### INDEPENDENT AUDITOR'S REPORT

To the Commissioners of the  
West Carroll Water District  
Carrollton, Kentucky 41008

#### Report on the Financial Statements

We have audited the accompanying financial statements of West Carroll Water District as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the West Carroll Water District's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the West Carroll Water District, as of December 31, 2016 and 2015, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

*Other Matters*

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2017, on our consideration of the West Carroll Water District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering West Carroll Water District's internal control over financial reporting and compliance.

**WEST CARROLL WATER DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
December 31, 2016**

Our discussion and analysis of the West Carroll Water District's financial performance provides an overview of the District's financial activities for the year ended December 31, 2016. Please read it in conjunction with the District's financial statements, which begin on page 6.

**REQUIRED FINANCIAL STATEMENTS**

The financial statements of the District report information about the District's use of accounting methods which are similar to those used by private sector companies. These statements offer short and long-term financial information about its activities.

The statement of net position includes all of the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and obligations to District creditors (liabilities). It also provides the basis for evaluating the capital of the District and assessing its liquidity and financial flexibility.

All of the current year's revenues and expenses are accounted for in the statement of revenues, expenses, and changes in fund net position. This statement measures the success of the District's operations over the past year and can be used to determine whether the District has successfully recovered all its costs through its water rates and other fees.

The final required financial statement is its statement of cash flows. The primary purpose of this statement is to provide information about the District's cash receipts and cash payments during the reported period. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities, and the change in cash during the reporting period.

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the District's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

**FINANCIAL HIGHLIGHTS**

The following are key financial highlights:

- Total assets at year-end were \$3,287,037 and exceeded liabilities of \$1,270,775 by \$2,016,262 (i.e. net position). Of the total net position, \$205,318 was unrestricted and available to support short-term operations. Total net position increased from year end 2015 to 2016 in the amount of \$19,517.
- Operating revenues decreased by \$14,291 from 2015.
- Total operating expenses decreased by \$36,173, due primarily to decreased costs in maintenance to the distribution system and purchased water costs.
- The District was not in compliance with all debt covenants in that they did not make timely payments to Carrollton Utilities for the semi-annuals amounts due for the Interconnect and Focus KIA loans.

**Balance Sheet, Statement of Net Position**

Utility Plant increased by \$12,123 in 2016. (See diagram below.) Current assets increased \$53,367 representing an increase in cash and accounts receivable. Other non-current assets decreased \$84,628 representing a decrease in restricted cash.

**Condensed Assets**

secure the soil surrounding the lines. The District expects to receive approximately \$9,783 from FEMA for final reimbursement for this damage in 2017. The District's local contribution for damages is \$14,618.64. Burkhardt-Crawford Contracting completed the project work during the year ending December 31, 2016.

The District is considering a rate increase to take effect in late 2017.

**SCHEDULE OF NONCASH INVESTING, CAPITAL, AND FINANCING ACTIVITIES**

As of December 31, 2016, the District had grant (FEMA) receivables of \$9,783. There were no outstanding capital expenditures at December 31, 2015.

**Additional Non-Cash Transactions:**

In 2015, increases of \$75,045 were added to the District's capital assets through the Focus on Core Mission and Infrastructure Project and Carroll County Interconnect Project. The debt associated with financing these improvements is included in the financial statements as Notes Payable - Carrollton Utilities. The gross amount of the debt (note payable) was reduced by the amounts provided for debt forgiveness due to federal and state funding (\$26,445). West Carroll has included the debt reduction as a capital contribution in its statement of revenues, expenses and changes in fund net position for the year ended December 31, 2015.

WEST CARROLL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
December 31, 2016 and 2015

**NOTE 1 – DESCRIPTION OF ENTITY AND SIGNIFICANT ACCOUNTING POLICIES**

The West Carroll Water District is a rural water company serving approximately 1000 customers in Carroll, Trimble and Henry Counties, Kentucky, and is regulated by the Public Service Commission of the Commonwealth of Kentucky. The water company was formed under the laws of the above-mentioned counties through their Fiscal Courts and began operations in July, 1960.

In evaluating how to define West Carroll Water District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic -- but not the only -- criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, the District has no component units.

