Based upon its review and current understanding of the Public Service Commission of Kentucky’s November 2, 2017 Order (“Commission Order”) in this proceeding, Kentucky Power is initiating the following actions beginning November 3, 2017 in compliance with the Commission Order:

1. In an effort not to exceed \$6 million in 2017 demand-side management spending, incentives, and lost revenues, Kentucky Power is suspending all new activity in connection with the Company’s Demand-Side Management programs. The Company is notifying its contractors of the suspension, and directing its contractors not to enroll new customers. The Company also is directing its contractors not to undertake any new commitments on behalf of the Company through the programs.
2. Kentucky Power is working with its contractors to manage those activities that are in progress so as to curtail all uncommitted spending and to limit DSM expenses, rebates and incentives.
3. Kentucky Power is posting a legend on its website to inform customers that it is suspending new demand-side management activity.
4. Kentucky Power is continuing to evaluate its to-date level of 2017 demand-side management spending, incentives, and lost revenues.

5. Kentucky Power requests that the Commission inform the Company at the Commission's earliest convenience if Kentucky Power has misconceived the Commission's Order.
