Dear Dr. Mathews:

Enclosed for electronic filing are Duke Energy Kentucky's ("Duke") "Monthly Report of Gas Cost Calculations and Tariff Schedules," for the month commencing with the August 2017 revenue month in accordance with KPSC order dated November 6, 2003 in Case No. 2003-00386. This filing is based on supplier tariff rates expected to be in effect on August 1, 2017 and the NYMEX close on July 7, 2017 for the month of August 2017. An original will be sent within the required two (2) business days.

The above described schedules and GCA are effective with the final meter readings of District 1, August 2017 revenue month (i.e., final meter readings on and after August 1, 2017).

Duke's proposed GCA is \$4.157 per Mcf. This rate represents a decrease of \$0.210 per Mcf from the rate currently in effect for July 2017.

Very truly yours,

A handwritten signature in black ink that reads 'Douglas J. Heitkamp'.
