenience and Necessity ("CPCN") and for Environmental Cost Recovery ("ECR") rate treatment for construction projects relating to altering landfills, closing ash ponds, water process changes and other controls at existing and retired plants in response to the U.S. Environmental Protection Agency's Coal Combustion Byproducts and Mercury and Air Toxics Standards rules.

The proposed settlement provides for cost recovery of the full amounts requested by the Companies in their original applications, with adjustments to amortization or depreciation methods and periods for certain enumerated construction projects. The proposed settlement also includes the parties' support for the Companies' requested 10% authorized return on equity. If approved, recovery of costs could commence with bills rendered on and after August 31, 2016.

The construction projects have schedules commencing in 2016 and continuing through 2023 and are estimated in the Companies' filings to cost approximately $316 million at LG&E and $678 million at KU.

A hearing on the settlement was held on June 14, 2016. The matter is subject to KPSC authority to accept, decline or modify the proposed settlement. An order in the proceeding is anticipated from the KPSC by the end of July 2016.

Statements in this report and the accompanying press releases, including statements with respect to future events and their timing, including the Companies' future rates, rate mechanisms or returns on equity ultimately authorized or achieved, as well as statements as to future costs or expenses, regulation, corporate strategy and performance, are "forward-looking statements" within the meaning of the federal securities laws. Although the Companies believe that the expectations and assumptions reflected in these forward-looking statements are reasonable, these expectations, assumptions and statements are subject to a number of risks and uncertainties, and actual results may differ materially from the results discussed in the statements. The following are among the important factors that could cause actual results to differ materially from the forward-looking statements: subsequent phases of rate proceedings and regulatory cost recovery; market demand and prices for electricity; political, regulatory or economic conditions in states and regions where the Companies conduct business; and the progress of actual construction, purchase or installation of assets or operations subject to tracker mechanisms. Any such forward-looking statements should be considered in light of such important factors and in conjunction with PPL Corporation's, LG&E and KU Energy LLC's and the Companies' Form 10-K and other reports on file with the Securities and Exchange Commission.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrants have duly caused this report to be signed on their behalf by the undersigned hereunto duly authorized.

FORM 10-Q
FOR THE QUARTER ENDED June 30, 2016

Table of Contents

This combined Form 10-Q is separately filed by the following Registrants in their individual capacity: PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant, except that information under "Forward-Looking Information" relating to subsidiaries of PPL Corporation is also attributed to PPL Corporation and information relating to the subsidiaries of LG&E and KU Energy LLC is also attributed to LG&E and KU Energy LLC.

Unless otherwise specified, references in this Report, individually, to PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company are references to such entities directly or to one or more of their subsidiaries, as the case may be, the financial results of which subsidiaries are consolidated into such Registrants in accordance with GAAP. This presentation has been applied where identification of particular subsidiaries is not material to the matter being disclosed, and to conform narrative disclosures to the presentation of financial information on a consolidated basis.

(THIS PAGE LEFT BLANK INTENTIONALLY.)

GLOSSARY OF TERMS AND ABBREVIATIONS

PPL Corporation and its subsidiaries

KU - Kentucky Utilities Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity, primarily in Kentucky.

LG&E - Louisville Gas and Electric Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas in Kentucky.

LKE - LG&E and KU Energy LLC, a subsidiary of PPL and the parent of LG&E, KU and other subsidiaries.

LKS - LG&E and KU Services Company, a subsidiary of LKE that provides services to LKE and its subsidiaries.

PPL - PPL Corporation, the parent holding company of PPL Electric, PPL Energy Funding, PPL Capital Funding, LKE and other subsidiaries.

PPL Capital Funding - PPL Capital Funding, Inc., a financing subsidiary of PPL that provides financing for the operations of PPL and certain subsidiaries. Debt issued by PPL Capital Funding is guaranteed as to payment by PPL.

PPL Electric - PPL Electric Utilities Corporation, a public utility subsidiary of PPL engaged in the regulated transmission and distribution of electricity in its Pennsylvania service area and that provides electricity supply to its retail customers in this area as a PLR.

PPL Energy Funding - PPL Energy Funding Corporation, a subsidiary of PPL and the parent holding company of PPL Global and other subsidiaries.

PPL EU Services - PPL EU Services Corporation, a subsidiary of PPL that, beginning in 2015, provides support services and corporate functions such as financial, supply chain, human resources and facilities management services primarily to PPL Electric and its affiliates.

PPL Global - PPL Global, LLC, a subsidiary of PPL Energy Funding that, primarily through its subsidiaries, owns and operates WPD, PPL's regulated electricity distribution businesses in the U.K.

PPL Services - PPL Services Corporation, a subsidiary of PPL that provides administrative, management and support services to PPL and its subsidiaries.

PPL WPD Limited - an indirect U.K. subsidiary of PPL Global and parent to WPD plc.

WPD - refers to PPL WPD Limited and its subsidiaries.

WPD (East Midlands) - Western Power Distribution (East Midlands) plc, a British regional electricity distribution utility company.

WPD plc - Western Power Distribution plc, a direct U.K. subsidiary of PPL WPD Limited. Its principal indirectly owned subsidiaries are WPD (East Midlands), WPD (South Wales), WPD (South West) and WPD (West Midlands).

WPD Midlands - refers to WPD (East Midlands) and WPD (West Midlands), collectively.

WPD (South Wales) - Western Power Distribution (South Wales) plc, a British regional electricity distribution utility company.

WPD (South West) - Western Power Distribution (South West) plc, a British regional electricity distribution utility company.

WPD (West Midlands) - Western Power Distribution (West Midlands) plc, a British regional electricity distribution utility company.

WKE - Western Kentucky Energy Corp., a subsidiary of LKE that leased certain non-utility generating plants in western Kentucky until July 2009.

Other terms and abbreviations

£ - British pound sterling.

2015 Form 10-K - Annual Report to the SEC on Form 10-K for the year ended December 31, 2015.

2001 Mortgage Indenture - PPL Electric's Indenture, dated as of August 1, 2001, to the Bank of New York Mellon (as successor to JPMorgan Chase Bank), as trustee, as supplemented.

Act 11 - Act 11 of 2012 that became effective on April 16, 2012. The Pennsylvania legislation authorizes the PUC to approve two specific ratemaking mechanisms: the use of a fully projected future test year in base rate proceedings and, subject to certain conditions, a DSIC.

Act 129 - Act 129 of 2008 that became effective in October 2008. The law amends the Pennsylvania Public Utility Code and creates an energy efficiency and conservation program and smart metering technology requirements, adopts new PLR electricity supply procurement rules, provides remedies for market misconduct and changes to the Alternative Energy Portfolio Standard (AEPS).

AOCI - accumulated other comprehensive income or loss.

ARO - asset retirement obligation.

ATM Program - At-the-Market stock offering program.

BSER - Best System of Emission Reduction. The degree of emission reduction that EPA determines has been adequately demonstrated when taking into account the cost of achieving such reduction and any non-air quality health and environmental impact and energy requirements.

CCR(s) - Coal Combustion Residual(s). CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes.

Clean Air Act - federal legislation enacted to address certain environmental issues related to air emissions, including acid rain, ozone and toxic air emissions.

Clean Water Act - federal legislation enacted to address certain environmental issues relating to water quality including effluent discharges, cooling water intake, and dredge and fill activities.

CPCN - Certificate of Public Convenience and Necessity. Authority granted by the KPSC pursuant to Kentucky Revised Statute 278.020 to provide utility service to or for the public or the construction of certain plant, equipment, property or facility for furnishing of utility service to the public.

Customer Choice Act - the Pennsylvania Electricity Generation Customer Choice and Competition Act, legislation enacted to restructure the state's electric utility industry to create retail access to a competitive market for generation of electricity.

DNO - Distribution Network Operator in the U.K.

DPCR4 - Distribution Price Control Review 4, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2005.

DPCR5 - Distribution Price Control Review 5, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2010.

DRIP - PPL Amended and Restated Dividend Reinvestment and Direct Stock Purchase Plan.

DSIC - the Distribution System Improvement Charge authorized under Act 11, which is an alternative ratemaking mechanism providing more-timely cost recovery of qualifying distribution system capital expenditures.

DSM - Demand Side Management. Pursuant to Kentucky Revised Statute 278.285, the KPSC may determine the reasonableness of DSM plans proposed by any utility under its jurisdiction. Proposed DSM mechanisms may seek full recovery of costs and revenues lost by implementing DSM programs and/or incentives designed to provide financial rewards to the utility for implementing cost-effective DSM programs. The cost of such programs shall be assigned only to the class or classes of customers which benefit from the programs.

Earnings from Ongoing Operations - A non-GAAP financial measure of earnings adjusted for the impact of special items and used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

ECR - Environmental Cost Recovery. Pursuant to Kentucky Revised Statute 278.183, Kentucky electric utilities are entitled to the current recovery of costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements that apply to coal combustion wastes and by-products from the production of energy from coal.

ELG(s) - Effluent Limitation Guidelines, regulations promulgated by the EPA.

EPA - Environmental Protection Agency, a U.S. government agency.

FERC - Federal Energy Regulatory Commission, the U.S. federal agency that regulates, among other things, interstate transmission and wholesale sales of electricity, hydroelectric power projects and related matters.

GAAP - Generally Accepted Accounting Principles in the U.S.

GBP - British pound sterling.

GLT - Gas Line Tracker. The KPSC approved mechanism for LG&E's recovery of costs associated with gas service lines, gas risers, leak mitigation, and gas main replacements. Rate recovery became effective on January 1, 2013.

KPSC - Kentucky Public Service Commission, the state agency that has jurisdiction over the regulation of rates and service of utilities in Kentucky.

LCIDA - Lehigh County Industrial Development Authority.

LIBOR - London Interbank Offered Rate.

Margins - A non-GAAP financial measure of performance used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

MATS - Mercury and Air Toxics Standards, regulations promulgated by the EPA.

Moody's - Moody's Investors Service, Inc., a credit rating agency.

MW - megawatt, one thousand kilowatts.

NAAQS - National Ambient Air Quality Standards periodically adopted pursuant to the Clean Air Act.

NERC - North American Electric Reliability Corporation.

NGCC - Natural gas-fired combined-cycle generating plant.

NPNS - the normal purchases and normal sales exception as permitted by derivative accounting rules. Derivatives that qualify for this exception may receive accrual accounting treatment.

NSR - The new source review provisions of the Clean Air Act that impose stringent emission control requirements on new and modified sources of air emissions that result in emission increases beyond thresholds allowed by the Clean Air Act.

OCI - other comprehensive income or loss.

Ofgem - Office of Gas and Electricity Markets, the British agency that regulates transmission, distribution and wholesale sales of electricity and related matters.

OVEC - Ohio Valley Electric Corporation, located in Piketon, Ohio, an entity in which LKE indirectly owns an 8.13% interest (consists of LG&E's 5.63% and KU's 2.50% interests), which is accounted for as a cost-method investment. OVEC owns and operates two coal-fired power plants, the Kyger Creek plant in Ohio and the Clifty Creek plant in Indiana, with combined summer rating capacities of 2,120 MW.

PLR - Provider of Last Resort, the role of PPL Electric in providing default electricity supply within its delivery area to retail customers who have not chosen to select an alternative electricity supplier under the Customer Choice Act.

PP&E - property, plant and equipment.

PPL EnergyPlus - prior to the June 1, 2015 spinoff of PPL Energy Supply, PPL EnergyPlus, LLC, a subsidiary of PPL Energy Supply that marketed and traded wholesale and retail electricity and gas, and supplied energy and energy services in competitive markets.

PPL Energy Supply - prior to the June 1, 2015 spinoff, PPL Energy Supply, LLC, a subsidiary of PPL Energy Funding and the parent company of PPL EnergyPlus and other subsidiaries.

PUC - Pennsylvania Public Utility Commission, the state agency that regulates certain ratemaking, services, accounting and operations of Pennsylvania utilities.

RAV - regulatory asset value. This term, used within the U.K. regulatory environment, is also commonly known as RAB or regulatory asset base. RAV is based on historical investment costs at time of privatization, plus subsequent allowed additions less annual regulatory depreciation, and represents the value on which DNOs earn a return in accordance with the regulatory cost of capital. RAV is indexed to Retail Price Index (RPI) in order to allow for the effects of inflation. Since the beginning of DPCR5 in April 2010, RAV additions have been based on a percentage of annual total expenditures, which have continued from April 2015 under RIIO-ED1. RAV is intended to represent expenditures that have a long-term benefit to WPD (similar to capital projects for the U.S. regulated businesses that are generally included in rate base).

RCRA - Resource Conservation and Recovery Act of 1976.

Registrant(s) - refers to the Registrants named on the cover of this Report (each a "Registrant" and collectively, the "Registrants").

Regulation S-X - SEC regulation governing the form and content of and requirements for financial statements required to be filed pursuant to the federal securities laws.

RFC - Reliability*First* Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

RIIO-ED1 - RIIO represents "Revenues = Incentive + Innovation + Outputs." RIIO-ED1 refers to the initial eight-year rate review period applicable to WPD which commenced April 1, 2015.

Riverstone - Riverstone Holdings LLC, a Delaware limited liability company and ultimate parent company of the entities that own the competitive power generation business contributed to Talen Energy other than the competitive power generation business contributed by virtue of the spinoff of a newly formed parent of PPL Energy Supply.

RPI - Retail Price Index, is a measure of inflation in the United Kingdom published monthly by the Office for National Statistics.

SCRs - selective catalytic reduction, a pollution control process for the removal of nitrogen oxide from exhaust gas.

S&P - Standard & Poor's Ratings Services, a credit rating agency.

Sarbanes-Oxley- Sarbanes-Oxley Act of 2002, which sets requirements for management's assessment of internal controls for financial reporting. It also requires an independent auditor to make its own assessment.

Scrubber - an air pollution control device that can remove particulates and/or gases (primarily sulfur dioxide) from exhaust gases.

SEC - the U.S. Securities and Exchange Commission, a U.S. government agency primarily responsible to protect investors and maintain the integrity of the securities markets.

SERC - SERC Reliability Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

Smart meter - an electric meter that utilizes smart metering technology.

Smart metering technology - technology that can measure, among other things, time of electricity consumption to permit offering rate incentives for usage during lower cost or demand intervals. The use of this technology also has the potential to strengthen network reliability.

Superfund - federal environmental statute that addresses remediation of contaminated sites; states also have similar statutes.

Talen Energy - Talen Energy Corporation, the Delaware corporation formed to be the publicly traded company and owner of the competitive generation assets of PPL Energy Supply and certain affiliates of Riverstone.

Talen Energy Marketing - Talen Energy Marketing, LLC, PPL EnergyPlus' new name subsequent to the spinoff of PPL Energy Supply.

Treasury Stock Method - A method applied to calculate diluted EPS that assumes any proceeds that could be obtained upon exercise of options and warrants (and their equivalents) would be used to purchase common stock at the average market price during the relevant period.

VSCC - Virginia State Corporation Commission, the state agency that has jurisdiction over the regulation of Virginia corporations, including utilities.

(THIS PAGE LEFT BLANK INTENTIONALLY.)

Forward-looking Information

Statements contained in this Form 10-Q concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact are "forward-looking statements" within the meaning of the federal securities laws. Although the Registrants believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, and actual results may differ materially from the results discussed in forward-looking statements. In addition to the specific factors discussed in each Registrant's 2015 Form 10-K and in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-Q, the following are among the important factors that could cause actual results to differ materially from the forward-looking statements.

- challenges by intervenors to the return on equity granted in existing rate structures;
- fuel supply and cost;
- continuing ability to recover fuel costs and environmental expenditures in a timely manner at LG&E and KU, and natural gas supply costs at LG&E;
- weather conditions affecting transmission and distribution operations, and customer energy use;
- availability and operating costs of existing generation facilities;
- the duration of and cost associated with outages at our generating facilities;
- generation, transmission and distribution system conditions, and operating costs;
- expansion of alternative and distributed sources of electricity generation and storage;
- collective labor bargaining negotiations;
- laws or regulations to reduce emissions of "greenhouse" gases or physical effects of climate change;
- the outcome of litigation against the Registrants and their subsidiaries;
- potential effects of threatened or actual terrorism, war or other hostilities, cyber-based intrusions or natural disasters;
- the commitments and liabilities of the Registrants and their subsidiaries;
- the effectiveness of our risk management programs, including foreign currency and interest rate hedging;
- our ability to attract and retain qualified employees;
- volatility in demand for electricity;
- market prices of commodity inputs for ongoing capital expenditures or key operational needs;
- capital market conditions, including the availability of capital or credit, changes in interest rates and certain economic indices, and decisions regarding capital structure;
- stock price performance of PPL;
- defaults by counterparties or suppliers for energy, capacity, coal, natural gas or key commodities, goods or services;
- volatility in the fair value of debt and equity securities and its impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities and interest payable on certain debt securities;
- volatility in or the impact of other changes in financial markets and economic conditions;
- new accounting requirements or new interpretations or applications of existing requirements;
- changes in securities and credit ratings;
- changes in foreign currency exchange rates for British pound sterling;
- the effect of changes in RPI on WPD's revenues and index linked debt;
- current and future environmental conditions, regulations and other requirements and the related costs of compliance, including environmental capital expenditures, emission allowance costs and other expenses;
- changes in political, regulatory or economic conditions in states, regions or countries where the Registrants or their subsidiaries conduct business;
- the effect of the June 23, 2016 referendum in the U.K. to withdraw from the European Union;
- receipt of necessary governmental permits, approvals and rate relief;
- new state, federal or foreign legislation or regulatory developments;
- the outcome of any rate cases or other cost recovery or revenue filings by PPL Electric, LG&E, KU or WPD;
- the achievement of performance targets set by Ofgem;
- the impact of any state, federal or foreign investigations applicable to the Registrants and their subsidiaries and the energy industry;
- the effect of any business or industry restructuring;
- development of new projects, markets and technologies;
- performance of new ventures; and
- business dispositions or acquisitions and our ability to realize expected benefits from such business transactions.

Any such forward-looking statements should be considered in light of such important factors and in conjunction with other documents of the Registrants on file with the SEC.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for the Registrants to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. Any forward-looking statement speaks only as of the date on which such statement is made, and the Registrants undertake no obligation to update the information contained in such statement to reflect subsequent developments or information.

Combined Notes to Condensed Financial Statements (Unaudited)

1. Interim Financial Statements

(All Registrants)

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2015 is derived from that Registrant's 2015 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2015 Form 10-K. The results of operations for the three and six months ended June 30, 2016 are not necessarily indicative of the results to be expected for the full year ending December 31, 2016 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

The classification of certain prior period amounts has been changed to conform to the presentation in the June 30, 2016 financial statements.

(PPL)

"Income (Loss) from Discontinued Operations (net of income taxes)" on the Statements of Income includes the activities of PPL Energy Supply, substantially representing PPL's former Supply segment, which was spun off and distributed to PPL shareowners on June 1, 2015. In addition, the Statement of Cash Flows for the six months ended June 30, 2015 separately reports the cash flows of the discontinued operations. See Note 8 for additional information.

2. Summary of Significant Accounting Policies

(All Registrants)

The following accounting policy disclosures represent updates to Note 1 to each indicated Registrant's 2015 Form 10-K and should be read in conjunction with those disclosures.

Accounts Receivable *(PPL and PPL Electric)*

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. The purchased accounts receivable are initially recorded at fair value using a market approach based on the purchase price paid and are classified as Level 2 in the fair value hierarchy. During the three and six months ended June 30, 2016, PPL Electric purchased $297 million and $679 million of accounts receivable from unaffiliated third parties. During the three and six months ended June 30, 2015, PPL Electric purchased $276 million and $607 million of accounts receivable from unaffiliated third parties and $53 million and $146 million from PPL EnergyPlus. As a result of the June 1, 2015 spinoff of PPL Energy Supply and creation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are included as purchases from an unaffiliated third party.

Discount Rate Change for U.K. Pension Plans *(PPL)*

In selecting the discount rate for its U.K. pension plans, WPD historically used a single weighted-average discount rate in the calculation of net periodic defined benefit cost. Effective January 1, 2016, WPD began using individual spot rates to measure service cost and interest cost to calculate net periodic defined benefit cost. For the three and six months ended June 30, 2016, this change in discount rate resulted in lower net periodic defined benefit costs recognized on the Statements of Income of $11 million ($9 million after-tax or $0.02 per share) and $22 million ($18 million after-tax or $0.03 per share).

Foreign Currency Translation and Transactions *(PPL)*

WPD's functional currency is the GBP, which is the local currency in the U.K. As such, assets and liabilities are translated to U.S. dollars at the exchange rates on the date of consolidation and related revenues and expenses are generally translated at average exchange rates prevailing during the period included in PPL's results of operations. Adjustments resulting from foreign currency translation are recorded in AOCI.

PPL consolidates WPD on a one-month lag. Therefore, the impact of the decrease in the GBP to U.S. dollar exchange rate that occurred subsequent to the U.K.'s vote on June 23, 2016 to withdraw from the European Union is not reflected in PPL's June 30, 2016 financial statements. Using the June 30, 2016 GBP to U.S. dollar exchange rate of $1.34 as opposed to the May 31, 2016 exchange rate of $1.46 would have resulted in an additional foreign currency translation loss of $499 million recorded in AOCI, primarily reflecting a $991 million decrease in PP&E and a $228 million decrease in goodwill, partially offset by a decrease of $606 million in long-term debt.

Certain financial information provided for future periods in PPL’s 2015 Form 10-K is also impacted by the decrease in the GBP to U.S. dollar exchange rate.

New Accounting Guidance Adopted *(All Registrants)*

Accounting for Stock-Based Compensation

Effective January 1, 2016, the Registrants adopted accounting guidance to simplify the accounting for share-based payment transactions. The guidance requires excess tax benefits and tax deficiencies to be recorded as income tax benefit or expense on the statement of income, eliminates the requirement that excess tax benefits be realized before companies can recognize them and changes the threshold for statutory income tax withholding requirements to qualify for equity classification to the maximum statutory tax rates in the applicable jurisdictions. This guidance also changes the classification of excess tax benefits to an operating activity and employee taxes paid when shares are withheld to satisfy the employer's statutory income tax withholding obligation to a financing activity on the statement of cash flows and allows entities to make a policy election to either estimate forfeitures or recognize them when they occur. The adoption of this guidance had the following impacts:

- Using the required prospective method of transition, for the three and six months ended June 30, 2016, PPL recorded tax benefits of $3 million and $11 million ($0.02 per share) and PPL Electric recorded tax benefits of $2 million and $7 million related to excess tax benefits for awards that were exercised and vested for the periods ending June 30, 2016. These amounts were recorded to Income taxes on the Statements of Income and Deferred income taxes on the Balance Sheets. The impact on LKE was not significant.

- PPL elected to use the prospective method of transition for classifying excess tax benefits as an Operating activity on the Statement of Cash Flows. The amounts classified as Financing activities in the prior periods were not significant.

- Upon adoption, using the required modified retrospective method of transition, PPL recorded a cumulative effect adjustment of $7 million to increase Earnings reinvested and decrease Deferred income taxes on the Balance Sheet related to prior period unrecognized excess tax benefits.

- PPL has historically presented employee taxes paid for net settled awards as a Financing activity on the Statement of Cash Flows. Therefore, there is no transition impact for this requirement.

- PPL has elected to recognize forfeitures when they occur. Due to past experience of insignificant forfeitures, there is no transition impact of this policy election.

3. Segment and Related Information

(PPL)

See Note 2 in PPL's 2015 Form 10-K for a discussion of reportable segments and related information.

Financial data for the segments and reconciliation to PPL's consolidated results for the periods ended June 30 are:

	Three Months		Six Months	
	2016	2015	2016	2015
Income Statement Data				
Revenues from external customers				
U.K. Regulated	$ 563	$ 587	$ 1,158	$ 1,284
Kentucky Regulated	721	714	1,547	1,613
Pennsylvania Regulated	495	476	1,080	1,106
Corporate and Other	6	4	11	8
Total	$ 1,785	$ 1,781	$ 3,796	$ 4,011
Net Income (loss)				
U.K. Regulated (a)	$ 345	$ 190	$ 634	$ 565
Kentucky Regulated	76	47	188	156
Pennsylvania Regulated	78	49	172	136
Corporate and Other (b)	(16)	(36)	(30)	(55)
Discontinued Operations (c)	—	(1,007)	—	(912)
Total	$ 483	$ (757)	$ 964	$ (110)

	June 30, 2016	December 31, 2015
Balance Sheet Data		
Assets		
U.K. Regulated (d)	$ 16,371	$ 16,669
Kentucky Regulated	13,886	13,756
Pennsylvania Regulated	8,825	8,511
Corporate and Other (e)	446	365
Total assets	$ 39,528	$ 39,301

(a) Includes unrealized gains and losses from hedging foreign-currency related economic activity. See Note 14 for additional information.
(b) 2015 includes transition costs to prepare the Talen Energy organization for the June 1, 2015 spinoff and reconfigure the remaining PPL Services functions. See Note 8 for additional information.
(c) See Note 8 for additional information.
(d) Includes $12.1 billion and $12.2 billion of net PP&E as of June 30, 2016 and December 31, 2015. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.
(e) Primarily consists of unallocated items, including cash, PP&E and the elimination of inter-segment transactions.

4. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended June 30 used in the EPS calculation are:

	Three Months		Six Months	
	2016	2015	2016	2015
Income (Numerator)				
Income from continuing operations after income taxes	$ 483	$ 250	$ 964	$ 802
Less amounts allocated to participating securities	1	1	3	2
Income from continuing operations after income taxes available to PPL common shareowners - Basic and Diluted	$ 482	$ 249	$ 961	$ 800
Income (loss) from discontinued operations (net of income taxes) available to PPL common shareowners - Basic and Diluted	$ —	$ (1,007)	$ —	$ (912)
Net income (loss)	$ 483	$ (757)	$ 964	$ (110)
Less amounts allocated to participating securities	1	1	3	2
Net income (loss) available to PPL common shareowners - Basic and Diluted	$ 482	$ (758)	$ 961	$ (112)
Shares of Common Stock (Denominator)				
Weighted-average shares - Basic EPS	677,145	668,415	676,293	667,698
Add incremental non-participating securities:				
Share-based payment awards	3,584	2,871	3,480	2,315
Weighted-average shares - Diluted EPS	680,729	671,286	679,773	670,013
Basic EPS				
Available to PPL common shareowners:				
Income from continuing operations after income taxes	$ 0.71	$ 0.37	$ 1.42	$ 1.20
Income (loss) from discontinued operations (net of income taxes)	—	(1.50)	—	(1.37)
Net Income (loss)	$ 0.71	$ (1.13)	$ 1.42	$ (0.17)
Diluted EPS				
Available to PPL common shareowners:				
Income from continuing operations after income taxes	$ 0.71	$ 0.37	$ 1.41	$ 1.19
Income (loss) from discontinued operations (net of income taxes)	—	(1.50)	—	(1.36)
Net Income (loss)	$ 0.71	$ (1.13)	$ 1.41	$ (0.17)

For the periods ended June 30, PPL issued common stock related to stock-based compensation plans and the DRIP as follows (in thousands):

	Three Months		Six Months	
	2016	2015	2016	2015
Stock-based compensation plans (a)	795	992	2,920	2,437
DRIP	370	424	772	843

(a) Includes stock options exercised, vesting of performance units, vesting of restricted stock and restricted stock units and conversion of stock units granted to directors.

For the periods ended June 30, the following shares (in thousands) were excluded from the computations of diluted EPS because the effect would have been antidilutive.

	Three Months		Six Months	
	2016	2015	2016	2015
Stock options	696	348	696	1,085
Performance units	78	—	39	73

5. Income Taxes

Reconciliations of income taxes for the periods ended June 30 are as follows.

(PPL)

	Three Months		Six Months	
	2016	2015	2016	2015
Federal income tax on Income from Continuing Operations Before Income Taxes at statutory tax rate - 35%	$ 236	$ 112	$ 467	$ 382
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	9	9	22	29
Valuation allowance adjustments	3	5	9	8
Impact of lower U.K. income tax rates	(45)	(36)	(99)	(98)
Federal and state tax reserve adjustments (a)	—	(12)	—	(12)
Interest benefit on U.K. financing entities	(4)	(3)	(9)	(11)
Stock-based compensation (b)	(3)	—	(11)	—
Other	(4)	(4)	(8)	(10)
Total increase (decrease)	(44)	(41)	(96)	(94)
Total income taxes	$ 192	$ 71	$ 371	$ 288

(a) During the three and six months ended June 30, 2015, PPL recorded a tax benefit to adjust the settled refund amount approved by Joint Committee of Taxation for the open audit years 1998 - 2011.
(b) During the three and six months ended June 30, 2016, PPL recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 for additional information.

(PPL Electric)

	Three Months		Six Months	
	2016	2015	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 44	$ 30	$ 97	$ 81
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	8	4	18	14
Federal and state tax reserve adjustments	—	2	—	2
Depreciation not normalized	(2)	(1)	(3)	(2)
Stock-based compensation (a)	(2)	—	(7)	—
Other	—	1	(1)	—
Total increase (decrease)	4	6	7	14
Total income taxes	$ 48	$ 36	$ 104	$ 95

(a) During the three and six months ended June 30, 2016, PPL Electric recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 for additional information.

(LKE)

	Three Months		Six Months	
	2016	2015	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 47	$ 37	$ 114	$ 104
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	5	4	12	11
Valuation allowance adjustments (a)	—	5	—	8
Stock-based compensation	—	—	(1)	—
Other	(1)	(1)	(2)	(2)
Total increase (decrease)	4	8	9	17
Total income taxes	$ 51	$ 45	$ 123	$ 121

(a) Represents a valuation allowance against tax credits expiring in 2016 and 2017 that are more likely than not to expire before being utilized.

(LG&E)

	Three Months		Six Months	
	2016	2015	2016	2015

Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	3	2	7	7
Other	—	—	—	(2)
Total increase (decrease)	3	2	7	5
Total income taxes	$ 34	$ 24	$ 80	$ 71

Other *(PPL)*

In February 2015, PPL and the IRS Appeals Division reached a settlement on the amount of PPL's refund from its open audits for the years 1998 - 2011. In April 2015, PPL was notified that the Joint Committee on Taxation approved PPL's settlement. In the second quarter of 2015, PPL recorded a tax benefit of $23 million, which included an estimate of interest on the refund. Of this amount, $11 million was reflected in continuing operations. PPL finalized the settlement of interest in the second quarter of 2016 and recorded an additional $3 million tax benefit.

6. Utility Rate Regulation

(All Registrants)

The following table provides information about the regulatory assets and liabilities of cost-based rate-regulated utility operations.

	PPL		PPL Electric	
	June 30, 2016	December 31, 2015	June 30, 2016	December 31, 2015

(a) These amounts are included in "Other current assets" on the Balance Sheets.
(b) These liabilities were recorded as offsets to certain intangible assets that were recorded at fair value upon the acquisition of LKE by PPL.

Regulatory Matters

U.K. Activities *(PPL)*

Ofgem Review of Line Loss Calculation

In 2014, Ofgem issued its final decision on the DPCR4 line loss incentives and penalties mechanism. WPD began refunding its liability for over-recovery of line losses to customers on April 1, 2015 and will continue through March 31, 2019. The liability at June 30, 2016 was $39 million.

Kentucky Activities

CPCN and ECR Filings (PPL, LKE, LG&E and KU)

On January 29, 2016, LG&E and KU submitted applications to the KPSC for CPCNs and for ECR rate treatment regarding upcoming environmental construction projects relating to the EPA's regulations addressing the handling of coal combustion by-products and MATS. The construction projects are expected to begin in 2016 and continue through 2023 and are estimated to cost approximately $316 million at LG&E and $678 million at KU. On June 13, 2016, LG&E and KU filed a unanimous settlement agreement with intervenors in the proceedings. The proposed settlement provided for recovery of the costs incurred by LG&E and KU for the projects requested in the original applications, with adjustments for amortization or depreciation methods and periods for CCR impoundment projects. The proposed settlement also included the parties' support for LG&E's

and KU's requested 10% authorized return on equity. On August 8, 2016, the KPSC issued an order approving the majority of the settlement's terms and provisions, but establishing a 9.8% authorized return on equity for these projects. Recovery of costs will commence with bills rendered on and after August 31, 2016.

Gas Franchise (LKE and LG&E)

LG&E's existing gas franchise agreement for the Louisville/Jefferson County service area expired on March 31, 2016. Pursuant to Kentucky law, upon expiration of a franchise, LG&E retains a revocable license to own and operate its facilities and to provide service. LG&E submitted a bid for a new franchise agreement on June 9, 2016 and is awaiting action from the Louisville/Jefferson County Metro Council. On July 28, 2016, Metro Council introduced an ordinance to award the bid to LG&E and assigned the ordinance to committee for review and recommendation. In the interim, LG&E continues to provide gas service to customers in this service area at existing rates, but without collecting or remitting a franchise fee. LG&E cannot predict the outcome of this matter but does not anticipate that it will have a material effect on its financial condition or results of operation.

Pennsylvania Activities *(PPL and PPL Electric)*

Act 129

Act 129 requires Pennsylvania Electric Distribution Companies (EDCs) to meet specified goals for reduction in customer electricity usage and peak demand by specified dates. EDCs not meeting the requirements of Act 129 are subject to significant penalties. In November 2015, PPL Electric filed with the PUC its Act 129 Phase III Energy Efficiency and Conservation Plan for the period June 1, 2016 through May 31, 2021. In January 2016, PPL Electric and the other parties reached a settlement of all major issues in the case and filed that settlement with the Administrative Law Judge. In June 2016, the PUC issued a final order approving PPL Electric's Phase III Plan as modified by the settlement, allowing PPL Electric to recover a maximum $313 million in program cost over the five-year period June 1, 2016 through May 31, 2021 through the Act 129 compliance rider.

Act 129 also requires Default Service Providers (DSP) to provide electricity generation supply service to customers pursuant to a PUC-approved default service procurement plan through auctions, requests for proposal and bilateral contracts at the sole discretion of the DSP. Act 129 requires a mix of spot market purchases, short-term contracts and long-term contracts (4 to 20 years), with long-term contracts limited to 25% of load unless otherwise approved by the PUC. A DSP is able to recover the costs associated with its default service procurement plan.

PPL Electric has received PUC approval of biannual DSP procurement plans for all periods required under Act 129. In January 2016, PPL Electric filed a Petition for Approval of a new DSP procurement plan with the PUC for the period June 1, 2017 through May 31, 2021. The parties have reached a settlement on all but one issue in the proceeding. A partial settlement agreement and briefs on the litigated issue were submitted to the Administrative Law Judge in July 2016. This proceeding remains pending before the PUC. PPL Electric cannot predict the outcome of this proceeding.

7. Financing Activities

Credit Arrangements and Short-term Debt

(All Registrants)

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. For reporting purposes, on a consolidated basis, the credit facilities and commercial paper programs of PPL Electric, LKE, LG&E and KU also apply to PPL and the credit facilities and commercial paper programs of LG&E and KU also apply to LKE. The amounts borrowed below are recorded as "Short-term debt" on the Balance Sheets. The following credit facilities were in place at:

	June 30, 2016					December 31, 2015	
	Expiration Date	Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity	Borrowed	Letters of Credit and Commercial Paper Issued

Syndicated Credit Facility	Dec 2020	$ 400	$ —	$ 29	$ 371	$ —	$ 48
Letter of Credit Facility	Oct 2017	198	—	198	—	—	198
Total KU Credit Facilities		$ 598	$ —	$ 227	$ 371	$ —	$ 246

(a) WPD plc's amounts borrowed at June 30, 2016 and December 31, 2015 were USD-denominated borrowings of $200 million for both periods, which bore interest at 1.27% and 1.83%. The unused capacity reflects the amount borrowed in GBP of £138 million as of the date borrowed. WPD (South West) amount borrowed at June 30, 2016 was a GBP-denominated borrowing which equated to $146 million and bore interest at 0.92%. WPD (East Midlands) amount borrowed at June 30, 2016 was a GBP-denominated borrowing which equated to $45 million and bore interest at 0.92%. At June 30, 2016, the unused capacity under the U.K. credit facilities was approximately $1.2 billion.
(b) LKE's interest rate on outstanding borrowings at December 31, 2015 was 1.68%.

In July 2016, the expiration dates for the WPD (South West), WPD (East Midlands) and WPD (West Midlands) syndicated credit facilities were extended to July 2021.

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at:

	June 30, 2016				December 31, 2015	
	Weighted - Average Interest Rate	Capacity	Commercial Paper Issuances	Unused Capacity	Weighted - Average Interest Rate	Commercial Paper Issuances
PPL Capital Funding	0.84%	$ 1,000	$ 320	$ 680	0.78%	$ 451
PPL Electric	0.75%	400	6	394		—
LG&E	0.70%	350	110	240	0.71%	142
KU	0.70%	350	29	321	0.72%	48
Total		$ 2,100	$ 465	$ 1,635		$ 641

(LKE)

See Note 11 for discussion of intercompany borrowings.

Long-term Debt

(PPL)

In May 2016, PPL Capital Funding issued $650 million of 3.10% Senior Notes due 2026. PPL Capital Funding received proceeds of $645 million, net of a discount and underwriting fees, which will be used to invest in or make loans to subsidiaries of PPL, to repay short-term debt and for general corporate purposes.

In May 2016, WPD (East Midlands) borrowed £100 million at 0.4975% under a new ten-year index linked term loan agreement, which will be used for general corporate purposes.

In May 2016, WPD plc repaid the entire $460 million principal amount of its 3.90% Senior Notes upon maturity.

(PPL and PPL Electric)

In March 2016, the LCIDA issued $116 million of Pollution Control Revenue Refunding Bonds, Series 2016A due 2029 and $108 million of Pollution Control Revenue Refunding Bonds, Series 2016B due 2027 on behalf of PPL Electric. The bonds were issued bearing interest at an initial term rate of 0.90% through their mandatory purchase dates of September 1, 2017 and August 15, 2017. The proceeds of the bonds were used to redeem $116 million of 4.70% Pollution Control Revenue Refunding Bonds, 2005 Series A due 2029 and $108 million of 4.75% Pollution Control Revenue Refunding Bonds, 2005 Series B due 2027 previously issued by the LCIDA on behalf of PPL Electric.

In connection with the issuance of each of these new series of LCIDA bonds, PPL Electric entered into a loan agreement with the LCIDA pursuant to which the LCIDA has loaned to PPL Electric the proceeds of the LCIDA bonds on payment terms that correspond to the LCIDA bonds. In order to secure its obligations under the loan agreement, PPL Electric issued $224 million of First Mortgage Bonds under its 2001 Mortgage Indenture, which also have payment terms that correspond to the LCIDA bonds.

(PPL)

ATM Program

In February 2015, PPL filed a registration statement with the SEC and entered into two separate equity distribution agreements, pursuant to which PPL may sell, from time to time, up to an aggregate of $500 million of its common stock. For the three and six months ended June 30, 2016, PPL did not issue any shares under the agreements. For the three and six months ended June 30, 2015, PPL issued 421,700 shares of common stock under the program at an average price of $33.73 per share, receiving net proceeds of $14 million.

Distributions

In May 2016, PPL declared a quarterly common stock dividend, payable July 1, 2016, of 38 cents per share (equivalent to $1.52 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

8. Acquisitions, Development and Divestitures

(All Registrants)

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 in the Registrants' 2015 Form 10-K for additional information.

(PPL)

Discontinued Operations

Spinoff of PPL Energy Supply

In June 2015, PPL completed the spinoff of PPL Energy Supply which combined its competitive power generation businesses with those of Riverstone to form a new, stand-alone, publicly traded company named Talen Energy.

Following completion of the spinoff, PPL shareowners owned 65% of Talen Energy and affiliates of Riverstone owned 35%. The spinoff had no effect on the number of PPL common shares owned by PPL shareowners or the number of shares of PPL common stock outstanding. The transaction is intended to be tax-free to PPL and its shareowners for U.S. federal income tax purposes.

PPL has no continuing ownership interest in or control of Talen Energy and Talen Energy Supply (formerly PPL Energy Supply). See Note 8 in PPL's 2015 Form 10-K for additional information.

Loss on Spinoff

In June 2015, in conjunction with the accounting for the spinoff, PPL evaluated whether the fair value of the Supply segment's net assets was less than the carrying value as of the June 1, 2015 spinoff date.

PPL considered several valuation methodologies to derive a fair value estimate of its Supply segment at the spinoff date. These methodologies included considering the closing "when-issued" Talen Energy market value on June 1, 2015 (the spinoff date), adjusted for the proportional share of the equity value attributable to the Supply segment, as well as, the valuation methods consistently used in PPL's goodwill impairment assessments - an income approach using a discounted cash flow analysis of the Supply segment and an alternative market approach considering market multiples of comparable companies.

Although the market value of Talen Energy approach utilized the most observable inputs of the three approaches, PPL considered certain limitations of the "when-issued" trading market for the spinoff transaction including the short trading duration, lack of liquidity in the market and anticipated initial Talen stock ownership base selling pressure, among other factors, and concluded that these factors limit this input being solely determinative of the fair value of the Supply segment. As such, PPL also considered the other valuation approaches in estimating the overall fair value, but ultimately assigned the highest weighting to the Talen Energy market value approach.

The following table summarizes PPL's fair value analysis:

Approach	Weighting	Weighted Fair Value (in billions)
Talen Energy Market Value	50%	$ 1.4
Income/Discounted Cash Flow	30%	1.1
Alternative Market (Comparable Company)	20%	0.7
Estimated Fair Value		$ 3.2

A key assumption included in the fair value estimate is the application of a control premium of 25% in the two market approaches. PPL concluded it was appropriate to apply a control premium in these approaches as the goodwill impairment testing guidance was followed in determining the estimated fair value of the Supply segment which had historically been a reporting unit for PPL. This guidance provides that the market price of an individual security (and thus the market capitalization of a reporting unit with publicly traded equity securities) may not be representative of the fair value of the reporting unit. This guidance also indicates that substantial value may arise to a controlling shareholder from the ability to take advantage of synergies and other benefits that arise from control over another entity, and that the market price of a company's individual share of stock does not reflect this additional value to a controlling shareholder. Therefore, the quoted market price need not be the sole measurement basis for determining the fair value, and including a control premium is appropriate in measuring the fair value of a reporting unit.

In determining the control premium, PPL reviewed premiums received during the last five years in market sales transactions obtained from observable independent power producer and hybrid utility transactions greater than $1 billion. Premiums for these transactions ranged from 5% to 42% with a median of approximately 25%. Given these metrics, PPL concluded a control premium of 25% to be reasonable for both of the market valuation approaches used.

Assumptions used in the discounted cash flow analysis included forward energy prices, forecasted generation, and forecasted operation and maintenance expenditures that were consistent with assumptions used in the Energy Supply portion of the Talen Energy business planning process at that time and a market participant discount rate.

Using these methodologies and weightings, PPL determined the estimated fair value of the Supply segment (classified as Level 3) was below its carrying value of $4.1 billion and recorded a loss on the spinoff of $879 million for the three and six months ended June 30, 2015, which is reflected in discontinued operations and is nondeductible for tax purposes. This amount served to reduce the basis of the net assets accounted for as a dividend at the June 1, 2015 spinoff date.

Costs of Spinoff

Employee-related costs incurred in the three and six months ended June 30, 2015 primarily included accelerated stock-based compensation and pro-rated performance-based cash incentive and stock-based compensation awards, primarily for PPL Energy Supply employees and for PPL Services employees who became PPL Energy Supply employees in connection with the transaction. PPL Energy Supply recognized $24 million of these costs at the spinoff closing date which are reflected in discontinued operations.

PPL also recorded $36 million and $42 million of third-party costs related to this transaction during the three and six months ended June 30, 2015. Of these costs, $29 million and $31 million were primarily for bank advisory, legal and accounting fees to facilitate the transaction, and are reflected in discontinued operations. An additional $7 million and $11 million of consulting and other costs were incurred to prepare the new Talen Energy organization for the spinoff and reconfigure the remaining PPL service functions. These costs are primarily recorded in "Other operation and maintenance" on the Statement of Income.

At the close of the transaction, $72 million ($42 million after-tax) of cash flow hedges, primarily unamortized losses on PPL interest rate swaps recorded in AOCI and designated as cash flow hedges of PPL Energy Supply's future interest payments, were reclassified into earnings and reflected in discontinued operations for the three and six months ended June 30, 2015.

Continuing Involvement (PPL and PPL Electric)

As a result of the spinoff, PPL and PPL Energy Supply entered into a Transition Services Agreement (TSA) that terminates no later than two years after the spinoff. Pursuant to the TSA, PPL is providing Talen Energy certain information technology, financial and accounting, human resource and other specified services. For the three and six months ended June 30, 2016, the amounts PPL billed Talen Energy for these services were $10 million and $20 million. For the period June 1, 2015 to June 30, 2015, the amounts PPL billed Talen Energy for these services were not significant. In general, the fees for the transition services allow the provider to recover its cost of the services, including overheads, but without margin or profit.

Additionally, prior to the spinoff, through the annual competitive solicitation process, PPL EnergyPlus was awarded supply contracts for a portion of the PLR generation supply for PPL Electric, which were retained by Talen Energy Marketing as part of the spinoff. PPL Electric's supply contracts with Talen Energy Marketing extend through November 2016. Energy purchases from PPL EnergyPlus were previously included in PPL Electric's Statements of Income as "Energy purchases from affiliate" but were eliminated in PPL's Consolidated Statements of Income.

For the three and six months ended June 30, 2016, PPL Electric's energy purchases from Talen Energy Marketing were $29 million and $83 million. For the period June 1, 2015 to June 30, 2015, PPL Electric's energy purchases from Talen Energy Marketing were not significant. These energy purchases are no longer considered affiliate transactions.

Summarized Results of Discontinued Operations (PPL)

The operations of the Supply segment prior to the spinoff on June 1, 2015 are included in "Income (Loss) from Discontinued Operations (net of income taxes)" on the Statements of Income. Following are the components of Discontinued Operations in the Statement of Income for the periods ended June 30, 2015:

	Three Months	Six Months
Operating revenues	$ 483	$ 1,427
Operating expenses	561	1,328
Other Income (Expense) - net	(29)	(22)
Interest expense (a)	112	150
Income (loss) before income taxes	(219)	(73)
Income tax expense (benefit)	(91)	(40)
Loss on spinoff	(879)	(879)
Income (Loss) from Discontinued Operations (net of income taxes)	$ (1,007)	$ (912)

(a) Includes interest associated with the Supply Segment with no additional allocation as the Supply segment was sufficiently capitalized.

Development

Regional Transmission Line Expansion Plan *(PPL and PPL Electric)*

Northeast/Pocono

In October 2012, the FERC issued an order in response to PPL Electric's December 2011 request for ratemaking incentives for the Northeast/Pocono Reliability project (a new 58-mile, 230 kV transmission line that includes three new substations and upgrades to adjacent facilities). The FERC granted the incentive for inclusion in rate base of all prudently incurred construction work in progress costs but denied the requested incentive for a 100 basis point adder to the return on equity.

In December 2012, PPL Electric submitted an application to the PUC requesting permission to site and construct the project. In January 2014, the PUC issued a final order approving the application. The line was energized in April 2016, completing the approximately $350 million project which includes additional substation security enhancements. Costs related to the project were capitalized and are included on the Balance Sheets, primarily in "Regulated utility plant."

9. Defined Benefits

(PPL, LKE and LG&E)

Certain net periodic defined benefit costs are applied to accounts that are further distributed among capital, expense and regulatory assets, including certain costs allocated to applicable subsidiaries for plans sponsored by PPL Services and LKE. Following are the net periodic defined benefit costs (credits) of the plans sponsored by PPL and its subsidiaries, LKE and its subsidiaries and LG&E for the periods ended June 30:

	Pension Benefits							
	Three Months				Six Months			
	U.S.		U.K.		U.S.		U.K.	
	2016	2015	2016 (b)	2015	2016	2015	2016 (b)	2015
PPL								
Service cost	$ 16	$ 26	$ 18	$ 19	$ 33	$ 56	$ 36	$ 39
Interest cost	44	52	62	77	87	110	124	156
Expected return on plan assets	(58)	(69)	(132)	(129)	(114)	(145)	(265)	(260)
Amortization of:								
Prior service cost	3	2			4	4		
Actuarial loss	10	22	36	40	25	47	73	79
Net periodic defined benefit costs (credits) (a)	$ 15	$ 33	$ (16)	$ 7	$ 35	$ 72	$ (32)	$ 14
LKE								
Service cost	$ 6	$ 6			$ 12	$ 13		
Interest cost	18	17			35	34		
Expected return on plan assets	(24)	(22)			(45)	(44)		
Amortization of:								
Prior service cost	3	2			4	4		
Actuarial loss	5	9			10	17		
Net periodic defined benefit costs	$ 8	$ 12			$ 16	$ 24		
LG&E								
Service cost	$ 1	$ 1			$ 1	$ 1		
Interest cost	4	4			7	7		
Expected return on plan assets	(5)	(5)			(10)	(10)		
Amortization of:								
Prior service cost	1	—			2	1		
Actuarial loss	1	3			3	6		
Net periodic defined benefit costs	$ 2	$ 3			$ 3	$ 5		

(a) For the three and six months ended June 30, 2015, the total net periodic defined benefit cost includes $7 million and $18 million reflected in discontinued operations related to costs allocated from PPL's plans to PPL Energy Supply prior to the spinoff.
(b) See Note 2 for a discussion of changes to the discount rate used for the U.K. Pension Plans.

	Other Postretirement Benefits			
	Three Months		Six Months	
	2016	2015	2016	2015
PPL				
Service cost	$ 2	$ 3	$ 4	$ 7
Interest cost	7	7	13	14
Expected return on plan assets	(6)	(7)	(11)	(14)
Net periodic defined benefit costs	$ 3	$ 3	$ 6	$ 7
LKE				
Service cost	$ 1	$ 2	$ 2	$ 3
Interest cost	3	3	5	5
Expected return on plan assets	(1)	(2)	(3)	(3)
Amortization of prior service cost	—	—	1	1
Net periodic defined benefit costs	$ 3	$ 3	$ 5	$ 6

(PPL Electric, LG&E and KU)

In addition to the specific plans it sponsors, LG&E is allocated costs of defined benefit plans sponsored by LKE. PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric is allocated costs of defined benefit plans sponsored by PPL Services and KU is allocated costs of defined benefit plans sponsored by LKE. These allocations are based on participation in those plans, which management believes are reasonable. For the periods ended June 30, PPL Services allocated the following net periodic defined benefit costs to PPL Electric, and LKE allocated the following net periodic defined benefit costs to LG&E and KU:

	Three Months		Six Months	
	2016	2015	2016	2015
PPL Electric	$ 5	$ 8	$ 11	$ 16
LG&E	3	4	5	7
KU	3	4	6	9

10. Commitments and Contingencies

Legal Matters

(All Registrants)

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

WKE Indemnification *(PPL and LKE)*

See footnote (e) to the table in "Guarantees and Other Assurances" below for information on an LKE indemnity relating to its former WKE lease, including related legal proceedings.

(PPL, LKE, LG&E and KU)

Cane Run Environmental Claims

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky alleging violations of the Clean Air Act and RCRA. In addition, these plaintiffs assert common law claims of nuisance, trespass and negligence. These plaintiffs seek injunctive relief and civil penalties, plus costs and attorney fees, for the alleged statutory violations. Under the common law claims, these plaintiffs seek monetary compensation and punitive damages for property damage and diminished property values for a class consisting of residents within four miles of the Cane Run plant. In their individual capacities, these plaintiffs seek compensation for alleged adverse health effects. In response to a motion to dismiss filed by PPL and LG&E, in July 2014, the court dismissed the plaintiffs' RCRA claims and all but one Clean Air Act claim, but declined to dismiss their common law tort claims. Upon motion of LG&E and PPL, the district court certified for appellate review the issue of whether the state common law claims are preempted by federal statute. In December 2014, the U.S. Court of Appeals for the Sixth Circuit issued an order granting appellate review regarding the above matter. Oral argument before the Sixth Circuit was held in August 2015. In November 2015, the Sixth Circuit issued an opinion affirming the District Court's ruling that plaintiffs' state law claims are not preempted by the Clean Air Act and remanding the matter to the District Court for further proceedings. The District Court has issued an order setting a discovery schedule through the second quarter of 2017. PPL, LKE and LG&E cannot predict the outcome of this matter. LG&E retired one coal-fired unit at the Cane Run plant in March 2015 and the remaining two coal-fired units at the plant in June 2015.

Mill Creek Environmental Claims

In May 2014, the Sierra Club filed a citizen suit against LG&E in the U.S. District Court for the Western District of Kentucky for alleged violations of the Clean Water Act. The Sierra Club alleges that various discharges at the Mill Creek plant constitute violations of the plant's water discharge permit. The Sierra Club seeks civil penalties, injunctive relief, costs and attorney's fees. In August 2015, the Court denied cross-motions for summary judgment filed by both parties and directed the parties to proceed with discovery. The parties have conducted discovery and settlement discussions in the matter. PPL, LKE and LG&E cannot predict the ultimate outcome of this matter, but believe the plant is operating in compliance with the permits and does not presently expect the matter to have a material effect on operations or result in significant losses beyond the amounts already recorded.

E.W. Brown Environmental Claims

In October 2015, KU received a notice of intent from Earthjustice and the Sierra Club informing certain federal and state agencies of the Sierra Club's intent to file a citizen suit, following expiration of the mandatory 60-day notification period, for alleged violations of the Clean Water Act. The claimant alleges discharges at the E.W. Brown plant in violation of applicable rules and the plant's water discharge permit. The claimant asserts that, unless the alleged discharges are promptly brought into compliance, it intends to seek civil penalties, injunctive relief and attorney's fees. In November 2015, the claimants submitted an amended notice of intent to add the Kentucky Waterways Alliance as a claimant. PPL, LKE and KU cannot predict the outcome of this matter or the potential impact on the operations of the E. W. Brown plant, including increased capital or operating costs, if any.

Trimble County Unit 2 Air Permit

The Sierra Club and other environmental groups petitioned the Kentucky Environmental and Public Protection Cabinet to overturn the air permit issued for the Trimble County Unit 2 baseload coal-fired generating unit, but the agency upheld the permit in an order issued in September 2007. In response to subsequent petitions by environmental groups, the EPA ordered certain non-material changes to the permit which, in January 2010, were incorporated into a final revised permit issued by the Kentucky Division for Air Quality. In March 2010, the environmental groups petitioned the EPA to object to the revised state permit. Until the EPA issues a final ruling on the pending petition and all available appeals are exhausted, PPL, LKE, LG&E and KU cannot predict the outcome of this matter or the potential impact on the operations of the Trimble County plant, including increased capital or operating costs, if any.

Trimble County Water Discharge Permit

In May 2010, the Kentucky Waterways Alliance and other environmental groups filed a petition with the Kentucky Energy and Environment Cabinet (KEEC) challenging the Kentucky Pollutant Discharge Elimination System permit issued in April 2010, which covers water discharges from the Trimble County plant. In November 2010, the KEEC issued a final order upholding the permit, which was subsequently appealed by the environmental groups. In September 2013, the Franklin Circuit Court reversed the KEEC order upholding the permit and remanded the permit to the agency for further proceedings. LG&E and the KEEC appealed the order to the Kentucky Court of Appeals. In July 2015, the Court of Appeals upheld the lower court ruling. On February 10, 2016, the Kentucky Supreme Court issued an order granting discretionary review. PPL, LKE, LG&E and KU are unable to predict the outcome of this matter or the potential impact on the operations of the Trimble County plant, including increased capital or operating costs, if any.

Regulatory Issues *(All Registrants)*

See Note 6 for information on regulatory matters related to utility rate regulation.

Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

LG&E, KU and PPL Electric monitor their compliance with the Reliability Standards and continue to self-report or self-log potential violations of applicable reliability requirements and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and cannot estimate a range of reasonably possible losses, if any.

Environmental Matters

(All Registrants)

Due to the environmental issues discussed below or other environmental matters, it may be necessary for the Registrants to modify, curtail, replace or cease operation of certain facilities or performance of certain operations to comply with statutes, regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add to the uncertainty of estimating the future cost of these permits and rules.

WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. In connection with the matters discussed below, it may be necessary for WPD to incur significant compliance costs, which costs may be recoverable through rates subject to the approval of Ofgem. PPL believes that WPD has taken and continues to take measures to comply with all applicable environmental laws and regulations.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and those federal, state, or local environmental requirements applicable to coal combustion wastes and by-products from facilities that generate electricity from coal in accordance with approved compliance plans. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery before the companies' respective state regulatory authorities, or the FERC, if applicable. Because neither WPD nor PPL Electric owns any generating plants, their exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

Air

(PPL, LKE, LG&E and KU)

The Clean Air Act, which regulates air pollutants from mobile and stationary sources in the United States, has a significant impact on the operation of fossil fuel plants. The Clean Air Act requires the EPA periodically to review and establish concentration levels in the ambient air for six criteria pollutants to protect public health and welfare. These concentration levels are known as NAAQS. The six criteria pollutants are carbon monoxide, lead, nitrogen dioxide, ozone, particulate matter and sulfur dioxide.

Federal environmental regulation of these criteria pollutants require states to adopt implementation plans, known as state implementation plans, for certain pollutants, which detail how the state will attain the standards that are mandated by the relevant law or regulation. Each state identifies the areas within its boundaries that meet the NAAQS (attainment areas) and those that do not (non-attainment areas), and must develop a state implementation plan both to bring non-attainment areas into compliance with the NAAQS and to maintain good air quality in attainment areas. In addition, for attainment of ozone and fine particulates standards, states in the eastern portion of the country, including Kentucky, are subject to a regional program developed by the EPA known as the Cross-State Air Pollution Rule. The NAAQS, future revisions to the NAAQS and state implementation plans, or future revisions to regional programs, may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to cost recovery.

Although PPL, LKE, LG&E and KU do not anticipate significant costs to comply with these programs, changes in market or operating conditions could result in different costs than anticipated.

National Ambient Air Quality Standards (NAAQS)

Under the Clean Air Act, the EPA is required to reassess the NAAQS for certain air pollutants on a five-year schedule. In 2008, the EPA revised the NAAQS for ozone and proposed to further strengthen the standard in November 2014. The EPA released a new ozone standard on October 1, 2015. The states and EPA will determine attainment with the new ozone standard through review of relevant ambient air monitoring data, with attainment or nonattainment designations scheduled no later than October 2017. States are also obligated to address interstate transport issues associated with new ozone standards through the establishment of "good neighbor" state implementation plans for those states that are found to contribute significantly to another state's non-attainment. States that are not in the ozone transport region, including Kentucky, are working together to evaluate further nitrogen oxide reductions from fossil-fueled plants with SCRs. The nature and timing of any additional reductions resulting from these evaluations cannot be predicted at this time.

In 2010, the EPA finalized revised NAAQS for sulfur dioxide and required states to identify areas that meet those standards and areas that are in "non-attainment". In July 2013, the EPA finalized non-attainment designations for parts of the country, including part of Jefferson County in Kentucky. Attainment must be achieved by 2018. PPL, LKE, LG&E and KU anticipate that certain previously required compliance measures, such as upgraded or new sulfur dioxide Scrubbers at certain plants and the retirement of coal-fired generating units at LG&E's Cane Run plant and KU's Green River plant, will help to achieve compliance with the new sulfur dioxide and ozone standards. If additional reductions are required, the costs could be significant.

Mercury and Air Toxics Standards (MATS)

In February 2012, the EPA finalized the MATS rule requiring reductions of mercury and other hazardous air pollutants from fossil-fuel fired power plants, with an effective date of April 16, 2012. The MATS rule was challenged by industry groups and states and was upheld by the U.S. Court of Appeals for the D. C. Circuit Court (D.C. Circuit Court) in April 2014. A group of states subsequently petitioned the U.S. Supreme Court (Supreme Court) to review this decision and, in June 2015, the Supreme Court held that the EPA failed to properly consider costs when deciding to regulate hazardous air emissions from power plants under MATS. The Supreme Court remanded the matter to the D.C. Circuit Court, which in December 2015 remanded the rule to the EPA without vacating it. The EPA has proposed a supplemental finding regarding costs of the rule and has announced that it intends to make a final determination in 2016. The EPA's MATS rule remains in effect during the pendency of the ongoing proceedings.

LG&E and KU have installed significant controls in response to the MATS rule and in conjunction with compliance with other environmental requirements, including fabric-filter baghouses, upgraded Scrubbers or chemical additive systems for which appropriate KPSC authorization and/or ECR treatment has been received. LG&E and KU have received KPSC approval for a compliance plan providing for installation of additional MATS-related controls; however, the estimated cost of these controls is not expected to be significant for either LG&E or KU. PPL, LKE, LG&E and KU cannot predict the outcome of the MATS rule or its potential impact, if any, on plant operations, rate treatment or future capital or operating needs. See Note 6 for additional information.

New Source Review (NSR)

The NSR litigation brought by the EPA, states and environmental groups against coal-fired generating plants in past years continues to proceed through the courts. Although none of this litigation directly involves PPL, LKE, LG&E or KU, it can influence the permitting of large capital projects at LG&E's and KU's power plants, the costs of which cannot presently be determined but could be significant.

Climate Change

There is continuing world-wide attention focused on issues related to climate change. Most recently, on June 29, 2016, the President announced that the United States, Canada and Mexico have established the North American Climate, Clean Energy, and Environment Partnership Plan which specifies actions to promote clean energy, address climate change and protect the environment. The plan includes a goal to provide 50% of the energy used in North America from clean energy sources by 2025. The plan does not impose any nation-specific requirements.

