89B. If, at any time after termination of the Rockport Unit 2 lease, AEP no longer serves as the operator of Rockport Unit 2, so long as the obligation to install and Continuously Operate DSI applicable to Rockport Unit 2, and the Plant-Wide annual Tonnage Limitations for SO₂ at Rockport have been incorporated into a Title V permit for Rockport Unit 2, the Consent Decree requirements for Rockport Unit 2 shall thereafter be enforceable only through the Title V permit.
