

REQUEST

KPSC_1_002

Refer to the Application, Paragraph 32.

- a. Confirm that each of the 80 landowners has returned permission forms for Kentucky Power to survey their property, and that none of the 80 landowners expressed an objection to the proposed project.
- b. Explain whether any of the 80 landowners affected by the proposed project have expressed an objection to the proposed project by any means other than the permission form.
- c. Confirm that Kentucky Power will file with the Commission written status updates regarding the property acquisition, and state the frequency with which Kentucky Power proposes to file written status updates.

RESPONSE

- a. Kentucky Power cannot confirm that each of the 80 landowners referenced in paragraph 32 of the application has returned a survey permission form. Please see the Company's response to KPSC 1-2(b) for further information. None of the 80 landowners referenced in paragraph 32 have refused to grant permission to survey.

b. In conformity with 807 KAR 5:120, Section 2(3) Kentucky Power relied upon the records of the Leslie County Property Valuation Administrator and the Perry County Property Valuation Administrator to identify the property owners to be notified as well as the boundaries to be illustrated on the maps filed. Subsequent field survey work revealed that the property valuation administrators' records were incomplete or inaccurate and that three previously unidentified parcels lay within the right-of-way of the proposed line. Kentucky Power currently is identifying and notifying the additional landowners. None of the 83 landowners have objected to the proposed project in writing or otherwise.

Fifty-one of the 83 currently identified landowners are located within the Proposed Rebuild right-of-way. As of January 24, 2018, 36 of the 51 total landowners within the Proposed Rebuild right-of-way have signed permission to survey forms. Five additional landowners have given verbal permission to survey.

Boundary survey work is ongoing and additional landowners not reflected in the records of the property valuation administrators may be identified as the process proceeds. Kentucky Power anticipates the property boundary surveys will be completed by the end of March 2018.

- c. Confirmed. Kentucky Power will file written updates regarding its property

acquisition efforts on a monthly basis beginning with this response. Please refer to Attachment KPCO_R_KPSC_1_02_1.xlsx for the first update. Kentucky Power currently estimates that all required easements will be acquired by approximately September 2018.

March 1, 2018 SUPPLEMENTAL RESPONSE

There are no changes to KPCO_R_KPSC_1_02.xlsx as filed on January 29, 2018. Kentucky Power is continuing survey work and to meet with property owners. The Company also continues to identify missing or incorrect property owners from the list compiled from the records of the Perry County and Leslie County property valuation administrators. No additional changes have been confirmed. No right-of-way or easement agreements have been executed.

No opposition to the project or the proposed right-of-way has been received to date.

No opposition to the project or the proposed right-of-way has been received to date.

Kentucky Power will continue to update this response on a monthly basis.

¹ Three additional third-party easements or right-of-way agreements have been acquired for the construction of required access roads. These three easements or right-of-way agreements affect parcels outside those required for the right-of-way. These three additional easements or right-of-way agreements previously were reported in conjunction with those required for the right-of-way. They will be reported separately going forward for purposes of clarity.

January 2, 2019 SUPPLEMENTAL RESPONSE

No additional required easements or rights-of-way were acquired since the December 3, 2018 report.

A single individual, who, along with multiple other individuals, possesses an undivided interest in two parcels, indicated a lack of interest in executing a right-of-way agreement supplementing Kentucky Power's existing rights in the two parcels.

Kentucky Power proposes to discontinue monthly updates for those months in which no additional required easements or rights-of-way are acquired *and* there are no other developments making an update otherwise appropriate. Future filings will be made in the post-case correspondence file.