In December 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate which establishes a comprehensive framework for the reduction of greenhouse gas (GHG) emissions from both developed and developing nations. Although the agreement does not establish binding reduction requirements, it requires each nation to prepare, communicate and maintain GHG reduction commitments. Reductions can currently be achieved in a variety of ways, including energy conservation, power plant efficiency improvements, reduced utilization of coal-fired generation or replacing coal-fired generation with natural gas or renewable generation. Based on EPA's Clean Power Plan described below, the U.S. has committed to an initial reduction target of 26% to 28% below 2005 levels by 2025.

The UK has enacted binding carbon reduction requirements that are applicable to WPD. Under the UK law, WPD must purchase carbon allowances to offset emissions associated with WPD’s operations. The cost of these allowances is included in WPD’s current operating expenses. WPD expects these expenses to decrease as a result of energy efficiency measures and the removal of 18 fuel sources previously included in the allowance requirements.

The EPA's Rules under Section 111 of the Clean Air Act

As further described below, the EPA finalized rules imposing GHG emission standards for both new and existing power plants in the United States. The EPA has also issued a proposed federal implementation plan that would apply to any states that fail to submit an acceptable state implementation plan under these rules. The EPA's authority to promulgate these regulations under Section 111 of the Clean Air Act has been challenged in the D.C. Circuit Court by several states and industry groups. On February 9, 2016, the Supreme Court stayed the rule for existing plants (the Clean Power Plan) pending the D.C. Circuit Court's review and subsequent review by the Supreme Court if a writ of certiorari is filed and granted.

The EPA's rule for new power plants imposes separate emission standards for coal and natural gas units based on the application of different technologies. The coal standard is based on the application of partial carbon capture and sequestration technology, but because this technology is not presently commercially available, the rule effectively precludes the construction of new coal-fired plants. The standard for NGCC power plants is the same as the EPA proposed in 2012 and is not continuously achievable. The preclusion of new coal-fired plants and the compliance difficulties posed for new natural gas-fired plants could have a significant industry-wide impact.

The EPA's Clean Power Plan

The EPA's rule for existing power plants, referred to as the Clean Power Plan, was published in the Federal Register in October 2015. The Clean Power Plan contains state-specific rate-based and mass-based reduction goals and guidelines for the development, submission and implementation of state implementation plans to achieve the state goals. State-specific goals were calculated from 2012 data by applying the EPA's broad interpretation and definition of the BSER, resulting in the most stringent targets to be met in 2030, with interim targets to be met beginning in 2022. The EPA believes it has offered some flexibility to the states as to how their compliance plans can be crafted, including the option to use a rate-based approach (limit emissions per megawatt hour) or a mass-based approach (limit total tons of emissions per year), and the option to demonstrate compliance through emissions trading and multi-state collaborations. Under the rate-based approach, Kentucky would need to make a 41% reduction from its 2012 emissions rate and under a mass-based approach it would need to make a 36% reduction. These reductions are significantly greater than initially proposed and present significant challenges to the state. If the Clean Power Plan is ultimately upheld and Kentucky fails to develop an approvable implementation plan by the applicable deadline, the EPA would impose a federal implementation plan that could be more stringent than what the state plan might provide. Depending on the provisions of the Kentucky implementation plan, LG&E and KU may need to modify their current portfolio of generating assets during the next decade and/or participate in an allowance trading program.

LG&E and KU are participating in the ongoing regulatory processes at the state and federal level. Various states, industry groups and individual companies including LKE have filed petitions for reconsideration with EPA and petitions for review with the D.C. Circuit Court challenging the Clean Power Plan. On February 9, 2016, the Supreme Court stayed the rule pending the D.C. Circuit Court's review. PPL, LKE, LG&E and KU cannot predict the outcome of this matter or the potential impact, if any, on plant operations, or future capital or operating costs. PPL, LKE, LG&E and KU believe that the costs, which could be significant, would be subject to cost recovery.

In April 2014, the Kentucky General Assembly passed legislation limiting the measures that the Kentucky Energy and Environment Cabinet may consider in setting performance standards to comply with the EPA's regulations governing GHG emissions from existing sources. The legislation provides that such state GHG performance standards shall be based on emission reductions, efficiency measures and other improvements available at each power plant, rather than renewable energy, end-use energy efficiency, fuel switching and re-dispatch. These statutory restrictions may make it more difficult for Kentucky to achieve the GHG reduction levels that the EPA has established for Kentucky.

Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)

On June 30, 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

Water/Waste

(PPL, LKE, LG&E and KU)

Coal Combustion Residuals (CCRs)

On April 17, 2015, the EPA published its final rule regulating CCRs. CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes. The rule became effective on October 19, 2015. It imposes extensive new requirements, including location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements on CCR impoundments and landfills that are located on active power plants in the United States and not closed. Under the rule, the EPA will regulate CCRs as non-hazardous under Subtitle D of RCRA and allow beneficial use of CCRs, with some restrictions. The rule's requirements for covered CCR impoundments and landfills include implementation of groundwater monitoring and commencement or completion of closure activities generally between three and ten years from certain triggering events. This self-implementing rule requires posting of compliance documentation on a publicly accessible website and is enforceable solely through citizen suits. LG&E and KU are also subject to state rules applicable to CCR management which may potentially be modified to reflect some or all requirements of the federal rule. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule which are pending before the D.C. Circuit Court of Appeals.

LG&E and KU have received KPSC approval for a compliance plan providing for construction of additional landfill capacity at the Brown Station, closure of impoundments at the Mill Creek, Trimble County, Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with federal CCR rule requirements, LG&E and KU are also proposing to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law requirements. PPL, LKE, LG&E, and KU estimate the cost of these CCR compliance measures at $311 million for LG&E and $661 million for KU. See Note 6 for additional information.

In connection with the final CCR rule, LG&E and KU recorded increases to existing AROs during 2015. See Note 16 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

Clean Water Act

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for facilities and construction projects in the United States. Many of those requirements relate to power plant operations, including requirements related to the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, standards intended to protect aquatic organisms by reducing capture in the screens attached to cooling water intake structures (impingement) at generating facilities and the water volume brought into the facilities (entrainment). The requirements could impose significant costs for LG&E and KU which are subject to rate recovery.

Effluent Limitations Guidelines (ELGs)

On September 30, 2015, the EPA released its final effluent limitations guidelines for wastewater discharge permits for new and existing steam electric generating facilities. The rule provides strict technology-based discharge limitations for control of pollutants in scrubber wastewater, fly ash and bottom ash transport water, mercury control wastewater, gasification wastewater and combustion residual leachate. The new guidelines require deployment of additional control technologies providing physical, chemical and biological treatment of wastewaters. The guidelines also mandate operational changes including "no discharge" requirements for fly ash and bottom ash transport waters and mercury control wastewaters. The implementation date for individual generating stations will be determined by the states on a case-by-case basis according to criteria provided by the EPA, but the requirements of the rule must be fully implemented no later than 2023. It has not been decided how Kentucky intends to integrate the ELGs into its routine permit renewal process. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule which have been consolidated before the United States Fifth Circuit Court of Appeals. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to fully estimate compliance costs or timing at this time, although certain preliminary estimates are included in current capital forecasts for applicable periods. Costs to comply with ELGs or other discharge limits, which are expected to be significant, are subject to rate recovery.

Clean Water Act Section 316(b)

The EPA's final 316(b) rule for existing facilities became effective in October 2014, and regulates cooling water intake structures and their impact on aquatic organisms. States are allowed broad discretion to make site-specific determinations under the rule. The rule requires existing facilities to choose between several options to reduce the impact to aquatic organisms that become trapped against water intake screens (impingement) and to determine the intake structure's impact on aquatic organisms pulled through a plant's cooling water system (entrainment). Plants equipped with closed-cycle cooling, an acceptable option, would likely not incur substantial costs. Once-through systems would likely require additional technology to comply with the rule. Based on studies conducted by LG&E and KU to date, all plants will incur only insignificant operational costs. In addition, LG&E's Mill Creek Unit 1 is expected to incur capital costs. PPL, LKE, LG&E and KU are evaluating compliance strategies but do not presently expect the compliance costs, which are subject to rate recovery, to be significant.

(All Registrants)

Waters of the United States (WOTUS)

The U.S. Court of Appeals for the Sixth Circuit has issued a stay of EPA's rule on the definition of WOTUS pending the court's review of the rule. The effect of the stay is that the WOTUS rule is not in effect anywhere in the United States. The ultimate outcome of the court's review of the rule remains uncertain. Because of the strict permitting programs already in place in Kentucky and Pennsylvania, the Registrants do not expect the rule to have a significant impact on their operations.

Other Issues

The EPA is reassessing its polychlorinated biphenyls (PCB) regulations under the Toxic Substance Control Act, which was significantly updated on June 22, 2016. In 2010, the EPA had issued an Advanced Notice of Proposed Rulemaking for changes to these regulations. The rulemaking, which could lead to a phase-out in the United States of all or some equipment containing PCBs, is not likely to be affected by the revisions to the Toxic Substances Control Act. The EPA has postponed the release of revisions to its proposed rulemaking. The Registrants cannot predict at this time the outcome of the proposed EPA rulemaking and what impact, if any, it would have on their facilities, but the costs could be significant.

Superfund and Other Remediation *(All Registrants)*

PPL Electric is potentially responsible for costs at several sites listed by the EPA under the federal Superfund program, including the Columbia Gas Plant site, the Metal Bank site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been significant to PPL Electric. Should the EPA require different or additional measures in the future, however, or should PPL Electric's share of costs at multi-party sites increase substantially more than expected, the costs could be significant.

PPL Electric, LG&E and KU are investigating, responding to agency inquiries, remediating, or have completed the remediation of, several sites that were not addressed under a regulatory program such as Superfund, but for which PPL Electric, LG&E and KU may be liable for remediation. These include a number of former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated or currently owned by predecessors or affiliates of PPL Electric, LG&E and KU. To date, the costs of these sites have not been significant.

There are additional sites, formerly owned or operated by PPL Electric, LG&E and KU predecessors or affiliates. LG&E and KU lack information on the condition of such additional sites and are therefore unable to estimate any potential liability they may have or a range of reasonably possible losses, if any, related to these sites. At June 30, 2016 and December 31, 2015, PPL Electric had a recorded liability of $10 million representing its best estimate of the probable loss incurred to remediate additional sites previously owned or operated by PPL Electric predecessors or affiliates. Depending on the outcome of investigations at sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, the costs of remediation and other liabilities could be significant and may be as much as approximately $30 million.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result of the EPA's evaluation, individual states may establish stricter standards for water quality and soil cleanup. This could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of reasonably possible losses, if any, related to these matters.

From time to time, PPL's subsidiaries in the United States undertake remedial action in response to notices of violations, spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary for compliance with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

Future cleanup or remediation work at sites under review, or at sites not yet identified, may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be applicable to certain of the costs or other obligations related to these matters but the amount of insurance coverage or reimbursement cannot be estimated or assured.

European Union Creosote Ban *(PPL)*

In 2011, the European Commission amended the European Union Biocides Directive to ban the use of creosote in contact with soil. Creosote is a wood preservative used to extend the life of wooden poles that support power lines. Although European Union member countries were required to pass implementing laws by 2012, the U.K. has not passed an implementing law and there are no legal penalties for failing to do so. The recent U.K. referendum in favor of the U.K.'s departure from the European Union further reduces the likelihood that the U.K. would pass implementing law. In the unlikely event that the U.K. were to ban the use of creosote, WPD's creosote-treated wood poles would need to be replaced with an acceptable alternative at the time of routine replacement. WPD has 1.4 million wood poles in its system. There are currently no alternative wood preservatives available that are acceptable to the industry and/or regulators.

Other

Guarantees and Other Assurances

(All Registrants)

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

(PPL)

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

(All Registrants)

The table below details guarantees provided as of June 30, 2016. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities" and "Indemnification of lease termination and other divestitures." The total recorded liability at June 30, 2016, was $22 million for PPL and $17 million for LKE. The total recorded liability at December 31, 2015, was $25 million for PPL and $18 million for LKE. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	Exposure at June 30, 2016		Expiration Date
PPL			
Indemnifications related to the WPD Midlands acquisition		(a)	
WPD indemnifications for entities in liquidation and sales of assets	$ 10	(b)	2019
WPD guarantee of pension and other obligations of unconsolidated entities	105	(c)	
PPL Electric			
Guarantee of inventory value	21	(d)	2018
LKE			
Indemnification of lease termination and other divestitures	301	(e)	2021 - 2023
LG&E and KU			
LG&E and KU guarantee of shortfall related to OVEC		(f)	

(a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.

(b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.
In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

(c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At June 30, 2016, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.

(d) A third party logistics firm provides inventory procurement and fulfillment services. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.

(e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of $200 million, exclusive of certain items such as government fines and penalties that fall outside the cap. Another WKE-related LKE guarantee covers other indemnifications related to the purchase price of excess power, has a term expiring in 2023, and a maximum exposure of $100 million. In May 2012, LKE's indemnitee received an unfavorable arbitration panel's decision interpreting this matter. In October 2014, LKE's indemnitee filed a motion for discretionary review with the Kentucky Supreme Court seeking to overturn the arbitration decision, and such motion was denied by the court in September 2015. In September 2015, a counterparty issued a demand letter to LKE's indemnitee. In February 2016, the counterparty filed a complaint in Henderson, Kentucky Circuit Court, seeking an award of damages in the matter. LKE does not believe appropriate contractual, legal or commercial grounds exist for the claim made and has disputed the demands. LKE believes its indemnification obligations in the WKE matter remain subject to various uncertainties, including additional legal and contractual developments, as well as future prices, availability and demand for the subject excess power. The parties are conducting certain settlement discussions, however, the ultimate outcomes of the WKE termination-related indemnifications cannot be predicted at this time. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum; LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the indemnification circumstances, but does not expect such outcomes to result in significant losses above the amounts recorded.

(f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was $125 million at June 30, 2016, consisting of LG&E's share of $87 million and KU's share of $38 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" and "Guarantees and Other Assurances" in Note 13 in PPL's, LKE's, LG&E's and KU's 2015 Form 10-K for additional information on the OVEC power purchase contract.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of $225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

11. Related Party Transactions

Support Costs *(PPL Electric, LKE, LG&E and KU)*

PPL Services and LKS provide their respective PPL and LKE subsidiaries and each other with administrative, management and support services. PPL EU Services provides the majority of financial, supply chain, human resources and facilities management services primarily to PPL Electric. PPL Services provides certain corporate functions to PPL Electric. For all service companies, the costs of these services are charged to the respective recipients as direct support costs. General costs that cannot be directly attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended June 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Six Months	
	2016	2015	2016	2015
PPL Electric from PPL Services	$ 28	$ 25	$ 65	$ 55
LKE from PPL Services	4	4	9	8
PPL Electric from PPL EU Services	16	17	33	32
LG&E from LKS	41	53	88	104
KU from LKS	49	58	105	114

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and LKE and KU are reimbursed through LKS.

Intercompany Borrowings *(LKE)*

LKE maintains a $225 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. At June 30, 2016 and December 31, 2015, $176 million and $54 million were outstanding and were reflected in "Notes payable with affiliate" on the Balance Sheets. The interest rate on borrowings is equal to one-month LIBOR plus a spread. The interest rates on the outstanding borrowing at June 30, 2016 and December 31, 2015 were 1.97% and 1.74%.

LKE has a $400 million ten-year note with a PPL affiliate with an interest rate of 3.5%. At June 30, 2016 and December 31, 2015, the note was reflected in "Long-term debt to affiliate" on the Balance Sheets.

Other *(PPL Electric, LG&E and KU)*

See Note 9 for discussions regarding intercompany allocations associated with defined benefits.

12. Other Income (Expense) - net

(PPL)

"Other Income (Expense) - net" for the three and six months ended June 30, 2016 and 2015 consisted primarily of gains (losses) on foreign currency contracts to economically hedge PPL's translation risk related to its GBP denominated earnings in the U.K. See Note 14 for additional information on these derivatives.

13. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. Transfers between levels are recognized at end-of-reporting-period values. During the three and six months ended June 30, 2016 and 2015, there were no transfers between Level 1 and Level 2. See Note 1 in each Registrant's 2015 Form 10-K for information on the levels in the fair value hierarchy.

Recurring Fair Value Measurements

The assets and liabilities measured at fair value were:

	June 30, 2016				December 31, 2015			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3
PPL

(a) Current portion is included in "Other current assets" and long-term portion is included in "Other noncurrent assets" on the Balance Sheets.
(b) Current portion is included in "Price risk management assets" and "Other current liabilities" and noncurrent portion is included in "Price risk management assets" and "Other deferred credits and noncurrent liabilities" on the Balance Sheets.
(c) Included in "Other noncurrent assets" on the Balance Sheets.
(d) Included in "Other noncurrent assets" on the Balance Sheets. Represents cash collateral posted to offset the exposure with counterparties related to certain interest rate swaps under master netting arrangements that are not offset.

Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps *(PPL, LKE, LG&E and KU)*

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

Nonrecurring Fair Value Measurements

See Note 8 for information regarding the estimated fair value of the Supply segment's net assets as of the June 1, 2015 spinoff date.

Financial Instruments Not Recorded at Fair Value *(All Registrants)*

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. The fair values were estimated using an income approach by discounting future cash flows at estimated current cost of funding rates, which incorporate the credit risk of the Registrants. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	June 30, 2016		December 31, 2015	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	$ 19,168	$ 22,669	$ 19,048	$ 21,218
PPL Electric	2,830	3,359	2,828	3,088
LKE	5,089	5,773	5,088	5,384
LG&E	1,642	1,832	1,642	1,704
KU	2,327	2,666	2,326	2,467

(a) Amounts are net of debt issuance costs.

The carrying value of short-term debt (including notes between affiliates), when outstanding, approximates fair value due to the variable interest rates associated with the short-term debt and is classified as Level 2.

14. Derivative Instruments and Hedging Activities

Risk Management Objectives

(All Registrants)

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Director - Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of the contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

Interest rate risk

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery mechanisms in place.

Foreign currency risk

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

Commodity price risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is exposed to commodity price risk from its obligation as PLR; however, its PUC-approved cost recovery mechanism substantially eliminates its exposure to this risk. PPL Electric also mitigates its exposure to commodity price risk by entering into full-requirement supply agreements to serve its PLR customers. These supply agreements transfer the commodity price risk associated with the PLR obligation to the energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel and fuel-related expenses. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric risk

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO - ED1 price control period, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2015 Form 10-K for additional information on revenue recognition under RIIO - ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Equity securities price risk

- PPL and its subsidiaries are exposed to equity securities price risk associated with defined benefit plans. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery mechanisms in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of LKE (through its subsidiaries LG&E and KU) or PPL Electric defaults on its obligation, those entities would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thus mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

Master Netting Arrangements

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had an obligation to return $76 million of cash collateral under master netting arrangements at June 30, 2016 and no obligation to return cash collateral under master netting arrangements at December 31, 2015.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at June 30, 2016 and December 31, 2015.

PPL, LKE and LG&E posted $9 million of cash collateral under master netting arrangements at June 30, 2016 and December 31, 2015.

KU did not post any cash collateral under master netting arrangements at June 30, 2016 and December 31, 2015.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

Interest Rate Risk

(All Registrants)

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. Various financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolio, adjust the duration of the debt portfolio and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

Cash Flow Hedges

(PPL)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. PPL held no such contracts at June 30, 2016.

At June 30, 2016, PPL held an aggregate notional value in cross-currency interest rate swap contracts of $802 million that range in maturity from 2017 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes. In May 2016, $460 million of WPD's U.S. dollar-denominated senior notes were repaid upon maturity and $460 million notional value of cross-currency interest rate swap contracts matured. PPL recorded a $46 million gain upon settlement of the cross-currency interest rate swap contracts, which largely offset a loss recorded on the revaluation of U.S. dollar-denominated senior notes.

For the three and six months ended June 30, 2016, PPL had an insignificant amount of ineffectiveness associated with interest rate derivatives.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges for the three and six months ended June 30, 2016. As a result of the June 1, 2015 spinoff of PPL Energy Supply, all PPL cash flow hedges associated with PPL Energy Supply were ineffective and discontinued and therefore, reclassified into earnings and reflected in discontinued operations for the three and six months ended June 30, 2015. See Note 8 for additional information.

At June 30, 2016, the accumulated net unrecognized after-tax gains (losses) on qualifying derivatives that are expected to be reclassified into earnings during the next 12 months were insignificant. Amounts are reclassified as the hedged interest expense is recorded.

Economic Activity *(PPL, LKE and LG&E)*

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including a terminated swap contract, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At June 30, 2016, LG&E held contracts with a notional amount of $179 million that range in maturity through 2033.

Foreign Currency Risk

(PPL)

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no such contracts outstanding at June 30, 2016.

At June 30, 2016, PPL had $22 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI, compared to $19 million at December 31, 2015.

Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At June 30, 2016, the total exposure hedged by PPL was approximately £1.7 billion (approximately $2.7 billion based on contracted rates). These contracts had termination dates ranging from July 2016 through November 2018.

At June 30, 2016, foreign currency hedges related to 2017 and 2018 anticipated earnings were valued at $296 million and were included in current and noncurrent "Price risk management assets" on the Balance Sheet. The notional amount of these hedges was approximately £1.3 billion (approximately $2.0 billion based on contracted rates) with termination dates from January 2017 through November 2018. In the third quarter of 2016, PPL settled the 2017 and 2018 hedges, resulting in approximately $310 million of cash received, and entered into new hedges at current market rates. The settlement will not have a material effect on earnings as the hedge values were previously marked to fair value and recognized in "Other Income (Expense) - net" on the Statement of Income each period.

Accounting and Reporting

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts for PPL and PPL Electric include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's and KU's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 6 for amounts recorded in regulatory assets and regulatory liabilities at June 30, 2016 and December 31, 2015.

See Notes 1 and 17 in each Registrant's 2015 Form 10-K for additional information on accounting policies related to derivative instruments.

(PPL)

The following table presents the fair value and location of derivative instruments recorded on the Balance Sheets, excluding derivative instruments of discontinued operations.

	June 30, 2016				December 31, 2015

Derivative Instruments	Location of Gain (Loss) Recognized in Regulatory Assets	Three Months	Six Months
Interest rate swaps	Regulatory assets - noncurrent	$ (3)	$ (9)

The following tables present the pre-tax effect of derivatives not designated as cash flow hedges that are recognized in income or regulatory assets for the periods ended June 30, 2015.

Derivative Instruments	Location of Gain (Loss) Recognized in Income on Derivatives	Three Months	Six Months
Interest rate swaps	Interest expense	$ (2)	$ (4)

Derivative Instruments	Location of Gain (Loss) Recognized in Regulatory Assets	Three Months	Six Months
Interest rate swaps	Regulatory assets - noncurrent	$ 7	$ 3

(PPL, LKE, LG&E and KU)

Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

	Assets				Liabilities			
		Eligible for Offset				Eligible for Offset		
	Gross	Derivative Instruments	Cash Collateral Received	Net	Gross	Derivative Instruments	Cash Collateral Pledged	Net
June 30, 2016								
Treasury Derivatives								
PPL	$ 485	$ —	$ 76	$ 409	$ 56	$ —	$ 9	$ 47
LKE	—	—	—	—	56	—	9	47
LG&E	—	—	—	—	56	—	9	47
December 31, 2015								
Treasury Derivatives								
PPL	$ 295	$ 25	$ —	$ 270	$ 72	$ 25	$ 9	$ 38
LKE	—	—	—	—	47	—	9	38
LG&E	—	—	—	—	47	—	9	38

Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and

KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's, and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At June 30, 2016, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	$ 31	$ 31	$ 31
Aggregate fair value of collateral posted on these derivative instruments	8	8	8
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	23	23	23

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

15. Goodwill and Other Intangible Assets

(PPL)

The change in the carrying amount of goodwill for the six months ended June 30, 2016 was due to the effect of foreign currency exchange rates on the U.K. Regulated segment.

The change in the other intangible assets for the six months ended June 30, 2016 was primarily due to an increase in the gross carrying amount of indefinite lived intangibles at WPD attributable to new easements of $47 million.

16. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU
Balance at December 31, 2015	$ 586	$ 535	$ 175	$ 360
Accretion	13	12	4	8
Effect of foreign currency exchange rates	(2)	—	—	—
Obligations settled	(8)	(8)	(6)	(2)
Balance at June 30, 2016	$ 589	$ 539	$ 173	$ 366

LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the final CCR rule and Note 6 for information on the rate recovery applications with the KPSC. LG&E's and KU's accretion and ARO-related depreciation expense are recorded as a regulatory asset, such that there is no net earnings impact.

Table of Contents

17. Accumulated Other Comprehensive Income (Loss)

(PPL and LKE)

The after-tax changes in AOCI by component for the periods ended June 30 were as follows.

18. New Accounting Guidance Pending Adoption

(All Registrants)

Accounting for Revenue from Contracts with Customers

In May 2014, the Financial Accounting Standards Board (FASB) issued accounting guidance that establishes a comprehensive new model for the recognition of revenue from contracts with customers. This model is based on the core principle that revenue should be recognized to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

For public business entities, this guidance can be applied using either a full retrospective or modified retrospective transition method, beginning in annual reporting periods after December 15, 2017 and interim periods within those years. Public business entities may early adopt this guidance in annual reporting periods beginning after December 15, 2016. The Registrants expect to adopt this guidance effective January 1, 2018.

The Registrants continue to assess the impact of adopting this guidance, as well as the transition method they will use, and are monitoring the development of industry specific application guidance which could impact those assessments.

Accounting for Leases

In February 2016, the FASB issued accounting guidance for leases. This new guidance requires lessees to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). For income statement purposes, the FASB retained a dual model for lessees, requiring leases to be classified as either operating or finance. Operating leases will result in straight-line expense (similar to current operating leases) while finance leases will result in a front-loaded expense pattern (similar to current capital leases). Classification will be based on criteria that are largely similar to those applied in current lease accounting, but without explicit bright lines.

Lessor accounting under the new guidance is similar to the current model, but updated to align with certain changes to the lessee model and the new revenue recognition standard. Similar to current practice, lessors will classify leases as operating, direct financing, or sales-type.

The standard is effective for public companies for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted. The new standard must be adopted using a modified retrospective transition, and provides for certain practical expedients. Transition will require application of the new guidance at the beginning of the earliest comparative period presented.

The Registrants are currently assessing the impact of adopting this guidance.

Accounting for Financial Instrument Credit Losses

In June 2016, the FASB issued accounting guidance that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of this guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under current GAAP.

For public business entities, this guidance will be applied using a modified retrospective approach and is effective for fiscal years beginning after December 15, 2019, and interim periods within those years. All entities may early adopt this guidance beginning after December 15, 2018, including interim periods within those years.

The Registrants are currently assessing the impact of adopting this guidance and the period that they will adopt this guidance.

Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations

(All Registrants)

This "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL Corporation, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The following should be read in conjunction with the Registrants' Condensed Consolidated Financial Statements and the accompanying Notes and with the Registrants' 2015 Form 10-K. Capitalized terms and abbreviations are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted.

"Management's Discussion and Analysis of Financial Condition and Results of Operations" includes the following information:

- "Overview" provides a description of each Registrant's business strategy and a discussion of important financial and operational developments.

- "Results of Operations" for all registrants includes a "Statement of Income Analysis" which discusses significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2016 with the same periods in 2015. For PPL, it also provides a detailed analysis of earnings by segment and a description of key factors expected to impact future earnings. The segment earnings discussion includes financial information prepared in accordance with GAAP as well as non-GAAP financial measures including "Earnings from Ongoing Operations" and "Margins". This discussion provides explanations of the non-GAAP financial measures and a reconciliation of the non-GAAP financial measures to the most comparable GAAP measure. For PPL Electric, LKE, LG&E and KU, a summary of earnings is also provided.

- "Financial Condition - Liquidity and Capital Resources" provides an analysis of the Registrants' liquidity positions and credit profiles. This section also includes a discussion of rating agency actions.

- "Financial Condition - Risk Management" provides an explanation of the Registrants' risk management programs relating to market and credit risk.

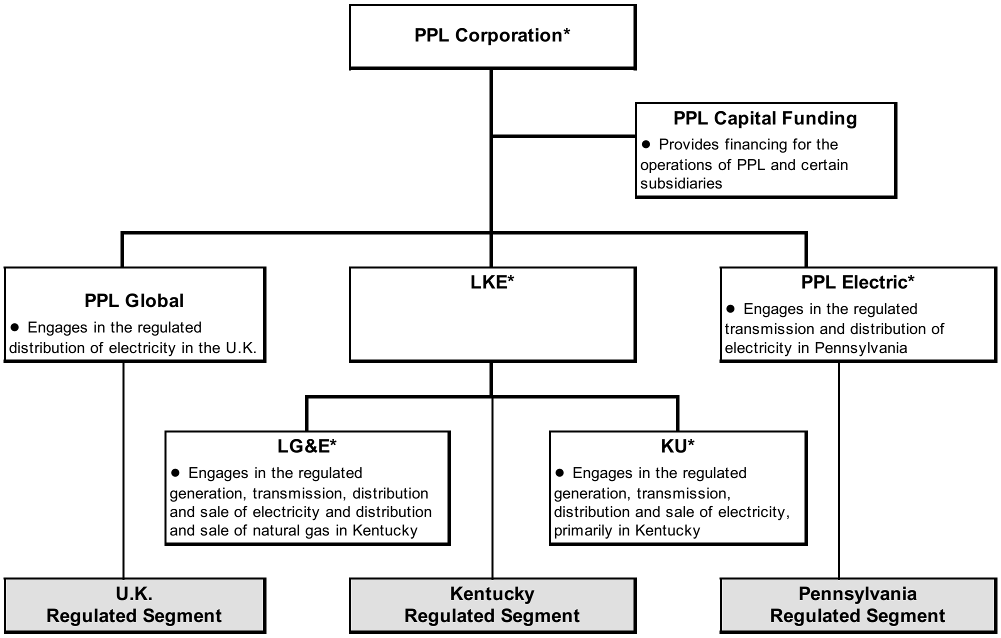
Overview

Introduction

(PPL)

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky, Virginia and Tennessee; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky. In June 2015, PPL completed the spinoff of PPL Energy Supply which combined its competitive power generation businesses with those of Riverstone to form a new, stand-alone, publicly traded company named Talen Energy. See Note 8 in PPL's 2015 Form 10-K for additional information.

PPL's principal subsidiaries are shown below (* denotes SEC registrant).



PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a registrant, however PPL Global's unaudited annual consolidated financial statements are furnished on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

(PPL Electric)

PPL Electric, headquartered in Allentown, Pennsylvania, is a direct wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

(LKE)

LKE, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name and in Tennessee under the KU name.

(LG&E)

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

(KU)

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky, Virginia and Tennessee. KU is subject to regulation as a public utility by the KPSC, the VSCC and the Tennessee Regulatory Authority, and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Virginia customers under the Old Dominion Power name and its Kentucky and Tennessee customers under the KU name.

Business Strategy

(All Registrants)

Following the June 1, 2015 spinoff of PPL Energy Supply, PPL completed its strategic transformation to a fully regulated business model consisting of seven diverse, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky and each jurisdiction has different regulatory structures and customer classes. The Company believes this diverse portfolio provides strong earnings and dividend growth potential that will create significant value for its shareowners and positions PPL well for continued growth and success.

PPL's businesses of WPD, PPL Electric, LG&E and KU plan to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base and RAV, as applicable, driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities. Additionally, significant transmission rate base growth is expected through 2020 at PPL Electric.

For the U.S. businesses, our strategy is to recover capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, gas supply clause and recovery on construction work-in-progress) that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital outlay to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms are in place to reduce regulatory lag and provide for timely recovery of and a return on prudently incurred costs.

Rate base growth in the domestic utilities is expected to result in strong earnings growth for the foreseeable future. Earnings from the U.K. Regulated segment are expected to decline from 2015 to 2016 during the transition to RIIO-ED1, as higher revenues resulting from the fast-track bonus are offset by higher levels of revenue profiling in the prior price control period (DPCR5) and a lower return on regulatory equity. In 2017, earnings are expected to decline mainly due to the unfavorable impact of lower GBP to U.S. dollar exchange rates. RAV growth is expected in the U.K. Regulated segment through the price control period and earnings are expected to grow after 2017 commensurate with RAV growth. See "Item 1. Business - Segment Information - U.K. Regulated Segment" of PPL's 2015 Form 10-K for additional information on RIIO-ED1.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information. Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Due to the significant earnings contributed from WPD, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. As of June 30, 2016, PPL's exposure to changes in the value of the GBP versus the U.S. dollar related to budgeted earnings of the U.K. Regulated segment was hedged 87% for the remainder of 2016, and 89% and 41% for 2017 and 2018. See "Financial and Operational Developments - U.K. Membership in European Union" for a discussion of the subsequent settlement of certain of these hedges. The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which we operate (U.K., U.S. federal and state). This is supported by our strong culture of integrity and delivering on commitments to our customers, regulators and shareowners, and a commitment to continue to improve our customer service, reliability and efficiency of operations.

Financial and Operational Developments

(PPL)

U.K. Membership in European Union

Significant uncertainty exists concerning the effects of the June 23, 2016 referendum in favor of the U.K. withdrawal from the European Union, including whether formal withdrawal will occur and the nature and duration of negotiations between the U.K. and the European Union as to the terms of any withdrawal.

As of June 30, 2016, PPL was well-hedged against certain short-term fluctuations that may occur in the value of the GBP versus the U.S. dollar. As it relates to budgeted earnings, PPL's 2016 foreign currency exposure was 87% hedged for the remainder of the year at an average rate of $1.57 per GBP. In addition, at June 30, 2016, PPL's 2017 and 2018 foreign currency exposure was hedged 89% and 41% at an average rate of $1.58 and $1.56 per GBP. At June 30, 2016, hedges related to 2017 and 2018 anticipated earnings were valued at $296 million and were included in current and noncurrent "Price risk management assets" on the Balance Sheet. The notional amount of these hedges was approximately £1.3 billion (approximately $2.0 billion based on contracted rates) with termination dates from January 2017 through November 2018. In the third quarter of 2016, PPL settled the 2017 and 2018 hedges, resulting in approximately $310 million of cash received, and entered into new hedges at current market rates. The settlement will not have a material effect on earnings as the hedge values were previously marked to fair value and recognized in "Other Income (Expense) - net" on the Statement of Income each period. The settlement will be treated as a special item in the third quarter of 2016, as the hedges related to future earnings. The new hedges entered into include forward contracts for 2017 and a combination of forward contracts and zero cost collars for 2018. PPL is now 95% and 50% hedged for 2017 and 2018 at an average rate of $1.32 and $1.30 per GBP. These average rates are based on the forward contracts and the floors in the collars.

PPL cannot predict either the short-term impact to foreign exchange rates or long-term impact on PPL's financial condition that may be experienced as a result of any actions that may be taken by the U.K. government to withdraw from the European Union, although such impacts could be significant.

PPL consolidates WPD on a one-month lag. Therefore, the impact of the decrease in the GBP to U.S. dollar exchange rate that occurred subsequent to the U.K.'s vote on June 23, 2016 to withdraw from the European Union is not reflected in PPL's June 30, 2016 financial statements. Using the June 30, 2016 GBP to U.S. dollar exchange rate of $1.34 as opposed to the May 31, 2016 exchange rate of $1.46 would have resulted in an additional foreign currency translation loss of $499 million recorded in AOCI, primarily reflecting a $991 million decrease in PP&E and a $228 million decrease in goodwill, partially offset by a decrease of $606 million in long-term debt.

Regulatory Requirements

(PPL, LKE, LG&E and KU)

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHGs, ELGs, MATS and the Clean Power Plan. See Note 6, Note 10 and Note 16 to the Financial Statements for a discussion of the other significant environmental matters.

(All Registrants)

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

(PPL)

Discontinued Operations

The operations of PPL's Supply segment prior to the June 1, 2015 spinoff are included in "Income (Loss) from Discontinued Operations (net of income taxes)" on the June 2015 Statement of Income.

See Note 8 to the Financial Statements for additional information related to the spinoff of PPL Energy Supply, including the components of Discontinued Operations.

U.K. Distribution Revenue Reduction

In December 2013, WPD and other U.K. DNOs announced agreements with the U.K. Department of Energy and Climate Change and Ofgem to a reduction of £5 per residential customer of electricity distribution revenues that otherwise would have been collected in the regulatory year beginning April 1, 2014. Full recovery of the revenue reduction in GBP, together with the associated carrying cost will occur in the regulatory year which began April 1, 2016. Under GAAP, WPD does not record a receivable for under-recovery of regulated income (which this reduction represents). As a result, revenues for the U.K. Regulated segment were adversely affected by $19 million ($15 million after-tax or $0.02 per share) in 2015 and $40 million ($31 million after-tax or $0.05 per share) in 2014. Revenues for the U.K. Regulated segment were positively affected by $10 million ($8 million after-tax or $0.01 per share) for the three and six months ended June 30, 2016. PPL projects revenues in 2016 will be positively affected by $40 million ($32 million after-tax or $0.05 per share) and revenues for 2017 will be positively affected by $17 million ($14 million after-tax or $0.02 per share).

Discount Rate Change for U.K. Pension Plans

In selecting the discount rate for its U.K. pension plans, WPD historically used a single weighted-average discount rate in the calculation of net periodic defined benefit cost. WPD began using individual spot rates to measure service cost and interest cost beginning with the calculation of 2016 net periodic defined benefit cost. For the three and six months ended June 30, 2016, this change in discount rate resulted in lower net periodic defined benefit costs recognized on PPL's Statement of Income of $11 million ($9 million after-tax or $0.02 per share) and $22 million ($18 million after-tax or $0.03 per share). Based on current estimates, PPL expects this change to reduce 2016 net periodic defined benefit costs recognized on PPL's Statement of Income by $44 million ($36 million after-tax or $0.05 per share). See "Application of Critical Accounting Policies-Defined Benefits" in PPL's 2015 Form 10-K for additional information.

Results of Operations

(PPL)

The "Statement of Income Analysis" discussion addresses significant changes in principal line items on PPL's Statements of Income, comparing the three and six months ended June 30, 2016 with the same periods in 2015. The discussion for PPL provides a review of results by reportable segment. The segment earnings discussion includes financial information prepared in accordance with GAAP as well as non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Margins". This discussion provides explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure. "Statement of Income Analysis and Segment Earnings" are presented separately for PPL.

Tables analyzing changes in amounts between periods within "Segment Earnings" are presented on a constant U.K. foreign currency exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant U.K. foreign currency exchange rate basis are calculated by translating current year results at the prior year weighted-average U.K. foreign currency exchange rate.

(PPL Electric, LKE, LG&E and KU)

A "Statement of Income Analysis, Earnings and Margins" is presented separately for PPL Electric, LKE, LG&E and KU.
The "Statement of Income Analysis" addresses significant changes in principal line items on the Statements of Income comparing the three and six months ended June 30, 2016 with the same periods in 2015 and provides a summary of earnings. The "Margins" discussion includes a reconciliation of non-GAAP financial measures to "Operating Income."

(All Registrants)

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

PPL Statement of Income Analysis, Segment Earnings and Margins

Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues	$ 1,785	$ 1,781	$ 4	$ 3,796	$ 4,011	$ (215)
Operating Expenses						
Operation						
Fuel	183	214	(31)	380	467	(87)
Energy purchases	147	170	(23)	380	499	(119)
Other operation and maintenance	425	467	(42)	875	923	(48)
Depreciation	231	216	15	460	432	28
Taxes, other than income	74	76	(2)	153	162	(9)
Total Operating Expenses	1,060	1,143	(83)	2,248	2,483	(235)
Other Income (Expense) - net	174	(102)	276	235	(14)	249
Interest Expense	224	215	9	448	424	24
Income Taxes	192	71	121	371	288	83
Income from Continuing Operations After Income Taxes	483	250	233	964	802	162
Income (Loss) from Discontinued Operations (net of income taxes)	—	(1,007)	1,007	—	(912)	912
Net Income (Loss)	$ 483	$ (757)	$ 1,240	$ 964	$ (110)	$ 1,074

Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Domestic:		
PPL Electric Distribution price (a)	$ 24	$ 74
PPL Electric Distribution volume	—	(34)
PPL Electric PLR Revenue (b)	(27)	(104)
PPL Electric Transmission Formula Rate	20	35
LKE Base rates	32	68
LKE Volumes	(4)	(70)
LKE Fuel and other energy prices (b)	(28)	(74)
LKE ECR	11	22
Other	—	(6)
Total Domestic	28	(89)

	Three Months	Six Months
U.K.:		
Price	23	(30)
Volume	(5)	(21)
Foreign currency exchange rates	(29)	(62)
Other	(13)	(13)
Total U.K.	(24)	(126)
Total	$ 4	$ (215)

(a) Distribution rate case effective January 1, 2016, resulted in increases of $33 million and $80 million for the three and six months ended June 30, 2016.
(b) Decreases due to lower recoveries of fuel and energy purchases due to lower commodity costs at LKE and lower PLR energy purchases at PPL Electric as described below.

Fuel

Fuel decreased by $31 million for the three months ended June 30, 2016 compared with 2015, primarily due to a $28 million decrease in commodity costs.

Fuel decreased by $87 million for the six months ended June 30, 2016 compared with 2015, primarily due to a $61 million decrease in commodity costs and a $26 million decrease in volumes primarily due to milder weather in the first quarter of 2016.

Energy Purchases

Energy purchases decreased by $23 million for the three months ended June 30, 2016 compared with 2015, primarily due to lower PLR prices in 2016.

Energy purchases decreased by $119 million for the six months ended June 30, 2016 compared with 2015, primarily due to a $51 million decrease in PLR prices and a $40 million decrease in PLR volumes at PPL Electric and a $13 million decrease in natural gas prices and a $13 million decrease in natural gas volumes at LKE.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Domestic:		
LKE coal plant operations and maintenance (a)	$ (13)	$ (22)
PPL Electric Act 129 costs incurred	(3)	(7)
PPL Electric vegetation management	3	6
PPL Electric payroll-related costs	(9)	(12)
PPL Electric storm costs	3	6
Corporate costs previously included in discontinued operations (b)	—	9
Other	(1)	7
U.K.:		
Network maintenance	8	15
Pension expense (c)	(21)	(43)
Foreign currency exchange rates	(4)	(8)
Other	(5)	1
Total	$ (42)	$ (48)

(a) Represents the reduction of costs associated with the 2015 retirement of Cane Run units partially offset by Cane Run 7 operations.
(b) The increase was due to corporate costs allocated to PPL Energy Supply (and included in discontinued operations) prior to the spin. As a result of the spinoff on June 1, 2015, these corporate costs now remain in continuing operations.
(c) The decrease was primarily due to an increase in estimated returns on higher asset balances and lower interest cost due to a change in the discount rate methodology.

Depreciation

Depreciation increased by $15 million and $28 million for the three and six months ended June 30, 2016 compared with 2015, primarily due to additional assets placed into service, primarily at the domestic utilities and WPD (partially offset by the impact of foreign currency exchange rates), net of retirements.

Other Income (Expense) - net

Other income (expense) - net increased by $276 million and $249 million for the three and six months ended June 30, 2016 compared with 2015, primarily due to changes in realized and unrealized gains (losses) on foreign currency contracts to economically hedge GBP denominated earnings from WPD.

Interest Expense

The increase (decrease) in interest expense for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Long-term debt interest expense (a)	$ 18	$ 41
Foreign currency exchange rates	(6)	(11)
Other	(3)	(6)
Total	$ 9	$ 24

(a) The increase in both periods was primarily due to debt issuances at WPD in November 2015 and LG&E and KU in September 2015 as well as higher interest rates on bonds refinanced in September 2015 at LG&E and KU.

Income Taxes

The increase (decrease) in income taxes for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Change in pre-tax income at current period tax rates	$ 124	$ 78
Valuation allowances adjustments	(2)	1
Impact of U.K. income tax rates	(9)	(1)
Federal and state tax reserve adjustments (a)	12	12
Stock-based compensation (b)	(3)	(11)
Other	(1)	4
Total	$ 121	$ 83

(a) During the three and six months ended June 30, 2015, PPL recorded a tax benefit to adjust the settled refund amount approved by Joint Committee on Taxation for the open audit years 1998-2011.
(b) During the three and six months ended June 30, 2016, PPL recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 to the Financial Statements for additional information.

See Note 5 to the Financial Statements for additional information.

Income (Loss) from Discontinued Operations (net of income taxes)

Income (Loss) from Discontinued Operations (net of income taxes) includes the results of operations of PPL Energy Supply, which was spun off from PPL on June 1, 2015 and substantially represents PPL's former Supply segment. See "Discontinued Operations" in Note 8 to the Financial Statements for additional information.

Segment Earnings

PPL's earnings by reportable segments for the periods ended June 30 were as follows:

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
U.K. Regulated	$ 345	$ 190	$ 155	$ 634	$ 565	$ 69
Kentucky Regulated	76	47	29	188	156	32
Pennsylvania Regulated	78	49	29	172	136	36
Corporate and Other (a)	(16)	(36)	20	(30)	(55)	25
Discontinued Operations (b)	—	(1,007)	1,007	—	(912)	912
Net Income (Loss)	$ 483	$ (757)	$ 1,240	$ 964	$ (110)	$ 1,074

(a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results. 2015 also includes certain costs related to the spinoff of PPL Energy Supply. See Note 8 to the Financial Statements for additional information.

(b) As a result of the spinoff of PPL Energy Supply, substantially representing PPL's former Supply segment, the earnings of the Supply segment prior to the spinoff are included in Discontinued Operations. The three and six months ended June 30, 2015 includes an $879 million charge reflecting the difference between PPL's recorded value for the Supply segment and its estimated fair value as of the spinoff date, determined in accordance with applicable accounting rules under GAAP. See Note 8 to the Financial Statements for additional information.

Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the effective tax rate of the entity where the activity is recorded. Special items include:

• Unrealized gains or losses on foreign currency-related economic hedges (as discussed below).
• Supply segment discontinued operations.
• Gains and losses on sales of assets not in the ordinary course of business.
• Impairment charges.
• Workforce reduction and other restructuring effects.
• Acquisition and divestiture-related adjustments.
• Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 14 to the Financial Statements and "Risk Management" below for additional information on foreign currency-related economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended June 30 were as follows:

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
U.K. Regulated	$ 241	$ 243	$ (2)	$ 506	$ 579	$ (73)
Kentucky Regulated	76	59	17	188	168	20
Pennsylvania Regulated	78	49	29	172	136	36
Corporate and Other	(15)	(22)	7	(28)	(35)	7
Earnings from Ongoing Operations	$ 380	$ 329	$ 51	$ 838	$ 848	$ (10)

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and allocated financing costs. The U.K. Regulated segment represents 66% of PPL's Net Income for the six months ended June 30, 2016 and 41% of PPL's assets at June 30, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating revenues	$ 563	$ 587	$ (24)	$ 1,158	$ 1,284	$ (126)
Other operation and maintenance	85	104	(19)	182	214	(32)
Depreciation	60	59	1	120	118	2
Taxes, other than income	35	37	(2)	70	73	(3)
Total operating expenses	180	200	(20)	372	405	(33)
Other Income (Expense) - net	172	(100)	272	233	(12)	245
Interest Expense	104	103	1	210	203	7
Income Taxes	106	(6)	112	175	99	76
Net Income	345	190	155	634	565	69
Less: Special Items	104	(53)	157	128	(14)	142
Earnings from Ongoing Operations	$ 241	$ 243	$ (2)	$ 506	$ 579	$ (73)

The following after-tax gains (losses), which management considers special items, impacted the U.K. Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended June 30.

	Income Statement Line Item	Three Months		Six Months	
		2016	2015	2016	2015
Foreign currency-related economic hedges, net of tax of ($56), $38, ($69), $18 (a)	Other Income (Expense)-net	$ 104	$ (71)	$ 128	$ (34)
WPD Midlands acquisition-related adjustment, net of tax of $0, $0, $0, ($1)	Other operation and maintenance	—	—	—	2
Settlement of certain income tax positions (b)	Income Taxes	—	18	—	18
Total special items		$ 104	$ (53)	$ 128	$ (14)

(a) Represents unrealized gains (losses) on contracts that economically hedge anticipated GBP-denominated earnings.
(b) Relates to the April 2015 settlement of the IRS audit for the tax years 1998-2011. See Note 5 to the Financial Statements for additional information.

The changes in the components of the U.K. Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as U.K. Gross Margins, the items that management considers special and the effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

	Three Months	Six Months
U.K.		
Gross margins	$ 14	$ (55)
Other operation and maintenance	11	23
Depreciation	(5)	(10)
Interest expense	(6)	(18)
Other	(3)	(2)
Income taxes	(5)	17
U.S.		
Interest expense and other	(3)	(2)
Income taxes	4	4
Foreign currency exchange, after-tax	(9)	(30)
Earnings from Ongoing Operations	(2)	(73)
Special items, after-tax	157	142
Net Income	$ 155	$ 69

U.K.

- See "Margins - Changes in Margins" for an explanation of U.K. Gross Margins.
- Lower other operation and maintenance for the three month period primarily due to $21 million from lower pension expense, partially offset by $8 million from higher network maintenance expense.
- Lower other operation and maintenance for the six month period primarily due to $43 million from lower pension expense, partially offset by $15 million from higher network maintenance expense.

Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations of LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 20% of PPL's Net Income for the six months ended June 30, 2016 and 35% of PPL's assets at June 30, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating revenues	$ 721	$ 714	$ 7	$ 1,547	$ 1,613	$ (66)
Fuel	182	214	(32)	380	467	(87)
Energy purchases	28	28	—	94	120	(26)
Other operation and maintenance	204	214	(10)	406	423	(17)
Depreciation	100	94	6	199	189	10
Taxes, other than income	15	15	—	30	29	1
Total operating expenses	529	565	(36)	1,109	1,228	(119)
Other Income (Expense) - net	(5)	(5)	—	(6)	(6)	—
Interest Expense	64	56	8	129	111	18
Income Taxes	47	41	6	115	112	3
Net Income	76	47	29	188	156	32
Less: Special Items	—	(12)	12	—	(12)	12
Earnings from Ongoing Operations	$ 76	$ 59	$ 17	$ 188	$ 168	$ 20

The following after-tax gains (losses), which management considers special items, impacted the Kentucky Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended June 30.

	Income Statement Line Item	Three Months		Six Months	
		2016	2015	2016	2015
Certain valuation allowances, net of tax of $0, $0, $0, $0 (a)	Income Taxes	$ —	$ (8)	$ —	$ (8)
LKE acquisition-related adjustment, net of tax of $0, $0, $0, $0 (b)	Other Income (Expense)-net	—	(4)	—	(4)
Total special items		$ —	$ (12)	$ —	$ (12)

(a) Recorded at LKE and represents a valuation allowance against tax credits expiring in 2016 and 2017 that are more likely than not to expire before being utilized.
(b) Recorded at PPL and allocated to the Kentucky Regulated segment. The amount represents a settlement between E.ON AG (a German corporation and the indirect parent of E.ON US Investments Corp., the former parent of LKE) and PPL for a tax matter.

The changes in the components of the Kentucky Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Kentucky Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Six Months
Kentucky Gross Margins	$ 33	$ 37
Other operation and maintenance	12	17
Depreciation	(2)	—
Taxes, other than income	—	(1)
Other income (expense) - net	(4)	(4)
Interest Expense	(8)	(18)
Income Taxes	(14)	(11)
Special items, after-tax	12	12
Net Income	$ 29	$ 32

- See "Margins - Changes in Margins" for an explanation of Kentucky Gross Margins.

- Lower other operation and maintenance for the three and six month periods primarily due to lower coal plant operations and maintenance expense as a result of units retired in 2015 at the Cane Run plant.

- Higher interest expense for the three and six month periods primarily due to the September 2015 issuance of $550 million of incremental First Mortgage Bonds by LG&E and KU, higher interest rates on the September 2015 issuance of $500 million of First Mortgage Bonds by LG&E and KU used to retire the same amount of First Mortgage Bonds in November 2015 and $400 million of notes refinanced by LKE in November 2015.

- Higher income taxes for the three and six month periods primarily due to higher pre-tax income.

Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 18% of PPL's Net Income for the six months ended June 30, 2016 and 22% of PPL's assets at June 30, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating revenues	$ 495	$ 476	$ 19	$ 1,080	$ 1,106	$ (26)
Energy purchases						
External	118	138	(20)	285	365	(80)
Intersegment	—	5	(5)	—	14	(14)
Other operation and maintenance	138	140	(2)	288	273	15
Depreciation	62	52	10	121	103	18
Taxes, other than income	24	25	(1)	53	60	(7)
Total operating expenses	342	360	(18)	747	815	(68)
Other Income (Expense) - net	5	2	3	8	4	4
Interest Expense	32	33	(1)	65	64	1
Income Taxes	48	36	12	104	95	9
Net Income	78	49	29	172	136	36
Less: Special Items (a)	—	—	—	—	—	—
Earnings from Ongoing Operations	$ 78	$ 49	$ 29	$ 172	$ 136	$ 36

(a) There are no items that management considers special for the periods presented.

The changes in the components of the Pennsylvania Regulated segment's results between these periods were due to the factors set forth below, which reflect amounts classified as Pennsylvania Gross Delivery Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Pennsylvania Gross Delivery Margins	$ 44	$ 74
Other operation and maintenance	3	(15)
Depreciation	(10)	(18)
Taxes, other than income	—	1
Other Income (Expense) - net	3	4
Interest Expense	1	(1)
Income Taxes	(12)	(9)
Net Income	$ 29	$ 36

- See "Margins - Changes in Margins" for an explanation of Pennsylvania Gross Delivery Margins.
- Higher other operation and maintenance expense for the six month period primarily due to $9 million of higher corporate service costs allocated to PPL Electric, $6 million of higher vegetation management expenses, $5 million of higher costs for additional work done by outside vendors and $4 million of higher non-recoverable storm costs, partially offset by $12 million of lower payroll related costs.
- Higher depreciation expense for the three and six month periods primarily due to transmission and distribution additions placed into service related to the ongoing efforts to improve reliability and replace aging infrastructure, net of retirements.
- Higher income taxes for the three and six month periods primarily due to higher pre-tax income, partially offset by tax benefits related to the application of new stock based compensation accounting guidance.

Reconciliation of Earnings from Ongoing Operations

The following tables contain after-tax gains (losses), in total, which management considers special items, that are excluded from Earnings from Ongoing Operations and a reconciliation to PPL's "Net Income (Loss)" for the periods ended June 30.

	2016 Three Months					
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Discontinued Operations	Total
Net Income (Loss)	$ 345	$ 76	$ 78	$ (16)	$ —	$ 483
Less: Special Items (expense) benefit:						
Foreign currency-related economic hedges, net of tax of ($56)	104	—	—	—	—	104
Spinoff of the Supply segment, net of tax of $0	—	—	—	(1)	—	(1)
Total Special Items	104	—	—	(1)	—	103
Earnings from Ongoing Operations	$ 241	$ 76	$ 78	$ (15)	$ —	$ 380

	2015 Three Months					
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Discontinued Operations	Total
Net Income (Loss)	$ 190	$ 47	$ 49	$ (36)	$ (1,007)	$ (757)
Less: Special Items (expense) benefit:						
Foreign currency-related economic hedges, net of tax of $38	(71)	—	—	—	—	(71)
Spinoff of the Supply segment:						
Discontinued operations, net of tax of $91	—	—	—	—	(1,007)	(1,007)

Margins

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "U.K. Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.

- "Kentucky Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, LKE, LG&E and KU, as well as the Kentucky Regulated segment's, LKE's and LG&E's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.

- "Pennsylvania Gross Delivery Margins" is a single financial performance measure of the electricity transmission and distribution delivery operations of the Pennsylvania Regulated segment and PPL Electric. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129 and Universal Service program costs), and "Taxes, other than income," which is primarily gross receipts tax. This performance measure includes PLR energy purchases by PPL Electric from PPL EnergyPlus, which are reflected in "Energy purchases from affiliate" in the reconciliation tables. As a result of the June 2015 spinoff of PPL Energy Supply and the formation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are reflected in "Energy Purchases" in the reconciliation tables. This measure represents the net revenues from the Pennsylvania Regulated segment's and PPL Electric's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations.

Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

Changes in Margins

The following table shows Margins by PPL's reportable segment and by component, as applicable, for the periods ended June 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
U.K.						
U.K. Gross Margins	$ 534	$ 547	$ (13)	$ 1,090	$ 1,204	$ (114)
Impact of changes in foreign currency exchange rates			(27)			(59)
Change in U.K. Gross Margins excluding impact of foreign currency exchange rates			$ 14			$ (55)
Kentucky Regulated						
Kentucky Gross Margins						
LG&E	$ 209	$ 206	$ 3	$ 437	$ 436	$ 1
KU	262	232	30	559	523	36
LKE	$ 471	$ 438	$ 33	$ 996	$ 959	$ 37
Pennsylvania Regulated						
Pennsylvania Gross Delivery Margins						
Distribution	$ 216	$ 193	$ 23	$ 474	$ 435	$ 39
Transmission	111	90	21	218	183	35
Total	$ 327	$ 283	$ 44	$ 692	$ 618	$ 74

U.K. Gross Margins

U.K. Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the three months ended June 30, 2016 compared with 2015 primarily due to $38 million from the April 1, 2016 price increase, which includes $10 million of the recovery of prior customer rebates, partially offset by $20 million from the impact of the April 1, 2015 price decrease resulting from the commencement of RIIO-ED1.

U.K. Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased for the six months ended June 30, 2016 compared with 2015 primarily due to $89 million from the April 1, 2015 price decrease resulting from the commencement of RIIO-ED1 and lower volumes of $21 million primarily due to milder weather, partially offset by $38 million from the April 1, 2016 price increase, which includes $10 million of the recovery of prior customer rebates, and $21 million of other revenue adjustments in 2016.

Kentucky Gross Margins

Kentucky Gross Margins increased for the three months ended June 30, 2016 compared with 2015 primarily due to higher base rates of $32 million ($1 million at LG&E and $31 million at KU) and returns on additional environmental capital investments of $6 million ($5 million at LG&E and $1 million at KU).

Kentucky Gross Margins increased for the six months ended June 30, 2016 compared with 2015 primarily due to higher base rates of $68 million ($4 million at LG&E and $64 million at KU) and returns on additional environmental capital investments of $10 million at LG&E. The increase in base rates was the result of new rates approved by the KPSC effective July 1, 2015. These increases were partially offset by lower sales volumes of $28 million ($9 million at LG&E and $19 million at KU) primarily driven by milder weather.

Pennsylvania Gross Delivery Margins

Distribution

Distribution margins increased for the three months ended June 30, 2016 compared with 2015 primarily due to $24 million of higher base rates, effective January 1, 2016 as a result of the 2015 rate case.

Distribution margins increased for the six months ended June 30, 2016 compared with 2015 primarily due to $63 million of higher base rates, effective January 1, 2016, partially offset by a $25 million unfavorable impact of milder weather.

Transmission

Transmission margins increased for the three and six month periods ended June 30, 2016 compared with 2015 primarily due to returns on additional capital investments focused on replacing aging infrastructure and improving reliability.

Reconciliation of Margins

The following table contains the components from the Statement of Income that are included in the non-GAAP financial measures and a reconciliation to PPL's "Operating Income" for the periods ended June 30.

	2016 Three Months					2015 Three Months				
	U.K. Gross Margins	Kentucky Gross Margins	PA Gross Delivery Margins	Other (a)	Operating Income (b)	U.K. Gross Margins	Kentucky Gross Margins	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 553 (c)	$ 721	$ 495	$ 16	$ 1,785	$ 575 (c)	$ 714	$ 476	$ 16	$ 1,781

Total	$ 1,090	$ 996	$ 692	$ (1,230)	$ 1,548	$ 1,204	$ 959	$ 618	$ (1,253)	$ 1,528

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.
(c) Excludes ancillary revenues of $10 million and $21 million for the three and six months ended June 30, 2016 and $12 million and $23 million for the three and six months ended June 30, 2015.

2016 Outlook

(PPL)

Higher reported earnings are expected in 2016 compared with 2015, primarily attributable to the results of the 2015 spinoff of the Supply segment. Higher earnings from ongoing operations are expected in 2016 compared with 2015, primarily attributable to increases in the Pennsylvania Regulated and Kentucky Regulated segments. The following projections and factors underlying these projections are provided for PPL's segments and the Corporate and Other category and the related Registrants.

(PPL's U.K. Regulated Segment)

Lower reported earnings are expected in 2016 compared with 2015, primarily driven by tax gains recorded in 2015. Slightly lower earnings from ongoing operations are projected in 2016 compared with 2015. This is due to higher interest expense, depreciation, the unfavorable impact of lower GBP exchange rates and income taxes, partially offset by higher revenues and lower operation and maintenance expense, including pension expense.

(PPL's Kentucky Regulated Segment and LKE, LG&E and KU)

Higher reported earnings and earnings from ongoing operations are projected in 2016 compared with 2015, primarily driven by electric and gas base rate increases effective July 1, 2015, higher returns on additional environmental capital investments, and lower operation and maintenance expense, partially offset by higher depreciation and higher interest expense.

(PPL's Pennsylvania Regulated Segment and PPL Electric)

Higher reported earnings and earnings from ongoing operations are projected in 2016 compared with 2015, primarily driven by higher base electricity rates for distribution effective January 1, 2016, and higher transmission earnings, partially offset by higher depreciation and a benefit received in 2015 from the release of a gross receipts tax reserve.

(PPL's Corporate and Other Category)

Relatively flat costs are projected in 2016 compared with 2015.