A summary of the District's significant accounting policies follows:

**Basis of presentation and accounting:** As stated in Kentucky Revised Statutes (KRS) 278.015, "any water district shall be a public utility and shall be subject to the jurisdiction of the Public Service Commission." In KRS 278.220, it is outlined that the Public Service Commission may establish a system of accounts to be kept by the utilities subject to its jurisdiction, and may prescribe the manner in which such accounts shall be kept. The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

All activities of the District are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The transactions of the District are accounted for on a flow of economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. With this measurement focus, all assets and all liabilities associated with the operations are included on the statement of net position. Net position (i.e., total assets plus deferred outflows, net of total liabilities and deferred inflows) is segregated into net investment in capital assets, restricted; and unrestricted components.

**Revenues and expenses:** Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the District. Operating revenues consist primarily of charges for services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from nonexchange transactions or ancillary activities.

The District adheres to the use restrictions established by Bond Agreements when expenses are incurred for which both restricted and unrestricted net position is available. The District has no policy defining which resources (restricted or unrestricted) to use first.

**Bond Issuance Costs:** Bond Issuance Costs are expensed as incurred.

**Organization Costs:** Organization costs are amortized over forty (40) years.

**NOTE 1 – DESCRIPTION OF ENTITY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Property and equipment:** Property and equipment purchased or constructed is stated at cost. Interest related to costs, and major improvements, renewals and replacements is capitalized as a cost of the project. Costs associated with hook-up fees are capitalized as meters, installations, and services. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets. The range of estimated useful lives by type of asset is as follows:

- Distribution System	10-50 years
- Machinery & Equipment	5-20 years

**Inventory:** Inventories are stated at latest cost.

**Income Taxes:** The West Carroll Water District is not subject to income taxes.

**Deferred Outflows and Deferred Inflows:** Deferred Outflows and Deferred Inflows are not assets or liabilities; revenues or expenses. Rather, they represent resources of the use of resources related to future periods.

**Contributed capital:** Under the Governmental Accounting Standards Board's (GASB) Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, the District recognizes capital contributions as revenues in the statement of revenues, expenses and changes in fund net position. Capital contributions of \$97,832 from FEMA Public Assistance Awards were recognized in the year ended December 31, 2016. Grant revenues in the form of debt forgiveness in the amount of \$26,445 were recognized at the conclusion of construction of the Focus on Core Mission and Infrastructure Project and Carroll County Interconnect Project in the year ended December 31, 2015. Tap-on fees of \$3,480 and \$2,320 were received by the District for the years ended December 31, 2016 and 2015.

Additionally, a contribution of \$24,718 was made by the City of Prestonville in the year ended December 31, 2015 for new hydrants.

**Net position:** Net position comprises the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Net position is classified in the following three components: net investment in capital assets; restricted; and unrestricted net position. Net investment in capital assets consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets; debt related to unspent proceeds or other restricted cash and investments is excluded from the determination. Restricted net position consists of net position for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted net position consists of all other net position not included in the above categories.

**Estimates:** The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Statement of Cash Flows:** For the purpose of the Statement of Cash Flows, West Carroll Water District considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

**NOTE 2 – DEBT RESTRICTIONS AND COVENANTS**

The Bond and Interest Sinking Account was established with the original RECD bond issue, and is to be continued to be maintained as long as any of the 1975, 1981, 1994 or 2005 issues are outstanding. Under the bond resolution which established this account, it was provided that a minimum balance be maintained in this account as security to the bondholders. In order to attain the minimum balance, a monthly transfer must be made as follows:

	one sixth (1/6) of the next semiannual interest payment
+	<u>one twelfth (1/12) of next annual principal payment</u>
=	monthly transfer

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
December 31, 2016 and 2015**

**NOTE 2 – DEBT RESTRICTIONS AND COVENANTS (Continued)**

Transfers sufficient to meet the total obligation outstanding on all issues were made timely during the years ended December 31, 2016 and 2015.

Under the bond resolution of the original 1975 bonds, a Depreciation Account was to be established to provide funds for extraordinary repairs and extensions to the system, and to make up any deficiency in the Bond and Interest Sinking Fund Account. Under the provisions of the 2005 Bond Resolution, it was determined that the monthly transfer required to be made to the Depreciation Account would be a minimum of \$435 each month until a balance of \$73,200 (increased from \$52,200) is accumulated. When the required balance of \$73,200 is attained, the monthly transfers may be discontinued, but are subject to resumption if the depreciation account is depleted below the required balance. The Depreciation Account is to be maintained as long as any of the bonds are outstanding.

