

What Extra Something were you able to do in 2016 because of ASAP's help?

I was able to afford to actually get a furnace put in my house finally! For the past several years we have had to use space heaters in the "important" rooms, such as our bedrooms and the kitchen in the winter, because our old furnace was beyond repair. But - this summer I was able to get 0% financing for the next 3 years and have a new furnace put in!!! No more space heaters and cold spots this winter! Thank you so much to ASAP for their help - without it, I couldn't make those payments on the furnace and we'd be freezing again this coming winter! (In parts of the house anyway!) And - those space heaters made our electric bill so high! So - I think the new gas furnace will be much more efficient, and our bill will be much less, as well. So, thanks again ASAP!

Because of your kindness I was able to buy more groceries and personal items that I would not have had the funds to do so. I feel blessed when I receive my letter from you stating my benefits for the year. In this day and time making ends meet is so difficult for senior citizens such as myself (Age 74) that we must rely on help from ppl like you. Bless you all.

Thank you

I have been on this program now for several years... I am so thankful for this program. If not for this program my heart would be cut off several times a yr. and because I am on disability... I have a set income to live off of... this program keeps my heart on and the money I save is used toward now buying my meds. Without this program to help me I would not be able to buy the meds I need. Over the extra things my Food Stamp card doesn't cover like toilet paper, non food things I need.

Thank you so much for the help I got thru out the year. It has been a God send to me. Don't know how I'd make it with out this program. Thanks again

with ASAP's help; I have been able to spread out the savings - throughout the month - towards help with GAS for my car transportation. Spreading out with help towards my prescriptions. Spreading out help with toiletries; toilet paper, soap; And even towards groceries; bread, eggs, juice; and other small items of necessity. The savings from ASAP's help goes a long way. On behalf of my family, I appreciate the kind gesture that ASAP has extended to us this past year. Through your program, my family was able to bear the burden of school fees or tuition and feeding as students this one year. The help was so great that the light bills that have been our source of worry relieved considerable attention from your program, in that we were less of such burden this past one year.

We are indeed thankful to you all.