(All Registrants)

Earnings in future periods are subject to various risks and uncertainties. See "Forward-Looking Information," the rest of this Item 2, Notes 6 and 10 to the Financial Statements and "Item 1A. Risk Factors" in this Form 10-Q (as applicable) and "Item 1. Business" and "Item 1A. Risk Factors" in the Registrants' 2015 Form 10-K for a discussion of the risks, uncertainties and factors that may impact future earnings.

PPL Electric: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues	$ 495	$ 476	$ 19	$ 1,080	$ 1,106	$ (26)
Operating Expenses						
Operation						
Energy purchases	118	138	(20)	285	365	(80)
Energy purchases from affiliate	—	5	(5)	—	14	(14)
Other operation and maintenance	137	140	(3)	287	273	14
Depreciation	62	52	10	121	103	18
Taxes, other than income	24	25	(1)	53	60	(7)
Total Operating Expenses	341	360	(19)	746	815	(69)
Other Income (Expense) - net	5	2	3	8	4	4
Interest Expense	32	33	(1)	65	64	1
Income Taxes	48	36	12	104	95	9
Net Income	$ 79	$ 49	$ 30	$ 173	$ 136	$ 37

Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Distribution volume	$ —	$ (34)
Distribution price (a)	24	74
PLR (b)	(27)	(104)
Transmission Formula Rate	20	35
Other	2	3
Total	$ 19	$ (26)

(a) Distribution rate case effective January 1, 2016, resulted in increases of $33 million and $80 million for the three and six months ended June 30, 2016.
(b) Decreases due to lower recoveries of energy purchases as described below.

Energy Purchases

Energy purchases decreased by $20 million for the three months ended June 30, 2016 compared with 2015, primarily due to lower PLR prices in 2016.

Energy purchases decreased by $80 million for the six months ended June 30, 2016 compared with 2015 due to lower PLR prices of $51 million, lower PLR volumes of $26 million and lower capacity volumes of $3 million.

Energy Purchases from Affiliate

Energy purchases from affiliate decreased by $5 million and $14 million for the three and six months ended June 30, 2016 compared with 2015 as a result of the June 1, 2015 PPL Energy Supply spinoff.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Corporate service costs	$ —	$ 9
Contractor-related expenses	1	6
Vegetation management	3	6
Storm costs	3	6
Payroll-related costs	(9)	(12)
Act 129	(3)	(7)
Universal service programs	2	3
Other	—	3
Total	$ (3)	$ 14

Depreciation

Depreciation increased by $10 million and $18 million for the three and six months ended June 30, 2016 compared with 2015, primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements.

Taxes, Other Than Income

Taxes, other than income decreased by $7 million for the six months ended June 30, 2016 compared with 2015, primarily due to lower Pennsylvania gross receipts tax expense as a result of a decrease in retail electric revenues. This tax is included in "Pennsylvania Gross Delivery Margins."

Income Taxes

The increase (decrease) in income taxes for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Change in pre-tax income at current period tax rates	$ 18	$ 20
Stock-based compensation (a)	(2)	(7)
Federal and state tax reserve adjustments	(4)	(4)
Total	$ 12	$ 9

(a) During the three and six months ended June 30, 2016, PPL Electric recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 to the Financial Statements for additional information.

See Note 5 to the Financial Statements for additional information.

Earnings

	Three Months Ended June 30, 2016	Three Months Ended June 30, 2015	Six Months Ended June 30, 2016	Six Months Ended June 30, 2015
Net Income	$ 79	$ 49	$ 173	$ 136
Special item, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher base electricity rates for distribution effective January 1, 2016, and higher transmission margins from additional capital investments.

Earnings increased for the six month period in 2016 compared with 2015 primarily due to higher base electricity rates for distribution effective January 1, 2016, and higher transmission margins, partially offset by the unfavorable impact of milder weather, higher other operation and maintenance and higher depreciation.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Pennsylvania Gross Delivery Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Pennsylvania Gross Delivery Margins	$ 44	$ 74
Other operation and maintenance	4	(14)
Depreciation	(10)	(18)
Taxes, other than income	—	1
Other Income (Expense) - net	3	4
Interest Expense	1	(1)
Income Taxes	(12)	(9)
Net Income	$ 30	$ 37

Margins

"Pennsylvania Gross Delivery Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for information on why management believes this measure is useful and for explanations of the underlying drivers of the changes between periods.

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2016 Three Months			2015 Three Months		
	PA Gross Delivery Margins	Other (a)	Operating Income (b)	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 495	$ —	$ 495	$ 476	$ —	$ 476
Operating Expenses						
Energy purchases	118	—	118	138	—	138
Energy purchases from affiliate	—	—	—	5	—	5
Other operation and maintenance	28	109	137	27	113	140
Depreciation	—	62	62	—	52	52
Taxes, other than income	22	2	24	23	2	25
Total Operating Expenses	168	173	341	193	167	360
Total	$ 327	$ (173)	$ 154	$ 283	$ (167)	$ 116

	2016 Six Months			2015 Six Months		
	PA Gross Delivery Margins	Other (a)	Operating Income (b)	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 1,080	$ —	$ 1,080	$ 1,106	$ —	$ 1,106

Taxes, other than income	50	3	53	56	4	60
Total Operating Expenses	388	358	746	488	327	815
Total	$ 692	$ (358)	$ 334	$ 618	$ (327)	$ 291

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

LKE: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues	$ 721	$ 714	$ 7	$ 1,547	$ 1,613	$ (66)
Operating Expenses						
Operation						
Fuel	182	214	(32)	380	467	(87)
Energy purchases	28	28	—	94	120	(26)
Other operation and maintenance	204	214	(10)	406	423	(17)
Depreciation	100	94	6	199	189	10
Taxes, other than income	15	15	—	30	29	1
Total Operating Expenses	529	565	(36)	1,109	1,228	(119)
Other Income (Expense) - net	(5)	(1)	(4)	(6)	(2)	(4)
Interest Expense	48	42	6	97	84	13
Interest Expense with Affiliate	4	1	3	8	1	7
Income Taxes	51	45	6	123	121	2
Net Income	$ 84	$ 60	$ 24	$ 204	$ 177	$ 27

Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Base rates	$ 32	$ 68
Volumes	(4)	(70)
Fuel and other energy prices (a)	(28)	(74)
ECR	11	22
Other	(4)	(12)
Total	$ 7	$ (66)

(a) Decreases due to lower recoveries of fuel and energy purchases due to lower commodity costs as described below.

Fuel

Fuel decreased $32 million for the three months ended June 30, 2016 compared with 2015, primarily due to a $28 million decrease in commodity costs.

Fuel decreased $87 million for the six months ended June 30, 2016 compared with 2015, due to a $61 million decrease in commodity costs and a $26 million decrease in volumes primarily due to milder weather in the first quarter of 2016.

Energy Purchases

Energy purchases decreased $26 million for the six months ended June 30, 2016 compared with 2015 due to $13 million of lower natural gas prices and a $13 million decrease in natural gas volumes resulting from milder weather during the first quarter of 2016.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Coal plant operations and maintenance (a)	$ (13)	$ (22)
Other	3	5
Total	$ (10)	$ (17)

(a) Represents the reduction of costs associated with the 2015 retirement of Cane Run units partially offset by Cane Run 7 operations.

Depreciation

Depreciation increased $6 million and $10 million for the three and six months ended June 30, 2016 compared with 2015 primarily due to additions to PP&E, net of retirements.

Interest Expense

Interest expense increased $9 million and $20 million for the three and six months ended June 30, 2016 compared with 2015 primarily due to the September 2015 issuance of $550 million of incremental First Mortgage Bonds by LG&E and KU, higher interest rates on the September 2015 issuance of $500 million of First Mortgage Bonds by LG&E and KU used to retire the same amount of First Mortgage Bonds in November 2015 and $400 million of notes refinanced in November 2015.

Income Taxes

Income taxes increased $6 million for the three months ended June 30, 2016 compared with 2015 primarily due to higher pre-tax income at current period tax rates of $11 million, partially offset by the establishment of a valuation allowance in 2015 on a deferred tax asset of $5 million.

Earnings

	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Net Income	$ 84	$ 60	$ 204	$ 177
Special items, gains (losses), after-tax	—	(8)	—	(8)

Excluding special items, earnings increased for the three month period in 2016 compared with 2015 primarily due to higher base electricity rates effective July 1, 2015 and lower other operation and maintenance, partially offset by higher interest expense.

Excluding special items, earnings increased for the six month period in 2016 compared with 2015 primarily due to higher base electricity rates effective July 1, 2015 and lower other operation and maintenance, partially offset by higher interest expense and lower sales volumes primarily due to milder weather in the first quarter of 2016.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins and an item that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Six Months
Margin	$ 33	$ 37
Other operation and maintenance	12	17
Depreciation	(2)	—
Taxes, other than income	—	(1)
Other income (expense) - net	(4)	(4)
Interest expense	(9)	(20)
Income taxes	(14)	(10)
Special items, gains (losses), after-tax (a)	8	8
Net income	$ 24	$ 27

(a) See PPL's "Results of Operations - Segment Earnings - Kentucky Regulated Segment" for details of the special item.

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LKE's Margins are referred to as "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 721	$ —	$ 721	$ 714	$ —	$ 714
Operating Expenses						
Fuel	182	—	182	214	—	214
Energy purchases	28	—	28	28	—	28
Other operation and maintenance	26	178	204	24	190	214
Depreciation	13	87	100	9	85	94
Taxes, other than income	1	14	15	1	14	15
Total Operating Expenses	250	279	529	276	289	565
Total	$ 471	$ (279)	$ 192	$ 438	$ (289)	$ 149

	2016 Six Months			2015 Six Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 1,547	$ —	$ 1,547	$ 1,613	$ —	$ 1,613
Operating Expenses						
Fuel	380	—	380	467	—	467
Energy purchases	94	—	94	120	—	120
Other operation and maintenance	49	357	406	49	374	423

Taxes, other than income	2	28	30	2	27	29
Total Operating Expenses	551	558	1,109	654	574	1,228
Total	$ 996	$ (558)	$ 438	$ 959	$ (574)	$ 385

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

LG&E: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues						
Retail and wholesale	$ 317	$ 323	$ (6)	$ 692	$ 740	$ (48)
Electric revenue from affiliate	6	8	(2)	17	30	(13)
Total Operating Revenues	323	331	(8)	709	770	(61)
Operating Expenses						
Operation						
Fuel	69	82	(13)	147	185	(38)
Energy purchases	23	23	—	85	111	(26)
Energy purchases from affiliate	3	5	(2)	5	8	(3)
Other operation and maintenance	92	103	(11)	179	199	(20)
Depreciation	42	40	2	83	82	1
Taxes, other than income	7	7	—	15	14	1
Total Operating Expenses	236	260	(24)	514	599	(85)
Other Income (Expense) - net	(5)	(1)	(4)	(5)	(2)	(3)
Interest Expense	18	13	5	35	26	9
Income Taxes	24	22	2	59	55	4
Net Income	$ 40	$ 35	$ 5	$ 96	$ 88	$ 8

Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Base rates	$ 1	$ 4
Volumes	(1)	(34)
Fuel and other energy prices (a)	(13)	(44)
ECR	7	16
Other	(2)	(3)
Total	$ (8)	$ (61)

(a) Decreases due to lower recoveries of fuel and energy purchases due to lower commodity costs as described below.

Fuel

Fuel decreased $13 million for the three months ended June 30, 2016 compared with 2015, primarily due to a $9 million decrease in commodity costs.

Fuel decreased $38 million for the six months ended June 30, 2016 compared with 2015, due to a $17 million decrease in commodity costs and a $21 million decrease in volumes primarily due to milder weather in the first quarter of 2016.

Energy purchases

Energy purchases decreased $26 million for the six months ended June 30, 2016 compared with 2015 due to $13 million of lower natural gas prices and a $13 million decrease in natural gas volumes resulting from milder weather during the first quarter of 2016.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Coal plant operations and maintenance (a)	$ (12)	$ (21)
Other	1	1
Total	$ (11)	$ (20)

(a) Represents the reduction of costs associated with the 2015 retirement of Cane Run units partially offset by Cane Run 7 operations.

Interest Expense

Interest expense increased $5 million and $9 million for the three and six months ended June 30, 2016 compared with 2015 primarily due to the September 2015 issuance of $300 million of incremental First Mortgage Bonds and higher interest rates on the September 2015 issuance of $250 million of First Mortgage Bonds used to retire the same amount of First Mortgage Bonds in November 2015.

Earnings

	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Net Income	$ 40	$ 35	$ 96	$ 88
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher returns on additional environmental capital investments and lower other operation and maintenance, partially offset by higher interest expense.

Earnings increased for the six month period in 2016 compared with 2015 primarily due to higher returns on additional environmental capital investments and lower other operation and maintenance, partially offset by higher interest expense and lower sales volumes primarily due to milder weather in the first quarter of 2016.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Margin	$ 3	$ 1
Other operation and maintenance	12	18
Depreciation	1	5
Other income (expense) - net	(4)	(3)
Interest expense	(5)	(9)
Income taxes	(2)	(4)
Net income	$ 5	$ 8

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LG&E's Margins are included in "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 323	$ —	$ 323	$ 331	$ —	$ 331
Operating Expenses						
Fuel	69	—	69	82	—	82
Energy purchases, including affiliate	26	—	26	28	—	28
Other operation and maintenance	11	81	92	10	93	103
Depreciation	7	35	42	4	36	40
Taxes, other than income	1	6	7	1	6	7
Total Operating Expenses	114	122	236	125	135	260
Total	$ 209	$ (122)	$ 87	$ 206	$ (135)	$ 71

	2016 Six Months			2015 Six Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 709	$ —	$ 709	$ 770	$ —	$ 770
Operating Expenses						
Fuel	147	—	147	185	—	185
Energy purchases, including affiliate	90	—	90	119	—	119
Other operation and maintenance	20	159	179	22	177	199

Taxes, other than income	2	13	15	1	13	14
Total Operating Expenses	272	242	514	334	265	599
Total	$ 437	$ (242)	$ 195	$ 436	$ (265)	$ 171

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

KU: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues						
Retail and wholesale	$ 404	$ 391	$ 13	$ 855	$ 873	$ (18)
Electric revenue from affiliate	3	5	(2)	5	8	(3)
Total Operating Revenues	407	396	11	860	881	(21)
Operating Expenses						
Operation						
Fuel	113	132	(19)	233	282	(49)
Energy purchases	5	5	—	9	9	—
Energy purchases from affiliate	6	8	(2)	17	30	(13)
Other operation and maintenance	107	109	(2)	213	213	—
Depreciation	58	54	4	116	107	9
Taxes, other than income	8	8	—	15	15	—
Total Operating Expenses	297	316	(19)	603	656	(53)
Other Income (Expense) - net	1	2	(1)	(1)	1	(2)
Interest Expense	23	19	4	47	38	9
Income Taxes	34	24	10	80	71	9
Net Income	$ 54	$ 39	$ 15	$ 129	$ 117	$ 12

Operating Revenue

The increase (decrease) in operating revenue for the periods ended June 30, 2016 compared with 2015 was due to:

	Three Months	Six Months
Base rates	$ 31	$ 64
Volumes	(4)	(40)
Fuel and other energy prices (a)	(19)	(42)
ECR	3	6
Other	—	(9)
Total	$ 11	$ (21)

(a) Decreases due to lower recoveries of fuel and energy purchases due to lower commodity costs as described below.

Fuel

Fuel decreased $19 million for the three months ended June 30, 2016 compared with 2015, due to lower costs of commodities.

Fuel decreased $49 million for the six months ended June 30, 2016 compared with 2015, due to a $44 million decrease in commodity costs and a $5 million decrease in volumes primarily due to milder weather in the first quarter of 2016.

Energy Purchases from affiliate

Energy purchases from affiliate decreased $13 million for the six months ended June 30, 2016 compared with 2015, due to increased generation as a result of Cane Run Unit 7 being placed in-service during 2015.

Depreciation

Depreciation increased $4 million and $9 million for the three and six months ended June 30, 2016 compared with 2015 primarily due to additional assets placed into service, net of retirements.

Interest Expense

Interest expense increased $4 million and $9 million for the three and six months ended June 30, 2016 compared with 2015 primarily due to the September 2015 issuance of $250 million of incremental First Mortgage Bonds and higher interest rates on the September 2015 issuance of $250 million of First Mortgage Bonds used to retire the same amount of First Mortgage Bonds in November 2015.

Income Taxes

Income taxes increased $10 million and $9 million for the three and six months ended June 30, 2016 compared with 2015 primarily due to higher pre-tax income.

Earnings

	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Net Income	$ 54	$ 39	$ 129	$ 117
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher base electricity rates effective July 1, 2015, partially offset by higher interest expense.

Earnings increased for the six month period in 2016 compared with 2015 primarily due to higher base electricity rates, effective July 1, 2015, partially offset by higher interest expense and lower sales volumes primarily due to milder weather in the first quarter of 2016.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Margin	$ 30	$ 36
Other operation and maintenance	3	2
Depreciation	(3)	(5)
Taxes, other than income	—	(1)
Other income (expense) - net	(1)	(2)
Interest expense	(4)	(9)
Income taxes	(10)	(9)
Net income	$ 15	$ 12

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, KU's Margins are included in "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 407	$ —	$ 407	$ 396	$ —	$ 396
Operating Expenses

Taxes, other than income	—	15	15	1	14	15
Total Operating Expenses	301	302	603	358	298	656
Total	$ 559	$ (302)	$ 257	$ 523	$ (298)	$ 225

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

Financial Condition

The remainder of this Item 2 in this Form 10-Q is presented on a combined basis, providing information, as applicable, for all Registrants.

Table of Contents

Liquidity and Capital Resources

(All Registrants)

The Registrants had the following at:

	PPL (a)	PPL Electric	LKE	LG&E	KU
June 30, 2016					
Cash and cash equivalents	$ 492	$ 35	$ 16	$ 8	$ 8
Short-term debt	856	6	139	110	29
Notes payable with affiliate		—	176	—	—
December 31, 2015					
Cash and cash equivalents	$ 836	$ 47	$ 30	$ 19	$ 11
Short-term debt	916	—	265	142	48
Notes payable with affiliate		—	54	—	—

(a) At June 30, 2016, $88 million of cash and cash equivalents were denominated in GBP. If these amounts would be remitted as dividends, PPL would not anticipate a material incremental U.S. tax cost. Historically, dividends paid by foreign subsidiaries have been limited to distributions of the current year's earnings. See Note 5 to the Financial Statements in PPL's 2015 Form 10-K for additional information on undistributed earnings of WPD.

(PPL)

The Statements of Cash Flows separately report the cash flows of the discontinued operations in 2015. The "Operating Activities", "Investing Activities" and "Financing Activities" sections below included only the cash flows of continuing operations.

(All Registrants)

Net cash provided by (used in) operating, investing and financing activities for the six month periods ended June 30, and the changes between periods, were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
2016					
Operating activities	$ 1,170	$ 328	$ 506	$ 273	$ 311
Investing activities	(1,347)	(427)	(439)	(237)	(201)
Financing activities	(152)	87	(81)	(47)	(113)
2015					
Operating activities	$ 970	$ 76	$ 703	$ 389	$ 360
Investing activities	(1,575)	(483)	(626)	(349)	(275)
Financing activities	(71)	221	(85)	(43)	(90)
Change - Cash Provided (Used)					
Operating activities	$ 200	$ 252	$ (197)	$ (116)	$ (49)
Investing activities	228	56	187	112	74
Financing activities	(81)	(134)	4	(4)	(23)

Operating Activities

The components of the change in cash provided by (used in) operating activities for the six months ended June 30, 2016 compared with 2015 were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Net income	$ 162	$ 37	$ 27	$ 8	$ 12
Non-cash components	(250)	82	(43)	(23)	2
Working capital	308	117	(211)	(100)	(88)
Defined benefit plan funding	65	33	18	9	6
Other operating activities	(85)	(17)	12	(10)	19
Total	$ 200	$ 252	$ (197)	$ (116)	$ (49)

(PPL)

PPL's cash provided by operating activities from continuing operations in 2016 increased $200 million in 2016 compared with 2015.

- Income from continuing operations increased by $162 million between the periods, but included a decrease in net non-cash charges of $250 million. These net non-cash charges included a $254 million increase in unrealized gains on derivatives.
- The $308 million increase in cash from changes in working capital was primarily due to an increase in taxes payable (primarily due to an increase in current income tax expense in 2016) and a decrease in accounts receivable, primarily due to milder winter weather in 2016.
- Defined benefit plan funding was $65 million lower in 2016.

(PPL Electric)

PPL Electric's cash provided by operating activities in 2016 increased $252 million in 2016 compared with 2015.

- The increase in non-cash components of $82 million in 2016 compared with 2015 was primarily due to an increase in deferred income tax expense and depreciation.
- The $117 million increase in cash from changes in working capital was primarily due to a decrease in prepayments (primarily due to a decrease in tax payments) and an increase in taxes payable (primarily due to an decrease in current income tax benefit in 2016).
- Defined benefit plan funding was $33 million lower in 2016.

(LKE)

LKE's cash provided by operating activities in 2016 decreased $197 million compared with 2015.

- The decrease in cash from working capital was driven primarily by lower tax payments received from PPL for the use of prior year excess tax depreciation deductions. Other decreases in cash were related to accounts receivable and coal and natural gas inventories due to milder weather in 2016, and unbilled revenues due to lower weather volatility during the measurement periods in 2016, partially offset by lower payments on accounts payable due to lower fuel purchases.

(LG&E)

LG&E's cash provided by operating activities in 2016 decreased $116 million compared with 2015.

- The decrease in cash from working capital was driven primarily by lower payments received from LKE for the use of prior year excess tax depreciation deductions. Other decreases in cash were related to accounts receivable and coal and natural gas inventories due to milder weather in 2016, and unbilled revenues due to lower weather volatility during the measurement periods in 2016, partially offset by lower payments on accounts payable due to lower fuel purchases.

(KU)

KU's cash provided by operating activities in 2016 decreased $49 million compared with 2015.

- The decrease in cash from working capital was driven primarily by lower payments received from LKE for the use of prior year excess tax depreciation deductions. Other decreases in cash were related to coal inventory due to milder weather in 2016, and unbilled revenues due to lower weather volatility during the measurement periods in 2016, partially offset by lower accounts payable from affiliates due to energy purchases from LG&E and charges for prepaid costs from LKS.

Investing Activities

(All Registrants)

Expenditures for Property, Plant and Equipment

Investment in PP&E is the primary investing activity of the registrants. The change in expenditures for PP&E for the six months ended June 30, 2016 compared with 2015 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Decrease	$ 333	$ 56	$ 191	$ 112	$ 78

For PPL, the decrease in expenditures was due to lower project expenditures at WPD, PPL Electric Utilities, LG&E, and KU. The decrease in expenditures for WPD was primarily due to a decrease in expenditures to enhance system reliability associated with the end of the DPCR5 price control period and changes in foreign currency exchange rates. The decrease in expenditures for PPL Electric was primarily due to the completion of the Susquehanna-Roseland transmission project and the completion of the Northeast Pocono reliability project. The decrease in expenditures for LG&E was primarily driven by the completion of the environmental air projects at LG&E's Mill Creek plant. The decrease in expenditures for KU was primarily driven by the completion of the environmental air projects at KU's Ghent plant and the CCR project at KU's E.W. Brown plant.

Financing Activities

(All Registrants)

The components of the change in cash provided by (used in) financing activities for the six months ended June 30, 2016 compared with 2015 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Debt issuance/retirement, net	$ 248	$ —	$ —	$ —	$ —
Settlement of cross-currency swaps	46	—	—	—	—
Stock issuances/redemptions, net	(7)	—	—	—	—
Dividends	(13)	(10)	—	(3)	(32)
Capital contributions/distributions, net	—	40	12	27	20
Change in short-term debt, net	(342)	(162)	(112)	(27)	(10)
Notes payable with affiliate	—	—	105	—	—
Other financing activities	(13)	(2)	(1)	(1)	(1)
Total	$ (81)	$ (134)	$ 4	$ (4)	$ (23)

See Note 7 to the Financial Statements in this Form 10-Q for information on 2016 short and long-term debt activity, equity transactions and PPL dividends. See the Registrants' 2015 Form 10-K for information on 2015 activity.

Credit Facilities

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At June 30, 2016, the total committed borrowing capacity and the use of that capacity under these credit facilities was as follows:

External

	Committed Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity
PPL Capital Funding Credit Facilities	$ 1,150	$ —	$ 337	$ 813
PPL Electric Credit Facility	400	—	7	393
LKE Credit Facility	75	—	—	75
LG&E Credit Facility	500	—	110	390
KU Credit Facilities	598	—	227	371
Total LKE	1,173	—	337	836
Total U.S. Credit Facilities (a)	$ 2,723	$ —	$ 681	$ 2,042
Total U.K. Credit Facilities (b)	£ 1,055	£ 269	£ —	£ 786

(a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 11%, PPL Electric - 7%, LKE - 21%, LG&E - 7% and KU - 37%.

(b) The amounts borrowed at June 30, 2016 were a USD-denominated borrowing of $200 million and GPB-denominated borrowings which equated to $191 million. The unused capacity reflects the USD-denominated borrowing amount borrowed in GBP of £138 million as of the date borrowed. At June 30, 2016, the USD equivalent of unused capacity under the U.K. committed credit facilities was $1.1 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 13% of the total committed capacity.

See Note 7 to the Financial Statements for further discussion of the Registrants' credit facilities.

Intercompany (LKE, LG&E and KU)

	Committed Capacity	Borrowed	Other Used Capacity	Unused Capacity
LKE Credit Facility	$ 225	$ 176	$ —	$ 49
LG&E Money Pool (a)	500	—	110	390
KU Money Pool (a)	500	—	29	471

(a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to $500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum short-term debt limit for each utility at $500 million from any source.

See Note 11 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper *(All Registrants)*

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at June 30, 2016:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	$ 1,000	$ 320	$ 680
PPL Electric	400	6	394
LG&E	350	110	240
KU	350	29	321
Total LKE	700	139	561
Total PPL	$ 2,100	$ 465	$ 1,635

Long-term Debt

(PPL)

In May 2016, PPL Capital Funding issued $650 million of 3.10% Senior Notes due 2026. PPL Capital Funding received proceeds of $645 million, net of a discount and underwriting fees, which will be used to invest in or make loans to subsidiaries of PPL, to repay short-term debt and for general corporate purposes.

In May 2016, WPD (East Midlands) borrowed £100 million at 0.4975% under a new ten-year index linked term loan agreement, which will be used for general corporate purposes.

In May 2016, WPD plc repaid the entire $460 million principal amount of its 3.90% Senior Notes upon maturity.

(PPL and PPL Electric)

In March 2016, the LCIDA issued $116 million of Pollution Control Revenue Refunding Bonds, Series 2016A due 2029 and $108 million of Pollution Control Revenue Refunding Bonds, Series 2016B due 2027 on behalf of PPL Electric. The bonds were issued bearing interest at an initial term rate of 0.90% through their mandatory purchase dates of September 1, 2017 and August 15, 2017. The proceeds of the bonds were used to redeem $116 million of 4.70% Pollution Control Revenue Refunding Bonds, 2005 Series A due 2029 and $108 million of 4.75% Pollution Control Revenue Refunding Bonds, 2005 Series B due 2027 previously issued by the LCIDA on behalf of PPL Electric.

In connection with the issuance of each of these new series of LCIDA bonds, PPL Electric entered into a loan agreement with the LCIDA pursuant to which the LCIDA has loaned to PPL Electric the proceeds of the LCIDA bonds on payment terms that correspond to the LCIDA bonds. In order to secure its obligations under the loan agreement, PPL Electric issued $224 million of First Mortgage Bonds under its 2001 Mortgage Indenture, which also have payment terms that correspond to the LCIDA bonds.

(PPL)

ATM Program

For the three and six months ended June 30, 2016, PPL did not issue any shares under the agreements. For the three and six months ended June 30, 2015, PPL issued 421,700 shares of common stock under the program at an average price of $33.73 per share, receiving net proceeds of $14 million.

Common Stock Dividends

In May 2016, PPL declared a quarterly common stock dividend, payable July 1, 2016, of 38 cents per share (equivalent to $1.52 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

Capital Expenditures

Capital expenditure plans are revised periodically to reflect changes in operational, market and regulatory conditions. In the second quarter of 2016, PPL decreased its projected capital spending for the period 2016 through 2020 related to distribution facilities by approximately $1.1 billion from the $9.5 billion projection previously disclosed in PPL's 2015 Form 10-K. The decreased projected capital spending results from a change in the forecasted GBP to U.S. dollar exchange rate from $1.60 to $1.30 for WPD expenditures that decreased each yearly estimate by approximately $220 million.

Contractual Obligations

In the second quarter of 2016, PPL decreased its estimated contractual cash obligations by approximately $1.7 billion from the $39.1 billion estimate previously disclosed in PPL's 2015 Form 10-K. The decrease was primarily a result of the change in the GBP to U.S. dollar exchange rate from $1.50 to $1.34 as of June 30, 2016 for WPD's obligations. The decreases in PPL's estimated contractual cash obligations by year were as follows.

	Total	2016	2017 - 2018	2019 - 2020	After 2020
Total Change in Contractual Cash Obligations	$ (1,700)	$ (30)	$ (81)	$ (98)	$ (1,491)

Rating Agency Actions

(All Registrants)

Moody's and S&P have periodically reviewed the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities. The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2016:

(PPL)

In February 2016, Moody's and S&P affirmed their commercial paper ratings for PPL Capital Funding's $1.0 billion commercial paper program.

In May 2016, Moody's and S&P assigned ratings of Baa2 and BBB+ to PPL Capital Funding's $650 million 3.10% Senior Notes due 2026.

In June 2016, S&P assigned a long-term issuer rating of A- and a short-term issuer rating of A-2 to PPL Capital Funding.

(PPL Electric)

In February 2016, Moody's and S&P affirmed their commercial paper ratings for PPL Electric's $400 million commercial paper program.

In February 2016, Moody's and S&P assigned ratings of A1 and A to LCIDA's $116 million 0.90% Pollution Control Revenue Refunding Bonds due 2029 and $108 million 0.90% Pollution Control Revenue Refunding Bonds due 2027, issued on behalf of PPL Electric.

Ratings Triggers

(PPL, LKE, LG&E and KU)

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at June 30, 2016.

(All Registrants)

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2015 Form 10-K.

Risk Management

Market Risk

(All Registrants)

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at June 30, 2016.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
PPL				
Cash flow hedges				
Cross-currency swaps (c)	$ 802	$ 93	$ (103)	2028
Economic hedges				
Interest rate swaps (d)	179	(56)	(2)	2033
LKE				
Economic hedges				
Interest rate swaps (d)	179	(56)	(2)	2033
LG&E				
Economic hedges				
Interest rate swaps (d)	179	(56)	(2)	2033

(a) Includes accrued interest, if applicable.
(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.
(c) Cross-currency swaps are utilized to hedge the principal and interest payments of WPD's U.S. dollar-denominated senior notes. Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.
(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at June 30, 2016 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at June 30, 2016 is shown below.

	10% Adverse Movement in Rates
PPL	$ 660
PPL Electric	139
LKE	177
LG&E	66
KU	99

Foreign Currency Risk (PPL)

PPL is exposed to foreign currency risk primarily through investments in U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at June 30, 2016.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Economic hedges (b)	£ 1,731	$ 393	$ (220)	2018

(a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.
(b) To economically hedge the translation risk of expected earnings denominated in GBP.

(All Registrants)

Commodity Price Risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is exposed to commodity price risk from its obligation as PLR; however, its PUC-approved cost recovery mechanism substantially eliminates its exposure to this risk. PPL Electric also mitigates its exposure to commodity price risk by entering into full-requirement supply agreements to serve its PLR customers. These supply agreements transfer the commodity price risk associated with the PLR obligation to the energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel and fuel-related expenses. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric Risk

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO - ED1 price control period, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2015 Form 10-K for additional information on revenue recognition under RIIO - ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Credit Risk *(All Registrants)*

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Risk Management - Credit Risk" in the Registrants' 2015 Form 10-K for additional information.

Foreign Currency Translation *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of $199 million for the six months ended June 30, 2016, which primarily reflected a $398 million decrease to PP&E and $95 million decrease to goodwill partially offset by a decrease of $294 million to net liabilities. Changes in this exchange rate resulted in a foreign currency translation loss of $149 million for the six months ended June 30, 2015, which primarily reflected a $299 million decrease to PP&E and $77 million decrease to goodwill partially offset by a decrease of $227 million to net liabilities. The impact of foreign currency translation is recorded in AOCI.

Related Party Transactions *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

Acquisitions, Development and Divestitures *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 to the Financial Statements for information on the more significant activities.

Environmental Matters *(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The cost of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the cost for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See Note 10 to the Financial Statements for a discussion of the more significant environmental matters including:
- Legal Matters,
- Climate Change,
- Coal Combustion Residuals,
- Effluent Limitations Guidelines,
- Mercury and Air Toxics Standards,
- National Ambient Air Quality Standards, and
- Superfund and Other Remediation.

Additionally, see "Item 1. Business - Environmental Matters" in the Registrants' 2015 Form 10-K for additional information on environmental matters.

New Accounting Guidance *(All Registrants)*

See Notes 2 and 18 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

Application of Critical Accounting Policies *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and

Analysis of Financial Condition and Results of Operations" in the Registrants' 2015 Form 10-K for a discussion of each critical accounting policy.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of June 30, 2016, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal control over financial reporting during the Registrants' second fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

For information regarding pending administrative and judicial proceedings involving regulatory, environmental and other matters, which information is incorporated by reference into this Part II, see:

- "Item 3. Legal Proceedings" in each Registrant's 2015 Form 10-K; and
- Notes 6 and 10 to the Financial Statements.

Item 1A. Risk Factors

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2015 Form 10-K except the following:

(PPL)

Risks Relating to the Spinoff of PPL Energy Supply and Formation of Talen Energy Corporation

If the spinoff of PPL Energy Supply does not qualify as a tax-free distribution under Sections 355 and 368 of the Internal Revenue Code of 1986, as amended (the "Code"), including as a result of subsequent acquisitions of stock of PPL or Talen Energy, then PPL and/or its shareowners may be required to pay substantial U.S. federal income taxes.

Among other requirements, the completion of the June 1, 2015 spinoff of PPL Energy Supply and subsequent combination with RJS Power was conditioned upon PPL's receipt of a legal opinion of tax counsel to the effect that the spinoff will qualify as a reorganization pursuant to Section 368(a)(1)(D) and a tax-free distribution pursuant to Section 355 of the Code. Although receipt of such legal opinion was a condition to completion of the spinoff and subsequent combination, that legal opinion is not binding on the IRS. Accordingly, the IRS could reach conclusions that are different from those in the legal opinion. If, notwithstanding the receipt of such legal opinion, the IRS were to determine the distribution to be taxable, PPL would, and its shareowners could, depending on their individual circumstances, recognize a tax liability that could be substantial. In addition, notwithstanding the receipt of such legal opinion, if the IRS were to determine the merger to be taxable, PPL shareowners may, depending on their individual circumstances, recognize a tax liability that could be material.

In addition, the spinoff will be taxable to PPL pursuant to Section 355(e) of the Code if there is a 50% or greater change in ownership (by vote or value) of either PPL or Talen Energy, directly or indirectly, as part of a plan or series of related transactions that include the spinoff. Because PPL's shareowners collectively owned more than 50% of Talen Energy's common stock following the spinoff and subsequent combination, the combination alone will not cause the spinoff to be taxable to PPL under Section 355(e) of the Code. However, Section 355(e) of the Code might apply if acquisitions of stock of PPL before or after the spinoff, or of Talen Energy after the combination, were considered to be part of a plan or series of related transactions that include the spinoff. PPL is not aware of any such plan or series of transactions that include the spinoff.

On June 2, 2016, Talen Energy entered into a merger agreement with affiliates of Riverstone, pursuant to which a subsidiary of affiliates of Riverstone will merge with Talen Energy (the "Talen Merger"). Upon completion of the Talen Merger, which is subject to certain closing conditions, affiliates of Riverstone will convert their existing ownership of approximately 35% of the issued and outstanding common stock of Talen Energy into shares of the surviving corporation and each other share of Talen Energy common stock, subject to certain exceptions, will be cancelled and converted into the right to receive the cash merger consideration. Pursuant to the Separation Agreement entered into in consideration with the spinoff, receipt of a legal opinion of tax counsel to the effect that the spinoff will continue to qualify as a reorganization pursuant to Section 368(a)(1)(D) and a tax-free distribution pursuant to Section 355 of the Code following the completion of the Talen Merger shall be required to complete the Talen Merger. As described above, such legal opinion will not be binding on the IRS and accordingly, the IRS could reach conclusions that are different from those in the legal opinion. If, notwithstanding the receipt of such legal opinion, the IRS were to determine the distribution to be taxable, PPL and its shareowners could, depending on circumstances, recognize a tax liability that could be substantial.

Risks related to our U.K. segment

PPL's earnings may be adversely affected as a result of the June 23, 2016 referendum in the U.K. to withdraw from the European Union.

Significant uncertainty exists concerning the effects of the June 23, 2016 referendum in favor of the U.K. withdrawal from the European Union, including whether formal withdrawal will occur and the nature and duration of negotiations between the U.K. and European Union as to the terms of any withdrawal. PPL cannot predict either the short-term impact on foreign exchange rates or long-term impact on PPL's financial condition that may be experienced as a result of any actions that may be taken by the U.K. government to withdraw from the European Union, although such impacts could be significant.

Item 4. Mine Safety Disclosures

Not applicable.

Item 6. Exhibits

The following Exhibits indicated by an asterisk preceding the Exhibit number are filed herewith. The balance of the Exhibits has heretofore been filed with the Commission and pursuant to Rule 12(b)-32 are incorporated herein by reference. Exhibits indicated by a [_] are filed or listed pursuant to Item 601(b)(10)(iii) of Regulation S-K.

3(a)	- Amended and Restated Articles of Incorporation of PPL Corporation, effective as of May 25, 2016 (Exhibit 3(i) to PPL Corporation Form 8-K Report (File No. 1-11459) dated May 26, 2016)

Exhibit 4(a)

AMENDMENT NO. 12
TO
PPL EMPLOYEE STOCK OWNERSHIP PLAN

WHEREAS, PPL Services Corporation ("PPL") has adopted the PPL Employee Stock Ownership Plan ("Plan") effective January 1, 2000; and

WHEREAS, the Plan was amended and restated effective January 1, 2002, and subsequently amended by Amendment No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and 11; and

NOW, THEREFORE, the Plan is hereby amended as follows:

I. Effective January 1, 2015, Article III Eligibility is amended to read as follows:

ARTICLE III
ELIGIBILITY

3.1 Eligibility.

(a) All persons who were participants in the Plan immediately prior to January 1, 2015 and who are in the employ of a Participating Company on January 1, 2015 shall remain Participants hereunder as of such date. All Employees as of January 1, 2015 (but who are not eligible to participate under the preceding sentence) who have completed one year of Credited Service shall be Participants as of that date. No employee hired after January 1, 2015 who is not subject to a collective bargaining agreement shall be a Participant. Effective before July 31, 2006, other Employees shall become Participants on the first day of the calendar month next following the date on which an Employee completes one year of Credited Service, or if later, on which an individual becomes an

Employee. Effective on and after July 31, 2006, but prior to January 1, 2015 for employees not subject to a collective bargaining agreement, other Employees shall become Participants on the first day of the calendar month next following the date on which an individual becomes an Employee. A "year of Credited Service," for the purposes of this Article, shall require completion of at least 1,000 Hours of Service during the 12 months from commencement of employment. An Employee who fails to complete 1,000 Hours of Service during his initial 12 months of employment shall complete a year of Credited Service as of the end of any Plan Year in which he completes 1,000 Hours of Service; provided, however, that the first Plan Year during which such Employee shall have the opportunity to complete such 1,000 Hours of Service shall include the anniversary of his commencement of employment.

(b) An Employee may elect in writing not to become a Participant by filing such election with the Employee Benefit Plan Board.

3.2 Participation. A Participant shall share in contributions under Article V for any Plan Year during which he (a) completes at least one Hour of Service and (b) receives Compensation. A Participant shall cease to be a Participant on the date on which his entire Account is distributed to him. Notwithstanding the foregoing, for Plan Year 1990, any Participant who is totally and permanently disabled shall share in contributions under Article V.

3.3 Reemployment after Break of Service. In the event a Participant ceases to be an Employee and subsequently again becomes an Employee, he shall not be readmitted as a Participant if he is not subject to a collective bargaining agreement.

II. Except as provided in this Amendment No. 12, all other provisions of the Plan shall remain in full force and effect.

IN WITNESS WHEREOF, this Amendment No. 12 is executed this _____ day of _______________, 2016.

AMENDMENT NO. 13
TO
PPL EMPLOYEE STOCK OWNERSHIP PLAN

WHEREAS, PPL Services Corporation ("PPL") has adopted the PPL Employee Stock Ownership Plan ("Plan") effective January 1, 2000; and

WHEREAS, the Plan was amended and restated effective January 1, 2002, and subsequently amended by Amendment No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12; and

NOW, THEREFORE, the Plan is hereby amended as follows:

I. Effective February 11, 2016, Appendix A is amended to read as follows:

Appendix A

Participating Company

Name		Effective Date
1.	PPL Services Corporation	July 1, 2000
2.	PPL Electric Utilities Corporation	January 1, 1975
3.	PPL EnergyPlus, LLC	July 14, 1998 (not participating as of June 1, 2015)
4.	PPL Generation, LLC	July 1, 2000 (not participating as of June 1, 2015)
5.	PPL Brunner Island, LLC	July 1, 2000 (not participating as of June 1, 2015)
6.	PPL Holtwood, LLC	July 1, 2000 (not participating as of June 1, 2015)
7.	PPL Martins Creek, LLC	July 1, 2000 (not participating as of June 1, 2015)
8.	PPL Montour, LLC	July 1, 2000

		(not participating as of June 1, 2015)
9.	PPL Susquehanna, LLC	July 1, 2000 (not participating as of June 1, 2015)
10.	PPLSolutions, LLC	January 1, 2002
11.	Lower Mount Bethel Energy, LLC	September 30, 2002 (not participating as of June 1, 2015)
12.	PPL Development Company, LLC	January 1, 2006
13.	PPL Global, LLC	January 1, 2006
14.	PPL Energy Services Group, LLC	September 25, 2006 (not participating as of June 1, 2015)
15.	PPL Interstate Energy Company	January 1, 2008 (not participating as of June 1, 2015)
16.	PPL Strategic Development, LLC	January 1, 2012
17.	PPL EnergyPlus Retail, LLC	June 23, 2011 (not participating as of June 1, 2015)
18.	PPL Energy Supply, LLC	September 17, 2012 (not participating as of June 1, 2015)
19.	PPL TransLink, Inc.	February 11, 2016

II. Except as provided in this Amendment No. 13, all other provisions of the Plan shall remain in full force and effect.

IN WITNESS WHEREOF, this Amendment No. 13 is executed this _____ day of ________________, 2016.

EMPLOYEE BENEFIT PLAN BOARD

Exhibit 10(a)

SECOND AMENDMENT TO REVOLVING CREDIT AGREEMENT

THIS SECOND AMENDMENT TO REVOLVING CREDIT AGREEMENT, dated as of March [17], 2016 (this "Amendment"), to the Existing Credit Agreement (as defined below) is made by PPL CAPITAL FUNDING, INC., a Delaware corporation (the "Borrower"), PPL CORPORATION, a Pennsylvania corporation (the "Guarantor") and each Lender (such capitalized term and other capitalized terms used in this preamble and the recitals below to have the meanings set forth in, or are defined by reference in, Article I below).

W I T N E S S E T H:

WHEREAS, the Borrower, the Guarantor, the Lenders and The Bank of Nova Scotia, as the Administrative Agent, Sole Lead Arranger and Sole Bookrunner, are all parties to the Revolving Credit Agreement, dated as of March 26, 2014 (as amended or otherwise modified prior to the date hereof, the "Existing Credit Agreement", and as amended by this Amendment and as the same may be further amended, supplemented, amended and restated or otherwise modified from time to time, the "Credit Agreement"); and

WHEREAS, the Borrower has requested that the Lenders amend the Existing Credit Agreement in order to extend the maturity date therein and the Lenders are willing to modify the Existing Credit Agreement on the terms and subject to the conditions hereinafter set forth;

NOW, THEREFORE, the parties hereto hereby covenant and agree as follows:

ARTICLE I
DEFINITIONS

SECTION 1.1. Certain Definitions. The following terms when used in this Amendment shall have the following meanings (such meanings to be equally applicable to the singular and plural forms thereof):

"Amendment" is defined in the preamble.

"Borrower" is defined in the preamble.

"Credit Agreement" is defined in the first recital.

"Existing Credit Agreement" is defined in the first recital.

"Guarantor" is defined in the preamble.

SECTION 1.2. Other Definitions. Terms for which meanings are provided in the Existing Revolving Credit Agreement are, unless otherwise defined herein or the context otherwise requires, used in this Amendment with such meanings.

ARTICLE II
AMENDMENTS TO THE EXISTING CREDIT AGREEMENT

Effective as of the date hereof, but subject to the satisfaction of the conditions in Article III,

(a) Section 1.1 of the Existing Credit Agreement is hereby amended by amending and restating the definition of "Termination Date" as follows:

"Termination Date" means the earliest to occur of (i) March 17, 2017 and (ii) such earlier date upon which all Commitments shall have been terminated in their entirety in accordance with this Agreement.

(b) Sections 5.04(a), 5.04(c), 5.05 and 5.13 of the Existing Credit Agreement are hereby amended by replacing references to "December 31, 2014" with "December 31, 2015".

ARTICLE III
CONDITIONS TO EFFECTIVENESS

This Amendment and the amendments contained herein shall become effective as of the date hereof when each of the conditions set forth in this Article III shall have been fulfilled to the satisfaction of the Administrative Agent.

SECTION 3.1. Counterparts. The Administrative Agent shall have received counterparts hereof executed on behalf of the Borrower, the Guarantor and the each of the Lenders.

SECTION 3.2. Costs and Expenses, etc. The Administrative Agent shall have received for the account of each Lender, all fees, costs and expenses due and payable pursuant to Section 9.03 of the Credit Agreement, if then invoiced.

SECTION 3.3. Resolutions, etc. The Administrative Agent shall have received from the Borrower and the Guarantor (i) a copy of a good standing certificate for such Loan Party, dated a date reasonably close to the date hereof and (ii) a certificate, dated as of the date hereof, of a Secretary or an Assistant Secretary of each Loan Party certifying (A) that attached thereto is a true, correct and complete copy of (x) the articles or certificate of incorporation of such Loan Party certified by the Secretary of State (or equivalent body) of the jurisdiction of incorporation of such Loan Party and (y) the bylaws of such Loan Party, and (b) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of such Loan Party authorizing the execution, delivery and performance of this Amendment and each other document delivered in connection herewith and that such resolutions have not been amended and are in full force.

SECTION 3.4. Opinion of Counsel. The Administrative Agent shall have received an opinion, dated the date hereof and addressed to the Administrative Agent and all Lenders, from counsel to the Borrower, in form and substance satisfactory to the Administrative Agent.

SECTION 3.5. Satisfactory Legal Form. The Administrative Agent and its counsel shall have received all information, and such counterpart originals or such certified or other copies of such materials, as the Administrative Agent or its counsel may reasonably request, and all legal matters incident to the effectiveness of this Amendment shall be satisfactory to the Administrative Agent and its counsel. All documents executed or submitted pursuant hereto or in connection herewith shall be reasonably satisfactory in form and substance to the Administrative Agent and its counsel.

ARTICLE IV
MISCELLANEOUS

SECTION 4.1. Cross-References. References in this Amendment to any Article or Section are, unless otherwise specified, to such Article or Section of this Amendment.

SECTION 4.2. Loan Document Pursuant to Existing Credit Agreement. This Amendment is a Loan Document executed pursuant to the Existing Credit Agreement and shall (unless otherwise expressly indicated therein) be construed, administered and applied in accordance with all of the terms and provisions of the Existing Credit Agreement, as amended hereby, including Article IX thereof.

SECTION 4.3. Successors and Assigns. This Amendment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

SECTION 4.4. Counterparts. This Amendment may be executed by the parties hereto in several counterparts, each of which when executed and delivered shall be an original and all of which shall constitute together but one and the same agreement. Delivery of an executed counterpart of a signature page to this Amendment by facsimile shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 4.5. Governing Law. THIS AMENDMENT WILL BE DEEMED TO BE A CONTRACT MADE UNDER AND GOVERNED BY THE INTERNAL LAWS OF THE STATE OF NEW YORK (INCLUDING FOR SUCH PURPOSE SECTIONS 5-1401 AND 5-1402 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK).

SECTION 4.6. Full Force and Effect; Limited Amendment. Except as expressly amended hereby, all of the representations, warranties, terms, covenants, conditions and other provisions of the Existing Credit Agreement and the Loan Documents shall remain unchanged and shall continue to be, and shall remain, in full force and effect in accordance with their respective terms. The amendments set forth herein shall be limited precisely as provided for herein to the provisions expressly amended herein and shall not be deemed to be an amendment to, waiver of, consent to or modification of any other term or provision of the Existing Credit Agreement or any other Loan Document or of any transaction or further or future action on the part of any Obligor which would require the consent of the Lenders under the Existing Credit Agreement or any of the Loan Documents.

SECTION 4.7. Representations and Warranties. In order to induce the Lenders to execute and deliver this Amendment, the Borrower and Guarantor each hereby represents and warrants to the Lenders, on the date this Amendment becomes effective pursuant to Article III, that both before and after giving effect to this Amendment, all representations and warranties set forth in Article V of the Credit Agreement are true and correct as of such date, except to the extent that any such statement expressly relates to an earlier date (in which case such statement was true and correct on and as of such earlier date).

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Amendment as of the date first above written.

PPL CORPORATION AND SUBSIDIARIES

COMPUTATION OF RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

(Millions of Dollars)

	Six Months Ended June 30,	Years Ended December 31, (a)				
	2016	**2015**	**2014**	**2013**	**2012**	**2011**
Earnings, as defined:						
Income from Continuing Operations Before Income Taxes	**$ 1,335**	$ 2,068	$ 2,129	$ 1,728	$ 1,406	$ 922
Adjustment to reflect earnings from equity method investments on a cash basis (b)	**—**	(1)	—	—	34	—
	1,335	2,067	2,129	1,728	1,440	922
Total fixed charges as below	**459**	1,054	1,095	1,096	1,065	1,022
Less:						
Capitalized interest	**2**	11	11	11	6	4
Preferred security distributions of subsidiaries on a pre-tax basis	**—**	—	—	—	5	23
Interest expense and fixed charges related to discontinued operations	**—**	150	186	235	235	231
Total fixed charges included in Income from Continuing Operations Before Income Taxes	**457**	893	898	850	819	764
Total earnings	**$ 1,792**	$ 2,960	$ 3,027	$ 2,578	$ 2,259	$ 1,686
Fixed charges, as defined:						
Interest charges (c)	**$ 454**	$ 1,038	$ 1,073	$ 1,058	$ 1,019	$ 955
Estimated interest component of operating rentals	**5**	16	22	38	41	44
Preferred security distributions of subsidiaries on a pre-tax basis	**—**	—	—	—	5	23
Total fixed charges (d)	**$ 459**	$ 1,054	$ 1,095	$ 1,096	$ 1,065	$ 1,022
Ratio of earnings to fixed charges	**3.9**	2.8	2.8	2.4	2.1	1.7
Ratio of earnings to combined fixed charges and preferred stock dividends (e)	**3.9**	2.8	2.8	2.4	2.1	1.7

(a) Reflects PPL's Supply segment as Discontinued Operations. See Note 8 to the Financial Statements for additional information.

(b) Includes other-than-temporary impairment loss of $25 million in 2012.

(c) Includes interest on long-term and short-term debt, as well as amortization of debt discount, expense and premium - net.

(d) Interest on unrecognized tax benefits is not included in fixed charges.

(e) PPL, the parent holding company, does not have any preferred stock outstanding; therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

CERTIFICATION

I, WILLIAM H. SPENCE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, MARLENE C. BEERS, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Electric Utilities Corporation (the "registrant");

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

Section 2 – Financial Information

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

and

Section 8 - Other Events

Item 8.01 Other Events

On September 15, 2016, the County of Trimble, Kentucky (the "Issuer") issued $125,000,000 aggregate principal amount of its Pollution Control Revenue Refunding Bonds, 2016 Series A (Louisville Gas and Electric Company Project) (the "Issuer Bonds") on behalf of Louisville Gas and Electric Company ("LG&E"). The proceeds of the Issuer Bonds are being used to pay and discharge $83,335,000 in outstanding principal amount of Pollution Control Revenue Bonds, 2000 Series A (Louisville Gas and Electric Company Project) and $41,665,000 in outstanding principal amount of Pollution Control Revenue Bonds, 2002 Series A (Louisville Gas and Electric Company Project), each previously issued by the Issuer on behalf of LG&E to refinance certain pollution control facilities (the "Project") owned by LG&E. The Issuer Bonds mature on September 1, 2044, and are subject to mandatory purchase on any date on which the Issuer Bonds are converted to a different interest rate mode, as described below.

The Issuer Bonds were issued under an Indenture of Trust, dated as of September 1, 2016 (the "Indenture"), by and between the Issuer and U.S. Bank National Association, as trustee (the "Issuer Bond Trustee"). The Issuer has loaned the proceeds of the Issuer Bonds to LG&E pursuant to a Loan Agreement dated as of September 1, 2016 between LG&E and the Issuer (the "Loan Agreement"). Pursuant to the Loan Agreement, LG&E is obligated to make payments in such amounts and at such times as will be sufficient to pay, when due, the principal or redemption price and interest on the Issuer Bonds.

To secure its obligations to make payments with respect to the Issuer Bonds, LG&E has delivered to the Issuer Bond Trustee its First Mortgage Bonds, Collateral Series 2016TCA (the "Company Mortgage Bonds"), in each case, issued pursuant to LG&E's Indenture, dated as of October 1, 2010, to The Bank of New York Mellon, as trustee, as supplemented by Supplemental Indenture No. 5 ("Supplemental Indenture No. 5") dated as of September 1, 2016 (the "2010 Indenture"). The principal amount, maturity date and interest rate provisions on the Company Mortgage Bonds correspond to the principal amount and maturity date of, and the interest rates on, the Issuer Bonds. So long as LG&E makes the required payments under the Loan Agreement, it will not be obligated to make additional payments on the Company Mortgage Bonds.

The Issuer Bonds initially were issued bearing interest at a weekly rate as determined by a remarketing agent in accordance with the Indenture taking into account then prevailing market conditions. The method of determining the interest rate on the Issuer Bonds may be converted from time to time at LG&E's option in accordance with the Indenture to a daily rate, a weekly rate, a semi-annual rate, an annual rate, a long term rate, rates based on a London Interbank Offered (LIBOR) rate, a term rate based on the Securities Industry and Financial Markets Association Municipal Swap Index or an agreed flexible rate determined by a remarketing agent based on prevailing market conditions.

On any business day while the Issuer Bonds bear interest at the weekly rate, the Issuer Bonds are subject to optional redemption at the option of the Issuer upon the written direction of LG&E, in whole or in part, at a redemption price of 100% of the principal amount thereof, plus accrued interest, if any, to the redemption date. The optional redemption provisions may be changed in connection with a conversion to a different interest rate mode. The Issuer Bonds are also subject to extraordinary optional redemption at a redemption price of 100% of the principal amount thereof plus accrued interest to the redemption date upon the exercise by LG&E of an option under the Loan Agreement to prepay the loan upon the occurrence of certain events, including the imposition of unreasonable burdens or excessive liabilities upon LG&E with respect to the Project, specified damage to or destruction of the Project, changes in the economic availability of materials or supplies necessary for the efficient operation of the generating station served by the Project, condemnation of the Project, certain changes in law rendering the Loan Agreement void or unenforceable or an order requiring cessation of a substantial part of LG&E's operations at the generating station served by the Project that would prevent LG&E from carrying on its normal operations at such station for a period of six months. The Issuer Bonds are also subject to mandatory redemption upon a determination that the interest on the Issuer Bonds would be included in the gross income of the owners thereof for federal income tax purposes. Any such mandatory redemption would be at a redemption price of 100% of the principal amount thereof, without redemption premium, plus accrued interest, if any, to the redemption date.

The Loan Agreement, Supplemental Indenture No. 5 and the Officer's Certificate under the 2010 Indenture relating to the Company Mortgage Bonds are filed with this report as Exhibits 4(a), 4(b) and 4(c), respectively.

NOTICE: The interest of the County of Trimble, Kentucky, in and to this Loan Agreement has been assigned to U.S. Bank National Association, as Trustee, under the Indenture of Trust dated as of September 1, 2016

TABLE OF CONTENTS

LOAN AGREEMENT

This **LOAN AGREEMENT** (this "**Agreement**"), dated as of September 1, 2016, by and between the **COUNTY OF TRIMBLE, KENTUCKY** (the "**Issuer**"), a public body corporate and politic duly created and existing as a county and political subdivision under the Constitution and laws of the Commonwealth of Kentucky, and **LOUISVILLE GAS AND ELECTRIC COMPANY**, a corporation organized and existing under the laws of Kentucky (the "**Company**");

PREAMBLE

WHEREAS, all capitalized terms not otherwise defined in this preamble shall have the meanings set forth in ARTICLE I hereof, unless the context or use clearly indicates another meaning or intent; and

WHEREAS, pursuant to the Act, the Issuer has the power to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder; and

WHEREAS, the Issuer is authorized pursuant to the Act to issue negotiable bonds and lend the proceeds from the sale of such bonds to a utility company to finance and refinance the acquisition of "pollution control facilities," as defined by the Act; and

WHEREAS, the Issuer is further authorized pursuant to the Act to enter into a loan agreement, which may include such provisions as the Issuer shall deem appropriate to effect the securing of a financing or refinancing undertaken in respect of Pollution Control Facilities, including the securing of a letter of credit, other credit facilities, or collateral; and

WHEREAS, the Act further provides that title to the Pollution Control Facilities shall not be acquired by the Issuer in the case of a loan transaction; and

WHEREAS, the Issuer previously issued the Refunded 2000 Series A Bonds for the purpose of financing and refinancing the costs of the Project constituting certain Pollution Control Facilities located within Trimble County, Kentucky at the Company's Trimble County Generating Station consisting of air and water pollution control facilities. The Issuer entered into the 2000 Series A Indenture with The Bank of New York, as Trustee, Paying Agent, and Bond Registrar thereunder and it is provided in ARTICLE VIII of the 2000 Series A Indenture that the Refunded 2000 Series A Bonds, or any of them, shall be deemed to have been paid within the meaning of such 2000 Series A Indenture when there shall have been irrevocably deposited with the Prior 2000 Series A Trustee, either cash or Governmental Obligations, as defined in the 2000 Series A Indenture, maturing as to principal and interest in such amounts and at such times as will insure the availability of sufficient moneys to pay the principal and the applicable redemption premium, if any, on the Refunded 2000 Series A Bonds plus interest thereon to the date of payment and discharge thereof (whether at maturity, upon redemption, or otherwise), plus sufficient moneys to pay all necessary and proper fees, compensation, and expenses of the Prior 2000 Series A Trustee, authenticating agent, bond registrar, and any paying agent; together with irrevocable instructions to call and redeem the Refunded 2000 Series A Bonds; and

WHEREAS, the Issuer previously issued the Refunded 2002 Series A Bonds for the purpose of financing and refinancing the costs of the Project constituting certain Pollution Control Facilities located within Trimble County, Kentucky at the Company's Trimble County Generating Station consisting of air and water pollution control facilities. The Issuer entered into the 2002 Series A Indenture with U.S. Bank National Association (successor to Deutsche Bank Trust Company Americas), as Trustee, Paying Agent, and Bond Registrar thereunder and it is provided in ARTICLE VIII of the 2002 Series A Indenture that the Refunded 2002 Series A Bonds, or any of them, shall be deemed to have been paid within the meaning of such 2002 Series A Indenture when there shall have been irrevocably deposited with the Prior 2002 Series A Trustee, either cash or Governmental Obligations, as defined in the 2002 Series A Indenture, maturing as to principal and interest in such amounts and at such times as will insure the availability of sufficient moneys to pay the principal and the applicable redemption premium, if any, on the Refunded 2002 Series A Bonds plus interest thereon to the date of payment and discharge thereof (whether at maturity, upon redemption, or otherwise), plus sufficient moneys to pay all necessary and proper fees, compensation, and expenses of the Prior 2002 Series A Trustee, authenticating agent, bond registrar, and any paying agent; together with irrevocable instructions to call and redeem the Refunded 2002 Series A Bonds; and

WHEREAS, the Company has heretofore, by the issuance of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds, financed or refinanced all or a portion of the qualified costs of the construction and acquisition of certain air and water pollution control facilities and facilities functionally related and subordinate to such facilities to serve the Trimble County Generating Station of the Company, which facilities constitute the Project, as defined in the Indenture and as described in **Exhibit A** hereto, which Project is located within the corporate boundaries of the Issuer and consists of certain air and water pollution control facilities and facilities functionally related and subordinate to such facilities in furtherance of the regulations of the Department for Environmental Protection of the Energy and Environmental Cabinet of the Commonwealth of Kentucky and which Project qualifies for financing and refinancing within the meaning of the Act; and

WHEREAS, (i) construction of the Project began before September 26, 1985; completion of the Project occurred after September 26, 1985 and original use of the Project commenced with the Company, (ii) a binding contract to incur significant (i.e., 10% of the then reasonably anticipated cost of construction of the Project) expenditures for construction of the Project was entered into before September 26, 1985 and some of such expenditures were incurred on or after September 26, 1985 and (iii) with respect to both (i) and (ii) above, the Project was described in an inducement resolution or other comparable approval adopted by the Fiscal Court of the Issuer before September 26, 1985 (i.e., on February 29, 1980); and

WHEREAS, the Project has been completed and placed in operation in whole or in part and has contributed to the control, containment, reduction, and abatement of atmospheric pollution and contamination and water pollution in the Commonwealth of Kentucky; and

WHEREAS, in connection with the issuance of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds, the right was reserved to the Issuer, upon direction by the Company, to redeem the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds in advance of their respective maturities; and the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds are by their terms each currently subject to redemption at the option of the Issuer in whole or in part at certain specified dates, at the price of 100% of their respective principal amounts thereof and accrued interest, if any, to their respective redemption dates, as provided in the 2000 Series A

Indenture and the 2002 Series A Indenture, respectively; and the immediate redemption and discharge of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds will result in benefits to the general public and the Company and should be carried out forthwith in the public interest by the issuance by the Issuer of the 2016 Series A Bonds, and the application of the proceeds of the 2016 Series A Bonds, together with funds to be provided by the Company, for, among other things, the refunding, payment, and discharge of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds on or before the 90th day from the Issuance Date of the 2016 Series A Bonds; and

WHEREAS, pursuant to and in accordance with the provisions of the Act and an Ordinance duly adopted by the Fiscal Court of the Issuer on May 16, 2016, and in furtherance of the purposes of the Act, Issuer proposes to issue, sell, and deliver its 2016 Series A Bonds, the proceeds of which will be lent to the Company to cause the respective outstanding principal amounts of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds to be refunded, paid, and discharged in full on or before the 90 th day from the Issuance Date; and

WHEREAS, the 2016 Series A Bonds are to be issued under and pursuant to and are to be secured by the Indenture of Trust dated as of September 1, 2016 by and between the Issuer and U.S. Bank National Association, as trustee (the "**Trustee**");

NOW, THEREFORE for and in consideration of the premises and the mutual covenants and agreements hereinafter contained, the parties hereto agree each with the other, as follows:

ARTICLE I
DEFINITIONS

Section 1.1. Definitions. The terms used in this Loan Agreement, except as otherwise defined herein and unless the context requires otherwise, have the meanings set forth in the Indenture. All accounting terms not otherwise defined in the Indenture or herein have the meanings assigned to them in accordance with generally accepted accounting principles then in effect.

