Subject: Re: Kentucky Power Rate Application Update

Mr. Sprague, The City of Louisa is interested in helping with the issue. We are already being hit very hard by the Ky Power increases and riders , this would be defiantly be huge blow for our Water and Sewer (which is paying 29,000 per month and the city which is paying 15,000 per month. I plan on having a resolution to support this by the Utility Board and the City Council . However the council meeting isn't until July 11. Please let us know how we can help.
