Notice Of Anticipated Filing Date For Its FRR/RPM Election Analysis

The Commission’s January 18, 2019 order in Case No. 2017-00179 directed Kentucky Power Company to file its annual FRR/RPM election analysis in connection with PJM Interconnection, L.L.C.’s annual Base Residual Auction “after the information becomes public.”<sup>1</sup> Typically the information becomes public and is filed by Kentucky Power in April of each year.

By order dated August 30, 2018 the Federal Energy Regulatory Commission granted PJM Interconnection LLC’s motion to extend PJM’s 2019 Base Residual Auction for the 2022/2023 delivery year until August 14-28, 2019.<sup>2</sup> The extension was required by proposed changes to the existing Capacity rules currently being considered by FERC.