ARTICLE II
REPRESENTATIONS, WARRANTIES, AND COVENANTS

Section 2.1. Representations, Warranties, And Covenants By The Issuer. The Issuer represents, warrants, and covenants that:

(a) The Issuer is a public body corporate and politic duly created and existing as a county and de jure political subdivision under the Constitution and laws of the Commonwealth of Kentucky and, pursuant to the Act, the Issuer has the power and duty to issue the 2016 Series A Bonds, to enter into this Agreement, the Indenture, and the transactions contemplated hereby, and to carry out its obligations hereunder and thereunder. The Issuer is not in default under or in violation of the Constitution or any of the laws of the Commonwealth of Kentucky relevant to the issuance of the 2016 Series A Bonds or the consummation of the transactions contemplated hereby or in connection with such issuance, and has been duly authorized to issue the 2016 Series A Bonds and to execute and deliver this Agreement and the Indenture. The Issuer agrees that it will do or cause to be done in timely manner all things necessary to preserve and keep in full force and effect its existence, and to carry out the terms of this Agreement.

(b) The Issuer agrees to loan funds derived from the sale of the 2016 Series A Bonds to the Company to provide for the refunding, payment, and discharge of the respective outstanding principal amounts of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds and to the end that air and water pollution be abated and controlled at the Project Site.

(c) To accomplish the foregoing, the Issuer agrees to issue $125,000,000 aggregate principal amount of its 2016 Series A Bonds following the execution of this Agreement on the terms and conditions set forth in the Indenture. The proceeds from the sale of the 2016 Series A Bonds shall be allocated and applied exclusively and in whole to refund, pay, and discharge the respective outstanding principal amounts of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds on or before the 90th day from the Issuance Date.

(d) The Issuer will cooperate with the Company and take all actions necessary for the Company to comply with Section 2.2(m), (q) and (t) hereof and take other actions reasonably requested by the Company in furtherance of this Agreement.

(e) The Project Site is located within the Issuer's jurisdictional boundaries.

Section 2.2. Representations, Warranties, And Covenants By The Company. The Company represents, warrants, and covenants that:

(a) The Company (1) is a corporation duly incorporated, validly existing, and in good standing under the laws of the Commonwealth of Kentucky; (2) is duly qualified, authorized, and licensed to transact business in each jurisdiction wherein failure to qualify would have a material adverse effect on the conduct of its business; and (3) is not in violation of any provision of its Articles of Incorporation, its Bylaws, or any laws of the Commonwealth of Kentucky relevant to the transactions contemplated hereby or in connection with the issuance of the 2016 Series A Bonds.

(b) The Company has full and complete legal power and authority to execute and deliver this Agreement, the First Mortgage Indenture Supplement, and the First Mortgage Bonds to be issued pursuant thereto, and has by proper corporate action duly authorized the execution and delivery of this Agreement, the First Mortgage Indenture Supplement, and the First Mortgage Bonds.

(c) The Project currently refinanced by application of the proceeds of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds and Company funds was designed and constructed to control, contain, reduce, and abate air and water pollution at the Project Site. The Project was and is necessary for the public health and welfare and has been designed solely for the purposes of controlling air and water pollution and the Project constitutes air and water pollution control facilities and facilities functionally related and subordinate to such facilities under Section 103(b)(4)(F) of the Internal Revenue Code of 1954, as amended.

(d) All of the proceeds of the 2016 Series A Bonds, exclusive of accrued interest, if any, shall be used on or before the 90th day from the Issuance Date exclusively and only to redeem, pay, and discharge the principal of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds, not less than substantially all of the net proceeds of each series of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds (i.e., at least 95% of the net proceeds thereof, including investment income thereon) were used to refinance the Cost of Construction of air and water pollution control facilities originally financed using the proceeds of the Refunded 1990 Series A Bonds and the Refunded 1990 Series B Bonds, respectively, and subsequently refinanced using the proceeds of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds, respectively, together with facilities functionally related and subordinate to such facilities, and all of such air and water pollution control facilities consist either of land or of property of a character subject to the allowance for depreciation provided in Code Section 167. The Company will provide any additional moneys required to pay and discharge the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds within 90 days following the Issuance Date.

(e) The Project is of the type authorized and permitted by the Act, and the Cost of Construction of the Project was not less than $125,000,000. All statements of fact contained herein respecting the Trimble County Generating Station, including the Project, which is an integral component of the Trimble County Generating Station, and the Issuer's authorization of the Project, including the Project's construction, Trimble County Generating Station expenditures, including Project expenditures, and construction and acquisition contracts and related matters are true and correct in all respects and are incorporated herein.

(f) No Event of Default, and no event of the type described in clauses (a) through (e) of Section 9.1 hereof, has occurred and is continuing and no condition exists which, with the giving of notice or the lapse of time, or both, would constitute an Event of Default or a default under any agreement or instrument to which the Company is a party or by which the Company is or may be bound or to which any of the property or assets of the Company is or may be subject which would impair in any material respect its ability to carry out its obligations under this Agreement, the First Mortgage Indenture Supplement, the First Mortgage Bonds, or the transactions contemplated hereby or thereby. Neither the execution and delivery of this Agreement, the First Mortgage Indenture Supplement, the First Mortgage Bonds, the consummation of the transactions contemplated hereby or thereby or by the Indenture, nor the fulfillment of or compliance with the terms and conditions hereof or thereof conflicts with or results in a breach of the terms, conditions, or provisions of any corporate restriction or any agreement or instrument to which the Company is now a party or by which it is bound, or constitutes a default under any of the foregoing, or results in the creation or imposition of any prohibited lien, charge, or encumbrance whatsoever upon any of the property or assets of the Company under the terms of any instrument or agreement.

(g) The Company intends to continue to operate or cause the Project to be operated as air and water pollution control facilities and facilities functionally related and subordinate thereto until all of the 2016 Series A Bonds are paid and discharged.

(h) No portion of the proceeds of 2016 Series A Bonds will be invested at a yield in excess of the yield on the 2016 Series A Bonds except: (1) during any permitted temporary period provided by the Code; (2) proceeds of a reasonably required reserve or replacement fund; and (3) as part of a minor portion of the proceeds of the 2016 Series A Bonds, not in excess of the lesser of 5% of the proceeds of the 2016 Series A Bonds or $100,000. As used herein, "yield" shall have the meaning assigned to it for purposes of Code Section 148.

(i) No portion of the proceeds from the sale of the 2016 Series A Bonds will be deposited to the account of any reasonably required reserve or replacement fund or used to pay any costs of issuance of the 2016 Series A Bonds or any redemption premium or accrued interest on the Refunded 2000 Series A Bonds or the Refunded 2002 Series A Bonds, but such proceeds will be applied and used solely and exclusively to refund, pay, and discharge the outstanding principal amount of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds on or before the 90th day after the Issuance Date.

(j) The Company will provide any additional moneys, including investment proceeds of the 2016 Series A Bonds, required for the respective payment and discharge of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds, payment of redemption premium, if any, and accrued interest in respect thereto and payment of all underwriting discount and costs of issuance of the 2016 Series A Bonds. Any investment proceeds of the 2016 Series A

Bonds allocated to the Project shall be used exclusively to pay interest or redemption premium due, if any, on the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds on the their respective Redemption Dates.

(k) The Company will cause no investment of 2016 Series A Bond proceeds to be made and will make no other use of or omit to take any action with respect to the proceeds of the 2016 Series A Bonds or any funds reasonably expected to be used to pay the 2016 Series A Bonds which will cause the 2016 Series A Bonds or any of them to be "arbitrage bonds" within the meaning of Code Section 148 or would otherwise result in the loss or impairment of the exclusion of the interest on such 2016 Series A Bonds from gross income for federal income tax purposes.

(l) The average maturity of the 2016 Series A Bonds does not exceed one hundred twenty percent (120%) of the average reasonably expected remaining economic life (as of the Issuance Date) of the Project refinanced by the proceeds of the 2016 Series A Bonds.

(m) The Company will provide all information requested by the Issuer necessary to evidence compliance with the requirements of the Code, including the information in United States Internal Revenue Service Form 8038 to be filed by the Issuer with respect to the 2016 Series A Bonds and the air and water pollution control facilities constituting the Project, and such information will be true and correct in all material respects.

(n) Within the meaning of Code Section 149, no portion of the payment of the principal or interest on the 2016 Series A Bonds, the Refunded 2000 Series A Bonds, or the Refunded 2002 Series A Bonds was or shall be guaranteed directly or indirectly by the United States or any agency or instrumentality thereof.

(o) All of the proceeds of the Refunded 1990 Series A Bonds, the Refunded 1990 Series B Bonds, the Refunded 2000 Series A Bonds, and the Refunded 2002 Series A Bonds have been fully expended and the Project has been completed. All of the actual Cost of Construction of the Project represent amounts paid or incurred which were properly chargeable to the capital account of the Project or would have been so chargeable either with a proper election by the Company or but for a proper election by the Company to deduct such amounts. Substantially all (i.e. at least 95%) of the net proceeds of the sale of the Refunded 1990 Series A Bonds and the Refunded 1990 Series B Bonds (including investment income therefrom), were used to finance and refinance Costs of Construction of the Project as described above, pay costs and expenses of issuing the Refunded 1990 Series A Bonds and the 1990 Series B Bonds, within then applicable Code limits, and pay interest and carrying charges on the Refunded 1990 Series A Bonds and the 1990 Series B Bonds during the period of construction of the Project and before the date the Project was placed in service.

(p) All of the depreciable properties which were taken into account in determining the qualifying costs of the Project constitute properties either: (1) used for the control, containment, reduction, and abatement of atmospheric pollution and contamination and water pollution; or (2) facilities which are functionally related and subordinate to the facilities constituting the Project. All of such functionally related and subordinate facilities are of a size and character commensurate with the size and character of the facilities constituting the Project.

(q) The Company will cause the Issuer to comply in all respects with the requirements of Code Section 148 in respect of the rebate of Excess Earnings with respect to the 2016 Series A Bonds to the United States of America.

(r) None of the proceeds of the 2016 Series A Bonds will be applied and none of the proceeds of the Refunded 1990 Series A Bonds, the Refunded 1990 Series B Bonds, the Refunded 2000 Series A Bonds, and the Refunded 2002 Series A Bonds were applied to provide any: (1) working capital; (2) office space (other than office space located on the premises of the Project where not more than a de minimus amount of the functions to be performed are not directly related to the day-to-day operations of the Project); (3) airplane; (4) skybox or other private luxury box; (5) health club facility; (6) facility primarily used for gambling; or (7) store, the principal business of which is the sale of alcoholic beverages for consumption off premises.

(s) Less than twenty-five percent (25%) of the net proceeds of the 2016 Series A Bonds will be applied and less than twenty-five percent (25%) of the net proceeds of the Refunded 1990 Series A Bonds, the Refunded 1990 Series B Bonds, the Refunded 2000 Series A Bonds, and the Refunded 2002 Series A Bonds were applied directly or indirectly to acquire land or any interest therein and no portion of such land, if acquired, was or is to be used for farming purposes. No portion of the proceeds of the 2016 Series A Bonds will be used and no portion of the proceeds of the Refunded 1990 Series A Bonds, the Refunded 1990 Series B Bonds, the Refunded 2000 Series A Bonds, and the Refunded 2002 Series A Bonds were used to acquire existing property or any interest therein with respect to which the Company was not the first user for federal income tax purposes.

(t) Upon the Issuance Date, the Company will have caused the Issuer to comply with the public approval requirements of Code Section 147; and at or following the issuance of the 2016 Series A Bonds, the Company will cause the Issuer to comply with the information reporting requirements of Code Section 149 by the filing of Internal Revenue Service Form 8038 with the United States Internal Revenue Service.

(u) All of the documents, instruments, and written information furnished by the Company on behalf of the Company to the Issuer or the Trustee in connection with the issuance of the 2016 Series A Bonds are true and correct in all material respects as of the date of delivery thereof and did not, as of the date of delivery thereof, omit or fail to state any material facts necessary to be stated therein to make the information provided not misleading.

(v) The proceeds derived from the sale of the 2016 Series A Bonds will be used exclusively and solely to refund the outstanding principal amounts of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds. The principal amount of the 2016 Series A Bonds does not exceed the combined outstanding principal amounts of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds. The redemption of the outstanding principal amount of the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds with proceeds of the 2016 Series A Bonds will occur not later than 90 days after the Issuance Date. Any earnings derived from the investment of proceeds of the 2016 Series A Bonds will be fully needed and used on such redemption date to pay a portion of the interest accrued and payable on the Refunded 2000 Series A Bonds and the Refunded 2002 Series A Bonds on such date, but no such earnings and no such payments are expected.

(w) It is not anticipated, as of the date hereof, that there will be created any “replacement proceeds”, within the meaning of Treasury Regulation Section 1.148-1(c) with respect to the 2016 Series A Bonds; however, if any such replacement proceeds are deemed to have been created, such amounts will be invested in compliance with Code Section 148.

(x) The Company will not use or cause to be used any of the funds provided by the Issuer hereunder (including the earnings on any of such funds) in such a manner as to, or take or omit to take any action with respect to the use of such funds which would, impair the exclusion of the interest on any of the 2016 Series A Bonds from gross income for federal income tax purposes.

(y) The Company covenants to perform and observe all provisions of the Indenture required to be performed or observed by it.

(z) The Refunded 1990 Series A Bonds and the Refunded 1990 Series B Bonds were issued on November 20, 1990.

(aa) No construction, reconstruction, or acquisition of the Project, of which the Project is an integral part, was commenced before the taking of official action by the Issuer with respect thereto except for preparation of plans and specifications and other preliminary engineering work.

The Company need not comply with the covenants or representations in this Section 2.2 if and to the extent that the Issuer and the Company receive a Favorable Opinion of Bond Counsel regarding such noncompliance.

ARTICLE III
COMPLETION AND OWNERSHIP OF THE PROJECT

Section 3.1. Completion And Equipping Of The Project. The Company represents that it has previously caused components of the Project to be financed, constructed, in whole or in part, and placed in service, as applicable, as herein provided on the Project Site as previously evidenced by the filing of a completion certificate by the Company with Citizens Fidelity Bank and Trust Company (now known as The Bank of New York Mellon Trust Company, N.A.), as Trustee for the Refunded 1990 Series A Bonds and the Refunded 1990 Series B Bonds.

Section 3.2. Agreement As To Ownership Of The Project. The Issuer and the Company agree that title to and ownership of the Project shall remain in and be the sole property of the Company in which the Issuer shall have no interest. The Project is acknowledged to be subject to the lien of the First Mortgage Indenture. Notwithstanding any other provision hereof, the Company shall be permitted to sell or otherwise dispose of all or any portion of the Project, provided that the Company first receives a Favorable Opinion of Bond Counsel regarding such sale or disposition and provided further that upon any assignment, in whole or in part, of this Agreement, such assignment shall be in accordance with Section 8.1 hereof.

Section 3.3. Use Of The Project. The Issuer does hereby covenant and agree that it will not take any action during the term of this Agreement, other than pursuant to ARTICLE IX of this Agreement or ARTICLE IX of the Indenture, to interfere with the Company's ownership of the Project or to prevent the Company from having possession, custody, use, and enjoyment of the Project.

Section 3.4. Financing Of Additional Facilities. The Company and the Issuer hereby recognize that additional air or water pollution control facilities at the Project Site (other than the air and water pollution control facilities that constitute the Project) have in the past been and may in the future be acquired, constructed, installed, and equipped at the Project Site, and that same may be financed with proceeds of one or more series of the Issuer's revenue bonds issued in addition to the 2016 Series A Bonds issued pursuant to the Indenture, to the extent permitted by law.

ARTICLE IV
ISSUANCE OF 2016 SERIES A BONDS; APPLICATION OF PROCEEDS

Section 4.1. Agreement To Issue 2016 Series A Bonds; Application Of 2016 Series A Bond Proceeds . In order to provide funds to make the Loan, the Issuer will issue, sell, and deliver the 2016 Series A Bonds to the initial purchasers thereof and deposit the proceeds thereof with the Trustee into the (i) Prior 2000 Series A Bond Fund held by the Prior 2000 Series A Trustee, for the benefit and payment of the Refunded 2000 Series A Bonds, in an amount equal to the then outstanding principal amount of the Refunded 2000 Series A Bonds; and (ii) Prior 2002 Series A Bond Fund held by the Prior 2002 Series A Trustee, for the benefit and payment of the Refunded 2002 Series A Bonds, in an amount equal to the then outstanding principal amount of the Refunded 2002 Series A Bonds.

Section 4.2. Payment And Discharge Of Refunded 2000 Series A Bonds . The Company covenants and agrees with the Issuer that it will, on or before the Issuance Date, give irrevocable instructions to the Prior 2000 Series A Trustee to call and redeem the Refunded 2000 Series A Bonds in accordance with their terms and on or before the Issuance Date will deposit into the Prior 2000 Series A Bond Fund cash or Governmental Obligations (as defined in the 2000 Series A Indenture) sufficient on the Issuance Date, to fully defease and discharge the Refunded 2000 Series A Bonds on the Issuance Date in accordance with ARTICLE VIII of the 2000 Series A Indenture, without reference to any interest earnings to be accrued during the period from the Issuance Date to the redemption date of the Refunded 2000 Series A Bonds. Such matters shall be confirmed by issuance of an appropriate written certificate of the Prior 2000 Series A Trustee confirming defeasance and full discharge of the Refunded 2000 Series A Bonds upon the Issuance Date.

Section 4.3. Payment And Discharge Of Refunded 2002 Series A Bonds . The Company covenants and agrees with the Issuer that it will, on or before the Issuance Date, give irrevocable instructions to the Prior 2002 Series A Trustee to call and redeem the Refunded 2002 Series A Bonds in accordance with their terms and on the Issuance Date will deposit into the Prior 2002 Series A Bond Fund cash or Governmental Obligations (as defined in the 2002 Series A Indenture) sufficient on the Issuance Date, to fully defease and discharge the Refunded 2002 Series A Bonds on the Issuance Date in accordance with ARTICLE VIII of the 2002 Series A Indenture, without reference to any interest earnings to be accrued during the period from the Issuance Date to the redemption date of the Refunded 2002 Series A Bonds. Such matters shall be confirmed by issuance of an appropriate written certificate of the Prior 2002 Series A Trustee confirming defeasance and full discharge of the Refunded 2002 Series A Bonds upon the Issuance Date.

Section 4.4. Investment Of Moneys In The Bond Fund And The Rebate Fund. Moneys held as a part of the Bond Fund or the Rebate Fund shall be invested or reinvested by the Trustee, at the written request of and as specifically directed by the Company, in one or more Permitted Investments. If the Trustee is not provided with written investment instructions, the Trustee shall hold such amounts uninvested in cash, without liability for interest. The written investment directions provided to the Trustee shall constitute a certification of the Company that such investments constitute Permitted Investments. The Trustee may make any and all such investments through its own investment department.

Any such investments shall be held by or under the control of the Trustee. All moneys invested shall be deemed at all times a part of the fund for which such investments were made. The interest accruing thereon and any profit realized from such investments shall be credited pro rata to such fund, and any loss resulting from such investments shall be charged pro rata to such fund. The Trustee shall sell and reduce to cash a sufficient amount of applicable investments whenever the cash balance in the Bond Fund is insufficient to pay the principal of, premium, if any, and interest on the 2016 Series A Bonds or any other amount payable from the Bond Fund when due or upon any required disbursement from the Rebate Fund, respectively. The Trustee will not be liable for any investment loss (including any loss upon a sale of any investment) or any fee, tax, or other charge in respect of any investments, reinvestments, or any liquidation of investments made pursuant to this Agreement or the Indenture. The Rebate Fund shall never be commingled with any other fund or account.

To the extent permitted by applicable law, the Company and the Issuer each specifically waives compliance with 12 C.F.R. § 12 and hereby notify the Trustee that no brokerage confirmations need to be sent relating to the security transactions as they occur. Notwithstanding the foregoing, to the extent the Trustee receives and invests amounts in the Bond Fund and the Rebate Fund, the Trustee shall provide the Company and the Issuer with periodic cash transaction statements which shall include details for all investment transactions made by the Trustee with respect to such accounts.

Section 4.5. Special Arbitrage Certifications.

(a) The Company covenants and agrees that it will not take or authorize or permit any action to be taken and has not taken or authorized or permitted any action to be taken which results or would result in interest paid on any of the 2016 Series A Bonds being included in gross income of any owner thereof for purposes of federal income taxation (other than an owner who is a "substantial user" of the Project or a "related person" within the meaning of Code Section 147(a)) or adversely affects the validity of the 2016 Series A Bonds.

(b) The Company warrants, represents, and certifies to the Issuer that the proceeds of the 2016 Series A Bonds will not be used in any manner that would cause the 2016 Series A Bonds to be "arbitrage bonds" under Code Sections 103(b)(2) and 148 and other applicable sections thereof. To the best knowledge and belief of the Company, there are no facts, estimates, or circumstances that would materially change the foregoing conclusion.

(c) The Company hereby covenants that it will at all times comply and cause the Issuer to comply with the provisions of Section 148 and other applicable sections of the Code and will restrict the use of the proceeds of the 2016 Series A Bonds, in such manner and to such extent, if any, as may be necessary, and remit Excess Earnings with respect to all of the 2016 Series A Bonds, if any, to the United States of America pursuant to Code Section 148(f)(2) and carry out such actions so that the 2016 Series A Bonds will not constitute "arbitrage bonds" under Code Sections 103(b)(2) and 148. An officer or officers of the Issuer having responsibility with respect to the issuance of the 2016 Series A Bonds is or are hereby authorized and directed to give an appropriate certificate of the Issuer, for inclusion in the transcript of proceedings for the 2016 Series A Bonds, setting forth the reasonable expectations of the Issuer regarding the amount and use of the proceeds of the 2016 Series A Bonds and the facts, estimates, and circumstances on which they are based and related matters, all as of the date of delivery of and payment for the 2016 Series A Bonds pursuant to said Code Section 148. The Company shall provide the Issuer, and the Issuer's certificate may be expressly based on, a certificate of the Company setting forth the facts, estimates, circumstances, and reasonable expectations of the Company on the date of delivery of and payment for the 2016 Series A Bonds regarding the amount and use of the proceeds of the 2016 Series A Bonds and related matters. If any such representation of the Company relied upon by the Issuer is untrue or inaccurate and the Issuer thereby suffers costs or damages, the Company shall indemnify the Issuer for any such costs or damages.

(d) Consistent with the foregoing, the Company covenants and certifies to the Issuer and to and for the benefit of the purchasers of the 2016 Series A Bonds, that no use will be made of the proceeds of the sale of the 2016 Series A Bonds which would cause the 2016 Series A Bonds to be classified as "arbitrage bonds" within the meaning of Code Sections 103(b)(2) and 148 and that the Company and the Issuer will, after issuance of the 2016 Series A Bonds, comply with the provisions of the Code at all times, including after the 2016 Series A Bonds are discharged, to the extent Excess Earnings with respect to the 2016 Series A Bonds are required to be rebated to the United States of America pursuant to Code Section 148(f)(2). Pursuant to such covenant, the Issuer and the Company obligate themselves throughout the term of this Agreement and thereafter not to violate the requirements of Code Section 148.

(e) The Company warrants, represents, and certifies to the Issuer that the proceeds of the 2016 Series A Bonds will be applied and invested in compliance with the current requirements of Code Section 149(g) and that consequently the 2016 Series A Bonds will not be "hedge bonds" under such Code Section 149(g).

(f) The Company hereby covenants and agrees that it will at all times comply with the provisions of Code Section 148, including Section 148(f) and with Section 6.07 of the Indenture. Specifically, the Company shall carry out, do, and perform all acts stipulated to be performed by the Company pursuant to Section 6.07 of the Indenture. The Company shall further undertake to assure and cause rebate payments, if any, to be calculated and made to the United States of America in accordance with Code Section 148(f)(2) from moneys on deposit in the Rebate Fund from time to time after the end of each Computation Period and following discharge of the 2016 Series A Bonds. The Company also covenants to take all necessary acts and steps as required to cause the Issuer to comply with the provisions of Sections 7.02 and 7.03 of the Indenture.

Section 4.6. Opinion Of Bond Counsel. The Company need not comply with the covenants or representations in Section 4.5 hereof if and to the extent that the Issuer and the Company (with a copy to the Trustee) receive a Favorable Opinion of Bond Counsel regarding such noncompliance.

Section 4.7. First Mortgage Bonds. The Company covenants and agrees with the Issuer that it will, for the purpose of providing security for the 2016 Series A Bonds, execute and deliver to the Trustee the First Mortgage Bonds in aggregate principal amount equal to the aggregate principal amount of the 2016 Series A Bonds. The First Mortgage Bonds shall mature as to principal identically as in the case of the 2016 Series A Bonds and, upon the giving of a Redemption Demand to the First Mortgage Trustee and completion of other conditions precedent set forth in the First Mortgage Indenture Supplement, shall bear interest as provided in the First Mortgage Indenture Supplement.

Upon the occurrence of an Event of Default under ARTICLE IX of this Agreement, that has resulted in a default in payment of the principal of, premium, if any, or interest on the 2016 Series A Bonds as and when the same come due, whether at maturity, redemption, acceleration, or otherwise, or a default in payment of the purchase price of any 2016 Series A Bond tendered for purchase, the acceleration of the maturity date of the 2016 Series A Bonds (to the extent not already due and payable) as a consequence of such Event of Default and the receipt by the First Mortgage Trustee of a Redemption Demand from the Trustee, the First Mortgage Bonds shall bear interest, and principal and interest thereon will be payable, in accordance with the provisions specified in the First Mortgage Indenture Supplement.

Upon payment of the principal of, premium, if any, and interest on any of the 2016 Series A Bonds, whether at maturity or before maturity by redemption or otherwise, and the surrender thereof to, and cancellation thereof by, the Trustee, or upon provision for the payment thereof having been made in accordance with the provisions of ARTICLE VIII of the Indenture, First Mortgage Bonds in an amount equal to the aggregate principal amount of the 2016 Series A Bonds so surrendered and cancelled or for the payment of which provision has been made shall be deemed fully paid and the obligations of the Company thereunder terminated and such First Mortgage Bonds shall be surrendered by the Trustee to the First Mortgage Trustee, and shall be cancelled by the First Mortgage Trustee. All of the First Mortgage Bonds shall be registered in the name of the Trustee and shall be non-transferable, except to effect transfers to any successor trustee under the Indenture.

ARTICLE V
PROVISIONS FOR PAYMENT

Section 5.1. Loan Payments And Other Amounts Payable.

(a) The Company hereby covenants and agrees to repay the Loan, as follows: on or before any Interest Payment Date for the 2016 Series A Bonds or any other date that any payment of interest, premium, if any, purchase price, or principal is required to be made in respect of the 2016 Series A Bonds at the times specified in accordance with the more specific provisions and requirements of the Indenture, until the principal of, premium, if any, and interest on the 2016 Series A Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, it will pay to the Trustee, for disbursement by the Trustee, as Paying Agent, or for disbursement by any Paying Agent such sums which will enable the Paying Agent to pay the amounts payable on such date, in immediately available funds, as principal of (whether at purchase, maturity, or upon redemption, acceleration, or otherwise), premium, if any, and interest on the 2016 Series A Bonds as provided in the Indenture; provided that such payments by the Company to enable the Tender Agent to pay the purchase price of 2016 Series A Bonds shall be made within the times required by Section 3.06 of the Indenture. It is understood and agreed that all payments payable by the Company under this Section 5.1(a) are assigned by the Issuer to the Trustee, the Paying Agent, and the Tender Agent, as applicable, for the benefit of the Holders. The Company assents to such assignment. The Issuer hereby directs the Company and the Company hereby agrees to pay to the Trustee or the Paying Agent or the Tender Agent, as appropriate, at the Designated Office of the Trustee or the Paying Agent or the Tender Agent, as appropriate, all payments payable by the Company pursuant to this Section 5.1(a).

(b) The Company will also pay the reasonable expenses of the Issuer related to the issuance of the 2016 Series A Bonds and incurred upon the request of the Company.

(c) The Company will also pay the agreed upon fees and expenses of the Trustee (including those referred to in Section 10.02 of the Indenture), the Bond Registrar, the Tender Agent, and the Paying Agent under the Indenture and all other amounts which may be payable to the Trustee, the Bond Registrar, the Paying Agent, and the Tender Agent, as applicable from time to time, under the Indenture, such amounts to be paid directly to the Trustee, the Bond Registrar, the Paying Agent, and the Tender Agent for their respective own accounts as and when such amounts become due and payable.

(d) The Company further agrees to hold harmless the Trustee, the Bond Registrar, and the Paying Agent against any loss, liability, or expense, including reasonable attorneys' fees and expenses, incurred by it without negligence or bad faith on its part in connection with the issuance of the 2016 Series A Bonds or the acceptance or administration of the trusts under the

Indenture, including the costs of defending itself against any claim or liability in connection therewith.

(e) The Company covenants, for the benefit of the Holders, if applicable, to pay or cause to be paid, to the Tender Agent for deposit in the Purchase Fund, such amounts as shall be necessary to enable the Tender Agent to pay the Purchase Price of 2016 Series A Bonds delivered to it for purchase, all as more particularly described in Sections 3.04 and 3.06 of the Indenture, and, in that regard, it will maintain an account with the Tender Agent and will pay in immediately available funds, a sum which will enable the Tender Agent to pay the purchase price of 2016 Series A Bonds delivered to it for purchase, as provided in the Indenture.

(f) If the Company should fail to make any of the payments required in this Section 5.1, the item or installment so in default shall continue as an obligation of the Company until the amount in default shall have been fully paid, and the Company agrees to pay the same with interest thereon, to the extent permitted by law, from the date when such payment was due to the date of payment.

Section 5.2. Payments Assigned. As set forth in Section 5.1 hereof, it is understood and agreed that this Agreement and all payments made by the Company pursuant to this Agreement (except payments pursuant to Section 5.1(b) and (c) hereof or pursuant to Section 8.2 hereof) are assigned by the Issuer to the Trustee. The Company assents to such assignment and hereby agrees that, as to the Trustee, the Paying Agent, and the Tender Agent, as applicable from time to time, its obligation to make such payments shall be absolute, irrevocable, and unconditional and shall not be subject to cancellation, termination, or abatement or to any defense or any right of set-off, counterclaim, or recoupment arising out of any breach by any party, whether hereunder or otherwise, or out of any indebtedness or liability at any time owing by any party. Except as provided above, the Issuer hereby directs the Company and the Company hereby agrees to pay directly to the Trustee, the Paying Agent, the Bond Registrar, the Tender Agent, and the Issuer, as appropriate, all said payments payable by the Company pursuant to Section 5.1 hereof.

Section 5.3. Taxes And Other Governmental Charges. The Company agrees to pay during the term of this Agreement, as the same respectively become due, all taxes, assessments, and other governmental charges of any kind whatsoever that may at any time be lawfully assessed, levied, or charged against or with respect to the Project; provided, that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Company shall be obligated to pay only such installments as may have become due and provided further that nothing herein shall be construed as obligating the Company to pay taxes on any interest or principal on the 2016 Series A Bonds disbursed to the Holders.

The Company may, at its expense and in its own name, in good faith contest any such taxes, assessments, and other governmental charges and, upon any such contest, may permit the taxes, assessments, or other governmental charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless, in the opinion of its counsel, by nonpayment of any such items the security provided pursuant to the provisions of the Indenture will be materially endangered, in which event such taxes, charges for payments in lieu of taxes, assessments, or other governmental charges shall be paid forthwith. The Issuer will cooperate fully with the Company in any such contest. If the Company shall fail to pay any of the foregoing items required by this Section 5.3 to be paid by the Company, the Issuer or the Trustee may (but shall be under no obligation to) pay the same and any amounts so advanced therefor by the Issuer or the Trustee shall become an additional obligation of the Company to the one making the advancement, which amounts, together with interest thereon the Company agrees to pay at a rate which shall be one percent above the lowest minimum lending rate publicly quoted at such time as being charged by any commercial bank which is a member of the New York Clearing House on 90-day commercial loans to its prime commercial borrowers or the maximum rate permitted by law, whichever is lesser, until paid; but no such advancement shall operate to relieve the Company from any default hereunder. The Company may at its expense and in its own name and behalf apply for any tax exemption or exemption from payments in lieu of taxes allowed by the Commonwealth of Kentucky, or any political or taxing subdivision thereof under any existing or future provision of law which grants or may grant any such tax exemption or exemption from payments in lieu of taxes.

Section 5.4. Obligations Of The Company Unconditional. The obligation of the Company to make the payments pursuant to this Agreement and to make any payments required in respect of the Rebate Fund as provided in Section 6.07 of the Indenture shall be absolute and unconditional. Until such time as the principal of, premium, if any, and interest on the 2016 Series A Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, the Company (a) will not suspend or discontinue any payments pursuant to this Agreement; and (b) except as provided in ARTICLE X hereof, will not terminate this Agreement for any cause including failure of title to the Project or any part thereof, any acts or circumstances that may constitute failure of consideration, destruction of, or damage to the Project, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the Commonwealth of Kentucky or any political subdivision thereof or any failure of the Issuer or the Trustee to perform and observe any agreement, whether express or implied, or any duty, liability, or obligation arising out of or connected with this Agreement. Nothing contained in this Section 5.4 shall be construed to release the Issuer from the performance of any of the agreements on its part herein contained; and if the Issuer should fail to perform any such agreement on its part, the Company may institute such action against the Issuer as the Company may deem necessary to compel performance so long as such action shall be in accordance with the agreements on the part of the Company contained in the preceding sentence. The Company may, however, at its own cost and expense and in its own name or in the name of the Issuer, prosecute or defend any action or proceeding or take any other action involving third persons which the Company deems reasonably necessary in order to secure or protect its right of ownership, possession, occupancy, and use of the Project, and in such event the Issuer hereby agrees to cooperate fully with the Company.

Section 5.5. Rebate Fund. The Company agrees to make all payments to the Trustee and rebate all amounts to the United States of America as are required of it under the Code and the Indenture. The obligation of the Company to make such payments shall remain in effect and be binding upon the Company notwithstanding the release and discharge of the Indenture.

Section 5.6. Redemption Of The 2016 Series A Bonds In Advance of Scheduled Maturity. Under the terms of the Indenture, the 2016 Series A Bonds are and will be subject to redemption before their scheduled maturity. The Issuer and the Company agree that, if and when the Company shall direct the Trustee to redeem and call 2016 Series A Bonds, it shall do so on behalf of the Issuer.

Section 5.7. Cancellation Of 2016 Series A Bonds. The cancellation by the Bond Registrar of any 2016 Series A Bond or Bonds purchased by the Company and delivered to the Bond Registrar for cancellation or of any 2016 Series A Bond or Bonds redeemed or purchased by the Issuer through funds other than funds received as Loan payments hereunder shall constitute a Loan payment equal to the principal amount of the 2016 Series A Bond or Bonds so cancelled.

ARTICLE VI
MAINTENANCE; DAMAGE, DESTRUCTION, AND CONDEMNATION; USE OF NET PROCEEDS; INSURANCE

Section 6.1. Maintenance. So long as any 2016 Series A Bond is Outstanding, the Company will maintain, preserve, and keep the Project, or cause the Project to be maintained, preserved, and kept, in good repair, working order, and condition and will from time to time make or cause to be made all proper repairs, replacements, and renewals necessary to continue to constitute the Project as Pollution Control Facilities; provided, however, that the Company will have no obligation to maintain, preserve, keep, repair, replace, or renew any element or portion of the Project (a) the maintenance, preservation, keeping, repair, replacement, or renewal of which becomes uneconomical to the Company because of damage or destruction by a cause not within the control of the Company, or condemnation of all or substantially all of the Project or the generating facilities to which the element or unit of the Project is an adjunct, or obsolescence (including economic obsolescence), or change in government standards and regulations, or the termination by the Company of the operation of the generating facilities to which the element or unit of the Project is an adjunct, and (b) with respect to which the Company has furnished to the Issuer and the Trustee a certificate executed by the Company Representative certifying that the maintenance, preservation, keeping, repair, replacement, or renewal of such element or unit of the Project is being discontinued for one of the foregoing reasons, which shall be stated therein, and that the discontinuance of such element or unit will not adversely affect the exclusion of interest on any of the 2016 Series A Bonds from gross income for federal income tax purposes under Code Section 103(a).

The Company shall have the privilege at its own expense of remodeling the Project or making substitutions, modifications, and improvements to the Project from time to time as it, in its discretion, may deem to be desirable for its uses and purposes, which remodeling, substitutions, modifications, and improvements shall be included under the terms of this Agreement as part of the Project; provided, however, that the Company shall take no actions which will change or alter the basic nature of the Project as Pollution Control Facilities.

If, before full payment of all 2016 Series A Bonds outstanding (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Project or any portion thereof is destroyed or damaged in whole or in part by fire or other casualty, or title to, or the temporary use of, the Project or any portion thereof shall have been taken by the exercise of the power of eminent domain, and the Issuer, the Company, or the First Mortgage Trustee receives Net Proceeds from insurance or any condemnation award in connection therewith, the Company (unless it shall have exercised its option to prepay the Loan pursuant to provisions of Section 10.1(b) or (c) hereof) shall, subject to compliance with the terms of the First Mortgage Indenture, either (i) cause such Net Proceeds to be used to repair, reconstruct, restore, or improve the Project; (ii) take any action, including causing the redemption of the 2016 Series A Bonds, in whole or in part, on any date which is a Business Day, which, in the opinion of Bond Counsel, will not adversely affect the exclusion of interest on any of the 2016 Series A Bonds from gross income for federal income tax purposes under Code Section 103(a) provided that if a Credit Facility is then in effect with respect to the 2016 Series A Bonds, the Company shall reimburse the applicable Credit Facility Issuer for drawings under such Credit Facility for such redemption; provided further that if the 2016 Series A Bonds bear interest at the Flexible Rate or the Semi-Annual Rate, such redemption must occur on a date on which the 2016 Series A Bonds are otherwise subject to optional redemption.

Section 6.2. Insurance. The Company agrees to insure the Project at all times in accordance with the First Mortgage Indenture.

ARTICLE VII
SPECIAL COVENANTS

Section 7.1. No Warranty Of Condition Or Suitability By The Issuer. The Issuer makes no warranty, either express or implied, as to the Project or that it will be suitable for the Company's purposes or needs.

Section 7.2. The Company To Maintain Its Corporate Existence; Conditions Under Which Exceptions Are Permitted. The Company agrees that during the term of this Agreement it will maintain its existence and good standing, will continue to be a corporate entity organized under the laws of the Commonwealth of Kentucky or qualified and admitted to do business in the Commonwealth of Kentucky, and will neither dispose of all or substantially all of its assets nor consolidate with nor merge into another entity unless the acquirer of its assets or the entity with which it shall consolidate or into which it shall merge, (a) shall be a corporation or other business organization organized and existing under the laws of the United States or one of the states of the United States of America or the District of Columbia; (b) shall be qualified and admitted to do business in the Commonwealth of Kentucky; (c) shall assume in writing all of the obligations and covenants of the Company herein; and (d) shall deliver a copy of such assumption to the Issuer and the Trustee.

Section 7.3. Financial Statements. The Company agrees to furnish the Trustee (within 120 days after the close of each fiscal year) with an audited balance sheet and statements of income, retained earnings, and changes in cash flows showing the financial condition of the Company and its consolidated subsidiary or subsidiaries, if any, at the close of such fiscal year and the results of operations of the Company and its consolidated subsidiary or subsidiaries, if any, for such fiscal year, accompanied by an opinion of its regular independent certified public accountants that such statements fairly represent the financial condition of the Company in accordance with generally accepted accounting principles. The requirements of this Section 7.3 shall be satisfied by the submission to the Trustee of the Company's annual report on Form 10-K. The information so provided to the Trustee shall be kept in its files and is not required to be distributed to any Holder or other Person. Delivery of such reports, information, and documents to the Trustee is for informational purposes only and the Trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on certifications of the Company).

Section 7.4. Further Assurances And Corrective Instruments. The Issuer and the Company agree that they will, from time to time, execute, acknowledge, and deliver, or cause to be executed, acknowledged, and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the intention of or facilitating the performance of this Agreement.

Section 7.5. The Issuer Representative. Whenever under the provisions of this Agreement the approval of the Issuer is required or the Issuer is required to take some action at the request of the Company, such approval shall be made or such action shall be taken by the Issuer Representative and the Company or the Trustee shall be authorized to act on any such approval or action, and the Issuer shall have no redress against the Company or the Trustee as a result of any such action taken.

Section 7.6. The Company Representative. Whenever under the provisions of this Agreement the approval of the Company is required or the Company is required to take some action at the request of the Issuer, such approval shall be made or such action shall be taken by the Company Representative and the Issuer or the Trustee shall be authorized to act on any such approval or action and the Company shall have no redress against the Issuer or the Trustee as a result of any such action taken.

Section 7.7. Financing Statements. The Company shall, to the extent required by law, file and record, refile and rerecord, or cause to be filed and recorded, refiled and rerecorded, all documents or notices, including financing statements and continuation statements, required by law in order to perfect, or maintain the perfection of, the lien of the Indenture. The Issuer shall cooperate fully with the Company in taking any such action. Concurrently with the execution and delivery of the 2016 Series A Bonds, the Company shall cause to be delivered to the Trustee an opinion of counsel (a) stating that in the opinion of such counsel, either: (i) such action has been taken, as set forth therein, with respect to the recording and filing of such documents, notices, and financing statements as is necessary to perfect the lien of the Indenture under the Uniform Commercial Code of the Commonwealth of Kentucky; or (ii) no such action is necessary to so perfect such liens; and (b) stating the requirements for the filing of continuation statements or other documentation or notices in order to maintain the perfection of the lien of the Indenture, which filings the Company agrees to undertake.

Section 7.8. The Company's Performance Under Indenture. The Company agrees, for the benefit of Holders to do and perform all acts and things contemplated in the Indenture to be done and performed by it.

ARTICLE VIII
ASSIGNMENT; INDEMNIFICATION; REDEMPTION

Section 8.1. Assignment. This Agreement may be assigned by the Company without the necessity of obtaining the consent of either the Issuer or the Trustee, subject, however, to each of the following conditions:

(a) No assignment (other than pursuant to Section 7.2 hereof) shall relieve the Company from primary liability for any of its obligations hereunder, and upon any such assignment the Company shall remain primarily liable for payments of the amounts specified in Section 5.1 hereof and for performance and observance of the other covenants or agreements on its part herein provided to be performed and observed to the same extent as though no assignment had been made;

(b) The assignee shall assume the obligations of the Company hereunder to the extent of the interest assigned;

(c) The Company shall, within 30 days after the delivery thereof, furnish or cause to be furnished to the Issuer and to the Trustee a true and complete copy of each such assignment and assumption of obligation; and

(d) Before such assignment, the Company shall have obtained a Favorable Opinion of Bond Counsel regarding the assignment.

Section 8.2. Release And Indemnification Covenants. The Company releases the Issuer from and covenants and agrees that the Issuer shall not be liable for, and agrees to indemnify and hold the Issuer harmless against, any expense or liability incurred by the Issuer, including attorneys' fees, resulting from any loss or damage to property or any injury to or death of any person occurring on or about or resulting from any defect in the Project or from any action commenced in connection with the financing thereof. If any such claim is asserted, the Issuer agrees to give prompt notice to the Company and the Company will assume the defense thereof, with full power to litigate, compromise, or to settle the same in its sole discretion, it being understood that the Issuer will not settle or consent to the settlement of the same without the consent of the Company.

Section 8.3. Assignment Of Interest In Agreement By The Issuer. Any assignment by the Issuer to the Trustee pursuant to the Indenture or this Agreement of any moneys receivable under this Agreement shall be subject and subordinate to this Agreement.

Section 8.4. Redemption Of 2016 Series A Bonds. Upon the agreement of the Company to deposit moneys in the Bond Fund in an amount sufficient to redeem 2016 Series A Bonds subject to redemption, the Issuer, at the request of the Company, shall forthwith take all steps (other than the payment of the money required for such redemption) necessary under the applicable redemption provisions of the Indenture to effect redemption of all or part of the 2016 Series A Bonds outstanding, as may be specified by the Company, on the redemption date specified by the Company.

Section 8.5. Reference To 2016 Series A Bonds Ineffective After 2016 Series A Bonds Paid. Upon payment in full of the 2016 Series A Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and payment of all amounts required to be paid to the United States of America via the Trustee pursuant to Section 5.5 hereof and payment of all fees and charges of the Trustee (including reasonable attorneys' fees and expenses), the Bond Registrar, the Authenticating Agent, and any Paying Agent, all references in this Agreement to the 2016 Series A Bonds, the First Mortgage Bonds, and the Trustee shall be ineffective and neither the Trustee nor the Holders thereafter have any rights hereunder except as set forth in Section 11.1 hereof.

ARTICLE IX
EVENTS OF DEFAULT AND REMEDIES

Section 9.1. Events Of Default Defined. The following shall be "**Events of Default**" under this Agreement and the term "**Events of Default**" shall mean, whenever it is used in this Agreement, one or more of the following events:

(a) Failure by the Company to pay any amount required to be paid under subsections (a) and (e) of Section 5.1 hereof which results in failure to pay principal of, premium, or interest on or the purchase price of the 2016 Series A Bonds, and such failure shall cause an Event of Default under the Indenture.

(b) Failure by the Company to observe and perform any covenant, condition, or agreement on its part to be observed or performed, other than as referred to in subsection (a) of this Section 9.1, for a period of 30 days after written notice, specifying such failure and requesting that it be remedied, is given to the Company by the Issuer or the Trustee, unless the Issuer and the Trustee shall agree in writing to an extension of such time before its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Issuer and the Trustee will not unreasonably withhold their consent to an extension of such time if such failure is capable of being cured and corrective action is instituted by the Company within the applicable period and is being diligently pursued.

(c) An involuntary proceeding shall be commenced or an involuntary petition shall be filed in a court of competent jurisdiction seeking: (1) relief in respect of the Company, or of a substantial part of the property or assets of the Company, under Title 11 of the United States

Code, as now constituted or hereafter amended, or any other federal or state bankruptcy, insolvency, receivership, or similar law; (2) the appointment of a receiver, trustee, custodian, sequestrator, conservator, or similar official for the Company or for a substantial part of the property or assets of the Company; or (3) the winding-up or liquidation of the Company; and such proceeding or petition shall continue undismissed or unstayed for 90 days or an order or decree approving or ordering any of the foregoing shall be entered.

(d) The Company shall: (1) voluntarily commence any proceeding or file any petition seeking relief under Title 11 of the United States Code, as now constituted or hereafter amended, or any other federal or state bankruptcy, insolvency, receivership, or similar law; (2) consent to the institution of, or fail to contest in a timely and appropriate manner, any proceeding or the filing of any petition described in Section 9.1(c) above; (3) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator, conservator, or similar official for the Company or for a substantial part of the property or assets of the Company; (4) file an answer admitting the material allegations of a petition filed against it in any such proceeding; (5) make a general assignment for the benefit of creditors; (6) become unable, admit in writing its inability, or fail generally to pay its debts as they become due; or (7) take any action for the purpose of effecting any of the foregoing.

(e) All bonds outstanding under the First Mortgage Indenture shall, if not already due, have become immediately due and payable, whether by declaration of the First Mortgage Trustee or otherwise, and such acceleration shall not have been rescinded or annulled by the First Mortgage Trustee.

(f) The occurrence of an Event of Default under the Indenture.

The provisions of Section 9.1(b) hereof are subject to the following limitations: If by reason of force majeure the Company is unable in whole or in part to carry out its agreements on its part herein contained, other than the obligations on the part of the Company contained in Section 2.2(j), Section 2.2(k), Section 4.2, Section 4.5, Section 4.7, or Section 7.2 or ARTICLE V hereof and the general covenant and obligation of the Company to take all necessary actions for the continued exclusion of interest on the 2016 Series A Bonds from gross income for federal and Kentucky income taxes, the Company shall not be deemed in default during the continuance of such inability. The term “force majeure” as used herein shall mean any cause or event not reasonably within the control of the Company, including acts of God; strikes; wars or national police actions, lockouts or other industrial disturbances; acts of public enemies, including terrorists; orders of any kind of the government of the United States or of the Commonwealth of Kentucky or any of their departments, agencies, or officials, or any civil or military authority; evacuations and quarantines; insurrections; riots; epidemics; plague; famine; landslides; lightning; earthquakes; fire; hurricanes; tornadoes; storms; typhoons; cyclones; volcanic eruptions; floods; washouts; droughts; arrests; restraints of government and people; civil disturbances; explosions; breakage or accident to machinery and transmission lines or pipes; or partial or entire failure of utility services. The Company agrees, however, to remedy with all reasonable dispatch the cause or causes preventing the Company from carrying out its agreements; provided, that the settlement of strikes, lockouts, and other industrial disturbances shall be entirely within the discretion of the Company, and the Company shall not be required to make settlement of strikes, lockouts, and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Company unfavorable to the Company.

Section 9.2. Remedies On Default. Whenever any Event of Default referred to in Section 9.1 hereof shall have happened and be continuing, the Trustee may take any one or more of the following remedial steps:

(a) By written notice to the Company, the Trustee, on behalf of the Issuer, may declare an amount equal to the principal and accrued interest on the 2016 Series A Bonds then Outstanding to be immediately due and payable under this Agreement, whereupon the same shall become immediately due and payable.

(b) The Trustee, on behalf of the Issuer, may have access to and inspect, examine, and make copies of the books and records and any and all accounts, data, and income tax and other tax returns of the Company.

(c) The Trustee, on behalf of the Issuer, may take whatever action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement, or covenant of the Company under this Agreement, including any remedies available in respect of the First Mortgage Bonds.

In case there shall be pending a proceeding of the nature described in Section 9.1(c) or (d) hereof, the Trustee shall be entitled and empowered, by intervention in such proceeding or otherwise, to file and prove a claim or claims for the whole amount owing and unpaid pursuant to this Agreement and, in case of any judicial proceedings, to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee allowed in such judicial proceedings relative to the Company, its creditors, or its property, and to collect and receive any moneys or other property payable or deliverable on any such claims, and to distribute the same after the deduction of its charges and expenses; and any custodian (including a receiver, trustee, or liquidator) of the Company appointed in connection with such proceedings is hereby authorized to make such payments to the Trustee, and to pay to the Trustee any amount due it for compensation and expenses, including reasonable counsel fees and expenses incurred by it up to the date of such distribution.

Any amounts collected pursuant to action taken under this Section 9.2 (other than the compensation and expenses referred to in the immediately prior sentence) shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the 2016 Series A Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) and all reasonable and necessary fees and expenses of the Trustee and any paying agents accrued and to accrue through final payment of the 2016 Series A Bonds, and all other liabilities of the Company accrued and to accrue hereunder or under the Indenture through final payment of the 2016 Series A Bonds have been paid, such amounts so collected shall be paid to the Company.

Section 9.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Issuer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer to exercise any remedy reserved to it in this ARTICLE IX, it shall not be necessary to give any notice other than such notice as may be herein expressly required. Such rights and remedies as are given the Issuer hereunder shall also extend to the Trustee, and the Trustee and the Holders, subject to the provisions of the Indenture, shall be entitled to the benefit of all covenants and agreements herein contained.

Section 9.4. Agreement To Pay Reasonable Attorneys' Fees And Expenses . If the Company should default under any of the provisions of this Agreement and the Issuer or the Trustee should employ attorneys or incur other expenses for the collection of amounts payable hereunder or the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will on demand therefor pay to the Issuer or the Trustee the reasonable fees and expenses of such attorneys and such other reasonable expenses so incurred by the Issuer or the Trustee.

Section 9.5. Waiver Of Events Of Default. If, after the acceleration of the maturity of the outstanding 2016 Series A Bonds by the Trustee pursuant to the Indenture, and before any judgment or decree for the appointment of a receiver or for the payment of the moneys due shall have been obtained or entered, the Company shall cause to be deposited with the Trustee a sum sufficient to pay all matured installments of interest upon all 2016 Series A Bonds and the principal of, and premium, if any, on any and all 2016 Series A Bonds which shall have become due otherwise than by reason of such declaration (with interest upon such principal and premium, if any, and overdue installments of interest, at the rate per annum which is one percent above the highest rate borne by any 2016 Series A Bond, until paid), and such amounts as shall be sufficient to cover all expenses of the Trustee in connection with such default, and all defaults under the Indenture and this Agreement, other than nonpayment of principal of 2016 Series A Bonds which shall have become due by said declaration, shall have been remedied, and such Event of Default under the Indenture shall be deemed waived by the Trustee in accordance with Section 9.11 of the Indenture with the consequence that under the Indenture such acceleration is rescinded, then the Company's default hereunder shall be deemed to have been waived by the Issuer and no further action or consent by the Trustee or the Issuer shall be required. If any agreement or covenant contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE X
PREPAYMENT OF LOAN

Section 10.1. Options To Prepay Loan. The Company shall have, and is hereby granted, options to prepay the Loan in whole and to cancel or terminate this Agreement on any Business Day at any time the Company so elects, if certain events shall have occurred within the 180 days preceding the giving of written notice by the Company to the Trustee of such election, as follows:

(a) If in the judgment of the Company, unreasonable burdens or excessive liabilities shall have been imposed after the issuance of the 2016 Series A Bonds upon the Company with respect to the Project or the operation thereof, including without limitation federal, state, or other ad valorem, property, income, or other taxes not imposed on the date of this Agreement other than ad valorem taxes presently levied upon privately owned property used for the same general purpose as the Project;

(b) If the Project or a portion thereof or other property of the Company in connection with which the Project is used shall have been damaged or destroyed to such an extent so as, in the judgment of the Company, to render the Project or other property of the Company in connection with which the Project is used unsatisfactory to the Company for its intended use and such condition shall continue for a period of six months;

(c) There shall have occurred condemnation of all or substantially all of the Project or the taking by eminent domain of such use or control of the Project or other property of the Company in connection with which the Project is used so as, in the judgment of the Company, to render the Project or other property of the Company in connection with which the Project is used unsatisfactory to the Company for its intended use;

(d) If changes, which the Company cannot reasonably control, in the economic availability of materials, supplies, labor, equipment, or other properties or things necessary for the efficient operation of the Trimble County Generating Station of the Company shall have occurred which, in the judgment of the Company, render the continued operation of the Trimble County Generating Station or any generating unit at such station uneconomical; or changes in circumstances, after the issuance of the 2016 Series A Bonds including but not limited to changes in clean air or water or other air and water pollution control requirements, shall have occurred such that the Company shall determine that use of the Project is no longer required or desirable;

(e) If this Agreement shall become void or unenforceable or impossible of performance by reason of any changes in the Constitution of the Commonwealth of Kentucky or the Constitution of the United States of America or by reason of legislative or administrative action, whether state or federal, or any final decree, judgment, or order of any court or administrative body, whether state or federal; or

(f) A final order or decree of any court or administrative body after the issuance of the 2016 Series A Bonds shall require the Company to cease a substantial part of its operations at the Trimble County Generating Station to such extent that the Company will be prevented from carrying on its normal operations at such location for a period of six months.

In the case of prepayment pursuant to this Section 10.1 (or if any 2016 Series A Bonds be redeemed in whole or in part pursuant to Section 6.1 hereof), the Loan prepayment price shall be a sum sufficient, together with other funds deposited with the Trustee and available for such purpose, to redeem all 2016 Series A Bonds then outstanding (or, in the case any 2016 Series A Bonds are redeemed in part pursuant to Section 6.1 hereof, such portion of the 2016 Series A Bonds then outstanding) under the Indenture at a price equal to 100% of the principal amount thereof plus interest accrued and to accrue to the date of redemption of the 2016 Series A Bonds and to pay all reasonable and necessary fees and expenses of the Trustee and any Paying Agents and all other liabilities of the Company accrued and to accrue hereunder to the date of redemption of the 2016 Series A Bonds. In order to exercise any option to prepay the Loan and to cancel or terminate this Agreement by reason of the occurrence of any of the events mentioned in (a) through (f) above, the Company is required to give written notice to the Trustee of its election to prepay the Loan within 180 days of the occurrence of any of the events mentioned in (a) through (f) above.

Section 10.2. Additional Option To Prepay Loan. The Company shall have, and is hereby granted, further options, to the extent that the 2016 Series A Bonds are, from time to time, subject to optional redemption, during any period of optional redemption, to prepay all, or any portion, of the relevant and applicable Loan payments due or to become due hereunder by depositing with the Trustee moneys sufficient to pay, together with other funds deposited with the Trustee and available for such purpose, the principal of and applicable premium, if any, and accrued interest, through the date of redemption (which must be a Business Day), on all or any portion of the 2016 Series A Bonds then outstanding under the Indenture and, upon depositing with the Trustee moneys sufficient to pay the principal, applicable premium, if any, and accrued interest, through the date of redemption, on all 2016 Series A Bonds then outstanding under the Indenture, as well as all reasonable and necessary expenses of the Trustee and any Paying Agents and all other liabilities of the Company accrued and to accrue hereunder, to cancel or terminate the term of this Agreement.

Section 10.3. Obligations To Prepay Loan.

(a) **Mandatory Redemption Upon Determination Of Taxability**. The Company shall be obligated to prepay the entire Loan or any part thereof, as provided below, before the required full payment of the 2016 Series A Bonds (or before making provision for payment thereof in accordance with the Indenture) on the 180th day (or such earlier date as may be designated by the Company), which, in every case, must be a Business Day, upon the occurrence of a Determination of Taxability. The Issuer and the Company shall take all actions required to mandatorily redeem the 2016 Series A Bonds at the cost of the Company upon the terms specified in this Agreement and in ARTICLE IV of the Indenture following the occurrence of a Determination of Taxability, including prepaying appropriate amounts due on the 2016 Series A Bonds in order to effect such redemption. The 2016 Series A Bonds shall be redeemed by the Issuer, in whole, or in such part as described below, at a redemption price equal to 100% of the principal amount thereof, without redemption premium, plus accrued interest, if any, to the redemption date, within 180 days following a Determination of Taxability. For purposes of this Section 10.3, a "**Determination of Taxability**" shall mean the receipt by the Trustee of written notice from a current or former registered owner of a 2016 Series A Bond or from the Company or the Issuer of: (1) the issuance of a published or private ruling or a technical advice memorandum by the Internal Revenue Service in which the Company participated or has been given the opportunity to participate, and which ruling or memorandum the Company, in its discretion, does not contest or from which no further right of administrative or judicial review or appeal exists; or (2) a final determination from which no further right of appeal exists of any court of competent jurisdiction in the United States in a proceeding in which the Company has participated or has been a party, or has been given the opportunity to participate or be a party, in each case, to the effect that as a result of a failure by the Company to perform or observe any covenant or agreement or the inaccuracy of any representation contained in this Agreement or any other agreement or certificate delivered in connection with the 2016 Series A Bonds, the interest on the 2016 Series A Bonds is included in the gross income of the owners thereof for federal income tax purposes, other than with respect to a person who is a "substantial user" or a "related person" of a substantial user within the meaning of Code Section 147; provided, however, that no such Determination of Taxability shall be considered to exist as a result of the Trustee receiving notice from a current or former registered owner of a 2016 Series A Bond or from the Issuer unless (i) the Issuer or the registered owner or former registered owner of the 2016 Series A Bond involved in such proceeding or action (A) gives the Company and the Trustee prompt notice of the commencement thereof; and (B) (if the Company agrees to pay all expenses in connection therewith) offers the Company the opportunity to control unconditionally the defense thereof, and (ii) either (A) the Company does not agree within 30 days of receipt of such offer to pay such expenses and liabilities and to control such defense; or (B) the Company shall exhaust or choose not to exhaust all available proceedings for the contest, review, appeal, or rehearing of such decree, judgment, or action which the Company determines to be appropriate. No Determination of Taxability described above will result from the inclusion of interest on any 2016 Series A Bond in the computation of minimum or indirect taxes. All of the 2016 Series A Bonds shall be redeemed upon a Determination of Taxability as described above unless, in the opinion of Bond Counsel, redemption of a portion of the 2016 Series A Bonds of one or more series or one or more maturities would have the result that interest payable on the remaining 2016 Series A Bonds outstanding after the redemption would not be so included in any such gross income.