Although the depreciation account was fully funded in 2015, funds continued to be transferred monthly. In 2016, \$100,000 was withdrawn from the depreciation account to finance line replacements. \$10,097 was transferred in excess of the approved withdrawal. This amount will be returned to the depreciation account when final reimbursements from FEMA are received. Monthly transfers will be continued in accordance with the above requirements.

**NOTE 3 – CASH AND INVESTMENTS**

KRS 66.480 authorizes the District to invest in obligations of the United States and its agencies and instrumentalities including repurchase agreements, through sources including national and state banks chartered in Kentucky, obligations and contracts for future delivery backed by the full faith of the United States or its Agency, certificates of deposit and interest bearing accounts in institutions insured by the Federal Depository Insurance Corporation and other investments described therein provided that approved securities are pledged to secure those funds on deposit in an amount equal to the amount of those funds. The District may also invest in mutual funds meeting the requirements of the statute.

Custodial Credit Risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of December 31, 2016 and 2015, in accordance with the District's policy, \$193,568 and \$284,745 respectively, of the District's deposits were covered by federal depository insurance. Thus the District had no deposits that were exposed to custodial credit risk.

At December 31, 2016 and 2015, the District's deposits were as follows:

**December 31, 2016**

<u>Type of Deposits</u>	<u>Total Bank Balance</u>	<u>Total Carrying Value</u>

Amortization expense on organizational fees and depreciation expense aggregated \$105,107 and \$101,851 in 2016 and 2015, respectively.

**NOTE 7 – CUSTOMER DEPOSITS/ESCROW**

Customer deposits are collected upon installation of water service. This amount is to be refunded to the customer upon discontinuation of service (after the customer's bill has been paid in full). Records were maintained which detailed the accrued interest on each customer's deposit based on a one-quarter (.25) of a percent annual rate for the years ended December 31, 2016 and 2015. Accrued interest is paid when the deposit is refunded or credited to the customer's account annually. At December 31, 2016, \$35 of interest was accrued on customer deposits. None was accrued at December 31, 2015.

**NOTE 8 – LONG-TERM DEBT**

Notes Payable:

The West Carroll Water District has entered into interlocal agreements under which it is the subrecipient of loan proceeds from the Kentucky Infrastructure Authority funding the Countywide Underserved Project, the Focus on Core Mission and Infrastructure Project and the Carroll County Interconnect Project. The City of Carrollton f/b/o Carrollton Utilities is the recipient of the loan proceeds. It is also the entity that provided oversight for the engineering and construction contracts, and other general costs associated with the projects. West Carroll Water District, under interlocal agreements with the City of Carrollton/Carrollton Utilities, agreed to pay Carrollton Utilities for the portion of the debt associated with improvements made to its distribution system. At December 31, 2015, West Carroll Water District's portion of the construction projects was complete.

	December 31, 2016	December 31, 2015
Carrollton Utilities (Countywide Underserved Project) represents a 30 year loan as stipulated in an interlocal agreement. Interest is charged at 1.00% per annum. In addition, a loan servicing fee of .25% of the annual outstanding loan balance will be payable as part of each interest payment. The original principal balance was \$573,220 after the note was reduced by 35% principal forgiveness of \$308,657. Semi-annual payments with final maturity December 1, 2044.	\$ 540,105	\$ 556,743
Carrollton Utilities (Carroll County Interconnect Project) represents a 30 year loan as stipulated in an interlocal agreement. Interest is charged at .75% per annum. In addition, a loan servicing fee of .25% of the annual outstanding loan balance will be payable as a part of each interest payment. The original principal balance was \$33,233 after the note was reduced by 25% principal forgiveness of \$11,077. Semi-annual payments with final maturity December 1, 2045.	33,233	33,233
Carrollton Utilities (Focus on Core Mission and Infrastructure Project) represents a 30 year loan as stipulated in an interlocal agreement. Interest is charged at .75% per annum. In addition, a loan servicing fee of .20% of the annual outstanding loan balance will be payable as part of each interest payment. The original principal balance was \$15,367 after the note was reduced by 50% principal forgiveness of \$15,367. Semi-annual payments with final maturity December 1, 2045.	15,367	15,367

**NOTE 14 – OPERATION AND MAINTENANCE CONTRACT**

Effective April 1, 1998, the District entered into an agreement with Carrollton Utilities under which Carrollton Utilities agreed to provide the operation and maintenance of the District's facilities, customer billing services, accounting functions, and related services. Effective July 1, 2016 and 2015, the annual fee for these services was \$263,178 and \$255,513, respectively. Effective January 1, 2017, the annual fee was reduced by \$15,000 to \$248,178.

