A 161 kV Transmission Line in Perry and Leslie)	
Counties, Kentucky, and Associated Facilities)	

Motion for Informal Conference

Kentucky Power Company moves the Public Service Commission of Kentucky pursuant to 807 KAR 5:001, Section 9(4) to convene an informal conference in this case at the Commission's earliest practicable convenience. The Company suggests that the informal conference be scheduled on or before November 16, 2018 to provide Staff and the Attorney General with an adequate opportunity to address the information the Company proposes to provide at the informal conference prior to the November 27, 2018 scheduled rehearing.

The purpose of the informal conference is to present information concerning the testimony likely to be adduced by the Company in connection with certain of the topics or purposes identified by the Commission in its April 25, 2018 order granting rehearing:

- 1) The relationship between Supplemental projects and Baseline projects in general, as well the relationship between the Supplemental project elements and Baseline projects proposed in the application;
- 2) The engineering and other technical details of the supplemental projects proposed by the Company; and
- 3) Further orders and filings in, and related to, the proceedings giving rise to Federal Energy Regulatory Commission's order referenced by the Attorney General in his March 2, 2018 brief.¹ These orders and filings were placed of record on November 5, 2018 as part of

¹ *Monongahela Power Co., et al.*, Docket Nos. EL16-71-000 and ER17-179-003, *Order Accepting in Part Proposed Tariff Revisions and Requiring Tariff Revision Pursuant to Section 206*, 162 FERC ¶ 61, 129 (Federal Energy Regulatory Commission February 15, 2018).

the Company's supplemental response to the Attorney General's Rehearing data request 2(c).

Respectfully submitted,