If the Issuer, the Company, or the Trustee has been put on notice or becomes aware of the existence or pendency of any inquiry, audit, or other proceedings relating to the 2016 Series A Bonds being conducted by the Internal Revenue Service, the party so put on notice shall give immediate written notice to the other parties of such matters.

Promptly upon learning of the occurrence of a Determination of Taxability (whether or not the same is being contested), or any of the events described in this Section 10.3(a), the Company shall give notice thereof to the Trustee and the Issuer.

(b) In the case of the mandatory obligation of the Company to prepay the Loan or any part thereof after the occurrence of a Determination of Taxability, pursuant to Section 10.3(a) hereof, the Company shall be obligated to prepay such Loan or such part thereof not later than 180 days after any such final determination as specified in Section 10.3(a) hereof and to provide to the Trustee for deposit in the Bond Fund an amount sufficient, together with other funds deposited with the Trustee and available for such purpose, to redeem such 2016 Series A Bonds at the price of 100% of the principal amount thereof in accordance with Section 5.1 hereof plus interest accrued and to accrue to the date of redemption of the 2016 Series A Bonds and to pay all reasonable and necessary fees and expenses of the Trustee and any paying agents and all other liabilities of the Company accrued and to accrue hereunder to the date of redemption of the 2016 Series A Bonds.

(c) If a Determination of Taxability occurs when all or any portion of the 2016 Series A Bonds are owned by any Purchaser, the Company hereby agrees to pay to such Purchaser, in addition to the redemption price of the 2016 Series A Bonds owned by such Purchaser, the following additional amounts:

(1) an additional amount equal to the difference between (A) the amount of interest paid on the 2016 Series A Bonds during the Taxable Period and (B) the amount of interest that would have been paid on the 2016 Series A Bonds during the Taxable Period had the 2016 Series A Bonds borne interest at the Taxable Rate; and

(2) an amount equal to any interest, penalties on overdue interest, and additions to tax (as referred to in Subchapter A of Chapter 68 of the Code) owed by such Purchaser as a result of occurrence of a Determination of Taxability.

Section 10.4. Notice Of Prepayment; Redemption Procedures. It is understood and agreed by the parties hereto that in order to exercise an option granted in, or to consummate a mandatory prepayment required by, this ARTICLE X, the Company shall give written notice to the Issuer and the Trustee which notice shall (a) contain the agreement of the Company to deposit moneys in the Bond Fund on or before the redemption date in an amount sufficient to redeem a principal amount of the 2016 Series A Bonds equal to the amount of the prepayment, including, in the case of a prepayment under Section 10.2 hereof, any applicable redemption premium in respect of such 2016 Series A Bonds, and any other amounts required under this Agreement; (b) specify the prepayment date (which must be a Business Day and which shall also be the redemption date); and (c) comply with Section 4.07 of the Indenture regarding the number of days' notice the Company is required to give the Issuer and the Trustee for the redemption of 2016 Series A Bonds bearing interest in the then applicable Interest Rate Mode.

Section 10.5. Relative Position Of This Article And Indenture. The rights and options granted to the Company in this ARTICLE X, except the option granted to the Company pursuant to Section 10.2 to prepay less than all of the Loan payments, shall be and remain prior and superior to the Indenture and may be exercised whether or not the Company is otherwise in default hereunder;

provided that such default will not result in nonfulfillment of any condition to the exercise of any such right or option.

Section 10.6. Concurrent Discharge Of First Mortgage Bonds. If any 2016 Series A Bond shall be paid and discharged pursuant to any provision of this Agreement, so that the 2016 Series A Bond is not thereafter Outstanding, a like principal amount of First Mortgage Bonds shall be deemed fully paid and the obligations of the Company thereunder terminated. Thereupon, the Trustee shall deliver to the First Mortgage Trustee such like principal amount of First Mortgage Bonds for cancellation pursuant to Section 2.22 of the Indenture.

ARTICLE XI
MISCELLANEOUS

Section 11.1. Term Of Agreement. This Agreement shall remain in full force and effect from the date hereof to and including the later of the Maturity Date, or until such earlier or later time as all of the 2016 Series A Bonds shall have been fully paid (or provision made for such payment pursuant to the Indenture); provided, however, that this Agreement may be cancelled and terminated before said date if the Company shall prepay all of the Loan pursuant to ARTICLE X hereof; and provided further, however, that all obligations of the Company under ARTICLE V and Section 8.2 hereof: (a) to pay the agreed fees and expenses of the Trustee, the Tender Agent, the Bond Registrar, and any Paying Agent; and (b) to pay any amount required by Section 5.5 hereof shall continue in effect even though 2016 Series A Bonds may no longer be outstanding and this Agreement may otherwise be terminated. All representations and certifications by the Company as to all matters affecting the tax-exempt status of interest on the 2016 Series A Bonds shall be for the equal and ratable benefit, protection, and security of the Holders of the 2016 Series A Bonds and shall survive the termination of this Agreement and all obligations of the Company contained herein relating to indemnification of the Issuer, the Trustee, the Bond Registrar, the Authenticating Agent, the Tender Agent, and any Paying Agent shall survive the termination of this Agreement.

Section 11.2. Notices. All notices, certificates, or other communications hereunder shall be sufficiently given and shall be deemed given when delivered or mailed by registered or certified mail, postage prepaid, addressed as follows:

To the Issuer:	County of Trimble, Kentucky P. O. Box 251 123 Church Street Bedford, Kentucky 40006 Attention: County Judge/Executive Telephone: (502) 255 - 7196 Facsimile: (502) 255 - 4618 Email: jp@tcfcgov.com

A duplicate copy of each notice, certificate, or other communication given hereunder by either the Issuer or the Company to the other shall also be given to the Trustee. The Issuer, the Company, and the Trustee may by notice given hereunder designate any further or different addresses to which subsequent notices, certificates, or other communications shall be sent.

Section 11.3. Binding Effect; Bond Counsel Opinions. This Agreement shall inure to the benefit of and shall be binding upon the Issuer, the Company, and their respective successors and assigns, subject, however, to the limitations contained in Section 7.2, Section 8.1, and Section 8.3 hereof.

Section 11.4. Severability. If any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 11.5. Amounts Remaining In Bond Fund And Rebate Fund . It is agreed by the parties hereto that any amounts remaining in the Bond Fund upon expiration or sooner termination of the term of this Agreement, as provided in this Agreement, after payment in full of the 2016 Series A Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and the reasonable and necessary fees and expenses of the Trustee (including reasonable attorneys' fees and expenses) and any Paying Agent in accordance with the Indenture and the payment in full of all other amounts required to be paid under this Agreement or the Indenture, shall belong to and be paid to the Company by the Trustee. Any amounts remaining in the Rebate Fund at such time shall be held, applied, and disbursed strictly and only in accordance with the provisions of Section 6.07 of the Indenture. Following the payment and discharge of the Refunded 2000 Series A Bonds on their redemption date and the making of provision for payment of the Refunded 2000 Series A Bonds not presented for payment, any remaining moneys in the Prior 2000 Series A Bond Fund shall belong to and be paid to Company by the Prior 2000 Series A Trustee. Following the payment and discharge of the Refunded 2002 Series A Bonds on their redemption date and the making of provision for payment of the Refunded 2002 Series A Bonds not presented for payment, any remaining moneys in the Prior 2002 Series A Bond Fund shall belong to and be paid to the Company by the Prior 2002 Series A Trustee.

Section 11.6. Amendments, Changes, And Modifications . After the issuance of the 2016 Series A Bonds and before payment in full of all 2016 Series A Bonds (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), except as otherwise provided in this Agreement or in the Indenture, this Agreement may not be effectively amended, changed, modified, altered, or terminated, and no provision hereof waived, without the written consent of the Trustee, given in accordance with the Indenture.

Section 11.7. Execution In Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 11.8. Applicable Law . This Agreement shall be construed, and the obligations, rights, and remedies of the parties under this Agreement are to be determined, in accordance with the laws of the Commonwealth of Kentucky without regard to conflicts of laws principles, except to the extent that the laws of the United States of America may prevail.

Section 11.9. Interpretation. The captions or headings in this Agreement are for convenience only and in no way define, limit, or describe the scope or intent of any provisions or sections of this Agreement. The words "hereof", "herein", "hereto", "hereby" and "hereunder" refer to this entire Agreement. Unless otherwise noted, all Section and Article references are to sections and articles in this Agreement. Unless the context of this Agreement clearly requires otherwise, references to the plural include the singular, references to the singular include the plural, the term "including" is not limiting, and the term "or" has, except where otherwise indicated, the inclusive meaning represented by the phrase "and/or."

Section 11.10. No Pecuniary Liability Of The Issuer. No provision, covenant, or agreement contained in this Agreement or breach thereof shall constitute or give rise to a pecuniary liability of the Issuer or a charge upon its general credit or taxing powers. In making such covenants, agreements, or provisions, the Issuer has not obligated itself, except with respect to the Project and the application of the revenues of this Agreement, as hereinabove provided.

Section 11.11. Payments Due On Other Than Business Days. If the date for making any payment or the last date for performance of any act or the exercise of any right, as provided in this Agreement, shall not be on a Business Day, such payment may be made or act performed or right exercised on the next succeeding Business Day with the same force and effect as if done on the date provided in this Agreement, and if done on such succeeding Business Day no interest with respect to such payment shall accrue for the period after such nominal date.

(Signature page to follow)

[SIGNATURE PAGE TO LOAN AGREEMENT]

IN WITNESS WHEREOF, the Issuer and the Company have caused this Agreement to be executed in their respective corporate names and their respective corporate seals to be hereunto affixed and attested by their duly authorized officers, all as of the date first written above.

EXHIBIT A

DESCRIPTION OF PROJECT

[See attachment]

TRIMBLE COUNTY GENERATING STATION

LOUISVILLE GAS AND ELECTRIC COMPANY

PART I

THE PROJECT

DESCRIPTION OF CERTAIN POLLUTION CONTROL FACILITIES
TO SERVE UNIT NO. 1 AND UNIT NO. 2 AT THE TRIMBLE COUNTY
GENERATING STATION OF LOUISVILLE GAS AND ELECTRIC COMPANY

Electrostatic Precipitators

Two electrostatic precipitators will be installed to serve Units l and 2 of the Trimble County Generating Station. Units 1 and 2 of the Trimble County Generating Station will be new coal-fired steam electric generating units, and the precipitators will be installed simultaneously with construction and installation of the generating units themselves. The electrostatic precipitators, together with associated structural supports, ductwork and flue-gas duct system, are solely designed and intended for the removal of flyash and particulates from flue gases exiting the Unit 1 and Unit 2 steam boilers. Ductwork incident to Units 1 and 2 of the Trimble County Generating Station will be designed for the purpose of connecting the coal-fired steam boilers to the precipitators, and thereafter to transport flue gases to a sulphur dioxide removal system following flyash and particulate removal. The precipitators are designed to remove over 99% of particulate emissions and flyash when the steam boilers are being operated. The precipitators operate upon the principle of creation of electromagnetic fields which attract and capture particulate matter (flyash) from the flue gases. The flyash is then removed and conveyed by the water sluice effluent system to either the emergency flyash and sludge storage pond, the ash storage pond or the solid waste processing facilities for ultimate disposal.

Cooling Tower

A natural draft cooling tower with closed-loop cooling water systems will be provided to serve Units 1 and 2 of the Trimble County Generating Station. The purpose of the cooling tower is to transfer to the atmosphere the heat absorbed by water circulating through the condensers of

Generating Units 1 and 2, which condense low pressure steam discharged from steam-driven turbines. The closed-loop system with cooling tower is designed to minimize the release of heated waters (thermal pollution) to the Ohio River and is required to be installed in order to conform to applicable water pollution control regulations. The described water pollution control and abatement facility consists of the natural draft cooling tower, pumps, circulating water systems, water pipes, motors, blow-down system, structural supports and functionally related and subordinate equipment and facilities.

Effluent Drain Systems and Sedimentation and Holding Basins

The effluent drainage system consists of a sedimentation basin equipped with monitoring devices and skimmers to remove oil, and an extensive plant area drain and runoff system which carries polluted liquids into the sedimentation basin. Certain chemical wastes will be diverted to the ash storage and disposal pond. Additionally, to provide holding and treatment of liquid effluents created by coal storage areas and limestone storage areas, a limestone and coal pile run-off retention basin is situated between the plant sewage treatment systems and the fuel oil storage area on the one side and the reactant chemical (limestone) storage area and active coal pile storage area on the other side. The purpose of the limestone and coal pile run-off retention basin is to capture liquid wastes emanating from the reactant chemical piles and active coal piles, together with any effluents emanating from the fuel oil storage area and the sewage treatment systems. The retention basin holds and neutralizes such liquid wastes pending their further treatment and disposal. Following neutralization and treatment, polluted liquids from the limestone and coal pile retention basin flow to the sedimentation basin for further neutralization. The sedimentation retention basin is situated between the limestone and coal pile retention basin and the Ohio River. The sedimentation retention basin prevents the discharge of pollutants into the Ohio River by holding and neutralizing such pollutants pending their final disposal.

Sludge Processing and Disposal Facilities

The operation of sulphur dioxide removal systems at the Trimble County Generating Stations will create a substantial amount of sludge wastes. These sludge wastes must be processed by a sludge processing facility into a suitable waste material for landfill disposal. The sludge processing facility will include a flyash collection system which will transport flyash in a dry state from the particulate removal systems (precipitators) to various holding facilities and processing facilities incident to the sludge processing. The sludge wastes from the sulphur dioxide removal systems will be conveyed by pumping from thickener tanks to holding facilities incident to the sludge processing. Thereafter, following dewatering, the sludge wastes will be mixed with flyash waste and a lime catalyst, forming an acceptable solid waste landfill material. The sludge processing facility will be composed of vacuum filters, waste holding silos and facilities, compressors, blowers, mixers, conveyors, structural elements, land, hardening pads, pumps, electrical components, piping, control systems, and functionally related and subordinate facilities and equipment.

A disposal site for the solid waste landfill material resulting from operation of the scrubber sludge processing facility will be developed on property adjacent to the sludge processing facility. The disposal site, consisting of 1,230 acres, is composed of land, a rain water runoff collection basin and diversion system, water monitoring system, water treatment facility, piping, pumps, electrical components, structural elements, control systems, loading, hauling, spreading, and compaction equipment and functionally related and subordinate facilities and equipment.

Ash Storage and Disposal Pond

A large ash storage pond will be constructed and installed, together with appropriate dikes, impervious pond lining, monitoring equipment and other facilities for the purpose of receiving flyash generating by electrostatic precipitators and bottom ash generated by the operation of the coal-fired steam operated generators. The purpose of the ash storage pond is to receive flyash and bottom ash from the operation of the Trimble County Generating Station in order to prevent such air pollutants and solid wastes from being discharged into the environment, including the Ohio River. The ash storage pond will be constantly monitored in order to determine that the impermeability of the ash storage pond remains unimpaired and that no wastes therein are being discharged other than in a controlled manner. Ash wastes in the ash storage pond will be periodically recovered for processing by the sludge processing and disposal facilities or for disposal in the solid waste disposal area adjacent to the Trimble County Generating Plant, consisting of approximately 1,230 acres. The ash storage pond as well as the emergency sludge and flyash storage pond consist of elements including land, transmission facilities to and from the ponds, skimmers, pumps, reclaiming equipment, monitoring equipment and functionally related and subordinate equipment.

Emergency Flyash and Sludge Storage Pond

The emergency flyash and sludge storage pond will be provided for the receipt and collection of scrubber sludge and flyash on an emergency basis. This material will be reclaimed on an intermittent basis for processing by the sludge processing facility and for disposal in the solid waste disposal areas adjacent to the Trimble County Generating Plant. The principal components of the emergency flyash and sludge storage pond will be land, facilities for the transmission of sludge and flyash to and from the pond, reclaiming equipment and functionally related and subordinate equipment.

Sulphur Dioxide Removal Systems;
Reactant Reception, Transmission and Preparation Facilities

Two complete sulphur dioxide removal systems (scrubbers) will be provided for Trimble County Generating Station, Units 1 and 2. Following electrostatic precipitation, flue gases will be transmitted from the electrostatic precipitators directly to the scrubbers, where they will be reacted with a liquefied sodium hydroxide solution utilized in the scrubbing process as a reactive agent. Sulphur dioxide contained in flue gases undergoes chemical reaction upon contact with the reactant chemical, with resultant formation of non-commercial sodium sulfite and sodium sulfate waste sludges. The sulphur dioxide scrubbers are designed to remove over 85% of airborne sulphur dioxide, together with a portion of any particulate matter remaining after electrostatic precipitation, before emission of the cleansed gases to the atmosphere. The sulphur dioxide scrubber systems will be composed of the scrubbers themselves, associated ductwork, structural supports and piping, electric elements, reactive tanks to contain the reactive agents and recycling and thickening tanks from which the resulting sludge wastes are withdrawn for final disposal. There will also be acquired and installed certain facilities to prepare reactant materials for use in scrubbers by reducing reactant materials to uniform reactant size, together with pumps, mixers, holding and transport tanks and piping.

The reactant chemical is an integral element in the operation of the sulphur dioxide removal systems. The scrubbers will include facilities designed solely for the receipt, transportation and preparation of reactant chemicals for use in the sulphur dioxide removal systems, which are functionally related and subordinate to such sulphur dioxide removal systems. Such facilities consist of river docking and unloading facilities which will be dedicated to and used only in respect of the receipt of reactant chemicals for use in the sulphur dioxide removal systems, together with conveyor facilities to convey the reactant chemicals in a dry state to both the reactant chemical storage area and to the reactant slurry preparation area. Crushing and grinding mechanisms designed to prepare the reactant chemicals for use in the sulphur dioxide removal systems will also constitute a part of the systems.

Ash Sluice and Waste Transmission Facilities

A complete system of above-ground piping will be provided for the purpose of conveying flyash, bottom ash and sludge effluents from the operation of precipitators, boilers and sulphur dioxide removal systems to the ash storage pond, the emergency flyash and sludge storage pond or to dewatering facilities. The waste transmission system is water motivated and will consist of piping, pumps, water transmission and sluice facilities and will be connected to and constitute a functional element of the sulphur dioxide removal systems, the electrostatic precipitators, the ash storage pond and the emergency flyash and sludge storage pond. Water used in the ash sluice systems will be recycled from the disposal ponds to eliminate discharge to the Ohio River. Excess water in the system will be treated, as required by applicable regulations. The purpose of the effluent transmission system is to convey sludge wastes, flyash wastes and bottom ash wastes from the facilities where they are generated to neutralization and disposal basins. As such, the ash sluice and waste transmission system is functionally related and subordinate to the air pollution and water pollution control devices consisting of the sulphur dioxide removal systems and the electrostatic precipitators as well as the ash storage pond, the emergency flyash and sludge storage pond and the solid waste processing and disposal facilities.

Contaminated Liquids Transmission and Disposal System

A complete system of underground piping will be constructed and installed for the purpose of capturing all contaminated liquids created as a result of operations of the Trimble County Generating Plant, including contaminations created by oil spillages, metal cleaning, chemical wastes, chemical spills and other liquid pollutants. The liquid waste transmission and disposal system will convey the liquid wastes to one of the sedimentation and ash storage ponds which will be equipped with monitoring devices and skimmers to remove oil. The principal components of the contaminated liquids effluent drain system includes piping, basins, motors, controls and other functionally related and subordinate facilities.

Oil Elimination Systems

Units 1 and 2 of the Trimble County Generating station will include concrete or other appropriate subterranean pits or appropriate systems which will collect waste oils and grease from the transformer areas, fuel oil storage areas and generating units. Skimmers will remove oil from the top of the liquid receptacles in order that waters may be transferred to holding basins and ultimately returned to the Ohio River in uncontaminated condition. Waste polluted oils will be disposed of by other pollution abatement facilities.

Sanitary Facilities

Operation of Units 1 and 2 of the Trimble County Generating Station will require considerable personnel, and appropriate sanitary facilities will be provided to comply with appropriate water pollution laws and regulations. Such facilities shall include sanitary receptacles, pumps, motors, piping and sanitary wastewater treatment facilities.

*   *   *

PART II

ADDITIONAL POLLUTION CONTROL FACILITIES

The pollution control facilities constituting the Project as described in Part I of this Exhibit A represent a portion of all the pollution control facilities intended to be acquired, constructed and installed at the Trimble County Generating Station of Louisville Gas and Electric Company in Trimble County, Kentucky, which complete pollution control facilities are described in that certain Memorandum of Agreement dated as of February 29, 1980, by and between the County of Trimble, Kentucky, and Louisville Gas and Electric Company, as follows:

DESCRIPTION OF POLLUTION CONTROL

FACILITIES CONTAINED IN

MEMORANDUM OF AGREEMENT

BY AND BETWEEN

THE COUNTY OF TRIMBLE, KENTUCKY

AND

LOUISVILLE GAS AND ELECTRIC COMPANY

TRIMBLE COUNTY GENERATING STATION,
UNITS 1, 2, 3 and 4

Cooling Towers

Natural draft cooling towers with closed-loop cooling water systems will be provided for Trimble County Generating Station, Units 1, 2, 3 and 4. The purpose of the cooling towers is to transfer to the atmosphere the heat absorbed by water circulated through the condensers of the generating units, which condense low pressure steam discharged from the steam driven turbines. The closed-loop system with cooling tower is designed to minimize the release of heated waters (thermal pollution) to the Ohio River and is required in order to conform to applicable water pollution control regulations. The described water pollution control abatement facilities consist of natural draft cooling towers, pumps, circulating water systems, motors, blow-down system, structural supports and functionally related and subordinate equipment and facilities.

Particulate Removal

Particulate removal systems and functionally related facilities, which comply with the appropriate laws and regulations and which, at the time of purchase represent the state of the art, will be installed at Units 1, 2, 3 and 4 of the Trimble County Generating Station in order to reduce and remove from flue gases emitted from boiler, flyash and bottom ash generated by the combustion process of the coal-fired steam boilers. These facilities may consist of electrostatic precipitators, baghouses, and/or other devices.

Flue Gas Duct Systems

Ductwork incident to Unit 1, 2, 3 and 4 of the Trimble County Generating Station designed for the purpose of connecting the coal-fired steam boiler to the flyash particulate removal system, including ductwork utilized to transport cleansed flue gases to a chimney or a sulphur dioxide removal system following flyash removal and functionally related and subordinate facilities, will constitute the Flue Gas Duct System.

Sulphur Dioxide Removal Systems

As and if required by appropriate laws and regulations, complete sulphur dioxide removal systems will be provided for Units 1, 2, 3 and 4 of the Trimble County Generating Station. Following flyash removal, flue gases will be transmitted from the flyash removal systems to the sulphur dioxide removal systems where they will be reacted with reactive agent solutions such as lime, limestone, sodium hydroxide or such other reactant as represents the technology available in the circumstances chosen by the Company. The sulphur dioxide removal systems will be designed to remove a substantial portion of airborne sulphur dioxide, together with a portion of particulate loadings remaining following particulate removal, before emission of cleansed gases into the atmosphere. The sulphur dioxide removal systems are composed of the scrubbers themselves, associated ductwork (including ductwork connecting the scrubbers to a chimney), structural supports and piping, technical elements, reactive tanks, recycling and thickening tanks and reactant reception and disposal facilities. Dependent upon technology, sulphur dioxide removal systems may employ one or more stack gas scrubbing systems (wet or dry) installed in or upon high flue gas diffusers (chimneys) or such other facilities as shall represent the technology for the removal of airborne sulphur dioxide chosen by the Company.

Sludge Processing

Dependent upon the sulphur dioxide removal system technology employed on Units 1, 2, 3 and 4 of the Trimble County Generating Station there may be substantial creation of sludge wastes. These wastes must be processed by a sludge processing facility into a suitable material for landfill disposal. The sludge processing facility will include a dry flyash collection system which will, by pneumatic means, transport flyash in a dry state from the particulate removal systems to various holding silos and processing facilities incident to the sludge processing. The sludge wastes from the sulphur dioxide removal systems will be conveyed by pumping from thickener tanks to holding silos incident to the sludge processing. Thereafter, following dewatering, the sludge wastes will be mixed with the flyash waste and a lime catalyst, forming an acceptable solid waste landfill material. The sludge processing facility is expected to be composed of vacuum filters, waste holding silos, compressors, blowers, mixers, conveyors, structural elements, land, hardening pad, pumps, electrical components, piping, control systems and functionally related and subordinate facilities and equipment.

Sludge Processing Facility Landfill

A disposal site for the solid waste landfill material developed by the scrubber sludge processing facility will be developed on property adjacent to the sludge processing facility. The disposal site is composed of land, a rain water runoff collection basin, and diversion system, water monitoring system, water treatment facility, piping, pumps, electrical components, structural elements, control systems, roads, loading, hauling, spreading and compaction equipment and functionally related and subordinate facilities and equipment.

Emergency Sludge and Flyash Storage Pond

Provisions will be made for the receipt and collection of scrubber sludge and flyash in a storage pond on an emergency basis. This material will be reclaimed on an intermittent basis for processing by the sludge processing facility. The principal components of the emergency storage pond facility will include land, transmission facilities to and from the pond, reclaiming equipment and functionally related and subordinate equipment.

High Flue Gas Diffusers

High flue gas diffusers (chimneys) will be constructed with regard to Units 1, 2, 3 and 4 of the Trimble County Generating Station and such diffusers will be significantly higher than would be required from the standpoint of the interaction of airborne effluents with adjacent structures. Those portions of the chimney which are significantly higher than normally required will be provided to furnish an elevated release of flue gases so as to achieve diffusion and consequent low ground level concentrations of gaseous air effluents.

Ash Sluice and Air Transport Systems

Dependent upon final design of Units 1, 2, 3 and 4 of the Trimble County Generating Station, flyash captured by the particulate removal system and bottom ash captured by the boiler ash hoppers will be transported to ash ponds, ash silos and/or dewatering bins. Water motivated sluice systems and/or air motivated ash transport systems will be used to transport the ash between the collection, storage and disposal locations. Water used in the ash sluice systems will be recycled from the disposal ponds to eliminate discharge to the river. Excess water in the system will be treated, as required for other plant uses and as required by regulations. The principal components of the water motivated systems will include the ash pond, land, piping, pumps, motors, valves, water treatment and other related equipment. The principal components of air motivated systems will include piping, ductwork, blowers, compressors, motors, valves and other related equipment.

Fugitive Dust Elimination Equipment

Dust elimination equipment consisting of strategically located covers and induced draft fans, together with ducting, dust collecting equipment and a wet dust suppression system will be provided at Units 1, 2, 3 and 4 of the Trimble County Generating Station to collect and suppress dust resulting from the coal handling system and scrubber reactant preparation and handling systems thereby prevent its being discharged into the atmosphere.

Oil Elimination System

Units 1, 2, 3 and 4 of the Trimble County Generating Station will include concrete or other appropriate subterranean pits or appropriate systems which will collect waste oils and greases from the transformer areas, fuel oil storage areas and generating units. Skimmers will remove oil from the top of the liquid receptacles in order that waters may be returned to the Ohio River in uncontaminated condition. Waste polluted oils will be disposed of by other pollution abatement facilities.

Effluent Drain Systems

The effluent drainage system consist of a sedimentation basin, equipped with monitoring and skimmers to remove oil and an extensive plant area runoff system which drains into the sedimentation basin and a coal pile and scrubber reactant area runoff basin equipped with monitors and treatment facilities which after treatment will drain into the sedimentation basin. The principal components of such effluent systems include the land, basins, pipes, pumps, motors and controls.

Metal cleaning chemical wastes will be collected and discharged to the ash pond. The components of this system include sumps, pumps, piping and controls.

Sanitary Facilities

Operation of Units 1, 2, 3 and 4 of the Trimble County Generating Station will require considerable personnel and appropriate sanitary facilities will be provided to comply with appropriate water pollution laws and regulations. Such facilities shall include sanitary receptacles, pumps, motors, piping and sanitary wastewater treatment facilities.

Reactant Preparation and Supply Facilities

The reactant preparation and supply facilities will supply reactant to the sulphur dioxide removal systems on Units 1, 2, 3 and 4 of Trimble County Generating Station. They will include the facilities to receive, unload, process and store the reactant material used to remove sulphur dioxide in the sulphur dioxide removal systems. The reactant preparation and supply facilities will consist of land, dock, mooring cells, unloading equipment, conveying equipment, grinding equipment, mixing equipment, thickening tanks, pumps, motors, piping, valves, controls, structures and other functionally related and subordinate equipment.

Limestone Preparation for Sulphur Dioxide Removal System	9,471,400.00	12/23/90	50	60	25.7479	34.2521	324,414,911.78
Ash Sluice and Waterborne Waste Transmission Facilities	8,260,007.00	12/23/90	50	60	25.7479	34.2521	282,922,212.37
Contaminated Liquids and Transmission and Disposal Systems	2,251,874.00	12/23/90	50	60	25.7479	34.2521	77,131,311.64
Sanitary Facilities	230,522.00	12/23/90	50	60	25.7479	34.2521	7,895,852.18
Additional Auxiliary and Station Power Facilities for Pollution Control Equipment	6,417,000.00	12/23/90	50	60	25.7479	34.2521	219,795,435.62
Total	127,718,798.00						4,374,631,267.39
Remaining reasonably expected economic life (in years) from September 15, 2016							34.2521

The Calculation Date is not later than the dates the Facilities were placed into service for federal income tax purposes. No costs attributable to land were financed with proceeds of the 1980 Series A Bonds or the 1982 Series A Bonds, which originally financed the Facilities. Capitalized interest and investment earnings have not been factored into the calculation as these items are allocable ratably over all of the Facilities. Calculations are on the basis of a 360-day year and a 30-day month. The weighted average of 120% of reasonably expected remaining Economic Life Less Time Elapsed Since Calculation Dates is not less than 27.9583 years.

All of the above assets comprise part of Unit #1 at the Trimble County Generating Station.

LOUISVILLE GAS AND ELECTRIC COMPANY

TO

THE BANK OF NEW YORK MELLON,

Trustee

Supplemental Indenture No. 5
dated as of September 1, 2016

Supplemental to the Indenture
dated as of October 1, 2010

Establishing

First Mortgage Bonds, Collateral Series 2016TCA

SUPPLEMENTAL INDENTURE NO. 5

SUPPLEMENTAL INDENTURE No. 5, dated as of the first day of September, 2016, made and entered into by and between LOUISVILLE GAS AND ELECTRIC COMPANY, a corporation duly organized and existing under the laws of the Commonwealth of Kentucky, having its principal corporate offices at 220 West Main Street, Louisville, Kentucky 40202 (hereinafter sometimes called the "Company"), and THE BANK OF NEW YORK MELLON, a New York banking corporation, having its corporate trust office at 500 Ross Street, 12th Floor, Pittsburgh, Pennsylvania 15262 and having its principal place of business at 225 Liberty Street, New York, New York 10281 (hereinafter sometimes called the "Trustee"), as Trustee under the Indenture, dated as of October 1, 2010 (hereinafter called the "Original Indenture"), between the Company and said Trustee, as heretofore supplemented, this Supplemental Indenture No. 5 being supplemental thereto. The Original Indenture, as heretofore supplemented, and this Supplemental Indenture No. 5 are hereinafter sometimes, collectively, called the "Indenture."

Recitals of the Company

The Original Indenture was authorized, executed and delivered by the Company to provide for the issuance from time to time of its Securities (such term and all other capitalized terms used herein without definition having the meanings assigned to them in the Original Indenture), to be issued in one or more series as contemplated therein, and to provide security for the payment of the principal of and premium, if any, and interest, if any, on such Securities.

The Company has heretofore executed and delivered supplemental indentures for the purpose of creating series of Securities as set forth in Exhibit A hereto.

The Original Indenture and Supplemental Indentures No. 1, No. 2 and No. 3, and financing statements in respect thereof, have been duly recorded and filed in the various official records in the Commonwealth of Kentucky as set forth in Supplemental Indenture No. 4.

Supplemental Indenture No. 4 has been duly recorded and filed in the various official records in the Commonwealth of Kentucky as set forth in Exhibit B hereto.

Pursuant to Article Three of the Original Indenture, the Company wishes to establish a series of Securities, such series of Securities to be hereinafter sometimes called "Securities of Series No. 7".

As contemplated in Section 301 of the Original Indenture, the Company further wishes to establish the designation and certain terms of the Securities of Series No. 7. The Company has duly authorized the execution and delivery of this Supplemental Indenture No. 5 to establish the designation and certain terms of such series of Securities and has duly authorized the issuance of such Securities; and all acts necessary to make this Supplemental Indenture No. 5 a valid agreement of the Company, and to make the Securities of Series No. 7 valid obligations of the Company, have been performed.

NOW, THEREFORE, THIS SUPPLEMENTAL INDENTURE NO. 5 WITNESSETH, that, for and in consideration of the premises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in order to secure the payment of the principal of and premium, if any, and interest, if any, on all Securities from time to time Outstanding and the performance of the covenants therein and in the Indenture contained, the Company hereby grants, bargains, sells, conveys, assigns, transfers, mortgages, pledges, sets over and confirms to the Trustee, and grants to the Trustee a security interest in and lien on, the real property specifically referred to in Exhibit C attached hereto and incorporated herein by reference and all right, title and interest of the Company in and to all property personal and mixed located thereon (other than Excepted Property), as and to the extent, and subject to the terms and conditions, set forth in the Original Indenture, as heretofore amended; and it is further mutually covenanted and agreed, for the benefit of the Holders of the Securities of Series No. 7, as follows:

ARTICLE ONE

SECURITIES OF SERIES NO. 7

SECTION 101. Creation of Series No. 7.

There is hereby created a series of Securities designated "First Mortgage Bonds, Collateral Series 2016TCA", and the Securities of such series shall:

(a) be issued in the aggregate principal amount of $125,000,000 and shall be limited to such aggregate principal amount (except as contemplated in Section 301(b) of the Original Indenture);

(b) be dated September 15, 2016;

(c) have a Stated Maturity of September 1, 2044, subject to prior redemption by the Company;

(d) have such additional terms as are established in an Officer's Certificate as contemplated in Section 301 of the Original Indenture; and

(e) be in substantially the form or forms established therefor in an Officer's Certificate, as contemplated by Section 201 of the Original Indenture.

ARTICLE TWO

MISCELLANEOUS PROVISIONS

SECTION 201. Single Instrument.

This Supplemental Indenture No. 5 is an amendment and supplement to the Original Indenture as heretofore amended and supplemented. As amended and supplemented by this Supplemental Indenture No. 5, the Original Indenture, as heretofore supplemented, is in all respects ratified, approved and confirmed, and the Original Indenture, as heretofore supplemented, and this Supplemental Indenture No. 5 shall together constitute the Indenture.

SECTION 202. Trustee.

The Trustee accepts the amendment of the Original Indenture effected by this Supplemental Indenture No. 5 upon the terms and conditions set forth in the Original Indenture, as heretofore amended and supplemented, including the terms and provisions defining and limiting the liabilities and responsibilities of the Trustee, which terms and provisions shall in like manner define and limit its liabilities and responsibilities in the performance of the trust created by the Original Indenture, as heretofore amended and supplemented, and as hereby amended. The Recitals of the Company contained in this Supplemental Indenture No. 5 shall be taken as the statements of the Company, and the Trustee assumes no responsibility for their correctness and makes no representations as to the validity or sufficiency of this Supplemental Indenture No. 5.

SECTION 203. Effect of Headings.

The Article and Section headings in this Supplemental Indenture No. 5 are for convenience only and shall not affect the construction hereof.

This instrument may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have caused this Supplemental Indenture No. 5 to be duly executed as of the day and year first written above.

EXHIBIT C

LOUISVILLE GAS AND COMPANY

REAL PROPERTY

Schedule of real property owned in fee located in the Commonwealth of Kentucky

That certain real property located in Jefferson County, Kentucky, as described below per the physical survey prepared by David L. King II, AGE Engineering Services, Inc., Ky. R.L.S. #3916, dated the 4th day of December, 2015, and a copy of which survey plat is also attached hereto as Exhibit B to the Deed of record in Deed Book 10523, Page 416 in the Office of the Clerk of Jefferson County, Kentucky:

BEGINNING at a 2 ½” x ¼” Mag nail with 2” Aluminum Washer stamped “PLS 3916” set in the centerline of Billtown Road, said Mag Nail being the Northwest Comer of the property being surveyed and having Kentucky State Plane North Zone Coordinates (NAD83) of N=241,849.167 E=1,263,424.408 and said Mag Nail being approximately 435’ North of the Intersection of centerlines of Billtown Road and Arbor Wood Drive, lying in Jefferson County, Kentucky and being the POINT OF BEGINNING for this description;

Thence leaving the centerline of Billtown Road and with first right-of-way dedicated to Billtown Road per Plat recorded in Deed Book 9777, Page 541, secondly the Southeastern line of Larry David Tyler et. al. (D.B. 9777, Page 547) and thirdly right-of-way rededicated to Tarrence Road per Plat recorded in Deed Book 9777, Page 541, N54°34’50”E- passing an iron pin found PLS# 3125 at 60.68 feet and continuing at the same bearing an additional 121.72 feet to an iron pin found PLS# 3125 and continuing an additional 439.55 feet for a total distance of 621.95 feet to a 2 ½” x ¼” Mag nail set with a 2” Aluminum Washer stamped “PLS 3916” in the asphalt pavement of Tarrence Road, said nail being on the Southeastern line of Tract IV dedicated to Tarrence Road right-of-way by plat recorded in Deed Book 9777, Pg. 541;

Thence leaving Tract IV dedicated to Tarrence Road right-of-way and with the southern line of first David B. Shelton (D.B. 6821, Pg. 444), secondly David Shelton (D.B. 7553, Pg. 67), thirdly Stanley E. Lanham (D.B. 6026, Pg. 682) and fourthly Mark Edward Johnson (D.B. 7832, Pg. 180), S88°37’47”E - passing an iron witness pin set (5/8” x 18” rebar with aluminum cap bearing PLS-3916, as will be typical for all set comer monuments), at 43.94 feet and continuing at the same bearing 644.30 feet to a ¾” Iron pipe found and continuing an additional 92.35 feet for total distance of 730.59 feet to a Stone Monument found, said stone being a 3-way corner of the tract being surveyed, Mark Edward Johnson and Lot 102 of Billtown Farms – Section 1 (Plat Book 47, Pg. 83);

Thence leaving the line of Mark Edward Johnson and with the Western line of first Lot 102 of Billtown Farms – Section 1 and secondly Lot 63 of Billtown Farms – Section 1 (Plat Book 47, Pg. 82), S22°02’13”W- passing a 5/8” Rebar No ID Cap at 417.01 feet and continuing at the same being 123.01 feet to an Iron Pin Found PLS# 3476 and continuing an additional101.68 feet for a total distance of 641.70 feet to an Iron Pin Found PLS# 2719, said pin being on the Western boundary line of Lot 63 of Billtown Farms Section 1 and being the Northeast Corner of Deborah M. Pinson (D.B. 7298, Pg. 841);

Thence leaving the line of Lot 63 of Billtown Farms Section 1 and with the line of Deborah M. Pinson, S84°43’26”W – 512.75 feet to a ½” Rebar Found (PLS# 3492 Winkle), said pin being on the Northern boundary line of Pinson and being the Southeast corner of Patrick McGlinchey (D.B. 9844, Pg. 269);

Thence leaving the line of Pinson and with the line of McGlinchey, N14°09’28”W – 124.16 feet to a ½” Rebar Found (PLS# 3492 Winkle), said pin being the Northeast corner of McGlinchey and being the Southeast comer of Louisville Water Company (D.B. 4046, Pg. 577);

Thence leaving the line of McGlinchey and with the line of Louisville Water Company, N26°04’02”W – passing iron pin found no ID Cap at 82.69 feet and continuing at the same bearing 109.82 feet for a total distance of 192.51 feet to a ½” Rebar Found, said pin being the Northeast Corner of the Louisville Water Company;

Thence continuing with the line of the Louisville Water Company, S84°43’26”W – passing an iron witness pin set at 309.26 feet and continuing at the same bearing and additional 89.08 feet for a total distance of 398.34 feet to a 2 ½” x ¼” Mag nail with 2” Aluminum Washer stamped “PLS 3916” set in the centerline of Billtown Road;

Thence leaving the line of Louisville Water Company and with the centerline of Billtown Road, N29°08’38”W – 49.79 feet to the Point of Beginning and containing 11.974 acres by survey.

All bearing are referenced to Grid North of the Kentucky State Plane Coordinate System – North Zone (NAD 83).

Being the same property conveyed to Louisville Gas and Electric Company, a Kentucky corporation, by Deed dated December 21, 2015, of record in Deed Book 10523, Page 416, in the Office of the County Clerk of Jefferson County, Kentucky.

LOUISVILLE GAS AND ELECTRIC COMPANY

OFFICER'S CERTIFICATE

(under Sections 201 and 301 of the Indenture, dated as of October 1, 2010)

Establishing the Form and Certain Terms of the First Mortgage Bonds, Collateral Series 2016TCA

The undersigned Daniel K. Arbough, the Treasurer of LOUISVILLE GAS AND ELECTRIC COMPANY (the "Company"), in accordance with Sections 201 and 301 of the Indenture, dated as of October 1, 2010 (the "Original Indenture"), as amended and supplemented by various instruments including Supplemental Indenture No. 5, dated as of September 1, 2016 (as so amended and supplemented, the "Indenture"), of the Company to The Bank of New York Mellon, trustee (the "Trustee"), does hereby establish, for the Securities of Series No. 7, established in Supplemental Indenture No. 5, the terms and characteristics set forth in this Officer's Certificate (capitalized terms used herein and not defined herein having the meanings specified in the Original Indenture).

Set forth below are the terms and characteristics of the aforesaid series of Securities referred to in clauses (a) through (u) in the third paragraph of Section 301 of the Indenture (the lettered clauses set forth herein corresponding to such clauses in said Section 301):

(a) the title of the Securities of such series shall be "First Mortgage Bonds, Collateral Series 2016TCA" (the "Bonds");

(b) the aggregate principal amount of Bonds which may be authenticated and delivered under the Indenture shall be limited to $125,000,000 as and to the extent set forth in Supplemental Indenture No. 5; the Stated Maturity of the Bonds will be September 1, 2044;

(c) (1) the Bonds are to be issued and delivered to, and registered in the name of U.S. Bank National Association, as trustee (the "Revenue Bond Trustee") under an indenture of trust dated as of September 1, 2016 (the "Revenue Bond Indenture"), which relates to Pollution Control Revenue Refunding Bonds, 2016 Series A (Louisville Gas and Electric Company Project) (the "Revenue Bonds") issued by the County of Trimble, Kentucky (the "Governmental Issuer");

(2) the Bonds will be issued and delivered to, and registered in the name of, the Revenue Bond Trustee under the Revenue Bond Indenture to convey the benefit of the lien of the Indenture to such Revenue Bond Trustee for the benefit of the holders of the Revenue Bonds issued and outstanding thereunder. All payments of principal of and interest on the Bonds shall be payable to the Revenue Bond Trustee as the registered holder of the Bonds;

(d) the principal of the Bonds shall be due and payable on the applicable Stated Maturity date specified in clause (b); and the Company shall not have the right to extend the Maturity of the Bonds as contemplated in Section 301(d) of the Original Indenture;

(e) the Bonds shall bear interest at the same rate borne from time to time by the Revenue Bonds; provided, however, that if such Revenue Bonds shall bear interest at more than one rate, the rate of interest borne by the Bonds shall be such composite rate as shall produce the same dollar amount of accrued interest on such Bonds as is produced on such Revenue Bonds; and provided, further, that interest on the Bonds shall not commence to accrue unless and until:

(1) the Bonds are to be mandatorily redeemed as contemplated in clause (g), or

(2) all Securities Outstanding under the Indenture shall have become immediately due and payable pursuant to Section 1002 of the Original Indenture,

and, in either such event, interest shall commence to accrue from the last date to which interest on the Revenue Bonds shall have been paid in full (the "Initial Interest Accrual Date"), as specified by the Revenue Bond Trustee in a written notice to the Trustee; interest on the Bonds, having commenced to accrue as aforesaid, shall be and remain immediately due and payable until paid in full (unless the mandatory redemption or acceleration giving rise to the accrual of interest as aforesaid shall have been rescinded or annulled, in which event such accrual of interest shall automatically be rescinded and annulled); and in no event shall the amount of interest accrued on the Bonds exceed the amount of interest accrued on the Revenue Bonds; and the Company shall not have any right to extend any interest payment periods for the Bonds as contemplated in Sections 301(e) and 312 of the Original Indenture;

(f) the Corporate Trust Office of the Trustee in Pittsburgh, Pennsylvania shall be the office or agency of the Company at which the principal of and any premium and interest on the Bonds at Maturity shall be payable, at which registration of transfers and exchanges of the Bonds may be effected and at which notices and demands to or upon the Company in respect of the Bonds and the Indenture may be served; and the Trustee will initially be the Security Registrar and the Paying Agent for the Bonds; provided, however, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent;

(g) If the Revenue Bonds shall have become immediately due and payable due to the occurrence and continuance of an Event of Default under the Revenue Bond Indenture (which Event of Default shall have been caused by an event of default under the loan agreement dated as of September 1, 2016 between the Company and the Governmental Issuer relating to the Revenue Bonds (the "Agreement") that has resulted in a default in payment of the principal of or premium, if any, or interest on such Revenue Bonds, or a default in a payment of purchase price with respect thereto) and if all Securities Outstanding under the Indenture shall not have become immediately due and payable following an Event of Default under the Indenture, the Bonds shall be redeemed by the Company, in whole, at a redemption price equal to 100% of the principal amount thereof plus accrued interest from the Initial Interest Accrual Date to the date of redemption upon receipt by the Company and the Trustee of a written demand for such redemption (a "Redemption Demand") executed and delivered by the Revenue Bond Trustee and stating (1) that such Revenue Bonds have become immediately due and payable due to the occurrence and continuance of an Event of Default under the Revenue Bond Indenture, (2) that such Event of Default was caused by an event of default under the Agreement that resulted in a default in payment of the principal of or premium, if any, or interest on such Revenue Bonds, or a default in a payment of purchase price with respect thereto, (3) that the redemption of the Bonds is thereby demanded by such Revenue Bond Trustee and (4) the last date to which interest on such Revenue Bonds has been paid in full; provided, however, that any rescission or annulment of the acceleration of maturity of the Revenue Bonds shall constitute the rescission and annulment of the Company's obligation to redeem the Bonds. No notice of any such redemption shall be required to be given;

(h) inapplicable;

(i) the Bonds shall be issuable in denominations of $1,000 and any integral multiple thereof;

(j) inapplicable;

(k) inapplicable;

(l) inapplicable;

(m) inapplicable;

(n) inapplicable;

(o) inapplicable;

(p) inapplicable;

(q) the Bonds shall be non-transferable except to a successor Revenue Bond Trustee under the Revenue Bond Indenture; no service or other charge shall be made for any registration of transfer or exchange of the Bonds;

(r) inapplicable;

(s) inapplicable;

(t) inapplicable; and

(u) (1) anything herein to the contrary notwithstanding, the obligation of the Company to make any payment of the principal of or interest on the Bonds shall be deemed to be satisfied and discharged to the extent of the corresponding payment (A) made by the Company to the Revenue Bond Trustee pursuant to the Agreement and/or (B) made with moneys on deposit in any fund or account maintained under such Revenue Bond Indenture for the payment of the principal of or interest on the Revenue Bonds;

(2) the Trustee may conclusively presume that the obligation of the Company to pay the principal of and interest on the Bonds as the same shall become due and payable shall have been fully satisfied and discharged unless and until it shall have received a written notice from the Revenue Bond Trustee, as Holder of such Bonds, signed by an authorized officer thereof, stating that the principal of and/or interest on such Bonds has become due and payable and has not been fully paid, and specifying the amount of funds required to make such payment;

(3) The Trustee may conclusively presume that all statements made in a Redemption Demand are true and correct and, unless advised to the contrary by the Revenue Bond Trustee in a written notice to the Trustee, that no redemption demanded in a Redemption Demand has been rescinded, and shall be entitled to receive, and to conclusively rely on, a written notice from the Revenue Bond Trustee as to the amount of interest accruing on the Bonds from time to time; and

(4) except as otherwise determined by the proper officers of the Company and established in one or more Officer's Certificates supplemental to this Officer's Certificate, the Bonds shall be substantially in the form of the Bond attached hereto as Exhibit A, which form is hereby authorized and approved, and shall have such further terms as are set forth in such form.

IN WITNESS WHEREOF, I have executed this Officer's Certificate this 15th day of September, 2016.

EXHIBIT A

THIS SECURITY IS NON-TRANSFERABLE EXCEPT TO A SUCCESSOR REVENUE BOND TRUSTEE UNDER THE REVENUE BOND INDENTURE SPECIFIED BELOW.

[FORM OF BOND]

No.

Principal Amount: $

Stated Maturity:

Governmental Issuer: County of Trimble, Kentucky

Revenue Bonds: Pollution Control Revenue Refunding Bonds, 2016 Series A (Louisville Gas and Electric Company Project)

Revenue Bond Indenture: Indenture of Trust, dated as of September 1, 2016, between the Governmental Issuer and the Revenue Bond Trustee

Revenue Bond Trustee: , as trustee under the Revenue Bond Indenture

LOUISVILLE GAS AND ELECTRIC COMPANY

FIRST MORTGAGE BOND, COLLATERAL SERIES 2016TCA

LOUISVILLE GAS AND ELECTRIC COMPANY, a corporation duly organized and existing under the laws of the Commonwealth of Kentucky (herein referred to as the "Company," which term includes any Successor Corporation under the Indenture referred to below), for value received, hereby promises to pay to the Revenue Bond Trustee specified above, the principal sum of

($) Dollars

on the Stated Maturity specified above, and to pay interest from the Initial Interest Accrual Date (as defined below) on said principal sum at the rate from time to time borne by the Revenue Bonds specified above; provided, however, that if such Revenue Bonds shall bear interest at more than one rate, the rate of interest borne by this Security shall be such composite rate as shall produce the same dollar amount of accrued interest on this Security as is produced on such Revenue Bonds. No interest will accrue on the Securities with respect to the day on which the Securities mature.

CERTIFICATE OF AUTHENTICATION

This is one of the Securities of the series designated therein referred to in the within-mentioned Indenture.

Date of Authentication:

THE BANK OF NEW YORK MELLON, as Trustee

By: ______________________________

Authorized Signatory

Interest on this Security will be computed on the same basis as interest on the Revenue Bonds specified above as provided in the Revenue Bond Indenture specified above.

Interest on the Securities of this series shall not commence to accrue unless and until:

(1) the Securities of this series are to be mandatorily redeemed as contemplated below, or

(2) all Securities Outstanding under the Indenture referred to below shall have become immediately due and payable pursuant to Section 1002 of the Original Indenture (as defined below),

and, in either such event, interest shall commence to accrue from the last date to which interest on the Revenue Bonds specified above shall have been paid in full (the "Initial Interest Accrual Date"), as specified by the Revenue Bond Trustee specified above in a written notice to the Trustee.

Payment of the principal of and premium, if any, and interest at Maturity on this Security shall be made upon presentation of this Security at the corporate trust office of The Bank of New York Mellon in New York, New York, or at such other office or agency as may be designated for such purpose by the Company from time to time, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, and payment of interest, if any, on this Security (other than interest payable at Maturity) shall be made by check mailed to the address of the Person entitled thereto as such address shall appear in the Security Register.

This Security is one of a duly authorized issue of Securities of the Company (herein called the "Securities"), issued and issuable in one or more series under an Indenture, dated as of October 1, 2010 (herein called the "Original Indenture" and, together with any amendments or supplements thereto and the Officer's Certificate establishing the terms of the Securities of this series, the "Indenture," which term shall have the meaning assigned to it in the Original Indenture), between the Company and The Bank of New York Mellon, as trustee (herein called the "Trustee," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including Supplemental Indenture No. 5 thereto, for a statement of the property mortgaged, pledged and held in trust, the nature and extent of the security, the conditions upon which the lien of the Indenture may be released and the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities and of the terms upon which the Securities are, and are to be, authenticated and delivered. The acceptance of this Security by the Holder hereof shall be deemed to constitute the consent and agreement by such Holder to all of the terms and provisions of the Indenture. This Security is one of the series designated on the face hereof.

If the Revenue Bonds specified above shall have become immediately due and payable due to the occurrence and continuance of an Event of Default under the Revenue Bond Indenture specified above (which Event of Default shall have been caused by an event of default under the Agreement (as defined in the Revenue Bond Indenture specified above) between the Company and the Governmental Issuer specified above (the "Agreement") that has resulted in a default in payment of the principal of or premium, if any, or interest on such Revenue Bonds, or a default in a payment of purchase price with respect thereto) and if all Securities Outstanding under the Indenture shall not have become immediately due and payable following an Event of Default under the Indenture, the Bonds of this series shall be redeemed by the Company, in whole, at a redemption price equal to 100% of the principal amount thereof plus accrued interest from the Initial Interest Accrual Date to the date of redemption upon receipt by the Company and the Trustee of a written demand for such redemption (a "Redemption Demand") executed and delivered by the Revenue Bond Trustee specified above and stating (a) that such Revenue Bonds have become immediately due and payable due to the occurrence and continuance of an Event of Default under such Revenue Bond Indenture, (b) that such Event of Default was caused by an event of default under the loan agreement between the

Company and such Governmental Issuer that resulted in a default in payment of the principal of or premium, if any, or interest on such Revenue Bonds, or a default in a payment of purchase price with respect thereto, (c) that the redemption of the Bonds of this series is thereby demanded by such Revenue Bond Trustee and (d) the last date to which interest on such Revenue Bonds has been paid in full.

If an Event of Default with respect to the Securities of this series shall occur and be continuing, the principal of this Security may be declared due and payable in the manner and with the effect provided in the Indenture.

Anything herein to the contrary notwithstanding, the obligation of the Company to make any payment of the principal of or interest on the Bonds of this series shall be deemed to be satisfied and discharged to the extent of the corresponding payment (a) made by the Company to the Revenue Bond Trustee specified above pursuant to the Agreement and/or (b) made with moneys on deposit in any fund or account maintained under such Revenue Bond Indenture for the payment of the principal of or interest on the Revenue Bonds.

The Trustee may conclusively presume that the obligation of the Company to pay the principal of and interest on the Securities of this series as the same shall become due and payable shall have been fully satisfied and discharged unless and until it shall have received a written notice from the Revenue Bond Trustee specified above, signed by an authorized officer thereof, stating that the principal of and/or interest on the Securities of this series has become due and payable and has not been fully paid, and specifying the amount of funds required to make such payment.

The Trustee may conclusively presume that all statements made in a Redemption Demand are true and correct and, unless advised to the contrary by the Revenue Bond Trustee specified above in a written notice to the Trustee, that no redemption demanded in a Redemption Demand has been rescinded, and shall be entitled to receive, and to conclusively rely on, a written notice from such Revenue Bond Trustee as to the amount of interest accruing on the Securities of this series from time to time.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of all series affected at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless (a) such Holder shall have previously given the Trustee written notice of a continuing Event of Default; (b) the Holders of 25% in aggregate principal amount of the Outstanding Securities shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity; (c) the Trustee shall not have received from the Holders of a majority in aggregate principal amount of the Outstanding Securities a direction inconsistent with such request; and (d) the Trustee shall have failed to institute any such proceeding for 60 days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

The Securities of this series are issuable only in registered form without coupons, and in denominations of $1,000 and integral multiples thereof.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company for such purpose, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Trustee duly executed by, the Holder hereof or its attorney duly authorized in writing, and thereupon one or more new Securities of this series, of authorized denominations and of like tenor and aggregate principal amount, shall be issued to the designated transferee or transferees.

As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of the same series, of any authorized denominations, as requested by the Holder surrendering the same, and of like tenor upon surrender of the Security or Securities to be exchanged at the office or agency of the Company for such purpose.

No service or other charge shall be made for any such registration of transfer or exchange.

Anything herein to the contrary notwithstanding, this Security shall not be transferable except to a successor Revenue Bond Trustee under the Revenue Bond Indenture specified above.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes (subject to Sections 305 and 307 of the Indenture), whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture and this Security shall be governed by and construed in accordance with the laws of the State of New York (including, without limitation, Section 5-1401 of the New York General Obligations Law or any successor to such statute), except to the extent that the Trust Indenture Act shall be applicable and except to the extent that the law of any other jurisdiction shall mandatorily govern.

As used herein, “Business Day,” means any day, other than a Saturday or Sunday, that is not a day on which banking institutions or trust companies in The City of New York, New York, or other city in which a paying agent for this Security is located, are generally authorized or required by law, regulation or executive order to remain closed. All other terms used in this Security that are defined in the Indenture shall have the meanings assigned to them in the Indenture.

As provided in the Indenture, no recourse shall be had for the payment of the principal of or premium, if any, or interest on any Securities, or any part thereof, or for any claim based thereon or otherwise in respect thereof, or of the indebtedness represented thereby, or upon any obligation, covenant or agreement under the Indenture, against, and no personal liability whatsoever shall attach to, or be incurred by, any incorporator, stockholder, member, officer or director, as such, past, present or future of the Company or of any predecessor or successor corporation (either directly or through the Company or a predecessor or successor corporation), whether by virtue of any constitutional provision, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise; it being expressly agreed and understood that the Indenture and all the Securities are solely corporate obligations and that any such personal liability is hereby expressly waived and released as a condition of, and as part of the consideration for, the execution of the Indenture and the issuance of the Securities.

Unless the certificate of authentication hereon has been executed by the Trustee referred to herein by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

FORM 10-Q
FOR THE QUARTER ENDED September 30, 2016

Table of Contents

This combined Form 10-Q is separately filed by the following Registrants in their individual capacity: PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant, except that information under "Forward-Looking Information" relating to subsidiaries of PPL Corporation is also attributed to PPL Corporation and information relating to the subsidiaries of LG&E and KU Energy LLC is also attributed to LG&E and KU Energy LLC.

Unless otherwise specified, references in this Report, individually, to PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company are references to such entities directly or to one or more of their subsidiaries, as the case may be, the financial results of which subsidiaries are consolidated into such Registrants in accordance with GAAP. This presentation has been applied where identification of particular subsidiaries is not material to the matter being disclosed, and to conform narrative disclosures to the presentation of financial information on a consolidated basis.

GLOSSARY OF TERMS AND ABBREVIATIONS

PPL Corporation and its subsidiaries

KU - Kentucky Utilities Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity, primarily in Kentucky.

LG&E - Louisville Gas and Electric Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas in Kentucky.

LKE - LG&E and KU Energy LLC, a subsidiary of PPL and the parent of LG&E, KU and other subsidiaries.

LKS - LG&E and KU Services Company, a subsidiary of LKE that provides services to LKE and its subsidiaries.

PPL - PPL Corporation, the parent holding company of PPL Electric, PPL Energy Funding, PPL Capital Funding, LKE and other subsidiaries.

PPL Capital Funding - PPL Capital Funding, Inc., a financing subsidiary of PPL that provides financing for the operations of PPL and certain subsidiaries. Debt issued by PPL Capital Funding is guaranteed as to payment by PPL.

PPL Electric - PPL Electric Utilities Corporation, a public utility subsidiary of PPL engaged in the regulated transmission and distribution of electricity in its Pennsylvania service area and that provides electricity supply to its retail customers in this area as a PLR.

PPL Energy Funding - PPL Energy Funding Corporation, a subsidiary of PPL and the parent holding company of PPL Global and other subsidiaries.

PPL EU Services - PPL EU Services Corporation, a subsidiary of PPL that provides support services and corporate functions such as financial, supply chain, human resources and facilities management services primarily to PPL Electric and its affiliates.

PPL Global - PPL Global, LLC, a subsidiary of PPL Energy Funding that, primarily through its subsidiaries, owns and operates WPD, PPL's regulated electricity distribution businesses in the U.K.

PPL Services - PPL Services Corporation, a subsidiary of PPL that provides administrative, management and support services to PPL and its subsidiaries.

PPL WPD Limited - an indirect U.K. subsidiary of PPL Global and parent to WPD plc.

WPD - refers to PPL WPD Limited and its subsidiaries.

WPD (East Midlands) - Western Power Distribution (East Midlands) plc, a British regional electricity distribution utility company.

WPD plc - Western Power Distribution plc, a direct U.K. subsidiary of PPL WPD Limited. Its principal indirectly owned subsidiaries are WPD (East Midlands), WPD (South Wales), WPD (South West) and WPD (West Midlands).

WPD Midlands - refers to WPD (East Midlands) and WPD (West Midlands), collectively.

WPD (South Wales) - Western Power Distribution (South Wales) plc, a British regional electricity distribution utility company.

WPD (South West) - Western Power Distribution (South West) plc, a British regional electricity distribution utility company.

WPD (West Midlands) - Western Power Distribution (West Midlands) plc, a British regional electricity distribution utility company.