**NOTE 15 – CONTINGENCIES**

During the year ended December 31, 2015, the District experienced significant damage to its distribution lines due to inclement weather. The District applied for funding from the Federal Emergency Management Agency to enable the District to repair washed out lines and secure the soil surrounding the lines. FEMA approved funding required for 75% of the project. A bid was accepted on November 30, 2015 from Burkhardt-Crawford Contracting for \$113,505 to complete the project. Work was completed in 2016. At December 31, 2016, the District was awaiting FEMA's final review of the project for release of retained funds. A receivable of \$9,783 has been recorded in the financial statements for these funds.

**NOTE 16 – SUBSEQUENT EVENTS**

In February, 2017, the District repaid the note payable to Carrollton Utilities associated with the Focus on Core Mission and Infrastructure Project of \$15,367.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Commissioners of the  
West Carroll Water District  
Carrollton, KY 41008

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of West Carroll Water District as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise West Carroll Water District's basic financial statements and have issued our report thereon dated March 29, 2017.

### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered West Carroll Water District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of West Carroll Water District's internal control. Accordingly, we do not express an opinion on the effectiveness of West Carroll Water District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies (Items 2016-001 and 2016-002).

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether West Carroll Water District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

WEST CARROLL WATER DISTRICT'S RESPONSE TO FINDINGS

West Carroll Water District's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. West Carroll Water District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**B. FINDINGS – FINANCIAL STATEMENTS AUDIT**

**GOVERNMENT AUDITING STANDARDS**

**DEFICIENCIES IN INTERNAL CONTROL**

**2016-001 CHECKING PROCEDURES**

**CONDITION:**

Reconciliation procedures have not been performed on all accounts. This limits internal control.

**CRITERIA:**

Internal controls should be in place to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and allow timely preparation of financial data consistent with management assertions.

**CAUSE:**

Time constraints and responsibilities associated with individual positions limit the availability of individuals to perform checking procedures.

**EFFECT:**

This limitation may allow transactions to be recorded incorrectly.

**RECOMMENDATION:**

Management should strive to perform checking processes timely to insure the accuracy and consistency of the financial information prepared.

**RESPONSE:**

We concur with the recommendation. Management will enhance the monthly review and checking procedures associated with its financial information.

**2016-002 FAILURE TO PREPARE COMPLETE SET OF FINANCIAL STATEMENTS INCLUDING REQUIRED NOTE DISCLOSURES**

**CONDITION:**

District financial statements, including the required disclosures, are prepared as part of the annual audit. This condition was cited as a significant deficiency in the schedule of findings and responses for the year ended December 31, 2015 as Item 2015-001.

WEST CARROLL WATER DISTRICT  
SCHEDULE OF FINDINGS AND RESPONSES (Continued)  
For the Year Ended December 31, 2016

B. FINDINGS – FINANCIAL STATEMENTS AUDIT (CONTINUED)

GOVERNMENT AUDITING STANDARDS (CONTINUED)

DEFICIENCIES IN INTERNAL CONTROL (CONTINUED)

2016-002 FAILURE TO PREPARE COMPLETE SET OF FINANCIAL STATEMENTS INCLUDING REQUIRED NOTE DISCLOSURES (CONTINUED)

CRITERIA:

Internal controls should be in place to provide management with reasonable, but not absolute, assurance that financial statements and required notes are prepared in accordance with generally accepted accounting principles.

CAUSE:

The draft financial statements and disclosures are prepared during the audit process.

EFFECT:

Management engaged the auditor to prepare the draft of the financial statements, including the related notes to the financial statements. Management reviewed, approved, and accepted responsibility for the financial statements prior to their issuance.

RECOMMENDATION:

District management should continue to enhance its knowledge of reporting requirements in providing oversight of this service.

RESPONSE:

The outsourcing of this service is a result of management's cost benefit decision to avoid incurring internal resource costs. We concur with the recommendation and will continue to improve our overall accounting knowledge in performing our oversight responsibilities. We are aware of our responsibilities for the financial statements. We have reviewed and accepted the financial statements as presented.