WKE - Western Kentucky Energy Corp., a subsidiary of LKE that leased certain non-utility generating plants in western Kentucky until July 2009.

Other terms and abbreviations

£ - British pound sterling.

2015 Form 10-K - Annual Report to the SEC on Form 10-K for the year ended December 31, 2015.

2001 Mortgage Indenture - PPL Electric's Indenture, dated as of August 1, 2001, to the Bank of New York Mellon (as successor to JPMorgan Chase Bank), as trustee, as supplemented.

Act 11 - Act 11 of 2012 that became effective on April 16, 2012. The Pennsylvania legislation authorizes the PUC to approve two specific ratemaking mechanisms: the use of a fully projected future test year in base rate proceedings and, subject to certain conditions, a DSIC.

Act 129 - Act 129 of 2008 that became effective in October 2008. The law amends the Pennsylvania Public Utility Code and creates an energy efficiency and conservation program and smart metering technology requirements, adopts new PLR electricity supply procurement rules, provides remedies for market misconduct and changes to the Alternative Energy Portfolio Standard (AEPS).

Advanced Metering System - meters and meter reading systems that provide two-way communication capabilities, which communicate usage and other relevant data to LG&E and KU at regular intervals, but also are able to receive information from LG&E and KU, such as software upgrades and requests to provide meter readings in real time.

AOCI - accumulated other comprehensive income or loss.

Article 50 of the Lisbon Treaty - The Treaty of Lisbon is an international agreement which amends the two treaties which form the constitutional basis of the European Union, and came into force on December 1, 2009. Under Article 50 of this treaty, any member state of the European Union may decide to withdraw from the Union in accordance with its own constitutional requirements.

ARO - asset retirement obligation.

ATM Program - At-the-Market stock offering program.

BSER - Best System of Emission Reduction. The degree of emission reduction that EPA determines has been adequately demonstrated when taking into account the cost of achieving such reduction and any non-air quality health and environmental impact and energy requirements.

CCR(s) - Coal Combustion Residual(s). CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes.

Clean Air Act - federal legislation enacted to address certain environmental issues related to air emissions, including acid rain, ozone and toxic air emissions.

Clean Water Act - federal legislation enacted to address certain environmental issues relating to water quality including effluent discharges, cooling water intake, and dredge and fill activities.

CPCN - Certificate of Public Convenience and Necessity. Authority granted by the KPSC pursuant to Kentucky Revised Statute 278.020 to provide utility service to or for the public or the construction of certain plant, equipment, property or facility for furnishing of utility service to the public.

Customer Choice Act - the Pennsylvania Electricity Generation Customer Choice and Competition Act, legislation enacted to restructure the state's electric utility industry to create retail access to a competitive market for generation of electricity.

Distribution Automation - advanced grid intelligence enabling LG&E and KU to perform remote monitoring and control, circuit segmentation and self-healing of select distribution system circuits, improving grid reliability and efficiency.

DNO - Distribution Network Operator in the U.K.

DPCR4 - Distribution Price Control Review 4, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2005.

DPCR5 - Distribution Price Control Review 5, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2010.

DRIP - PPL Amended and Restated Dividend Reinvestment and Direct Stock Purchase Plan.

DSIC - the Distribution System Improvement Charge authorized under Act 11, which is an alternative ratemaking mechanism providing more-timely cost recovery of qualifying distribution system capital expenditures.

DSM - Demand Side Management. Pursuant to Kentucky Revised Statute 278.285, the KPSC may determine the reasonableness of DSM plans proposed by any utility under its jurisdiction. Proposed DSM mechanisms may seek full recovery of costs and revenues lost by implementing DSM programs and/or incentives designed to provide financial rewards to the utility for implementing cost-effective DSM programs. The cost of such programs shall be assigned only to the class or classes of customers which benefit from the programs.

Earnings from Ongoing Operations - A non-GAAP financial measure of earnings adjusted for the impact of special items and used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

ECR - Environmental Cost Recovery. Pursuant to Kentucky Revised Statute 278.183, Kentucky electric utilities are entitled to the current recovery of costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements that apply to coal combustion wastes and by-products from the production of energy from coal.

ELG(s) - Effluent Limitation Guidelines, regulations promulgated by the EPA.

EPA - Environmental Protection Agency, a U.S. government agency.

FERC - Federal Energy Regulatory Commission, the U.S. federal agency that regulates, among other things, interstate transmission and wholesale sales of electricity, hydroelectric power projects and related matters.

GAAP - Generally Accepted Accounting Principles in the U.S.

GBP - British pound sterling.

GLT - Gas Line Tracker. The KPSC approved mechanism for LG&E's recovery of costs associated with gas service lines, gas risers, leak mitigation, and gas main replacements.

IRS - Internal Revenue Service, a U.S. government agency.

KPSC - Kentucky Public Service Commission, the state agency that has jurisdiction over the regulation of rates and service of utilities in Kentucky.

LCIDA - Lehigh County Industrial Development Authority.

LIBOR - London Interbank Offered Rate.

Margins - A non-GAAP financial measure of performance used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

MATS - Mercury and Air Toxics Standards, regulations promulgated by the EPA.

Moody's - Moody's Investors Service, Inc., a credit rating agency.

MW - megawatt, one thousand kilowatts.

NAAQS - National Ambient Air Quality Standards periodically adopted pursuant to the Clean Air Act.

NERC - North American Electric Reliability Corporation.

NGCC - Natural gas-fired combined-cycle generating plant.

NPNS - the normal purchases and normal sales exception as permitted by derivative accounting rules. Derivatives that qualify for this exception may receive accrual accounting treatment.

NSR - The new source review provisions of the Clean Air Act that impose stringent emission control requirements on new and modified sources of air emissions that result in emission increases beyond thresholds allowed by the Clean Air Act.

OCI - other comprehensive income or loss.

Ofgem - Office of Gas and Electricity Markets, the British agency that regulates transmission, distribution and wholesale sales of electricity and related matters.

OVEC - Ohio Valley Electric Corporation, located in Piketon, Ohio, an entity in which LKE indirectly owns an 8.13% interest (consists of LG&E's 5.63% and KU's 2.50% interests), which is accounted for as a cost-method investment. OVEC owns and operates two coal-fired power plants, the Kyger Creek plant in Ohio and the Clifty Creek plant in Indiana, with combined summer rating capacities of 2,120 MW.

PLR - Provider of Last Resort, the role of PPL Electric in providing default electricity supply within its delivery area to retail customers who have not chosen to select an alternative electricity supplier under the Customer Choice Act.

PP&E - property, plant and equipment.

PPL EnergyPlus - prior to the June 1, 2015 spinoff of PPL Energy Supply, PPL EnergyPlus, LLC, a subsidiary of PPL Energy Supply that marketed and traded wholesale and retail electricity and gas, and supplied energy and energy services in competitive markets.

PPL Energy Supply - prior to the June 1, 2015 spinoff, PPL Energy Supply, LLC, a subsidiary of PPL Energy Funding and the parent company of PPL EnergyPlus and other subsidiaries.

PUC - Pennsylvania Public Utility Commission, the state agency that regulates certain ratemaking, services, accounting and operations of Pennsylvania utilities.

RAV - regulatory asset value. This term, used within the U.K. regulatory environment, is also commonly known as RAB or regulatory asset base. RAV is based on historical investment costs at time of privatization, plus subsequent allowed additions less annual regulatory depreciation, and represents the value on which DNOs earn a return in accordance with the regulatory cost of capital. RAV is indexed to Retail Price Index (RPI) in order to allow for the effects of inflation. Since the beginning of DPCR5 in April 2010, RAV additions have been based on a percentage of annual total expenditures, which have continued from April 2015 under RIIO-ED1. RAV is intended to represent expenditures that have a long-term benefit to WPD (similar to capital projects for the U.S. regulated businesses that are generally included in rate base).

RCRA - Resource Conservation and Recovery Act of 1976.

Registrant(s) - refers to the Registrants named on the cover of this Report (each a "Registrant" and collectively, the "Registrants").

Regulation S-X - SEC regulation governing the form and content of and requirements for financial statements required to be filed pursuant to the federal securities laws.

RFC - ReliabilityFirst Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

RIIO-ED1 - RIIO represents "Revenues = Incentive + Innovation + Outputs." RIIO-ED1 refers to the initial eight-year rate review period applicable to WPD which commenced April 1, 2015.

Riverstone - Riverstone Holdings LLC, a Delaware limited liability company and ultimate parent company of the entities that own the competitive power generation business contributed to Talen Energy other than the competitive power generation business contributed by virtue of the spinoff of a newly formed parent of PPL Energy Supply.

RPI - Retail Price Index, is a measure of inflation in the United Kingdom published monthly by the Office for National Statistics.

SCRs - selective catalytic reduction, a pollution control process for the removal of nitrogen oxide from exhaust gas.

S&P - Standard & Poor's Ratings Services, a credit rating agency.

Sarbanes-Oxley- Sarbanes-Oxley Act of 2002, which sets requirements for management's assessment of internal controls for financial reporting. It also requires an independent auditor to make its own assessment.

Scrubber - an air pollution control device that can remove particulates and/or gases (primarily sulfur dioxide) from exhaust gases.

SEC - the U.S. Securities and Exchange Commission, a U.S. government agency primarily responsible to protect investors and maintain the integrity of the securities markets.

SERC - SERC Reliability Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

Smart meter - an electric meter that utilizes smart metering technology.

Smart metering technology - technology that can measure, among other things, time of electricity consumption to permit offering rate incentives for usage during lower cost or demand intervals. The use of this technology also has the potential to strengthen network reliability.

Superfund - federal environmental statute that addresses remediation of contaminated sites; states also have similar statutes.

Talen Energy - Talen Energy Corporation, the Delaware corporation formed to be the publicly traded company and owner of the competitive generation assets of PPL Energy Supply and certain affiliates of Riverstone.

Talen Energy Marketing - Talen Energy Marketing, LLC, the new name of PPL EnergyPlus subsequent to the spinoff of PPL Energy Supply.

Treasury Stock Method - A method applied to calculate diluted EPS that assumes any proceeds that could be obtained upon exercise of options and warrants (and their equivalents) would be used to purchase common stock at the average market price during the relevant period.

VSCC - Virginia State Corporation Commission, the state agency that has jurisdiction over the regulation of Virginia corporations, including utilities.

(THIS PAGE LEFT BLANK INTENTIONALLY.)

Forward-looking Information

Statements contained in this Form 10-Q concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact are "forward-looking statements" within the meaning of the federal securities laws. Although the Registrants believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, and actual results may differ materially from the results discussed in forward-looking statements. In addition to the specific factors discussed in each Registrant's 2015 Form 10-K and in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-Q, the following are among the important factors that could cause actual results to differ materially from the forward-looking statements.

- challenges by intervenors to the return on equity granted in existing rate structures;
- fuel supply and cost;
- continuing ability to recover fuel costs and environmental expenditures in a timely manner at LG&E and KU, and natural gas supply costs at LG&E;
- weather conditions affecting transmission and distribution operations, and customer energy use;
- availability and operating costs of existing generation facilities;
- the duration of and cost associated with outages at our generating facilities;
- generation, transmission and distribution system conditions, and operating costs;
- expansion of alternative and distributed sources of electricity generation and storage;
- collective labor bargaining negotiations;
- laws or regulations to reduce emissions of "greenhouse" gases or physical effects of climate change;
- the outcome of litigation against the Registrants and their subsidiaries;
- potential effects of threatened or actual terrorism, war or other hostilities, cyber-based intrusions or natural disasters;
- the commitments and liabilities of the Registrants and their subsidiaries;
- the effect of changes in RPI on WPD's revenues and index linked debt;
- the effectiveness of our risk management programs, including foreign currency and interest rate hedging;
- the effect of the June 23, 2016 referendum in the U.K. to withdraw from the European Union;
- our ability to attract and retain qualified employees;
- volatility in demand for electricity;
- market prices of commodity inputs for ongoing capital expenditures or key operational needs;
- capital market conditions, including the availability of capital or credit, changes in interest rates and certain economic indices, and decisions regarding capital structure;
- stock price performance of PPL;
- defaults by counterparties or suppliers for energy, capacity, coal, natural gas or key commodities, goods or services;
- volatility in the fair value of debt and equity securities and its impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities and interest payable on certain debt securities;
- volatility in or the impact of other changes in financial markets and economic conditions;
- new accounting requirements or new interpretations or applications of existing requirements;
- changes in securities and credit ratings;
- changes in foreign currency exchange rates for British pound sterling;
- current and future environmental conditions, regulations and other requirements and the related costs of compliance, including environmental capital expenditures, emission allowance costs and other expenses;
- changes in political, regulatory or economic conditions in states, regions or countries where the Registrants or their subsidiaries conduct business;
- receipt of necessary governmental permits, approvals and rate relief;
- new state, federal or foreign legislation or regulatory developments;
- the outcome of any rate cases or other cost recovery or revenue filings by PPL Electric, LG&E, KU or WPD;
- the achievement of performance targets set by Ofgem;
- the impact of any state, federal or foreign investigations applicable to the Registrants and their subsidiaries and the energy industry;
- the effect of any business or industry restructuring;
- development of new projects, markets and technologies;
- performance of new ventures; and
- business dispositions or acquisitions and our ability to realize expected benefits from such business transactions.

Any such forward-looking statements should be considered in light of such important factors and in conjunction with other documents of the Registrants on file with the SEC.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for the Registrants to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. Any forward-looking statement speaks only as of the date on which such statement is made, and the Registrants undertake no obligation to update the information contained in such statement to reflect subsequent developments or information.

Combined Notes to Condensed Financial Statements (Unaudited)

1. Interim Financial Statements

(All Registrants)

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2015 is derived from that Registrant's 2015 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2015 Form 10-K. The results of operations for the three and nine months ended September 30, 2016 are not necessarily indicative of the results to be expected for the full year ending December 31, 2016 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

The classification of certain prior period amounts has been changed to conform to the presentation in the September 30, 2016 financial statements.

(PPL)

"Income (Loss) from Discontinued Operations (net of income taxes)" on the Statements of Income includes the activities of PPL Energy Supply, substantially representing PPL's former Supply segment, which was spun off and distributed to PPL shareowners on June 1, 2015. In addition, the Statement of Cash Flows for the nine months ended September 30, 2015 separately reports the cash flows of the discontinued operations. See Note 8 for additional information.

2. Summary of Significant Accounting Policies

(All Registrants)

The following accounting policy disclosures represent updates to Note 1 to each indicated Registrant's 2015 Form 10-K and should be read in conjunction with those disclosures.

Accounts Receivable *(PPL and PPL Electric)*

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. The purchased accounts receivable are initially recorded at fair value using a market approach based on the purchase price paid and are classified as Level 2 in the fair value hierarchy. During the three and nine months ended September 30, 2016, PPL Electric purchased $365 million and $1.0 billion of accounts receivable from unaffiliated third parties. During the three and nine months ended September 30, 2015, PPL Electric purchased $361 million and $968 million of accounts receivable from unaffiliated third parties. PPL Electric's purchases from PPL EnergyPlus for the nine months ended September 30, 2015 were $146 million. As a result of the June 1, 2015 spinoff of PPL Energy Supply and creation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are included as purchases from an unaffiliated third party.

Discount Rate Change for U.K. Pension Plans *(PPL)*

In selecting the discount rate for its U.K. pension plans, WPD historically used a single weighted-average discount rate in the calculation of net periodic defined benefit cost. WPD began using individual spot rates to measure service cost and interest cost for the calculation of net periodic defined benefit cost in 2016. For the three and nine months ended September 30, 2016, this change in discount rate resulted in lower net periodic defined benefit costs recognized on PPL's Statements of Income of $10 million ($8 million after-tax or $0.01 per share) and $31 million ($25 million after-tax or $0.04 per share).

Foreign Currency Translation and Transactions *(PPL)*

WPD's functional currency is the GBP, which is the local currency in the U.K. As such, assets and liabilities are translated to U.S. dollars at the exchange rates on the date of consolidation and related revenues and expenses are generally translated at average exchange rates prevailing during the period included in PPL's results of operations. Adjustments resulting from foreign currency translation are recorded in AOCI.

Certain financial information provided for future periods in PPL’s 2015 Form 10-K is impacted by the decrease in the GBP to U.S. dollar exchange rate that occurred subsequent to the U.K.'s vote on June 23, 2016 to withdraw from the European Union.

New Accounting Guidance Adopted *(All Registrants)*

Accounting for Stock-Based Compensation

Effective January 1, 2016, the Registrants adopted accounting guidance to simplify the accounting for share-based payment transactions. The guidance requires excess tax benefits and tax deficiencies to be recorded as income tax benefit or expense on the statement of income, eliminates the requirement that excess tax benefits be realized before companies can recognize them and changes the threshold for statutory income tax withholding requirements to qualify for equity classification to the maximum statutory tax rates in the applicable jurisdictions. This guidance also changes the classification of excess tax benefits to an operating activity and employee taxes paid when shares are withheld to satisfy the employer's statutory income tax withholding obligation to a financing activity on the statement of cash flows and allows entities to make a policy election to either estimate forfeitures or recognize them when they occur. The adoption of this guidance had the following impacts:

- Using the required prospective method of transition, for the three and nine months ended September 30, 2016, PPL recorded tax benefits of $1 million and $12 million ($0.02 per share), and for the nine months ended September 30, 2016, PPL Electric recorded tax benefits of $7 million, related to excess tax benefits for awards that were exercised and vested for the periods ending September 30, 2016. These amounts were recorded to Income taxes on the Statements of Income and Deferred income taxes on the Balance Sheets. The impact on LKE was not significant.

- PPL elected to use the prospective method of transition for classifying excess tax benefits as an Operating activity on the Statement of Cash Flows. The amounts classified as Financing activities in the prior periods were not significant.

- Upon adoption, using the required modified retrospective method of transition, PPL recorded a cumulative effect adjustment of $7 million to increase Earnings reinvested and decrease Deferred income taxes on the Balance Sheet related to prior period unrecognized excess tax benefits.

- PPL has historically presented employee taxes paid for net settled awards as a Financing activity on the Statement of Cash Flows. Therefore, there is no transition impact for this requirement.

- PPL has elected to recognize forfeitures when they occur. Due to past experience of insignificant forfeitures, there is no transition impact of this policy election.

3. Segment and Related Information

(PPL)

See Note 2 in PPL's 2015 Form 10-K for a discussion of reportable segments and related information.

Financial data for the segments and reconciliation to PPL's consolidated results for the periods ended September 30 are:

	Three Months		Nine Months	
	2016	2015	2016	2015
Income Statement Data				
Revenues from external customers				
U.K. Regulated	$ 515	$ 552	$ 1,673	$ 1,836

Pennsylvania Regulated	9,070	8,511
Corporate and Other (e)	101	365
Total assets	$ 38,038	$ 39,301

(a) Includes unrealized gains and losses from hedging foreign-currency related economic activity. See Note 14 for additional information.
(b) The nine months ended September 30, 2015 includes transition costs to prepare the Talen Energy organization for the June 1, 2015 spinoff and reconfigure the remaining PPL Services functions. See Note 8 for additional information.
(c) See Note 8 for additional information.
(d) Includes $11.1 billion and $12.2 billion of net PP&E as of September 30, 2016 and December 31, 2015. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.
(e) Primarily consists of unallocated items, including cash, PP&E and the elimination of inter-segment transactions.

4. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended September 30 used in the EPS calculation are:

	Three Months		Nine Months	
	2016	2015	2016	2015
Income (Numerator)				
Income from continuing operations after income taxes	$ 473	$ 396	$ 1,437	$ 1,198
Less amounts allocated to participating securities	1	2	4	5
Income from continuing operations after income taxes available to PPL common shareowners - Basic and Diluted	$ 472	$ 394	$ 1,433	$ 1,193
Income (loss) from discontinued operations (net of income taxes) available to PPL common shareowners - Basic and Diluted	$ —	$ (3)	$ —	$ (915)
Net income	$ 473	$ 393	$ 1,437	$ 283
Less amounts allocated to participating securities	1	2	4	1
Net income available to PPL common shareowners - Basic and Diluted	$ 472	$ 391	$ 1,433	$ 282
Shares of Common Stock (Denominator)				
Weighted-average shares - Basic EPS	678,114	670,763	676,905	668,731
Add incremental non-participating securities:				
Share-based payment awards	2,234	2,939	3,064	2,523
Weighted-average shares - Diluted EPS	680,348	673,702	679,969	671,254
Basic EPS				
Available to PPL common shareowners:				
Income from continuing operations after income taxes	$ 0.70	$ 0.59	$ 2.12	$ 1.78
Income (loss) from discontinued operations (net of income taxes)	—	(0.01)	—	(1.36)
Net Income	$ 0.70	$ 0.58	$ 2.12	$ 0.42
Diluted EPS				
Available to PPL common shareowners:				
Income from continuing operations after income taxes	$ 0.69	$ 0.59	$ 2.11	$ 1.78
Income (loss) from discontinued operations (net of income taxes)	—	(0.01)	—	(1.36)
Net Income	$ 0.69	$ 0.58	$ 2.11	$ 0.42

For the periods ended September 30, PPL issued common stock related to stock-based compensation plans and the DRIP as follows (in thousands):

	Three Months		Nine Months	
	2016	2015	2016	2015
Stock-based compensation plans (a)	248	1,368	3,168	3,805
DRIP	761	475	1,533	1,318

(a) Includes stock options exercised, vesting of performance units, vesting of restricted stock and restricted stock units and conversion of stock units granted to directors.

See Note 7 for additional information on common stock issued under the ATM Program.

For the periods ended September 30, the following shares (in thousands) were excluded from the computations of diluted EPS because the effect would have been antidilutive.

	Three Months		Nine Months	
	2016	2015	2016	2015
Stock options	696	1,484	696	1,218
Performance units	316	—	210	49

5. Income Taxes

Reconciliations of income taxes for the periods ended September 30 are as follows.

(PPL)

	Three Months		Nine Months	
	2016	2015	2016	2015
Federal income tax on Income from Continuing Operations Before Income Taxes at statutory tax rate - 35%	$ 214	$ 189	$ 681	$ 571
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	13	15	37	44
Valuation allowance adjustments	4	—	13	8
Impact of lower U.K. income tax rates	(37)	(40)	(136)	(138)
Federal and state tax reserve adjustments (a)	—	(9)	—	(21)
Enactment of the U.K. Finance Act 2016 (b)	(42)	—	(42)	—
Depreciation not normalized	—	—	(6)	(4)
Interest benefit on U.K. financing entities	(4)	(4)	(13)	(15)
Stock-based compensation (c)	(1)	—	(12)	—
Other	(8)	(7)	(12)	(13)
Total increase (decrease)	(75)	(45)	(171)	(139)
Total income taxes	$ 139	$ 144	$ 510	$ 432

(a) During the three and nine months ended September 30, 2015, PPL recorded a $9 million tax benefit related to a planned amendment of a prior period tax return.

During the nine months ended September 30, 2015, PPL recorded a $12 million tax benefit to adjust the settled refund amount approved by the Joint Committee on Taxation for the open audit years 1998 - 2011.

(b) The U.K. Finance Act 2016, enacted in September 2016, reduces the U.K. statutory income tax rate effective April 1, 2020 from 18% to 17%. As a result, PPL reduced its net deferred tax liabilities and recognized a deferred tax benefit during the three and nine months ended September 30, 2016.

(c) During the three and nine months ended September 30, 2016, PPL recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 for additional information.

(PPL Electric)

	Three Months		Nine Months	
	2016	2015	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 52	$ 32	$ 149	$ 112
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	9	7	27	21
Depreciation not normalized	(2)	(1)	(5)	(3)
Stock-based compensation (a)	—	—	(7)	—
Other	(1)	(3)	(2)	—
Total increase (decrease)	6	3	13	18
Total income taxes	$ 58	$ 35	$ 162	$ 130

(a) During the nine months ended September 30, 2016, PPL Electric recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 for additional information.

(LKE)

	Three Months		Nine Months	
	2016	2015	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 74	$ 68	$ 189	$ 172
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	8	7	20	18
Amortization of investment tax credit	(1)	(1)	(2)	(2)
Valuation allowance adjustments (a)	—	—	—	8
Stock-based compensation	(1)	—	(2)	—
Other	(1)	(1)	(3)	(2)
Total increase (decrease)	5	5	13	22
Total income taxes	$ 79	$ 73	$ 202	$ 194

(a) Represents a valuation allowance against tax credits expiring in 2016 and 2017 that are more likely than not to expire before being utilized.

(LG&E)

	Three Months		Nine Months	
	2016	2015	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 36	$ 33	$ 90	$ 83
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	4	4	10	9
Other	(1)	(1)	(2)	(1)
Total increase (decrease)	3	3	8	8
Total income taxes	$ 39	$ 36	$ 98	$ 91

(KU)

	Three Months		Nine Months	
	2016	2015	2016	2015
Federal income tax on Income Before Income Taxes at statutory tax rate - 35%	$ 44	$ 41	$ 117	$ 106
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	5	4	12	11
Other	(1)	(1)	(1)	(2)
Total increase (decrease)	4	3	11	9
Total income taxes	$ 48	$ 44	$ 128	$ 115

Other *(PPL)*

In February 2015, PPL and the IRS Appeals Division reached a settlement on the amount of PPL's refund from its open audits for the years 1998 - 2011. In April 2015, PPL was notified that the Joint Committee on Taxation approved PPL's settlement. For the nine months ended September 30, 2015, PPL recorded a tax benefit of $24 million. Of this amount, $12 million was reflected in continuing operations. PPL finalized the settlement of interest in the second quarter of 2016 and recorded an additional $3 million tax benefit.

6. Utility Rate Regulation

(All Registrants)

The following table provides information about the regulatory assets and liabilities of cost-based rate-regulated utility operations.

	PPL		PPL Electric	
	September 30, 2016	December 31, 2015	September 30, 2016	December 31, 2015

Total noncurrent regulatory liabilities	$ 911	$ 923	$ 424	$ 431	$ 487	$ 492

(a) These amounts are included in "Other current assets" on the Balance Sheets.
(b) These liabilities were recorded as offsets to certain intangible assets that were recorded at fair value upon the acquisition of LKE by PPL.

Regulatory Matters

U.K. Activities *(PPL)*

Ofgem Review of Line Loss Calculation

In 2014, Ofgem issued its final decision on the DPCR4 line loss incentives and penalties mechanism. WPD began refunding its liability for over-recovery of line losses to customers on April 1, 2015, which will continue through March 31, 2019. The liability at September 30, 2016 was $31 million.

Kentucky Activities

Rate Case Proceedings (PPL, LKE, LG&E and KU)

On November 1, 2016, LG&E and KU announced that on November 23, 2016, they anticipate filing requests with the KPSC for increases in annual base electricity rates of approximately $103 million at KU and an increase in annual base electricity and gas rates of approximately $94 million and $14 million at LG&E. The proposed base rate increases to be requested are an electricity rate increase of 6.4% at KU and electricity and gas rate increases of 8.5% and 4.2% at LG&E and would become effective in July 2017. LG&E's and KU's applications include requests for CPCNs for implementing an Advanced Metering System program and a Distribution Automation program. The applications are to be based on a forecasted test year of July 1, 2017 through June 30, 2018 and a requested return-on-equity of 10.23%. LG&E and KU cannot predict the outcome of these proceedings.

CPCN and ECR Filings (PPL, LKE, LG&E and KU)

On August 8, 2016, the KPSC issued an order approving CPCNs and ECR rate treatment regarding environmental construction projects relating to the EPA's regulations addressing the handling of coal combustion by-products and MATS. The construction projects began in 2016 and are expected to continue through 2023. The KPSC order established a 9.8% authorized return on equity for these projects. Recovery of costs has commenced with bills rendered on and after August 31, 2016.

Gas Franchise (LKE and LG&E)

LG&E's existing gas franchise agreement for the Louisville/Jefferson County service area expired on March 31, 2016. LG&E submitted a proposed bid for a new franchise agreement on June 9, 2016. On August 30, 2016, LG&E and Louisville/Jefferson County entered into a revised franchise agreement with a 5-year term (with renewal options). The franchise fee may be modified at Louisville/Jefferson County's election upon 60 days' notice. However, any franchise fee is capped at 3% of gross receipts for natural gas service within the franchise area. The agreement further provides that if the KPSC determines that the franchise fee should be recovered from LG&E's customers, the franchise fee shall revert to zero. On August 30, 2016, LG&E filed an application in a KPSC proceeding to review and rule upon the recoverability of the franchise fee.

Louisville/Jefferson County submitted a motion to dismiss the proceeding filed by LG&E, and further filed a KPSC complaint against LG&E relating to these issues. On October 19, 2016, the KPSC issued an order rejecting Louisville/Jefferson County's complaint and provided Louisville/Jefferson County 20 days to file an amended complaint. Until the KPSC issues orders in these proceedings, LG&E cannot predict the outcome of this matter but does not anticipate that it will have a material effect on its financial condition or results of operation. LG&E continues to provide gas service to customers in this franchise area at existing rates, but without collecting or remitting a franchise fee.

Pennsylvania Activities *(PPL and PPL Electric)*

Act 129

Act 129 requires Pennsylvania Electric Distribution Companies (EDCs) to meet, by specified dates, specified goals for reduction in customer electricity usage and peak demand. EDCs not meeting the requirements of Act 129 are subject to significant penalties. In November 2015, PPL Electric filed with the PUC its Act 129 Phase III Energy Efficiency and Conservation Plan for the period June 1, 2016 through May 31, 2021. In January 2016, PPL Electric and the other parties to the case reached a settlement of all major issues and filed that settlement with the Administrative Law Judge. In June 2016, the PUC issued a final order approving PPL Electric's Phase III Plan as modified by the settlement, allowing PPL Electric to recover, through the Act 129 compliance rider, a maximum $313 million in program cost over the five-year period June 1, 2016 through May 31, 2021.

Act 129 also requires Default Service Providers (DSP) to provide electricity generation supply service to customers pursuant to a PUC-approved default service procurement plan through auctions, requests for proposal and bilateral contracts at the sole discretion of the DSP. Act 129 requires a mix of spot market purchases, short-term contracts and long-term contracts (4 to 20 years), with long-term contracts limited to 25% of load unless otherwise approved by the PUC. A DSP is able to recover the costs associated with its default service procurement plan.

PPL Electric has received PUC approval of its biannual DSP procurement plans for all prior periods required under Act 129. In January 2016, PPL Electric filed a Petition for Approval of a new DSP procurement plan with the PUC for the period June 1, 2017 through May 31, 2021. The parties to the proceeding reached a settlement on all but one issue and a partial settlement agreement and briefs on the open issue were submitted to the Administrative Law Judge (ALJ) in July 2016. In August 2016, the ALJ issued an initial decision, and certain parties filed exceptions and reply exceptions. In October 2016, the PUC issued an order approving the partial settlement agreement and adopting the initial decision with minor modifications.

7. Financing Activities

Credit Arrangements and Short-term Debt

(All Registrants)

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. For reporting purposes, on a consolidated basis, the credit facilities and commercial paper programs of PPL Electric, LKE, LG&E and KU also apply to PPL and the credit facilities and commercial paper programs of LG&E and KU also apply to LKE. The amounts borrowed below are recorded as "Short-term debt" on the Balance Sheets. The following credit facilities were in place at:

	September 30, 2016					December 31, 2015	
	Expiration Date	Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity	Borrowed	Letters of Credit and Commercial Paper Issued

Total KU Credit Facilities		$ 598	$ —	$ 205	$ 393	$ —	$ 246

(a) WPD plc's amounts borrowed at September 30, 2016 and December 31, 2015 were USD-denominated borrowings of $200 million for both periods, which bore interest at 1.35% and 1.83%. The unused capacity reflects the amount borrowed in GBP of £153 million as of the date borrowed. WPD (South West) amount borrowed at September 30, 2016 was a GBP-denominated borrowing which equated to $131 million and bore interest at 0.68%. WPD (East Midlands) amount borrowed at September 30, 2016 was a GBP-denominated borrowing which equated to $40 million and bore interest at 0.66%. At September 30, 2016, the unused capacity under the U.K. credit facilities was approximately $1.1 billion.
(b) LKE's interest rate on outstanding borrowings at December 31, 2015 was 1.68%.

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at:

	September 30, 2016				December 31, 2015	
	Weighted - Average Interest Rate	Capacity	Commercial Paper Issuances	Unused Capacity	Weighted - Average Interest Rate	Commercial Paper Issuances
PPL Capital Funding		$ 1,000	$ —	$ 1,000	0.78%	$ 451
PPL Electric	0.74%	400	130	270		—
LG&E	0.73%	350	128	222	0.71%	142
KU	0.66%	350	7	343	0.72%	48
Total		$ 2,100	$ 265	$ 1,835		$ 641

(LKE)

See Note 11 for discussion of intercompany borrowings.

Long-term Debt

(PPL)

In May 2016, PPL Capital Funding issued $650 million of 3.10% Senior Notes due 2026. PPL Capital Funding received proceeds of $645 million, net of a discount and underwriting fees, which will be used to invest in or make loans to subsidiaries of PPL, to repay short-term debt and for general corporate purposes.

In May 2016, WPD (East Midlands) borrowed £100 million at 0.4975% under a new ten-year index linked term loan agreement, which will be used for general corporate purposes.

In May 2016, WPD plc repaid the entire $460 million principal amount of its 3.90% Senior Notes upon maturity.

In October 2016, WPD (East Midlands) issued an additional £40 million of its 2.671% Index-linked Senior Notes due 2043. WPD (East Midlands) received proceeds of £83 million, which equated to $101 million at the time of issuance, net of fees and including a premium. The principal amount of the notes is adjusted based on changes in a specified index, as detailed in the terms of the related indentures. The proceeds will be used for general corporate purposes.

(PPL and PPL Electric)

In March 2016, the LCIDA issued $116 million of Pollution Control Revenue Refunding Bonds, Series 2016A due 2029 and $108 million of Pollution Control Revenue Refunding Bonds, Series 2016B due 2027 on behalf of PPL Electric. The bonds were issued bearing interest at an initial term rate of 0.90% through their mandatory purchase dates of September 1, 2017 and August 15, 2017. Thereafter, the method of determining the interest rate on the bonds may be converted from time to time at PPL Electric's option. The proceeds of the bonds were used to redeem $116 million of 4.70% Pollution Control Revenue Refunding Bonds, 2005 Series A due 2029 and $108 million of 4.75% Pollution Control Revenue Refunding Bonds, 2005 Series B due 2027 previously issued by the LCIDA on behalf of PPL Electric.

In connection with the issuance of each of these new series of LCIDA bonds, PPL Electric entered into a loan agreement with the LCIDA pursuant to which the LCIDA has loaned to PPL Electric the proceeds of the LCIDA bonds on payment terms that correspond to the LCIDA bonds. In order to secure its obligations under the loan agreement, PPL Electric issued $224 million of First Mortgage Bonds under its 2001 Mortgage Indenture, which also have payment terms that correspond to the LCIDA bonds.

(PPL, LKE and LG&E)

In September 2016, the County of Trimble, Kentucky issued $125 million of Pollution Control Revenue Refunding Bonds, 2016 Series A (Louisville Gas and Electric Company Project) due 2044 on behalf of LG&E. The bonds were issued with a floating interest rate that initially will reset weekly. The method of determining the interest rate on the bonds may be converted from time to time at LG&E's option. The proceeds of the bonds were used to redeem $83 million of Pollution Control Revenue Refunding Bonds, 2000 Series A (Louisville Gas and Electric Company Project) due 2030 and $42 million of Pollution Control Revenue Refunding Bonds, 2002 Series A (Louisville Gas and Electric Company Project) due 2032 previously issued by the County of Trimble, Kentucky on behalf of LG&E.

(PPL, LKE and KU)

In August 2016, the County of Carroll, Kentucky issued $96 million of Pollution Control Revenue Refunding Bonds, 2016 Series A (Kentucky Utilities Company Project) due 2042 on behalf of KU. The bonds were issued bearing interest at an initial term rate of 1.05% through their mandatory purchase date of September 1, 2019. Thereafter, the method of determining the interest rate on the bonds may be converted from time to time at KU's option. The proceeds of the bonds were used to redeem $96 million of Pollution Control Revenue Refunding Bonds, 2002 Series C (Kentucky Utilities Company Project) due 2032 previously issued by the County of Carroll, Kentucky on behalf of KU.

(PPL)

ATM Program

In February 2015, PPL filed a registration statement with the SEC and entered into two separate equity distribution agreements, pursuant to which PPL may sell, from time to time, up to an aggregate of $500 million of its common stock. For the periods ended September 30, PPL issued the following:

	Three Months		Nine Months	
	2016	2015	2016	2015
Number of shares (in thousands)	710	436	710	858
Average share price	$ 35.23	$ 32.95	$ 35.23	$ 33.33
Net Proceeds	$ 25	$ 14	$ 25	$ 28

Distributions

In August 2016, PPL declared a quarterly common stock dividend, payable October 3, 2016, of 38 cents per share (equivalent to $1.52 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

8. Acquisitions, Development and Divestitures

(All Registrants)

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 in the Registrants' 2015 Form 10-K for additional information.

(PPL)

Discontinued Operations

Spinoff of PPL Energy Supply

In June 2015, PPL completed the spinoff of PPL Energy Supply, which combined its competitive power generation businesses with those of Riverstone to form a new, stand-alone, publicly traded company named Talen Energy.

Following completion of the spinoff, PPL shareowners owned 65% of Talen Energy and affiliates of Riverstone owned 35%. The spinoff had no effect on the number of PPL common shares owned by PPL shareowners or the number of shares of PPL common stock outstanding. The transaction is intended to be tax-free to PPL and its shareowners for U.S. federal income tax purposes.

PPL has no continuing ownership interest in or control of Talen Energy and Talen Energy Supply (formerly PPL Energy Supply). See Note 8 in PPL's 2015 Form 10-K for additional information.

Loss on Spinoff

In June 2015, in conjunction with the accounting for the spinoff, PPL evaluated whether the fair value of the Supply segment's net assets was less than the carrying value as of the June 1, 2015 spinoff date.

PPL considered several valuation methodologies to derive a fair value estimate of its Supply segment at the spinoff date. These methodologies included considering the closing "when-issued" Talen Energy market value on June 1, 2015 (the spinoff date), adjusted for the proportional share of the equity value attributable to the Supply segment, as well as, the valuation methods consistently used in PPL's goodwill impairment assessments - an income approach using a discounted cash flow analysis of the Supply segment and an alternative market approach considering market multiples of comparable companies.

Although the Talen Energy market value approach utilized the most observable inputs of the three approaches, PPL considered certain limitations of the "when-issued" trading market for the spinoff transaction including the short trading duration, lack of liquidity in the market and anticipated initial Talen stock ownership base selling pressure, among other factors, and concluded that these factors limited this input being solely determinative of the fair value of the Supply segment. As such, PPL also considered the other valuation approaches in estimating the overall fair value, but ultimately assigned the highest weighting to the Talen Energy market value approach.

The following table summarizes PPL's fair value analysis:

Approach	Weighting	Weighted Fair Value (in billions)
Talen Energy Market Value	50%	$ 1.4
Income/Discounted Cash Flow	30%	1.1
Alternative Market (Comparable Company)	20%	0.7
Estimated Fair Value		$ 3.2

A key assumption included in the fair value estimate is the application of a control premium of 25% in the two market approaches. PPL concluded it was appropriate to apply a control premium in these approaches as the goodwill impairment testing guidance was followed in determining the estimated fair value of the Supply segment which had historically been a reporting unit for PPL. This guidance provides that the market price of an individual security (and thus the market capitalization of a reporting unit with publicly traded equity securities) may not be representative of the fair value of the reporting unit. This guidance also indicates that substantial value may arise to a controlling shareholder from the ability to take advantage of synergies and other benefits that arise from control over another entity, and that the market price of a company's individual share of stock does not reflect this additional value to a controlling shareholder. Therefore, the quoted market price need not be the sole measurement basis for determining the fair value, and including a control premium is appropriate in measuring the fair value of a reporting unit.

In determining the control premium, PPL reviewed premiums received during the prior five years in market sales transactions obtained from observable independent power producer and hybrid utility transactions greater than $1 billion. Premiums for these transactions ranged from 5% to 42% with a median of approximately 25%. Given these metrics, PPL concluded a control premium of 25% to be reasonable for both of the market valuation approaches used.

Assumptions used in the discounted cash flow analysis included forward energy prices, forecasted generation, and forecasted operation and maintenance expenditures that were consistent with assumptions used in the Energy Supply portion of the Talen Energy business planning process at that time and a market participant discount rate.

Using these methodologies and weightings, PPL determined the estimated fair value of the Supply segment (classified as Level 3) was below its carrying value of $4.1 billion and recorded a loss on the spinoff of $879 million in the second quarter of 2015, which is reflected in discontinued operations and is nondeductible for tax purposes. This amount served to reduce the basis of the net assets accounted for as a dividend at the June 1, 2015 spinoff date.

Costs of Spinoff

Employee-related costs incurred in the nine months ended September 30, 2015 primarily included accelerated stock-based compensation and pro-rated performance-based cash incentive and stock-based compensation awards, primarily for PPL Energy Supply employees and for PPL Services employees who became PPL Energy Supply employees in connection with the transaction. PPL Energy Supply recognized $24 million of these costs at the spinoff closing date, which are reflected in discontinued operations.

PPL also recorded $44 million of third-party costs related to this transaction during the nine months ended September 30, 2015. Of these costs, $31 million were primarily for bank advisory, legal and accounting fees to facilitate the transaction, and are reflected in discontinued operations. An additional $13 million of consulting and other costs were incurred to prepare the new Talen Energy organization for the spinoff and reconfigure the remaining PPL service functions. These costs are primarily recorded in "Other operation and maintenance" on the Statement of Income.

At the close of the transaction, $72 million ($42 million after-tax) of cash flow hedges, primarily unamortized losses on PPL interest rate swaps recorded in AOCI and designated as cash flow hedges of PPL Energy Supply's future interest payments, were reclassified into earnings and are reflected in discontinued operations for the nine months ended September 30, 2015.

Continuing Involvement (PPL and PPL Electric)

As a result of the spinoff, PPL and PPL Energy Supply entered into a Transition Services Agreement (TSA) that terminates no later than two years after the spinoff. Pursuant to the TSA, PPL is providing Talen Energy certain information technology, financial and accounting, human resource and other specified services. For the three and nine months ended September 30, 2016, the amounts PPL billed Talen Energy for these services were $9 million and $29 million. For the three and nine months ended September 30, 2015, the amounts PPL billed Talen Energy for these services were $11 million and $14 million. In general, the fees for the transition services allow the provider to recover its cost of the services, including overheads, but without margin or profit.

Additionally, prior to the spinoff, through the annual competitive solicitation process, PPL EnergyPlus was awarded supply contracts for a portion of the PLR generation supply for PPL Electric, which were retained by Talen Energy Marketing as part of the spinoff. PPL Electric's supply contracts with Talen Energy Marketing extend through November 2016. Energy purchases from PPL EnergyPlus were previously included in PPL Electric's Statements of Income as "Energy purchases from affiliate" but were eliminated in PPL's Consolidated Statements of Income.

For the three and nine months ended September 30, 2016, PPL Electric's energy purchases from Talen Energy Marketing were $15 million and $98 million. For the three and nine months ended September 30, 2015, PPL Electric's energy purchases from Talen Energy Marketing were not significant. These energy purchases are no longer considered affiliate transactions.

Summarized Results of Discontinued Operations (PPL)

The operations of the Supply segment prior to the spinoff on June 1, 2015 are included in "Income (Loss) from Discontinued Operations (net of income taxes)" on the Statements of Income. Following are the components of Discontinued Operations in the Statement of Income for the periods ended September 30, 2015:

	Three Months	Nine Months
Operating revenues	$ —	$ 1,427
Operating expenses	—	1,328
Other Income (Expense) - net	—	(22)
Interest expense (a)	—	150
Income (loss) before income taxes	—	(73)
Income tax expense (benefit)	3	(37)
Loss on spinoff	—	(879)
Income (Loss) from Discontinued Operations (net of income taxes)	$ (3)	$ (915)

(a) Includes interest associated with the Supply segment with no additional allocation as the Supply segment was sufficiently capitalized.

Development

Regional Transmission Line Expansion Plan *(PPL and PPL Electric)*

Northeast/Pocono

In October 2012, the FERC issued an order in response to PPL Electric's December 2011 request for ratemaking incentives for the Northeast/Pocono Reliability project (a new 58-mile, 230 kV transmission line that includes three new substations and upgrades to adjacent facilities). The FERC granted the incentive for inclusion in rate base of all prudently incurred construction work in progress costs but denied the requested incentive for a 100 basis point adder to the return on equity.

In December 2012, PPL Electric submitted an application to the PUC requesting permission to site and construct the project. In January 2014, the PUC issued a final order approving the application. The line was energized in April 2016, completing the approximately $350 million project which includes additional substation security enhancements. Costs related to the project are included on the Balance Sheets, primarily in "Regulated utility plant."

9. Defined Benefits

(PPL, LKE and LG&E)

Certain net periodic defined benefit costs are applied to accounts that are further distributed among capital, expense and regulatory assets, including certain costs allocated to applicable subsidiaries for plans sponsored by PPL Services and LKE. Following are the net periodic defined benefit costs (credits) of the plans sponsored by PPL and its subsidiaries, LKE and its subsidiaries and LG&E for the periods ended September 30:

	Pension Benefits							
	Three Months				Nine Months			
	U.S.		U.K.		U.S.		U.K.	
	2016	2015	2016 (a)	2015	2016	2015	2016 (a)	2015
PPL								
Service cost	$ 16	$ 20	$ 17	$ 21	$ 49	$ 76	$ 53	$ 60
Interest cost	44	42	58	80	131	152	182	236
Expected return on plan assets	(57)	(56)	(124)	(133)	(171)	(201)	(389)	(393)
Amortization of:								
Prior service cost	2	1	—	—	6	5	—	—
Actuarial loss	12	18	34	39	37	65	107	118
Net periodic defined benefit costs (credits) before settlements	17	25	(15)	7	52	97	(47)	21
Settlements	3	—	—	—	3	—	—	—
Net periodic defined benefit costs (credits) (b)	$ 20	$ 25	$ (15)	$ 7	$ 55	$ 97	$ (47)	$ 21

	Pension Benefits							
	Three Months				Nine Months			
	U.S.		U.K.		U.S.		U.K.	
	2016	2015	2016 (a)	2015	2016	2015	2016 (a)	2015
LKE								
Service cost	$ 6	$ 7			$ 18	$ 20		
Interest cost	18	17			53	51		
Expected return on plan assets	(23)	(22)			(68)	(66)		
Amortization of:								
Prior service cost	2	1			6	5		
Actuarial loss	5	9			15	26		
Net periodic defined benefit costs	$ 8	$ 12			$ 24	$ 36		
LG&E								
Service cost	$ —	$ —			$ 1	$ 1		
Interest cost	4	3			11	10		
Expected return on plan assets	(5)	(5)			(15)	(15)		
Amortization of:								
Prior service cost	1	1			3	2		
Actuarial loss	2	3			5	9		
Net periodic defined benefit costs	$ 2	$ 2			$ 5	$ 7		

(a) See Note 2 for a discussion of changes to the discount rate used for the U.K. Pension Plans.
(b) For the nine months ended September 30, 2015, the total net periodic defined benefit cost includes $18 million reflected in discontinued operations related to costs allocated from PPL's plans to PPL Energy Supply prior to the spinoff.

	Other Postretirement Benefits			
	Three Months		Nine Months	
	2016	2015	2016	2015
PPL				
Service cost	$ 2	$ 2	$ 6	$ 9
Interest cost	6	6	19	20
Expected return on plan assets	(6)	(6)	(17)	(20)
Amortization of actuarial loss	1	—	1	—
Net periodic defined benefit costs	$ 3	$ 2	$ 9	$ 9
LKE				
Service cost	$ 1	$ 1	$ 3	$ 4
Interest cost	2	2	7	7
Expected return on plan assets	(2)	(1)	(5)	(4)
Amortization of prior service cost	1	1	2	2
Net periodic defined benefit costs	$ 2	$ 3	$ 7	$ 9

(PPL Electric, LG&E and KU)

In addition to the specific plans it sponsors, LG&E is allocated costs of defined benefit plans sponsored by LKE. PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric is allocated costs of defined benefit plans sponsored by PPL Services and KU is allocated costs of defined benefit plans sponsored by LKE. These allocations are based on participation in those plans, which management believes are reasonable. For the periods ended September 30, PPL Services allocated the following net periodic defined benefit costs to PPL Electric, and LKE allocated the following net periodic defined benefit costs to LG&E and KU:

	Three Months		Nine Months	
	2016	2015	2016	2015
PPL Electric	$ 6	$ 8	$ 17	$ 24
LG&E	2	3	7	10
KU	2	4	8	13

Cash Flows - U.S. Pension Plans

(PPL & LKE)

During the nine months ended September 30, 2016, LKE contributed $66 million to its pension plans. LKE does not anticipate making any additional significant contributions to these plans in 2016.

(PPL, LKE and LG&E)

During the nine months ended September 30, 2016, LG&E contributed $35 million to its pension plan. LG&E does not anticipate making any additional contributions to the plan in 2016.

10. Commitments and Contingencies

Legal Matters

(All Registrants)

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

WKE Indemnification *(PPL and LKE)*

See footnote (e) to the table in "Guarantees and Other Assurances" below for information on an LKE indemnity relating to its former WKE lease, including related legal proceedings.

Cane Run Environmental Claims *(PPL, LKE and LG&E)*

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky alleging violations of the Clean Air Act and RCRA. In addition, these plaintiffs assert common law claims of nuisance, trespass and negligence. These plaintiffs seek injunctive relief and civil penalties, plus costs and attorney fees, for the alleged statutory violations. Under the common law claims, these plaintiffs seek monetary compensation and punitive damages for property damage and diminished property values for a class consisting of residents within four miles of the Cane Run plant. In their individual capacities, these plaintiffs seek compensation for alleged adverse health effects. In response to a motion to dismiss filed by PPL and LG&E, in July 2014, the court dismissed the plaintiffs' RCRA claims and all but one Clean Air Act claim, but declined to dismiss their common law tort claims. Upon motion of LG&E and PPL, the district court certified for appellate review the issue of whether the state common law claims are preempted by federal statute. In December 2014, the U.S. Court of Appeals for the Sixth Circuit issued an order granting appellate review regarding the above matter. Oral argument before the Sixth Circuit was held in August 2015. In November 2015, the Sixth Circuit issued an opinion affirming the District Court's ruling that plaintiffs' state law claims are not preempted by the Clean Air Act and remanding the matter to the District Court for further proceedings. The District Court has issued an order setting a discovery schedule through the second quarter of 2017. PPL, LKE and LG&E cannot predict the outcome of this matter. LG&E retired one coal-fired unit at the Cane Run plant in March 2015 and the remaining two coal-fired units at the plant in June 2015.

Mill Creek Environmental Claims *(PPL, LKE and LG&E)*

In May 2014, the Sierra Club filed a citizen suit against LG&E in the U.S. District Court for the Western District of Kentucky for alleged violations of the Clean Water Act. The Sierra Club alleged that various discharges at the Mill Creek plant constituted violations of the plant's water discharge permit. The Sierra Club sought civil penalties, injunctive relief, costs and attorney's fees. The parties reached a proposed settlement in the matter on September 27, 2016, which has been submitted to the court. LG&E has agreed to limited alterations to outfall facilities and discharge practices and to fund $1 million in environmental enhancement projects focused on tree planting and water quality in Kentucky. The settlement includes no finding or agreement of any violation of law by LG&E and does not involve fines or civil penalties. The U.S. Department of Justice has 45 days to review the settlement before the court can approve. PPL, LKE and LG&E cannot predict the ultimate outcome of this matter, but do not presently expect the matter to have a material effect on plant operation, capital expenditures or operating costs, or to result in significant charges beyond the amounts previously recorded.

E.W. Brown Environmental Claims *(PPL, LKE and KU)*

In October 2015, KU received a notice of intent from Earthjustice and the Sierra Club informing certain federal and state agencies of the Sierra Club's intent to file a citizen suit, following expiration of the mandatory 60-day notification period, for alleged violations of the Clean Water Act. The claimants allege discharges at the E.W. Brown plant in violation of applicable rules and the plant's water discharge permit. The claimants assert that, unless the alleged discharges are promptly brought into compliance, it intends to seek civil penalties, injunctive relief and attorney's fees. In November 2015, the claimants submitted an amended notice of intent to add the Kentucky Waterways Alliance as a claimant. On October 26, 2016, the claimants submitted an additional notice of intent alleging management of waste in a manner that may present an imminent and substantial endangerment under the RCRA. PPL, LKE and KU cannot predict the outcome of this matter or the potential impact on the operations of the E. W. Brown plant, including increased capital or operating costs, if any.

(PPL, LKE, LG&E and KU)

Trimble County Unit 2 Air Permit

The Sierra Club and other environmental groups petitioned the Kentucky Environmental and Public Protection Cabinet to overturn the air permit issued for the Trimble County Unit 2 baseload coal-fired generating unit, but the agency upheld the permit in an order issued in September 2007. In response to subsequent petitions by environmental groups, the EPA ordered certain non-material changes to the permit which, in January 2010, were incorporated into a final revised permit issued by the Kentucky Division for Air Quality. In March 2010, the environmental groups petitioned the EPA to object to the revised state permit. Until the EPA issues a final ruling on the pending petition and all available appeals are exhausted, PPL, LKE, LG&E and KU cannot predict the outcome of this matter or the potential impact on the operations of the Trimble County plant, including increased capital or operating costs, if any.

Trimble County Water Discharge Permit

In May 2010, the Kentucky Waterways Alliance and other environmental groups filed a petition with the Kentucky Energy and Environment Cabinet (KEEC) challenging the Kentucky Pollutant Discharge Elimination System permit issued in April 2010, which covers water discharges from the Trimble County plant. In November 2010, the KEEC issued a final order upholding the permit, which was subsequently appealed by the environmental groups. In September 2013, the Franklin Circuit Court reversed the KEEC order upholding the permit and remanded the permit to the agency for further proceedings. LG&E and the KEEC appealed the order to the Kentucky Court of Appeals. In July 2015, the Court of Appeals upheld the lower court ruling. On February 10, 2016, the Kentucky Supreme Court issued an order granting discretionary review and oral arguments were held on September 14, 2016. PPL, LKE, LG&E and KU are unable to predict the outcome of this matter or the potential impact on the operations of the Trimble County plant, including increased capital or operating costs, if any.

Regulatory Issues *(All Registrants)*

See Note 6 for information on regulatory matters related to utility rate regulation.

Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

LG&E, KU and PPL Electric monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and cannot estimate a range of reasonably possible losses, if any.

Environmental Matters

(All Registrants)

Due to the environmental issues discussed below or other environmental matters, it may be necessary for the Registrants to modify, curtail, replace or cease operation of certain facilities or performance of certain operations to comply with statutes, regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add to the uncertainty of estimating the future cost of these permits and rules.

WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. In connection with the matters discussed below, it may be necessary for WPD to incur significant compliance costs, which costs may be recoverable through rates subject to the approval of Ofgem. PPL believes that WPD has taken and continues to take measures to comply with all applicable environmental laws and regulations.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and those federal, state, or local environmental requirements applicable to coal combustion wastes and by-products from facilities that generate electricity from coal in accordance with approved compliance plans. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery before the companies' respective state regulatory authorities, or the FERC, if applicable. Because neither WPD nor PPL Electric owns any generating plants, their exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

Air

(PPL, LKE, LG&E and KU)

The Clean Air Act, which regulates air pollutants from mobile and stationary sources in the United States, has a significant impact on the operation of fossil fuel plants. The Clean Air Act requires the EPA periodically to review and establish concentration levels in the ambient air for six criteria pollutants to protect public health and welfare. These concentration levels are known as NAAQS. The six criteria pollutants are carbon monoxide, lead, nitrogen dioxide, ozone, particulate matter and sulfur dioxide.

Federal environmental regulation of these criteria pollutants require states to adopt implementation plans, known as state implementation plans, for certain pollutants, which detail how the state will attain the standards that are mandated by the relevant law or regulation. Each state identifies the areas within its boundaries that meet the NAAQS (attainment areas) and those that do not (non-attainment areas), and must develop a state implementation plan both to bring non-attainment areas into compliance with the NAAQS and to maintain good air quality in attainment areas. In addition, for attainment of ozone and fine particulates standards, states in the eastern portion of the country, including Kentucky, are subject to a regional program developed by the EPA known as the Cross-State Air Pollution Rule. The NAAQS, future revisions to the NAAQS and state implementation plans, or future revisions to regional programs, may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to cost recovery.

Although PPL, LKE, LG&E and KU do not anticipate significant costs to comply with these programs, changes in market or operating conditions could result in different costs than anticipated.

National Ambient Air Quality Standards (NAAQS)

Under the Clean Air Act, the EPA is required to reassess the NAAQS for certain air pollutants on a five-year schedule. In 2008, the EPA revised the NAAQS for ozone and proposed to further strengthen the standard in November 2014. The EPA released a new ozone standard on October 1, 2015. The states and EPA will determine attainment with the new ozone standard through review of relevant ambient air monitoring data, with attainment or nonattainment designations scheduled no later than October 2017. States are also obligated to address interstate transport issues associated with new ozone standards through the establishment of "good neighbor" state implementation plans for those states that are found to contribute significantly to another state's non-attainment. States that are not in the ozone transport region, including Kentucky, are working together to evaluate further nitrogen oxide reductions from fossil-fueled plants with SCRs. The nature and timing of any additional reductions resulting from these evaluations cannot be predicted at this time.

In 2010, the EPA finalized revised NAAQS for sulfur dioxide and required states to identify areas that meet those standards and areas that are in "non-attainment". In July 2013, the EPA finalized non-attainment designations for parts of the country, including part of Jefferson County in Kentucky. Attainment must be achieved by 2018. PPL, LKE, LG&E and KU anticipate that certain previously required compliance measures, such as upgraded or new sulfur dioxide Scrubbers at certain plants and the retirement of coal-fired generating units at LG&E's Cane Run plant and KU's Green River plant, will help to achieve compliance with the new sulfur dioxide and ozone standards. If additional reductions are required, the costs could be significant.

Mercury and Air Toxics Standards (MATS)

In February 2012, the EPA finalized the MATS rule requiring reductions of mercury and other hazardous air pollutants from fossil-fuel fired power plants, with an effective date of April 16, 2012. The MATS rule was challenged by industry groups and states and was upheld by the U.S. Court of Appeals for the D. C. Circuit Court (D.C. Circuit Court) in April 2014. A group of states subsequently petitioned the U.S. Supreme Court (Supreme Court) to review this decision and, in June 2015, the Supreme Court held that the EPA failed to properly consider costs when deciding to regulate hazardous air emissions from power plants under MATS. The Supreme Court remanded the matter to the D.C. Circuit Court, which in December 2015 remanded the rule to the EPA without vacating it. The EPA has proposed a supplemental finding regarding costs of the rule and has announced that it intends to make a final determination in 2016. The EPA's MATS rule remains in effect during the pendency of the ongoing proceedings.

LG&E and KU have installed significant controls in response to the MATS rule and in conjunction with compliance with other environmental requirements, including fabric-filter baghouses, upgraded Scrubbers or chemical additive systems for which appropriate KPSC authorization and/or ECR treatment has been received. LG&E and KU have received KPSC approval for a compliance plan providing for installation of additional MATS-related controls; however, the estimated cost of these controls is not expected to be significant for either LG&E or KU. PPL, LKE, LG&E and KU cannot predict the outcome of the MATS rule or its potential impact, if any, on plant operations, rate treatment or future capital or operating needs. See Note 6 for additional information.

New Source Review (NSR)

The NSR litigation brought by the EPA, states and environmental groups against coal-fired generating plants in past years continues to proceed through the courts. Although none of this litigation directly involves PPL, LKE, LG&E or KU, it can influence the permitting of large capital projects at LG&E's and KU's power plants, the costs of which cannot presently be determined but could be significant.

Climate Change

There is continuing world-wide attention focused on issues related to climate change. In June 2016, the President announced that the United States, Canada and Mexico have established the North American Climate, Clean Energy, and Environment Partnership Plan which specifies actions to promote clean energy, address climate change and protect the environment. The plan includes a goal to provide 50% of the energy used in North America from clean energy sources by 2025. The plan does not impose any nation-specific requirements.

In December 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate which establishes a comprehensive framework for the reduction of greenhouse gas (GHG) emissions from both developed and developing nations. Although the agreement does not establish binding reduction requirements, it requires each nation to prepare, communicate and maintain GHG reduction commitments. Reductions can be achieved in a variety of ways, including energy conservation, power plant efficiency improvements, reduced utilization of coal-fired generation or replacing coal-fired generation with natural gas or renewable generation. Based on EPA's Clean Power Plan described below, the U.S. has committed to an initial reduction target of 26% to 28% below 2005 levels by 2025.

The U.K. has enacted binding carbon reduction requirements that are applicable to WPD. Under the U.K. law, WPD must purchase carbon allowances to offset emissions associated with WPD's operations. The cost of these allowances is included in WPD's current operating expenses. WPD expects these expenses to decrease as a result of energy efficiency measures and the removal of 18 fuel sources previously included in the allowance requirements.

The EPA's Rules under Section 111 of the Clean Air Act

As further described below, the EPA finalized rules imposing GHG emission standards for both new and existing power plants in the United States. The EPA has also issued a proposed federal implementation plan that would apply to any states that fail to submit an acceptable state implementation plan under these rules. The EPA's authority to promulgate these regulations under Section 111 of the Clean Air Act has been challenged in the D.C. Circuit Court by several states and industry groups. On February 9, 2016, the Supreme Court stayed the rule for existing plants (the Clean Power Plan) pending the D.C. Circuit Court's review and subsequent review by the Supreme Court if a writ of certiorari is filed and granted.

The EPA's rule for new power plants imposes separate emission standards for coal and natural gas units based on the application of different technologies. The coal standard is based on the application of partial carbon capture and sequestration technology, but because this technology is not presently commercially viable, the rule effectively precludes the construction of new coal-fired plants. The standard for NGCC power plants is the same as the EPA proposed in 2012 and is not continuously achievable. The preclusion of new coal-fired plants and the compliance difficulties posed for new natural gas-fired plants could have a significant industry-wide impact.

The EPA's Clean Power Plan

The EPA's rule for existing power plants, referred to as the Clean Power Plan, was published in the Federal Register in October 2015. The Clean Power Plan contains state-specific rate-based and mass-based reduction goals and guidelines for the development, submission and implementation of state implementation plans to achieve the state goals. State-specific goals were calculated from 2012 data by applying the EPA's broad interpretation and definition of the BSER, resulting in the most stringent targets to be met in 2030, with interim targets to be met beginning in 2022. The EPA believes it has offered some flexibility to the states as to how their compliance plans can be crafted, including the option to use a rate-based approach (limit emissions per megawatt hour) or a mass-based approach (limit total tons of emissions per year), and the option to demonstrate compliance through emissions trading and multi-state collaborations. Under the rate-based approach, Kentucky would need to make a 41% reduction from its 2012 emissions rate and under a mass-based approach it would need to make a 36% reduction. These reductions are significantly greater than initially proposed and present significant challenges to the state. If the Clean Power Plan is ultimately upheld and Kentucky fails to develop an approvable implementation plan by the applicable deadline, the EPA would impose a federal implementation plan that could be more stringent than what the state plan might provide. Depending on the provisions of the Kentucky implementation plan, LG&E and KU may need to modify their current portfolio of generating assets during the next decade and/or participate in an allowance trading program.

LG&E and KU are participating in the ongoing regulatory processes at the state and federal level. Various states, industry groups and individual companies including LKE have filed petitions for reconsideration with EPA and petitions for review with the D.C. Circuit Court challenging the Clean Power Plan. In February 2016, the U.S. Supreme Court stayed the rule pending the D.C. Circuit Court's review. A ruling from the D.C. Circuit Court may occur in late 2016 or in early 2017. PPL, LKE, LG&E and KU cannot predict the outcome of this matter or the potential impact, if any, on plant operations, or future capital or operating costs. PPL, LKE, LG&E and KU believe that the costs, which could be significant, would be subject to rate recovery.

In April 2014, the Kentucky General Assembly passed legislation limiting the measures that the Kentucky Energy and Environment Cabinet may consider in setting performance standards to comply with the EPA's regulations governing GHG emissions from existing sources. The legislation provides that such state GHG performance standards shall be based on emission reductions, efficiency measures and other improvements available at each power plant, rather than renewable energy, end-use energy efficiency, fuel switching and re-dispatch. These statutory restrictions may make it more difficult for Kentucky to achieve the GHG reduction levels that the EPA has established for Kentucky.

Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

Water/Waste

(PPL, LKE, LG&E and KU)

Coal Combustion Residuals (CCRs)

In April 2015, the EPA published its final rule regulating CCRs. CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes. The rule became effective in October 2015. It imposes extensive new requirements, including location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements on CCR impoundments and landfills that are located on active power plants in the United States and not closed. Under the rule, the EPA will regulate CCRs as non-hazardous under Subtitle D of RCRA and allow beneficial use of CCRs, with some restrictions. The rule's requirements for covered CCR impoundments and landfills include implementation of groundwater monitoring and commencement or completion of closure activities generally between three and ten years from certain triggering events. This self-implementing rule requires posting of compliance documentation on a publicly accessible website and is enforceable solely through citizen suits. LG&E and KU are also subject to state rules applicable to CCR management which may potentially be modified to reflect some or all requirements of the federal rule. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule which are pending before the D.C. Circuit Court of Appeals.

LG&E and KU have received KPSC approval for a compliance plan providing for construction of additional landfill capacity at the Brown Station, closure of impoundments at the Mill Creek, Trimble County, Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with federal CCR rule requirements, LG&E and KU also received KPSC approval for their plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law requirements. See Note 6 for additional information.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs during 2015 and 2016. See Note 16 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

Clean Water Act

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for facilities and construction projects in the United States. Many of those requirements relate to power plant operations, including requirements related to the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, standards intended to protect aquatic organisms by reducing capture in the screens attached to cooling water intake structures (impingement) at generating facilities and the water volume brought into the facilities (entrainment). The requirements could impose significant costs for LG&E and KU which are subject to rate recovery.

Effluent Limitations Guidelines (ELGs)

In September 2015, the EPA released its final effluent limitations guidelines for wastewater discharge permits for new and existing steam electricity generating facilities. The rule provides strict technology-based discharge limitations for control of pollutants in scrubber wastewater, fly ash and bottom ash transport water, mercury control wastewater, gasification wastewater and combustion residual leachate. The new guidelines require deployment of additional control technologies providing physical, chemical and biological treatment of wastewaters. The guidelines also mandate operational changes including "no discharge" requirements for fly ash and bottom ash transport waters and mercury control wastewaters. The implementation date for individual generating stations will be determined by the states on a case-by-case basis according to criteria provided by the EPA, but the requirements of the rule must be fully implemented no later than 2023. It has not been decided how Kentucky intends to integrate the ELGs into its routine permit renewal process. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule which have been consolidated before the United States Fifth Circuit Court of Appeals. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to fully estimate compliance costs or timing at this time, although certain preliminary estimates are included in current capital forecasts for applicable periods. Costs to comply with ELGs or other discharge limits, which are expected to be significant, are subject to rate recovery.

Clean Water Act Section 316(b)

The EPA's final 316(b) rule for existing facilities became effective in October 2014, and regulates cooling water intake structures and their impact on aquatic organisms. States are allowed broad discretion to make site-specific determinations under the rule. The rule requires existing facilities to choose between several options to reduce the impact to aquatic organisms that become trapped against water intake screens (impingement) and to determine the intake structure's impact on aquatic organisms pulled through a plant's cooling water system (entrainment). Plants equipped with closed-cycle cooling, an acceptable option, would likely not incur substantial costs. Once-through systems would likely require additional technology to comply with the rule. Based on studies conducted by LG&E and KU to date, all plants will incur only insignificant operational costs. In addition, LG&E's Mill Creek Unit 1 is expected to incur capital costs. PPL, LKE, LG&E and KU are evaluating compliance strategies but do not presently expect the compliance costs, which are subject to rate recovery, to be significant.

(All Registrants)

Waters of the United States (WOTUS)

The U.S. Court of Appeals for the Sixth Circuit has issued a stay of EPA's rule on the definition of WOTUS pending the court's review of the rule. The effect of the stay is that the WOTUS rule is not in effect anywhere in the United States. The ultimate outcome of the court's review of the rule remains uncertain. Because of the strict permitting programs already in place in Kentucky and Pennsylvania, the Registrants do not expect the rule to have a significant impact on their operations.

Other Issues

The EPA is reassessing its polychlorinated biphenyls (PCB) regulations under the Toxic Substance Control Act, which was significantly updated in June 2016. In 2010, the EPA issued an Advanced Notice of Proposed Rulemaking for changes to these regulations. The rulemaking, which could lead to a phase-out in the United States of all or some equipment containing PCBs, is not likely to be affected by the revisions to the Toxic Substances Control Act. The EPA has postponed the release of revisions to its proposed rulemaking. The Registrants cannot predict at this time the outcome of the proposed EPA rulemaking and what impact, if any, it would have on their facilities, but the costs could be significant.

Superfund and Other Remediation *(All Registrants)*

PPL Electric is potentially responsible for a share of the costs at several sites listed by the EPA under the federal Superfund program, including the Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been significant to PPL Electric. Should the EPA require different or additional measures in the future, however, or should PPL Electric's share of costs at multi-party sites increase substantially more than expected, the costs could be significant.

PPL Electric, LG&E and KU are investigating, responding to agency inquiries, remediating, or have completed the remediation of, several sites that were not addressed under a regulatory program such as Superfund, but for which PPL Electric, LG&E and KU may be liable for remediation. These include a number of former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated or currently owned by predecessors or affiliates of PPL Electric, LG&E and KU. To date, the costs of these sites have not been significant.

There are additional sites, formerly owned or operated by PPL Electric, LG&E and KU predecessors or affiliates. LG&E and KU lack information on the condition of such additional sites and are therefore unable to estimate any potential liability they may have or a range of reasonably possible losses, if any, related to these sites. At September 30, 2016 and December 31, 2015, PPL Electric had a recorded liability of $10 million representing its best estimate of the probable loss incurred to remediate additional sites previously owned or operated by PPL Electric predecessors or affiliates. Depending on the outcome of investigations at sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, the costs of remediation and other liabilities could be significant and may be as much as approximately $30 million.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result of the EPA's evaluation, individual states may establish stricter standards for water quality and soil cleanup. This could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of reasonably possible losses, if any, related to these matters.

From time to time, PPL's subsidiaries in the United States undertake remedial action in response to notices of violations, spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary for compliance with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

Future cleanup or remediation work at sites under review, or at sites not yet identified, may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be applicable to certain of the costs or other obligations related to these matters but the amount of insurance coverage or reimbursement cannot be estimated or assured.

European Union Creosote Ban *(PPL)*

In 2011, the European Commission amended the European Union Biocides Directive to ban the use of creosote in contact with soil. Creosote is a wood preservative used to extend the life of wooden poles that support power lines. Although European Union member countries were required to pass implementing laws by 2012, the U.K. has not passed an implementing law and there are no legal penalties for failing to do so. The recent U.K. referendum in favor of the U.K.'s withdrawal from the European Union further reduces the likelihood that the U.K. will implement the European Union directive. In the unlikely event that the U.K. were to ban the use of creosote, WPD's creosote-treated wood poles would need to be replaced with an acceptable alternative at the time of routine replacement. Although the aggregate cost to replace poles could be significant, it would be incurred as poles are replaced in the ordinary course and would be subject to rate recovery. WPD has 1.4 million wood poles in its system. There are currently no alternative wood preservatives available that are acceptable to the industry and/or regulators.

Other

Guarantees and Other Assurances

(All Registrants)

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

(PPL)

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

(All Registrants)

The table below details guarantees provided as of September 30, 2016. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities" and "Indemnification of lease termination and other divestitures." The total recorded liability at September 30, 2016, was $22 million for PPL and $17 million for LKE. The total recorded liability at December 31, 2015, was $25 million for PPL and $18 million for LKE. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

		Exposure at September 30, 2016		Expiration Date
PPL				
Indemnifications related to the WPD Midlands acquisition			(a)	
WPD indemnifications for entities in liquidation and sales of assets	$	10	(b)	2019
WPD guarantee of pension and other obligations of unconsolidated entities		109	(c)	
PPL Electric				
Guarantee of inventory value		15	(d)	2018
LKE				
Indemnification of lease termination and other divestitures		301	(e)	2021 - 2023
LG&E and KU				
LG&E and KU guarantee of shortfall related to OVEC			(f)	

(a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.

(b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.
In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

(c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At September 30, 2016, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.

(d) A third party logistics firm provides inventory procurement and fulfillment services. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.

(e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of $200 million, exclusive of certain items such as government fines and penalties that fall outside the cap. Another WKE-related LKE guarantee covers other indemnifications related to the purchase price of excess power, has a term expiring in 2023, and a maximum exposure of $100 million. In May 2012, LKE's indemnitee received an unfavorable arbitration panel's decision interpreting this matter. In October 2014, LKE's indemnitee filed a motion for discretionary review with the Kentucky Supreme Court seeking to overturn the arbitration decision, and such motion was denied by the court in September 2015. In September 2015, a counterparty issued a demand letter to LKE's indemnitee. In February 2016, the counterparty filed a complaint in Henderson, Kentucky Circuit Court, seeking an award of damages in the matter. The proceeding is currently in the discovery phase. LKE does not believe appropriate contractual, legal or commercial grounds exist for the claim made and has disputed the demands. LKE believes its indemnification obligations in the WKE matter remain subject to various uncertainties, including additional legal and contractual developments, as well as future prices, availability and demand for the subject excess power. Although the parties have also conducted certain settlement discussions, the ultimate outcomes of the WKE termination-related indemnifications cannot be predicted at this time. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum, and LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.

(f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was $124 million at September 30, 2016, consisting of LG&E's share of $86 million and KU's share of $38 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" and "Guarantees and Other Assurances" in Note 13 in PPL's, LKE's, LG&E's and KU's 2015 Form 10-K for additional information on the OVEC power purchase contract.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of $225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

11. Related Party Transactions

Support Costs *(PPL Electric, LKE, LG&E and KU)*

PPL Services and LKS provide their respective PPL and LKE subsidiaries and each other with administrative, management and support services. PPL EU Services provides the majority of financial, supply chain, human resources and facilities management services primarily to PPL Electric. PPL Services provides certain corporate functions to PPL Electric. For all service companies, the costs of these services are charged to the respective recipients as direct support costs. General costs that cannot be directly attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended September 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Nine Months	
	2016	2015	2016	2015
PPL Electric from PPL Services	$ 33	$ 35	$ 98	$ 90
LKE from PPL Services	4	4	13	12
PPL Electric from PPL EU Services	17	12	50	44
LG&E from LKS	40	36	128	107
KU from LKS	46	43	151	127

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and LKE and KU are reimbursed through LKS.

Intercompany Borrowings *(LKE)*

LKE maintains a $225 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. At September 30, 2016 and December 31, 2015, $138 million and $54 million were outstanding and were reflected in "Notes payable with affiliate" on the Balance Sheets. The interest rate on borrowings is equal to one-month LIBOR plus a spread. The interest rates on the outstanding borrowing at September 30, 2016 and December 31, 2015 were 2.02% and 1.74%.

LKE has a $400 million ten-year note with a PPL affiliate with an interest rate of 3.5%. At September 30, 2016 and December 31, 2015, the note was reflected in "Long-term debt to affiliate" on the Balance Sheets.

Other *(PPL Electric, LG&E and KU)*

See Note 9 for discussions regarding intercompany allocations associated with defined benefits.

12. Other Income (Expense) - net

(PPL)

"Other Income (Expense) - net" for the three and nine months ended September 30, 2016 and 2015 consisted primarily of gains on foreign currency contracts to economically hedge PPL's translation risk related to its GBP denominated earnings in the U.K. See Note 14 for additional information on these derivatives.

13. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. Transfers between levels are recognized at end-of-reporting-period values. During the three and nine months ended September 30, 2016 and 2015, there were no transfers between Level 1 and Level 2. See Note 1 in each Registrant's 2015 Form 10-K for information on the levels in the fair value hierarchy.

Recurring Fair Value Measurements

The assets and liabilities measured at fair value were:

	September 30, 2016				December 31, 2015

(a) Current portion is included in "Other current assets" and long-term portion is included in "Other noncurrent assets" on the Balance Sheets.
(b) Current portion is included in "Price risk management assets" and "Other current liabilities" and noncurrent portion is included in "Price risk management assets" and "Other deferred credits and noncurrent liabilities" on the Balance Sheets.
(c) Included in "Other noncurrent assets" on the Balance Sheets.
(d) Included in "Other noncurrent assets" on the Balance Sheets. Represents cash collateral posted to offset the exposure with counterparties related to certain interest rate swaps under master netting arrangements that are not offset.

Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps *(PPL, LKE, LG&E and KU)*

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

Nonrecurring Fair Value Measurements *(PPL)*

See Note 8 for information regarding the estimated fair value of the Supply segment's net assets as of the June 1, 2015 spinoff date.

Financial Instruments Not Recorded at Fair Value *(All Registrants)*

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. The fair values were estimated using an income approach by discounting future cash flows at estimated current cost of funding rates, which incorporate the credit risk of the Registrants. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	September 30, 2016		December 31, 2015	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	$ 18,512	$ 23,180	$ 19,048	$ 21,218
PPL Electric	2,831	3,372	2,828	3,088
LKE	5,089	5,832	5,088	5,384
LG&E	1,642	1,852	1,642	1,704
KU	2,327	2,701	2,326	2,467

(a) Amounts are net of debt issuance costs.

The carrying value of short-term debt (including notes between affiliates), when outstanding, approximates fair value due to the variable interest rates associated with the short-term debt and is classified as Level 2.

14. Derivative Instruments and Hedging Activities

Risk Management Objectives

(All Registrants)

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of the contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

Interest rate risk

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery mechanisms in place.

Foreign currency risk

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

Commodity price risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is exposed to commodity price risk from its obligation as PLR; however, its PUC-approved cost recovery mechanism substantially eliminates its exposure to this risk. PPL Electric also mitigates its exposure to commodity price risk by entering into full-requirement supply agreements to serve its PLR customers. These supply agreements transfer the commodity price risk associated with the PLR obligation to the energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel and fuel-related expenses. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric risk

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO - ED1 price control period, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2015 Form 10-K for additional information on revenue recognition under RIIO - ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Equity securities price risk

- PPL and its subsidiaries are exposed to equity securities price risk associated with defined benefit plans. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery mechanisms in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of LKE (through its subsidiaries LG&E and KU) or PPL Electric defaults on its obligation, those entities would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thus mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

Master Netting Arrangements

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL, LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at September 30, 2016 and December 31, 2015.

PPL, LKE and LG&E posted $8 million of cash collateral under master netting arrangements at September 30, 2016 and $9 million of cash collateral under master netting arrangements at December 31, 2015.

KU did not post any cash collateral under master netting arrangements at September 30, 2016 and December 31, 2015.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

Interest Rate Risk

(All Registrants)

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. Various financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolio, adjust the duration of the debt portfolio and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

Cash Flow Hedges

(PPL)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. PPL held no such contracts at September 30, 2016.

For the three months ended September 30, 2016, PPL had no hedge ineffectiveness associated with interest rate derivatives and an insignificant amount of hedge ineffectiveness for the three months ended September 30, 2015. For the nine months ended September 30, 2016 and 2015, PPL had an insignificant amount of ineffectiveness associated with interest rate derivatives.

At September 30, 2016, PPL held an aggregate notional value in cross-currency interest rate swap contracts of $802 million that range in maturity from 2017 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes. In May 2016, $460 million of WPD's U.S. dollar-denominated senior notes were repaid upon maturity and $460 million notional value of cross-currency interest rate swap contracts matured. PPL recorded a $46 million gain upon settlement of the cross-currency interest rate swap contracts, which largely offset a loss recorded on the revaluation of U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges for the three and nine months ended September 30, 2016. As a result of the June 1, 2015 spinoff of PPL Energy Supply, all PPL cash flow hedges associated with PPL Energy Supply were ineffective and discontinued and therefore, reclassified into earnings during the second quarter 2015 and reflected in discontinued operations for the nine months ended September 30, 2015. See Note 8 for additional information.

At September 30, 2016, the accumulated net unrecognized after-tax gains (losses) on qualifying derivatives that are expected to be reclassified into earnings during the next 12 months were insignificant. Amounts are reclassified as the hedged interest expense is recorded.

Economic Activity *(PPL, LKE and LG&E)*

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including a terminated swap contract, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At September 30, 2016, LG&E held contracts with a notional amount of $179 million that range in maturity through 2033.

Foreign Currency Risk

(PPL)

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no such contracts outstanding at September 30, 2016.

At September 30, 2016, PPL had $22 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI, compared to $19 million at December 31, 2015.

Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At September 30, 2016, the total exposure hedged by PPL was approximately £1.8 billion (approximately $2.4 billion based on contracted rates). These contracts had termination dates ranging from October 2016 through December 2018.

In the third quarter of 2016, PPL settled foreign currency hedges related to 2017 and 2018 anticipated earnings, resulting in receipt of approximately $310 million of cash, and entered into new hedges at current market rates. The notional amount of the settled hedges was approximately £1.3 billion (approximately $2.0 billion based on contracted rates) with termination dates from January 2017 through November 2018. The settlement did not have a significant impact on net income as the hedge values were previously marked to fair value and recognized in "Other Income (Expense) - net" on the Statement of Income.

Accounting and Reporting

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts for PPL and PPL Electric include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's and KU's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 6 for amounts recorded in regulatory assets and regulatory liabilities at September 30, 2016 and December 31, 2015.

See Notes 1 and 17 in each Registrant's 2015 Form 10-K for additional information on accounting policies related to derivative instruments.

(PPL)

The following table presents the fair value and location of derivative instruments recorded on the Balance Sheets.

	September 30, 2016				December 31, 2015

(PPL, LKE, LG&E and KU)

Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

	Assets				Liabilities			
		Eligible for Offset				Eligible for Offset		
	Gross	Derivative Instruments	Cash Collateral Received	Net	Gross	Derivative Instruments	Cash Collateral Pledged	Net
September 30, 2016								
Treasury Derivatives								
PPL	$ 263	$ 14	$ —	$ 249	$ 68	$ 14	$ 8	$ 46
LKE	—	—	—	—	54	—	8	46
LG&E	—	—	—	—	54	—	8	46
December 31, 2015								
Treasury Derivatives								
PPL	$ 295	$ 25	$ —	$ 270	$ 72	$ 25	$ 9	$ 38
LKE	—	—	—	—	47	—	9	38
LG&E	—	—	—	—	47	—	9	38

Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and

KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's, and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At September 30, 2016, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	$ 29	$ 29	$ 29
Aggregate fair value of collateral posted on these derivative instruments	7	7	7
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	22	22	22

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

15. Goodwill and Other Intangible Assets

(PPL)

The change in the carrying amount of goodwill for the nine months ended September 30, 2016 was due to the effect of foreign currency exchange rates on the U.K. Regulated segment.

The change in the other intangible assets for the nine months ended September 30, 2016 was primarily due to an increase in the gross carrying amount of indefinite lived intangibles at WPD attributable to new easements of $73 million, partially offset by the effect of foreign currency exchange rates.

16. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU
Balance at December 31, 2015	$ 586	$ 535	$ 175	$ 360
Accretion	20	18	6	12
Effect of foreign currency exchange rates	(7)	—	—	—
Changes in estimated timing or cost	(116)	(116)	(24)	(92)
Obligations settled	(15)	(15)	(11)	(4)
Balance at September 30, 2016	$ 468	$ 422	$ 146	$ 276

LG&E and KU recorded decreases to existing ARO balances of $118 million ($24 million at LG&E and $94 million at KU) during the three and nine months ended September 30, 2016 due to revisions in the amounts and timing of future expected costs related to the closure of CCR impoundments. These revisions are the result of changes in closure plans related to expected costs and timing of closure. Further changes to AROs, capital plans or operating costs may be required as estimates of future cash flows are refined based on closure developments and regulatory or legal proceedings.

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the final CCR rule and Note 6 for information on the rate recovery applications with the KPSC. LG&E's and KU's accretion and ARO-related depreciation expense are recorded as a regulatory asset, such that there is no net earnings impact.

17. Accumulated Other Comprehensive Income (Loss)

(PPL and LKE)

The after-tax changes in AOCI by component for the periods ended September 30 were as follows.

	Foreign currency translation adjustments	Unrealized gains (losses)		Equity investees' AOCI	Defined benefit plans		Total
		Available-for-sale securities	Qualifying derivatives		Prior service costs	Actuarial gain (loss)	
PPL							
June 30, 2016	$ (716)	$ —	$ (5)	$ (1)	$ (5)	$ (2,130)	$ (2,857)

18. New Accounting Guidance Pending Adoption

(All Registrants)

Accounting for Revenue from Contracts with Customers

In May 2014, the Financial Accounting Standards Board (FASB) issued accounting guidance that establishes a comprehensive new model for the recognition of revenue from contracts with customers. This model is based on the core principle that revenue should be recognized to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

For public business entities, this guidance can be applied using either a full retrospective or modified retrospective transition method, beginning in annual reporting periods after December 15, 2017 and interim periods within those years. Public business entities may early adopt this guidance in annual reporting periods beginning after December 15, 2016. The Registrants expect to adopt this guidance effective January 1, 2018.

The Registrants continue to assess the impact of adopting this guidance, as well as the transition method they will use, and are monitoring the development of industry specific application guidance which could impact those assessments.

Accounting for Leases

In February 2016, the FASB issued accounting guidance for leases. This new guidance requires lessees to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). For income statement purposes, the FASB retained a dual model for lessees, requiring leases to be classified as either operating or finance. Operating leases will result in straight-line expense (similar to current operating leases) while finance leases will result in a front-loaded expense pattern (similar to current capital leases). Classification will be based on criteria that are largely similar to those applied in current lease accounting, but without explicit bright lines.

Lessor accounting under the new guidance is similar to the current model, but updated to align with certain changes to the lessee model and the new revenue recognition standard. Similar to current practice, lessors will classify leases as operating, direct financing, or sales-type.

The standard is effective for public companies for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted. The new standard must be adopted using a modified retrospective transition, and provides for certain practical expedients. Transition will require application of the new guidance at the beginning of the earliest comparative period presented.

The Registrants are currently assessing the impact of adopting this guidance.

Accounting for Financial Instrument Credit Losses

In June 2016, the FASB issued accounting guidance that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of this guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under current GAAP.

For public business entities, this guidance will be applied using a modified retrospective approach and is effective for fiscal years beginning after December 15, 2019, and interim periods within those years. All entities may early adopt this guidance beginning after December 15, 2018, including interim periods within those years.

The Registrants are currently assessing the impact of adopting this guidance and the period that they will adopt this guidance.

Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations

(All Registrants)

This "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for individual Registrants when significant.

The following should be read in conjunction with the Registrants' Condensed Consolidated Financial Statements and the accompanying Notes and with the Registrants' 2015 Form 10-K. Capitalized terms and abbreviations are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted.

"Management's Discussion and Analysis of Financial Condition and Results of Operations" includes the following information:

- "Overview" provides a description of each Registrant's business strategy and a discussion of important financial and operational developments.

- "Results of Operations" for all Registrants includes a "Statement of Income Analysis" which discusses significant changes in principal line items on the Statements of Income, comparing the three and nine months ended September 30, 2016 with the same periods in 2015. For PPL, it also provides a detailed analysis of earnings by segment and a description of key factors expected to impact future earnings. The segment earnings discussion includes financial information prepared in accordance with GAAP as well as non-GAAP financial measures including "Earnings from Ongoing Operations" and "Margins". This discussion provides explanations of the non-GAAP financial measures and a reconciliation of the non-GAAP financial measures to the most comparable GAAP measure. For PPL Electric, LKE, LG&E and KU, a summary of earnings is also provided.

- "Financial Condition - Liquidity and Capital Resources" provides an analysis of the Registrants' liquidity positions and credit profiles. This section also includes a discussion of rating agency actions.

- "Financial Condition - Risk Management" provides an explanation of the Registrants' risk management programs relating to market and credit risk.

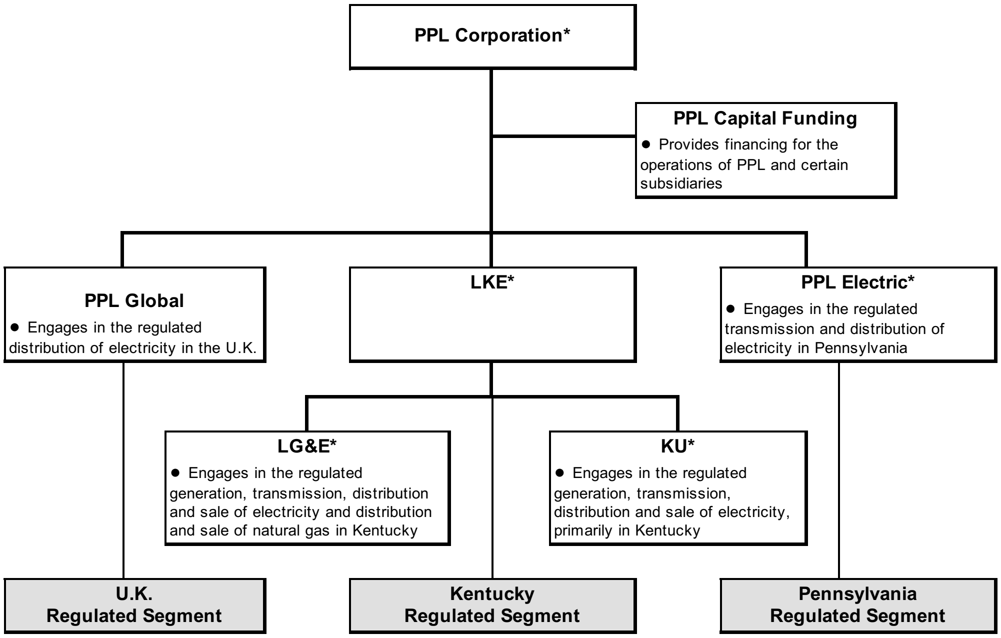
Overview

Introduction

(PPL)

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky, Virginia and Tennessee; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky. In June 2015, PPL completed the spinoff of PPL Energy Supply which combined its competitive power generation businesses with those of Riverstone to form a new, stand-alone, publicly traded company named Talen Energy. See Note 8 in PPL's 2015 Form 10-K for additional information.

PPL's principal subsidiaries are shown below (* denotes SEC registrant).



PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a registrant, however PPL Global's unaudited annual consolidated financial statements are furnished on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

(PPL Electric)

PPL Electric, headquartered in Allentown, Pennsylvania, is a direct wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

(LKE)

LKE, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name and in Tennessee under the KU name.

(LG&E)

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

(KU)

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky, Virginia and Tennessee. KU is subject to regulation as a public utility by the KPSC, the VSCC and the Tennessee Regulatory Authority, and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Virginia customers under the Old Dominion Power name and its Kentucky and Tennessee customers under the KU name.

Business Strategy

(All Registrants)

Following the June 1, 2015 spinoff of PPL Energy Supply, PPL completed its strategic transformation to a fully regulated business model consisting of seven diverse, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky and each jurisdiction has different regulatory structures and customer classes. The Company believes this diverse portfolio provides strong earnings and dividend growth potential that will create significant value for its shareowners and positions PPL well for continued growth and success.

PPL's businesses of WPD, PPL Electric, LG&E and KU plan to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base and RAV, as applicable, driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities. Additionally, significant transmission rate base growth is expected through 2020 at PPL Electric.

For the U.S. businesses, our strategy is to recover capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, gas supply clause and recovery on construction work in progress) that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital outlay to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms are in place to reduce regulatory lag and provide for timely recovery of and a return on prudently incurred costs.

Rate base growth in the domestic utilities is expected to result in strong earnings growth for the foreseeable future. Net income from the U.K. Regulated segment is expected to be relatively flat through 2016. In 2017, earnings are expected to decline for the U.K. Regulated segment mainly due to the unfavorable impact of lower GBP to U.S. dollar exchange rates. RAV growth is expected in the U.K. Regulated segment through the RIIO-ED1 price control period and earnings are expected to grow after 2017 commensurate with RAV growth. See "Item 1. Business - Segment Information - U.K. Regulated Segment" of PPL's 2015 Form 10-K for additional information on RIIO-ED1.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Due to the significant earnings contributed from WPD, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. See "Financial and Operational Developments - U.K. Membership in European Union" for a discussion of the U.K. earnings hedging activity in the third and fourth quarters of 2016.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which we operate (U.K., U.S. federal and state). This is supported by our strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve our customer service, reliability and efficiency of operations.

Financial and Operational Developments
(PPL)

U.K. Membership in European Union

Significant uncertainty exists concerning the effects of the June 23, 2016 referendum in favor of the U.K. withdrawal from the European Union (EU). In October 2016, the U.K. Prime Minister, Theresa May, announced her intent to invoke Article 50 of the Lisbon Treaty (Article 50) by March 31, 2017. Article 50 specifies that if a member state decides to withdraw from the EU, it should notify the European Council of its intention to leave the EU, negotiate the terms of withdrawal and establish the legal grounds for its future relationship with the EU. Article 50 provides two years from the date of the Article 50 notification to conclude negotiations. Failure to complete negotiations within two years, unless negotiations are extended, would result in the treaties governing the EU no longer being applicable to the U.K. with there being no agreement in place governing the U.K.'s relationship with the EU. Under the terms of Article 50, negotiations can only be extended beyond two years if all of the 27 remaining EU states agree to an extension. Any withdrawal agreement will need to be approved by both the European Council and the European Parliament. There remains significant uncertainty as to whether the events referred to in the Prime Minister's announcement will occur within the times suggested as well as the ultimate outcome of the withdrawal negotiations and the related impact on the U.K. economy and the GBP to U.S. dollar exchange rate.

In response to the decrease in the GBP to U.S. dollar exchange rate that occurred subsequent to the U.K.'s vote to withdraw from the EU, PPL has executed additional hedges to mitigate the foreign currency exposure to the Company's U.K. earnings. In the third quarter of 2016, PPL settled existing hedges related to 2017 and 2018 anticipated earnings, resulting in receipt of approximately $310 million of cash, and entered into new hedges at current market rates. The notional amount of the settled hedges was approximately £1.3 billion (approximately $2.0 billion based on contracted rates) with termination dates from January 2017 through November 2018. The settlement did not have a significant impact on net income as the hedge values were previously marked to fair value and recognized in "Other Income (Expense) - net" on the Statement of Income.

Additionally, in the third and fourth quarters of 2016, PPL restructured existing hedges related to 2016 and 2017 anticipated earnings and entered into additional hedges using forward contracts for 2018. This restructuring did not have a significant impact on 2016 expected net income as the hedge values continue to be marked to fair value. As of October 31, 2016, PPL's foreign currency exposure related to budgeted earnings is 91% hedged for the remainder of 2016 at an average rate of $1.29 per GBP, 94% hedged for 2017 at an average rate of $1.25 per GBP and 93% hedged for 2018 at an average rate of $1.42 per GBP.

PPL cannot predict either the short-term or long-term impact to foreign exchange rates or long-term impact on PPL's financial condition that may be experienced as a result of any actions that may be taken by the U.K. government to withdraw from the EU, although such impacts could be significant.

Regulatory Requirements

(All Registrants)

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

(PPL, LKE, LG&E and KU)

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHGs, ELGs, MATS and the Clean Power Plan. See Note 6, Note 10 and Note 16 to the Financial Statements for a discussion of the other significant environmental matters.

(PPL)

Discontinued Operations

The operations of PPL's Supply segment prior to its June 1, 2015, spinoff are included in "Income (Loss) from Discontinued Operations (net of income taxes)" on the September 2015 Statements of Income.

See Note 8 to the Financial Statements for additional information related to the spinoff of PPL Energy Supply, including the components of Discontinued Operations.

U.K. Distribution Revenue Reduction

In December 2013, WPD and other U.K. DNOs announced agreements with the U.K. Department of Energy and Climate Change and Ofgem to a reduction of £5 per residential customer of electricity distribution revenues that otherwise would have been collected in the regulatory year beginning April 1, 2014. Full recovery of the revenue reduction in GBP, together with the associated carrying cost will occur in the regulatory year which began April 1, 2016. Under GAAP, WPD does not record a receivable for under-recovery of regulated income (which this reduction represents). As a result, revenues for the U.K. Regulated segment were adversely affected by $19 million ($15 million after-tax or $0.02 per share) in 2015 and $40 million ($31 million after-tax or $0.05 per share) in 2014. Revenues for the U.K. Regulated segment were positively affected by $14 million ($11 million after-tax or $0.02 per share) and $24 million ($19 million after-tax or $0.03 per share) for the three and nine months ended September 30, 2016. PPL projects revenues in 2016 will be positively affected by $37 million ($29 million after-tax or $0.04 per share) and revenues for 2017 will be positively affected by $17 million ($14 million after-tax or $0.02 per share).

U.K. Tax Rate Change

The U.K. Finance Act 2016, enacted in September 2016, reduces the U.K. statutory income tax rate effective April 1, 2020 from 18% to 17%. As a result of this change, PPL reduced its net deferred tax liabilities and recognized an income tax benefit of $42 million in the third quarter of 2016. Of this amount, $37 million relates to deferred taxes recorded in prior years and is treated as a special item.

Discount Rate Change for U.K. Pension Plans

In selecting the discount rate for its U.K. pension plans, WPD historically used a single weighted-average discount rate in the calculation of net periodic defined benefit cost. WPD began using individual spot rates to measure service cost and interest cost for the calculation of net periodic defined benefit cost in 2016. For the three and nine months ended September 30, 2016, this change in discount rate resulted in lower net periodic defined benefit costs recognized on PPL's Statement of Income of $10 million ($8 million after-tax or $0.01 per share) and $31 million ($25 million after-tax or $0.04 per share). Based on current estimates, PPL expects this change to reduce net periodic defined benefit costs recognized on PPL's Statement of Income by $40 million ($32 million after-tax or $0.05 per share) in 2016. See "Application of Critical Accounting Policies-Defined Benefits" in PPL's 2015 Form 10-K for additional information.

Rate Case Proceedings

(PPL, LKE, LG&E and KU)

On November 1, 2016, LG&E and KU announced that on November 23, 2016, they anticipate filing requests with the KPSC for increases in annual base electricity rates of approximately $103 million at KU and an increase in annual base electricity and gas rates of approximately $94 million and $14 million at LG&E. The proposed base rate increases to be requested are an electricity rate increase of 6.4% at KU and electricity and gas rate increases of 8.5% and 4.2% at LG&E and would become effective in July 2017. LG&E's and KU's applications include requests for CPCNs for implementing an Advanced Metering System program and a Distribution Automation program. The applications are to be based on a forecasted test year of July 1, 2017 through June 30, 2018 and a requested return-on-equity of 10.23%. LG&E and KU cannot predict the outcome of these proceedings.

(LKE and KU)

On October 31, 2016, KU filed a request with the FERC to modify its formula rates to provide for the recovery of CCR impoundment closure costs from its departing municipal customers. The filing was made in accordance with FERC Order No. 631 whereby a rate filing is required to include the costs of ARO's in rates. If approved, KU will begin including the closure costs in its annual true-up filing for 2016 for new rates effective July 1, 2017. The filing is not expected to have a material impact on KU.

Results of Operations

(PPL)

The "Statement of Income Analysis" discussion addresses significant changes in principal line items on PPL's Statements of Income, comparing the three and nine months ended September 30, 2016 with the same periods in 2015. The discussion for PPL provides a review of results by reportable segment. The "Segment Earnings" discussion includes financial information prepared in accordance with GAAP as well as non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Margins". This discussion provides explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis" and "Segment Earnings" are presented on a constant U.K. foreign currency exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant U.K. foreign currency exchange rate basis are calculated by translating current year results at the prior year weighted-average U.K. foreign currency exchange rate.

(PPL Electric, LKE, LG&E and KU)

A "Statement of Income Analysis, Earnings and Margins" is presented separately for PPL Electric, LKE, LG&E and KU.
The "Statement of Income Analysis" addresses significant changes in principal line items on the Statements of Income comparing the three and nine months ended September 30, 2016 with the same periods in 2015 and provides a summary of earnings. The "Margins" discussion includes a reconciliation of non-GAAP financial measures to "Operating Income."

(All Registrants)

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

PPL Statement of Income Analysis, Segment Earnings and Margins

Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues	$ 1,889	$ 1,878	$ 11	$ 5,685	$ 5,889	$ (204)
Operating Expenses						
Operation						
Fuel	227	228	(1)	607	695	(88)
Energy purchases	151	177	(26)	531	676	(145)
Other operation and maintenance	417	482	(65)	1,292	1,405	(113)
Depreciation	232	226	6	692	658	34
Taxes, other than income	76	79	(3)	229	241	(12)
Total Operating Expenses	1,103	1,192	(89)	3,351	3,675	(324)
Other Income (Expense) - net	49	75	(26)	284	61	223
Interest Expense	223	221	2	671	645	26
Income Taxes	139	144	(5)	510	432	78
Income from Continuing Operations After Income Taxes	473	396	77	1,437	1,198	239
Income (Loss) from Discontinued Operations (net of income taxes)	—	(3)	3	—	(915)	915
Net Income	$ 473	$ 393	$ 80	$ 1,437	$ 283	$ 1,154

Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Domestic:		
PPL Electric Distribution price (a)	$ 23	$ 97
PPL Electric Distribution volume	11	(23)
PPL Electric PLR Revenue (b)	(21)	(125)
PPL Electric Transmission Formula Rate	12	47
LKE Base rates	—	68
LKE Volumes	32	(38)
LKE Fuel and other energy prices (b)	(11)	(85)
LKE ECR	8	30
Other	(6)	(12)
Total Domestic	48	(41)
U.K.:		
Price	59	29
Volume	(16)	(37)
Foreign currency exchange rates	(77)	(139)
Other	(3)	(16)
Total U.K.	(37)	(163)
Total	$ 11	$ (204)

(a) Distribution rate case effective January 1, 2016, resulted in increases of $41 million and $121 million for the three and nine months ended September 30, 2016.

(b) Decreases due to lower recoveries of fuel and energy purchases due to lower commodity costs at LKE and lower recoveries of energy purchases at PPL Electric.

Fuel

Fuel decreased $88 million for the nine months ended September 30, 2016 compared with 2015, primarily due to a decrease in market prices for coal and natural gas.

Energy Purchases

Energy purchases decreased by $26 million for the three months ended September 30, 2016 compared with 2015, primarily due to a $37 million decrease in PLR prices, partially offset by a $14 million increase in PLR volumes at PPL Electric.

Energy purchases decreased by $145 million for the nine months ended September 30, 2016 compared with 2015, primarily due to a $90 million decrease in PLR prices and a $23 million decrease in PLR volumes at PPL Electric, a $14 million decrease in natural gas volumes and a $13 million decrease in natural gas prices at LKE.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Domestic:		
LKE coal plant operations and maintenance (a)	$ 2	$ (12)
LKE pension expense (b)	(2)	(10)
PPL Electric Act 129 costs incurred	(7)	(14)
PPL Electric vegetation management	(5)	1
PPL Electric payroll-related costs	(7)	(19)
PPL Electric storm costs	1	7
PPL Electric bad debts	(5)	(6)
Corporate costs previously included in discontinued operations (c)	1	10
Other	(3)	5
U.K.:		
Network maintenance	(2)	13
Foreign currency exchange rates	(10)	(19)
Pension (d)	(21)	(64)
Other	(7)	(5)
Total	$ (65)	$ (113)

(a) The decrease for the nine month period was primarily due to a reduction of costs associated with the 2015 retirement of units at the Cane Run and Green River plants, partially offset by Cane Run 7 operations.
(b) The decrease for the nine month period was primarily due to higher discount rates and deferred amortization of actuarial losses.
(c) The increase for the nine month period was due to corporate costs allocated to PPL Energy Supply (and included in discontinued operations) prior to the June 2015 spinoff. As a result of the spinoff on June 1, 2015, these corporate costs now remain in continuing operations.
(d) The decreases were primarily due to an increase in estimated returns on higher asset balances and lower interest costs due to a change in the discount rate methodology.

Depreciation

Depreciation increased by $6 million and $34 million for the three and nine months ended September 30, 2016 compared with 2015, primarily due to additional assets placed into service, partially offset by the impact of foreign currency exchange rates at WPD, net of retirements.

Other Income (Expense) - net

Other income (expense) - net decreased by $26 million and increased by $223 million for the three and nine months ended September 30, 2016 compared with 2015, primarily due to changes in realized and unrealized gains on foreign currency contracts to economically hedge GBP denominated earnings from WPD.

Interest Expense

The increase (decrease) in interest expense for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Long-term debt interest expense (a)	$ 17	$ 58
Foreign currency exchange rates	(14)	(25)
Other	(1)	(7)
Total	$ 2	$ 26

(a) The increase in both periods was primarily due to debt issuances at WPD in November 2015, LG&E and KU in September 2015 and PPL Capital Funding in May 2016 as well as higher interest rates on bonds refinanced in September 2015 at LG&E and KU.

Income Taxes

The increase (decrease) in income taxes for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Change in pre-tax income at current period tax rates	$ 23	$ 103
Valuation allowances adjustments	4	5
Impact of U.K. income tax rates	3	2
Federal and state tax reserve adjustments (a)	9	21
U.K. Finance Act 2016 adjustment (b)	(42)	(42)
Stock-based compensation (c)	(1)	(12)
Other	(1)	1
Total	$ (5)	$ 78

(a) During the three and nine months ended September 30, 2015, PPL recorded a $9 million tax benefit related to a planned amendment of a prior period tax return.

During the nine months ended September 30, 2015, PPL recorded a tax benefit to adjust the settled refund amount approved by the Joint Committee on Taxation for the open audit years 1998-2011.

(b) The U.K. Finance Act 2016, enacted in September 2016, reduces the U.K. statutory income tax rate effective April 1, 2020 from 18% to 17%. As a result, PPL reduced its net deferred tax liabilities and recognized a deferred tax benefit during the three and nine months ended September 30, 2016.

(c) During the three and nine months ended September 30, 2016, PPL recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 to the Financial Statements for additional information.

See Note 5 to the Financial Statements for additional information.

Income (Loss) from Discontinued Operations (net of income taxes)

Income (Loss) from Discontinued Operations (net of income taxes) includes the results of operations of PPL Energy Supply, which was spun off from PPL on June 1, 2015 and substantially represents PPL's former Supply segment. See "Discontinued Operations" in Note 8 to the Financial Statements for additional information.

Segment Earnings

PPL's net income by reportable segments for the periods ended September 30 were as follows:

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
U.K. Regulated	$ 281	$ 249	$ 32	$ 915	$ 814	$ 101
Kentucky Regulated	126	111	15	314	267	47
Pennsylvania Regulated	91	55	36	263	191	72
Corporate and Other (a)	(25)	(19)	(6)	(55)	(74)	19
Discontinued Operations (b)	—	(3)	3	—	(915)	915
Net Income	$ 473	$ 393	$ 80	$ 1,437	$ 283	$ 1,154

(a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results. The nine months ended September 30, 2015 also includes certain costs related to the spinoff of PPL Energy Supply. See Note 8 to the Financial Statements for additional information.

(b) As a result of the spinoff of PPL Energy Supply, substantially representing PPL's former Supply segment, the earnings of the Supply segment prior to the spinoff are included in Discontinued Operations. The nine months ended September 30, 2015 includes an $879 million charge reflecting the difference between PPL's recorded value for the Supply segment and its estimated fair value as of the spinoff date, determined in accordance with applicable accounting rules under GAAP. See Note 8 to the Financial Statements for additional information.

Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the effective tax rate of the entity where the activity is recorded. Special items include:

• Unrealized gains or losses on foreign currency-related economic hedges (as discussed below).
• Supply segment discontinued operations.
• Gains and losses on sales of assets not in the ordinary course of business.
• Impairment charges.
• Workforce reduction and other restructuring effects.
• Acquisition and divestiture-related adjustments.
• Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 14 to the Financial Statements and "Risk Management" below for additional information on foreign currency-related economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended September 30 were as follows:

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
U.K. Regulated	$ 235	$ 195	$ 40	$ 741	$ 774	$ (33)
Kentucky Regulated	126	112	14	314	280	34
Pennsylvania Regulated	91	55	36	263	191	72
Corporate and Other	(25)	(15)	(10)	(53)	(50)	(3)
Earnings from Ongoing Operations	$ 427	$ 347	$ 80	$ 1,265	$ 1,195	$ 70

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and allocated financing costs. The U.K. Regulated segment represents 64% of PPL's Net Income for the nine months ended September 30, 2016 and 39% of PPL's assets at September 30, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating revenues	$ 515	$ 552	$ (37)	$ 1,673	$ 1,836	$ (163)
Other operation and maintenance	78	118	(40)	260	332	(72)
Depreciation	58	63	(5)	178	181	(3)
Taxes, other than income	34	38	(4)	104	111	(7)
Total operating expenses	170	219	(49)	542	624	(82)
Other Income (Expense) - net	50	77	(27)	283	65	218
Interest Expense	100	109	(9)	310	312	(2)
Income Taxes	14	52	(38)	189	151	38
Net Income	281	249	32	915	814	101
Less: Special Items	46	54	(8)	174	40	134
Earnings from Ongoing Operations	$ 235	$ 195	$ 40	$ 741	$ 774	$ (33)

The following after-tax gains (losses), which management considers special items, impacted the U.K. Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended September 30.

	Income Statement Line Item	Three Months		Nine Months	
		2016	2015	2016	2015
Foreign currency-related economic hedges, net of tax of $103, ($29), $34, ($10) (a)	Other Income (Expense) - net	$ (193)	$ 54	$ (65)	$ 20
Settlement of foreign currency contracts, net of tax of ($108), $0, ($108), $0 (b)	Other Income (Expense) - net	202	—	202	—
Change in U.K. tax rate (c)	Income Taxes	37	—	37	—
WPD Midlands acquisition-related adjustment, net of tax of $0, $0, $0, ($1)	Other operation and maintenance	—	—	—	2
Settlement of certain income tax positions (d)	Income Taxes	—	—	—	18
Total special items		$ 46	$ 54	$ 174	$ 40

(a) Represents unrealized gains (losses) on contracts that economically hedge anticipated GBP-denominated earnings. The three and nine months ended September 30, 2016 include the reversal of $310 million ($202 million after-tax) of unrealized gains related to the settlement of 2017 and 2018 contracts.

(b) In the third quarter of 2016, PPL settled 2017 and 2018 foreign currency contracts, resulting in $310 million of cash received ($202 million after-tax). The settlement did not have a material impact on net income as the contracts were previously marked to fair value and recognized in "Other Income (Expense)-net" on the Statement of Income.
(c) The U.K. Finance Act 2016, enacted in September 2016, reduces the U.K. statutory income tax rate effective April 1, 2020 from 18% to 17%. As a result of this change, PPL reduced its net deferred tax liabilities and recognized an income tax benefit of $42 million in the third quarter of 2016. Of this amount, $37 million relates to deferred taxes recorded in prior years and was treated as a special item.
(d) Relates to the April 2015 settlement of the IRS audit for the tax years 1998-2011. See Note 5 to the Financial Statements for additional information.

The changes in the components of the U.K. Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as U.K. Gross Margins, the items that management considers special and the effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

	Three Months	Nine Months
U.K.		
Gross margins	$ 45	$ (11)
Other operation and maintenance	26	49
Depreciation	(3)	(12)
Interest expense	(5)	(23)
Other	(1)	(3)
Income taxes	(5)	13
U.S.		
Interest expense and other	2	(3)
Income taxes	(10)	(5)
Foreign currency exchange, after-tax	(9)	(38)
Earnings from Ongoing Operations	40	(33)
Special items, after-tax	(8)	134
Net Income	$ 32	$ 101

U.K.

- See "Margins - Changes in Margins" for an explanation of U.K. Gross Margins.

- Lower other operation and maintenance expense for the three month period primarily due to $21 million from lower pension expense due to an increase in estimated returns on higher asset balances and lower interest costs due to a change in the discount rate methodology and $2 million from lower network maintenance expense.

- Lower other operation and maintenance expense for the nine month period primarily due to $64 million from lower pension expense due to an increase in estimated returns on higher asset balances and lower interest costs due to a change in the discount rate methodology, partially offset by $13 million from higher network maintenance expense.

Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations of LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 22% of PPL's Net Income for the nine months ended September 30, 2016 and 36% of PPL's assets at September 30, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating revenues	$ 835	$ 801	$ 34	$ 2,382	$ 2,414	$ (32)
Fuel	227	228	(1)	607	695	(88)
Energy purchases	24	23	1	118	143	(25)
Other operation and maintenance	197	202	(5)	603	625	(22)
Depreciation	102	97	5	301	286	15
Taxes, other than income	16	14	2	46	43	3
Total operating expenses	566	564	2	1,675	1,792	(117)
Other Income (Expense) - net	(3)	(2)	(1)	(9)	(8)	(1)
Interest Expense	65	56	9	194	167	27
Income Taxes	75	68	7	190	180	10
Net Income	126	111	15	314	267	47
Less: Special Items	—	(1)	1	—	(13)	13
Earnings from Ongoing Operations	$ 126	$ 112	$ 14	$ 314	$ 280	$ 34

The following after-tax gains (losses), which management considers special items, impacted the Kentucky Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended September 30.

	Income Statement Line Item	Three Months		Nine Months	
		2016	2015	2016	2015
LKE acquisition-related adjustment, net of tax of $0, $0, $0, $0 (a)	Other Income (Expense) - net	$ —	$ (1)	$ —	$ (5)
Certain valuation allowances, net of tax of $0, $0, $0, $0 (b)	Income Taxes	—	—	—	(8)
Total Special Items		$ —	$ (1)	$ —	$ (13)

(a) Recorded at PPL and allocated to the Kentucky Regulated segment. The amount represents a settlement between E.ON AG (a German corporation and the indirect parent of E.ON US Investments Corp., the former parent of LKE) and PPL for a tax matter.
(b) Recorded at LKE and represents a valuation allowance against tax credits expiring in 2016 and 2017 that are more likely than not to expire before being utilized.

The changes in the components of the Kentucky Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Kentucky Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Nine Months
Kentucky Gross Margins	$ 27	$ 63
Other operation and maintenance	10	26
Depreciation	(2)	(1)
Taxes, other than income	(3)	(3)
Other Income (Expense) - net	(2)	(6)
Interest Expense	(9)	(27)
Income Taxes	(7)	(18)
Special items, after-tax	1	13
Net Income	$ 15	$ 47

- See "Margins - Changes in Margins" for an explanation of Kentucky Gross Margins.
- Lower other operation and maintenance expense for the nine month period primarily due to $12 million of lower coal plant operations and maintenance expense as a result of units retired in 2015 at the Cane Run and Green River plants and $10 million of lower pension expense mainly due to higher discount rates and deferred amortization of actuarial losses.
- Higher interest expense for the three and nine month periods primarily due to the September 2015 issuance of $550 million of incremental First Mortgage Bonds by LG&E and KU, higher interest rates on the September 2015 issuance of $500

million of First Mortgage Bonds by LG&E and KU used to retire the same amount of First Mortgage Bonds in November 2015 and $400 million of notes refinanced by LKE in November 2015.

Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 18% of PPL's Net Income for the nine months ended September 30, 2016 and 24% of PPL's assets at September 30, 2016.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating revenues	$ 539	$ 519	$ 20	$ 1,619	$ 1,625	$ (6)
Energy purchases						
External	129	154	(25)	414	519	(105)
Intersegment	—	—	—	—	14	(14)
Other operation and maintenance	143	162	(19)	431	435	(4)
Depreciation	64	55	9	185	158	27
Taxes, other than income	26	27	(1)	79	87	(8)
Total operating expenses	362	398	(36)	1,109	1,213	(104)
Other Income (Expense) - net	4	1	3	12	5	7
Interest Expense	32	32	—	97	96	1
Income Taxes	58	35	23	162	130	32
Net Income	91	55	36	263	191	72
Less: Special Items (a)	—	—	—	—	—	—
Earnings from Ongoing Operations	$ 91	$ 55	$ 36	$ 263	$ 191	$ 72

(a) There are no items that management considers special for the periods presented.

The changes in the components of the Pennsylvania Regulated segment's results between these periods were due to the factors set forth below, which reflect amounts classified as Pennsylvania Gross Delivery Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Pennsylvania Gross Delivery Margins	$ 52	$ 126
Other operation and maintenance	12	(3)
Depreciation	(9)	(27)
Taxes, other than income	1	2
Other Income (Expense) - net	3	7
Interest Expense	—	(1)
Income Taxes	(23)	(32)
Net Income	$ 36	$ 72

- See "Margins - Changes in Margins" for an explanation of Pennsylvania Gross Delivery Margins.
- Lower other operation and maintenance expense for the three month period primarily due to $6 million of lower payroll related costs and $6 million of lower bad debt expenses.
- Higher other operation and maintenance expense for the nine month period primarily due to $10 million of higher corporate service costs allocated to PPL Electric and $9 million of higher costs for additional work done by outside vendors, offset by $19 million of lower payroll related costs.
- Higher depreciation expense for the three and nine month periods primarily due to transmission and distribution additions placed into service related to the ongoing efforts to improve reliability and replace aging infrastructure, net of retirements.

- Higher income taxes for the three and nine month periods primarily due to higher pre-tax income.

Reconciliation of Earnings from Ongoing Operations

The following tables contain after-tax gains (losses), in total, which management considers special items, that are excluded from Earnings from Ongoing Operations and a reconciliation to PPL's "Net Income" for the periods ended September 30.

	2016 Three Months					
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Discontinued Operations	Total
Net Income	$ 281	$ 126	$ 91	$ (25)	$ —	$ 473
Less: Special Items (expense) benefit:						
Foreign currency-related economic hedges, net of tax of $103	(193)	—	—	—	—	(193)
Other:						
Settlement of foreign currency contracts, net of tax of ($108)	202	—	—	—	—	202
Change in U.K. tax rate	37	—	—	—	—	37
Total Special Items	46	—	—	—	—	46
Earnings from Ongoing Operations	$ 235	$ 126	$ 91	$ (25)	$ —	$ 427

	2015 Three Months					
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Discontinued Operations	Total

Other:						
WPD Midlands acquisition-related adjustment, net of tax of ($1)	2	—	—	—	—	2
Settlement of certain income tax positions	18	—	—	—	—	18
Certain valuation allowances, net of tax of $0	—	(8)	—	—	—	(8)
LKE acquisition-related adjustment, net of tax of $0	—	(5)	—	—	—	(5)
Total Special Items	40	(13)	—	(23)	(916)	(912)
Earnings from Ongoing Operations	$ 774	$ 280	$ 191	$ (50)	$ —	$ 1,195

Margins

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "U.K. Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.

- "Kentucky Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, LKE, LG&E and KU, as well as the Kentucky Regulated segment's, LKE's and LG&E's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.

- "Pennsylvania Gross Delivery Margins" is a single financial performance measure of the electricity transmission and distribution delivery operations of the Pennsylvania Regulated segment and PPL Electric. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129 and Universal Service program costs), and "Taxes, other than income," which is primarily gross receipts tax. This performance measure includes PLR energy purchases by PPL Electric from PPL EnergyPlus, which are reflected in "Energy purchases from affiliate" in the reconciliation tables. As a result of the June 2015 spinoff of PPL Energy Supply and the formation of Talen Energy, PPL EnergyPlus (renamed Talen Energy Marketing) is no longer an affiliate of PPL Electric. PPL Electric's purchases from Talen Energy Marketing subsequent to May 31, 2015 are reflected in "Energy Purchases" in the reconciliation tables. This measure represents the net revenues from the Pennsylvania Regulated segment's and PPL Electric's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations.

Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

Changes in Margins

The following table shows Margins by PPL's reportable segment and by component, as applicable, for the periods ended September 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
U.K.						
U.K. Gross Margins	$ 476	$ 505	$ (29)	$ 1,566	$ 1,709	$ (143)
Impact of changes in foreign currency exchange rates			(74)			(132)
Change in U.K. Gross Margins excluding impact of foreign currency exchange rates			$ 45			$ (11)
Kentucky Regulated						
Kentucky Gross Margins						
LG&E	$ 237	$ 225	$ 12	$ 676	$ 661	$ 15
KU	300	285	15	857	809	48
LKE	$ 537	$ 510	$ 27	$ 1,533	$ 1,470	$ 63
Pennsylvania Regulated						
Pennsylvania Gross Delivery Margins						
Distribution	$ 246	$ 207	$ 39	$ 721	$ 642	$ 79
Transmission	115	102	13	332	285	47
Total	$ 361	$ 309	$ 52	$ 1,053	$ 927	$ 126

U.K. Gross Margins

U.K. Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the three months ended September 30, 2016 compared with 2015 primarily due to $59 million from the April 1, 2016 price increase, which includes $14 million of the recovery of prior customer rebates, partially offset by $16 million of lower volumes.

U.K. Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased for the nine months ended September 30, 2016 compared with 2015 primarily due to $89 million from the April 1, 2015 price decrease resulting from the commencement of RIIO-ED1 and lower volumes of $37 million, partially offset by $97 million from the April 1, 2016 price increase, which includes $24 million of the recovery of prior customer rebates, and $21 million of other revenue adjustments in 2016.

Kentucky Gross Margins

Kentucky Gross Margins increased for the three months ended September 30, 2016 compared with 2015 primarily due to $22 million of increased sales volumes ($9 million at LG&E and $13 million at KU) driven by warmer weather.

Kentucky Gross Margins increased for the nine months ended September 30, 2016 compared with 2015 primarily due to higher base rates of $68 million ($4 million at LG&E and $64 million at KU) and returns on additional environmental capital investments of $11 million at LG&E. The increase in base rates was the result of new rates approved by the KPSC effective July 1, 2015. These increases were partially offset by lower sales volumes of $10 million ($2 million at LG&E and $8 million at KU) driven by milder weather in the first quarter of 2016.

Pennsylvania Gross Delivery Margins

Distribution

Distribution margins increased for the three months ended September 30, 2016 compared with 2015 primarily due to $30 million of higher base rates, effective January 1, 2016 as a result of the 2015 rate case combined with a $12 million favorable impact of warmer summer weather.

Distribution margins increased for the nine months ended September 30, 2016 compared with 2015 primarily due to $93 million of higher base rates, effective January 1, 2016, partially offset by a $13 million unfavorable impact of milder winter weather.

Transmission

Transmission margins increased for the three and nine month periods ended September 30, 2016 compared with 2015 primarily due to returns on additional capital investments focused on replacing aging infrastructure and improving reliability.

Reconciliation of Margins

The following table contains the components from the Statement of Income that are included in the non-GAAP financial measures and a reconciliation to PPL's "Operating Income" for the periods ended September 30.

	2016 Three Months					2015 Three Months				
	U.K. Gross Margins	Kentucky Gross Margins	PA Gross Delivery Margins	Other (a)	Operating Income (b)	U.K. Gross Margins	Kentucky Gross Margins	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 504 (c)	$ 835	$ 539	$ 11	$ 1,889	$ 540 (c)	$ 801	$ 519	$ 18	$ 1,878

Taxes, other than income	—	3	75	151	229	—	3	81	157	241
Total Operating Expenses	75	849	566	1,861	3,351	92	944	698	1,941	3,675
Total	$ 1,566	$ 1,533	$ 1,053	$ (1,818)	$ 2,334	$ 1,709	$ 1,470	$ 927	$ (1,892)	$ 2,214

(a) Represents amounts excluded from Margins.

(b) As reported on the Statements of Income.
(c) Excludes ancillary revenues of $11 million and $32 million for the three and nine months ended September 30, 2016 and $12 million and $35 million for the three and nine months ended September 30, 2015.

2016 Outlook

(PPL)

Higher net income is expected in 2016 compared with 2015, primarily attributable to the results of the 2015 spinoff of the Supply segment. Higher Earnings from Ongoing Operations are expected in 2016 compared with 2015, primarily attributable to increases in the Pennsylvania Regulated and Kentucky Regulated segments. The following projections and factors underlying these projections are provided for PPL's segments and the Corporate and Other category and the related Registrants.

(PPL's U.K. Regulated Segment)

Net income is expected to be relatively flat in 2016 compared with 2015. Lower Earnings from Ongoing Operations are projected in 2016 compared with 2015 due to the unfavorable impact of lower GBP exchange rates, higher interest expense and depreciation, partially offset by higher revenues and lower operation and maintenance expense, including pension expense.

(PPL's Kentucky Regulated Segment and LKE, LG&E and KU)

Higher net income and Earnings from Ongoing Operations are projected in 2016 compared with 2015, primarily driven by electric and gas base rate increases effective July 1, 2015, higher returns on additional environmental capital investments, and lower operation and maintenance expense, partially offset by higher depreciation and higher interest expense.

(PPL's Pennsylvania Regulated Segment and PPL Electric)

Higher net income and Earnings from Ongoing Operations are projected in 2016 compared with 2015, primarily driven by higher base electricity rates for distribution effective January 1, 2016, and higher transmission earnings from additional capital investments, partially offset by higher depreciation and a benefit received in 2015 from the release of a gross receipts tax reserve.

(PPL's Corporate and Other Category)

Relatively flat costs are projected in 2016 compared with 2015.

(All Registrants)

Earnings in future periods are subject to various risks and uncertainties. See "Forward-Looking Information," the rest of this Item 2, Notes 6 and 10 to the Financial Statements and "Item 1A. Risk Factors" in this Form 10-Q (as applicable) and "Item 1. Business" and "Item 1A. Risk Factors" in the Registrants' 2015 Form 10-K for a discussion of the risks, uncertainties and factors that may impact future earnings.

PPL Electric: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues	$ 539	$ 519	$ 20	$ 1,619	$ 1,625	$ (6)
Operating Expenses						
Operation						
Energy purchases	129	154	(25)	414	519	(105)
Energy purchases from affiliate	—	—	—	—	14	(14)
Other operation and maintenance	144	162	(18)	431	435	(4)
Depreciation	64	55	9	185	158	27
Taxes, other than income	26	27	(1)	79	87	(8)
Total Operating Expenses	363	398	(35)	1,109	1,213	(104)
Other Income (Expense) - net	4	1	3	12	5	7
Interest Expense	32	32	—	97	96	1
Income Taxes	58	35	23	162	130	32
Net Income	$ 90	$ 55	$ 35	$ 263	$ 191	$ 72

Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Distribution Price (a)	$ 23	$ 97
Distribution volume	11	(23)
PLR (b)	(21)	(125)
Transmission Formula Rate	12	47
Other	(5)	(2)
Total	$ 20	$ (6)

(a) Distribution rate case effective January 1, 2016, resulted in increases of $41 million and $121 million for the three and nine months ended September 30, 2016.
(b) Decreases due to lower recoveries of energy purchases as described below.

Energy Purchases

Energy purchases decreased by $25 million for the three months ended September 30, 2016 compared with 2015 due to lower PLR prices of $37 million, partially offset by higher PLR volumes of $14 million.

Energy purchases decreased by $105 million for the nine months ended September 30, 2016 compared with 2015 due to lower PLR prices of $90 million, lower PLR volumes of $11 million and lower capacity volumes of $4 million.

Energy Purchases from Affiliate

Energy purchases from affiliate decreased by $14 million for the nine months ended September 30, 2016 compared with 2015 as a result of the June 1, 2015 PPL Energy Supply spinoff.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Corporate service costs	$ 1	$ 10
Contractor-related expenses	6	12
Vegetation management	(5)	1
Storm costs	1	7
Payroll-related costs	(7)	(19)
Act 129	(7)	(14)
Universal service programs	—	3
Bad Debts	(5)	(6)
Other	(2)	2
Total	$ (18)	$ (4)

Depreciation

Depreciation increased by $9 million and $27 million for the three and nine months ended September 30, 2016 compared with 2015, primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements.

Income Taxes

The increase (decrease) in income taxes for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Change in pre-tax income at current period tax rates	$ 22	$ 43
Stock-based compensation (a)	—	(7)
Other	1	(4)
Total	$ 23	$ 32

(a) During the nine months ended September 30, 2016, PPL Electric recorded lower income tax expense related to the application of new stock-based compensation accounting guidance. See Note 2 to the Financial Statements for additional information.

See Note 5 to the Financial Statements for additional information.

Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Net Income	$ 90	$ 55	$ 263	$ 191
Special item, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher base electricity rates for distribution effective January 1, 2016, a favorable impact of weather, higher transmission margins from additional capital investments, and lower other operation and maintenance expense, partially offset by higher depreciation.

Earnings increased for the nine month period in 2016 compared with 2015 primarily due to higher base electricity rates for distribution effective January 1, 2016, and higher transmission margins, partially offset by higher depreciation.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Pennsylvania Gross Delivery Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Pennsylvania Gross Delivery Margins	$ 52	$ 126
Other operation and maintenance	11	(3)
Depreciation	(9)	(27)
Taxes, other than income	1	2
Other Income (Expense) - net	3	7
Interest Expense	—	(1)
Income Taxes	(23)	(32)
Net Income	$ 35	$ 72

Margins

"Pennsylvania Gross Delivery Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for information on why management believes this measure is useful and for explanations of the underlying drivers of the changes between periods.

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2016 Three Months			2015 Three Months		
	PA Gross Delivery Margins	Other (a)	Operating Income (b)	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 539	$ —	$ 539	$ 519	$ —	$ 519
Operating Expenses						
Energy purchases	129	—	129	154	—	154
Other operation and maintenance	24	120	144	31	131	162
Depreciation	—	64	64	—	55	55
Taxes, other than income	25	1	26	25	2	27
Total Operating Expenses	178	185	363	210	188	398
Total	$ 361	$ (185)	$ 176	$ 309	$ (188)	$ 121

	2016 Nine Months			2015 Nine Months		
	PA Gross Delivery Margins	Other (a)	Operating Income (b)	PA Gross Delivery Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 1,619	$ —	$ 1,619	$ 1,625	$ —	$ 1,625
Operating Expenses						
Energy purchases	414	—	414	519	—	519
Energy purchases from affiliate	—	—	—	14	—	14
Other operation and maintenance	77	354	431	84	351	435
Depreciation	—	185	185	—	158	158
Taxes, other than income	75	4	79	81	6	87
Total Operating Expenses	566	543	1,109	698	515	1,213
Total	$ 1,053	$ (543)	$ 510	$ 927	$ (515)	$ 412

(a) Represents amounts excluded from Margins.

(b) As reported on the Statements of Income.

LKE: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues	$ 835	$ 801	$ 34	$ 2,382	$ 2,414	$ (32)
Operating Expenses						
Operation						
Fuel	227	228	(1)	607	695	(88)
Energy purchases	24	23	1	118	143	(25)
Other operation and maintenance	197	202	(5)	603	625	(22)
Depreciation	102	97	5	301	286	15
Taxes, other than income	16	14	2	46	43	3
Total Operating Expenses	566	564	2	1,675	1,792	(117)
Other Income (Expense) - net	(3)	(1)	(2)	(9)	(3)	(6)
Interest Expense	50	43	7	147	127	20
Interest Expense with Affiliate	4	—	4	12	1	11
Income Taxes	79	73	6	202	194	8
Net Income	$ 133	$ 120	$ 13	$ 337	$ 297	$ 40

Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Base rates	$ —	$ 68
Volumes	32	(38)
Fuel and other energy prices (a)	(11)	(85)
ECR	8	30
Other	5	(7)
Total	$ 34	$ (32)

(a) The decrease for the nine month period was due to lower recoveries of fuel and energy purchases due to lower commodity costs as described below.

Fuel

Fuel decreased $88 million for the nine months ended September 30, 2016 compared with 2015, primarily due to a decrease in market prices for coal and natural gas.

Energy Purchases

Energy purchases decreased $25 million for the nine months ended September 30, 2016 compared with 2015 primarily due to a $14 million decrease in natural gas volumes, driven by milder weather in the first quarter of 2016, and $13 million of lower natural gas prices.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Coal plant operations and maintenance (a)	$ 2	$ (12)
Pension (b)	(2)	(10)
Other	(5)	—
Total	$ (5)	$ (22)

(a) The decrease for the nine month period was primarily due to a reduction of costs associated with the 2015 retirement of units at the Cane Run and Green River plants, partially offset by Cane Run 7 operations.
(b) The decrease for the nine month period was primarily due to higher discount rates and deferred amortization of actuarial losses.

Depreciation

Depreciation increased $15 million for the nine months ended September 30, 2016 compared with 2015 primarily due to additional assets placed into service, net of retirements.

Interest Expense

Interest expense increased $11 million and $31 million for the three and nine months ended September 30, 2016 compared with 2015 primarily due to the September 2015 issuance of $550 million of incremental First Mortgage Bonds by LG&E and KU, higher interest rates on the September 2015 issuance of $500 million of First Mortgage Bonds by LG&E and KU used to retire the same amount of First Mortgage Bonds in November 2015 and $400 million of notes refinanced in November 2015.

Income Taxes

The increase (decrease) in income taxes for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Change in pre-tax income at current period tax rates	$ 7	$ 19
Certain valuation allowances (a)	—	(8)
Other	(1)	(3)
Total	$ 6	$ 8

(a) The decrease for the nine month period represents a valuation allowance, established in 2015, against tax credits expiring in 2016 and 2017 that are more likely than not to expire before being utilized.

Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Net Income	$ 133	$ 120	$ 337	$ 297
Special items, gains (losses), after-tax	—	—	—	(8)

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher sales volumes, driven by warmer weather, and lower other operation and maintenance expense, partially offset by higher interest expense.

Excluding special items, earnings increased for the nine month period in 2016 compared with 2015 primarily due to higher base electricity rates effective July 1, 2015, lower other operation and maintenance expense and higher returns on additional environmental capital investments, partially offset by higher interest expense and lower sales volumes driven by milder weather in the first quarter of 2016.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins and an item that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Nine Months
Margins	$ 27	$ 63
Other operation and maintenance	10	26
Depreciation	(2)	(1)
Taxes, other than income	(3)	(3)
Other Income (Expense) - net	(2)	(6)
Interest Expense	(11)	(31)
Income Taxes	(6)	(16)
Special items, gains (losses), after-tax	—	8
Net Income	$ 13	$ 40

(a) See PPL's "Results of Operations - Segment Earnings - Kentucky Regulated Segment" for details of the special item.

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LKE's Margins are referred to as "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 835	$ —	$ 835	$ 801	$ —	$ 801
Operating Expenses						
Fuel	227	—	227	228	—	228
Energy purchases	24	—	24	23	—	23
Other operation and maintenance	33	164	197	28	174	202
Depreciation	14	88	102	11	86	97
Taxes, other than income	—	16	16	1	13	14
Total Operating Expenses	298	268	566	291	273	564
Total	$ 537	$ (268)	$ 269	$ 510	$ (273)	$ 237

	2016 Nine Months			2015 Nine Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 2,382	$ —	$ 2,382	$ 2,414	$ —	$ 2,414
Operating Expenses						
Fuel	607	—	607	695	—	695
Energy purchases	118	—	118	143	—	143
Other operation and maintenance	81	522	603	77	548	625
Depreciation	40	261	301	26	260	286
Taxes, other than income	3	43	46	3	40	43
Total Operating Expenses	849	826	1,675	944	848	1,792
Total	$ 1,533	$ (826)	$ 707	$ 1,470	$ (848)	$ 622

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

LG&E: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues						
Retail and wholesale	$ 366	$ 349	$ 17	$ 1,058	$ 1,089	$ (31)

Taxes, other than income	9	7	2	24	21	3
Total Operating Expenses	247	243	4	761	842	(81)
Other Income (Expense) - net	(1)	(1)	—	(6)	(3)	(3)
Interest Expense	18	13	5	53	39	14
Income Taxes	39	36	3	98	91	7
Net Income	$ 63	$ 58	$ 5	$ 159	$ 146	$ 13

Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Base rates	$ —	$ 4
Volumes	15	(30)
Fuel and other energy prices (a)	(4)	(36)
ECR	5	21
Other	1	(3)
Total	$ 17	$ (44)

(a) The decrease for the three and nine month periods was due to lower recoveries of fuel and energy purchases due to lower commodity costs, as described below.

Fuel

Fuel increased $4 million for the three months ended September 30, 2016 compared with 2015, due to an $11 million increase in volumes, driven by warmer weather, partially offset by a $7 million decrease in commodity costs, as a result of a decrease in market prices for coal and natural gas.

Fuel decreased $34 million for the nine months ended September 30, 2016 compared with 2015, due to a $25 million decrease in commodity costs, as a result of a decrease in market prices for coal and natural gas, and a $9 million decrease in volumes, driven by milder weather in the first quarter of 2016.

Energy purchases

Energy purchases decreased $25 million for the nine months ended September 30, 2016 compared with 2015 primarily due to a $14 million decrease in natural gas volumes, driven by milder weather during the first quarter of 2016, and $13 million of lower natural gas prices.

Energy purchases from affiliate

Energy purchases from affiliate decreased $4 million for the three months ended September 30, 2016 compared with 2015 primarily due to decreased generation available from KU.

Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Coal plant operations and maintenance (a)	$ (1)	$ (13)
Pension (b)	—	(6)
Other	(1)	(3)
Total	$ (2)	$ (22)

(a) The decrease for the nine month period was primarily due to a reduction of costs associated with the 2015 retirement of units at the Cane Run plant, partially offset by Cane Run 7 operations.
(b) The decrease for the nine month period was primarily due to higher discount rates and deferred amortization of actuarial losses.

Interest Expense

Interest expense increased $5 million and $14 million for the three and nine months ended September 30, 2016 compared with 2015 primarily due to the September 2015 issuance of $300 million of incremental First Mortgage Bonds and higher interest rates on the September 2015 issuance of $250 million of First Mortgage Bonds used to retire the same amount of First Mortgage Bonds in November 2015.

Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Net Income	$ 63	$ 58	$ 159	$ 146
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher sales volumes, driven by warmer weather, and lower other operation and maintenance expense, partially offset by higher interest expense.

Earnings increased for the nine month period in 2016 compared with 2015 primarily due to higher returns on additional environmental capital investments and lower other operation and maintenance expense, partially offset by higher interest expense.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Margins	$ 12	$ 15
Other operation and maintenance	4	21
Depreciation	—	4
Taxes, other than income	(3)	(3)
Other Income (Expense) - net	—	(3)
Interest Expense	(5)	(14)
Income Taxes	(3)	(7)
Net Income	$ 5	$ 13

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LG&E's Margins are included in "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)
Operating Revenues	$ 368	$ —	$ 368	$ 351	$ —	$ 351

Total	676	$ (360)	$ 316	$ 661	$ (382)	$ 279

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

KU: Statement of Income Analysis, Earnings and Margins

Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2016	2015	$ Change	2016	2015	$ Change
Operating Revenues						
Retail and wholesale	$ 469	$ 452	$ 17	$ 1,324	$ 1,325	$ (1)
Electric revenue from affiliate	5	9	(4)	10	17	(7)
Total Operating Revenues	474	461	13	1,334	1,342	(8)
Operating Expenses						
Operation						
Fuel	141	146	(5)	374	428	(54)
Energy purchases	5	5	—	14	14	—
Energy purchases from affiliate	2	2	—	19	32	(13)
Other operation and maintenance	107	108	(1)	320	321	(1)
Depreciation	59	57	2	175	164	11
Taxes, other than income	7	7	—	22	22	—
Total Operating Expenses	321	325	(4)	924	981	(57)
Other Income (Expense) - net	(3)	—	(3)	(4)	1	(5)
Interest Expense	24	20	4	71	58	13
Income Taxes	48	44	4	128	115	13
Net Income	$ 78	$ 72	$ 6	$ 207	$ 189	$ 18

Operating Revenue

The increase (decrease) in operating revenue for the periods ended September 30, 2016 compared with 2015 was due to:

	Three Months	Nine Months
Base rates	$ —	$ 64
Volumes	13	(27)
Fuel and other energy prices (a)	(6)	(50)
ECR	3	8
Other	3	(3)
Total	$ 13	$ (8)

(a) The decrease for the three and nine month periods was due to lower recoveries of fuel and energy purchases due to lower commodity costs as described below.

Fuel

Fuel decreased $5 million for the three months ended September 30, 2016 compared with 2015, due to a decrease in market prices for coal and natural gas.

Fuel decreased $54 million for the nine months ended September 30, 2016 compared with 2015, due to a $49 million decrease in commodity costs, as a result of a decrease in market prices for coal and natural gas, and a $5 million decrease in volumes, driven by milder weather during the first quarter of 2016.

Table of Contents

Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Net Income	$ 78	$ 72	$ 207	$ 189
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2016 compared with 2015 primarily due to higher sales volumes, driven by warmer weather, and lower other operation and maintenance expense, partially offset by higher interest expense.

Earnings increased for the nine month period in 2016 compared with 2015 primarily due to higher base electricity rates, effective July 1, 2015 and lower other operation and maintenance expense, partially offset by higher interest expense and lower sales volumes, driven by milder weather during the first quarter of 2016.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Margins	$ 15	$ 48
Other operation and maintenance	4	6
Depreciation	(2)	(5)
Other Income (Expense) - net	(3)	(5)
Interest Expense	(4)	(13)
Income Taxes	(4)	(13)
Net Income	$ 6	$ 18

Margins

"Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, KU's Margins are included in "Kentucky Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2016 Three Months			2015 Three Months		
	Margins	Other (a)	Operating Income (b)	Margins	Other (a)	Operating Income (b)

Total	$ 857	$ (447)	$ 410	$ 809	$ (448)	$ 361

(a) Represents amounts excluded from Margins.
(b) As reported on the Statements of Income.

Financial Condition

The remainder of this Item 2 in this Form 10-Q is presented on a combined basis, providing information, as applicable, for all Registrants.

Liquidity and Capital Resources

(All Registrants)

The Registrants had the following at:

	PPL (a)	PPL Electric	LKE	LG&E	KU
September 30, 2016					
Cash and cash equivalents	$ 416	$ 36	$ 11	$ 4	$ 7
Short-term debt	636	130	135	128	7
Notes payable with affiliate		—	138	—	—
December 31, 2015					
Cash and cash equivalents	$ 836	$ 47	$ 30	$ 19	$ 11
Short-term debt	916	—	265	142	48
Notes payable with affiliate		—	54	—	—

(a) At September 30, 2016, $8 million of cash and cash equivalents were denominated in GBP. If these amounts would be remitted as dividends, PPL would not anticipate a material incremental U.S. tax cost. Historically, dividends paid by foreign subsidiaries have been limited to distributions of the current year's earnings. See Note 5 to the Financial Statements in PPL's 2015 Form 10-K for additional information on undistributed earnings of WPD.

(PPL)

The Statements of Cash Flows separately report the cash flows of the discontinued operations in 2015. The "Operating Activities", "Investing Activities" and "Financing Activities" sections below included only the cash flows of continuing operations.

(All Registrants)

Net cash provided by (used in) operating, investing and financing activities for the nine month period ended September 30, and the changes between periods, were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
2016					
Operating activities	$ 2,230	$ 595	$ 816	$ 383	$ 469
Investing activities	(2,066)	(740)	(599)	(343)	(254)
Financing activities	(558)	134	(236)	(55)	(219)
2015					
Operating activities	$ 1,688	$ 373	$ 895	$ 469	$ 510
Investing activities	(2,463)	(764)	(921)	(519)	(400)
Financing activities	231	203	460	220	154
Change - Cash Provided (Used)					
Operating activities	$ 542	$ 222	$ (79)	$ (86)	$ (41)
Investing activities	397	24	322	176	146
Financing activities	(789)	(69)	(696)	(275)	(373)

Operating Activities

The components of the change in cash provided by (used in) operating activities for the nine months ended September 30, 2016 compared with 2015 were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Net income	$ 239	$ 72	$ 40	$ 13	$ 18
Non-cash components	146	42	(7)	—	(7)
Working capital	102	74	(168)	(99)	(94)
Defined benefit plan funding	51	33	(16)	(20)	1
Other operating activities	4	1	72	20	41
Total	$ 542	$ 222	$ (79)	$ (86)	$ (41)

(PPL)

PPL's cash provided by operating activities from continuing operations in 2016 increased $542 million in 2016 compared with 2015.

- Income from continuing operations increased by $239 million between the periods. This included an additional $146 million of net non-cash charges, including $124 million of lower unrealized gains on hedging activities primarily due to the settlement of hedges in the third quarter of 2016 and an increase in deferred income taxes, partially offset by defined benefit plan income (primarily due to an increase in estimated returns on higher asset balances and lower interest costs due to a change in the discount rate for the U.K. pension plans).

- The $102 million increase in cash from changes in working capital was primarily due to an increase in taxes payable (primarily due to an increase in current income tax expense in 2016) and an increase in accounts payable (due to timing of payments), partially offset by an increase in unbilled revenues (due to lower volumes as a result of unfavorable weather as compared to 2015) and a net increase in current regulatory assets and regulatory liabilities (due to the timing of rate recovery mechanisms).

- Defined benefit plan funding was $51 million lower in 2016.

(PPL Electric)

PPL Electric's cash provided by operating activities in 2016 increased $222 million in 2016 compared with 2015.

- The increase in non-cash components of $42 million in 2016 compared with 2015 was primarily due to an increase in depreciation and deferred income tax expense.

- The $74 million increase in cash from changes in working capital was primarily due to an increase in accounts payable (primarily due to timing of payments) and a decrease in prepayments (primarily due to higher tax prepayments in 2015) partially offset by a net increase in current regulatory assets and regulatory liabilities (due to the timing of rate recovery mechanisms).

- Defined benefit plan funding was $33 million lower in 2016.

(LKE)

LKE's cash provided by operating activities in 2016 decreased $79 million compared with 2015.

- The decrease in cash from working capital was driven primarily by lower tax payments received from PPL for the use of prior year excess tax depreciation deductions. Other decreases in cash were related to accounts receivable and unbilled revenues due to lower weather volatility during the measurement periods in 2016, and coal and natural gas inventories due to milder weather in the first quarter of 2016, partially offset by lower payments on accounts payable due to lower fuel purchases.

- The increase in cash from other operating activities was driven primarily by a decrease in cash outflows for the settlement of interest rate swaps. LG&E and KU settled interest rate swaps in the third quarter of 2015 which did not occur in 2016.

(LG&E)

LG&E's cash provided by operating activities in 2016 decreased $86 million compared with 2015.

- The decrease in cash from working capital was driven primarily by lower tax payments received from LKE for the use of prior year excess tax depreciation deductions. Other decreases in cash were related to accounts receivable and unbilled revenues due to lower weather volatility during the measurement periods in 2016, coal and natural gas inventories due to milder weather in the first quarter of 2016, and accounts receivable from affiliates due to lower intercompany settlements associated with capital expenditures, partially offset by lower payments on accounts payable due to lower fuel purchases.

- The increase in cash from other operating activities was driven primarily by a decrease in cash outflows for the settlement of interest rate swaps. LG&E settled interest rate swaps in the third quarter of 2015 which did not occur in 2016.

(KU)

KU's cash provided by operating activities in 2016 decreased $41 million compared with 2015.

- The decrease in cash from working capital was driven primarily by lower tax payments received from LKE for the use of prior year excess tax depreciation deductions. Other decreases in cash were related to accounts receivable and unbilled revenues due to lower weather volatility during the measurement periods in 2016, and coal inventory due to milder weather in the first quarter of 2016, partially offset by accounts payable to affiliates due to lower intercompany settlements associated with capital expenditures and lower payments on accounts payable due to lower fuel purchases.

- The increase in cash from other operating activities was driven primarily by a decrease in cash outflows for the settlement of interest rate swaps. KU settled interest rate swaps in the third quarter of 2015 which did not occur in 2016.

Investing Activities

(All Registrants)

Expenditures for Property, Plant and Equipment

Investment in PP&E is the primary investing activity of the registrants. The change in expenditures for PP&E for the nine months ended September 30, 2016 compared with 2015 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Decrease	$ 487	$ 19	$ 328	$ 176	$ 152

For PPL, the decrease in expenditures was due to lower project expenditures at WPD, PPL Electric Utilities, LG&E, and KU. The decrease in expenditures for WPD was primarily due to a decrease in expenditures to enhance system reliability associated with the end of the DPCR5 price control period and changes in foreign currency exchange rates. The decrease in expenditures for PPL Electric was primarily due to the completion of the Susquehanna-Roseland transmission project and the completion of the Northeast Pocono reliability project. The decrease in expenditures for LG&E was primarily driven by the completion of the environmental air projects at LG&E's Mill Creek plant. The decrease in expenditures for KU was primarily driven by the completion of the environmental air projects at KU's Ghent plant and the CCR project at KU's E.W. Brown plant.

Financing Activities

(All Registrants)

The components of the change in cash provided by (used in) financing activities for the nine months ended September 30, 2016 compared with 2015 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Debt issuance/retirement, net	$ (801)	$ —	$ (1,050)	$ (550)	$ (500)
Settlement of cross-currency swaps	46	—	—	—	—
Stock issuances/redemptions, net	(12)	—	—	—	—
Dividends	(22)	(53)	—	(6)	(91)
Capital contributions/distributions, net	—	(75)	(85)	27	20
Change in short-term debt, net	3	62	370	250	195
Notes payable with affiliate	—	—	63	—	—
Other financing activities	(3)	(3)	6	4	3
Total	$ (789)	$ (69)	$ (696)	$ (275)	$ (373)

See Note 7 to the Financial Statements in this Form 10-Q for information on 2016 short and long-term debt activity, equity transactions and PPL dividends. See the Registrants' 2015 Form 10-K for information on 2015 activity.

Credit Facilities

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At September 30, 2016, the total committed borrowing capacity and the use of that capacity under these credit facilities was as follows:

External

	Committed Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity
PPL Capital Funding Credit Facilities	$ 1,150	$ —	$ 17	$ 1,133
PPL Electric Credit Facility	400	—	131	269
LKE Credit Facility	75	—	—	75
LG&E Credit Facility	500	—	128	372
KU Credit Facilities	598	—	205	393
Total LKE	1,173	—	333	840
Total U.S. Credit Facilities (a)	$ 2,723	$ —	$ 481	$ 2,242
Total U.K. Credit Facilities (b)	£ 1,055	£ 284	£ —	£ 771

(a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 11%, PPL Electric - 7%, LKE - 21%, LG&E - 7% and KU - 37%.

(b) The amounts borrowed at September 30, 2016 were a USD-denominated borrowing of $200 million and GBP-denominated borrowings which equated to $171 million. The unused capacity reflects the USD-denominated borrowing amount borrowed in GBP of £153 million as of the date borrowed. At September 30, 2016, the USD equivalent of unused capacity under the U.K. committed credit facilities was $1 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 13% of the total committed capacity.

See Note 7 to the Financial Statements for further discussion of the Registrants' credit facilities.

Intercompany (LKE, LG&E and KU)

	Committed Capacity	Borrowed	Other Used Capacity	Unused Capacity
LKE Credit Facility	$ 225	$ 138	$ —	$ 87
LG&E Money Pool (a)	500	—	128	372
KU Money Pool (a)	500	—	7	493

(a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to $500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum short-term debt limit for each utility at $500 million from any source.

See Note 11 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper *(All Registrants)*

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at September 30, 2016:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	$ 1,000	$ —	$ 1,000
PPL Electric	400	130	270
LG&E	350	128	222
KU	350	7	343
Total LKE	700	135	565
Total PPL	$ 2,100	$ 265	$ 1,835

Long-term Debt

(PPL)

In May 2016, PPL Capital Funding issued $650 million of 3.10% Senior Notes due 2026. PPL Capital Funding received proceeds of $645 million, net of a discount and underwriting fees, which will be used to invest in or make loans to subsidiaries of PPL, to repay short-term debt and for general corporate purposes.

In May 2016, WPD (East Midlands) borrowed £100 million at 0.4975% under a new ten-year index linked term loan agreement, which will be used for general corporate purposes.

In May 2016, WPD plc repaid the entire $460 million principal amount of its 3.90% Senior Notes upon maturity.

In October 2016, WPD (East Midlands) issued an additional £40 million of its 2.671% Index-linked Senior Notes due 2043. WPD (East Midlands) received proceeds of £83 million, which equated to $101 million at the time of issuance, net of fees and including a premium. The principal amount of the notes is adjusted based on changes in a specified index, as detailed in the terms of the related indentures. The proceeds will be used for general corporate purposes.

(PPL and PPL Electric)

In March 2016, the LCIDA issued $116 million of Pollution Control Revenue Refunding Bonds, Series 2016A due 2029 and $108 million of Pollution Control Revenue Refunding Bonds, Series 2016B due 2027 on behalf of PPL Electric. The bonds were issued bearing interest at an initial term rate of 0.90% through their mandatory purchase dates of September 1, 2017 and August 15, 2017. Thereafter, the method of determining the interest rate on the bonds may be converted from time to time at PPL Electric's option. The proceeds of the bonds were used to redeem $116 million of 4.70% Pollution Control Revenue Refunding Bonds, 2005 Series A due 2029 and $108 million of 4.75% Pollution Control Revenue Refunding Bonds, 2005 Series B due 2027 previously issued by the LCIDA on behalf of PPL Electric.

In connection with the issuance of each of these new series of LCIDA bonds, PPL Electric entered into a loan agreement with the LCIDA pursuant to which the LCIDA has loaned to PPL Electric the proceeds of the LCIDA bonds on payment terms that correspond to the LCIDA bonds. In order to secure its obligations under the loan agreement, PPL Electric issued $224 million of First Mortgage Bonds under its 2001 Mortgage Indenture, which also have payment terms that correspond to the LCIDA bonds.

(PPL, LKE and LG&E)

In September 2016, the County of Trimble, Kentucky issued $125 million of Pollution Control Revenue Refunding Bonds, 2016 Series A (Louisville Gas and Electric Company Project) due 2044 on behalf of LG&E. The bonds were issued with a floating interest rate that initially will reset weekly. The method of determining the interest rate on the bonds may be converted from time to time at LG&E’s option. The proceeds of the bonds were used to redeem $83 million of Pollution Control Revenue Refunding Bonds, 2000 Series A (Louisville Gas and Electric Company Project) due 2030 and $42 million of Pollution Control Revenue Refunding Bonds, 2002 Series A (Louisville Gas and Electric Company Project) due 2032 previously issued by the County of Trimble, Kentucky on behalf of LG&E.

(PPL, LKE and KU)

In August 2016, the County of Carroll, Kentucky issued $96 million of Pollution Control Revenue Refunding Bonds, 2016 Series A (Kentucky Utilities Company Project) due 2042 on behalf of KU. The bonds were issued bearing interest at an initial term rate of 1.05% through their mandatory purchase date of September 1, 2019. Thereafter, the method of determining the interest rate on the bonds may be converted from time to time at KU’s option. The proceeds of the bonds were used to redeem $96 million of Pollution Control Revenue Refunding Bonds, 2002 Series C (Kentucky Utilities Company Project) due 2032 previously issued by the County of Carroll, Kentucky on behalf of KU.

(PPL)

ATM Program

For the periods ended September 30, PPL issued the following:

	Three Months		Nine Months	
	2016	2015	2016	2015
Number of shares (in thousands)	710	436	710	858
Average share price	$ 35.23	$ 32.95	$ 35.23	$ 33.33
Net Proceeds	$ 25	$ 14	$ 25	$ 28

Common Stock Dividends

In August 2016, PPL declared a quarterly common stock dividend, payable October 3, 2016, of 38 cents per share (equivalent to $1.52 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

Capital Expenditures

Capital expenditure plans are revised periodically to reflect changes in operational, market and regulatory conditions. In the second quarter of 2016, PPL decreased its projected capital spending for the period 2016 through 2020 related to distribution facilities by approximately $1.1 billion from the $9.5 billion projection previously disclosed in PPL's 2015 Form 10-K. The decreased projected capital spending results from a change in the forecasted GBP to U.S. dollar exchange rate from $1.60 to $1.30 for WPD expenditures that decreased each yearly estimate by approximately $220 million.

Contractual Obligations

In 2016, PPL decreased its estimated contractual cash obligations by approximately $2.0 billion from the $39.1 billion estimate previously disclosed in PPL's 2015 Form 10-K. The decrease was primarily a result of the change in the GBP to U.S. dollar exchange rate from $1.50 to $1.30 as of September 30, 2016 for WPD's obligations. The decreases in PPL's estimated contractual cash obligations by year were as follows.

	Total	2016	2017 - 2018	2019 - 2020	After 2020
Total Change in Contractual Cash Obligations	$ (2,003)	$ (36)	$ (100)	$ (121)	$ (1,746)

Rating Agency Actions

(All Registrants)

Moody's and S&P have periodically reviewed the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities. The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2016:

(PPL)

In February 2016, Moody's and S&P affirmed their commercial paper ratings for PPL Capital Funding's $1.0 billion commercial paper program.

In May 2016, Moody's and S&P assigned ratings of Baa2 and BBB+ to PPL Capital Funding's $650 million 3.10% Senior Notes due 2026.

In June 2016, S&P assigned a long-term issuer rating of A- and a short-term issuer rating of A-2 to PPL Capital Funding.

(PPL Electric)

In February 2016, Moody's and S&P affirmed their commercial paper ratings for PPL Electric's $400 million commercial paper program.

In February 2016, Moody's and S&P assigned ratings of A1 and A to LCIDA's $116 million 0.90% Pollution Control Revenue Refunding Bonds due 2029 and $108 million 0.90% Pollution Control Revenue Refunding Bonds due 2027, issued on behalf of PPL Electric.

(LG&E)

In September 2016, Moody's and S&P assigned ratings of A1 and A to LG&E's Trimble Country 2016 Series A $125 million Pollution Control Revenue Refunding Bonds due 2044.

(KU)

In August 2016, Moody's and S&P assigned ratings of A1 and A to KU's Carroll County 2016 Series A $96 million Pollution Control Revenue Refunding Bonds due 2042.

Ratings Triggers

(PPL, LKE, LG&E and KU)

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at September 30, 2016.

(All Registrants)

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2015 Form 10-K.

Risk Management

Market Risk

(All Registrants)

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at September 30, 2016.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
PPL				
Cash flow hedges				
Cross-currency swaps (c)	$ 802	$ 155	$ (96)	2028
Economic hedges				
Interest rate swaps (d)	179	(54)	(2)	2033
LKE				
Economic hedges				
Interest rate swaps (d)	179	(54)	(2)	2033
LG&E				
Economic hedges				
Interest rate swaps (d)	179	(54)	(2)	2033

(a) Includes accrued interest, if applicable.
(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.
(c) Cross-currency swaps are utilized to hedge the principal and interest payments of WPD's U.S. dollar-denominated senior notes. Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.
(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at September 30, 2016 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at September 30, 2016 is shown below.

	10% Adverse Movement in Rates
PPL	$ 543
PPL Electric	136
LKE	175
LG&E	65
KU	98

Foreign Currency Risk (PPL)

PPL is exposed to foreign currency risk primarily through investments in U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at September 30, 2016.

	Exposure Hedged		Fair Value, Net - Asset (Liability)		Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)		Maturities Ranging Through
Economic hedges (b)	£	1,791	$	96	$	(214)	2018

(a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.
(b) To economically hedge the translation risk of expected earnings denominated in GBP.

(All Registrants)

Commodity Price Risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is exposed to commodity price risk from its obligation as PLR; however, its PUC-approved cost recovery mechanism substantially eliminates its exposure to this risk. PPL Electric also mitigates its exposure to commodity price risk by entering into full-requirement supply agreements to serve its PLR customers. These supply agreements transfer the commodity price risk associated with the PLR obligation to the energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel and fuel-related expenses. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric Risk

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO - ED1 price control period, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2015 Form 10-K for additional information on revenue recognition under RIIO - ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Credit Risk *(All Registrants)*

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Risk Management - Credit Risk" in the Registrants' 2015 Form 10-K for additional information.

Foreign Currency Translation *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of $840 million for the nine months ended September 30, 2016, which primarily reflected a $1.6 billion decrease to PP&E and $375 million decrease to goodwill partially offset by a $995 million decrease to long-term debt and a $160 million decrease to other net liabilities. Changes in this exchange rate resulted in a foreign currency translation loss of $101 million for the nine months ended September 30, 2015, which primarily reflected a $209 million decrease to PP&E and $54 million decrease to goodwill partially offset by a $131 million decrease to long-term debt and a $31 million decrease to other net liabilities. The impact of foreign currency translation is recorded in AOCI.

Related Party Transactions *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

Acquisitions, Development and Divestitures *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 to the Financial Statements for information on the more significant activities.

Environmental Matters *(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The cost of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the cost for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See Note 10 to the Financial Statements for a discussion of the more significant environmental matters including:
- Legal Matters,
- Climate Change,
- Coal Combustion Residuals,
- Effluent Limitations Guidelines,
- Mercury and Air Toxics Standards,
- National Ambient Air Quality Standards, and
- Superfund and Other Remediation.

Additionally, see "Item 1. Business - Environmental Matters" in the Registrants' 2015 Form 10-K for additional information on environmental matters.

New Accounting Guidance *(All Registrants)*

See Notes 2 and 18 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

Application of Critical Accounting Policies *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2015 Form 10-K for a discussion of each critical accounting policy.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of September 30, 2016, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal control over financial reporting during the Registrants' third fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

For information regarding pending administrative and judicial proceedings involving regulatory, environmental and other matters, which information is incorporated by reference into this Part II, see:

- "Item 3. Legal Proceedings" in each Registrant's 2015 Form 10-K; and
- Notes 6 and 10 to the Financial Statements.

Item 1A. Risk Factors

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2015 Form 10-K and Form 10-Q for the period ending June 30, 2016 except the following:

(PPL)

Risks related to our U.K. segment

PPL’s earnings may be adversely affected as a result of the June 23, 2016 referendum in the U.K. to withdraw from the European Union.

Significant uncertainty exists concerning the effects of the June 23, 2016 referendum in favor of the U.K. withdrawal from the European Union, including whether formal withdrawal will occur and the nature and duration of negotiations between the U.K. and European Union as to the terms of any withdrawal. PPL cannot predict the impact, either short-term or long-term, on foreign exchange rates or PPL’s long-term financial condition that may be experienced as a result of any actions that may be taken by the U.K. government to withdraw from the European Union, although such impacts could be significant.

Item 4. Mine Safety Disclosures

Not applicable.

Item 6. Exhibits

The following Exhibits indicated by an asterisk preceding the Exhibit number are filed herewith. The balance of the Exhibits has heretofore been filed with the Commission and pursuant to Rule 12(b)-32 are incorporated herein by reference. Exhibits indicated by a [_] are filed or listed pursuant to Item 601(b)(10)(iii) of Regulation S-K.

4(a)	- Loan Agreement dated as of August 1, 2016 between Kentucky Utilities Company and the County of Carroll, Kentucky (Exhibit 4(a) to Kentucky Utilities Company Form 8-K Report (File No. 1-3464) dated August 26, 2016)
4(b)	- Supplemental Indenture No. 5, dated as of August 1, 2016, of Kentucky Utilities Company to The Bank of New York Mellon, as Trustee (Exhibit 4(b) to Kentucky Utilities Company Form 8-K Report (File No. 1-3464) dated August 26, 2016)
4(c)	- Loan Agreement dated as of September 1, 2016 between Louisville Gas and Electric Company and the County of Trimble, Kentucky (Exhibit 4(a) to Louisville Gas and Electric Company Form 8-K Report (File No. 1-2893) dated September 15, 2016)
4(d)	- Supplemental Indenture No. 5, dated as of September 1, 2016, of Louisville Gas and Electric Company to The Bank of New York Mellon, as Trustee (Exhibit 4(b) to Louisville Gas and Electric Company Form 8-K Report (File No. 1-2893) dated September 15, 2016)

Date: 10th October 2016

Dear Sirs

In accordance with arrangements recently agreed between us, we hereby set out in this letter (the "**Facility Letter**") the terms and conditions upon which we, Svenska Handelsbanken AB (publ) (the "**Bank**"), are prepared to make available an uncommitted money market facility (the "**Facility**") to you, Western Power Distribution (South West) plc , Company Number 2366894 (the "**Borrower**")

This Facility Letter is open for acceptance within 30 days of the date hereof or such later date as the Bank shall agree after which it shall expire.

This Facility Letter supersedes all prior agreements, arrangements or correspondence between the Bank and the Borrower in relation to the Facility.

The principal terms on which the Facility is made available are set out in Clause 1.1, subject to the terms and conditions contained in the remainder of this Facility Letter.

1.1 **Outline Terms**

• **Amount & Type of Facility:**	£50,000,000 (fifty million pounds sterling) money market facility. • Arrangement Fee £15,000 payable on signing this Facility Letter. • Annual Fee £7,500 payable yearly in advance with effect from 1st September 2017 • Breakage Fee £300 payable on the date a Drawing or any part thereof is repaid or prepaid other than on the relevant Maturity Date. • Break Costs (if applicable).

SWIFT HANDGB22

• **Review Date:**	On or around 31st August annually.
• **Specified Purpose**	General business purposes.

1.2 **Definitions and Interpretation**

Unless defined elsewhere the definitions which shall apply to the Facility Letter are contained in Schedule 2.

2 **The Facility**

The Borrower may only use the Facility for the Specified Purpose and furthermore undertakes not to use the Facility for any purpose or in any manner that would result in a breach by it, or any other person, of any provision of the Bribery Act 2010.

3 **Conditions Precedent**

3.1 The Facility shall be available for use by the Borrower only when the Bank (i) shall have received, to its satisfaction as to their form and substance, the documents and evidence set out in Schedule 1 and (ii) is satisfied that the other conditions detailed in Schedule 1 have been satisfied.

3.2 The Conditions Precedent set out in Schedule 1 are for the sole benefit of the Bank, and the Bank may in its sole and absolute discretion make the Facility, or a part thereof, available notwithstanding that one or more of such conditions have not been fulfilled on terms that such condition or conditions shall be fulfilled within such period or periods thereafter as the Bank shall determine unless the Bank shall otherwise agree to waive such condition or conditions in its sole and absolute discretion.

4 **Utilisation, Availability and Termination**

4.1 Utilisation of the Facility ("**Facility Utilisation**") will be calculated as the aggregate value of outstanding Drawings.

4.2 Facility Utilisation at any time shall not exceed the Limit and the Bank is not obliged to allow or continue to allow any utilisation in excess of the Limit.

4.3 The Facility is uncommitted and shall remain available to the Borrower until further notice but shall be subject to cancellation at any time by either the Bank or the Borrower giving written notice to the other. In the event of such cancellation no further Drawings shall be made available and the Bank will be entitled to require the Borrower to immediately repay all Drawings in accordance with the provisions of Clause 5.5.

4.4 The Bank shall review the Facility on each Review Date and may contact you to discuss your future requirements. Whenever we review the Facility, we may charge you a renewal fee.

4.5 All sums outstanding under the Facility together with interest thereon, and any fees, costs, charges and expenses payable hereunder shall be repayable upon demand at all times.

5 **Drawings**

5.1 Borrowings by way of drawings shall be permitted at the Bank's discretion (together the "**Drawings**" each a "**Drawing**").

5.2 Each Drawing shall be for an amount, a period and at an interest rate, all to be mutually agreed at the time of each such Drawing, such period to expire no later than the next Quarter Day unless otherwise agreed by the Bank.

5.3 Interest on Drawings shall be payable by the Borrower in full in immediately available funds, on the relevant Maturity Date and on any date that a Drawing is renewed for a further period pursuant to Clause 5.4.

5.4 Each Drawing shall be repaid in full by the Borrower on the relevant Maturity Date unless the Bank, in its sole discretion, shall agree to renew any such Drawing for a further period in which case the Maturity Date for such Drawing shall be extended accordingly.

5.5 Notwithstanding any other term of this Facility Letter each Drawing together with interest thereon, and any fees, costs, charges and expenses payable hereunder shall be repayable upon demand and in the event that the Facility is cancelled or demand is made by the Bank, the Bank shall be entitled at the cost of the Borrower to break any interest period that may be applicable to a Drawing and the Borrower shall pay to the Bank the Breakage Fee and all Break Costs arising as a result thereof together with accrued interest. In the event that the Bank shall exercise such right all Drawings outstanding shall thereafter be fixed for such interest periods as shall be determined by the Bank in its sole and absolute discretion.

5.6 If there is a repayment, prepayment or recovery of all or any part of a Drawing other than on the relevant Maturity Date, then the Borrower will pay to the Bank on demand an amount equal to the Break Costs together with the Breakage Fee and the Borrower indemnifies the Bank against any other costs, liabilities or expenses incurred by the Bank in connection with that early repayment, prepayment or recovery.

5.7 Any notice of prepayment under this Facility Letter shall be irrevocable and the provisions of this Clause 5 shall apply to any prepayment.

5.8 If the prepayment sum is received by the Bank after 10 am then the Bank may treat such prepayment as if it had been received on the next Business Day. Any prepayment must be accompanied by any Breakage Fee and all Break Costs arising as a result thereof together with accrued interest.

6 **Fees**

6.1 In consideration of the Bank making the Facility available hereunder the Borrower shall pay to the Bank, the Bank's Fees which if not previously paid shall be deducted from any Drawing made hereunder. Any fees as set out in Clause 1.1 not due on first utilisation shall be debited to the Borrower's account and be payable in advance at the time or times and in the manner set out in Clause 1.1.

6.2 In the event that the level of administration undertaken by the Bank in connection with the operation and monitoring of the Facility shall in the opinion of the Bank have increased or be likely to increase from that envisaged by the Bank when the Facility was originally agreed then the Bank shall have the right to charge the Borrower an Administration Fee.

7 **Increased Costs and Default Interest**

7.1 The Borrower shall, within three Business Days of a demand by the Bank, pay the Bank the amount of any Increased Costs incurred by the Bank as a result of (i) the introduction of or any change in (or in the interpretation, administration or application of) any law, regulation or directive (whether or not having the force of law) or (ii) compliance with any law, regulation or directive (whether or not having the force of law) made after the date of this Facility Letter.

7.2 In this Facility Letter "**Increased Costs**" means:

7.2.1 a reduction in the rate of return from the Facility or on the Bank's overall capital;

7.2.2 an additional or increased cost; or

7.2.3 a reduction of any amount due and payable under this Facility Letter,

which is incurred or suffered by the Bank to the extent that it is attributable to the Bank having entered into this Facility Letter or funding or performing its obligations under this Facility Letter.

7.3 The Bank prior to making a claim pursuant to Clause 7.1 above shall notify the Borrower of the event giving rise to the claim and shall, as soon as practicable after a demand by the Borrower, provide a certificate confirming the amount of its Increased Costs.

7.4 If the Borrower shall fail to pay any sum due hereunder or under the judgement of any court in connection herewith on the due date therefor, then as a separate obligation the Borrower shall pay to the Bank interest at the Default Rate on any such sum due to the Bank up to the date on which such sum is repaid and any other amounts outstanding under this Facility Letter have been paid in full. Interest shall be payable at the rate both before and after demand, court decree or judgment on such dates advised by the Bank to the Borrower any such interest which is not paid when due shall be added to the overdue sum and itself bear interest accordingly.

7.5 The Bank's certificate as to the amounts due pursuant to this Clause 7 shall be final and conclusive, save for manifest error.

8 **Financial Information**

The Borrower shall forthwith provide to the Bank such financial information as the Bank may request from time to time including, but not limited to the Financial Statements of the Borrower within 180 days of the end of each financial year.

9 **Payments, Calculations and Tax Indemnity**

9.1 All interest shall accrue from day to day and be calculated on the basis of the actual number of days elapsed within a year of 365 days.

9.2 All sums payable by the Borrower to the Bank shall be paid without deduction for or on account of any set-off or counter-claim and free and clear of any deduction or withholding of any nature (including taxation) unless such a deduction or withholding is required by law.

9.3 If any amount is required by law to be deducted or withheld from any sum payable hereunder then the Borrower shall pay such an additional amount as will ensure that, after the making of such deduction or withholding, the Bank shall receive a net sum equal to the sums which the Bank would have received had no such deduction or withholding been required to be made.

9.4 The Borrower shall (within three Business Days of demand by the Bank) pay to the Bank an amount equal to the loss, liability or cost which the Bank determines will be or has been (directly or indirectly) suffered for or on account of Tax by the Bank in respect of the Facility Letter.

9.5 Clause 9.4 above shall not apply:

9.5.1 with respect to any Tax assessed on the Bank under the law of the jurisdiction in which the Bank is incorporated or, if different, the jurisdiction (or jurisdictions) in which the Bank is treated as resident for tax purposes, if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by the Bank; or

9.5.2 to the extent a loss, liability or cost is compensated for by an increased payment under Clause 9.3.

9.6 If the Bank makes (or intends to make) a claim under Clause 9.4 above, it shall notify the Borrower as soon as is reasonably practicable of the event which has caused (or will cause) that claim, however, the Bank's entitlement to exercise its rights under Clause 9.4 above is not conditional on such notification being made in accordance with this Clause 9.6.

9.7 For the purposes of Clauses 9.4 and 9.5:

"**Tax**" means any tax, levy, impost, duty or other charge or withholding of a similar nature (including any penalty or interest payable in connection with any failure to pay or any delay in paying any of the same).

10 **<u>Security</u>**

The Facility will be secured by any security which the Bank may in the future obtain.

11 **<u>Set-Off</u>**

11.1 In addition to any other rights to which it may be entitled the Bank may retain, set off or appropriate any credit balances in name of the Borrower (whether current or not yet due) against the Borrower's obligations to the Bank under this Facility Letter. The Bank may exercise any of these rights without prior notice both before and after demand and in so doing may convert to sterling at the prevailing market rate of exchange any balance which is in a currency other than sterling.

11.2 Nothing expressed or implied in this Facility Letter or any other document in connection herewith shall be regarded as in any way negating or affecting any right which the Bank may have under applicable law to apply any credit balances to which the Borrower is entitled on any account of the Borrower in or towards satisfaction of any sum due from the Borrower hereunder.

12 **<u>Severance</u>**

If at any time any one or more of the provisions of this Facility Letter is or becomes invalid, illegal or unenforceable for any reason whatsoever, the validity, legality and enforceability of the remaining provisions hereof shall not thereby be affected, reduced or impaired in any way.

13 **<u>Remedies, Waivers, Amendments and Consents</u>**

13.1 No failure on the part of the Bank to exercise, and no delay on its part in exercising, any right or remedy under this Facility Letter will operate as a waiver thereof, nor will any single or partial exercise of any right or remedy preclude any other or further exercise thereof or the exercise of any other right or remedy. The rights and remedies provided in this Facility Letter are cumulative and not exclusive of any rights or remedies provided by law or otherwise.

13.2 Save to the extent expressly provided to the contrary in this Facility Letter a person who is not a party to this Facility Letter may not enforce any of its terms under the Contracts (Rights of Third Parties) Act 1999.

14 **<u>Assignment and Transferability</u>**

14.1 The Borrower may not assign, transfer or otherwise dispose of all or any part of its rights, benefits or obligations under this Facility Letter.

14.2 Subject to clause 14.3 below, the Bank may, with the prior written consent of the Borrower (such consent not to be unreasonably withheld or delayed) at any time and its own cost assign, novate or transfer all or any part of its rights, benefits and obligations under this Facility Letter or grant participations therein to any one or more banks or financial institutions and the Borrower and any other party to this Facility Letter hereby agree to execute any documents required to enable the Bank so to do (provided that the Borrower and any such other party shall neither be required thereby to pay any greater amount to satisfy its obligations hereunder nor be responsible for any legal or statutory costs or duties arising therefrom) and the Borrower and any other party to this Facility Letter further agrees that the Bank may disclose any information to any such bank or financial institution for said purpose.

14.3 The consent of the Borrower will be deemed to have been given if:

14.3.1 the transfer is to an Affiliate of the Bank;

14.3.2 a breach of the Borrower's obligations has occurred and is continuing; or

14.3.3 within 10 Business Days of receipt by the Borrower of a written application for consent, it has not been expressly refused, provided, in each case, that at the time of the proposed transfer no deduction or withholding would be required by law in respect of any payment to the transferee at such time to the extent that no deduction or withholding would have been required in respect of a payment to the Bank.

15 Costs and Expenses

15.1 The Borrower agrees that the costs and expenses, including legal fees, disbursements registration fees and value added tax thereon, incurred by the Bank in connection with the preparation, negotiation, execution and registration of this Facility Letter, and any other documents required in connection with the Facility shall be for the Borrower's account and the Borrower hereby indemnifies the Bank in respect of payment thereof.

15.2 The Borrower further undertakes to reimburse and indemnify the Bank for any and all costs, interest, charges and expenses incurred by the Bank, as well after as before judgement, in connection with preserving, enforcing or seeking to preserve or enforce its rights in respect of this Facility Letter or any amendment thereto, or in connection with the granting of any approvals or consents hereunder.

16 Notices

16.1 Each notice or other communication to be given under this Facility Letter shall be given in writing in English and, unless otherwise provided, shall be made by hand, fax or letter. For the avoidance of doubt, notices shall not be validly served by e-mail.

Any notice or other communication to be given by one party to another under this Facility Letter shall (unless one party has by no less than 5 Business Days' notice to the other party specified another address) and shall be given:-

16.1.1 in the case of the Borrower to its registered office; and

16.1.2 in the case of the Bank to the address detailed above.

16.2 Any notice or other communication given by any party shall be deemed to have been received:

16.2.1 in the case of a notice given by hand, at the time of day of actual delivery; or

16.2.2 if sent by fax, with a confirmed receipt of transmission from the receiving machine, on the day on which it is transmitted; or

16.2.3 if posted, by 10 am on the second Business Day following the day on which it was despatched by first class mail postage prepaid,

provided that a notice given in accordance with the above but received on a day which is not a Business Day or after normal business hours in the place of receipt shall be deemed to have been received on the next Business Day.

17 Governing Law

This Facility Letter shall be governed by and construed in accordance with the laws of England and Wales.

If you are in agreement with the aforesaid provisions, please sign and return the enclosed copy of this Facility Letter, as your acceptance of the terms and conditions set out herein.

Yours faithfully
For and on behalf of
SVENSKA HANDELSBANKEN AB (publ)

Authorised Signatory   Authorised Signatory

The Borrower hereby confirms and accepts the above mentioned terms and conditions contained in this Facility Letter and the following Schedules.

Signed for and on behalf of the Borrower

Authorised Signatory   Authorised Signatory

....
Date

Schedule 1 – Conditions Precedent

1 A copy of this Facility Letter signed by duly authorised officials accepting on behalf of the Borrower or the terms and conditions set out herein;

2 A Bank Mandate duly completed by or on behalf of the Borrower, together with such other documents as the Bank shall require to complete its account opening formalities and to ensure compliance with money laundering obligations;

3 Such form of mandate or authority as the officers of the Borrower may be empowered to issue to bankers concerning the negotiation of any money market utilisation under this Facility Letter on behalf of the Borrower and to sign and/or endorse any documents required under or in connection with this Facility Letter on behalf of the Borrower;

4 A copy of the Borrower's Certificate of Incorporation;

5 A copy certified as true and accurate by a Director or the Secretary of the Borrower of a resolution authorising the appropriate officials to act on behalf of and to bind the Borrower in the acceptance of the terms and conditions of this Facility Letter and the execution of this Facility Letter any other necessary supporting documents ancillary thereto; and

6 The Bank's Fees then due.

Schedule 2 – Definitions and Interpretation

"**Administration Fee**" means an administration fee of such amount or administration fees of such amounts as shall be determined by the Bank in its absolute discretion from time to time to fully compensate the Bank for the additional costs incurred or likely to be incurred by it in the operation and monitoring of the Facility. Such fee or fees will be payable on the Bank's first demand.

"**Bank's Fees**" means the Bank's fees set out in Clause 1.1.

"**Break Costs**" means the amount (if any) by which:

(a) the interest which the Bank should have received for the period from the date of receipt of all or any part of a Drawing or any unpaid sum to the last day of the current fixed rate period in respect of that Drawing or unpaid sum, had the principal amount or unpaid sum received been paid on the Maturity Date;

exceeds:

(b) the amount which that Bank would be able to obtain by placing an amount equal to the principal amount or unpaid sum received by it on deposit with a leading bank in the relevant interbank market for a period starting on the Business Day following receipt or recovery and ending on the relevant Maturity Date

and the provisions of this definition shall apply to each successive interest period for any unpaid amount or unpaid Drawing.

"**Breakage Fee**" means the Bank's breakage administration fee detailed in Clause 1.1.

"**Business Day**" means a day (other than a Saturday or Sunday) when the branch of the Bank at which the Borrower's account is located is open for business.

"**Default Rate**" means the aggregate of (i) the Bank's default interest margin in force from time to time, currently 2% per annum and (ii) the cost to the Bank of funding that sum during that period by whatever means it considers appropriate.

"**Financial Statements**" means audited annual profit and loss account, balance sheet and cash flow statement for each financial year (consolidated for each financial year during which any relevant corporate body has a subsidiary) together with related directors' or members' reports (as appropriate) and auditors' reports and the notes attached thereto.

"**Limit**" means the amount of the Facility set out in Clause 1.1.

"**Maturity Date**" means the agreed date for repayment of each Drawing.

"**Quarter Day**" means the Business Day falling on, or, if such day is not a Business Day the Business Day immediately before, each of 31st March, 30th June, 30th September or 31st December each year or any other quarter day that the Bank may advise the Borrower in replacement therefor from time to time as a consequence of a change in the Bank's internal accounting policies.

"**Sterling**" and the sign "**£**" mean the lawful currency of the United Kingdom.

Interpretation

Any reference in this Facility Letter to:

(a) statutes, statutory provisions and other legislation shall include all amendments, substitutions, modifications and re-enactments for the time being in force and shall include any orders, regulations, instruments or other subordinate legislation made under the relevant legislation.

(b) "**including**" shall not be construed as limiting the generality of the words preceding it;

(c) any clause, paragraph or schedule shall be construed as a reference to the clauses in this Facility Letter, the schedules to this Facility Letter and the paragraphs in such schedules;

(d) the singular shall include the plural and vice versa and words denoting any gender shall include all genders and if any party to this Facility Letter constitutes more than one person all covenants, conditions and obligations shall be deemed to be given by all such parties on a joint and several basis unless this Facility Letter specifically provides otherwise;

(e) this Facility Letter and to any provisions of it or to any other document referred to in this Facility Letter shall be construed as references to it in force for the time being and as amended, varied, supplemented, restated, substituted or novated from time to time;

(f) a person is to be construed to include references to a corporation, firm, company, partnership, joint venture, unincorporated body of persons, individual or any state or any agency of a state, whether or not a separate legal entity;

(g) any person is to be construed to include that person's assignees or transferees or successors in title, whether direct or indirect;

(h) any word or phrase includes all derivations thereof;

(i) a matter being in the opinion of the Bank or at the Bank's discretion shall be in the sole opinion of the Bank taking into consideration the Bank's interests hereunder and in the case of the Bank's discretion it shall be at the Bank's sole unfettered discretion without taking into consideration other party's interests.

Clause headings are for ease of reference only and are not to affect the interpretation of this Facility Letter.

Resolution re Facility Letter

Extract from the Minutes of a Meeting of the Directors

of Western Power Distribution (South West) plc (the 'Company')

"After due consideration of all the circumstances and on being satisfied that it is for the benefit of the Company and in the interests of the Company for the purpose of carrying on its business the Company agreed to enter into the Facility Letter in the form now produced (the "Letter").

It was resolved that the Letter be executed for and on behalf of the Company either by a Director and its Secretary, or by two Directors.

I hereby certify that the foregoing is a true extract from the Minutes of a Meeting of the Directors at which (all appropriate interests having been declared) a quorum entitled to vote was present duly held on the day of 2016 and that a true copy of the Letter has been retained by the Company.

Secretary____

CERTIFICATION

I, WILLIAM H. SPENCE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, VINCENT SORGI, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 32(e)

CERTIFICATE PURSUANT TO 18 U.S.C. SECTION 1350
AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002
FOR PPL CORPORATION'S FORM 10-Q FOR THE QUARTER ENDED SEPTEMBER 30, 2016

In connection with the quarterly report on Form 10-Q of Kentucky Utilities Company (the "Company") for the quarter ended September 30, 2016, as filed with the Securities and Exchange Commission on the date hereof (the "Covered Report"), we, Victor A. Staffieri, the Principal Executive Officer of the Company, and Kent W. Blake, the Principal Financial Officer of the Company, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, hereby certify that:

- The Covered Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended; and
- The information contained in the Covered Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Date: November 1, 2016

/s/ Victor A. Staffieri
